Re: South Luzon Tollway Corporation Php 7.3 Billion Fixed Rate Bonds
SEC Form 17 – Q Quarterly Financial Report

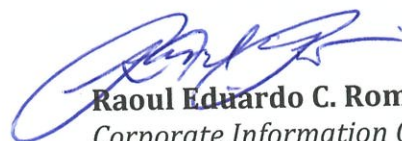

Gentlemen:

We refer to the *Issuer Disclosures Operating Guidelines* which requires the South Luzon Tollway Corporation (the "Company"), as issuer of the above-captioned fixed rate bonds listed with PDEX, to submit, among others, a disclosure on the quarterly financial reports.

In this regard, enclosed is the SEC Form 17-Q, prepared by SLTC and will also be filed with the Securities and Exchange Commission.

Thank you.

Very truly yours,

Raoul Eduardo C. Romulo

SOUTH LUZON TOLLWAY CORPORATION
(A Subsidiary of MTD Manila Expressways, Inc.)

SELECTED NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

South Luzon Tollway Corporation (the Company) was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on July 26, 2000, by virtue of a joint venture agreement between MTD Manila Expressways, Inc. (MTDME) and the Philippine National Construction Corporation (PNCC), primarily to engage in the rehabilitation, construction and expansion of the South Luzon Expressway (SLEX) from Alabang viaduct to Lucena, Quezon ("SLEX Project") and other allied businesses necessary or otherwise engaging in any work upon the toll roads.

The Company is a subsidiary of MTDME (the Parent Company), a domestic corporation engaged in general construction, project management and administration. The ultimate parent of the Company is Top Frontier Investment Holdings, Inc., a holding company incorporated in the Philippines.

The registered office address of the Company is Sitio Latian, Barangay Mapagong, Calamba City, Laguna.

Retail Bond Issue

On March 5, 2015, the Company's Board of Directors (BOD) authorized the Company to issue, offer and sell to the public, bonds in the aggregate principal amount of up to ₱7,300.0 million.

On May 7, 2015, the SEC issued a Permit to Sell for the general public offering of the retail bonds (Bonds) of the Company and the offer was made to institutional and retail investors from May 8, 2015 to May 14, 2015. The Bonds were listed at the Philippine Dealing System Holdings Corp. & Subsidiaries (PDS) on May 22, 2015. The net proceeds were used to prepay its outstanding Corporate Notes (see Note 10).

Supplemental Toll Operation Agreement ("STOA")

On February 1, 2006, the Company executed the STOA with Manila Toll Expressway Systems, Inc. (MATES), PNCC and the Republic of the Philippines (ROP or the Grantor) through the Toll Regulatory Board (TRB). The STOA authorizes the Company by virtue of a joint venture to carry out the rehabilitation, construction and expansion of the SLEX Project, comprising of Toll Road (TR)1 (Alabang viaduct), TR2 (Filinvest to Calamba, Laguna), TR3 (Calamba, Laguna to Sto. Tomas, Batangas) and TR4 (Sto. Tomas, Batangas to Lucena City). The concession granted shall expire 30 years from February 1, 2006.

On December 14, 2010, the TRB issued the Toll Operations Certificate for Phase 1 of the SLEX i.e. TR1, TR2 and TR3, and approved the implementation of the initial toll rate starting April 1, 2011.

Assignment of PNCC Shares

In 2012, the Company received a letter from the Department of Finance informing the Company of the conveyance by PNCC to the ROP of its shares of stock in the Company, by way of a deed of assignment. Moreover, the Company also received the Declarations of Trust signed by the individual nominees of PNCC, in favor of the ROP, in which each nominee affirmed their holding of single, qualifying share in the Company in favor of the ROP.

Memorandum of Agreement on the Inter-Operability of the SLEX and the Muntinlupa - Cavite Expressway

The Company entered into a Memorandum of Agreement (MOA) on the Interoperability of the Muntinlupa-Cavite Expressway (MCX) (formerly known as the Daang Hari-SLEX Connector Road) and the SLEX (MOA on Interoperability) and an accompanying Addendum to the MOA on Interoperability, both on July 21, 2015, with Ayala Corporation (AC). AC is the concession holder of MCX while MCX Tollway, Inc. is the facility operator of MCX.

The MOA on Interoperability and the addendum provide the framework that will govern the interface and integration of the technical operations and toll operation systems between the MCX and the SLEX, to ensure seamless travel access into MCX and SLEX for road users. MCX opened and operated as a toll expressway beginning July 24, 2015.

2. Basis of Preparation and Statement of Compliance

Basis of Preparation

The financial statements of the Company have been prepared on a historical cost basis. The financial statements are presented in Philippine Peso, which is the Company's functional currency. All values are in absolute amounts unless otherwise indicated.

Statement of Compliance

The financial statements have been prepared in compliance with the Philippine Financial Reporting Standards (PFRS). This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial Reporting Standards Council and adopted by the SEC, including SEC pronouncements.

The unaudited interim financial statements as at and for the six months ended June 30, 2018 accounting policies and methods of computation are followed in the interim financial statements as compared with the most recent annual financial statements.

The unaudited interim financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual financial statements as at December 31, 2017.

Summary of Changes in PFRS

Adoption of New and Amended PFRS

The accounting policies adopted are consistent with those of the previous reporting year, except for the adoption of the following new and amended PFRS which the Company adopted effective for annual periods beginning on or after January 1, 2018:

- PFRS 9, Financial Instruments – This standard will replace PAS 39, Financial Instruments: Recognition and Measurement (and all the previous versions of PFRS 9). It contains requirements for the classification and measurement of financial assets and financial liabilities, impairment, hedge accounting, recognition and derecognition.

PFRS 9 requires all recognized financial assets to be subsequently measured at amortized cost or fair value (through profit or loss or through other comprehensive income), depending on the classification by reference to the business model within which these are held and its contractual cash flow characteristics.

For financial liabilities, the most significant effect of PFRS 9 relates to cases where the fair value option is taken: the amount of change in fair value of a financial liability designated as at fair value through profit or loss that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income (rather than in profit or loss), unless this creates an accounting mismatch.

For the impairment of financial assets, PFRS 9 introduces an “expected credit loss” model based on the concept of providing for expected losses at inception of a contract; recognition of a credit loss should no longer wait for there to be objective evidence of impairment.

For hedge accounting, PFRS 9 introduces a substantial overhaul allowing financial statements to better reflect how risk management activities are undertaken when hedging financial and non-financial risk exposures.

The derecognition provisions are carried over almost unchanged from PAS 39.

- PFRS 15, Revenue from Contract with Customers – The new standard replaces PAS 11, Construction Contracts, PAS 18, Revenue and related interpretations. It establishes a single comprehensive framework for revenue recognition to apply consistently across transactions, industries and capital markets, with a core principle (based on a five-step model to be applied to all contracts with customers), enhanced disclosures, and new or improved guidance (e.g. the point at which revenue is recognized, accounting for variable considerations, costs of fulfilling and obtaining a contract, etc.).
- Amendment to PFRS 15, Revenue from Contract with Customers - Clarification to PFRS 15 – The amendments provide clarifications on the following topics: (a) identifying performance obligations; (b) principal versus agent considerations; and (c) licensing. The amendments also provide some transition relief for modified contracts and completed contracts.

The adoption of the foregoing new and amended PFRS did not have any material effect on the financial statements.

New and Amended PFRS in Issue But Not Yet Effective

Relevant new and amended PFRS which is not yet effective for the six months period ended June 30, 2018 have not been applied in preparing the financial statements are summarized below.

Effective for annual periods beginning on or after January 1, 2019:

- PFRS 16, Leases – This standard replaces PAS 17, Leases and its related interpretations. The most significant change introduced by the new standard is that almost all leases will be brought onto lessees' statement of financial position under a single model (except leases of less than 12 months and leases of low-value assets), eliminating the distinction between operating and finance leases. Lessor accounting, however, remains largely unchanged and the distinction between operating and finance lease is retained.
- Philippine interpretation IFRIC 23, Uncertainty Over Income Tax Treatments – The interpretation provides guidance on how to reflect the effects of uncertainty in accounting for income taxes under PAS 12, Income Taxes, in particular (i) whether uncertain tax treatments should be considered separately, (ii) assumptions for taxation authorities' examinations, (iii) determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, and (iv) effect of changes in facts and circumstances.

Under prevailing circumstances, the adoption of the foregoing new and amended PFRS is not expected to have any material effect on the financial statements of the Company.

3. Cash and Cash Equivalents

Retail Bond Issue

On March 5, 2015, the Company's BOD authorized the Company to issue, offer and sell to the public, bonds in the aggregate principal amount of up to ₱7,300.0 million to be issued in three (3) tranches.

On May 7, 2015, the SEC issued a Permit to Sell for the general public offering of the Company's Bonds and the offer was made to institutional and retail investors from May 8, 2015 to May 14, 2015. The fund raising exercise generated gross proceeds amounting to an aggregate principal of ₱7,300.0 million with net proceeds of ₱7,212.2 million, after deducting fees, taxes, commissions and related expenses. The net proceeds were used to prepay its outstanding Peso-denominated Corporate Notes.

The Bonds were issued in three (3) series as follows:

	Principal	Interest Rate	Term
Series A Bonds	₱ 2,400,000,000	4.9925% p.a.	Five years and three months
Series B Bonds	2,400,000,000	5.5796% p.a.	Seven years
Series C Bonds	2,500,000,000	6.4872% p.a.	Ten years

Interest on the Bonds shall be payable quarterly in arrears starting on August 22, 2015 for the first interest payment date, and every quarter thereafter as long as the Bonds remain outstanding

The Company may (but shall not be obliged to) redeem all (and not a part only) of any series of the outstanding Bonds on the following relevant dates (each an "Early Redemption Option Date"). The amount payable to the Bondholders in respect of such redemptions shall be calculated based on the principal amount of the Bonds being redeemed, as the sum of:

- accrued interest on the Bonds computed from the last Interest Payment Date up to the relevant Early Redemption Option Date; and
- the product of the principal amount and the applicable Early Redemption Price in accordance with the following schedule:

Years from Issue Date	Series A Bonds	Series B Bonds	Series C Bonds
Three (3) Years	101.0%	—	—
Four (4) Years	100.5%	—	—
Five (5) Years and Three (3) Months	—	101.0%	—
Six (6) Years	—	100.5%	—
Seven (7) Years	—	—	102.0%
Eight (8) Years	—	—	101.0%
Nine (9) Years	—	—	100.5%

Unless previously redeemed, purchased and cancelled, the Series A Bonds, Series B Bonds and Series C Bonds will be redeemed at par or 100.00% of their face value on their respective maturity dates.

Unless the Majority Bondholders shall otherwise consent in writing, the Company agrees to comply with the following financial covenants:

- a. Debt-to-equity ratio (ratio of interest-bearing debt to equity, as defined in the Company's bond offering prospectus dated May 15, 2015) of not more than 2.5x; and
- b. Interest coverage ratio of not less than 3.0x so long as any of the Bonds remain outstanding.

The Company is in compliance with its financial covenants as at and for the period ended June 30, 2018.

Scheduled principal repayment of the Company's long-term debt is as follows:

	June 30, 2018	December 31, 2017
After one year but not more than five years	₱4,800,000,000	₱2,400,000,000
More than five years	2,500,000,000	4,900,000,000
	₱7,300,000,000	₱7,300,000,000

Total interest expense and other financing charges were recognized from the following:

	Note	June 30, 2018	June 30, 2017
Interest expense:			
Long Term Debt - Retail Bonds		₱207,955,199	₱207,955,199

Other financing charges		844,581	967,809
		₱221,275,012	₱222,537,261

Other financing charges consist of maintenance fees and security agency fees.

Interest payable related to the bonds amounted to ₱54.9 million and ₱38.5 million as at June 30, 2018 and December 31, 2017 (see Note 9).

10. Provision for Resurfacing and Maintenance Obligation

This account pertains to the present value of the estimated contractual obligations of the Company to undertake the financing of the periodic maintenance which include periodic repavement, renewal and restoration of the SLEX toll roads and toll road facilities, as defined in the STOA.

Movements in this account are as follows:

	Note	June 30, 2018	December 31, 2017
Balance at beginning of year		₱395,869,740	₱504,910,191
Provision	13	62,725,554	46,340,234
Accretion of interest	10	7,858,032	18,491,395
Utilization of provision		(23,188,353)	(173,872,080)
		443,264,973	395,869,740
Less current portion		143,238,582	148,533,599
		₱300,026,391	₱247,336,141

Key assumptions used to determine the provision for resurfacing and maintenance obligation are as follows:

	June 30, 2018	December 31, 2017
Replacement period	5 years	5 years
Discount rate range	3.41% to 5.09%	3.41% to 5.09%
Price increase	3.5%	3.5%

Discount rates represent the interest rates of government bonds that are denominated in Philippine currency in which the obligation will be paid, with extrapolated maturities corresponding to the expected payment of resurfacing obligation.

Price increase is based on the published general inflation rate for the Philippines.

11. Related Party Transactions

The Company's transactions and balances with related parties are summarized as follows:

14. Financial Risk Management Objectives and Policies

The Company's principal financial instruments are cash and cash equivalents, receivables, accounts payable and other current liabilities and long-term debt.

The main purpose of the Company's financial instruments is to fund the Company's operations and to acquire and improve property and equipment.

The BOD has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and manage the Company's exposure to financial risks, to set appropriate transaction limits and controls, and to monitor and assess risks and compliance to internal control policies. Risk management policies

and structure are reviewed regularly to reflect changes in market conditions and the Company's activities.

The main risks arising from the Company's financial instruments are liquidity risk and credit risk. The Company's BOD and management review and approve policies for managing each of these risks as summarized below.

Credit Risk

Credit risk refers to the potential loss arising from any failure by counter parties to fulfill their obligations, as and when they fall due. It is inherent to the business as potential losses may arise due to the failure of its customers and counter parties to fulfill their obligations on maturity dates or due to adverse market conditions.

Generally, the Company's credit risk is attributable to loans and receivables. The Company maintains defined credit policies and continuously monitors defaults of customers and other counter parties, identified either individually or by group, and incorporate this information into its credit risk controls. In addition, for a significant proportion of sales, advance payment, one-time charge and deposit are received to mitigate credit risk.

Liquidity Risk

The Company manages its liquidity needs by carefully monitoring scheduled debt servicing for long-term financial liabilities as well as cash outflows due in the day-to-day business. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week, as well as on the basis of a rolling 30-day projection. The Company regularly evaluates its projected and actual cash flows.

Capital Management

The objective in managing capital is to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the debt and equity balance and to sustain future development of the business.

The Company manages its capital structure and makes adjustments to it, in the light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the period ended June 30, 2018 and year ended December 31, 2017.

The Company monitors its capital using debt to equity ratio, which is total debt divided by the total equity. The Company includes within total debt the total liabilities, including interest bearing loans and borrowings. In determining the debt to equity ratio, the Company excluded other comprehensive income as part of equity.

15. Operating Segment Information

The Company is engaged in rehabilitation, construction and expansion of SLEX Project and considers such as its primary activity and only operating segment.

The Company has only one geographical segment as all of its assets are located in the Philippines. The Company operates and derives principally all of its revenue from domestic operations. Thus, geographical business operation is not required.

Segment assets, liabilities and revenue and expenses are measured in accordance with PFRS. The presentation and classification of segment revenue and expenses are consistent with the statements of comprehensive income. The presentation and classification of segment assets and liabilities are consistent with the statements of financial position.

I. FINANCIAL PERFORMANCE

Quarters ended June 30, 2018 and June 30, 2017

Toll revenue posted an 6% increase in 2018 from ₱ ₱1,470.9 million to ₱ ₱1,552.4 million driven by higher traffic volume.

The continuing expansion of housing communities and vibrant consumer socio-economic activities in the South continues to have an impact on traffic volume, mitigating the effect of the increase in gas prices due to higher world price for crude oil as well as the imposition of additional excise taxes. Apart from the industrial development in the area which gave rise to numerous industrial parks, Cavite and Laguna has become attractive to employees working in Metro Manila but preferred to raise their families in the South. These developments enhanced the volume for class 1 vehicles. Traffic volume for Class 3 vehicles also went up mainly due to the thriving CALABARZON, the second most densely populated region after NCR.

A regular review of the Operator's fee is conducted in accordance with the Amended Operation and Maintenance Agreement to ensure better quality service to motorists. Operations and maintenance cover the toll roads, toll road facilities, interchanges and related facilities, including the operation and management of toll collection systems, traffic control and other systems located within the toll roads. An assessment conducted in 2016 revealed the necessity to amend the Operation and Maintenance Fees. The amended fee was approved by the Board of Directors in November 2016 and effective January 1, 2017.

SLTC remains compliant with the terms of its concession agreement by providing sufficient funding for maintenance obligations. As it approaches its 9th year in operations, a higher maintenance budget is required to restore and maintain the toll road and related equipment, apart from on-going enhancement activities to bring about improved throughput. To date,

the provision for repair and maintenance amounted to ₱443.3 million, net of actual utilization.

Amortization of concession rights increased slightly for enhancement activities during the period. Amortization costs are recorded for the costs of concession rights amortized on a straight-line basis over 26 years from start of commercial operations in 2010. Concession right consists of construction costs, including borrowing costs during the construction period, of the SLEX Project. The enhancement of the toll collection system is almost complete, accounting for the increase in depreciation cost. The Company invested in the enhancement of its network and communications to ensure data completeness and integrity. Expansion costs are also booked for new toll plazas and additional lanes to improve throughput.

EBITDA increased by 4% from ₱1, 197.0 million to ₱1, 244.0 million. Provision for income tax for the quarter amounted to ₱216.6 million. The Company's income tax holiday incentive expired in 2016. Net income for the period grew by 5 %, from ₱750.6 million to ₱791.2 million, mainly on the continuing traffic growth.

II. FINANCIAL POSITION

Analysis of Financial Position as at June 30, 2018 and December 31, 2017

Net cash and cash equivalents amounted to ₱ 3, 923.7 million, after payment for capital expenditures, toll road repair and maintenance, dividend and interest payment on long-term debt during the period.

Receivables went up by ₱ 9.7 million, mainly due to inter-concession receivables from Skyway, which are settled within the following month. Prepaid expenses decreased by ₱ 19.2 million after the proportionate amount for real property taxes were charged to operations.

Toll equipment, office furniture and vehicles amounting to ₱ 46.3 million were procured during the period while service concession rights increased by ₱ 12.9 million for various enhancement and expansion activities, including project development costs for TR4. Deferred tax asset of ₱ 10.7 million was recognized from the additional provision for repair obligations during the period.

Income tax payable increased due to provision for the period while other current liabilities decreased due to payment made on trade payables, consisting mainly of payment to service contractors for repair and maintenance. Increase in accrued maintenance obligations is attributed to provision for the period.

Retained earnings posted an increase due to net income of ₱1,512.3 million and decreased due to dividends declared during the period amounting to ₱ 652. 5 million.
