PRESS RELEASE

7 December 2018

Globe Telecom closes term loan with Bank of the Philippine Islands

Globe Telecom, Inc. signed US\$40 Million term loan facility with Bank of the Philippine Islands. The loan shall be used to partially finance the company's maturing obligations, capital expenditures and general corporate requirements.

Globe's total consolidated service revenues as of end-September this year was Php103.3 billion, an increase of 9% year-on-year. The sustained growth momentum was fueled by better-than-expected data-related revenue growth across all business segments. The performance was boosted by the most pervasive 4G/LTE network, supported by Globe's superior content offerings, through its partnerships with industry leaders and global content providers of music, lifestyle, video and eSports. For the first nine months of 2018, Globe invested around Php32.5 billion in capital expenditures to support the growing subscriber base and address its rapidly changing and rising demand for data.
