Clarification of News Report

<b>Source</b>	Inquirer.net
<b>Subject of News Report</b>	"RLC to build 200-ha township in Clark"
<b>Date of Publication</b>	May 31, 2019

**Clarification of News Report**

We refer to your letter dated May 31, 2019 with respect to the news article entitled “RLC to build 200-ha township in Clark” posted in Inquirer.net on May 31, 2019. The article reported in part that:

“Betting big on the fast-growing Clark corridor, Gokongwei-led property developer Robinsons Land Corp. is set to develop a 200-hectare idle land near the former American air base in Pampanga into a new township.

As the consortium that includes RLC parent conglomerate JG Summit, Changi airport and the Gotianun group bagged a 25-year concession to operate and maintain the Clark airport, RLC hopes to pursue projects near this international gateway.

‘I anticipate that Robinsons Land will participate in that development,’ RLC president Frederick Go told reporters after the company’s stockholders meeting on Wednesday. He said RLC would also be interested in building an airport hotel in the area.

‘We really believe in the future of Clark so we deliberately went out there to look for land,’ Go said.

About a year ago, RLC bought a 200-ha idle land close to Clark, which will be developed into a mixed-use estate called ‘Montclair.’

‘We think that will be an important integrated township for the company,’ Go said, adding that this estate would have residential subdivisions, commercial developments like office and retail outlets, hotels and industrial/logistics zones.

RLC is also banking on improved connectivity to Clark, especially with the construction of a railway connecting to Subic Freeport, Go said.

....”

Robinsons Land Corporation (RLC) confirms the information quoted above which were statements made by Mr. Frederick Go in response to questions raised by the media after the Annual Shareholders Meeting of RLC last May 29, 2019.

Please note however that the proposed township will not be built in Clark but near the area.
