Cebu Landmasters, Inc. (“**CLI**”, the “**Issuer**”, or “**Company**”) filed with the Securities and Exchange Commission of the Philippines (“**SEC**”) a registration statement (as amended, the “**Registration Statement**”) relating to the shelf registration and continuous offer and sale to the public in the Philippines, of Philippine Peso-denominated bonds with an aggregate principal amount of up to ₱15.00 billion, which has been rendered effective through SEC MSRD Order No. 70, Series of 2022, dated September 23, 2022, the validity of which was extended to September 23, 2027, pursuant to SEC Memorandum Circular No. 12, Series of 2025 (the “**Debt Securities Program**”).

The bonds under the Debt Securities Program will be issued in tranches within a period of five (5) years from the effectivity of the registration statement, subject to applicable regulations (the “**Shelf Period**”). As stated in the Prospectus dated September 20, 2022 (“**Prospectus**”), the specific terms of the bonds to be issued for each tranche under the Debt Securities Program will be determined by the Issuer considering the prevailing market conditions and provided in an offer supplement to be issued at the time of the relevant offering.

On October 7, 2022, pursuant to the Debt Securities Program, the Issuer issued Series A Bonds due 2026, Series B Bonds due 2028, and Series C Bonds due 2029, with an aggregate principal amount of ₱5,000,000,000.00.

On March 21, 2025, the Issuer, likewise pursuant to its Debt Securities Program, issued its inaugural sustainability-linked bonds which comprised of Series D Bonds due 2028 and Series E Bonds due 2030, with an aggregate principal amount of ₱5,000,000,000.00.

This is the final offer supplement (the “**Offer Supplement**”) in respect of the new offer and sale by the Issuer, under its Debt Securities Program, of SEC-Registered, Philippine Peso-denominated, sustainability-linked bonds consisting of Series F Bonds due 2029 (the “**Series F Bonds**”), Series G Bonds due 2032 (the “**Series G Bonds**”) and Series H Bonds due 2035 (the “**Series H Bonds**”), with a base offer of ₱3,000,000,000.00 (the “**Base Offer**”) and an oversubscription option of up to ₱2,000,000,000.00 (the “**Oversubscription Option**”, and together with the Base Offer, the “**Sustainability-Linked Bonds**”, the “**Bonds**”, or the “**Offer**”). Through a letter dated October 2, 2025 which the Company received on October 10, 2025, the SEC authorized the use of the “ASEAN Sustainability-Linked Bonds” label for this issuance pursuant to SEC Memorandum Circular No. 3, series of 2023 or the “Guidelines on the Issuance of Sustainability-Linked Bonds under the ASEAN Sustainability-Linked Bond Standards in the Philippines”.

This Offer Supplement contains the final terms of the Bonds to be issued in relation to the Offer. Moreover, this Offer Supplement provides updates of relevant information contained in the Prospectus. Capitalized terms used in this Offer Supplement are defined under “*Glossary of Terms*” of this Offer Supplement or elsewhere in this Offer Supplement.

China Bank Capital Corporation (“**Chinabank Capital**”) has been appointed as the Issue Manager (the “**Issue Manager**”) and together with BPI Capital Corporation (“**BPI Capital**”), PNB Capital and Investment Corporation (“**PNB Capital**”), and RCBC Capital Corporation (“**RCBC Capital**”), have been appointed as Joint Lead Underwriters and Joint Bookrunners for the Offer (the “**Joint Lead Underwriters and Joint Bookrunners**”).

The Bonds will be issued at par (or 100% of face value) on December 5, 2025 (or the immediately succeeding Business Day if such Issue Date is not a Business Day, or such other date as the Issuer and the Joint Lead Underwriters and Joint Bookrunners may agree upon) (the “**Issue Date**”).

The Bonds will be comprised of Series F Bonds, Series G Bonds, and Series H Bonds. The Series F Bonds, Series G Bonds and Series H Bonds shall bear interest on its outstanding principal amount from and including the Issue Date at the interest rate *per annum* equivalent to either (i) the applicable Original Interest Rate (as defined below) per series; or (ii) the applicable Original Interest Rate per series adjusted for the occurrence of one or both Trigger Events (as defined below).

Interest on the Sustainability-Linked Bonds shall be calculated on a European 30/360-day count basis and shall be paid quarterly in arrears every March 5, June 5, September 5 and December 5 of each year after the Issue Date while the Sustainability-Linked Bonds are outstanding. Hence, the first Interest Payment Date shall be on March 5, 2026. In the event that any Interest Payment Date is not a Business Day, such Interest Payment Date shall be paid on the immediately succeeding Business Day without any adjustment to the amount due. The last Interest Payment Date shall fall on the relevant Maturity Date, or the immediately succeeding Business Day if such date is not a Business Day, without any adjustment to the amount due, provided that if the Issue Date is set at a date other than December 5, 2025, then the Interest Payment Dates will be automatically adjusted to the numerically corresponding dates at every quarter following the actual Issue Date.

Unless otherwise earlier redeemed or purchased and cancelled, the Bonds shall be redeemed at 100% of face value on their respective Maturity Dates. For a more detailed discussion on the terms and conditions of the Bonds (including the redemption of the Bonds), please refer to the discussion under the section “*Description of the Bonds*” of this Offer Supplement.

The Bonds shall be issued in minimum denominations of ₱50,000.00 each, and in integral multiples of ₱10,000.00 thereafter. The Bonds shall be traded in denominations of ₱10,000.00 in the secondary market.

Upon issuance, the Bonds shall constitute the direct, unconditional, unsubordinated, and unsecured obligations of the Issuer and shall at all times rank *pari passu* and ratably without any preference or priority amongst themselves and at least *pari passu* with all other present and future unsubordinated and unsecured indebtedness of the Issuer, contingent or otherwise, other than indebtedness mandatorily preferred by operation of law and not by contract, and preferred claims under any bankruptcy, insolvency, reorganization, moratorium, liquidation, or other similar laws affecting the enforcement of creditors’ rights generally and by general principles of equity (but not the preference or priority established by Article 2244(14)(a) of the Civil Code of the Philippines), but in the event of insolvency, such financial obligations shall be absolute and unconditional only to the extent permitted by applicable law relating to creditors’ rights generally. The Bonds shall effectively be subordinated in right of payment to the Issuer’s secured debts in respect of and to the extent of the value of the assets securing such debt.

The Bonds have been assigned an issue credit rating of PRS Aa plus, with a Stable Outlook, from the Philippine Rating Services Corporation (“**PhilRatings**”). Obligations rated PRS Aa plus are of high quality and are subject to very low credit risk. Furthermore, a Stable Outlook is assigned when a rating is likely to be maintained or to remain unchanged in the next twelve (12) months. The rating and outlook reflect the following key considerations: (1) sound management and strategy, with a sustained competitive advantage in the Visayas and Mindanao (“**VisMin**”) markets as evidenced by its growth over the last few years; (2) steady earnings growth on account of the Company’s real estate sales; (3) adequate liquidity and acceptable leverage level; and (4) threats from a highly competitive market, with peers having access to significant capital and substantial landbank.

A rating is not a recommendation to buy, sell, or hold securities and may be subject to revision, suspension, or withdrawal at any time by PhilRatings. The rating is subject to regular annual reviews, or more frequently as market developments may dictate, while the Bonds are outstanding.

The Issuer expects to raise gross proceeds in the aggregate amount of ₱3.00 billion. The net proceeds are estimated to be approximately ₱2.96 billion for a ₱3.00 billion issue size or ₱4.93 billion for a ₱5.00 billion issue size, assuming full exercise of the Oversubscription Option, after deducting fees, commissions, and expenses relating to the issuance of the Bonds. Net proceeds of the Offer shall be used to finance project development, refinance CLI’s maturing obligations in 2025, and for general corporate purposes, among others. For a more detailed discussion on the use of proceeds of the Offer, please see “*Use of Proceeds*” of this Offer Supplement.

In line with the Company's overall financial management and capital allocation framework, the Company and its Subsidiaries maintain a transparent and specific dividend policy, as disclosed in the Company's Sustainability Report, which is an attachment to its Annual Report and its Integrated Annual Corporate Governance Report. The dividend policy, which was approved by the Board prior to the Company's initial public offering and as set out in the Company's prospectus for said offering and in succeeding annual reports, provides that dividends are declared and paid by CLI based on the assessment and approval of its Board of Directors, subject to the availability of retained earnings and after taking into account cash flow considerations and other financial conditions of the Company. For a more detailed discussion on the Company's dividend policy and dividends declared for the past years, please see "*Market Price of and Dividends on Issuer's Common Equity and Related Stockholder Matters*" of this Offer Supplement.

Chinabank Capital has been appointed as the Issue Manager for the Offer. The Issue Manager will receive in such capacity an issue management fee of approximately up to ₱1.58 million for the Base Offer or up to a maximum of ₱2.63 million assuming full exercise of the Oversubscription Option or 0.0526320% of the aggregate principal amount of the Bonds.

Chinabank Capital, BPI Capital, PNB Capital, and RCBC Capital have been appointed as the Joint Lead Underwriters and Joint Bookrunners for the Offer. The Joint Lead Underwriters and Joint Bookrunners will, in the aggregate, receive a fee of approximately up to ₱12.63 million for the Base Offer or up to a maximum of ₱21.05 million assuming full exercise of the Oversubscription Option or 0.4210530% of the aggregate principal amount of the Bonds.

For a more detailed discussion on the Issue Manager and Joint Lead Underwriters and Joint Bookrunners and the respective fees to be received by them, please see "*Plan of Distribution*" of this Offer Supplement.

Any of the Joint Lead Underwriters and Joint Bookrunners may acquire for its own account a portion of the Bonds.

The Joint Lead Underwriters and Joint Bookrunners identified in this Offer Supplement have underwritten the Offer in the aggregate amount of ₱3.00 billion pursuant to an underwriting agreement executed on or about the date of this Offer Supplement. The Issuer may appoint other underwriters for subsequent tranches or offers under the same Debt Securities Program.

The Issuer reserves the right to withdraw the offer and sale of the Bonds at any time, and the Joint Lead Underwriters and Joint Bookrunners, in consultation with the Issuer, reserve the right to accept, in whole or in part, and/or to allot to any prospective purchaser less than the full amount of the Bonds sought by such purchaser, and/or reject any application to purchase the Bonds. If the Offer is withdrawn or discontinued, the Issuer shall subsequently notify the SEC and, as applicable, the Philippine Dealing & Exchange Corp. ("**PDEX**").

It is expected that the Bonds will be delivered in book-entry form against payment thereof to the Philippine Depository & Trust Corp. ("**PDTC**"), which has been appointed as the Registrar of the Bonds. It is intended that upon issuance, the Bonds shall be issued in scripless form, with PDTC maintaining the scripless Registry of Bondholders.

The Issuer will apply for the listing of the Bonds in the PDEX. However, there is no assurance that such a listing will be achieved either before or after the Issue Date of the Bonds or whether such a listing will materially affect the liquidity of the Bonds on the secondary market. Such listing will be subject to the Issuer's execution of a listing agreement with the PDEX that may require the Issuer to make certain disclosures, undertakings, and payments on an ongoing basis.

The Offer will be conducted exclusively in the Philippines and pursuant to the requirements under applicable laws in the Philippines that may be different from those of other countries and jurisdictions. No action has been or will be taken by the Issuer or any person on behalf of the Issuer to permit an offering of the Bonds in any jurisdiction other than the Philippines, where action for that purpose is required. Accordingly, the Bonds may not be offered or sold, directly or indirectly, nor may any offering material relating to the Bonds be distributed or published in or from any country or jurisdiction, except

under circumstances that will result in compliance with any applicable laws of any such country or jurisdiction.

The Issuer (which has taken all reasonable care to ensure that such is the case) confirms that the information contained in this Offer Supplement, which in the context of the issue and offering of the Bonds, is material (including all information required by the applicable laws in the Philippines), is correct, and that there is no material misstatement or omission of fact which would make any statement in this Offer Supplement misleading in any material respect. The Joint Lead Underwriters and Joint Bookrunners have exercised reasonable due diligence required by regulations in ascertaining that all material representations contained in this Offer Supplement are true and correct and that no material information was omitted, which was necessary in order to make the statements contained in said documents not misleading.

No representation or warranty, express or implied, is made or given by the Joint Lead Underwriters and Joint Bookrunners, the Trustee or the Registrar and Paying Agent, or their respective affiliates or legal advisers as to the accuracy, completeness, or sufficiency of the information contained in the Prospectus and this Offer Supplement, and nothing contained in the Prospectus and this Offer Supplement is, or shall be relied upon as, a promise, representation or warranty by the Joint Lead Underwriters and Joint Bookrunners, the Trustee or the Registrar and Paying Agent, or their respective affiliates or legal advisers. The Prospectus and this Offer Supplement are not intended to provide the basis of any credit or other evaluation, nor should it be considered as a recommendation by either the Issuer, the Joint Lead Underwriters and Joint Bookrunners, the Trustee or the Registrar and Paying Agent, or their respective affiliates or legal advisers that any recipient of the Prospectus and this Offer Supplement should purchase the Bonds.

No person or group of persons has been authorized by the Issuer and the Joint Lead Underwriters and Joint Bookrunners to give any information or to make any representation concerning the Bonds other than as contained in this Offer Supplement. If given or made, any such information or representation must not be relied upon as having been authorized by the Issuer or any of the Joint Lead Underwriters and Joint Bookrunners.

All information in this Offer Supplement is as of the date hereof, unless otherwise indicated. Neither the delivery of this Offer Supplement nor any sale made pursuant to this Offer Supplement shall, under any circumstances, create any implication that the information contained herein is correct as of any date subsequent to the date hereof or that there has been no change in the affairs of the Issuer and its Subsidiaries since such date.

All disclosures, reports, and filings of the Issuer, including those made after the date of this Offer Supplement, submitted to the SEC, PDEx and/or the Philippine Stock Exchange, Inc. ("**PSE**") pursuant to applicable laws and regulations are incorporated or deemed incorporated by reference in this Offer Supplement. Copies of the Company Disclosures (as defined below) may be viewed at the website of the Issuer at www.cebulandmasters.com, at the Electronic Disclosure Generation Technology of the PSE or PSE EDGE, and at the website of the PDS Group. The Company Disclosures contain material and meaningful information relating to the Issuer and its Subsidiaries and investors should review all information in the Company Disclosures as the information is incorporated or deemed incorporated herein by reference.

ALL REGISTRATION REQUIREMENTS HAVE BEEN MET AND ALL INFORMATION CONTAINED HEREIN IS TRUE AND CURRENT.

OVERVIEW

CLI is a leading residential developer in VisMin. The Company’s story commenced with a vision to provide quality homes for everyday Filipinos. Jose R. Soberano III founded CLI and incorporated the Company on September 26, 2003. On June 2, 2017, the Company was listed on the PSE with “CLI” as its ticker symbol. A total of 430,000,000 shares were issued and fully subscribed at ₱5.00 per share. CLI’s initial public offering was instrumental in this growth, as it raised ₱2.15 billion worth of fresh capital from investors – boosting its expansion in new locations and fueling its various projects.

As of June 30, 2025, CLI has a total of 127 projects in different development stages and established a diverse portfolio of residences, offices, hotels, mixed-use properties, and townships across 17 key cities in the VisMin region.

In 2024, an independent study by Colliers International reaffirmed CLI’s leading position in the VisMin residential market. The study identified CLI as the top residential developer in the region, having the largest market share among real estate firms. With a 19% overall residential share in net take-up value, CLI continues to grow market share in key VisMin cities, indicating increasing consumer confidence and recognition in the market.

This success was further validated at the PropertyGuru Philippines Property Awards, where CLI was named Best Developer in Mindanao for the fourth consecutive year, among other notable awards and commendations from various institutions. The Company’s commitment to high governance standards was also acknowledged with a 2 Golden Arrow award from the Institute of Corporate Directors (“ICD”) for the second year running, further reinforcing CLI’s reputation for sound corporate governance.

CLI’s vision extends beyond the present accomplishments. The Company remains steadfast in its pursuit of expansion and innovation. CLI’s robust growth strategies aim to further solidify its market leadership, foster strategic partnerships, and explore new avenues for sustainable development and community enhancement.

The Company’s operating segments are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets:

- Real Estate Segment – covers the development and sale of residential, condotel office units and commercial lots to individual and corporate buyers.
- Rental Segment – includes leasing of office and commercial spaces to retail and corporate companies.
- Management Services Segment – focuses on the management of real estate projects and upkeep services to condominium corporations and homeowners’ associations specific to CLI developed projects.
- Hotel Operations Segment – relates to the management of hotel business operations that caters to hotel guests and condotel owners.

Completed Projects

CLI has in its portfolio 57 completed developments, encompassing vertical and horizontal residential, mixed-use, office, hotel, and retail projects. The Company's commitment to excellence is evident in the diverse range of projects strategically located in key areas such as Greater Cebu, Bacolod, Iloilo, Bohol, Dumaguete, Cagayan de Oro, and Davao.

MesaVerte Garden Residences, a three-tower project representing the Company's inaugural expansion beyond Cebu, was completed in 2020. Additional completed projects like MesaTierra Garden Residences in Davao, MesaVirre Garden Residences A, B & C in Bacolod, and 38 Park Avenue in Cebu, were delivered in 2021 and 2022. Throughout the year, CLI has been turning over projects in Cebu, including Casa Mira Towers Guadalupe, Casa Mira Towers Mandaue, and Mivela Towers. Aside from Cebu, CLI has also completed Casa Mira Iloilo, Casa Mira and Velmiro Bacolod, Velmiro Greens Bohol, and Casa Mira Dumaguete. As of June 30, 2025, the Company's completed residential developments are 98% sold-out.

The Company owns three (3) operational office buildings and various leasable spaces, with Park Centrale in IT Park, Cebu serving as its headquarters. This development has maintained full occupancy since completion and received the prestigious Best Commercial Development in Cebu award from the Philippine Property Awards in 2014.

Latitude Corporate Center, a 24-storey structure completed in 2020, stands tall in the heart of Cebu's business district. Benefiting from the return of sectors like IT-BPO from work-from-home arrangements to office spaces, the Company is confident that this 5-Star Building for Ecologically Responsive Design Excellence ("BERDE")-certified green building, is positioned well to meet such a rebound.

In terms of retail, as of the first six (6) months of 2025, CLI significantly expanded its GLA to 70,832 sq.m., up by 75% from 40,575 sq.m. at the beginning of the year. The increase was mainly driven by the completion and turnover of Banilad Highstreet and the Drive-Thru spaces in Davao Global Township, both of which achieved 100% lease occupancy. Additionally, the completion of the DGT Pavilion and DGT Retail Pads contributed over 4,000 square meters of GLA, alongside expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

With the goal of diversifying its portfolio, the Company entered the hospitality sector in 2019 with the opening of Citadines Cebu City, a 180-room serviced residence in partnership with The Ascott Limited as the hotel manager. Situated strategically within the Company's mixed-use lifestyle hub, Base Line Center, this project reflects CLI's strategy to broaden its product scope and create reinforcing value across business units. The strengthening of the hospitality industry in VisMin presents a significant opportunity for CLI. CLI is effectively tapping into this growth as it expands its footprint in the VisMin tourism industry with the opening of the 200-room Citadines Bacolod City, the Company's first hotel outside Cebu City and the largest international hotel in Bacolod.

With the opening of Citadines Bacolod City, CLI now boasts four operational hotels: Citadines Cebu City, lyf Cebu City at Base Line Center, The Pad Co-Living in Banilad High Street, and the new Citadines Bacolod City.

As of June 30, 2025, the Company's completed projects are 98% sold-out, with only ₱3.72 billion remaining in inventory in terms of sales value. Looking ahead, CLI is poised to further grow its presence in the VisMin real estate market with new projects in strategic locations, while also preparing to expand into Luzon. These initiatives aim to diversify its footprint, tap into new markets, and serve a wider range of demographics.

Ongoing and Newly Launched Projects (Projects Under Construction)

CLI has 70 ongoing projects in various stages of construction as of the second quarter of 2025. These projects are spread out over 17 key cities in VisMin.

Of the ongoing projects, 51 are residential developments and one is an office condominium, with a total project sales value of ₱97.89 billion. These projects have 23,020 units of which 92% were already sold

and the aggregate sales value of remaining inventory amounts to ₱9.59 billion. CLI prioritizes a strategy of selling projects at high velocity, quick turn over of its developments, and swift movement from pre-selling to construction and delivery. Continuing sales efforts are being made to sell out the projects as they get closer to completion. The Company leverages on this market absorption of its products to cultivate the 1,795 accredited real estate brokers (“REBs”) and 11,000 sales agents across the VisMin region who continuously support CLI.

Investing in capital to support recurring revenue from both hospitality and leasing businesses is one of the strategies CLI is currently aggressively pursuing while banking on the region’s future growth. CLI’s long-term strategy is to build up its office, retail, and hospitality portfolio’s GLA to 200,000 sq.m., eventually contributing to 10% of the growing top line within the next five (5) years. As of the period ended June 30, 2025, recurring income contributes 3% of the revenues of the Company. CLI spent ₱10.68 billion in capital expenditures, with the majority 41.9% allocated for investment property development.

The Company is currently constructing six (6) hospitality projects with a total of 922 room keys and various office and commercial projects with a GLA of over 40,000 sq.m. More projects are in the pipeline at the planning and design stage to meet CLI’s strategy to continue its build-up of its recurring income portfolio.

In the first half of 2025, CLI launched two (2) projects with a combined value of ₱10.84 billion. One of these was One Manresa Place, the first residential tower within the 14.6-hectare Manresa Town. The project generated ₱4 billion during its two-day launch event and surpassed ₱5 billion in sales—equivalent to 823 units sold—within just two (2) weeks, underscoring the strong demand for premium residential offerings outside Metro Manila.

Additionally, the launch of Casa Mira Homes GenSan, valued at ₱4.94 billion, marked CLI’s first solar-integrated economic housing community, designed to provide sustainable and affordable living for hardworking Filipino families. The project recorded impressive take-up, with 85% or 1,034 units sold in just three (3) days, generating ₱4.3 billion in sales.

As of June 30, 2025, CLI successfully sold out 90% of the new inventory from projects launched in the previous six (6) months, underscoring its ability to capture demand where it competes. CLI aims to sell the remaining units over its construction period.

During the first six (6) months of 2025, CLI expanded its leasing footprint with GLA reaching 70,832 square meters, a 75% increase from the prior year. Growth was driven by the turnover of Banilad Highstreet and DGT Drive-Thru spaces, both fully leased, alongside new capacity from DGT Pavilion, DGT Retail Pads, and ongoing expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

Moreover, CLI entered into its first international partnership by collaborating with NTT UD Asia Pte. Ltd. (“NTTUDA”), a Japanese company known for its mixed use residential and commercial developments, to establish CLI NUD Ventures, Inc. Their inaugural project, valued at ₱6.40 billion, was officially launched in July 2025. The first tower of this development will feature over 500 premium residential units, marking a significant milestone in CLI’s expansion journey.

Looking ahead to the coming months, CLI plans to launch more developments from its 12 pipeline projects during the remainder of the year, with an aggregate sales value of ₱29 billion.

CLI continues to secure its growth trajectory through strategic land acquisitions. As of June 30, 2025, CLI reported a total landbank of 108 hectares valued at ₱13.90 billion, including its first entry project in Luzon located in Pasig City. To support its initial expansion into Luzon, CLI has opened its first regional office outside the VisMin region, located in Makati City. This office serves as a strategic hub for the Company’s growth and operations in the region, reinforcing its commitment to becoming a national developer. The Company is actively negotiating the acquisition of properties in Luzon for its initial expansion into that market.

Developments on the Company's Preferred Shares Issuance

On April 12, 2024, CLI successfully raised ₱4.28 billion through the sale of Series A-1 and Series A-2 preferred shares. The shares were listed on the PSE under the ticker symbols CLIA1 and CLIA2. The offering was 1.43 times oversubscribed relative to its firm offer amount, with dividend rates set at 7.59% p.a. for Series A-1, which may be redeemed by CLI after four (4) years, and 8.25% p.a. for Series A-2, which may be redeemed by CLI after seven (7) years, from their issue date.

Due to CLI's continued strong financial performance, the Board of Directors declared in both 2025 and 2024, dividends for two classes of preferred shares. CLIA1 received two cash payments of ₱18.96 per share totaling ₱78.25 million, while CLIA2 received two payments of ₱20.63 per share totaling ₱91.45 million, demonstrating the Company's commitment to fulfilling contractual obligations to preferred shareholders.

Residential Developments

Residential developments constitute the cornerstone of the Company's operations and project portfolio. CLI's overarching goal is to meet the persistently unmet demand for quality-built, cost-effective housing, and well-planned communities that align with the needs of the market. In response to the housing backlog and the heightened desire for safe and secure homes, the Company consistently launches new housing projects.

To effectively address diverse market segments, the Company categorizes its housing developments into distinct brands. The largest contributing brand is Casa Mira, which has emerged as the fastest growing and most popular brand in VisMin. Starting at ₱120,000.00 per sq.m. or ₱2.00 million for studio condominium units, Casa Mira caters specifically to the economic market. House and lot units under Casa Mira start at around ₱2.20 million, with lot area starting at 60 sq.m. and floor area at 42 sq.m. Over time, the Casa Mira series has become a pivotal asset, securing the largest residential market share in VisMin. Its success can be attributed to its value proposition, providing residents with reasonably priced homes in aesthetically pleasing communities, complete with several amenities more associated with higher-priced developments. These include a clubhouse with multi-purpose halls, a chapel, swimming pool, multiple basketball court, tennis courts and children's playground.

In a strategic move to grow the Company into more segments, CLI introduced the "Mirani" brand last July 2023. Designed to cater to the more affordable housing demand within the market spectrum with a price point of around ₱1.90 million, the Mirani brand debuted with Mirani Steps in Danao in June 2023 and was 48.37% sold out in three (3) months.

The Garden Series, targeting the mid-market segment, offers both vertical and horizontal product lines. Subdivisions under this brand are known as Velmiro, while condominium projects go by the name Garden Residences. Garden Residences condominiums feature selling prices starting at ₱140,000.00 per sq.m., with each housing unit price ranging from ₱2.50 million to ₱3.20 million for studio condominium units. Velmiro subdivisions have a 100 sq.m. lot area, with floor area of 50-100 sq.m., with a starting price of around ₱4.60 million. The Garden Series distinguishes itself by offering an upgraded array of amenities over the economic segments, including a swimming pool, multi-level clubhouse with function rooms, fitness gym, basketball court, and playgrounds situated in expansive landscaped park.

Strategically, CLI offers Premier Masters, the high-end residential buildings with prices starting at ₱180,000.00 up to ₱300,000.00 per sq.m. These luxurious developments, located in prestigious urban areas, include Terranza Residences in Iloilo, Costa Mira Mactan, Costa Mira Panglao, the two (2) Baseline condominiums, 38 Park Avenue in I.T. Park Cebu and the recently launched, Japanese inspired The Wave Towers also in I.T. Park Cebu.

Lastly, Villa Casita represents CLI's business in socialized housing, offering units at a price of ₱580,000.00. Through these socialized housing projects required under specific compliance terms, the Company endeavors to provide decent and affordable housing to the market segment.

Office and Commercial Leasing Projects

In 2013, CLI opened its first office property, Park Centrale at I.T. Park Cebu, taking advantage of the growing BPO sector in Cebu. CLI's current strategy is to significantly expand its recurring revenue projects by delivering a total of 200,000 sq.m. of Gross Leasable Area ("GLA") in the next three (3) to five (5) years from 2024.

In 2020, the Company turned over Latitude Corporate Center, a Grade A office tower at the Cebu Business Park with a Gross Floor Area ("GFA") of 21,000 sq.m. In Cebu, construction for Astra Corporate Center (18,823 sq.m. GFA) and Patria de Cebu Office (4,562 sq.m. GFA) are currently ongoing.

Office buildings include Park Centrale Tower, Base Line HQ, Latitude Corporate Center, Astra Corporate Center, Patria de Cebu Office, and Masters Tower Cebu Office.

As of June 30, 2025, CLI has expanded its GLA to 70,832 sq.m., a 75% increase from 40,575 sq.m. at the start of the year. This growth reflects CLI's more aggressive strategy to expand its leasing footprint, with Astra Mall—now nearly complete—set to become the Company's first major retail development and being scheduled to open next year and to further strengthen recurring income.

Hotel and Recreational Developments

In 2019, CLI opened its first condotel project with Citadines Cebu City in partnership with The Ascott Limited. Citadines Cebu City is a 180-room serviced residence strategically located within CLI's mixed-use lifestyle hub in midtown Cebu, the Base Line Center.

During the first six (6) months of 2025, the resurgence in the travel and leisure sector served as a catalyst for CLI's hotel operations, resulting in a rebound and upsurge in revenue. The hotel operations generated 132% growth to ₱200.1 million, up from ₱86.24 million during the same period in the previous year. This increase was primarily fueled by the grand opening of three (3) new hotels, namely, The Pad Cebu, Lyf Cebu City, and Citadines Bacolod City.

CLI currently has six (6) more hospitality projects under construction to boost its hotel business. Most of these hotels have management agreements with well-known hotel management companies. Radisson Red and Citadines Davao are targeted to fully open in 2026 while Abaca Resort, Mercure in Patria de Cebu and Magspeak are slated to open in 2027. Also in the pipeline is Sofitel Cebu which is being targeted to be fully operational in 2028. Other hotel projects are in the planning stages and will be started for construction within the next two (2) to three (3) years.

Note: These financial ratios are not required by and are not a measure of performance under PFRS. Investors should not consider these financial ratios in isolation or as an alternative to Net Income as an indicator of CLI's operating performance or to cash flow from operating, investing, and financing activities as a measure of liquidity, or any other measures of performance under PFRS. Because there are various calculation methods for these financial ratios, CLI's presentation of these measures may not be comparable to similarly titled measures used by other companies.

¹ Gross Profit Margin is computed by dividing the Company's Gross Profit by its Revenues.

² Net Profit Margin is computed by dividing the Company's consolidated net income by its revenues.

³ EBITDA is defined as earnings before interest, tax, depreciation, and amortization from continuing operations, and before exceptional items. Please see table below for EBITDA calculation.

⁴ EBITDA Margin is computed by dividing the Company's EBITDA by its Revenues. EBITDA is based on the EBITDA calculation below.

⁵ Interest Coverage Ratio is the sum of EBITDA, Cash, and cash equivalents divided by interest incurred. Interest incurred is computed as the sum of interest incurred from bank loans (including amortization of debt issue costs), interest incurred from corporate notes (including amortization of debt issue costs) and interest incurred from bonds (including amortization of debt issue costs) less borrowing costs that are capitalized as part of property and equipment and borrowing costs that are capitalized as part of investment property. For purposes of the covenants, the ratio shall be computed using 12-months trailing EBITDA plus cash balance over interest due for the next year.

⁶ Return on Average Assets is computed by dividing Net Profit by the average assets as at the beginning and end of the same period.

⁷ Return on Average Equity (Parent) is computed by dividing Net Profit by the average of the equity attributable to the Parent Company's shareholders as at the beginning and the end of the same period.

⁸ Current Ratio is Current Assets divided by Current Liabilities.

⁹ Net Debt-to-Equity Ratio is both the current and non-current interest-bearing debt (loans, borrowings and bonds payable) less Cash and cash equivalents over Total Consolidated Equity.

¹⁰ Debt-to-Equity Ratio is both the current and non-current interest-bearing debts (loans, borrowings and bonds payable) divided by Total Equity.

January 1 to June 30, 2024 vs. January 1 to June 30, 2025

CLI sustained its growth momentum in the first half of 2025, delivering a consolidated net income of

₱2.49 billion, up 12% year-on-year, supported by resilient demand across its portfolio. In terms of revenue, CLI posted ₱10.3 billion, a 9% decline year-on-year due primarily to the reclassification of lot sales under other income. On a comparable basis, treating lot sales as part of the top line in relation to it being part of the normal course of business will generate a 5% revenue growth for the Company. Reservation and estate sales grew 3% to ₱14.3 billion, indicating sustained market confidence. Recurring income was a strong contributor, with hotel operations up 132% and leasing revenues higher by 53%, underscoring the company's successful expansion beyond residential development.

- Capitalizing on pipeline projects
- Establishing and leveraging strategic partnerships, alliances, JVs, and cooperation

RISKS OF INVESTING

Before making an investment decision, prospective investors should carefully consider the risks associated with an investment in the Bonds. Some of these risks are briefly summarized below and discussed with additional details in the section entitled "*Risk Factors and Other Considerations*."

• Risks Related to the Company

- There is heightened competition among local and national players where the Company is operating and expanding. Competition for the acquisition of land for new projects could adversely affect the Company's business.
- The Company's business is affected by various regulations in the Philippines.
- The Company's business may be adversely affected by major political and economic developments, such as the Russia-Ukraine war, Israel-Hamas war and recent developments in the Middle East.
- The Company's revenue contribution from its current portfolio is composed of approximately 98% properties for sale and 2% recurring income properties.
- The Company is new to some regional markets including Gensan, Butuan and Calabarzon.
- The Philippine property market is cyclical.
- Given the current geographic concentration of the Company's real estate sales, the Company's results of operations would suffer if the residential housing and land development industry in the Company's current markets decline.
- The Company might be at risk of being exposed to housing price bubbles.
- Increased inflation, fluctuations in interest rates, and changes in the Philippine Government's borrowing patterns and Government regulations could have a material adverse effect on the Company's and its customers' ability to obtain financing.
- The real estate sector is capital intensive, and this factor might cause difficulty for the Company

to readily raise the necessary capital to acquire new land or complete existing projects. It also has a naturally multi-year cash cycle that goes through a negative operating cash flow period for most of its cycle before realizing a cumulative positive cash outcome for each project.

- A portion of demand for the Company's products is from overseas Filipinos, which exposes the Company to risks relating to the performance of the economies of the countries where these potential customers are located.
- The Company engages third-party brokers and agents to sell its residential housing, residential condominium, office condominium, and condotel projects.
- Cancellation of sales involving the Company's projects could adversely affect its business, financial condition, and results of operations.
- The Company enjoys certain tax exemptions and incentives, the loss of which may increase the Company's tax liability and decrease future Company profits.
- Natural catastrophes may affect the Company's business adversely.
- Titles over land owned by the Company may be contested by third parties.
- The Company's reputation will be adversely affected if its projects are not completed on time or if the projects do not meet customers' requirements.
- Independent contractors may not always be available or may not be able to meet the Company's quality standards, or complete projects on time or within budget, and may encounter difficulties which will result in a delay of the project.
- Construction defects and other building-related claims may be asserted against the Company, and the Company may be subject to liability for such claims.
- The Company relies on its key executives and officers and the members of the Soberano Family to manage business operations.
- The Company is party to a number of related party transactions.
- The Company may be involved in legal and other proceedings arising out of its operations from time to time, which may expose the Company to the risk of its assets being foreclosed or otherwise adversely affected.
- The Company may default in its financial obligations and other obligations under contracts to which it is a party, and a default in one may trigger other defaults and result in the acceleration of its obligations under such contracts.
- The Company works with various JV partners for some of its projects, whose interest may differ from that of the Company's.
- The Company is exposed to information security or cybersecurity risk as it relies on technology which poses risks on data security, confidentiality, and availability.
- The Company is exposed to asset stranding risk.
- The Company is also exposed to emerging risks.

- **Risks Related to the Philippines**

- Economic Considerations
- Political Considerations
- Terrorist acts, crimes, natural disasters, and outbreaks of infectious diseases or fears of such occurrences in the Philippines

- **Risks Related to the Bonds**

- An active or liquid trading market for the Bonds may not develop.
- Holders of the Bonds may experience liquidity issues and potential loss of principal value if the Bonds are sold at the secondary market.
- Holders of the Bonds may be unable to reinvest the proceeds of their Bonds following redemption by the Issuer.
- The Bonds may not be able to retain its credit rating.
- The Bonds have no preference under Article 2244(14) of the Civil Code of the Philippines.
- Risk relating to investors seeking exposure to sustainability-linked assets
- Potential contingencies relating to the Interest Rate Step-Up

Through a letter dated April 21, 2025, the Office of the General Accountant (“**OGA**”) of the SEC assessed the Company a penalty amounting to ₱1,006,000.00 due to the reclassification of certain investment properties to real estate inventories based on CLI's interpretation of prevailing accounting standards and regulations. The Company acknowledged and accepted the findings and position of SEC-OGA on this issue and settled the penalty on April 24, 2025.

In accordance with the position of the SEC-OGA on the application of PAS 40, the Company has restated its financial statements for the period ended June 30, 2025. The restatement reflects the SEC-OGA's view that certain properties should be classified as investment properties until disposal. Although the Company originally held a different interpretation based on the properties' intended use, the financial statements have been revised accordingly.

Note: These financial ratios are not required by and are not a measure of performance under PFRS. Investors should not consider these financial ratios in isolation or as an alternative to Net Income as an indicator of CLI's operating performance or to cash flow from operating, investing, and financing activities as a measure of liquidity, or any other measures of performance under PFRS. Because there are various calculation methods for these financial ratios, CLI's presentation of these measures may not be comparable to similarly titled measures used by other companies.

¹ Gross Profit Margin is computed by dividing the Company's Gross Profit by its Revenues.

² Net Profit Margin is computed by dividing the Company's Net Profit by its Revenues.

³ EBITDA is defined as earnings before interest, tax, depreciation, and amortization from continuing operations, and before exceptional items. Please see table below for EBITDA calculation.

⁴ EBITDA Margin is computed by dividing the Company's EBITDA by its Revenues. EBITDA is based on the EBITDA calculation below.

⁵ Interest Coverage ratio is the sum of EBITDA, cash, and cash equivalents divided by interest incurred. Interest incurred is computed as the sum of interest incurred from bank loans (including amortization of debt issue costs), interest incurred from corporate notes (including amortization of debt issue costs) and interest incurred from bonds (including amortization of debt issue costs) less borrowing costs that are capitalized as part of property and equipment and borrowing costs that are capitalized as part of investment property. For purposes of the covenants, the ratio shall be computed using 12-months trailing EBITDA plus cash balance over interest due for the next year.

⁶ Return on Average Assets is computed by dividing Net Profit by the average assets as at the beginning and end of the same period.

⁷ Return on Average Equity (Parent) is computed by dividing Net Profit by the average of the equity attributable to the Parent Company's shareholders as at the beginning and the end of the same period.

⁸ Current Ratio is Current Assets divided by Current Liabilities.

⁹ Net Debt-to-Equity Ratio is both the current and non-current interest-bearing debt (loans, borrowings and bonds payable) less Cash and cash equivalents over Total Equity.

¹⁰ Debt-to-Equity Ratio is both the current and non-current interest-bearing debts (loans, borrowings and bonds payable) divided by Total Equity.

Below is the reconciliation of "Net Profit" to "EBITDA".

SUMMARY OF THE OFFER

The following summary should be read as an introduction to, and is qualified in its entirety by reference to, the more detailed information appearing elsewhere in this Offer Supplement, including, but not limited to, the discussion on the “Description of the Bonds” and “Plan of Distribution”. This overview may not contain all the information that prospective investors should consider before deciding to invest in the Bonds. Accordingly, any decision by a prospective investor to invest in the Bonds should be based on a consideration of the Prospectus, this Offer Supplement, the Trust Agreement, the other Bond Agreements, the Company Disclosures, the Articles of Incorporation and By-Laws (each as amended to date), resolutions of the Board of Directors of CLI, and any other agreements or documents relevant to the Offer, as a whole.

Prospective Bondholders must make their own appraisal of the Issuer and the Offer and must make their own independent verification of the information contained herein and the other aforementioned documents and any other investigation they may deem appropriate for the purpose of determining whether to participate in the Offer. They must not rely solely on any statement, or the significance, adequacy or accuracy of any information contained herein. The information and data contained herein are not substitutes for the prospective investor’s independent evaluation and analysis. Prospective Bondholders are likewise encouraged to consult their respective legal counsels and accountants in order to be better advised of the circumstances surrounding the Bonds.

Capitalized terms used but not defined herein have the meanings given to them in the “Glossary of Terms” in this Offer Supplement.

Issuer	Cebu Landmasters, Inc. (“ CLI ”), a company incorporated under the laws of the Philippines.
Issue	SEC-Registered, Philippine Peso-denominated, sustainability-linked bonds consisting of Series F bonds due 2029 (the “ Series F Bonds ”), Series G bonds due 2032 (the “ Series G Bonds ”), and Series H bonds due 2035 (the “ Series H Bonds ”) (collectively, the “ Sustainability-Linked Bonds ”, the “ Bonds ”, or the “ Offer ”) to be issued from the up to Fifteen Billion Pesos (₱15,000,000,000.00) Debt Securities Program, constituting the direct, unconditional, unsecured, and general obligations of the Issuer.
Issue Amount	Base Offer of Three Billion Pesos (₱3,000,000,000.00) (the “Base Offer”) with an Oversubscription Option of up to Two Billion Pesos (₱2,000,000,000.00) (the “Oversubscription Option”). The Joint Lead Underwriters and Joint Bookrunners shall have the option, in consultation with the Issuer, to increase the Base Offer by up to Two Billion Pesos (₱2,000,000,000.00) in the event of an oversubscription. In the event that the Oversubscription Option is partly exercised or not exercised at all during the Offer Period, the unexercised portion shall be placed under shelf registration to be issued within the Shelf Period and, consequently, the bonds under shelf registration will be automatically increased by such principal amount of the Oversubscription Option bonds that will not be taken up or exercised.
Series	The Bonds will be issued in three (3) series consisting of: • Series F Bonds due 2029; • Series G Bonds due 2032; and • Series H Bonds due 2035.
Use of Proceeds	Net proceeds will be used to finance project development, refinance CLI’s maturing obligations in 2025, and for general corporate purposes, among others.

For a detailed discussion on the use of proceeds, please refer to the section on “*Use of Proceeds*”.

Form and Denomination	The Bonds shall be issued in scripless form and shall be issued in minimum denominations of Fifty Thousand Pesos (₱50,000.00) each, and in integral multiples of Ten Thousand Pesos (₱10,000.00) thereafter, and traded in denominations of Ten Thousand Pesos (₱10,000.00) in the secondary market.
Issue Manager	China Bank Capital Corporation (“ Chinabank Capital ”)
Joint Lead Underwriters and Joint Bookrunners	Chinabank Capital BPI Capital Corporation (“ BPI Capital ”) PNB Capital and Investment Corporation (“ PNB Capital ”) RCBC Capital Corporation (“ RCBC Capital ”)
Trustee	RCBC Trust Corporation (“ RCBC Trust ”)

Issue Date	December 5, 2025, or the immediately succeeding Business Day if such Issue Date is not a Business Day, or such other date as may be agreed upon by the Issuer and the Joint Lead Underwriters and Joint Bookrunners with advice to the SEC, PDTC and PDEX.
Issue Price	Par or 100% of face value.
Maturity Date	The maturity dates of the Bonds (the “Maturity Date”) are as follows: • Series F Bonds: the fourth (4th) anniversary of the Issue Date, or on December 5, 2029; • Series G Bonds: the seventh (7th) anniversary of the Issue Date, or on December 5, 2032; • Series H Bonds: the tenth (10th) anniversary of the Issue Date or on December 5, 2035, provided that, in the event that such Maturity Date falls on a day that is not a Business Day, the relevant Maturity Date shall be the immediately succeeding Business Day, without adjustment to the amount of interest and principal to be paid; provided further that if the Issue Date is set at a date other than December 5, 2025, then the Maturity Date will be adjusted automatically to the date falling on: (i) in respect of the Series F Bonds, the fourth (4th) anniversary of the Issue Date, (ii) in respect of the Series G

Bonds, the seventh (7th) anniversary of the Issue Date, and (iii) in respect of the Series H Bonds, the tenth (10th) anniversary of the Issue Date.

Interest Rate	The Series F Bonds, Series G Bonds, and Series H Bonds shall bear interest on its outstanding principal amount from and including the Issue Date at the Applicable Interest Rate, adjusted as and when necessary, pursuant to the conditions set forth below.
Original Interest Rate	The original interest rate <i>per annum</i> applicable to the Series F Bonds, Series G Bonds, and Series H Bonds starting on the Issue Date shall be as follows: • Series F Bonds: 6.5408% <i>per annum</i>; • Series G Bonds: 6.6807% <i>per annum</i>; and • Series H Bonds: 6.9572% <i>per annum</i>, each an “Original Interest Rate”.
Applicable Interest Rate	The interest rate <i>per annum</i> equivalent to either (i) the applicable Original Interest Rate per series; or (ii) the applicable Original Interest Rate per series adjusted for the occurrence of one or both Trigger Events.
Interest Rate Step-Up	From and including the first day of the Interest Period immediately following the Interest Period within which a Target Measurement Date falls (each an “Interest Step-Up Date”), the Applicable Interest Rate shall be equal to each Original Interest Rate plus 0.075% for each occurrence of a Trigger Event. If a relevant qualified independent external verification provider with relevant expertise in accordance with SEC guidelines (the “External Verification Provider”) determines in its verification assurance report that both Sustainability Performance Targets are met on the relevant Target Observation Dates, then the Applicable Interest Rate shall remain equal to the Original Interest Rate.
Target Measurement Dates	Short Term SPT: March 01, 2027 Medium Term SPT: March 01, 2029
Target Observation Dates	Short Term SPT: February 28, 2027 Medium Term SPT: February 28, 2029
Trigger Event	There is a Trigger Event when an SPT is not met on the applicable Target Observation Date as determined in the verification assurance report of the relevant External Verification Provider.
Interest Payment Date	Interest on the Sustainability-Linked Bonds shall be calculated on a European 30/360-day count basis and shall be paid quarterly in arrears every March 5, June 5, September 5, and December 5 of each year following the Issue Date while the Sustainability-Linked Bonds are outstanding. Hence, the first Interest Payment Date shall be on March 5, 2026. In the event that any Interest Payment Date is not a Business Day, such Interest Payment Date shall be paid on the immediately succeeding Business Day without any adjustment to the amount due. The last Interest Payment Date shall fall on the Maturity Date, or the immediately succeeding Business Day if such date is not a Business Day, without any adjustment to the amount due, provided that if the Issue Date is set at a date other than December 5, 2025, then the Interest Payment Dates will be automatically adjusted to the numerically corresponding dates at every quarter following the actual Issue Date.

Key Performance Indicator (“KPI”)

Providing Affordable Housing

This KPI is defined as the number of Affordable Housing units provided by CLI across their residential portfolio.

“**Affordable Housing**” are units priced below the price ceilings for low-cost and medium-cost housing based on the Joint Memorandum Circular between the Department of Human Settlements and Urban Development (“**DHSUD**”) and Department of Economy, Planning, and Development (“**DEPDev**”). As of the date of this Offer Supplement, the price threshold is pegged at below ₱4,900,000.00 for low-cost and below ₱6,600,000.00 for medium-cost based on the Joint Memorandum Circular 2024-001 which may be subject to future updates from the relevant government agencies.

Any updates to the price threshold⁶ by the relevant government agencies will be monitored by CLI and disclosed to stakeholders as these become available.

Sustainability Performance Target (“SPT”)

- Short Term SPT: Build 8,500 new Affordable Housing units by February 2027
- Medium Term SPT: Build 16,000 new Affordable Housing units by February 2029

Final Redemption

Unless the Bonds are otherwise earlier redeemed or purchased and cancelled, the Issuer shall redeem the Bonds at 100% of face value on their respective Maturity Dates. However, if the relevant Maturity Date is not a Business Day, payment of all amounts due on such date will be made by the Issuer through the Paying Agent, without adjustment to the amounts due, on the succeeding Business Day.

Each Bondholder in whose name the Bonds are registered in the Registry of Bondholders at the close of business on the Record Date preceding the relevant Maturity Date shall be entitled to receive the principal amount of the Bonds. In all cases, repayment of principal shall be remitted to the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

Call Option

The Issuer has the right, but not the obligation, to redeem (in whole but not in part) the outstanding Sustainability-Linked Bonds before the Maturity Date on any one of the Interest Payment Dates indicated below (the “**Call Option Dates**”), or the immediately succeeding Business Day if such date is not a Business Day, in accordance with the following schedule:

Series F Bonds	
Call Option Dates	Call Option Price
Third (3 rd) anniversary of the Issue Date and every Interest Payment Date thereafter before the fourth (4 th) anniversary of the Issue Date	100.5%

⁶ Low-cost and medium-cost housing are considered affordable housing in the Philippines since their definitions (determined by price ceilings) are under the purview of DHSUD, which is mandated to develop and adopt a national strategy to address the provision of adequate and affordable housing for all Filipinos.

Series G Bonds	
Call Option Dates	Call Option Price
Fifth (5 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the sixth (6 th) anniversary of the Issue Date	101.0%
Sixth (6 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the seventh (7 th) anniversary of the Issue Date	100.5%

Series H Bonds	
Call Option Dates	Call Option Price
Seventh (7 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the eighth (8 th) anniversary of the Issue Date	101.5%
Eighth (8 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the ninth (9 th) anniversary of the Issue Date	101.0%
Ninth (9 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the tenth (10 th) anniversary of the Issue Date	100.5%

provided, that if the relevant Call Option Date falls on a day that is not a Business Day, then the payment of the Call Option Price shall be made by the Issuer on the next Business Day, without adjustment to the amount of interest and Call Option Price to be paid. For the avoidance of doubt, the Bondholders shall not have any right to cause the Issuer to redeem the Series F Bonds, Series G Bonds, and Series H Bonds pursuant to this Call Option.

The amount payable to the Bondholders in respect of any such redemption shall be calculated as the sum of (i) the Call Option Price applied to the principal amount of the then outstanding Sustainability-Linked Bonds being redeemed and (ii) all accrued interest on the Sustainability-Linked Bonds as of the Call Option Date.

The Issuer shall give no more than sixty (60) nor less than thirty (30) days' prior written notice to the Trustee, Registrar and Paying Agent of its intention to redeem the Series F Bonds, Series G Bonds, or Series H Bonds, which notice shall be irrevocable and binding upon the Issuer to effect such early redemption of the Series F Bonds, Series G Bonds or Series H Bonds on the Call Option Date stated in such notice. Upon receipt by the Trustee of such notice, the Trustee through the Issuer shall secure from the Registrar and Paying Agent an updated list of Bondholders as of the Record Date indicated in the notice from the Issuer and provide written notices to all registered Bondholders of the intended early redemption. Each Bondholder in whose name the Series F Bonds, Series G Bonds, or Series H Bonds subject of the early redemption are registered in the Registry of Bondholders at the close of business on the relevant Record

Date shall be entitled to receive the interest and Call Option Price. The Issuer shall pay the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

**Early Redemption for
Taxation Reasons**

If payments under a series of or all the Bonds become subject to additional or increased taxes other than the taxes and rates of such taxes prevailing on the Issue Date as a result of certain changes in law, rule or regulation, or in the interpretation thereof, and such additional or increased rate of such tax cannot be avoided by use of reasonable measures available to the Issuer, the Issuer may redeem the relevant Bond series in whole or all the Bonds in whole, and not in part only, on any Interest Payment Date at 100% of face value and paid together with the accrued interest thereon, provided the Issuer has given not more than sixty (60) nor less than thirty (30) days' prior written notice to the Trustee, Registrar and Paying Agent, and subject to the requirements of Applicable Law. If the Issuer does not redeem the relevant Bond series or all the Bonds then all payments of principal and interest in respect of the Bonds shall be made free and clear of, and without withholding or deduction for, any such new or additional taxes, duties, assessments or governmental charges, unless such withholding or deduction is required by Applicable Law. In that event, the Issuer shall pay to the Bondholders concerned such additional amount as will result in the receipt by such Bondholders of such amounts as would have been received by them had no such withholding or deduction for new or additional taxes been required.

Upon receipt by the Trustee of the above written notice from the Issuer, the Trustee through the Issuer shall secure from the Registrar an updated list of Bondholders as of the Record Date indicated in the notice from the Issuer and provide written notices to all registered Bondholders of the intended early redemption. Each Bondholder in whose name the Bonds subject of the early redemption is registered in the Registry of Bondholders at the close of business on the relevant Record Date shall be entitled to receive the principal of the Bonds subject of the early redemption and the interest accrued thereon. The Issuer shall pay the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

For the avoidance of doubt, the Issuer shall not, in any case, be liable for Excluded Taxes. Please see "*Description of Bonds – Payment of Additional Amounts – Taxation*" for the enumeration of Excluded Taxes.

**Early Redemption by
Reason of Change in
Law or Circumstance**

Each of the following events shall be considered as a change in law or circumstances ("**Change in Law or Circumstance**") as it refers to the obligations of the Issuer and to the rights and interests of the Bondholders under the Trust Agreement and the Bonds:

- (a) Any government and/or non-government consent, license, authorization, registration, or approval now or hereafter necessary to enable the Issuer to comply with its obligations under the Trust Agreement or the Bonds shall be modified in a manner which, in the reasonable opinion of the Trustee, shall materially and adversely affect the ability of the Issuer to comply with such obligations, or shall be withdrawn or withheld.
- (b) Any provision of the Trust Agreement or any of the related documents is or shall become, for any reason, invalid, illegal or unenforceable to the extent that it shall become for any reason unlawful for the Issuer to give effect to its rights or obligations hereunder, or to enforce any provisions of the Trust Agreement or any of the related documents in whole or in part, or any law shall be introduced to prevent or restrain the performance by the parties

thereto of their obligations under the Trust Agreement or any other related documents.

- (c) Any concessions, permits, rights, franchise, or privileges required for the conduct of the business and operations of the Issuer shall be revoked, cancelled or otherwise terminated, or the free and continued use and exercise thereof shall be curtailed or prevented, in such manner as to materially and adversely affect the financial condition or operations of the Issuer.
- (d) The Republic of the Philippines or any competent authority thereof takes any action to suspend the whole or a substantial portion of the operations of the Issuer and to condemn, seize, nationalize, or appropriate (either with or without compensation) the Issuer or any material portion of its properties or assets, unless such act, deed or proceedings are contested in good faith by the Issuer.

If any one or more of the events enumerated as a Change in Law or Circumstance shall occur and be continuing for a period of thirty (30) days, the Majority Bondholders, by notice in writing delivered to the Issuer through the Trustee, after the lapse of the said thirty (30) day period, may declare the principal of the Bonds, including all accrued interest, net of applicable withholding taxes, and other charges thereon, if any, to be immediately due and payable, and upon such declaration the same shall be immediately due and payable, without any prepayment penalty, anything contained in the Trust Agreement to be documented or in the Bonds to the contrary notwithstanding, subject to the notice requirements under the discussion on “*Description of the Bonds – Notice of Default.*”

Early Redemption by Reason of Change of Control

Upon the occurrence of a Change of Control, Bondholders holding at least 2/3 of the outstanding principal amount of the Bonds may require the Issuer to redeem all (but not some) of the Bonds at 100% of face value, which shall be paid together with the accrued interest thereon. Within fifteen (15) days following a Change of Control, the Issuer shall notify the Trustee, which shall, in turn, notify the Bondholders (i) that a Change of Control has occurred and that the Bondholders holding at least 2/3 of the outstanding principal amount of the Bonds may require the Issuer to redeem all (and not some) of the Bonds; and (ii) the date set by the Issuer for such repurchase (which shall not be earlier than forty-five (45) days and no later than sixty (60) days from the date written notice is received by the Trustee). Failure by the Issuer to provide the notice to the Trustee of the occurrence of such Change of Control shall be without prejudice to the Trustee providing the notice to the Bondholders as contemplated in this paragraph.

The decision of the Bondholders holding at least 2/3 of the outstanding principal amount of the Bonds under this section shall be conclusive and binding upon all the Bondholders.

“**Change of Control**” means AB Soberano Holdings Corp. ceasing to, whether directly or indirectly, have an aggregate economic interest of more than 50% in the Issuer or ceasing to have control over the Issuer.

Purchase and Cancellation

The Issuer may purchase the Bonds at any time in the open market or by tender or by contract, in accordance with PDEX Rules, as may be amended from time to time, without any obligation to make pro rata purchases from all the Bondholders. Bonds so purchased shall be redeemed and cancelled and may not be re-issued.

Upon listing of the Bonds in the PDEX, the Issuer shall disclose any such transaction in accordance with the applicable PDEX disclosure rules.

Status of the Bonds	The Bonds shall constitute the direct, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank <i>pari passu</i> and ratably without any preference or priority amongst themselves and at least <i>pari passu</i> with all other present and future unsubordinated and unsecured indebtedness of the Issuer, contingent or otherwise, other than indebtedness mandatorily preferred by operation of law and not by contract, and preferred claims under any bankruptcy, insolvency, reorganization, moratorium, liquidation or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity (but not the preference or priority established by Article 2244(14)(a) of the Civil Code of the Philippines), but in the event of insolvency, such financial obligations shall be absolute and unconditional only to the extent permitted by Applicable Law relating to creditors' rights generally.
Negative Pledge	The Issuer shall not, without the consent of the Majority Bondholders, permit any indebtedness for borrowed money to be secured by or to benefit from any mortgage, pledge, lien or encumbrance constituted on any of the Issuer's properties for the purpose of securing its or its Affiliate's obligation in favor of any creditor or class of creditors without providing the Bondholders with the same kind or class of security, the benefit of which is extended equally or ratably among them to secure the Bonds, provided that the foregoing restrictions shall not apply to any Permitted Liens.
Financial Covenants of the Issuer	From the date of the Trust Agreement and for as long as the Bonds or any portion thereof remains outstanding, and unless the Majority Bondholders shall otherwise consent in writing, the Issuer undertakes to maintain the following financial ratios, with testing to be done on an annual basis: (a) a Debt-to-Equity Ratio not exceeding 2.5:1; (b) a Current Ratio of at least 1:1; and (c) an Interest Coverage Ratio of at least 3:1. Please see discussion under the "<i>Description of the Bonds – Financial Covenants</i>" for the definitions of the above ratios and other terms relating to these financial covenants of the Issuer.
No Sinking Fund	The Issuer has not established and currently does not intend to establish a sinking fund for the payment of the Bonds.
Taxation	Interest income on the Bonds is subject to a withholding tax at rates of between 10% and 25% depending on the tax status of the relevant Bondholder under relevant law, regulation, or tax treaty. Except for such withholding tax and as otherwise provided, all payments of principal and interest are to be made free and clear of any deductions or withholding for or on account of any present or future taxes or duties imposed by or on behalf of the Philippines, including, but not limited to, issue, registration or any similar tax or other taxes and duties, including interest and penalties, if any. If such taxes or duties are imposed, the same shall be for the account of the Issuer; provided however that, the Issuer shall not be liable for the following ("Excluded Taxes"): (a) The withholding tax applicable on interest earned on the Bonds prescribed under the Tax Code, as amended, and its implementing rules and regulations as may be in effect from time to time; provided, further, that all Bondholders are required to provide the Issuer through the Bondholders' Joint Lead Underwriter and Joint Bookrunner, or PDEX Trading Participant and endorsed to the

Registrar and Paying Agent their validly issued tax identification numbers, issued by the BIR;

- (b) Gross Receipts Tax under Section 121 and 122 of the Tax Code;
- (c) Taxes on the overall income of any securities dealer or Bondholder, whether or not subject to withholding;
- (d) VAT under Sections 106 to 108 of the Tax Code; and
- (e) Any applicable taxes on any subsequent sale or transfer of the Bonds by any holder which shall be for the account of such holder (or its buyer, as the holder and the buyer may have agreed upon).

Documentary stamp tax for the primary issue of the Bonds and the execution of the Bond Agreements, if any, shall be for the Issuer's account.

Please see the section on "*Taxation*" for a more detailed discussion on the tax consequences of the acquisition, ownership, and disposition of the Bonds.

Bond Rating

The Bonds have been rated PRS Aa plus with a Stable Outlook by PhilRatings on September 19, 2025.

The rating is subject to regular annual reviews, or more frequently as market developments may dictate, while the Bonds are outstanding.

Transfer of the Bonds

Trading of the Bonds will be coursed through a PDEX Trading Participant subject to the applicable PDEX rules and conventions. Trading, transfer and/or settlement of the Bonds shall be performed in accordance with the PDTC rules and procedures to be set by the Issuer and the Registrar. Upon any assignment of the Bonds, title thereto will pass by recording of the transfer from the transferor to the transferee in the Registry of Bondholders to be maintained by the Registrar.

For a detailed discussion on transfer of the bonds, please refer to the section on "*Description of the Bonds – Transfer of the Bonds*".

Own Risk

Investment in the Bonds is not covered by the Philippine Deposit Insurance Corporation. Any loss or depreciation in the value of the assets of the Bondholders, resulting from the investments or reinvestment in the Bonds and the regular conduct of the Trustee's trust business shall be for the account of the Bondholder.

Please refer to the section on "*Risk Factors*" which, while not intended to be an exhaustive enumeration of all risks, must be considered in connection with a purchase of the Bonds.

RISK FACTORS AND OTHER CONSIDERATIONS

GENERAL RISK WARNING

An investment in the Bonds involves a number of risks. Prospective investors should carefully consider the risks described below, in addition to other information contained in this Offer Supplement, including the Company's financial statements and notes relating thereto, before making any investment decision relating to the Bonds. These factors, which are of equal importance and are organized in no particular order, may be summarized into those that pertain to the business and operations of the Company, those that pertain to the overall political, economic, and business environment in the Philippines, and those that pertain to the Bonds.

This section does not purport to disclose all of the risks and other significant aspects of investing in Bonds. Investors deal in a range of investments each of which may carry a different level of risk. Investors should seek professional advice regarding any aspect of the securities such as the nature of the risks involved in the trading of the securities or if he or she is uncertain of, or has not understood, any aspect of the securities to invest in or the nature of risks involved in trading of securities, especially those classified as high-risk securities. Investors should undertake independent research regarding the Company and the trading of securities before commencing any trading activity and may request all publicly available information regarding the Company and the Bonds from the SEC or may check the Company's Disclosures with the PDEx and at the PSE EDGE.

The price of securities can and does fluctuate, and any individual security may experience upward or downward movements and may even become valueless. There is an inherent risk that losses may be incurred rather than profit made as a result of buying and selling securities.

The Company's past performance is not an indication of its future performance. There is an extra risk of losing money when securities are bought from smaller companies. There may be a big difference between the buying price and the selling price of these securities. The occurrence of any of the events discussed below and any additional risks and uncertainties not presently known to the Company or are currently considered immaterial could have a material adverse effect on the Company's business, result of operations, financial condition, and prospects, and could cause the market price of the Bonds to fall significantly and investors may lose all or part of their investment.

To mitigate the risks identified below, the Company shall continue to adopt what it considers conservative, financial and operational controls and policies within the context of the prevailing business, economic, and political environments taking into consideration the interests of its customers, stockholders and creditors.

With the SEC's issuance of Memorandum Circular No. 12, series of 2025, it mainly impacts the timing and process of selling securities by extending the maximum validity of a shelf registration to five years (from the previous three years). While the circular itself aims to increase flexibility and efficiency in the capital market, it does not eliminate the fundamental risks associated with investing in securities.

RISKS RELATED TO THE COMPANY

There is heightened competition among local and national players where the Company is operating and expanding. Competition for the acquisition of land for new projects could adversely affect the Company's business.

The Company's future growth and development are dependent, in part, on its ability to acquire or enter into agreements to develop additional tracts of land suitable for the Company's planned real estate projects. When the Company and its competitors attempt to locate sites for development, the Company may experience difficulty in locating parcels of land of suitable size in locations and at prices acceptable to the Company. In the event the Company is unable to acquire suitable land at acceptable prices, with reasonable returns, or at all, its growth prospects could be limited, and its business and results of operations could be adversely affected.

The Company faces tough competition from a number of local and national players that take advantage of the growing real estate market in Cebu. For residential projects, CLI competes with Ayala Land,

Inc., Filinvest Land, Federal Land, Taft Properties, Primary Homes, Aboitiz Land and a host of other local and national players. For commercial developments and office space leasing, the Company faces Ayala Land, Inc., Primary Structures Corporation, Skyrise Realty and Development Corporation, Megaworld, Inc. and other players as its competitors in addressing the demand for office buildings of the fast-growing BPO industry and retail spaces.

Nevertheless, CLI has been able to establish itself as Cebu's leading local housing developer due to its strong track record in the five (5) main market segments, namely, high-end, mid-market, economic, affordable and socialized housing. Thus, the Company can tailor-fit its residential developments not only to achieve the best use of a property but also to ensure its optimal market acceptance. This has enabled CLI to sell its projects at a higher velocity, turn over quickly on its developments, and move swiftly from pre-selling to construction and delivery. CLI's consistently high sales performance is enabled by innovative sales and marketing strategies, which allows itself to bring products to the market faster than the competition with the commanding support of its over 11,000-strong real estate broker and agent network.

In order to gain further versatility, the Company has also diversified into commercial, leisure, hospitality, and industrial developments. With CLI's growing local leadership and expertise in various real estate product offerings, the Company believes it will be able to sustain its growth amidst heightened competition.

The Company's limited landbank inventory compared to other developers is deliberate. CLI's thrust is to immediately develop a property once acquired and, after completion, to quickly turn over the same to the buyers to achieve faster financial gains and to ensure efficient use of capital.

The Company emphasizes creating shareholder value by being opportunistic with investments and being judicious in its deployment of capital. Decisions on capital expenditures, whether financed by equity or debt, are made with a priority on generating a strong return on investment in a measurable and realistic timeframe. Having too large a landbank would necessarily mean that much capital is devoted to holding non-revenue generating assets while incurring cost of debt or equity. Much in the same way that capital-efficient firms employ a 'just-in-time' system to efficiently utilize capital, CLI chooses only to raise capital when it can confidently forecast and execute a project with a reasonable rate of return.

Nevertheless, despite the heightened competition for land in Cebu and VisMin, the Company does not find any substantial difficulty in acquiring target properties. The Company's local connections in VisMin and familiarity with the people and the territories where it is operating enable CLI to attract reverse inquiries for possible JVs with landowners or offers for sale of properties. The Company will continue to open its doors to JV partnerships and to work on the success of its current JVs and projects in order to retain its good reputation in the territories where it is operating.

The Company's business is affected by various regulations in the Philippines.

CLI operates a material part of its businesses in a highly regulated environment. CLI's business is subject to numerous environmental laws and regulations relating to the protection of the environment and human health and safety. These include laws and regulations governing air emissions, water and wastewater discharges, odor emissions, and the management and disposal of, and exposure to, hazardous materials. The Company cannot predict what environmental or health and safety legislation or regulations will be amended or enacted in the future; how existing or future laws or regulations will be enforced, administered or interpreted; or the amount of future expenditures that it may be required to comply with these environmental or health and safety laws or regulations or to respond to environmental claims.

In addition, CLI is required to obtain licenses to sell before making sales or other dispositions of housing and condominium units. For more information on the environmental laws and other regulations affecting the Company's operations, please see discussion on the section on "*Regulatory Framework*" on page 269.

Project permits and any license to sell ("**LTS**") may be suspended, cancelled, or revoked by the DHSUD, the Human Settlements Adjudication Commission of the Philippines ("**HSAC**"), or by the

courts upon its own initiative or upon complaint from an interested party, and there can be no assurance that the Company will receive the requisite approvals or licenses, or that such permits, approvals or licenses will not be cancelled or suspended. Any of the foregoing circumstances or events could affect the Company's ability to complete projects on time, within budget or at all, and could have a material adverse effect on its financial condition and results of operations.

Moreover, the Company has incurred, and expects to continue to incur, operating costs to comply with such laws and regulations. Further changes to the applicable governmental laws and regulations, fiscal policies and zoning ordinances will result in additional costs of compliance for the Company.

CLI, through its construction and property management arms, keeps itself abreast of the latest technologies that enable it to implement existing sanitation, environment and safety laws and regulations at cost-efficient means. It also continuously exerts earnest efforts to secure and maintain all relevant and material permits and licenses required under such laws and regulations for its subdivision and condominium projects. The Company also practices and adheres to a strong compliance culture and maintains positive relationships with regulatory and local government agencies.

The Company's business may be adversely affected by major political and economic developments, such as the Russia-Ukraine war, Israel-Hamas war, and recent developments in the Middle East.

The ongoing Russia-Ukraine war and other conflicts arising in the Middle East heavily impact global oil market, threatening oil supply from these major oil producers of the world. Sanctions and export controls against Russia have constrained oil exports contributing to tighter global supply and higher prices. Instability in the Middle East with the Israel-Palestine conflict and Houthi attacks in the Red Sea also raises the risk of supply chain disruptions in critical oil-producing regions. Since these countries are major producers of petroleum, the discontinuance of petroleum supply from any of them would mean that the global supply has decreased. Disruptions to the flow of petroleum to the supply chain drive prices up, making costs of inputs much more expensive.

While the Philippines and the other Southeast Asian countries have limited dependency on these countries, the ensuing global sanctions adversely impact Philippine economic conditions. Food and fuel prices steadily pushed up since the last quarter of 2023.

While the Company is not directly affected, this would mean increased construction costs (cost of steel, cement, and other construction materials), and thus, a slower takeout of completed units, which would most likely lead to lower reservation sales of new projects.

Further, CLI's business is highly susceptible to major international political and economic shocks, even those seemingly distant, like developments in the US economy and the Palestine-Israel conflict, due to the country's deep reliance on global flows. A slowdown or recession in the US immediately affects one of the main drivers of Philippine real estate demand: Overseas Filipino Workers (OFWs). Any economic stress in the US, where a significant number of Filipinos work, could dampen the flow of remittances, which are critical for funding up to 60% of low-to-mid-range housing purchases. A drop in remittances translates directly to fewer sales, higher unsold inventory, and ultimately, a cash flow squeeze for developers. The Palestine and Israel issue compounds this risk primarily through its impact on the global energy market. Heightened tension in the Middle East consistently causes oil price spikes, which the Philippines, as a net oil importer, immediately feels as surging domestic inflation and higher transport and construction costs.

The entry of new government leaders for both local and national positions from the recent May 2025 election marks a transition from familiar procedures to possibly new procedural policies. This may mean delays in permits or title processing which could trigger delays in project completion, which could lead to project compliance issues with financing partners who require specific project milestones. CLI actively manages this risk by ensuring good working relations and proactive communications with any new administration, national and local, to ensure continued support for the real estate industry and the Company.

The Company's revenue contribution from its current portfolio is composed of approximately 98% properties for sale and 2% recurring income projects.

For over two decades, CLI has grown from a humble beginning in Balamban to a fully integrated real estate developer (“RED”). The diversified portfolio spans residences, offices, retail spaces, hotels, mixed-use developments, and townships across VisMin. In the high-end residential segment, Premier Masters, featuring projects like Base Line Premier, 38 Park Avenue Costa Mira Mactan and Panglao, and The Wave towers offers world-class living in prime urban locations. The Garden Series, including Mivela Garden, Mandtra Residences and Velmiro Greens Bohol, caters to the middle market. Casa Mira targets the economic housing sector, while Villa Casita serves socialized housing. To address affordable housing demand, CLI introduced the Mirani brand, launching Mirani Steps in Danao in June 2023.

CLI has completed 46 residential projects across Cebu, Bacolod, Cagayan de Oro, and Davao, expanding beyond its native Cebu with MesaVerte Garden Residences in 2020. Noteworthy projects like MesaTierra Garden Residences, MesaVirre Garden Residences A & B, and 38 Park Avenue were finalized in 2021 and 2022. As of June 30, 2025, the Company's completed projects are 98% sold-out, with only ₱3.72 billion remaining in inventory in terms of sales value. Of the ongoing projects, 51 are residential developments and one is an office condominium, with a total project sales value of ₱97.89 billion. These projects have 23,020 units of which 92% were already sold and the aggregate sales value of remaining inventory amounts to ₱9.59 billion.

While CLI strengthens recurring income assets, currently about 2% of its portfolio, the company strategically positions for growth in this sector over the next five years. CLI aims for a target mix of 90% residential developments and 10% recurring income projects, showcasing its commitment to a balanced business strategy.

The Company is new to some regional markets including Gensan, Butuan and Luzon.

Despite the Company's robust track record and successful projects in Cebu, CLI may face challenges in executing its business expansion plans and strategies, especially concerning new projects and ventures in other regional markets. There is no guarantee that CLI's future projects will be completed and sold as planned, similar to its real estate offerings in Cebu. Additionally, there is no assurance that the uptake for its new developments will remain robust. However, the Company is confident in its ability to successfully penetrate new markets using the project templates that have made it the leading developer in Cebu.

In 2015, CLI initiated its regional expansion by launching MesaVerte Residences in CDO, a mid-market condominium offering three 15-storey residential towers that nearly sold out in less than a year of pre-selling. The Company introduced its mid-market horizontal project, Velmiro Uptown CDO, in the same city in 2018, featuring a master plan with 396 units to meet the housing demand in the area. In 2016, CLI established its presence in Davao with the launch of MesaTierra Garden Residences, a 22-storey residential condominium.

In 2017, CLI strengthened its market presence in Davao through two new JVs to develop Paragon Center and Davao Global Township, a 22-ha estate project. The Company expanded from Negros Oriental to Negros Occidental by launching MesaVirre Garden Residences, a three-tower residential condominium project in Bacolod City. In 2020, CLI entered Bohol and Iloilo with the successful launch of Velmiro Greens Bohol and Casa Mira Iloilo, respectively. In the same year, CLI launched Casa Mira Dumaguete, Casa Mira Towers LPU, and Casa Mira Coast in Negros Oriental. In 2021, the Company introduced Casa Mira Ormoc in Leyte, expanding its presence to Eastern Visayas.

In 2023, CLI launched Casa Mira Towers in Palawan and further expanded by purchasing properties in Butuan City and General Santos City. In 2024, CLI launched its first project in Butuan City, Casa Mira Butuan. In June 2025, Casa Mira Gensan pioneered the company's first solar-powered ready houses, which recorded 85% sell-out rate days after launching. The Company has strategic land acquisitions lined up in greater Cebu, Bacolod, CDO, and Davao, with new expansion areas such as Pasig City in Luzon. CLI continues to pursue its aggressive plans to establish and deliver quality developments across the VisMin region and its first project soon in Luzon.

During the six months of 2025, Mindanao emerged as the leading revenue contributor for real estate,

accounting for 43% of the total, followed by Cebu at 31% and the Visayas (excluding Cebu) at 26%. The rise in revenue share outside Cebu was supported by new projects such as Velmiro Heights Davao, Casa Mira Homes Butuan, Casa Mira Homes Davao, Mindara Residences, East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan, and Costa Mira Beach Panglao.

The Philippine property market is cyclical.

The Company expects to derive a substantial portion of its revenue from the current and future portfolio of residential and mixed-use development projects. Accordingly, the Company is dependent on the state of the Philippine property market. The Philippine property market has in the past been cyclical and property values have been affected by the supply of and demand for comparable properties, the rate of economic growth in the Philippines, and political and social developments.

While the Company has no control over the property market, this risk is mitigated by the fact that constructions for the Company's projects are generally completed in a fraction of the time taken for comparable-sized projects by other developers. Construction normally begins immediately once properties are acquired in the normal course of business. There remains a significant backlog of housing units in the economic and socialized housing segments in which the Company competes. There is also a growing demand for office spaces to cater to the booming BPO business in Cebu, which is now considered one of the top outsourcing destinations in the world. Financing facilities for buyers in the housing segment have become widely available from financial institutions. Lastly, the Company believes that its reputation as a quality home builder and RED, coupled with value-for-money project developments, will help it withstand the cut-throat competition in the Philippine property market.

Given the current geographic concentration of the Company's real estate sales, the Company's results of operations would suffer if the residential housing and land development industry in the Company's current markets decline.

A significant portion of the Company's residential housing and land development business is located within Metro Cebu. As a consequence of this, any prolonged economic downturn in this market could have a material adverse effect on the Company's business, results of operations and financial condition.

To further cushion the impact of stiff competition in Metro Cebu, the Company is expanding project developments to other centers of growth in CDO, Davao, Dumaguete, Iloilo, Bacolod, Butuan, and Gensan. The Company remains steadfast in maintaining its market leadership in the VisMin region, with an eye for opportunities in entering the Luzon market.

The Company might be at risk of being exposed to housing price bubbles.

With the aggressiveness in the real estate sector developments in the country, a steep rise in property prices was observed. A housing price bubble occurs when demand for property suddenly decreases when the supply of real estate property increases. The rapid upsurge in asset prices might result in an eventual decline in prices as markets recalibrate. In addition, housing price bubble may also happen when speculative investing, which is ubiquitous in China, Hong Kong, and Singapore, is apparent. To counter that, the demand registered in the local sector is backed by demands from end-users rather than speculative buyers. This, in turn, diminishes the probability of having asset price bubbles since real estate properties are not bought as investments but for residential purposes.

The Company is confident in the efforts of the BSP to control inflation and prevent the formation of asset bubbles in real estate. In addition, the Company operates and competes in a market segment where there remains a significant backlog of housing units for end-users comprising of low-income and middle-income households. By doing so, the Company is catering to a market segment which has a particular and real housing need. Moreover, the Company is growing its recurring income with its commercial and office developments, upcoming hospitality business and foray into commercial lots development, to mitigate the effects of a possible housing price bubble.

Increased inflation, fluctuations in interest rates, and changes in the Philippine government's borrowing patterns and Government regulations could have a material adverse effect on the Company's and its customers' ability to obtain financing.

Changes in interest rates, the Philippine government's fiscal policy and lending regulations, among other events and conditions, could have a material adverse effect on the Company and on the demand for its products.

With the bank lending cap imposed by the BSP on the real estate sector, the Company's access to capital and its cost of financing become limited. Once the single borrower limit of its current or preferred bank or banks is reached, the Company may encounter difficulty in obtaining financing on the same or similar commercial terms from other banks.

A sustainable increase in inflation in the country might push the cost of raw materials upward, which the Company may not be able to pass on to its customers or to its contractors, e.g., by having them absorb raw material costs. In the event the Government substantially increases its borrowing levels in the domestic currency market, the interest rates charged by banks and other financial institutions are likely to increase and effectively reduce the amount of bank financing available to both prospective property purchasers and REDs, including the Company. Since a substantial portion of real estate customers avail themselves of financing, through either Pag-IBIG financing or through commercial banks under home mortgage lines, to fund their property purchases, higher interest is expected to be observed which would make purchases of real estate more expensive, and consequently would affect demand for the Company's residential projects.

The existence of any of the abovementioned events, or any combination thereof, or of any similar events could have an adverse effect on the Company's business, financial condition, and results of operations.

The Philippine government, specifically the BSP, has introduced measures to monitor the real estate sector. Its intervention would help the market become resilient and sustainable.

The Company prudently manages its balance sheet, and its gearing and leverage ratios are all within or better than industry standards, giving it flexibility to obtain additional bank financing. The Company also does not offer in-house financing, so there is no additional interest rate exposure on that front with the company.

The real estate sector is capital intensive, and this factor may cause difficulty for the Company to readily raise the necessary capital to acquire new land or complete existing projects. It also has a naturally multi-year cash cycle that goes through a negative operating cash flow period for most of its cycle before realizing a cumulative positive cash outcome for each project.

The Philippines' real estate sector requires a substantial amount of capital to acquire land for development, complete existing projects, and commence construction on new developments. The Company has deployed ₱13.3 billion in capital projects in 2024, with 73.4% allocated to project development, 18.5% for investment properties, and the remaining portion for existing lot payments.

As of September 2025, CLI has a total land bank of 187.5 ha. Cebu accounts for the largest share at 58.2% (109.2 ha), following the recent acquisition in Liloan. Mindanao follows with 25.3% (47.5 ha), while the rest of Visayas comprises 14.6% (27.4 ha). The remaining 1.8% is in Metro Manila, which will be utilized for CLI's first project in Luzon, with its launch targeted by end-2026. To further expand in Luzon, CLI is pursuing land acquisitions in Cavite, Batangas, Laguna, Bulacan, Pampanga, and Rizal.

The Company has relied on internally generated funds and external financing for its land banking expenditures and real estate development programs. Due to the capital-intensive nature of the real estate industry, it is inevitable that developers will need external support to finance their projects. Failure to obtain the requisite funds could delay or prevent the acquisition of land, completion of ongoing projects or commencement of new projects, which could materially and adversely affect the Company's reputation, financial condition, and results of operations.

To mitigate this risk, the Company cultivates strong relationships with its partner banks and has always demonstrated caution in its financial management as it strives to be efficient and effective in utilizing its

capital. The Company also enters into strategic JV partnerships which enable it to position its developments in strategic and prime locations, as its JV partners either contribute the land or share in the acquisition cost and the Company takes charge of the property development and project management which in turn lowers cash outlay requirements and increases equity for the consolidated business.

Moreover, the Company ensures a high sales turnover of its real estate projects through its industry-leading sales support teams in VisMin. With over 82 sales support personnel, this team collaborates, coordinates and supports over 11,000 strong accredited brokers through various agent networks, which includes licensed brokers, sales agents/list of all sellers, as of June 30, 2025. This would involve the Company employing a value for money philosophy which creates a larger demand for its real estate developments in comparison to competitors.

With the Company's projects being 92% sold out on average, it can earn assurance of returning capital to investors, and making a profit and ultimately generating a positive cumulative cashflow for its projects. As long as the Company's projects make a healthy margin, and have a high-sales take up, a negative operating cashflow during early project development is an inherent feature of the business model that can be addressed with prudent capital profile matching and sufficient revolving funds to monetize the profitability of projects.

A portion of demand for the Company's products is from overseas Filipinos, which exposes the Company to risks relating to the performance of the economies of the countries where these potential customers are located.

Sales to overseas Filipinos, including overseas Filipino workers ("OFWs") and Filipino expatriates who comprise 30% of the Company's buyers, generate a significant portion of the demand for the Company's housing and land development projects. A number of factors could lead to reduced remittances from OFWs, reduced number of overseas Filipinos, or reduced purchasing power of overseas Filipinos. These factors are:

- an appreciation of the Philippine peso, which would result in decreased value of the other currencies transmitted by overseas Filipinos;
- any difficulties in the repatriation of funds;
- a downturn in the economic performance of the countries and regions where a significant number of these potential customers and supporters are located such as the United States, Middle East, Italy, United Kingdom, Singapore, Hong Kong, and Japan;
- a change in Government regulations that currently exempt the income of OFWs from taxation in the Philippines;
- the imposition of restrictions by the Government on the deployment of OFWs to particular countries or regions such as the Middle East; and
- restrictions imposed by other countries on the entry or the continued employment of foreign workers.

Any of these events could adversely affect demand for the Company's projects from overseas Filipinos, which could have a material adverse effect on the Company's business, financial condition, and results of operations.

OFW remittances reached a record-high of US\$38.34 billion in 2024, a 3% increase from the previous year's US\$37.21 billion, according to the BSP. Thus, it is expected that the demand for the Company's housing and land development projects from overseas Filipinos and their families will continue to enjoy stable financing from OFW remittances.

This risk can be managed by ensuring that the Company has several other sales channels and that none of its projects are solely reliant on overseas sales in order for it to be viable. Overseas sales are but one part of a broad market that the Company taps. And while overseas demand adds to the overall sales strategy of the Company, it is not the only one. As evidenced during the height of the pandemic when remittances were reduced and there was heightened uncertainty regarding the economic and financial situation of many OFWs, sales to overseas Filipinos declined as a share of the Company's total sales but its overall sales still increased as it was able to sell more into the deep domestic markets of VisMin.

The Company engages third-party brokers and agents to sell its residential housing, residential condominium, office condominium, and condotel projects.

The Company uses third-party brokers to market and sell its various real estate offerings to potential customers. If these brokers do not meet their requisite sales targets, the Company's business, financial condition, and results of operations could be adversely affected. Moreover, there is competition for the services of third-party brokers in the Philippines and many of the Company's competitors may attempt to recruit brokers away from the Company. If a large number of these third-party brokers were to cease selling for the Company, the Company would be required to seek other external brokers, and there can be no assurance that the Company could do so quickly or in sufficient numbers.

Nevertheless, CLI has maintained a very professional and harmonious working relationship with its extensive brokerage network, which is over 11,000 strong and supported by CLI's over 82 sales support personnel. All brokers and agents must secure accreditation from CLI as this allows the Company to properly screen, monitor and onboard these third-party brokers and agents. As part of its quality commitment, CLI schedules weekly product knowledge seminars, which provide a comprehensive orientation per project. These seminars equip brokers and agents with the latest project data and give them greater confidence in the diverse offerings of the Company. With inventory in almost all residential segments and its growing commercial portfolio, these third-party brokers are able to offer more enticing options to their potential buyers. The Company has also pioneered various incentive programs for its brokers, which have paved the way for multiple and repeat selling efforts from individual sellers and brokerages.

Cancellation of sales involving the Company's projects could adversely affect its business, financial condition, and results of operations.

As a developer and seller of residential real estate, the Company's business, financial condition, and results of operations could be adversely affected in the event a material number of subdivision and condominium unit sales are cancelled. While the Company saw an increased cancellation rate from 4.96% in 2022 to 6.02% in 2023, this trend has since reversed, with the rate declining to 4.31% in 2024 and further to 4.09% as of June 2025.

Regarding delinquencies, the rate significantly improved from 3.82% in 2022 to 1.15% in 2023 following a major thrust to maintain only healthy, paying accounts after discontinuing lenient terms granted during the pandemic. The delinquency rate has since normalized, registering at 2.58% for the full year 2024 and standing at 2.16% as of June 2025. Though there can be no assurance that the Company will not experience a material number of cancellations in the future, should it happen, it will have a material adverse effect on the Company's business, financial condition, and results of operations.

To prevent cancellations, the Company ensures value for its customers' money with its competitive pricing, quality locations, planning and design, generous amenities, timely and quality construction, well-established customer care, and after-sales and property management support. Furthermore, to minimize the risk of cancellations, the Company targets a prudent mix of clients, the bulk of which are OFWs and employed professionals and employees. Additionally, the Company markets its brand across several markets in several regions of the world and OFWs comprise 30% of its buyers. The Company aims to diversify its market further in order to avoid excessive dependency on a particular geographic location of buyers.

The Company enjoys certain tax exemptions and incentives, the loss of which may increase the Company's tax liability and decrease future Company profits.

The Company benefits from Philippine tax law and regulations which exempt sales of house and lot, and other residential dwellings with selling price of ₱3,600,000.00 or less from the 12% VAT pursuant to Bureau of Internal Revenue ("BIR") Revenue Regulations No. 1-2024, further amending BIR Revenue Regulations No. 4-2021, as amended by BIR Revenue Regulations No. 8-2021.

The Company also has registered a number of its projects with the Board of Investments ("BOI"), which has allowed such projects to enjoy certain tax incentives. The Company's sales of its BOI-registered mass housing projects with a price ceiling of ₱3.00 million and below are not subject to corporate income

tax.⁷ The Company's projects that qualify for the income tax holiday are described elsewhere in this Offer Supplement.

There is no guarantee that the Company's future development projects will be able to benefit from the income tax holiday ("ITH") benefits administered by the BOI, or that the BOI registrations or certifications to receive such benefits will not be delayed or denied. The delay or absence of this ITH entitlement on any of the Company's future development projects could have an adverse effect on the Company's results of operations.

The Company regularly obtains tax advisories from expert consultants to keep it updated on the best tax compliance practices. CLI ensures compliance with all the requirements for its tax exemptions or benefits to be able to continue the enjoyment of such benefits.

Natural catastrophes may affect the Company's business adversely.

The Philippines has experienced a number of major natural catastrophes over the years, including typhoons, floods, volcanic eruptions, and earthquakes. The occurrence of such natural catastrophes may materially disrupt and adversely affect the business operations, cause damage to the Company's projects, or result in work stoppages or delay construction and project delivery.

Although there can be no assurance that it will be adequately compensated for all damages and economic losses resulting from certain natural catastrophes, the Company maintains comprehensive insurance against natural catastrophes to cover its various developments.

Titles over land owned by the Company may be contested by third parties.

While the Philippines has adopted a system of land registration which is intended to conclusively confirm land ownership, and which is binding on all persons (including the Philippine government), it is not uncommon for third parties to claim ownership of land which has already been registered and over which a title has been issued to another person or entity. The Company, from time to time, may be required to defend itself against third parties who claim to be the rightful owners of land.

The Company generally conducts extensive title searches to determine the authenticity of titles to land offered to it before it acquires any parcel of land. It traces back titles of prospective properties up to the last three significant partitions or ownership transfer and then performs an exhaustive background check of the persons or parties involved in these transactions, especially their court records. It likewise conducts its own topographical and technical surveys of these properties to verify the accuracy of technical descriptions and the correctness of all boundaries. Furthermore, the Company investigates the existence of any prevailing liens or tax obligations which may adversely affect its ownership rights to properties to be acquired.

The Company's reputation will be adversely affected if its projects are not completed on time or if its projects do not meet customers' requirements.

The Company's reputation will be negatively affected if any of its projects carry construction or infrastructure failures, design flaws, significant project delays or quality control issues. Any reputational deterioration may consequently make it more difficult for the Company to attract new buyers to its future projects, to command a higher selling price or to sell its housing and land development projects.

As local companies and industries continue to grapple with the challenges that came with the extended pandemic, CLI seized this opportunity by breaking ground on new projects and continuing its construction operations.

Moreover, the Company believes that it has inherent strengths in engineering, project planning and execution. With over 200 engineers in its roster, CLI handles the project and construction management aspect of every project and manages the various contractors and sub-contractors that are utilized. As the project manager, CLI controls the delivery of its projects with priority on promptness, quality, and professionalism. CLI does not have any in-house construction or any affiliated general contracting

⁷ BOI MC No. 2023-005 dated September 7, 2023

business.

Independent contractors may not always be available or may not be able to meet the Company's quality standards, or complete projects on time or within budget, and may encounter difficulties which will result in a delay of the project.

The Company relies on various general and specialty independent contractors with both local and national experience to provide various construction services, including land clearing and infrastructure development. Should its independent contractors become unable to perform the contracted scope of work or are unable to sufficiently meet the Company's demands and project requirements, these will result in delays in the project completion and delivery to customers.

Although the Company's personnel work closely with its independent contractors, there can be no assurance that the services rendered by any of its independent contractors will always match the Company's quality standards or will comply with government requirements and regulations relevant to their contracted scope of work.

Independent contractors may also experience financial or other difficulties such as insolvency, shortages or price increase of construction materials, work site accidents or labor issues, any of which could delay the completion or increase the project costs. Violations by the independent contractor of their government permits and licenses, or their failure to obtain such permits and licenses, may also affect the progress of the projects they are engaged to work on.

Any of these factors will have a negative effect on the Company's reputation and make it more difficult to attract new customers to its new and existing development projects and have a material adverse effect on the Company's business, financial condition and results of operations.

To mitigate this risk, the Company takes on an active role as project managers in supervising each phase of the construction of its projects. The Company also plans to put up its own construction arm in the future.

Construction defects and other building-related claims may be asserted against the Company, and the Company may be subject to liability for such claims.

Philippine law provides that property developers warrant the structural integrity of condominium units, buildings, resorts, and other structures designed or built by them for a period of fifteen (15) years from the date of completion. The Company may also be held responsible for hidden (*i.e.*, latent or non-observable) defects in a housing unit sold by it when such hidden defects render the unit unfit for the use for which it was intended or when its fitness for such use is diminished to the extent that the buyer would not have acquired it or would have paid a lower price had the buyer been aware of the hidden defect. This warranty may be enforced within six months from the delivery of the unit to the buyer. In addition, Presidential Decree No. 1096, or the National Building Code of the Philippines (the "**Building Code**"), governs, among others, the design and construction of buildings, as well as certain requirements and standards that must be complied with. The Company or its officials may be held liable for administrative fines or criminal penalties in case of any violation of the Building Code.

There can be no assurance that the Company will not be held liable for damages, the cost of repairs, and/or the expense of litigation surrounding possible claims, or that claims will not arise, out of uninsurable events, such as landslides or earthquakes, or circumstances not covered by the Company's insurance and not subject to effective indemnification agreements with the Company's contractors. Neither can there be any assurance that the contractors hired by the Company will be able to either correct any such defects or indemnify the Company for costs incurred by the Company to correct such defects. In the event a substantial number of claims arising from structural or construction defects arise, this could have a material adverse effect on the Company's reputation and on its business, financial condition and results of operations.

The Company has inherent strengths in engineering, project planning and execution. While the Company outsources the construction of its projects to third-party contractors, CLI actively takes charge of the technical planning, engineering, and project management of its developments. Part of its land acquisition process involves the determination of the technical suitability of potential properties to be

acquired for its projects. This includes the determination of any technical hindrances, via technical surveys, and the determination of applicable local government requirements, which may impair any development plans and such development's quality. Due to the Company's technical strengths and its strict adherence to its own high development standards and the requirements of the Building Code, it is able to properly control, and assure itself of, the quality and timely completion of its projects.

The Company relies on its key executives and officers and the members of the Soberano Family to manage business operations.

The Company's key executives and management have contributed to its success with their combined knowledge, experience, business relationship and expertise in the industry. Key executives and members of management of the Company include members of the Soberano family.

Aside from occupying key executive positions in the business, the members of the Soberano family also occupy key executive positions in the Company's Subsidiaries, JV companies and/or affiliates. Jose R. Soberano III is the Chairman and President of A.S. Fortuna Property Ventures, Inc. ("**ASF**"), Cebu Landmasters Property Management, Inc. ("**CLPM**"), CLI Premier Hotels Intl., Inc. ("**CPH**"), and CLI Hotels and Resorts Inc. ("**CHR**"), wholly owned subsidiaries, as well as El Camino Developers Cebu, Inc. ("**El Camino**"), CLI-LITE Panglao Inc. ("**CLI-LITE**"), Mivesa Garden Residences, Inc. ("**MGR**"), Cebu Homegrown Developers, Inc. ("**CHDI**"), Cebu Landmasters Foundation, Inc. ("**CLFI**") and Ming- Mori Development Corporation ("**MMDC**") which are JV affiliates of the Company. He also serves as Chairman of the Board of BL CBP Ventures, Inc. ("**BL Ventures**"), Yuson Excellence Soberano, Inc. ("**YES**"), Yuson Huang Excellence Soberano, Inc. ("**YHES**"), YHEST Realty and Development Corporation ("**YHEST**"), CCLI Premier Hotels, Inc. ("**CCLI**"), YHES Premier Hotels, Inc. ("**YHESPH**"), Cebu BL-Ramos Ventures, Inc. ("**CBLRV**"), GGTT Realty Corporation ("**GGTT**"), Icom Air Corporation ("**ICOM**"), Sugbo Prime Estates, Inc. ("**SPE**"), CLI NUD Ventures, Inc. ("**CLI NUD**"), CLI Mac Developers, Inc. ("**CLI Mac**"), and Cebu Luzon Ventures, Inc. ("**CLVI**") which are all JV affiliates of the Company, and a Director of another corporation, MagsPeak Nature Park, Inc. ("**MagsPeak**"). Meanwhile, Jose Franco B. Soberano is concurrently a Director and Corporate Secretary of CPH, ASF, CLPM, GGTT Realty Corporation, MMDC and CLI-LITE, while Ma. Rosario B. Soberano serves as Director and Treasurer of CPH, ASF, CLPM, Yuson Excellence Soberano, BL CBP Ventures, Inc., Cebu BL-Ramos Ventures, Inc., El Camino, YHES, YHEST, CCLI, YHESPH, CBLRV, and MMDC Corporation. All three key executives sit on the board of the parent company, AB Soberano Holdings Corp. ("**AB Soberano**").

There is no assurance that these other roles will not require significant time and commitment from the members of the Soberano Family which might reduce their time devoted to their current roles in the Company's business. If the Company loses the services of any such individuals or is unable to fill any other vacant key executive or management positions with qualified candidates, the business and operations of the Company may be adversely affected.

To minimize the risk, the Company maintains a competent and dynamic team of professional executives and managers engaged in the management of the business. Efforts to professionalize the Company over the last 21 years are evident as the Company has grown from two employees to a dynamic team of 1,277 employees instilled with the Company's brand of professional work ethics and strong corporate values as of June 30, 2025. The Company believes it maintains a positive and harmonious working relationship with its executives, members of senior management and other key officers.

It is possible that lawsuits might be filed against members of the Soberano Family and any such lawsuits might affect the Issuer's or any of its Subsidiaries' business reputation.

The Company is a party to a number of related party transactions.

As of the date of this Offer Supplement, the Company has outstanding related-party balances to and from its JVs, Homeowners' Associations and Condominium Corporations, and with key management personnel. These transactions are described under "*Related Party Transactions*" and the notes to the Company's audited consolidated financial statements appearing elsewhere in this Offer Supplement. The Company expects that it will continue to enter into transactions with companies directly or indirectly controlled by or associated with CLI's majority shareholders.

These transactions may involve potential conflicts of interest between the Company and the CLI majority shareholders in a number of other areas relating to its businesses, including:

- major business combinations involving the Company and/or its affiliates;
- plans to develop the respective businesses of the Company and/or its affiliates; and
- business opportunities that may be attractive to the CLI majority shareholders and the Company.

The Company can provide no assurance that its related-party transactions will not have a material adverse effect on its business or results of operations.

To mitigate this risk, the Company enters into related-party transactions at an arms-length basis. Moreover, CLI directors and key management personnel are mandated to abstain and/or inhibit themselves from participating in discussions on a particular agenda when they have conflict of interest. The Board RPT Committee, during its regular committee meetings, takes up and engages in the review and evaluation of RPT, including determination and resolution of potential conflicts of interest, if any. Quarterly RPT reports are presented by CLI's Chief Financial Officer ("**CFO**") and Compliance Officer, for information (if not breaching the RPT thresholds) and/or pre-approval (if breaching any of the RPT thresholds) of the Board RPT Committee. Matters approved by the RPT Committee are then endorsed for subsequent approval and/or ratification of CLI's Board of Directors.

CLI is fully compliant with the requirements under RR No. 19-2020 and RR No. 34-2020, including the submission of duly executed BIR Form 1709 (RPT Form) as an integral attachment to its Annual Income Tax Returns. Further thereto, CLI has engaged the services of third-party service providers for the drafting and execution of the requisite Transfer Pricing Documentation (TPD). These supplement the already robust RPT and Transfer Pricing policies and procedures of CLI, as spearheaded by its RPT Committee and Board of Directors

The Company may be involved in legal and other proceedings arising out of its operations from time to time, which may expose the Company to the risk of its assets being foreclosed or otherwise adversely affected.

The Company may, in the future, be involved in disputes involving the construction and operation of its properties such as contractual disputes with contractors, suppliers, and homeowners, or disputes involving property damage or personal liability claims from time to time. If these disputes occur, it may result in delays in the Company's project development schedule, incurring substantial costs, and the diversion of the Company's resources and management's attention. In the course of its operations, the Company may also have disagreements with regulatory bodies, or local government units ("**LGUs**") responsible for issuing the necessary permits or licenses for the Company's business, which may subject it to administrative proceedings and unfavorable decisions or result in fines or penalties and/or delay its projects. Should any of these occur, the Company's business, financial condition, results of operations and cash flows could be materially and adversely affected.

To mitigate the risk, the Company strives to maintain good relationships with customers, suppliers, contractors, regulators, and other parties it regularly deals with. This is evident in the fact that, at present, the Company is not involved in any material litigation. The Company also endeavors to amicably settle legal proceedings, resort to alternative methods of dispute resolution, and exhaust all legal remedies available.

There have been no material litigations and cases wherein the Company and/or its Subsidiaries and/or associates are involved in which a ruling did not favor the Company and, a result of such ruling, caused a material adverse effect on the Company's or such Subsidiary's financial condition and operations.

On March 11, 2024, CLI received a letter from Devlarn Ventures and Development Corporation ("**DVDC**") notifying it that it intends to enforce a statutory lien on the titles of the land where the exclusive beachfront community project is constructed.

This is a civil case filed by CLI against DVDC praying that DVDC be enjoined from doing any and all acts tending to unduly interfere with the business operations of CLI, particularly with the ongoing construction activities of its Costa Mira Beachtown Mactan project, and any adverse or prejudicial actions that will cause irreparable damage to CLI's goodwill and business reputation. The Register of

Deeds of Lapu-Lapu City is also impleaded as co-defendant to prevent it from annotating any adverse claim on CLI's titles covering the Costa Mira Beachtown Mactan project. Currently, the case is now awaiting court decision.

The Company may default on its financial obligations and other obligations under contracts to which it is a party, and a default in one may trigger other defaults and result in the acceleration of its obligations under such contracts.

The Company enters into material contracts with several parties in its ordinary course of business. These include construction contracts, supply contracts, bank loans, capital market transactions such as corporate notes issuance, among others. These contracts contain several provisions defining the Company's obligations as a party to these agreements, its representations and warranties, agreed covenants, events of default, among other things. The breach of these terms, if not remedied or cured, may trigger defaults or accelerations of obligations.

CLI is also subject to certain financial covenants under its loan agreements, among other covenants. Failure to comply with financial and other covenants could constitute an event of default, if irremediable or remediable but not remedied during the applicable grace period, if any. Upon the occurrence of an event of default, lenders may terminate the commitment, accelerate debt repayment, immediately apply set-off against any of the borrowers' assets held by the lenders in deposit or take other necessary and proper actions to protect their interests.

To mitigate this risk, the Company practices constant, and continuous vigilance up and down the organization to comply with its obligations, financial and otherwise. Specifically, for CLI's financial and other obligations, whose non-compliance may trigger a default, CLI regularly tests for compliance using targeted key performance indicators ("KPIs"), proactively manages its operations to monitor the trend and movements of such KPIs, and makes adjustments as necessary to its strategies to ensure conservative compliance on these conditions. CLI has also historically taken a prudent stance in managing its debt obligations by ensuring that any corporate act, whether or not performed in the ordinary course of business, does not violate any existing debt covenants. In the event that any significant corporate act or business transaction is seen to potentially affect its debt covenants that would lead to accelerating the payment of existing debt, CLI endeavors to obtain the necessary waivers in accordance with relevant debt agreement. CLI also endeavors to negotiate and agree on uniform sets of terms, covenants, events of default, and representations and warranties across all its material contracts and agreements in order to be efficient in its monitoring of such compliances.

The Company works with various JV partners for some of its projects, whose interest may differ from that of the Company's.

As part of its land acquisition and development strategy, the Company has entered into JVs, and may continue to do so for its future projects and undertakings.

The Company and its JV partners share in the project in proportion to their respective contribution, and the Company is typically appointed as project developer and project manager having direct control and primary supervision over the conduct, management, and operations of the project.

Because the JV partners or landowners may have economic or business interests that differ from the Company, the JV acquisitions and project developments involve additional risks. For example, JV partners or landowners may fail to meet their obligations and dispute the distribution of their JV shares or the management and supervision exercised by the Company over the project. In cases where JV partners contribute the land for the project, titles to the property in the name of JV landowners may still be contested by third parties which will affect the right to possess and develop such land. Any of the foregoing could have a material adverse effect on the Company's business, financial condition, and the results of its operations.

To reduce this risk, the Company conducts due diligence of its JV partners, and exclusively serves as the developer and project manager in all its JV undertakings.

The Company is exposed to information security or cybersecurity risk as it relies on technology which poses risks on data security, confidentiality, and availability.

Information Technology ("IT") is always evolving and has affected everyone with the way things are done. With these changes, cybersecurity risks have also emerged. The Company depends on a variety of automated systems to operate its business. Although the Company has implemented various IT-related improvement programs and installed new systems over the years, due to the continuously evolving nature of IT systems or IT issues, certain automated systems of the Company are or may be relatively outdated and less integrated than those of some companies of similar scale in the Philippines and abroad. As a result, there can be no assurance that the Company's information systems will achieve their intended benefits within the anticipated time frame efficiently or at all. Moreover, there can be no assurance that any new systems of the Company will not be rendered outdated in the near future due to rapid technological advancements.

Despite security measures, the Company's systems are potentially exposed to physical or electronic break-ins, computer viruses, piracy, hacking, phishing attacks, and other similar disruptive problems. Furthermore, the Company's operating activities could be subject to risks caused by misappropriation, misuse, leakage, falsification or accidental release or loss of information maintained in its IT systems and those of its third-party vendors, including customer, personnel, and vendor data.

The Company involves third parties to assist internal developers in the maintenance and development of information systems and software used during its day-to-day operations. If these third parties experience difficulties in meeting the Company's requirements or standards, it could have a negative impact on the Company's reputation or make it difficult for the Company to operate some aspects of its businesses. In certain cases, the Company has developed, and intends to develop, automated systems to replace third-party systems that the Company has used, and uses, in its operations.

Advances in computer capabilities, new discoveries in the field of cryptography or other events or developments could result in compromises or breaches of the applicable security systems and personal data stored in these systems. Anyone who circumvents the security measures on these systems could misappropriate the Company's confidential information or cause interruptions in its services or operations. The internet is a public network and data is sent over this network from many sources. In the past, computer viruses or software programs that disable or impair computers have been distributed and have rapidly spread over the internet. Computer viruses could be introduced into the Company's systems, or those of the third-party systems, which could disrupt the Company's operations or make its systems inaccessible to the third parties. The Company may be required to expend significant capital and other resources to protect against the threat of security breaches or to alleviate problems caused by breaches. The Company's security measures may be inadequate to prevent security breaches, and its business operations would be negatively impacted if security breaches were not prevented.

To mitigate this risk, the Company implements IT and security protocols to ensure that its systems are protected and functioning at all times. The Company also commits to protect and manage the security of confidential and sensitive information with the development of policies on compliance, IT security and data privacy. These have been put in place to mitigate risks by providing standard procedures and guidelines to ensure the protection of the Company's assets and information and the ability to respond and recover quickly. Improvements to system controls and streamlining of reports are also being implemented, with ongoing system integrations being done for data accuracy improvement.

In addition, the Company aligns with all relevant national and local laws, regulations, and best business practices. A priority area, in line with the Data Privacy Act, is having a Breach and Security Incident Response Plan that addresses the protection of the company's business, stakeholders, critical systems, sensitive information, and network. The plan includes a breach response team, measures on prevention and minimizing occurrence of breach and security incidents, procedure on recovery and restoration of critical data; notification protocol, and documentation and reporting of breaches or security incidents.

The Company is exposed to asset stranding risk.

The Company's unsold inventory and landbank could become obsolete and stranded, due to the changing market dynamics of real estate. The Company continues to develop real estate projects that are projected to have a very strong demand upon launch and up to turnover.

Unexpected and unpredictable “black swan” events, such as COVID-19, could render these assets to not be as saleable or attractive to the market as the Company has initially projected them to be. A good example is office spaces, where the market outlook turned from very strong demand pre-COVID to a very weak demand during COVID. Industries have also shifted to a more flexible and mobile work arrangements that may lessen the need for traditional office spaces.

To navigate this risk, the Company conducts market surveys to gauge the demand for potential project launches, pre-sells its projects to lock in sales and not have a long gap between design and project concept versus market take-up, and proactively adjusts pricing, selling, and even ownership strategies for unsold units.

Global initiatives to transition to a low-carbon economy pose a risk that previously valuable assets will lose their value prematurely. These assets are typically those used in relation to carbon-intensive industries. Given the nature of its real estate business, the Company believes that there is a very low risk that any of its material assets will become stranded as a result of a transition to a low-carbon economy. Nonetheless, the Company actively monitors relevant global and local developments, technological innovations, regulations, and stakeholder perceptions to anticipate any transition risk to the Company. Where such risks emerge, the Company will adopt appropriate strategies to ensure that they are adequately managed.

The Company is also exposed to emerging risks.

Embedded in the risk management process is the continuous identification and monitoring of emerging risks. These are newly developing risks that cannot yet be fully assessed (due to high uncertainty) but could have a major impact on the organization in the future. These potential risks could be triggered by the fast-changing landscapes in the political, economic, social, technological, environmental, and legal facets surrounding the Company’s operations.

Such risks are captured and validated in the Company’s annual risk assessment process and during the environmental scans of the strategic planning and annual organizational planning process of the Company and are subjected to further study by subject matter experts. These emerging risks are reported and discussed as part of the Group Risk Management Council and Board Risk and Reputation Management Committee regular agenda.

RISKS RELATED TO THE PHILIPPINES

Economic Considerations

In the past, the Philippines has experienced periods of slow or negative growth, high inflation, significant devaluation of the Philippine currency, imposition of exchange controls, debt restructuring and electricity shortages and blackouts.

The regional Asian financial crisis in 1997 resulted in, among others, the depreciation of the Philippine peso, higher interest rates, slower growth, and a reduction in the country’s credit ratings. Since the Asian financial crisis, the country experienced a ballooning budget deficit, volatile exchange rates and a relatively weak banking sector.

To mitigate the abovementioned risks, CLI shall continue to adopt what it considers conservative financial and operational controls and policies within the context of the prevailing business and economic environment, taking into consideration the interests of its customers, stakeholders, and creditors.

Political Considerations

The Philippines has from time to time experienced severe political and social instability, including acts of political violence. For example, in 2001, allegations of corruption against former President Joseph Estrada resulted in protracted televised impeachment proceedings against him. These proceedings were followed by widespread street demonstrations and a public withdrawal of support for Estrada by the military that eventually forced Estrada to resign. On July 27, 2003, over 270 military officers and soldiers conducted an unsuccessful *coup d’état* against Estrada’s successor, President Gloria

Macapagal-Arroyo, due to allegations of corruption. After the May 2004 elections, President Arroyo was re-elected, but persistent accusations of corruption and electoral fraud were made against Arroyo during her second term. On February 24, 2006, another attempted *coup d'état* led President Arroyo to issue Proclamation 1017 (Proclamation declaring a State of National Emergency), which was criticized as a virtual declaration of martial law and portions of it were later declared unconstitutional by the Supreme Court of the Philippines. On November 29, 2007, Senator Antonio Trillanes IV, a leader of the 2003 *coup d'état* who was elected to the Senate while in jail, led an armed occupation by military officers and soldiers of a luxury hotel in the Makati financial district and publicly called for President Arroyo's ouster. Senator Trillanes and his troops later surrendered.

On November 23, 2009, in the southern island of Mindanao's Maguindanao province, approximately 100 armed men allegedly affiliated with the Ampatuan political family murdered 58 persons, including members of the Mangudadatu family (the Ampatuans' political rivals in the province), lawyers, journalists and aides accompanying them, and motorists whose vehicles were behind the Mangudadatus' vehicles. This was the deadliest incident of political violence and of violence directed at journalists in recent history and President Arroyo sent hundreds of troops to and declared martial law over Maguindanao after the incident, although martial law was subsequently lifted. On December 12, 2011, the Philippine House of Representatives initiated impeachment proceedings against Renato Corona, Chief Justice of the Supreme Court of the Philippines. The impeachment complaint accused Corona of improperly issuing decisions that favored former President Arroyo, as well as failure to disclose certain properties, in violation of rules applicable to all public employees and officials. The trial of Chief Justice Corona began in January 2012. On May 29, 2012, the impeachment court found Corona guilty of failing to disclose to the public his statement of assets, liabilities and net worth and removed Corona from his position as Chief Justice of the Supreme Court of the Philippines.

Moreover, during of the term of the former President Rodrigo R. Duterte, thousands were reportedly killed in his so-called war on drugs. These drug-related killings became subject to legislative inquiries. As a result of the legislative inquiries, the Senate Committees on Justice and Human Right and on Public Order and Dangerous Drugs released a Joint Committee Report No. 18 on December 7, 2017, raising standards of accountability while expressing support for the war against illegal drugs and criminality within boundaries of the law. In addition, the International Criminal Court has authorized a full investigation into alleged crimes against humanity committed in the conduct of the drug war. This investigation has since advanced to the issuance of an arrest warrant against, and actual arrest of, former President Duterte. These developments have further heightened political sensitivities, intensified debates over sovereignty and international jurisdiction, and could materially influence the country's political and institutional stability.

In 2018, the Supreme Court, in a historic first, ousted Chief Justice Maria Lourdes Sereno as a result of a *quo warranto* petition filed by the Solicitor General. The Supreme Court held that Chief Justice Sereno failed to regularly file her Statements of Assets, Liabilities, and Net Worth in violation of Constitutional and statutory requirements, thus being ineligible to be Chief Justice for lack of integrity. The ousted Chief Justice was widely perceived to have been hostile to the Duterte administration.

In May 2022, Ferdinand "Bongbong" Marcos, Jr. was elected President of the Philippines in a landslide victory where he obtained 31.6 million votes. Meanwhile, Sara Duterte, daughter of former President Rodrigo Duterte, was elected Vice-President of the Philippines after garnering 32.2 million votes. The election of Bongbong Marcos came 36 years after the 1986 People Power Revolution that ousted his father and late strongman Ferdinand Marcos and drove the Marcos family into exile. Despite his electoral win, petitions seeking to disqualify Bongbong Marcos as President were elevated to the Supreme Court but was eventually dismissed.

Separately, the government has also faced scrutiny over major infrastructure initiatives, including recent legislative probes into alleged irregularities in the implementation of flood control projects. Questions over funding, transparency, and accountability in such projects have fueled criticism of government agencies and have the potential to trigger further investigations and political instability.

There is no guarantee that future events will not cause political instability in the Philippines. Such instability may disrupt the country and its economy and could materially and adversely affect the business, prospects, financial condition, and financial results of operations of the Company.

To mitigate this risk, CLI has always remained politically neutral. It has been business as usual for the Company because most, if not all, elected leaders – local or national – have supported housing as a project.

Furthermore, the pervasive political issue of corruption in government infrastructure projects, specifically to flood control projects within the Department of Public Works and Highways (DPWH) may severely and adversely affect the Company's business.

The failure of substandard or "ghost" flood control projects dramatically increases the flood risk and insurance costs for private developments. The Company's newly completed projects may be structurally sound, but its market value and saleability plunge immediately if the surrounding area floods repeatedly due to a failed or non-existent government drainage system. This diminishes demand, increases buyer risk aversion, and leads to higher unsold inventory. As regards the completed projects, such situation exposes the Company to complaints from buyers. Moreover, the government's response to the scandal—frequent investigations, leadership changes, and temporary budget freezes—causes regulatory and bureaucratic slowdowns. Simple procedures like securing building permits, occupancy permits, and utility clearances become longer and more complex as government personnel become extremely cautious or paralyzed by fear of reprisal, leading to project delays that may drastically increase the Company's holding costs and push back revenue recognition. Thus, government corruption, even in public works, creates a triple threat of physical risk, financial inflation, and operational paralysis for the private real estate sector.

Terrorist acts, crimes, natural disasters and outbreaks of infectious diseases or fears of such occurrences in the Philippines

The Philippines has been subject to a number of terrorist attacks in the past several years. The Philippine Army has been in conflict with the Abu Sayyaf organization which has been responsible for kidnapping and terrorist activities in the Philippines and is alleged to have ties to the Al-Qaeda terrorist network. There have also been sporadic bombings and prominent kidnappings and slayings of foreigners in the Philippines, including the hijacking of a tourist bus carrying Hong Kong tourists that resulted in the deaths of several passengers. On September 2, 2016, an explosion rocked a night market in Davao City, leading to the death of at least 14 people and injuries to over 60 people. As a result of the bombing, the former President Duterte declared a state of lawlessness in the country. The most recent terrorist activity occurred on December 28, 2016 where two explosions occurred during a town fiesta in Hilongos, Leyte, leaving at least 34 people injured.

There can be no assurance that the Philippines will not be subject to further acts of terrorism and violence in the future. Terrorist attacks have, in the past, had a material adverse effect on investment and confidence in, and the performance of, the Philippine economy and, in turn, the Company's business. The Company's current insurance policies do not cover terrorist attacks. Any terrorist attack or violent acts arising from, and leading to, instability and unrest, could cause interruption to parts of the Company's businesses and materially and adversely affect the Company's financial condition, results of operations and prospects.

The Philippines has experienced natural disasters over the years. A number of climate experts believe that climate change is affecting the intensity and severity of these natural calamities. The potential future effects of global climate change may include longer periods of drought in some regions and an increase in the number, duration and intensity of tropical storms in the country. Authorities may not be prepared or equipped to respond to such disasters.

On September 26, 2009, Typhoon Ketsana (Ondoy) resulted in 341.30 millimeters of rainfall in six hours, causing massive flooding that submerged several areas of Metro Manila and adjacent provinces. The typhoon caused 464 deaths and approximately ₱86.00 billion in property damage. On August 6, 2012, a monsoon hit Metro Manila and other nearby provinces which also caused severe flooding and landslides. Other calamities in recent years include unusually strong earthquakes and outbreaks of infectious diseases such as H1N1 influenza (commonly known as swine flu), as well as the COVID-19 pandemic.

In December 2011, Typhoon Washi (Sendong) caused massive flooding in the southern Philippine city of Cagayan de Oro, claiming thousands of lives and displacing tens of thousands of residents. On

December 5, 2012, Typhoon Bopha struck the southern island of Mindanao as a Category 5 typhoon, triggering widespread flash flooding and landslides throughout the region. Typhoon Bopha killed over 1,000 people and caused an estimated ₱42.00 billion in property damage.

In October 2013, an earthquake occurred in Central Visayas, Philippines. The magnitude of the earthquake was recorded at moment magnitude 7.2 at the epicenter, which was located six kilometers southwest of Sagbayan town, at a depth of 12 kilometers. The seismic event affected the whole Central Visayas region, particularly Bohol and Cebu. According to official reports by the National Disaster Risk Reduction and Management Council, 198 people were reported dead, 11 were missing, and 651 were injured as a result of the earthquake, making it the deadliest earthquake in the Philippines in 23 years. In all, more than 53,000 structures were damaged or destroyed, including commercial buildings, malls, public edifices, hotels and churches. On February 10, 2017, a magnitude 6.7 earthquake hit Surigao City, Surigao del Norte in Northern Mindanao. Buildings, roads, and bridges near the epicenter area were damaged and six people were reported dead, and over a hundred injured.

In addition, the central Philippines experienced a severe typhoon, Typhoon Haiyan (Yolanda), in November 2013 which caused extensive damage to infrastructure and properties, claimed 6,268 lives and displaced thousands of residents.

In January 2020, Taal Volcano erupted and caused millions of pesos worth of damage and displaced thousands of families.

In December 2021, Super Typhoon Odette brought about heavy rains and landslides in several provinces in the VisMin, causing ₱47.00 billion worth of damage and affecting hundreds of thousands of families.

In November 2024, Typhoon Kristine struck Luzon and parts of the Visayas, bringing torrential rains and strong winds that resulted in widespread flooding, landslides, and significant damage to public infrastructure and private properties. Typhoon Kristine caused dozens of deaths, displaced hundreds of thousands of families, and inflicted billions of pesos in economic losses.

In August 2025, Typhoon Crising battered Mindanao, marking one of the strongest storms to hit the region in recent years. The typhoon caused flash floods, damaged agricultural lands, destroyed critical infrastructure, and forced the evacuation of thousands of residents. The government declared a state of calamity in several provinces, with recovery and rebuilding efforts expected to take months.

In September 2025, a powerful earthquake with magnitude of 6.9 struck near Bogu City located in the northern part of Cebu. It has been reported as one of the strongest earthquakes ever recorded in the region claiming more than 70 lives and destroying many infrastructures. A little over a month after the earthquake, a destructive typhoon hit the province of Cebu (as well as other parts of the country) bringing more destruction.

It is not possible to predict the extent to which the Company's business will be affected by any future occurrences of natural calamities such as those described above or fears that such occurrences will take place, and there can be no assurance that any disruption to its business will not be protracted, that property will not be damaged and that any such damage will be completely covered by insurance or at all. Any such occurrence may disrupt the operations of the Company's business and could materially and adversely affect their business, financial condition, and results of operations. Further, any such occurrences may also destabilize the Philippine economy and business environment, which could also materially and adversely affect the Company's financial position and results of operations.

To mitigate this risk, CLI has a risk and disaster team in place (*i.e.*, fire marshals and dedicated safety officers). CLI's accounting data is already in the cloud. CLI has back-up systems set up in several offices where it may transfer if warranted by the circumstances.

RISKS RELATING TO THE BONDS

An active or liquid trading market for the Bonds may not develop.

The Philippine securities markets are substantially smaller, less liquid, and more concentrated than

major securities markets. The Company cannot guarantee that the market for the Bonds will always be active or liquid. Even if the Bonds are listed on the PDEX, trading in securities such as the Bonds may be subject to extreme volatility at times, in response to fluctuating interest rates, developments in local and international capital markets, and the overall market for debt securities among other factors. There is no assurance that the Bonds may be easily disposed at prices and volumes at instances best deemed appropriate by their holders.

The Company has applied for the listing of the Bonds on the PDEX. Purchasers of the Bonds will be required to pay for such Bonds prior to the issuance and listing of such Bonds. However, there is no assurance that such a listing will be achieved or whether such a listing will materially affect the liquidity of the Bonds on the secondary market. Such listing will be subject to the Company's execution of a listing agreement with PDEX that may require the Company to make certain disclosures, undertakings, and payments on an ongoing basis.

The Company strives to provide timely and accurate submissions to and maintains a clear line of communication with PDEX.

Holders of the Bonds may experience liquidity issues and potential loss of principal value if the Bonds are sold at the secondary market.

The market for the Bonds may be small and may not be liquid. As with all fixed income securities, the Bonds' market values may move (either up or down) depending on the change in interest rates. Ordinarily, the value of fixed income instruments is inversely affected by interest rates. If interest rates increase following the Issue Date, the value of Bonds on the secondary market would generally be expected to decrease, all other things being equal, since the Bonds would then bear a comparatively a lower interest rate as against other instruments of the same tenor reflecting such new interest rates following such an increase in rates. Global events such as the Ukraine-Russia war and the Israel-Gaza-Iran-Lebanon Palestine war may give rise to increased volatility for instruments such as the Bonds in the secondary market that may result in the decrease in the market value of the Bonds or liquidity issues that may prevent the disposal of the Bonds. No assurance can be given regarding the liquidity of the market of Philippine debt instruments in general. Such liquidity fluctuations may also arise as a result of temporary exchange closures, defaults, clearing system shut-downs, settlement delays, strikes or civil unrest, among other things. Accordingly, there can be no assurance that a holder of the Bonds will be able to dispose of such instruments or direct the sale of the Bonds through the PDEX, at prices or at times at which such holder would wish to do so, or at all.

As active trading of the Bonds is highly dependent on the bondholders, the Company has no control over this risk. However, the Company actively cooperates in efforts aimed at improving the capital markets in the Philippines.

Holders of the Bonds may be unable to reinvest the proceeds of their Bonds following redemption by the Issuer.

The Issuer shall have the right, but not the obligation, to redeem in whole (and not in part), any outstanding Series F Bonds, Series G Bonds, or Series H Bonds on the relevant Call Option Dates. In the event that the Company exercises this option, the relevant series of the securities, such as the Bonds will be redeemed and the Company will pay the amounts to which holders would be entitled. The date on which the Issuer elects to redeem the Bonds may not accord with the preference of individual holders of the securities. This may be disadvantageous to them in light of market conditions or their individual circumstances. Following such redemption and payment, there can be no assurance that investors in the redeemed Bonds will be able to re-invest such amounts in securities that would offer a comparative or better yield or terms, at such time.

Thus, each potential investor in the Bonds must determine the suitability of an investment in Bonds in light of its own circumstances. In particular, each potential investor should: (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in this Offer Supplement; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where

the currency for principal or interest payments is different from the potential investor's currency; (iv) understand thoroughly the terms of the Bonds and be familiar with the behavior of any relevant financial markets; and (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate, foreign exchange rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Bonds may not be able to retain their credit rating.

There is no assurance that the rating of the Bonds will be retained throughout the life of the Bonds. The rating is not a recommendation to buy, sell, or hold securities and may be subject to revision, suspension, or withdrawal at any time by the assigning rating organization.

Thus, each potential investor in the Bonds must determine the suitability of an investment in Bonds in light of its own circumstances as discussed above.

The Bonds have no preference under Article 2244(14) of the Civil Code of the Philippines.

No other loan or other debt facility currently or to be entered into by the Company shall have preference of priority over the Bonds as accorded to public instruments under Article 2244(14) of the Civil Code of the Philippines, and all banks and lenders under any such loans or facilities that are notarized have waived the right to the benefit of any such preference or priority.

Thus, each potential investor in the Bonds must determine the suitability of an investment in Bonds in light of its own circumstances as discussed above.

Risk relating to investors seeking exposure to sustainability-linked assets.

Although the Sustainability-Linked Bonds are issued as sustainability-linked bonds, with the interest rate relating to the Sustainability-Linked Bonds being subject to an upward adjustment in the event the Issuer fails to achieve one or both Sustainability Performance Targets, the Sustainability-Linked Bonds may not satisfy an investor's requirements or any future legal, quasi legal or other standards for investment in assets with sustainability characteristics. In particular, the Sustainability-Linked Bonds are not being marketed as "social bonds" or "sustainability bonds" as the net proceeds of the issue of the Sustainability-Linked Bonds will be used by the Issuer to finance project development, refinance CLI's maturing obligations in 2025 and for general corporate purposes, among others.

The Issuer does not commit to (i) allocate the net proceeds specifically to projects or business activities meeting sustainability criteria or (ii) be subject to any other limitations or requirements that may be associated with social bonds or sustainability bonds in any particular market.

Further, there can be no assurance of the extent to which the Issuer will be successful in achieving the one or both Sustainability Performance Targets or in maintaining levels under such targets, or that any future investments the Issuers makes in furtherance of these targets will meet investor expectations or any binding or nonbinding legal standards regarding sustainability performance, whether by any present or future applicable law or regulations or by our own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact. Adverse environmental or social impacts may occur during the design, construction and operation of any investments the Issuer makes in furtherance of these targets. It will not be an event of default under the Sustainability-Linked Bonds nor will the Issuer be required to repurchase or redeem the Sustainability-Linked Bonds if they fail to satisfy the Sustainability Performance Targets as of the respective Target Measurement Dates.

No assurance or representation is given by the Issuer as to the suitability or reliability for any purpose whatsoever of any opinion or similar validation of any third party (whether or not solicited by the Issuer) that may be made available in connection with the Issuer's Sustainability-Linked Financing Framework or the Sustainability-Linked Bonds to fulfill any green, social, sustainability, sustainability-linked and/or other criteria.

For the avoidance of doubt, any such opinion is not and shall not be deemed to be incorporated into and/or form part of this Offer Supplement. Any such opinion is not, nor should be deemed to be, a

recommendation by the Issuer or any other person to buy, sell or hold the Sustainability-Linked Bonds. Any such opinion is only current as of the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion and/or the information contained therein and/or the provider of such opinion for the purpose of any investment in the Sustainability-Linked Bonds. Currently, the providers of such opinions are not subject to any specific regulatory or other regime or oversight. Any withdrawal of any such opinion or any additional opinion or statement that the Issuer is not in compliance in whole or in part with any matters for which such opinion is opining may have a material adverse effect on the value of the Sustainability-Linked Bonds and/or result in adverse consequences for certain investors with mandates to invest in securities to be used for a particular purpose.

Potential contingencies relating to the Interest Rate Step-Up

According to the Terms and Conditions of the Sustainability-Linked Bonds, the Original Interest Rate may be increased by 0.075% for each occurrence of a Trigger Event. If the External Verification Provider determines in its verification assurance report that both Sustainability Performance Targets are met on the relevant Target Observation Dates, then the applicable Interest Rate shall remain equal to the Original Interest Rate.

DETERMINATION OF OFFER PRICE

The Bonds shall be issued at 100% of face value. The Original Interest Rate of the Bonds is based on the simple average of the four (4)-year, seven (7)-year and ten (10)-year BVAL Reference Rates as published on the relevant page of Bloomberg at approximately 5:00 p.m. (Philippine Standard Time), for three (3) consecutive Business Days immediately preceding and ending on the interest rate setting date, plus the relevant credit spread for the Series F Bonds, Series G Bonds, and Series H Bonds.

PLAN OF DISTRIBUTION

The Offer

CLI shall issue the Bonds under the Debt Securities Program to institutional and retail investors in the Philippines through a public offering, on a lump-sum basis, to be conducted through the Joint Lead Underwriters and Joint Bookrunners. The Offer does not include an international offering. The Bonds will be issued by CLI pursuant to the Terms and Conditions of the Bonds on the Issue Date.

The Offer will consist of the primary offer of SEC-Registered, Philippine Peso-denominated sustainability-linked bonds, consisting of Series F Bonds due 2029, Series G Bonds due in 2032 and Series H Bonds due 2035, with a base offer of ₱3,000,000,000.00 and with an oversubscription option of up to ₱2,000,000,000.00.

On September 23, 2022, the SEC issued an Order rendering effective the Registration Statement of the Company in connection with the offer and sale to the public of Securities under the Debt Securities Program to be issued in one or more Tranches within a three (3)-year period from its effectivity. Pursuant thereto, on October 7, 2022, the Company issued fixed-rate bonds with an aggregate principal amount of ₱5.00 billion as the first tranche of the Debt Securities Program. Subsequently, on March 21, 2025, the Company issued its inaugural sustainability-linked bonds with an aggregate principal amount of ₱5.00 billion as the second tranche of the Debt Securities Program.

On September 19, 2025, the SEC issued Memorandum Circular No. 12, Series of 2025, which extended the validity period of shelf registrations from three (3) years to five (5) years from its effectivity. The circular applies to all approved, valid, and subsisting shelf registration statements as of its effectivity date. Accordingly, the validity of the Company's Registration Statement for its Debt Securities Program has been extended from September 23, 2025 to September 23, 2027.

The Underwriting Commitment

Chinabank Capital, pursuant to an Underwriting Agreement with CLI executed on or about the date of this Offer Supplement, has agreed to act as the Issue Manager for the Offer. Under the same Underwriting Agreement, Chinabank Capital, BPI Capital, PNB Capital and RCBC Capital have agreed to act as Joint Lead Underwriters and Joint Bookrunners for the Offer. The Joint Lead Underwriters and Joint Bookrunners have agreed to distribute and sell the Bonds at the Issue Price and have also committed to underwrite the Bonds on the amounts indicated in the table below, on a firm commitment basis, subject to the satisfaction of certain conditions provided in the Underwriting Agreement and in consideration of certain fees and expenses.

For the Offer of the Bonds, the Joint Lead Underwriters and Joint Bookrunners will, in the aggregate, receive a fee of approximately up to ₱12.63 million for the Base Offer or up to a maximum of ₱21.05 million assuming full exercise of the Oversubscription Option or 0.4210530% of the aggregate principal amount of the Bonds. The Joint Lead Underwriters and Joint Bookrunners have committed jointly, and not solidarily, to underwrite the following amounts on a firm basis:

Joint Lead Underwriters and Joint Bookrunners	Underwriting Commitment
Chinabank Capital	₱750,000,000.00
BPI Capital	₱750,000,000.00
PNB Capital	₱750,000,000.00
RCBC Capital	₱750,000,000.00
Total	₱3,000,000,000.00

There is no arrangement for the Joint Lead Underwriters and Joint Bookrunners to return any unsold Bonds to the Issuer. The Underwriting Agreement may be terminated in certain circumstances prior to payment being made to the Issuer of the net proceeds of the Offer. In case the Underwriting Agreement is terminated, the Issuer and the Joint Lead Underwriters and Joint Bookrunners shall notify the SEC of the termination and their subsequent course of action.

The obligations and liabilities of the Joint Lead Underwriters and Joint Bookrunners under the Underwriting Agreement are joint and not solidary.

The Joint Lead Underwriters and Joint Bookrunners

The Joint Lead Underwriters and Joint Bookrunners identified in this Offer Supplement are the underwriters for the Offer in the amount of ₱3.00 billion under the Issuer's Debt Securities Program.

The Joint Lead Underwriters and Joint Bookrunners are duly licensed by the SEC to engage in underwriting or distribution of the Bonds. The Joint Lead Underwriters and Joint Bookrunners may, from time to time, engage in transactions with and perform services in the ordinary course of its business for the Issuer or any of its Subsidiaries.

Chinabank Capital is the wholly-owned investment banking subsidiary of China Banking Corporation. It was registered and licensed as an investment house on November 27, 2015, with SEC Company Registration No. CS201522558 and SEC Investment House License No. CR 01-2015-00279 (renewed on November 19, 2024), as a result of the spin-off of China Banking Corporation's Investment Banking Group. The firm offers a full suite of investment banking solutions that enable clients to achieve their fundraising objectives and strategic goals. The company's services include arranging, managing, and underwriting debt and equity transactions, such as bond offerings, corporate notes issuances, initial public offerings and follow-on offerings of common and preferred shares, private placement of securities, structured loans, project finance, real estate investment trusts, and asset securitizations. Chinabank Capital also provides financial advisory services, such as deal structuring, valuation, and execution of mergers, acquisitions, divestitures, joint ventures, and other corporate transactions. As of December 31, 2024, it has total assets of ₱4.06 billion and a capital base of ₱4.00 billion.

BPI Capital is a Philippine corporation organized in the Philippines as a wholly owned subsidiary of the Bank of the Philippine Islands. It obtained its license to operate as an investment house in 1994 and is licensed by the SEC to engage in underwriting and distribution of securities to the public with SEC Company Registration No. 0000065872 and SEC Investment House License No. CR 01-2008-00210 (renewed on November 29, 2024). It distributes both primary and secondary fixed income securities issued by the government and private sectors, including government securities as a Bureau of the Treasury-licensed government securities dealer (GSED). Over the years, it has consistently participated in the major primary bond offerings and other capital market issuances in the Philippines, including those by top corporations. As of December 31, 2024, its total assets amounted to ₱4.19 billion and its capital base amounted to ₱3.96 billion. It has an authorized capital stock of ₱506.44 million of which approximately ₱260.36 million represents its paid-up capital.

PNB Capital is a wholly-owned subsidiary of the Philippine National Bank, and offers a spectrum of investment banking services, including loan syndications and project finance, bond offerings, private placements, public offering of shares, securitization, financial advisory and mergers and acquisitions. It was incorporated on July 30, 1997 (SEC Certificate of Registration No. A199708720) and commenced operations on October 8, 1997. PNB Capital is licensed by the SEC to operate as an investment house with a non-quasi-banking license (SEC Investment House Registration No.: 01-2008-00234). As of December 31, 2024, it had an authorized capital of ₱2.0 billion and paid-up capital of ₱1.5 billion. PNB Capital is authorized to buy and sell, for its own account, securities issued by private corporations and the Philippine Government. As of December 31, 2024, total assets of PNB Capital were at ₱2.20 billion while total capital was at ₱2.10 billion.

RCBC Capital is a licensed investment house providing a complete range of capital raising and financial advisory services. Established in 1974, RCBC Capital has over 51 years of experience in the underwriting of equity, quasi-equity and debt securities, as well as in managing and arranging the syndication of loans, and in financial advisory. RCBC Capital is a wholly owned subsidiary of the Rizal Commercial Banking Corporation and a part of YGC, one of the country's largest fully integrated financial services conglomerates. As of December 31, 2024, it had total assets of ₱4.30 billion and a capital base of ₱3.50 billion.

The Joint Lead Underwriters and Joint Bookrunners have no direct relations with the Issuer in terms of ownership by either of their respective major stockholder/s and have no right to designate or nominate any member of the Board of Directors of the Issuer.

Sale and Distribution

The distribution and sale of the Bonds shall be undertaken by the Joint Lead Underwriters and Joint Bookrunners who shall sell and distribute the Bonds to third party buyers/investors. Other than the Joint Lead Underwriters and Joint Bookrunners, no finders or broker dealers were engaged by the Issuer or the Joint Lead Underwriters and Joint Bookrunners in connection with the sale of the Bonds. Nothing herein shall limit the rights of the Joint Lead Underwriters and Joint Bookrunners from purchasing the Bonds for their own respective accounts should there be any unsold Bonds after the Offer Period.

There are no persons to whom the Bonds are allocated or designated. The Bonds shall be offered to the public at large and without preference.

The obligations of each of the Joint Lead Underwriters and Joint Bookrunners will be several, and not solidary, and nothing in the Underwriting Agreement shall be deemed to create a partnership or joint venture between and among any of the Joint Lead Underwriters and Joint Bookrunners. Unless otherwise expressly provided in the Underwriting Agreement, the failure by a Joint Lead Underwriter and Joint Bookrunner to carry out its obligations thereunder shall neither relieve the other Joint Lead Underwriters and Joint Bookrunners of their obligations under the same Underwriting Agreement, nor shall any Joint Lead Underwriter and Joint Bookrunner be responsible for the obligation of another Underwriter.

Manner of Distribution

The Joint Lead Underwriters and Joint Bookrunners shall, at their discretion, determine the manner by which proposals for subscriptions to, and issuances of, Bonds shall be solicited, with the primary sale of Bonds to be effected only through the Joint Lead Underwriters and Joint Bookrunners.

Offer Period

The Offer Period shall commence at 9:00 a.m. on November 24, 2025 and end at 5:00 p.m. (Philippine Standard Time) on November 28, 2025, or on such other date as the Issuer and the Joint Lead Underwriters and Joint Bookrunners may agree upon.

Application to Purchase

The procedure set out in this section and set out elsewhere in this Offer Supplement should be read together with the more detailed procedure and other conditions set out in the Application to Purchase. Applicants may purchase the Bonds during the relevant Offer Period by submitting to the Joint Lead Underwriters and Joint Bookrunners properly completed Applications to Purchase, whether originally signed or electronically submitted through the e-Securities Issue Portal ("**e-SIP**"), together with all applicable supporting documentation in the prescribed form and submitted in the prescribed manner, with full payment of the Issue Price of the Bonds in the manner provided therein.

Corporate and institutional Applicants (including trust accounts) must also submit, in addition to the foregoing:

- (a) an original notarized certificate of the corporate secretary (or the managing director in case of a partnership) or an equivalent officer of the Applicant setting forth resolutions of the board of directors, partners, or equivalent body (i) authorizing the purchase of the Bonds indicated in the Application to Purchase, and (ii) designating the signatories, with their specimen signatures, for the said purposes;
- (b) Articles of Incorporation, By-Laws (or the Articles of Partnership in case of a partnership), and latest amendments thereof together with the Certificate of Incorporation issued by the SEC or other organizational documents issued by an equivalent government institution, stamped and signed as certified true copies by the SEC or the equivalent government institution, or by the corporate secretary, or by an equivalent officer(s) of the Applicant who is/are authorized signatory(ies);

- (c) two (2) duly accomplished signature cards containing the specimen signatures of the authorized signatories of the Applicant, validated by its corporate secretary or by an equivalent officer(s) who is/are authorized signatory(ies) (whose authority(ies) and specimen signatures will be submitted to the Registrar);
- (d) BIR Certificate of Registration showing the Applicant's Tax Identification Number;
- (e) identification document(s) of the authorized signatories of the Applicant, as specified in item (a) of the immediately succeeding paragraph below; and
- (f) such other documents as may be reasonably required by any of the Joint Lead Underwriters and Joint Bookrunners or the Registrar in the implementation of its internal policies regarding "know your customer", anti-money laundering, and combating the financing of terrorism.

Individual Applicants must also submit, in addition to accomplished Application to Purchase and its required attachments, the following:

- (a) a photocopy of any one of the following identification cards ("ID"), which should be valid, bear a recent photo, and not be expired: Philippine Identification Card (PhilID), Passport, Driver's License, Professional Regulation Commission ID, National Bureau of Investigation Clearance, Police Clearance, Postal ID, Voter's ID, Barangay Certification, Government Service Insurance System e-Card, Social Security System Card, Senior Citizen Card, Overseas Workers Welfare Administration ID, OFW ID, Seaman's Book, Alien Certification of Registration/Immigrant Certificate of Registration, Government Office and government-owned and controlled corporation ID, e.g., Armed Forces of the Philippines, Home Development Mutual Fund, Certification from the National Council for the Welfare of Disabled Persons, Department of Social Welfare and Development Certification, Integrated Bar of the Philippines ID, company IDs issued by private entities or institutions registered with or supervised or regulated either by the BSP, SEC or the Insurance Commission, or school ID duly signed by the principal or head of the school (for students who are beneficiaries of remittances/fund transfers who are not yet of voting age); or such other ID and documents as may be required or acceptable to the Joint Lead Underwriters and Joint Bookrunners or Registrar, which must be valid as of the date of the application;
- (b) two (2) duly accomplished signature cards containing the specimen signature of the Applicant;
- (c) validly issued Tax Identification Number issued by the BIR; and
- (d) such other documents as may be reasonably required by the Joint Lead Underwriters and Joint Bookrunners or the Registrar and Paying Agent in the implementation of their respective internal policies regarding "know your customer", anti-money laundering, and combating the financing of terrorism.

Applicants claiming exemption from any applicable tax, or entitlement to preferential tax rates shall be required to submit the requirements set out in paragraph 10.2 on "*Tax-Exempt Status or Entitlement to Preferential Tax Rate*" under the section "*Description of the Bonds*", subject to acceptance by the Issuer as being sufficient in form and substance.

Completed Applications to Purchase and corresponding payments (pursuant to the allowable modes of payment as set out in the Application to Purchase) must reach the Joint Lead Underwriters and Joint Bookrunners prior to the end of the Offer Period, or such earlier date as may be specified by the Joint Lead Underwriters and Joint Bookrunners. Acceptance by the Joint Lead Underwriters and Joint Bookrunners of the completed Application to Purchase shall be subject to the availability of the Bonds and the acceptance by the Issuer. In the event that any check payment is returned by the drawee bank for any reason whatsoever or the nominated bank account to be debited is invalid, the Application to Purchase shall be automatically cancelled and any prior acceptance of the Application to Purchase is deemed revoked.

The Application, once accepted by any of the Joint Lead Underwriters and Joint Bookrunners, shall constitute the duly executed purchase agreement covering the amount of the Bonds so accepted and shall be valid and binding on the Issuer and the Applicant. Once accepted, an Application may not be

unilaterally revoked or cancelled by the Applicant, in full or in part, and the rights and privileges pertaining thereto shall be non-transferable. Should an Application be accomplished electronically, as required and in accordance with the PDTC Rules and as authorized by the SEC, such Application shall govern and shall constitute as the duly executed purchase agreement so accepted and binding on the Issuer and the Applicant, whether directly executed by the Applicant or by any of the Joint Lead Underwriters and Joint Bookrunners, on behalf of such Applicant.

Minimum Purchase

A minimum purchase of Fifty Thousand Pesos (₱50,000.00) shall be considered for acceptance. Purchases in excess of the minimum shall be in multiples of Ten Thousand Pesos (₱10,000.00).

Rejection and Allotment of the Bonds

The Joint Lead Underwriters and Joint Bookrunners, in consultation with the Issuer, reserve the right to accept, in whole or in part, or reject an Application. If the Bonds are insufficient to satisfy all Applications to Purchase, the available Bonds shall be allotted at the discretion of the Joint Lead Underwriters and Joint Bookrunners, in consultation with the Issuer, and without prejudice to the exercise of said right of rejection.

Refunds

If any application is rejected or accepted in part only, the corresponding payment or the appropriate portion thereof shall be returned without interest to such Applicant through the relevant Joint Lead Underwriters and Joint Bookrunners with whom such application to purchase the Bonds was made.

Refunds shall be made, at the option of each Joint Lead Underwriters and Joint Bookrunners, either (i) through the issuance of check(s) payable to the order of the relevant Applicant and crossed "Payees' Account Only", which shall be made available for pick up by the Applicant at the office of the Joint Lead Underwriters and Joint Bookrunners to whom the rejected or scaled down Application was submitted no later than three (3) Business Days after the Issue Date, and where any checks that remain unclaimed after the three (3) Business Day period shall be mailed or delivered, at the risk of the Applicant, to the address specified in the Application; or (ii) through the issuance of instructions for credit payments to the accounts of the relevant Applicants, as indicated in their respective Applications.

Unclaimed Payments

Any payment of interest on, or the principal of, the Bonds which remain unclaimed after the same shall have become due and payable, shall be held in trust by the Paying Agent for the Bondholders at the latter's risk and shall be dealt with in accordance with the relevant provisions of the Registry and Paying Agency Agreement.

Purchase and Cancellation

The Issuer may at any time purchase any of the Bonds in the open market or by tender or by contract, in accordance with PDEX Rules, as may be amended from time to time, without any obligation to make *pro rata* purchases from all the Bondholders. Bonds so purchased shall be redeemed and cancelled and may not be re-issued.

Upon listing of the Bonds on PDEX, the Issuer shall disclose any such transactions in accordance with the applicable PDEX disclosure rules.

Secondary Market

The Issuer intends to list the Bonds in the PDEX. For a more detailed discussion, please refer to the section "*Description of the Bonds – Secondary Trading of the Bonds.*"

Register of Bondholders

The Bonds shall be issued in scripless form and will be eligible for trading under the scripless Register of Bondholders maintained by the Registrar. Master Certificates of Indebtedness representing the Bonds sold in the Offer shall be issued to and registered in the name of the Trustee, on behalf of the Bondholders.

Legal title to the Bonds shall be shown in the Register of Bondholders to be maintained by the designated registrar for the Bonds. The Issuer will cause the Register of Bondholders to be kept at the specified office of the Registrar. The names and addresses of the Bondholders and the particulars of the Bonds held by them and of all transfers of Bonds shall be entered into the Register of Bondholders. Initial placement of the Bonds and subsequent transfers of interest in the Bonds shall be subject to applicable prevailing Philippine selling restrictions. For a more detailed discussion, please refer to the section "*Description of the Bonds – Transfer of the Bonds.*"

Use of Net Proceeds

Net proceeds of the Offer shall be used (i) to finance project development; (ii) to refinance maturing term loans; and (iii) for general corporate purposes, as set out below.

The table below shows the allocation based on the ₱3.00 billion issue size:

Type	Allocation from the Net Proceeds of the Offer	Percentage of the Gross Proceeds	Schedule of Disbursement
Planned CAPEX or project development	₱2.07 billion	70%	within 12 months from issuance
Debt refinancing	₱592 million	20%	within 12 months from issuance
General corporate purposes	₱296 million	10%	within 12 months from issuance
Total	₱2.96 billion		within 12 months from issuance

The planned CAPEX or project development includes the following:

Type	Allocation from the Net Proceeds of the Offer	Schedule of Disbursement
CAPEX for lot acquisition opportunities ⁸	₱1.48 billion	within 12 months from issuance
Equity Infusion for CHDI Joint Venture	₱591 million	within 12 months from issuance
Total	₱2.07 billion	within 12 months from issuance

The breakdown of the maturing obligation or the debt refinancing of the Issuer are as follows:

⁸ The Company is actively pursuing lot acquisition opportunities in key growth areas in the Philippines.

Bank	Facility Type	Maturity	Allocation from the Net Proceeds of the Offer	Interest Rate	Interest Amount
Unionbank of the Philippines	Maturing Term Loan	12/19/2025	₱592 million	7.80004%	₱6.80 million
TOTAL			₱592 million		₱6.80 million

The total outstanding loan with Unionbank of the Philippines for the Costa Mira Mactan project is ₱1,010,471,860.00, and this is due on December 19, 2025. Of the ₱3.00 billion in bond proceeds, the Company will earmark ₱592 million debt refinancing to cover the Company's outstanding loan with Unionbank of the Philippines, with the remaining portion and the ₱6.80 million interest payment to be covered by the Company's takeout collections.

The allocation for general corporate purposes will be used by CLI for the following:

General Corporate Purposes	Allocation from the Net Proceeds of the Offer	% of Gross Proceeds
Design fees, permits, market studies, marketing and advertisements, proprietary software and applications, establishment of more office locations and branches, among other expenses	₱296 million	10%

The table below shows the allocation based on the ₱5.00 billion issue size:

Type	Allocation from the Net Proceeds of the Offer	Percentage of the Gross Proceeds	Schedule of Disbursement
Planned CAPEX or project development	₱3.45 billion	70%	within 12 months from issuance
Debt refinancing	₱987 million	20%	within 12 months from issuance
General corporate purposes	₱494 million	10%	within 12 months from issuance
Total	₱4.94 billion		within 12 months from issuance

The planned CAPEX or project development includes the following:

Type	Allocation from the Net Proceeds of the Offer	Schedule of Disbursement
CAPEX for lot acquisition opportunities ⁹	₱2.863 billion	within 12 months from issuance
Equity Infusion in CHDI Joint Venture	₱591 million	within 12 months from issuance
Total	₱3.454 billion	within 12 months from issuance

The breakdown of the maturing obligation or the debt refinancing of the Issuer are as follows:

⁹ The Company is actively pursuing lot acquisition opportunities in key growth areas in the Philippines.

Bank	Facility Type	Maturity	Allocation from the Net Proceeds of the Offer	Interest Rate	Interest Amount
Unionbank of the Philippines	Maturing Term Loan	12/19/2025	₱987 million	7.80004%	₱11.35 million
TOTAL			₱987 million		₱11.35 million

The total outstanding loan with Unionbank of the Philippines for the Costa Mira Mactan project is ₱1,010,471,860.00, and this is due on December 19, 2025. Of the ₱5.00 billion in bond proceeds, the Company will earmark ₱987 million debt refinancing to cover the Company's outstanding loan with Unionbank of the Philippines, with the remaining portion and the ₱11.35 million interest payment to be covered by the Company's takeout collections.

The allocation for general corporate purposes will be used by CLI for the following:

General Corporate Purposes	Allocation from the Net Proceeds of the Offer	% of Gross Proceeds
Design fees, permits, market studies, marketing and advertisements, proprietary software and applications, establishment of more office locations and branches, among other expenses	₱494 million	10%

Net proceeds from the Offer will be used by CLI directly. Moreover, funds intended for general corporate purposes will be used by CLI. Hence, no funds from the Offer will be infused into a Subsidiary.

In addition to the net proceeds of this Offer, the Issuer intends to utilize internally generated funds considering that the projected total funding requirement is greater than the net proceeds of the Offer. Internally generated funds may include cash flows generated from operations and/or availments from credit facilities provided or as may be provided to the Issuer by various financial institutions.

Pending the deployment of the proceeds from the Offer, the Issuer intends to invest such net proceeds in short-term liquid investments including, but not limited to, short-term government securities, bank deposits and money market placement which are expected to earn at prevailing market rates. Moreover, one of the aspects of general corporate purposes is the tactical management of the Issuer's liquidity, which includes cash sweeps, allocation into various cash or cash-equivalent instruments such as money market and time deposit products, allocation into revolving capital lines and other liquidity management actions. In the event such investments should incur losses, any shortfall will be financed from the Issuer's internally generated funds.

None of the proceeds will be used to reimburse any officer, director, employee, or shareholder for service rendered, assets previously transferred, money loaned or advance or otherwise.

The foregoing discussion represents a best estimate of the use of proceeds of the Offer based on the Issuer's current plans and anticipated expenditures. In the event there is any change in the Issuer's current plans, including force majeure, market conditions and other circumstances, the Issuer will carefully evaluate the situation and may reallocate the proceeds at the discretion of the Issuer's management. The Issuer's cost estimates may also change as plans are developed further. For these reasons, timing and actual use of the net proceeds, and estimates, may vary from the foregoing discussion.

Any material deviation, reallocation, or adjustment in the planned use of proceeds, as indicated above, will be approved by the Board of Directors of the Issuer and duly disclosed to the SEC, the PSE, the PDEX, in writing, at least thirty (30) days before such deviation, reallocation, or adjustment is implemented. In addition, the company shall submit via the PSE/PDEX Online Disclosure System the following disclosure to ensure transparency in the use of proceeds:

- (a) Any disbursement made in connection with the planned use of proceeds from the Offer.
- (b) Quarterly Progress Report on the application of the proceeds from the Offer or on before the first fifteen (15) days of the following quarter.
- (c) Annual Summary of the application of proceeds on or before January 31 of the year following the initial public offering.
- (d) Certification of an external auditor on the accuracy of the information reported by the Company to the exchange in the quarterly and annual reports.

SUSTAINABILITY-LINKED FRAMEWORK

INTRODUCTION

About Cebu Landmasters, Inc.

Twenty-one years ago, the Company started its first real estate development project in San Jose Maria Village located on the western side of Cebu Island. The Company started off providing homes in the Cebu countryside for the workers in the area with insufficient housing supply. From then on, CLI has continued to strengthen its market leadership, particularly in the affordable housing segment across the VisMin. Today, CLI is the leading residential developer in the VisMin region, with a market share of 19% based on net sales take-up among real estate firms in the region. This is driven by the strong demand for residential units and the market trust that CLI has earned through the years.

As of June 2025, CLI has a total of 127 projects in different development stages and established a diverse portfolio of residences, offices, hotels, mixed-use properties, and townships across 17 key cities in the VisMin region. Among these, 56 projects are completed developments strategically located in key areas such as Greater Cebu, Bacolod, Iloilo, Bohol, Dumaguete, Cagayan de Oro, and Davao.

OUR MASTERFUL PROJECTS

Sustainability Commitment

CLI fully recognizes the economic, social, and environmental impacts of real estate development and the importance of sustainability in delivering its vision to become the most customer-centric and community-focused organization in the VisMin regions.

The Company commits to integrate sustainability into the business process to create long-term value for the business and its stakeholders by driving innovation and improving the lives of our people, customers and communities while we strive to manage our impacts to the environment and society responsibly, ethically and with transparency.

To achieve this, CLI commits to:

- Identify and adapt global and local economic, environmental, social and governance issues, trends and impacts that are most relevant to the business and its stakeholders.
- Drive sustainability across the value chain or the end-to-end process in real estate design development and operations management, aligning programs with business strategy, risks, opportunities, and stakeholder interests.
- Measure, manage, communicate the company's performance and progress in minimizing environmental and social impacts.
- Adhere and comply with all applicable regulatory requirements.
- Continually improve channels of engaging employees, customers, suppliers, investors, community partners and other stakeholders to manage their expectations, consider their perspectives and address their concerns.
- Develop a culture of sustainability across the entire organization at all levels and allocate needed resources to support sustainability capability-building programs.
- Conduct regular reviews to improve the company's sustainability performance.

Sustainability Framework

"Creating Lasting Positive Impact" is CLI's commitment to sustainable development. The Five Pillars framework was created through a thorough assessment of the Company's risks, challenges, impacts and opportunities. The framework offers a comprehensive overview of CLI's ESG profile, outlining the Company's sustainability vision, strategy, goals, objectives, and alignment with the 17 UN Sustainable Development Goals.

Sustainability Framework: The Five Pillars

The five (5)-pillar strategy seeks to achieve the following goals.

In line with and in order to execute this 5-pillar Sustainability Strategy, CLI also approaches sustainability by following their Plan-Do-Check-Act cycle, which consistently works to refine and align their business practices and processes with their sustainability objectives.

Contributions to the UN Sustainable Development Goals

SDG	CLI Contribution
	3.d. CLI promotes health and well-being among its employees by organizing learning sessions, training, and wellness activities. CLI has significantly increased its resources to provide for health-related benefits.
	4.4. CLI's Leadership and Educational Assistance Program ("LEAP") aims to provide access to quality education. Through this, CLI is able to contribute to the ongoing effort in reducing unemployment.
	5.5. Ensuring equal opportunities, CLI actively implements board diversity with a mix of both male and female directors.
	6.4. In efforts to increase water-use efficiency, CLI collects rainwater from various sources for its horizontal and vertical projects. The collected water is channeled to serve as irrigation and cleaning of parking areas.
	8.5. CLI provides equitable compensation and benefits to its employees while simultaneously creating livelihood opportunities for the communities it serves through the Livelihood Assistance for Multi-Sectoral Beneficiary Organizations ("LAMBO") Program.
	11.1. CLI enhances local economies through economic benefits such as job creation, the emergence of local businesses, and the provision of affordable housing options. CLI also enhances the quality of life by allocating open spaces, strengthening site resilience, improving community well-being and having accessible green areas.

SDG	CLI Contribution
  	13.1.,14.1.,15.a. CLI's Waste Management Program effectively manages and reduces waste generated from properties managed by Cebu Landmasters Property Management, Inc. ("CLIPMI"). In addition, tree growing initiatives (mangroves, timber and fruit trees) and coastal clean-up drives are being implemented, while providing green skills training sessions for partner communities.
	17.6. CLI establishes partnerships with its local communities and collaborates internationally with a Japanese real estate firm to foster sustainable development. In addition, CLI actively collaborates with people's organizations and local government units to provide livelihood opportunities for social housing beneficiaries and neighboring communities.

Our Approach to Climate Resilience

The Philippines, as reported by the World Risk Index, is one of the most vulnerable countries to the effects of climate change. Based on 27 key indicators, the country is identified as the most disaster-prone, facing significant exposure to natural calamities. These impacts present a substantial challenge not only for the country but also for CLI's business and stakeholders. In response to this, CLI commits to: (1) Create awareness on climate change; (2) Identify and improve assessment of climate change-related risks and opportunities; and (3) Develop appropriate mitigation and adaptation measures for projects in various stages of development.

CLI has incorporated mitigation and adaptation strategies across all areas and business activities to reduce the Company's environmental footprint and enhance its resilience to the impacts of climate change. These include:

- Establishing baseline and comparative data on direct and indirect energy use and emissions;
- Promoting energy conservation and energy efficiency;
- Exploring the use of renewable energy sources, wherever applicable;
- Allocating resources that promote efficient waste management (reduction, reuse, recycling);
- Conducting assessment of projects with natural ecosystems and explore opportunities for carbon sequestration programs;
- Managing or reducing air travel;
- Conducting assessment on climate-related risks and opportunities; updating the corporate risk register to cover these risks against future business disruption based on Taskforce on climate-related financial disclosures recommendations;
- Increasing capacity to adapt to climate change by influencing stakeholders for climate action, disaster readiness and business continuity;
- Exploring new technologies and best practices in energy and solid waste management; and
- Promoting the use of native tree species in project sites and operational properties.

Through these efforts, CLI is dedicated to addressing climate change challenges and fostering resilience in its operations and development initiatives.

Environmental Stewardship: Resource Management

CLI recognizes its dependence on natural resources to operate, and the environmental impacts that result from business activities. The Company's ability to successfully develop residential communities, retail spaces, townships, offices, hotels, and resorts depends on the long-term availability of essential resources such as materials, water and energy. As such, CLI is committed to striking a balance between driving its business and ensuring responsible conservation of these resources.

Energy Use

CLI relies on energy to successfully run its everyday operations. Both fuel and electricity are used in corporate and satellite offices, commercial operations, construction projects and managed properties. CLI purchases fuel and electricity from local suppliers, Visayan Electric Company and Davao Light and Power Company. Gasoline and diesel on the other hand, are purchased to operate generator sets during power outages, construction sites without power lines, heavy equipment and are also used in the corporate and satellite offices for vehicle use. CLI's dependence on non-renewable fossil fuels results in greenhouse gas emission, fueling air pollution and climate change.

The Company monitors its energy consumption and implements energy efficiency measures to reduce emissions intensities and save on power costs. Management monitors energy use across all aspects of the business including existing developments and in the construction sites. For the residential and commercial properties, CLI's Property Management ("PM") team implements energy-saving measures in the careful selection of efficient electrical equipment, installation of mechanical heat recovery ventilators, and compliance with policies and standards to maintain CLI's energy ratings and adheres to its advocacy of green building design. Furthermore, to reduce greenhouse gas emissions and mitigate potential risks associated with the use of conventional fossil fuels, CLI has integrated the use of renewable energy sources such as solar panels in its projects. Solar panels were used in two projects which are medium-rise buildings in the socialized housing category, benefiting informal settler families. These are Sugbo Walk up One, which was donated and turned over to the City of Cebu, and Tipolo Residences – Building 2, which was completed in 2023. These solar panel systems power the common areas of the buildings to reduce costs that will be shouldered by the beneficiaries. Moving forward, CLI is committed to exploring and integrating renewable energy sources into its commercial properties, ensuring a more sustainable future.

Water Use

For operations in Cebu, the Company sources water from the Metropolitan Cebu Water District, supplemented by other providers in some areas, as well as groundwater extraction for some construction sites and managed properties. CLI also sources water from other water supply companies. Excessive consumption or extraction of water may contribute to water scarcity if withdrawal rates exceed the natural water replenishment rate, especially given aggravating factors such as deforestation and increasing population which will drive up water demand. Over-extraction of water may also lead to pollution of groundwater. Potential water shortages and pollution pose risks to the Company and its operations.

Water is a vital resource for CLI's operations, particularly in construction sites, office and retail spaces, hotel facilities and managed residential properties. To manage water consumption and promote conservation, CLI's PM team and various contractors have implemented measures such as installing water-saving fixtures in the facilities and establishing rainwater collection systems in managed properties.

CLI recognizes further opportunities to increase water usage efficiency and rainwater collection and storage capacity. Systems like water percolation ponds and other catchment areas can be explored in the future to capture significant quantities of water to augment the Company's water supply. This will not only contribute to protecting aquifers by easing water withdrawal rates but can also mitigate the impact of disruptions in purchased water supply by providing the company with alternative water sources.

Materials Used for Project Development

Materials are sourced both in-house and through local contractors, allowing CLI to support local businesses mainly in the VisMin regions. CLI also includes small companies as part of its vendors list, providing them with opportunities to grow. At the same time, CLI recognizes the negative impacts associated with its use of significant volumes of non-renewable construction materials, such as sand, cement, steel, and glass, which are required to develop quality projects. These materials must be procured and used responsibly not only to conserve their supply, but also to manage the environmental impacts associated with their extraction and processing.

The scarcity of these materials poses a major risk to the company, as this would affect the price of materials and CLI's industry competitiveness. Disasters may also cause sudden increases in demand for these materials, coupled with decreases in supply if suppliers are affected by the event. Global issues can also affect local prices, especially for heavily imported materials like fuels.

CLI has processes and systems in place to monitor its use of materials. The Company coordinates with contractors to continually improve project execution and introduce best construction practices to improve materials efficiency while delivering product quality and durability. This can help CLI reduce costs on materials, particularly those that make up the largest portion of its project spending, such as steel and cement. Aside from materials efficiency measures, the Company plans to manage and mitigate its impacts and risks by exploring alternative or renewable materials for its projects. This can help to further diversify and boost the resilience of the Company's supply chain, as well as reduce environmental impacts that occur across the supply chain.

Below is a summary of performance covering the year 2023 reporting period.

ENVIRONMENTAL STEWARDSHIP

PLANET

Social Development

The social aspect of CLI's sustainability framework covers workforce, customer management and community engagement.

Workforce

CLI considers its human capital as its most valuable asset in the value creation process. The achievement of the Company's vision greatly depends on its human capital. To ensure the well-being of its employees, CLI institutes several programs and channels that engage employees and protect their rights and interests.

CLI's workforce, who are called Team of Masters, now comprises 1,000 of the most dedicated and competent real estate professionals. This includes the headcount from CLI's wholly-owned subsidiaries CLIPMI, CLI Hotels and CLI Foundation. One of the keys to CLI's growth is the Company's commitment to its human capital, which allows CLI to holistically develop its own HR strategies. The Company's people form the heart, mind and soul of the company and they are the key to CLI's sustained leadership.

Employees are kept constantly engaged and updated through bi-annual townhall meetings, WorkPlace, quarterly departmental and individual performance management sessions, training series, summer outings, clubs, and employee volunteer activities. These efforts can boost employee morale and motivation while enhancing their skills and facilitating career development. This can help reduce turnover and strengthen CLI's talent pool.

Customer Management

Maintaining customer satisfaction helps support the financial success of the Company through continued patronage and improved brand reputation. This, in turn, will generate positive impacts on the Company's other business partners and stakeholders, as robust economic performance contributes to fruitful partnerships and the creation of shared value.

CLI manages its relationships with customers through a diverse set of engagement channels, maintaining regular and open communication and addressing their concerns to maintain their satisfaction with the Company. For instance, CLI launched the CLI Masters Circle in March 2023 to gather its top buyers and sellers in the VisMin region, offering them exclusive perks and services for their performance. Sellers' modules were approved and submitted to the Professional Regulation Commission pending the release of the three-year compliant certificate. CLI held an accreditation event named Masters Assembly in Luzon to recognize qualified sellers.

The Company is investing in digital transformation by establishing a Digitalization Team to lead CLI's initiatives in AI and Data, Information Systems, and Platforms. It has developed a three (3)-year strategic roadmap focused on improving CLI's innovation maturity. Key initiatives include:

1. **Masters Super App:** A customer experience platform that empowers customers, property owners, and brokers/sellers to seamlessly manage their transactions. Recently, CLI launched the Customer Service Management Platform, also known as ASK CLI, a key module of the Master Super App. This platform centralizes customer feedback and concerns, enabling CLI to respond more efficiently, identify trends, and continuously enhance services.
2. **End-to-End Project Management Solutions:** Enhancing project delivery efficiency.
3. **Enhanced Cybersecurity and IT Infrastructure:** Strengthening the company's cybersecurity posture, network infrastructure, and IT service management to protect critical assets.
4. **ERP System Upgrade:** Accommodating CLI's growing transaction needs.
5. **Centralized Data Management:** Establishing a single source of truth to enable better and more informed business decisions.

These efforts underscore CLI's commitment to innovation and operational excellence.

Community Engagement: 4-Pillar Strategy

CLI considers local communities as partners in development and stakeholders who can have a positive or negative impact on the Company's business practices. CLI established CLFI as its corporate foundation, embodying its commitment to community-centric operations. CLFI serves as the conduit for advancing CLI's corporate social responsibility ("CSR") initiatives, strategically aligning its programs with CLI's core business objectives to enrich the lives of stakeholders, especially communities within CLI's operational areas. CLI's community development strategy is based on four pillars, Integrated Community Development for Socialized Housing Beneficiaries, Environment, Education and Livelihood. Such programs are catered to the needs of diverse sectors such as women's organizations, fisherfolk associations, farmer's cooperatives and informal settler families.

Pillar 1: Integrated Community Development for Socialized Housing Beneficiaries

As of 2024, the housing backlog in the Philippines remains a significant issue. The Philippine government and housing agencies have repeatedly reported that the country faces a substantial shortage of affordable housing units. Based on DHSUD, the housing backlog in the Philippines was

estimated at 6.7 million units in 2024, and it is projected to grow by around 1 million units per year due to the increasing population and rapid urbanization. Some private real estate organizations and developers suggest that the backlog could be even higher, ranging from 7 million to 8 million units.

In addition, providing affordable and resilient housing infrastructure is among the top investment opportunity areas of the SDG Investment Map released in March 2024 by the UNDP highlighting the fact that the country's path towards acceptable housing is constrained due to several factors: (1) the ratio of unit housing cost to income has risen such that poor households have minimal to negative income left after paying for housing expenditure, while low-income but not poor households are vulnerable to experience the same; (2) there are few low-cost alternatives to homeownership in the formal market while many low-cost housing projects are far from Metro Manila's city centers, which can significantly add to the households' transportation cost; and (3) innovative housing finance is limited. To address the housing crisis, the Philippine government has introduced several programs, including:

- Pambansang Pabahay para sa Pilipino Program: A large-scale program launched by President Marcos Jr. in 2022 aiming to build three (3) million houses over the next three (3) years.
- Socialized Housing Programs: Focus on providing affordable housing for low-income Filipinos, including subsidies and low-interest loans.

Despite these efforts, the backlog remains a major challenge, requiring both government action and private sector collaboration to make a significant dent in the shortage of affordable housing in the country.

In response to the housing backlog, CLI established its first pillar under its social development initiatives to Providing Access to Affordable Housing and Integrated Community Development. Programs under this pillar seek to address housing backlog through collaboration with local government units and the DHSUD. An example of this would be CLI's Lending Expertise and Advancing Development in Socialized Housing ("**LEAD**") Program which bridges the gaps in capabilities among partner LGUs in social preparation and property management. Aside from this program, CLI lends expertise in social preparation and beneficiary welfare as well as management and maintenance of medium rise buildings in the socialized housing category to establish safe, secure, peaceful, cohesive, and resilient communities.

Under this pillar, CLI has provided funds for land development for the 6.5 hectare-area relocation site in Paknaan, Mandaue City which currently houses 1,200 families who used to be informal settlers. In addition, CLI was able to successfully complete two medium-rise buildings, Sugbo Walk Up One in

Barangay Lorega San Miguel, Cebu City and Tipolo Residences in Mandaue City, Cebu which was specifically catered to benefit informal settlers.

CLI plans to roll-out more socialized housing units in partnership with local government and other institutions through a direct participation mode of compliance to socialized housing compliance requirements.

Pillar 2: Environment

Land development can significantly impact on the local environment and biodiversity, including damage to vegetation and potential alteration of soil chemistry and fertility, thus affecting populations that depend on these natural conditions. There are some risks that pose a threat to the surrounding landscape and biodiversity in CLI's projects which may affect the Company's business and customers. These include overharvesting of wood by settlers in the local communities, or in most cases, the dumping of solid waste in nearby areas surrounding the property. These activities may cause disturbances for the Company's property occupants and reduce the attractiveness of the property, as well as weaken the environmental services provided by the ecosystem like cooling and erosion control. Through effective management, local ecosystems can and must be protected from such activities.

Planting trees plays a crucial role in addressing climate change for several reasons, ranging from absorbing carbon dioxide to supporting biodiversity. The need to plant more trees is becoming increasingly urgent as people face the consequences of global warming. Planting trees is vital for combating climate change. CLI's tree growing program serves to contribute to carbon absorption, enhances biodiversity, increases tree or forest cover, reduces heat, prevents soil erosion and in general enhances climate resilience. CLI introduces Mirani, a new brand for the affordable market.

CLI, through its partnership with LGU and a People's Organizations, has implemented a program known as Green Resources and Opportunities for Work and Wealth Creation ("**GROW**"). Through this program, 342,316 trees have been planted as of October 30, 2024. These are regularly maintained and monitored. The tree-growing program serves to enhance local forest and sites, while it provides opportunities for eco-learning and livelihood for more than 250 farmers and fishermen.

CLI's GROW program, while it addresses environmental concerns, has resulted in a significant social impact. The program has provided alternative livelihood opportunities to partner people's organizations. As of October 2024, CLI has spent more than ₱10 million on direct and indirect engagements and eco-skills training for farmers and fishermen, assisting them for their micro business start-up covered with government registrations and legal documentation. Capacity building is in the areas of ecosystem services awareness, tree nursery establishment, seedling production, planting site preparation,

planting, and maintenance. Thus far, CLI has provided training to a total number of 527 farmers and fishermen in 52 sessions with an equivalent of 136 hours.

In addition, CLI established the Waste Management Adopt-A River Program and the Deployment of River Trash Traps to ensure the protection of the country's waters. CLI partnered with Cebu City, Mandaue City and the Municipality of Minglanilla for the preparation and deployment of river trash trap systems made of used PET bottles in Pakigne River and Tipolo creek respectively. The activities involved the neighboring barangays' disaster response team leads. These have helped prevent waste from reaching the coastal waters.

Pillar 3: Education

Despite the country's significant investment in infrastructure and educational policy, access to affordable education is still a challenge, including lack of opportunities in skill training or upskilling and issues relating to employability, entrepreneurial and skills proficiency. CLI seeks to address this gap by Developing Talent and Enhancing Skills through Education under its third social pillar. CLFI established the LEAP to provide assistance to dependents of CLI employees as a means to enhance employee retention and engagement. The Company and its foundation aim to provide access to skills training and to support academic institutions to uplift individuals into becoming proficient and employable individuals. CLI offers a Skills Training and Enrichment Program for the Urban Poor for this purpose. Lastly, another initiative of CLI is to inform communities on the importance of the environment and ecosystem. The Taking Responsibility for Ecosystems Enrichment sessions focus on mangrove planting design, nursery and plantation establishment techniques.

Pillar 4: Livelihood

A significant number of households in the Philippines face challenges in being able to provide for their families. This stems from a lack of education, skills training or upgrading, lack of access to capital and most importantly unemployment. CLI emphasizes the importance of Promoting Self-Reliance through Livelihood as the main objective of its fourth social pillar. CLI seeks to build community start-ups and organize homeowners into cooperatives. One of the main communities that CLI has partnered with are the farmers, fishermen, women's associations, and socialized housing beneficiaries. The LAMBO program was established to provide sustainable livelihood for 17 people's organizations, socialized housing beneficiaries and neighboring communities. Specific programs include Tabo (an activity to promote or sell farm-fresh local produce) that provides an opportunity for farmers to directly sell to consumers. In addition, the livelihood component of the CLI's GROW program has assisted over 400

families of farmers and fishermen through income generated from seedling production, planting, maintenance, and monitoring.

Governance

As a publicly listed company, CLI is guided by standards in every aspect of management, from strategic and action planning to internal controls, regulatory compliance, performance measurement and corporate disclosure. It is fully committed to enhancing its governance practices and transparency through regular and timely reporting and disclosures, such as the company's Integrated Report that gives a detailed account of the Company's financial and non-financial or ESG performance.

Sustainability Governance

Sustainability at the board level rests on the Corporate Governance Committee. This ensures that the Company delivers its commitment to sustainability performance targets and that impacts to climate-related risks and opportunities on the organization's business, strategy and financial planning are considered and reported.

Defining organizational responsibility ensures the accomplishment of CLI's sustainability goals and performance metrics.

The President and CEO is the primary decision-maker on all matters affecting the company's strategy and bears ultimate responsibility for the company's operations. The CEO has delegated operational responsibility to the Chief Operating Officer ("COO"). The COO serves as the Chief Sustainability Officer ("CSO"). The CSO drives the Company's sustainability objectives, strategies, and programs. The AVP for Sustainability reports to the COO/CSO, leads the Company's Sustainability Committee at the management team level composed of representatives of all units/ departments and provides quarterly reports to the Corporate Governance Committee at the Board Level. All units across the Company are accountable for one or more sustainability aspects of our operations, hence the formation of the Sustainability Committee. The Sustainability Manager is responsible for collaborating with all departments in the development of the sustainability framework, performance metrics and programs.

SUSTAINABILITY-LINKED FINANCING FRAMEWORK

Rationale

This Sustainability-Linked Financing Framework (the “**CLI SLF**”) and the issuance of sustainability-linked bonds, loans, and/or notes reinforces CLI’s commitment to sustainability, community involvement and nation-building.

The CLI SLF has been established with reference to the following:

- Sustainability Linked Bond Principles administered by the International Capital Market Association (“**ICMA**”) in June 2024; and
- Sustainability Linked Loan Principles (“**SLLP**”) issued by the Asia-Pacific Loan Market Association (“**APLMA**”), Loan Markets Association (“**LMA**”) and Loan Syndications and Trading Association (“**LSTA**”) in February 2023.

Scope

The CLI SLF applies to CLI and its subsidiaries and can be used for the issuance of sustainability-linked bonds, loans, and/or notes.

Alignment with the SLB and SLL Principles

The Sustainability-Linked Bond and Loans Principles provides guidelines on financial structure, disclosure and reporting for sustainability-linked financing.

The CLI SLF is aligned with the five core components of the SLBP:

1. Selection of KPIs
2. Calibration of SPT
3. Bond Characteristics
4. Reporting
5. Verification

Selection of KPIs

Residential developments constitute the cornerstone of CLI’s operations and project portfolio. CLI’s overarching goal is to meet the persistently unmet demand for quality-build, cost-effective housing, and well-planned communities that align with the needs of the market. In response to the housing backlog and the heightened desire for safe and secure homes, CLI consistently launches accessible and affordable housing projects across its various brands Casa Mira, Mirani and Garden Series.

KPI: Providing Affordable Housing	
Rationale	The selection of the KPI is part of CLI’s sustained effort to provide access to affordable housing. CLI is a leading developer in VisMin with a diverse portfolio of residences, offices, hotels, mixed-use properties, and townships. The Company remains steadfast in its pursuit of expansion and innovation by solidifying its market leadership while exploring new avenues for sustainable development and community enhancement. As of December 31, 2023, CLI has prioritized providing access to affordable housing, with 84% of its total portfolio dedicated to the socialized, economic, low, and mid-cost housing segments.

KPI: Providing Affordable Housing	
	These initiatives underscore CLI's unwavering commitment to addressing the country's growing housing backlog and ensuring that underserved Filipinos have access to affordable, quality homes. The selection of this KPI further strengthens CLI's dedication to providing transformative housing solutions for the communities it serves. For a more detailed discussion on CLI's social initiatives, please refer to the "<i>Social Development</i>" section above.
Definition of KPI; Applicable Scope and Perimeter; Calculation Methodology	This KPI is defined as the number of affordable housing units provided by CLI across their residential portfolio. "Affordable Housing" are units priced below the price ceilings for low-cost and medium-cost housing based on the Joint Memorandum Circular between the DHSUD and DEPDev. As of the date of this Offer Supplement, the price threshold is currently pegged at below ₱4,900,000.00 for low-cost and below ₱6,600,000.00 for medium-cost based on the Joint Memorandum Circular 2024-001 which may be subject to future updates from the relevant government agencies. Any updates to the price threshold¹⁰ by the relevant government agencies will be monitored by CLI and disclosed to stakeholders as these become available.

Calibration of SPTs

SPT: Number of New Homes Built that are considered Affordable Housing	
Description and Definition	• Short Term SPT: Build 8,500 new Affordable Housing units by February 2027 • Medium Term SPT: Build 16,000 new Affordable Housing units by February 2029 These Affordable Housing units will be primarily to meet the housing needs of the underserved affordable market segment.
Motivation for SPT (ambition level and consistency with CLI's overall business strategies)	The SPT is meant to address the growing 6.7 million housing backlog in affordable segments identified by DHSUD in its Consolidated Housing Data for 2024. This housing backlog is further compounded by damage caused by natural hazards, as well as housing production challenges in terms of low allocation and access to funding, lack of suitable land and delays in permits and clearances. Ambition in this regard is CLI's commitment to address the housing backlog and to meet the housing needs of the traditionally underserved affordable market segment. By committing to build 16,000 Affordable Housing units in the next 4 years, CLI will double its historical affordable housing output. This commitment has been core to CLI's current business strategies as it continues to fill in the country's 6.7 million housing

¹⁰ Low-cost and medium-cost housing are considered affordable housing in the Philippines since their definitions (determined by price ceilings) are under the purview of DHSUD, who is mandated to develop and adopt a national strategy to address the provision of adequate and affordable housing to all Filipinos.

SPT: Number of New Homes Built that are considered Affordable Housing	
	backlog, with a focus on VisMin region, with recent expansions in underserved areas such as Butuan and GenSan. Thus, this represents a reasonably ambitious target for CLI based on the housing backlog and its past performance.
Relevant Approaches	Benchmarking The 14,310 baseline in 2023 represents the total portfolio of affordable housing that CLI has built since 2003. CLI aims to build 8,500 new Affordable Housing units by February 2027 and 16,000 new Affordable Housing units by February 2029 which shows a significant upward trajectory from 2023 and aspires to reduce the 6.7 million housing backlog.
Target Observation Date	Short Term SPT: February 28, 2027 Medium Term SPT: February 28, 2029
Target Measurement Date	Short Term SPT: March 1, 2027 Medium Term SPT: March 1, 2029
Baseline	December 31, 2023 CLI has built 14,310 Affordable Housing units from 2003 to 2024.
Situations in which recalculation or pro-forma adjustments of baselines will take place, where relevant	CLI will annually publish and/or keep readily available, on its website an Integrated Report (Annual Sustainability Report) containing: • Up-to-date information on the progress of accomplishment of SPTs based on selected KPIs as specified in relevant documentation of sustainability-linked credit facilities • Information may also include the following where appropriate and feasible: ○ Qualitative or quantitative information on performance of SPTs as well as the related impact and timing of the impact on the bonds financial and/or structural characteristics. Likewise, a verification assurance report which includes the assessment on the issuer's performance against the SPTs ○ Any pro-forma adjustments to baselines or KPI scope, and any resulting re-assessments of the KPIs and/or restatements of the SPTs
Strategy to achieve the SPT	Scale up development of affordable residential units: • CLI adopts a dual-focus strategy on its project launches and progress completion. This balanced approach is to sustainably launch residential projects that will keep pace with its target growth trajectory, while also focusing its energy on its on-going projects so that these can be delivered on time • CLI is beefing up its management team and also ramping up its production capability to meet the increased demand • Digitalization and innovation initiatives to improve internal processes and procedures • Project monitoring to ensure projects are completed in time and on budget

SPT: Number of New Homes Built that are considered Affordable Housing	
	• Customer-oriented initiatives and programs to improve home-buying experience and provide the best customer service • To ensure steady rollout of launches, CLI currently maintains a strategic landbank of 87.6 hectares, with an additional 47.7 hectares for acquisition
Key factors that may affect the achievement of the SPT	• Incidents due to force majeure events such as natural disasters and climate-related risks affecting the construction and operations of CLI • Socio-political factors such as the 2028 national elections and any changes in government regulations and geo-political factors such as war and political instability affecting the delivery of the target • Economic factors such as inflation and cost of construction materials affecting the supply chain and operations of CLI

Bond Characteristics

The debt instruments issued under this CLI SLF will have a sustainability-linked feature that will result to a coupon adjustment if the performance does not achieve the SPT above. The relevant KPI definitions, calculation methodologies, SPTs events and trigger events, and step-up margin amount will be specified in the relevant documentation of the specific transaction.

Reporting

CLI will annually publish and/or keep readily available on its website an Annual Sustainability Report containing:

- Up-to-date information on the progress of accomplishment of SPTs based on selected KPIs as specified in relevant documentation of sustainability-linked credit facilities
- Information may also include the following where appropriate and feasible:
 - Qualitative or quantitative information on performance of SPTs as well as the related impact and timing of the impact on the bonds financial and/or structural characteristics. Likewise, a verification assurance report which includes the assessment on the issuer's performance against the SPTs
 - Any pro-forma adjustments to baselines or KPI scope, and any resulting re-assessments of the KPIs and/or restatements of the SPTs

Verification

CLI will annually seek independent external verification by a qualified external provider of performance of its SPTs for selected KPIs.

EXTERNAL REVIEW

CLI engaged DNV AS Philippine Branch ("**DNV**") as an external verification provider for the issuance of a Second Party Opinion ("**SPO**") on CLI's Sustainability-Linked Financing Framework.

Qualifications of DNV

DNV has significant global experience assisting stakeholders in the sustainable finance market. DNV regularly supports and works with:

- Financial institutions participating in the debt and equity markets to issue and arrange deals for Sustainable Finance applications;
- Industry participants issuing Green and Sustainable debt and equity;
- Regulators guiding market activities in regions and countries; and

- Development Finance Institutions assisting local market participants at the private sector, State Owned Corporation and Sovereign level.

Scope of Review

The SPO provider was commissioned by CLI to review the CLI SLF and provide an SPO on the alignment of the said framework with the following standards and principles:

- SLLP, issued by the APLMA, LMA and LSTA in February 2023; and
- SLBP, issued by the ICMA in June 2024.

DESCRIPTION OF THE BONDS

The following discussion does not purport to be a complete listing of all the rights, obligations, or privileges of the Bonds. Some rights, obligations, or privileges may be further limited or restricted by other documents. Prospective investors are enjoined to carefully review the Articles of Incorporation and By-Laws (each as amended to date), resolutions of the Board of Directors of CLI, the Company Disclosures, the information contained in the Prospectus, this Offer Supplement, the Trust Agreement, the other Bond Agreements, the Application to Purchase, and any other agreements or documents relevant to the Offer.

Prospective holders of the Bonds should perform their own independent investigation and analysis of the Issuer and the Bonds. Prospective holders of the Bonds should make their own appraisal of the Issuer and the Offer and must make their own independent verification of the information contained herein and the other aforementioned documents and any other investigation they may deem appropriate for the purpose of determining whether to participate in the Offer. They must not rely solely on any statement or on the significance, adequacy or accuracy of any information contained herein. The information and data contained in the “Description of the Bonds” are not a substitute for the prospective Bondholder’s independent evaluation and analysis. Prospective holders of the Bonds are likewise encouraged to consult their legal counsels and accountants in order to be better advised of the circumstances surrounding the Bonds being offered.

Capitalized terms used but not defined herein have the meanings given to them in the “Glossary of Terms” in this Offer Supplement.

1. GENERAL

These term and conditions set out below (the “**Terms and Conditions of the Bonds**”) relate to the SEC-Registered, Philippine Peso-denominated, sustainability-linked bonds consisting of Series F Bonds, Series G Bonds, and Series H Bonds with an aggregate principal amount of Three Billion Pesos (₱3,000,000,000.00) and an Oversubscription Option of up to Two Billion Pesos (₱2,000,000,000.00) to be issued from the up to Fifteen Billion Pesos (₱15,000,000,000.00) Debt Securities Program, constituting the direct, unconditional, unsecured, and general obligations of the Issuer. The public distribution and sale of the Bonds in the Philippines was authorized by a resolution of the Board of Directors of the Issuer on September 4, 2025.

The Bonds will be issued by the Issuer pursuant to the Terms and Conditions of the Bonds and will be governed by a Trust Agreement dated on or about the date of this Offer Supplement between the Issuer and RCBC Trust Corporation as Trustee, which term shall, wherever the context permits, include all other Persons for the time being acting as trustee or trustees under the Trust Agreement. The Trustee has no interest in or relation to the Issuer which may conflict with the performance of its functions.¹¹ The Terms and Conditions of the Bonds include summaries of, and is subject to, the detailed provisions of the Prospectus (as applicable), the other provisions of this Offer Supplement (as applicable), the Trust Agreement, the Registry and Paying Agency Agreement, and the Application to Purchase. Such detailed provisions are deemed integral part of the Terms and Conditions of the Bonds.

A Registry and Paying Agency Agreement in relation to the Bonds was executed on or about the date of this Offer Supplement between the Issuer and PDTC as Registrar and Paying Agent. PDTC has no interest in or relation to the Issuer which may conflict with the performance of its functions.

Copies of the Trust Agreement and the Registry and Paying Agency Agreement are available for inspection during normal business hours at the principal office of the Trustee. The Bondholders are entitled to the benefit of, are bound by, and are deemed to have notice of all the provisions of the Trust Agreement and all the provisions of the Registry and Paying Agency Agreement applicable to them.

¹¹ The Trustee is the standalone trust and asset management group of the Rizal Commercial Banking Corporation, the parent company of RCBC Capital Corporation, one of the Joint Lead Underwriters and Joint Bookrunners.

2. FORM, DENOMINATION AND TITLE

2.1. Form and Denomination

The Bonds shall be issued in scripless form and shall be issued in minimum denominations of Fifty Thousand Pesos (₱50,000.00) each, and in integral multiples of Ten Thousand Pesos (₱10,000.00) thereafter, and traded in denominations of Ten Thousand Pesos (₱10,000.00) in the secondary market.

A Master Certificate of Indebtedness representing each series of the Bonds sold in the Offer shall be issued to and registered in the name of the Trustee for the benefit of the Bondholders.

2.2. Title

Legal title to the Bonds will be shown in the Registry of Bondholders maintained by the Registrar. A notice confirming the principal amount of the Bonds purchased by each Applicant in the Offer shall be issued by the Registrar and Paying Agent to all Bondholders following the Issue Date. Upon any assignment, title to the Bonds shall pass by recording the transfer from the transferor to the transferee in the Registry of Bondholders maintained by the Registrar and Paying Agent. All costs, expenses and taxes in respect of such transfer or change of title to the Bonds, including the settlement of any cost arising from such transfer or change, income tax and documentary stamps taxes, if any, arising from the subsequent transfers, shall be for the account of the relevant Bondholder or the transferee, as applicable.

3. BOND RATING

The Bonds have been assigned an issue credit rating of PRS Aa plus with a Stable Outlook from PhilRatings.

Obligations rated PRS Aa plus are of high quality and are subject to very low credit risk. Furthermore, a Stable Outlook is assigned when a rating is likely to be maintained or to remain unchanged in the next twelve (12) months. The rating and outlook reflect the following key considerations: (1) sound management and strategy, with a sustained competitive advantage in the VisMin markets as evidenced by its growth over the last few years; (2) steady earnings growth on account of the Company's real estate sales; (3) adequate liquidity and acceptable leverage level; and (4) threats from a highly competitive market, with peers having access to significant capital and substantial landbank.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

The rating is subject to regular annual review, or more frequently as market developments may dictate, for as long as the Bonds are outstanding.

After the Issue Date, the Trustee shall monitor the compliance of the Bonds with the regular annual reviews.

4. TRANSFER OF THE BONDS

4.1. Registry of Bondholders

The Issuer shall cause the Registry of Bondholders to be kept by the Registrar in electronic form. The names and addresses of the Bondholders and the particulars of the Bonds held by them and of all transfers and assignments of Bonds, including any liens and encumbrances thereon, shall be entered into the Registry of Bondholders. Transfers of ownership shall be effected through book-entry transfers in the scripless Registry of Bondholders.

As required by BSP Circular No. 428-04 issued by the BSP, the Registrar shall send each Bondholder a written statement of registry holdings at least every quarter (at the cost of the Issuer), and a written advice confirming every receipt or transfer of the Bonds that is effected in the Registrar's system (at the cost of the Issuer). Such statement of registry holdings shall serve as the confirmation of ownership of the relevant Bondholder as of the date thereof. Save in the case of manifest error or fraud, the foregoing

written statement of registry holdings shall be final and binding on the Bondholder. The Bondholder shall examine such statement and promptly (and in no case more than thirty (30) calendar days from receipt thereof) notify the Registrar in writing of any error and they shall together resolve to correct such error promptly (and in no case more than five (5) Business Days from receipt of the notice by the Registrar), failing which such transaction advice, statement or report shall be conclusive against the Bondholder. Any requests of Bondholders for certifications, reports or other documents from the Registrar, except as provided herein, shall be for the account of the requesting Bondholder. No transfer of the Bonds may be made during the Closed Period (as defined below).

4.2. Transfers: Tax Status

Trading of the Bonds will be coursed through a PDEX Trading Participant subject to the applicable PDEX rules and conventions. Trading, transfer and/or settlement of the Bonds shall be performed in accordance with the PDTC rules and procedures to be set by the Issuer and the Registrar and Paying Agent. Upon any assignment of the Bonds, title thereto will pass by recording of the transfer from the transferor to the transferee in the Registry of Bondholders to be maintained by the Registrar.

The Registrar shall ultimately and conclusively determine all matters regarding the evidence necessary to effect any such transfers. Settlement in respect of such transfers or change of title to the Bonds, including the settlement of any documentary stamp taxes, if any, arising from subsequent transfers, shall be for the account of the relevant Bondholder or the transferee, as applicable.

Subject to the provisions of the Registry and Paying Agency Agreement, the relevant rules, conventions and guidelines of PDEX and PDTC, the Bondholders may not transfer their Bonds in any of the following instances, and the Registrar shall not reflect any transfers in the relevant Registry accounts where the same are restricted transfers on the Bonds as follows:

- (a) transfers across Tax Categories on a date other than on an Interest Payment Date that falls on a Business Day; provided, however, that transfers from a tax-exempt Tax Category to a taxable Tax Category on a date other than an Interest Payment Date shall be allowed using the applicable tax-withheld series name on PDEX Trading System, ensuring the computations are based on the final withholding tax rate of the taxable party to the trade. Should this transaction occur, the tax-exempt person shall be treated as being of the same Tax Category as its taxable counterparty for the interest period within which such transfer occurred. For purposes hereof, **"Tax Categories"** shall refer to the four final withholding tax categories in the PDEX system covering, particularly, tax-exempt persons, 20% tax-withheld persons, 25% tax-withheld persons (aliens), and 25% tax-withheld persons (corporations), as such categories may be revised, amended or supplemented by PDEX in accordance with its rules and Applicable Law. As set out in the Registry and Paying Agency Agreement, this restriction shall be in force until a non-restricted trading & settlement environment for corporate securities is implemented;
- (b) transfers by Bondholders with deficient documents; and
- (c) transfers during a Closed Period. For purposes hereof, **"Closed Period"** means period during which the Registrar shall not register any transfer or assignment of the Bonds, specifically: (i) the period of two (2) Business Days preceding any Interest Payment Date or the due date for any payment of the Final Redemption Amount of the Bonds; or (ii) the period when the Bonds or relevant series thereof have been previously called for redemption for any payment of the Call Option Price or the Other Redemption Price (as such term is defined in the Registry and Paying Agency Agreement), as applicable.

A Bondholder claiming tax-exempt status is required to submit to the Registry of Bondholders the required tax-exempt documents as detailed in the Registry and Paying Agency Agreement upon submission of the account opening documents to the Registrar and Paying Agent. Please also see the section on *"Description of the Bonds – Tax-Exempt Status or Entitlement to Preferential Tax Rate"* for a detailed discussion on the requirements for claiming a preferential tax status.

Transfers taking place in the Registry of Bondholders after the Bonds are listed on PDEX may be allowed between taxable and tax-exempt entities without restriction and observing the tax exemption of tax-exempt entities, if/and or when so allowed under and in accordance with the relevant rules,

conventions and guidelines of PDEX and PDTC and subject to the discussion under the section “Description of the Bonds – Tax-Exempt Status or Entitlement to Preference Tax Rate”.

Notwithstanding the submission by the Bondholder, or the receipt by the Issuer, the Registrar and Paying Agent, or any of the Joint Lead Underwriters and Joint Bookrunners of documentary proof of tax-exempt status of a Bondholder, the Issuer may, in its sole and reasonable discretion, determine that such Bondholder is taxable and require the Registrar and Paying Agent to proceed to apply the tax due on the Bonds. Any question on such determination shall be referred to the Issuer.

The Bondholders shall be responsible for monitoring and accurately reflecting their tax status in the Registry of Bondholders. The payment report to be prepared by the Registrar and Paying Agent and submitted to the Issuer in accordance with the Registry and Paying Agency Agreement, which shall be the basis of payments on the Bonds on any Interest Payment Date, shall reflect the tax status of the Bondholders as indicated in their accounts as of the Record Date.

4.3. Secondary Trading of the Bonds

The Issuer intends to list the Bonds on PDEX for secondary market trading and, for that purpose, the Issuer has filed an application for such listing. However, there can be no assurance that such a listing will actually be achieved or whether such a listing will materially affect the liquidity of the Bonds on the secondary market. Such listing would be subject to the Issuer’s execution of a listing agreement with PDEX that may require the Issuer to make certain disclosures, undertakings, and payments on an ongoing basis.

For so long as any of the Bonds are listed on PDEX, the Bonds will be traded in a minimum board lot size of Ten Thousand Pesos (₱10,000.00), and in multiples of Ten Thousand Pesos (₱10,000.00) in excess thereof. Secondary market trading in PDEX shall follow the applicable PDEX Rules, including rules, conventions and guidelines governing trading and settlement between Bondholders of different tax status, and shall be subject to the relevant fees of PDEX and PDTC, all of which shall be for the account of the relevant Bondholders.

5. RANKING

The Bonds shall constitute the direct, unconditional, unsubordinated and unsecured Peso-denominated obligations of the Issuer and shall at all times rank *pari passu* and ratably without any preference or priority amongst themselves and at least *pari passu* with all other present and future unsubordinated and unsecured indebtedness of the Issuer, contingent or otherwise, other than indebtedness mandatorily preferred by operation of law and not by contract, and preferred claims under any bankruptcy, insolvency, reorganization, moratorium, liquidation or other similar laws affecting the enforcement of creditors’ rights generally and by general principles of equity (but not the preference or priority established by Article 2244(14)(a) of the Civil Code of the Philippines), but in the event of insolvency, such financial obligations shall be absolute and unconditional only to the extent permitted by Applicable Law relating to creditors’ rights generally.

6. INTEREST

The Bonds shall bear interest on its outstanding principal amount from and including the Issue Date at the Applicable Interest Rate, adjusted as and when necessary, pursuant to the conditions set forth below.

6.1. Original Interest Rate

The original interest rate *per annum* applicable to each of Series F Bonds, Series G Bonds, and Series H Bonds starting on the Issue Date shall be as follows:

- (a) Series F Bonds: 6.5408% *per annum*;
- (b) Series G Bonds: 6.6807% *per annum*; and
- (c) Series H Bonds: 6.9572% *per annum*,

each an “Original Interest Rate”.

6.2. Applicable Interest Rate

The term “**Applicable Interest Rate**” shall refer to the interest rate *per annum* equivalent to either (i) the applicable Original Interest Rate per series; or (ii) the applicable Original Interest Rate per series adjusted for the occurrence of one or both Trigger Events.

6.3 Sustainability Performance Target; Interest Rate Step-Up

From and including the first day of the Interest Period immediately following the Interest Period within which a Target Measurement Date falls (each an “**Interest Step-Up Date**”), the Applicable Interest Rate for each series shall be equal to the Original Interest Rate plus 0.075% for each occurrence of a Trigger Event. There is a Trigger Event when an SPT is not met on the applicable Target Observation Date as determined in the verification assurance report of the relevant External Verification Provider.

The “**Sustainability Performance Target**” or “**SPT**” shall be as follows:

- Short Term SPT: Build 8,500 new Affordable Housing units by February 2027
- Medium Term SPT: Build 16,000 new Affordable Housing units by February 2029

Thus, the KPI is providing Affordable Housing. This KPI is defined as the number of Affordable Housing units provided by CLI across their residential portfolio. “**Affordable Housing**” are units priced below the price ceilings for low-cost and medium-cost housing based on the Joint Memorandum Circular between the Department of Human Settlements and Urban Development (“**DHSUD**”) and Department of Economy, Planning, and Development (“**DEPDev**”). As of the date of this Offer Supplement, the price threshold is pegged at below ₱4,900,000.00 for low-cost and below ₱6,600,000.00 for medium-cost based on the Joint Memorandum Circular 2024-001 which may be subject to future updates from the relevant government agencies. Any updates to the price threshold¹² by the relevant government agencies will be monitored by CLI and disclosed to stakeholders as these become available.

The “**Target Measurement Dates**” shall be as follows:

- Short Term SPT: March 01, 2027
- Medium Term SPT: March 01, 2029

The “**Target Observation Dates**” shall be as follows:

- Short Term SPT: February 28, 2027
- Medium Term SPT: February 28, 2029

If the relevant External Verification Provider determines in its verification assurance report that both Sustainability Performance Targets are met on the relevant Target Observation Dates, then the Applicable Interest Rate shall remain equal to the Original Interest Rate.

6.4. Interest Payment Dates and Interest Payment Calculation

Interest on the Sustainability-Linked Bonds shall be calculated on a European 30/360-day count basis and shall be paid quarterly in arrears every March 5, June 5, September 5, and December 5 of each year following the Issue Date while the Sustainability-Linked Bonds are outstanding. Hence, the first Interest Payment Date shall be on March 5, 2026.

In the event that any Interest Payment Date is not a Business Day, such Interest Payment Date shall be paid on the immediately succeeding Business Day without any adjustment to the amount due. The last Interest Payment Date shall fall on the Maturity Date, or the immediately succeeding Business Day

¹² Low-cost and medium-cost housing are considered affordable housing in the Philippines since their definitions (determined by price ceilings) are under the purview of DHSUD, which is mandated to develop and adopt a national strategy to address the provision of adequate and affordable housing for all Filipinos.

if such date is not a Business Day, without any adjustment to the amount due, provided that if the Issue Date is set at a date other than December 5, 2025, then the Interest Payment Dates will be automatically adjusted to the numerically corresponding dates at every quarter following the actual Issue Date.

Each Bondholder in whose name the Bonds are registered in the Registry of Bondholders at the close of business on the Record Date preceding the relevant Maturity Date shall be entitled to receive the principal amount of the Bonds. In all cases, repayment of principal shall be remitted to the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

6.5. Interest Accrual

The Bonds shall cease to bear interest from and including the relevant Maturity Date, as defined in the discussion on “*Description of the Bonds - Final Redemption*” below, unless, upon due presentation, payment of the principal in respect of the Bonds then outstanding is not made, is improperly withheld or refused, in which case the Penalty Interest (see “*Penalty Interest*” below) shall apply.

6.6. Calculation of Interest

Interest on the Bonds shall be calculated on a European 30/360-day count basis, regardless of the actual number of days in a month.

7. REDEMPTION AND PURCHASE

7.1. Final Redemption

The maturity dates of the Bonds (the “**Maturity Date**”) are as follows:

- (a) Series F Bonds: the fourth (4th) anniversary of the Issue Date, or on December 5, 2029;
- (b) Series G Bonds: the seventh (7th) anniversary of the Issue Date, or on December 5, 2032; and
- (c) Series H Bonds: the tenth (10th) anniversary of the Issue Date, or on December 5, 2035.

provided that, in the event that such Maturity Date falls on a day that is not a Business Day, the relevant Maturity Date shall be the immediately succeeding Business Day, without adjustment to the amount of interest and principal to be paid; provided further that if the Issue Date is set at a date other than December 5, 2025, then the Maturity Date will be adjusted automatically to the date falling on: (i) in respect of the Series F Bonds, the fourth (4th) anniversary of the Issue Date, (ii) in respect of Series G Bonds, the seventh (7th) anniversary of the Issue Date, and (iii) in respect of Series H Bonds, the tenth (10th) anniversary of the Issue Date.

Unless the Bonds are otherwise earlier redeemed or purchased and cancelled, the Issuer shall redeem the Bonds at 100% of face value on their Maturity Dates. However, if the relevant Maturity Date is not a Business Day, payment of all amounts due on such date will be made by the Issuer through the Paying Agent, without adjustment to the amounts due, on the succeeding Business Day.

Each Bondholder in whose name the Bonds is registered in the Registry of Bondholders at the close of business on the Record Date preceding the relevant Maturity Date shall be entitled to receive the principal amount of the Bonds. In all cases, repayment of principal shall be remitted to the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

7.2. Call Option

The Issuer has the right, but not the obligation, to redeem (in whole but not in part) the outstanding Sustainability-Linked Bonds before the Maturity Date on any one of the Interest Payment Dates indicated below (the “**Call Option Dates**”), or the immediately succeeding Business Day if such date is not a Business Day, in accordance with the following schedule:

Series F Bonds

Call Option Dates	Call Option Price
Third (3 rd) anniversary of the Issue Date and every Interest Payment Date thereafter before the fourth (4 th) anniversary of the Issue Date	100.5%

Series G Bonds	
Call Option Dates	Call Option Price
Fifth (5 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the sixth (6 th) anniversary of the Issue Date	101.0%
Sixth (6 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the seventh (7 th) anniversary of the Issue Date	100.5%

Series H Bonds	
Call Option Dates	Call Option Price
Seventh (7 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the eighth (8 th) anniversary of the Issue Date	101.5%
Eighth (8 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the ninth (9 th) anniversary of the Issue Date	101.0%
Ninth (9 th) anniversary of the Issue Date and every Interest Payment Date thereafter before the tenth (10 th) anniversary of the Issue Date	100.5%

provided, that if the relevant Call Option Date falls on a day that is not a Business Day, then the payment of the Call Option Price shall be made by the Issuer on the next Business Day, without adjustment to the amount of interest and Call Option Price to be paid. For the avoidance of doubt, the Bondholders shall not have any right to cause the Issuer to redeem the Series F Bonds, Series G Bonds, and Series H Bonds pursuant to this Call Option.

The amount payable to the Bondholders in respect of any such redemption shall be calculated as the sum of (i) the Call Option Price applied to the principal amount of the then outstanding Sustainability-Linked Bonds being redeemed and (ii) all accrued interest on the Sustainability-Linked Bonds as of the Call Option Date.

The Issuer shall give no more than sixty (60) nor less than thirty (30) days' prior written notice to the Trustee, Registrar and Paying Agent of its intention to redeem the Series F Bonds, Series G Bonds, or Series H Bonds, which notice shall be irrevocable and binding upon the Issuer to effect such early redemption of the Series F Bonds, Series G Bonds, or Series H Bonds on the Call Option Date stated in such notice. Upon receipt by the Trustee of such notice, the Trustee through the Issuer shall secure from the Registrar and Paying Agent an updated list of Bondholders as of the Record Date indicated in the notice from the Issuer and provide written notices to all registered Bondholders of the intended early redemption. Each Bondholder in whose name the Series F Bonds, Series G Bonds, or Series H Bonds subject of the early redemption are registered in the Registry of Bondholders at the close of business

on the relevant Record Date shall be entitled to receive the interest and Call Option Price. The Issuer shall pay the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

7.3. Early Redemption for Taxation Reasons

If payments under a series of or all the Bonds become subject to additional or increased taxes other than the taxes and rates of such taxes prevailing on the Issue Date as a result of certain changes in law, rule or regulation, or in the interpretation thereof, and such additional or increased rate of such tax cannot be avoided by use of reasonable measures available to the Issuer, the Issuer may redeem the relevant Bond series in whole or all the Bonds in whole, and not in part only, on any Interest Payment Date at 100% of face value and paid together with the accrued interest thereon, provided the Issuer has given not more than sixty (60) nor less than thirty (30) days' prior written notice to the Trustee, Registrar and Paying Agent, and subject to the requirements of Applicable Law. If the Issuer does not redeem the relevant Bond series or all the Bonds then all payments of principal and interest in respect of the Bonds shall be made free and clear of, and without withholding or deduction for, any such new or additional taxes, duties, assessments or governmental charges, unless such withholding or deduction is required by Applicable Law. In that event, the Issuer shall pay to the Bondholders concerned such additional amount as will result in the receipt by such Bondholders of such amounts as would have been received by them had no such withholding or deduction for new or additional taxes been required.

Upon receipt by the Trustee of the above written notice from the Issuer, the Trustee through the Issuer shall secure from the Registrar an updated list of Bondholders as of the Record Date indicated in the notice from the Issuer and provide written notices to all registered Bondholders of the intended early redemption. Each Bondholder in whose name the Bonds subject of the early redemption is registered in the Registry of Bondholders at the close of business on the relevant Record Date shall be entitled to receive the principal of the Bonds subject of the early redemption and the interest accrued thereon. The Issuer shall pay the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

For the avoidance of doubt, the Issuer shall not, in any case, be liable for Excluded Taxes. Please see "*Description of Bonds - Payment of Additional Amounts – Taxation*" for the enumeration of Excluded Taxes.

Accrued interest on the Bonds to be redeemed under this section for the last Interest Payment Date up to the relevant redemption date shall be calculated on the basis of a 360-day year consisting of twelve (12) months of thirty (30) days each and, in the case of an incomplete month, the number of days elapsed on the basis of a month of thirty (30) days.

7.4. Early Redemption by Reason of Change in Law or Circumstance

Each of the following events shall be considered as a change in law or circumstances ("**Change in Law or Circumstance**") as it refers to the obligations of the Issuer and to the rights and interests of the Bondholders under the Trust Agreement and the Bonds:

- (a) Any government and/or non-government consent, license, authorization, registration, or approval now or hereafter necessary to enable the Issuer to comply with its obligations under the Trust Agreement or the Bonds shall be modified in a manner which, in the reasonable opinion of the Trustee, shall materially and adversely affect the ability of the Issuer to comply with such obligations, or shall be withdrawn or withheld.
- (b) Any provision of the Trust Agreement or any of the related documents is or shall become, for any reason, invalid, illegal or unenforceable to the extent that it shall become for any reason unlawful for the Issuer to give effect to its rights or obligations hereunder, or to enforce any provisions of the Trust Agreement or any of the related documents in whole or in part, or any law shall be introduced to prevent or restrain the performance by the parties thereto of their obligations under the Trust Agreement or any other related documents.
- (c) Any concessions, permits, rights, franchise, or privileges required for the conduct of the business and operations of the Issuer shall be revoked, cancelled or otherwise terminated, or

the free and continued use and exercise thereof shall be curtailed or prevented, in such manner as to materially and adversely affect the financial condition or operations of the Issuer.

- (d) The Republic of the Philippines or any competent authority thereof takes any action to suspend the whole or a substantial portion of the operations of the Issuer and to condemn, seize, nationalize, or appropriate (either with or without compensation) the Issuer or any material portion of its properties or assets, unless such act, deed or proceedings are contested in good faith by the Issuer.

If any one or more of the events enumerated as a Change in Law or Circumstance shall occur and be continuing for a period of thirty (30) days, the Majority Bondholders, by notice in writing delivered to the Issuer through the Trustee, after the lapse of the said thirty (30)-day period, may declare the principal of the Bonds, including all accrued interest, net of applicable withholding taxes, and other charges thereon, if any, to be immediately due and payable, and upon such declaration the same shall be immediately due and payable, without any prepayment penalty, anything contained in the Trust Agreement to be documented or in the Bonds to the contrary notwithstanding, subject to the notice requirements under the discussion on “*Description of the Bonds – Notice of Default.*”

Each Bondholder in whose name the Bonds are registered in the Registry of Bondholders at the close of business on the Record Date indicated in the notice to the Bondholders shall be entitled to receive the principal of the Bonds and the interest accrued thereon. The Issuer shall pay the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

Accrued interest on the Bonds to be redeemed under this section for the last Interest Payment Date up to the relevant redemption date shall be calculated on the basis of a 360-day year consisting of twelve (12) months of thirty (30) days each and, in the case of an incomplete month, the number of days elapsed on the basis of a month of thirty (30) days.

7.5. Early Redemption by Reason of Change of Control

Upon the occurrence of a Change of Control, Bondholders holding at least 2/3 of the outstanding principal amount of the Bonds may require the Issuer to redeem all (but not some) of the Bonds at 100% of face value, which shall be paid together with the accrued interest thereon. Within fifteen (15) days following a Change of Control, the Issuer shall notify the Trustee, which shall, in turn, notify the Bondholders (i) that a Change of Control has occurred and that the Bondholders holding at least 2/3 of the outstanding principal amount of the Bonds may require the Issuer to redeem all (and not some) of the Bonds; and (ii) the date set by the Issuer for such repurchase (which shall not be earlier than forty-five (45) days and no later than sixty (60) days from the date written notice is received by the Trustee). Failure by the Issuer to provide the notice to the Trustee of the occurrence of such Change of Control shall be without prejudice to the Trustee providing the notice to the Bondholders as contemplated in this paragraph.

The decision of the Bondholders holding at least 2/3 of the outstanding principal amount of the Bonds under this section shall be conclusive and binding upon all the Bondholders.

“**Change of Control**” means AB Soberano Holdings Corp. ceasing to, whether directly or indirectly, have an aggregate economic interest of more than 50% in the Issuer or ceasing to have control over the Issuer.

Each Bondholder in whose name the Bonds are registered in the Registry of Bondholders at the close of business on the Record Date indicated in the notice to the Bondholders shall be entitled to receive the principal of the Bonds and the interest accrued thereon. The Issuer shall pay the Bondholders in accordance with the terms of the Registry and Paying Agency Agreement.

Accrued interest on the Bonds to be redeemed under this section for the last Interest Payment Date up to the relevant redemption date shall be calculated on the basis of a 360-day year consisting of twelve (12) months of thirty (30) days each and, in the case of an incomplete month, the number of days elapsed on the basis of a month of thirty (30) days.

7.6. Purchase and Cancellation

The Issuer may purchase the Bonds at any time in the open market or by tender or by contract, in accordance with PDEX Rules, as may be amended from time to time, without any obligation to make pro rata purchases from all the Bondholders. Bonds so purchased shall be redeemed and cancelled and may not be re-issued.

Upon listing of the Bonds in the PDEX, the Issuer shall disclose any such transaction in accordance with the applicable PDEX disclosure rules.

8. PAYMENTS

The principal of, interests on, and all other amounts payable on the Bonds shall be paid to the Bondholders through the Paying Agent. The Paying Agent shall credit the proper amounts received from the Issuer via the Philippine payment settlement system via Real Time Gross Settlement, net of final taxes and fees (if any), to the cash settlement banks of the Bondholders (nominated by the Bondholders in the Application to Purchase or as the Bondholder may notify the Paying Agent in writing), for onward remittance to the relevant cash settlement account of the Bondholder with the cash settlement bank. The principal of, and interest on, and all other amounts payable on the Bonds shall be payable in Philippine Pesos.

In the event that the details of the cash settlement account indicated by the relevant Bondholder in the Application to Purchase are incomplete or erroneous, or the cash settlement account of the relevant Bondholders has been closed, dormant, or inexistent, due to which payments to the Bondholders cannot be effected in a timely manner, then until the correction of the cash settlement account is effected and until credit of the relevant cash entitlement is completed, such payment shall either be retained in a suspense account with the relevant cash settlement bank or returned to the payment account, or otherwise disposed of by the cash settlement bank, in each case in accordance with the standard operating procedures of the relevant cash settlement bank.

In these cases, the Issuer and the Paying Agent shall not be liable to the relevant Bondholder for any failure or delay in the Bondholder's receipt of such payments.

As mentioned above, the Record Date, which is the cut-off date in determining the existing Bondholders entitled to receive interest, principal, or any other amount due under the Bonds, shall be two (2) Business Days immediately preceding the relevant Payment Date or such other date as the Issuer may duly notify PDTC. The Record Date shall be the reckoning date in determining the Bondholders entitled to receive interest, principal, or any other amount due under the Bonds. No transfers of the Bonds may be made during the Closed Period.

The Issuer shall ensure that so long as any of the Bonds remain outstanding, there shall at all times be a Paying Agent for the purposes of the Bonds and the Issuer or the Paying Agent may only terminate the appointment of the Paying Agent as provided in the Registry and Paying Agency Agreement. In the event the appointed office of any institution shall be unable or unwilling to continue to act as the Paying Agent, the Issuer shall appoint such other leading institution in the Philippines authorized to act in its place. The Paying Agent may not resign in its duties or be removed without a successor having been appointed.

9. No Sinking Fund

The Issuer has not established and currently does not intend to establish a sinking fund for the payment of the Bonds.

10. TAXATION

10.1. Payment of Additional Amounts – Taxation

Interest income on the Bonds is subject to a withholding tax at rates of between 10% and 25% depending on the tax status of the relevant Bondholder under relevant law, regulation, or tax treaty. Except for such withholding tax and as otherwise provided, all payments of principal and interest are to be made free and clear of any deductions or withholding for or on account of any present or future taxes

or duties imposed by or on behalf of the Philippines, including, but not limited to, issue, registration or any similar tax or other taxes and duties, including interest and penalties, if any. If such taxes or duties are imposed, the same shall be for the account of the Issuer; provided however that, the Issuer shall not be liable for the following ("**Excluded Taxes**"):

- (a) The withholding tax applicable on interest earned on the Bonds prescribed under the Tax Code and its implementing rules and regulations as may be in effect from time to time; provided, further, that all Bondholders are required to provide the Issuer through the Bondholders' Joint Lead Underwriter and Joint Bookrunner, or PDEX Trading Participant and endorsed to the Registrar and Paying Agent their validly issued tax identification numbers, issued by the BIR;
- (b) Gross Receipts Tax under Section 121 and 122 of the Tax Code;
- (c) Taxes on the overall income of any securities dealer or Bondholder, whether or not subject to withholding;
- (d) VAT under Sections 106 to 108 of the Tax Code; and
- (e) Any applicable taxes on any subsequent sale or transfer of the Bonds by any holder which shall be for the account of such holder (or its buyer, as the holder and the buyer may have agreed upon).

Documentary stamp tax for the primary issue of the Bonds and the execution of the Bond Agreements, if any, shall be for the Issuer's account.

Please see the section on "*Taxation*" in the Prospectus for a more detailed discussion on the tax consequences of the acquisition, ownership, and disposition of the Bonds.

10.2. Tax-Exempt Status or Entitlement to Preferential Tax Rate

An investor (which is referred to below as "Bondholder" (which term, for purposes of this section, includes an Applicant)) who is claiming exemption from the aforesaid withholding tax, or that it/he/she is subject to a preferential withholding tax rate shall be required to submit the following requirements, subject to acceptance by the Issuer as being sufficient in form and substance:

- (a) BIR-certified true copy of a valid, current, and subsisting tax exemption certificate, ruling or opinion issued by the BIR and addressed to the Bondholder, confirming its/his/her exemption or its/his/her entitlement to the preferential rate, as required under BIR Revenue Memorandum Circular No. 8-2014 including any clarification, supplement or amendment thereto, and for tax-exempt Personal Equity Retirement Account ("**PERA**") established pursuant to PERA Act of 2008, a certified true copy of the Bondholder's current, valid and subsisting Certificate of Accreditation as PERA Administrator;
- (b) with respect to tax treaty relief, the Issuer may apply the preferential tax treaty rate on the interest income of the non-resident foreign Bondholder by relying on the submission by such Bondholder of the following documents before the interest income is paid or, if the Bondholder is a fiscally transparent entity, on the submission of each of the Bondholder's owners or beneficiaries:
 - (i) three (3) originals of a duly signed and executed application form for tax treaty purposes (BIR Form 0901-I (Tax Treaty Relief Application for Interest Income)) or if the Bondholder is a fiscally transparent entity, the following must also be attached to the duly signed and executed BIR Form 0901-I: (a) a copy of the law of the foreign country showing that tax is imposed on the owners or beneficiaries of the foreign fiscally transparent entity; (b) list of owners/beneficiaries of the foreign entity; and (c) proof of ownership of the foreign entity, in the form acceptable for recognition under Philippine laws;
 - (ii) an authenticated or apostilled tax residency certificate/s (TRCs) duly issued by the relevant foreign tax authority in favor of the Bondholder, or if the Bondholder is a fiscally

transparent entity, in favor of each of the Bondholder's non-resident foreign owners or beneficiaries, in the form acceptable for recognition under Philippine laws, and which should be updated for such relevant years as required under existing Philippine tax rules and regulations and/or the terms and conditions in the BIR approval document/s;

- (iii) the relevant provision of the applicable tax treaty providing for the claimed tax exemption or preferential tax rate, in a form acceptable to the Issuer; and
- (iv) three (3) originals of the duly notarized and consularized or apostilled (as the case may be), if executed outside of the Philippines, Special Power of Attorney executed by the Bondholder or the Bondholder's owners or beneficiaries, as may be applicable, in favor of the authorized representative (if the Application Form for Treaty Purposes and other documents are accomplished by an authorized representative) and confirmation acceptable to the Issuer that the Bondholder or the Bondholder's owners or beneficiaries is/are not doing business in the Philippines to support the applicability of a tax treaty relief.

Prior to the payment of subsequent interests due, the Issuer may apply the preferential tax treaty rate on the interest income of the non-resident foreign Bondholder upon the submission of the following documents:

- (i) three (3) originals of a duly signed and executed application form for tax treaty purposes (BIR Form 0901-I (Tax Treaty Relief Application for Interest Income));
- (ii) an authenticated or apostilled tax residency certificate/s (TRCs) duly issued by the relevant foreign tax authority in favor of the Bondholder, or if the Bondholder is a fiscally transparent entity, in favor of each of the Bondholder's non-resident foreign owners or beneficiaries, in the form acceptable for recognition under Philippine laws, if the validity period of the previously issued tax residency certificate has already lapsed; and
- (iii) other additional documents as may be required by the Issuer or pursuant to applicable tax regulations, which shall be submitted by the Bondholder or Registrar and Paying Agent to the Issuer no later than the first (1st) day of the month when such subsequent interest payment/s shall fall due and, if applicable, including any clarification, supplement or amendment thereto.

Failure to submit these documents will lead to withholding using the regular tax rates prescribed under the Tax Code, as amended, for non-resident foreign corporations or non-resident aliens not engaged in trade or business in the Philippines, as the case may be, and not the treaty rate.

If the tax treaty rate was applied by the Issuer based on the representations and supporting documents provided by the Bondholder, the Bondholder (either directly or through its duly authorized representatives) will file with the BIR's International Tax Affairs Division ("ITAD") a request for confirmation of the use of the tax treaty rate no later than the last day of the fourth (4th) month following the close of the relevant taxable year after the payment of the withholding tax with supporting documents specified in Revenue Memorandum Order No. 14-2021 and in relation to Revenue Memorandum Circular No. 77-2021 and its allied BIR issuances, as may be amended from time to time. In relation thereto, the Issuer requires that copies of the BIR-stamped "Received" request for confirmation (with the complete accompanying documents) be provided by the Bondholder to the Issuer within sixty (60) days from the payment of the interest income to the Bondholder (either directly or through its duly authorized representatives), and without need of prior request or demand from the Issuer. The Bondholder shall submit to the Issuer the original of the Certificate of Entitlement to Treaty Benefit issued by the BIR within ten (10) days from the Bondholder's receipt of the Certificate of Entitlement to Treaty Benefit. The Bondholder shall ensure compliance with the requisites under the Certificate of Entitlement to Treaty Benefit for entitlement to the tax treaty benefits.

If the BIR determines that the withholding tax rate used is lower than the applicable tax rate that should have been applied, or that the non-resident taxpayer is not entitled to treaty benefits, the request for confirmation will be denied and the BIR will require the Issuer to pay the

deficiency taxes with penalties. In such case, the Bondholder, as the ultimate income earner, shall either advance to the Issuer or reimburse the Issuer, at the option of the Issuer, the total amount of deficiency taxes and penalties imposed by the BIR, as well as all other reasonable and necessary fees that may be incurred by the Issuer as a result of the denial of the BIR application.

In case the Issuer used the regular tax rate under the Tax Code, the non-resident foreign Bondholder may file a tax treaty relief application with ITAD after it has received the interest income with supporting documents specified in Revenue Memorandum Order No. 14-2021 in relation to Revenue Memorandum Circular No. 77-2021. If the BIR determines that the withholding tax rate applied is higher than the rate that should have been applied, the BIR will issue a certificate confirming the non-resident income recipient's entitlement to treaty benefits, and the Bondholder may apply for a refund of excess withholding tax with the BIR within the two (2)-year period provided in Section 229 of the Tax Code. The claim for refund of the Bondholder may be filed simultaneously with the tax treaty relief application.

- (c) a duly notarized undertaking substantially in the form attached as Schedule 4 to the Registry and Paying Agency Agreement or in a form acceptable to the Issuer executed by:
- (i) the Bondholder, or in respect of juridical entities (save for a universal bank which is covered by item (ii) below), the corporate secretary or any authorized representative of such Bondholder, who is in possession of the relevant exemption documents as its authorized custodian, or who has personal knowledge of the exemption or entitlement to preferential tax treatment and will have personal knowledge of any amendment, revocation, expiration, change or any circumstance affecting the validity of the exemption or preferential tax treatment, based on his official functions, if the Bondholder purchases or holds the Bonds for its account, or
 - (ii) the trust officer, if the Bondholder is a universal bank authorized under Philippine law to perform trust and fiduciary functions and purchase the Bonds pursuant to its management of tax-exempt entities (e.g., Employee Retirement Fund, etc.),

in each case:

- (i) declaring and warranting such entities' tax-exempt status or preferential rate entitlement, undertaking to immediately notify the Issuer, the Registrar and Paying Agent:
 - (1) of any suspension, revocation, amendment, or invalidation (in whole or in part) of the tax exemption or preferential rate entitlement certificate, ruling, or opinion issued by the BIR;
 - (2) if there are any material changes in the factual circumstances of the Bondholder including but not limited to its character, nature, and method of operation, which are inconsistent with the basis of its income tax exemption or preferential rate entitlement; and or
 - (3) if there are any change of circumstance, relevant treaty, law or regulation or any supervening event that may or would result in the interest income of the Bonds being ineligible for exemption or preferential tax rate; and
- (ii) agreeing to indemnify and hold the Issuer, the Registrar and the Paying Agent free and harmless against any claims, actions, suits, and liabilities resulting from the non-withholding or incorrect withholding of the required tax;

provided, that in case of corporate, partnership or trust account investors, such investor shall also submit an original certification from the corporate secretary or an equivalent officer of the investor, setting forth the resolutions of its board of directors or equivalent body authorizing the execution of the undertaking and designating the signatories, with their specimen signatures, for the said purpose; and

- (d) such other documentary requirements as may be reasonably required by the Issuer or the Registrar or Paying Agent, or as may be required under the applicable regulations of the relevant taxing or other authorities; provided, that, the Issuer shall have the exclusive discretion to decide whether the documents submitted are sufficient for purposes of applying the exemption or the reduced rate being claimed by the Bondholders on the Interest payments to such Bondholders.

Unless properly provided with satisfactory proof of the tax-exempt status or entitlement to preferential rates of an Applicant or a Bondholder, each of the Issuer and the Registrar and Paying Agent may assume that such Applicant or Bondholder is taxable and proceed to apply the tax due on the Bonds. Notwithstanding the submission by the Applicant or Bondholder, or the receipt by the Issuer or any of its agents, of documentary proof of the tax-exempt status or entitlement to preferential rates of an Applicant or a Bondholder, the Issuer may require the Registrar and Paying Agent to proceed to apply the tax due on the Bonds. Any question on such determination shall be referred to the Issuer.

Unless otherwise indicated above, the foregoing requirements shall be submitted, (i) in respect of an initial issuance of Bonds, upon submission of the Application to Purchase to any of the Joint Lead Underwriters and Joint Bookrunners who shall then forward the same to the Registrar; or (ii) in respect of a transfer from a Bondholder to a purchaser, through the intermediary to the Registrar upon submission of the Investor Registration Form (in a form attached as Schedule 8 to the Registrar and Paying Agency Agreement) and other applicable account opening documents, in accordance with the procedures of the Registrar. A selling or purchasing Bondholder claiming tax-exempt status or preferential tax rate is required to submit, together with the account opening documents submitted to the Registry, the documents described above.

Transfers taking place in the Register of Bondholders after the Bonds are listed in PDEX may be allowed between taxable and tax-exempt entities without restriction and observing the tax exemption of tax-exempt entities, if/and or when so allowed under and in accordance with the relevant rules, conventions, and guidelines of PDEX and PDTC and subject to the discussion above.

Failure on the part of the Bondholder to submit the aforementioned document/s within the time prescribed shall result in the application of the regular tax rates.

11. FINANCIAL COVENANTS

From the date of the Trust Agreement and for as long as the Bonds or any portion thereof remains outstanding, and unless the Majority Bondholders shall otherwise consent in writing, the Issuer undertakes to maintain the following financial ratios, with testing to be done on an annual basis:

- a Debt-to-Equity Ratio not exceeding 2.5:1;
- a Current Ratio of at least 1:1; and
- an Interest Coverage Ratio of at least 3:1.

For purposes of computing the above ratios, the following terms shall have the meanings set forth herein:

- **“Current Ratio”** means the ratio of current assets and current liabilities of the Company based on its consolidated audited financial statements.
- **“Debt-to-Equity Ratio”** means the result obtained by dividing (i) the amount of interest-bearing (current and non-current) liabilities of the Company by (ii) the total Equity of the Company, in each case as appearing in the latest consolidated audited balance sheet of the Company; provided, that if the Company issues preferred shares which are (1) either redeemable at a fixed date, or redeemable at the option of the holder of the preferred shares, and (2) the Company is obliged to make payments in the form of either interest or dividends, or the terms and conditions of the issuance of the preferred shares oblige the Company to distribute a specific percentage of profits, then such preferred shares shall be categorized as liabilities falling under (i) hereof, otherwise, it shall be classified as part of Equity when computing Debt-to-Equity Ratio.

For purposes of calculating the Debt-to-Equity Ratio, “**Equity**” means, at any date and as shown in the latest consolidated audited balance sheet of the Company, the aggregate outstanding capital stock, additional paid-in-capital, equity reserve and retained earnings.

- “**Interest Coverage Ratio**” means the result obtained by dividing (i) the twelve (12)-months trailing EBITDA plus cash balance by (ii) interest due for the next year. For purposes of calculating the Interest Coverage Ratio, “**EBITDA**” means, during the relevant period, the net earnings of the Company before deducting net interest expense, income tax, depreciation, and amortization, as determined in accordance with PFRS and based on the Company’s consolidated audited financial statements.

For the avoidance of doubt, any indebtedness to be incurred to refinance, in the same currency or its equivalent amount, an existing indebtedness outstanding on the Issue Date, shall not be construed as an incurrence of additional indebtedness.

In the determination of any particular amount of indebtedness in connection with these financial covenants, guarantees, security interests or obligations with respect to letters of credit supporting indebtedness otherwise included in the determination of such particular amount shall not be included.

Testing of the financial covenants shall be done on the last Business Day of April of each year, using the fiscal year-end audited consolidated financial statements of the Company.

For the years 2022 to 2024, the Company has been compliant with the financial covenants under its existing loan/notes facility agreements.

12. NEGATIVE PLEDGE

The Issuer shall not, without the consent of the Majority Bondholders, permit any indebtedness for borrowed money to be secured by or to benefit from any mortgage, security interest, pledge, lien or encumbrance constituted on any of the Issuer’s properties for the purpose of securing its or its Affiliate’s obligation in favor of any creditor or class of creditors without providing the Bondholders with the same kind or class of security, the benefit of which is extended equally or ratably among them to secure the Bonds, provided that the foregoing restrictions shall not apply to any Permitted Liens.

13. EVENTS OF DEFAULT

13.1. Events of Default

Each of the following events shall constitute an “**Event of Default**” under the Bonds and the Trust Agreement:

(i) Payment Default

The Issuer defaults in the payment when due of any amount payable to the Bondholders under the Bonds or the Trust Agreement, unless such failure arises solely as a result of an administrative or technical error or a Disruption Event and payment is made within three (3) Business Days after the date such payment is due (a “**Payment Default**”).

(ii) Representation/Warranty Default

Any representation and warranty of the Issuer hereof and in other Bond Agreements or any certificate or opinion submitted pursuant thereto proves to have been untrue, incorrect or misleading in any material respect as and when made and the circumstances which cause such representation or warranty to be incorrect or misleading continue for not less than thirty (30) days (or such longer period as the Majority Bondholders shall approve) after receipt of written notice from the Trustee to that effect.

(iii) Other Default

The Issuer fails to perform, comply with, or violates any provision, term, condition, covenant or obligation contained in the Trust Agreement (other than by reason of paragraph (a) above and other paragraphs under this section on “*Events of Default*”), and any such failure, non-compliance or violation is not remediable or, if remediable, continues unremedied for a period of thirty (30) days (or such longer curing period granted to the Issuer by the Majority Bondholders) from the date after written notice thereof shall have been received by the Issuer from the Trustee; provided that this paragraph shall not apply in respect of any failure or violation that is specifically covered by the other paragraphs under this section on “*Events of Default*” and, for the avoidance of doubt, such other paragraphs shall apply accordingly.

(iv) Cross Default

The Issuer and/or any of its Subsidiaries violates any material term or condition of any contract executed by the Issuer or any of its Subsidiaries with any bank, financial institution or other person, corporation or entity for the payment of borrowed money which constitutes an event of default under said contract, or in general, violation of any, law or regulation which violation, if remediable, is not remedied by the Issuer or such Subsidiary within ten (10) Business Days from receipt of notice by the Trustee to the Issuer, or which violation is otherwise not contested by the Issuer or such Subsidiary, and the effect of such violation results in the acceleration or declaration of the whole financial obligation to be due and payable prior to the stated normal date of maturity; and which violation shall, further, in the reasonable opinion of the Trustee, adversely and materially affect the performance by the Issuer of its obligations under the Trust Agreement and the Bonds; provided however that, no event of default shall occur under this paragraph unless the aggregate amount of indebtedness in respect of which one or more of the events above mentioned has/have occurred equals or exceeds Five Hundred Million Pesos (₱500,000,000.00).

(v) Insolvency Default

The Issuer or any of its Subsidiaries becomes insolvent or unable to pay its debts when due or commits or permits any act of bankruptcy, which term shall include, but shall not be limited to: (i) filing of a petition in any bankruptcy, rehabilitation, reorganization (other than a labor or management reorganization), winding up, suspension of payment or liquidation proceeding, or any other proceeding analogous in purpose and effect; (ii) appointment of a trustee or receiver of all or a substantial portion of its properties; (iii) making of an assignment for the benefit of its creditors; (iv) the admission in writing by the Issuer or such Subsidiary of its inability to pay its debts; or (v) the entry of any order or judgment of any court, tribunal or administrative agency or body confirming the bankruptcy or insolvency of the Issuer or such Subsidiary or approving any reorganization (other than a labor or management reorganization), winding-up, liquidation or appointment of trustee or receiver of the Issuer or such Subsidiary, or a substantial portion of its assets; provided, that items (i) and (ii) shall not be an Event of Default if the same shall have been dismissed or stayed by injunction or otherwise within ninety (90) days from filing of a petition in the case of item (i) or the appointment of a trustee or receiver in the case of item (ii);

(vi) Judgment Default

Any final judgment, decree, or arbitral award for the sum of money, damages or for a fine or penalty in excess of Five Hundred Million Pesos (₱500,000,000.00) or its equivalent in any other currency is entered against the Issuer and the enforcement of which is not stayed, and is not paid, discharged or duly bonded within thirty (30) calendar days after the date when payment of such judgment, decree or award is due under the Applicable Law or agreement.

(vii) Writ and Similar Process Default

Any final and executory judgment, decree or arbitral award by a court of competent jurisdiction for a sum of money, damages or for a fine or penalty in excess of Five Hundred Million Pesos (₱500,000,000.00) or its equivalent in any other currency is entered against the Issuer and the enforcement of which is not stayed, or is not paid, discharged or duly bonded within forty-five

(45) days after the date when payment of such judgment, decree or award is due under the Applicable Law or agreement.

(viii) Closure Default

The Issuer voluntarily suspends or ceases operations of a substantial portion of its business for a continuous period of thirty (30) days except in the case of: (i) strikes or lockouts or when necessary to prevent business losses; (ii) shutdowns or regular preventive repairs; or (iii) when due to fortuitous events or force majeure.

(ix) Contest

The Issuer shall contest in writing the validity or enforceability of the Trust Agreement or any other Bond Agreements or shall deny generally in writing the liability of the Issuer under the Trust Agreement or any other Bond Agreements.

(x) Illegality

Any of the Trust Agreement or the other Bond Agreements or any material portion there is declared to be illegal or unenforceable in a final and executory judgment rendered by a court of competent jurisdiction, and the Bonds are not redeemed within a period of thirty (30) days after the judgment has become final and executory; provided that this paragraph shall be without prejudice to the right of the Majority Bondholders to require early redemption of the Bonds (e.g., even prior to a final and executory judgment) pursuant to "*Early Redemption by Reason of Change in Law or Circumstance*".

13.2. Notice of Default

The Trustee shall, within thirty (30) days after the occurrence of an Event of Default, give to all the Bondholders written notice of any such Event of Default unless the same shall have been cured before the giving of such notice; provided, that in the case of a Payment Default under the section "*Events of Default*", the Trustee shall immediately notify the Bondholders upon the occurrence of such Payment Default.

The existence of a written notice required to be given to the Bondholders hereunder shall be published for at least once a week for two consecutive weeks in at least two newspapers of general circulation in the Philippines indicating in the published notice that the Bondholders or their duly authorized representatives may request any information relating to such occurrence of an Event of Default at the principal office of the Trustee upon presentation of sufficient and acceptable identification. Otherwise, the Trustee may also provide notice via the other modes of notice as provided under Section 17 of the Trust Agreement (or Section 17.2 (*Notices to the Bondholders*) of Annex A of the Trust Agreement or this section "*Description of the Bonds*").

13.3. Consequences of Default

- (a) If any one or more of the Events of Default shall have occurred and be continuing after the lapse of the period given to the Issuer within which to cure such Event of Default, if any, or upon the occurrence of such Event of Default for which no cure period is provided, (i) the Trustee upon the written direction of the Majority Bondholders, by notice in writing delivered to the Issuer, or (ii) the Majority Bondholders, by notice in writing delivered to the Issuer and the Trustee, may declare the Issuer in default ("**Declaration of Default**") and declare the principal of the Bonds then outstanding, together with all accrued and unpaid interest thereon and all amounts due thereunder, to be due and payable not later than five (5) Business Days from the receipt of the Declaration of Default ("**Default Payment Date**") with a copy to the Registrar and Paying Agent who shall then prepare a payment report in accordance with the Registry and Paying Agency Agreement. Thereupon, the Issuer shall make all payments due on the Bonds in accordance with the Registry and Paying Agency Agreement.
- (b) All the unpaid obligations under the Bonds, including accrued interest, and all other amounts payable thereunder, shall be declared to be forthwith due and payable, whereupon all such

amounts shall become and be forthwith due and payable without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Issuer.

13.4. Penalty Interest

In case any amount payable by the Issuer under the Bonds, whether for principal, interest, or otherwise, is not paid on the relevant due date, the Issuer shall, without prejudice to its obligations to pay the said principal, interest and other amounts, pay penalty interest on the defaulted amount(s) at the rate of 12% *per annum* (the “**Penalty Interest**”) from the time the amount fell due until it is fully paid in accordance with the Terms and Conditions of the Bonds and the Trust Agreement.

Provided there is failure to pay as indicated above, the Penalty Interest shall be payable notwithstanding that there is no, or even prior to a Declaration of Default.

13.5. Payments in the Event of Default

Upon the occurrence of any Event of Default, and provided that there has been a Declaration of Default and acceleration of payment of the Bonds by the Majority Bondholders, then in any such case:

- (a) the Issuer will pay the Bondholders, through the Paying Agent, the whole amount which shall then have become due and payable on such outstanding Bonds with interest at the rate borne by the Bonds on the overdue principal and with Penalty Interest, where applicable, based on the payment report no later than the Default Payment Date. The Issuer also undertakes that it shall give the Trustee written notice of its intention to make any payments under this paragraph (a); and
- (b) the Trustee shall have the right to require the Registrar and Paying Agent, upon demand in writing, to do the following:
 - (i) to hold all sums, documents and records held by them in respect of the Bonds on behalf of the Trustee;
 - (ii) deliver all evidence of the Bonds and all sums, documents and records held by them in respect of the Bonds to the Trustee or as the Trustee shall direct in such demand; provided, that such demand shall be deemed not to apply to any documents or records which the Registrar or Paying Agent is not allowed to release by any law or regulation; and/or
 - (iii) subject to the terms of the Registry and Paying Agency Agreement, apply any money received from the Issuer pursuant to this section in the order of preference provided in the “*Description of the Bonds – Application of Payments*” below.

13.6. Application of Payments

Any money collected or delivered by the Trustee as a consequence of a Declaration of Default and any other funds held by it, subject to any other provision of the Trust Agreement relating to the disposition of such money and funds or to the Registry and Paying Agency Agreement, shall be applied by the Trustee in the order of preference as follows:

- (a) *First:* to the *pro rata* payment to the Trustee, the Registrar and Paying Agent and PDEx of the costs, expenses, fees, and other charges of collection, including reasonable compensation to them, their agents, attorneys, and all expenses and liabilities incurred, or disbursements made by them, without gross negligence or bad faith in carrying out their respective obligations under their respective agreements with the Issuer in connection with the Bonds.
- (b) *Second:* to the payment of the interest in default, in the order of the maturity of such interest with Penalty Interest.
- (c) *Third:* to the payment of all other outstanding interest, in the order of maturity of such interest based on the information on Bondholders reflected in the relevant registry account to be

provided by the Registrar and Paying Agent in accordance with the Registry and Paying Agency Agreement.

- (d) *Fourth*: to the payment of the principal amount of the Bonds then due and payable based on the information on Bondholders reflected in the relevant registry account to be provided by the Registrar and Paying Agent in accordance with the Registry and Paying Agency Agreement.
- (e) *Fifth*: the remainder, if any, shall be paid to the Issuer, its successors, or assigns, or to whoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct.

Except for any interest and principal payments, all disbursements of the Paying Agent in relation to the Bonds shall require the written conformity of the Trustee. The Paying Agent shall render a monthly account of such funds under its control.

14. PRESCRIPTION

Claims in respect of principal and interest or other sums payable under the Bonds shall prescribe unless the claim is made within ten (10) years (in the case of principal or other sums) or five (5) years (in the case of interest) from the date on which payment becomes due.

15. REMEDIES

15.1. General

Subject to the discussion below under “*Description of the Bonds – Ability to File Suit.*”

- (a) all remedies conferred by the Trust Agreement to the Trustee and the Bondholders shall be cumulative and not exclusive and shall not be so construed as to deprive the Trustee or the Bondholders of any legal remedy by judicial or extra judicial proceedings appropriate to enforce the conditions and covenants of the Trust Agreement, and
- (b) unless the claim has already prescribed as set out in Section 10.8 of the Trust Agreement (or relates to Section 14 (*Prescription*) of Annex A of the Trust Agreement or of this section “*Description of the Bonds - Prescription*”), no delay or omission by the Trustee or the Bondholders to exercise any right or power arising from or on account of any default hereunder shall impair any such right or power, or shall be construed to be a waiver of any such default or an acquiescence thereto; and every power and remedy given by the Trust Agreement to the Trustee or the Bondholders may be exercised from time to time and as often as may be necessary or expedient.

15.2. Ability to File Suit

No Bondholder shall have any right by virtue of or by availing of any provision of the Trust Agreement to institute any suit, action or proceeding for the collection of any sum due from the Issuer under the Trust Agreement on account of principal, interest and other charges, or for the appointment of a receiver or trustee, or for any other remedy hereunder unless:

- (a) such Bondholder previously shall have given to the Trustee written notice of an Event of Default and of the continuance thereof and the related request for the Trustee to convene a meeting of the Bondholders to take up matters related to their rights and interests under the Bonds;
- (b) the Majority Bondholders shall have decided and made the written request upon the Trustee to institute such action, suit or proceeding in the latter's name;
- (c) the Trustee for sixty (60) days after the receipt of such notice and request shall have neglected or refused to institute any such action, suit or proceeding; and
- (d) no directions inconsistent with such written request shall have been given under a waiver of default by the Bondholders,

it being understood and intended, and being expressly covenanted by every Bondholder with every other Bondholder and the Trustee, that no Bondholder shall have any right in any manner whatever by virtue of or by availing of any provision of the Trust Agreement to affect, disturb or prejudice the rights of the holders of any other such Bonds or to obtain or seek to obtain priority over or preference to any other such holder or to enforce any right under the Trust Agreement, except in the manner therein provided and for the equal, ratable, and common benefit of all the Bondholders. For the protection and enforcement of this ability to file suit, each Bondholder and the Trustee shall be entitled to such relief as can be given under Applicable Law.

15.3. Waiver of Default by the Bondholders

The Majority Bondholders (a) may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred upon the Trustee under the Trust Agreement, or (b) may, on behalf of the Bondholders, waive any past default except the Events of Default defined as a Payment Default, Insolvency Default or Closure Default, and its consequences. In case of any such waiver, the Issuer, the Trustee, and the Bondholders shall be restored to their former positions and rights under the Trust Agreement; provided, that, no such waiver shall extend to any subsequent or other default or impair any right consequent thereto. Any such waiver by the Majority Bondholders shall be conclusive and binding upon all Bondholders and upon all future holders and owners thereof, irrespective of whether or not any notation of such waiver is made upon the certificate representing the Bonds.

16. SUBSTITUTION

Substitution of the Bonds is not contemplated.

17. TRUSTEE; NOTICES

The following discussion is qualified by the more detailed information as contained in the Trust Agreement.

17.1. Notice to the Trustee and the Issuer

All documents required to be submitted to the Trustee or the Issuer and all other notices, requests and other communications must be in writing and will be deemed to have been duly given only if delivered personally, mailed (first class postage prepaid), or emailed to the relevant parties at the following addresses or email addresses, and addressed to the individuals named below:

To the Issuer:

Attention:	Joel Francis B. Crystal Head of Institutional Sales Division
Telephone No:	+632-8894-9000 ext. 1417

Email: jbcystal@rcbc.com

All such notices, requests and other communications shall be deemed to have been personally given on the earlier of: (a) the date of receipt (if delivered personally), (b) ten (10) calendar days after posting (if delivered by mail), or (c) the date of transmission (if transmitted by electronic mail and there is no automated failure of delivery notice to the sender within twenty-four (24) hours of such transmission). Each of the Trustee and the Issuer may from time to time change its address or other information for the purpose of notices hereunder by giving notice specifying such change to the other party pursuant to the notice procedure under this section.

Any notice, report or communication received on a non-working day or after business hours in the place of receipt will only be deemed given on the next working day in that place.

17.2. Notice to the Bondholders

Except where the Bonds and the Bond Agreements specifically require another party to send notice to the Bondholders, the Trustee shall send any and all notices to the Bondholders as may be required or necessary under the Bonds and the Bond Agreements to their contact details as set forth in the Registry of Bondholders, it being understood, however, that for purposes of fulfilling its obligations to deliver such notices, the Trustee shall be entitled to rely on the Registry of Bondholders in determining the Bondholders entitled to notice and their respective contact details. Further, while the Trustee shall exert best efforts to meet the periods relative to sending of notices as provided in the Trust Agreement, it shall not be liable for delays that are outside its control.

Except where a specific mode of notification is provided for in the Bond Agreements, notices to Bondholders shall be sufficient when made in writing and transmitted in any one of the following modes: (i) registered mail; (ii) e-mail; (iii) ordinary mail; (iv) by publication for at least once a week for two consecutive weeks in at least two newspapers of general circulation in the Philippines; (v) personal delivery to the address of record in the Registry of Bondholders; or (vi) disclosure through the Online Disclosure System of the PDEX. If notices to the Bondholders shall be sent by mail or personal delivery, such notices shall be sent to the mailing address of the Bondholders as set forth in the Registry of Bondholders. All notices shall be deemed to have been received (i) ten (10) days from posting if transmitted by registered mail; (ii) on the date of receipt of the e-mail in readable form; (iii) fifteen (15) days from mailing, if transmitted by ordinary mail; (iv) on the date of last publication, if notice is made by publication; (v) on the date of delivery, for personal delivery; or (vi) on the date of disclosure, if notice is made by disclosure through the Online Disclosure System of the PDEX.

A notice made by the Issuer to the Trustee is notice to the Bondholders. The publication in a newspaper of general circulation in the Philippines of a press release or news item about a communication or disclosure made by the Issuer to the PDEX on a matter relating to the Bonds shall be deemed a notice to the Bondholders of said matter on the date of the first publication or the date of the disclosure, as the case may be.

17.3 Binding and Conclusive Nature

Except as provided in the Trust Agreement, all notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained by the Trustee for purposes of the provisions of the Trust Agreement, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer and all the Bondholders, and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Registrar and Paying Agent or the Bondholders shall attach to the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions under the Trust Agreement.

18. THE TRUSTEE

18.1. Duties and Responsibilities of the Trustee

- (a) The Trustee shall independently perform each of the following duties for the benefit of the Bondholders:

- (i) Coordinate with the Issuer, the Joint Lead Underwriters and Joint Bookrunners, the Registrar and the Paying Agent in relation to the performance of their respective responsibilities under the relevant Bond Agreements.
- (ii) Have custody of and hold in its name, for and on behalf of the Bondholders, the Master Certificates of Indebtedness for the Bonds.
- (iii) Monitor compliance by the Issuer with the Trust Agreement, including the Issuer's compliance or non-compliance with all its representations and warranties, and the observance by the Issuer of all its covenants and performance of all its obligations, under and pursuant to the Trust Agreement; *provided*, that such monitoring shall be based solely on a sworn certification executed by an authorized officer of the Issuer and delivered to the Trustee within seven (7) days from each Interest Payment Date, substantially in the form attached as Annex C to the Trust Agreement.
- (iv) Report regularly to Bondholders any non-compliance by the Issuer with the Trust Agreement and any development with respect to the Issuer of which the Trustee may have actual notice or knowledge of based on official disclosures to PDEX, PSE, SEC and other regulatory agencies, or those which the Trustee may have been given actual notice or knowledge of that adversely affects the interest of the Bondholders, including any default by the Issuer on any of its obligations of which the Trustee may have actual notice or knowledge, and inform the Bondholders, upon the recommendation of legal counsel, of the alternative courses of action that they may take to protect their interest; *provided*, that for purposes hereof, the Trustee shall, without need of any further act or notice to the Issuer, publish a notice once in a newspaper of general circulation, binding upon all the Bondholders wherever situated or located, that the Bondholders or their duly authorized representatives may obtain a report regarding the Bonds at the principal office of the Trustee upon presentation of sufficient and acceptable identification. If the foregoing notice via publication is not practicable, the Trustee may issue the relevant notice via the other modes of notification as provided under Section 17.1 of the Trust Agreement (or Section 17.2 (*Notice to the Bondholders*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Notice to the Bondholders*"). Upon advice of legal counsel, the Trustee shall inform the Bondholders of the alternative courses of action that they may take to protect their interest.
- (v) All costs and expenses incurred by the Trustee in connection with the publication with newspapers of general circulation and printing of the notices shall be for the account of the Issuer and shall be paid or reimbursed by the Issuer within ten (10) Business Days from receipt of the duly supported billing statement.
- (vi) Act on behalf of the Bondholders including calling for and/or attending meetings of the Bondholders in the manner set out in this section. A meeting of the Bondholders may be called at any time for the purpose of taking any actions authorized to be taken by or on behalf of the Bondholders of any specified aggregate principal amount of the Bonds under any provisions of the Trust Agreement or under Applicable Law or in respect of any matter related to the Bonds.
 - (1) A meeting (either a face-to-face meeting or a meeting held through remote communication such as videoconferencing, teleconferencing, or other alternative modes of communication) of the Bondholders, for purposes of taking any actions authorized under the Trust Agreement or under Applicable Law or in respect of any matter related to the Bonds may be called by the following: (a) the Trustee, on its own accord or upon the written request of the Issuer, or (b) the Bondholders representing more than 25% of the outstanding principal amount of the Bonds. The meeting may be held at such time and at such place or via such mode (as applicable) as the Trustee shall determine.
 - (2) Unless otherwise provided in the Trust Agreement, the Trustee shall give notice of every meeting of the Bondholders (which notice must state the purpose thereof in reasonable detail and set forth the time, place, mode (as

applicable), requirements and procedures for participating and voting in meetings held through remote communication, and purpose of such meeting in reasonable detail) to the Issuer and each of the registered Bondholders not earlier than forty-five (45) days nor later than fifteen (15) days prior to the date fixed for the meeting and shall publish such notice once in a newspaper of general circulation; provided that, if the purpose of the meeting is to take any decision or action in respect of an Event of Default or potential Event of Default or the issuance of a Declaration of Default, the notice shall be made at least five (5) days prior to the date fixed for the meeting; provided further that, if the foregoing notice via publication is not practicable, the Trustee may issue the relevant notice via the other modes of notification as provided under Section 17.1 of the Trust Agreement (or Section 17.2 (*Notice to the Bondholders*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Notice to the Bondholders*").

The Trustee shall fix the record date for determining the Bondholders entitled to notice and vote during the meeting, which record date shall not be earlier than forty-five (45) days before the date of the meeting; provided that, if the purpose of the meeting is to take any decision or action in respect of an Event of Default or potential Event of Default or the issuance of a Declaration of Default, the record date shall not be earlier than fifteen (15) days before the date of the meeting.

- (3) Failure of the Trustee to call a meeting upon the written request of either the Issuer or the Bondholders representing more than 25% of the outstanding principal amount of the Bonds within ten (10) Business Days from receipt of such request shall entitle the requesting party to send and publish the appropriate notice of the Bondholders' meeting and fix the record date for determining the Bondholders entitled to attend and vote in accordance with the procedure in accordance with Section 18.1(a)(vi)(2) and Section 19.2 (*Notice of Meetings*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds*."
- (4) The presence of the Majority Bondholders, personally or by proxy, shall be necessary to constitute a quorum to do business at any meeting of the Bondholders. The Trustee shall determine and record the presence of the Majority Bondholders based on the list of Bondholders prepared by the Registrar in accordance with the Registry and Paying Agency Agreement, which list shall include (a) the complete names of the Bondholders (including the name of the authorized representative of the Bondholder, where applicable), (b) the amount of Bonds held by the Bondholders as of the relevant record date, (c) the complete address and contact details of the Bondholders, (d) the specimen signatures of the Bondholders' authorized signatories, and (e) such other information necessary for the performance of the duties and powers of the Trustee under the Trust Agreement as may be requested by the Trustee. The Registrar shall, and the Issuer shall cause the Registrar to, provide the Trustee with a list of Bondholders at least five (5) Business Days upon receipt of written request from the Trustee.
- (5) The Trustee shall preside at all the meetings of the Bondholders, unless the meeting shall have been called by the Issuer or by the Majority Bondholders as provided in Section 18.1(a)(vi)(3) and Section 19. (*Failure of the Trustee to Call a Meeting*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds*" in which case the Issuer or the Bondholders calling the meeting, as the case may be, shall move for the election of the chairman and secretary of the meeting. The elected secretary shall take down the minutes of the meeting, covering all matters presented for resolutions by and the results of the votes cast by the Bondholders entitled to vote at the meeting and/or the person appointed by a public instrument in writing as proxy or agent by any such Bondholder in accordance with Section 18.1(vi)(7) and Section

19.6 (*Voting Rights*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds*". The elected secretary shall immediately provide the Trustee with the copy of the minutes of the meeting which copy shall be made available at any time to the Issuer and all Bondholders upon receipt of written request, provided that the cost of furnishing the same to the requesting party shall be for such person's account.

- (6) Any meeting of the Bondholders may be adjourned from time to time for a period not to exceed, in the aggregate, one (1) year from the date for which the meeting shall originally have been called, and the meeting as so adjourned may be held without further notice. Any such adjournment may be ordered by Persons representing a majority of the aggregate principal amount of the Bonds represented at the meeting and entitled to vote, whether or not a quorum shall be present at the meeting.
- (7) To be entitled to vote at any meeting of the Bondholders, a Person should be a registered holder of the Bonds as reflected in the Registry of Bondholders on the relevant record date fixed pursuant to Section 18.1(a)(vi)(2) of Annex A of the Trust Agreement or of this section "*Description of the Bonds*", as the case may be, or a Person should be appointed by a public instrument as proxy or agent by any such Bondholder (and, in case of corporate or institutional Bondholders, duly supported by the resolutions of its board of directors or equivalent body authorizing the appointment of the proxy or agent duly certified by its corporate secretary or an authorized officer) for the meeting. The only Persons who shall be entitled to be present or to speak at any meeting of the Bondholders shall be the Persons entitled to vote at such meeting, any representative of the Trustee, any representative of the Issuer, and their respective legal counsels. Please refer also to Section 19.6 of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Voting Rights*".
- (8) Except as otherwise specifically provided in the Trust Agreement, all matters presented for resolution by the Bondholders in a meeting duly called for the purpose shall be decided or approved by the affirmative vote of the Majority Bondholders (which should present or represented in a meeting at which there is a quorum).

Any resolution of the Bondholders which has been duly approved with the required number of votes of the Bondholders as herein provided shall be binding upon all the Bondholders and the Trustee.

- (9) Wherever in the Trust Agreement it is provided that the holders of a specified percentage of the aggregate outstanding principal amount of Bonds may take any action (including the making of any demand or request, the giving of any notice or consent, or the taking of any other action), the fact that at the time of taking any such action the holders of such specified percentage have joined such action may be evidenced by: (i) any instrument executed by the Bondholders in person or by the agent or proxy appointed in writing in accordance with Section 18.1(a)(vi)(7) and Section 19.6 (*Voting Rights*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds*"; (ii) the duly authenticated record of voting in favor thereof at the meeting of the Bondholders duly called and held in accordance herewith; or (iii) a combination of such instruments and any such record of meeting of the Bondholders.
- (10) Notwithstanding the provisions in this section and other provisions of the Trust Agreement, the Trustee may make such reasonable regulations (not inconsistent with the terms and conditions of the Trust Agreement) as it may deem advisable for any meeting of the Bondholders, with regard to the proof of ownership of the Bonds, the appointment of proxies by the Bondholders, the election of the chairman and the secretary, the appointment and duties of inspectors of votes, the submission and examination of proxies, certificates

and other evidence of the right to vote, and such other matters concerning the conduct of the meeting as it shall deem fit.

- (11) All costs and expenses incurred by the Trustee in connection with the meetings of the Bondholders shall be for the account of the Issuer and shall be paid or reimbursed by the Issuer within ten (10) Business Days from receipt of the duly supported billing statement.
 - (12) Whenever this section or any other provision of the Trust Agreement provides for a certain percentage of Bondholders who may take any action, this section or any such provision shall be construed (a) with respect to matters relating only to the Series F Bonds, Bondholders representing the relevant percentage of the outstanding principal amount of the Series F Bonds; (b) with respect to matters relating only to the Series G Bonds, Bondholders representing the relevant percentage of the outstanding principal amount of the Series G Bonds; (c) with respect to matters relating only to the Series H Bonds, Bondholders representing the relevant percentage of the outstanding principal amount of the Series H Bonds; or (d) with respect to matters affecting the Series F Bonds, Series G Bonds, and Series H Bonds, Bondholders representing the relevant percentage of the outstanding principal amount of the Bonds.
- (vii) Safekeep (1) all records enumerated in Section 3.2 of the Trust Agreement, (2) copies of all submissions of the Issuer to the SEC in connection with the procurement and maintenance of the SEC Registration Documents (as such term is defined in the Trust Agreement), the Bonds Agreements, and (3) such other documents that may be deemed pertinent and as may be reasonably requested by the Trustee in the performance of its functions.
- (viii) Upon written request by the Issuer no later than 11:30 a.m. within ten (10) Business Days following the date the Trustee receives such request, send notice of any matter to the Bondholders, other than those matters the notice of which is specifically required to be given to the Bondholders by another party under the Bond Agreements.
- For the avoidance of doubt, notwithstanding any actions that the Trustee may take, the Trustee shall remain to be the party responsible to the Bondholders, and to whom the Bondholders shall communicate with respect to any matters that must be taken up with the Issuer.
- (ix) Prior to the occurrence of an Event of Default or after the curing of all such defaults which may have occurred, the Trustee shall perform only such duties as are specifically set forth in the Trust Agreement. In case of default, the Trustee shall exercise such rights and powers vested in it by the Trust Agreement, and use such diligence, judgment and care under the circumstances then prevailing that individuals of prudence, discretion and intelligence, and familiar with such matters, will exercise in the management of their own affairs.
 - (x) The Trustee shall submit the reports described in Section 18.4 (*Reports to the Bondholders*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Reports to the Bondholders*".
 - (xi) The Trustee shall allow the inspection of documents described in Section 18.5 (*Inspection of Documents*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Inspection of Documents*".
- (b) The Trustee, in the performance of its duties, shall exercise such rights and powers vested in it by the Trust Agreement, and observe due diligence required of a prudent and reasonable Person under the same circumstances, in the performance of its duties and obligations under the Trust Agreement. The Trustee may perform any of its duties under the Trust Agreement through its directors, officers, employees, agents, or attorneys-in-fact. Subject to the succeeding paragraph, the Trustee shall not be responsible for the inadequacy of the Issuer to

meet and discharge any of its obligations under the Bonds or be liable for any depreciation in value or other losses of the Bonds. Neither shall the Trustee be a surety or a guarantor of the solvency or capacity of the Issuer, any of the Joint Lead Underwriters and Joint Bookrunners, the Registrar, the Paying Agent, or any of their authorized representatives. Each Bondholder is deemed to have represented and warranted to the Trustee and to the Issuer that it has independently and, without reliance on the Trustee or the issuer, made its own credit investigation and appraisal of the financial position and affairs of the Issuer on the basis of such documents and information it has deemed appropriate and that it has subscribed to the Bonds on the basis of such independent appraisal, and that it shall continue to make its own credit appraisal without reliance on the Trustee or the Issuer.

In the absence of wilful misconduct, fraud, evident bad faith, gross negligence or breach of Applicable Law on the part of the Trustee, the Issuer and the Bondholders agree to indemnify and hold the Trustee free and harmless from and against any and all claims, liabilities, penalties, judgments, suits, expenses and other costs of any kind or nature against the Trustee in respect of its obligations under the Trust Agreement. The foregoing shall be without prejudice to the right of the Issuer to pursue all available remedies for the breach of the Trustee of its obligations under the Trust Agreement.

- (c) Reliance in good faith on the information submitted by the Issuer, the Bondholders, the Joint Lead Underwriters and Joint Bookrunners, the Registrar and the Paying Agent, or any of their authorized representatives pursuant to the terms and conditions of the Bond Agreements shall absolve the Trustee from any liability. The Trustee shall be fully protected in acting in accordance with the written directions, requests, instructions, and certifications of the Issuer, the Bondholders, any of the Joint Lead Underwriters and Joint Bookrunners, the Registrar, or the Paying Agent, or any of their authorized representatives pursuant to the terms and conditions of the Bond Agreements, to the extent permitted by Applicable Law.

The Trustee may rely on any communication or document believed by it in good faith to be genuine, and may rely on the statements of any of the Issuer, the Bondholders, the Joint Lead Underwriters and Joint Bookrunners, the Paying Agent, the Registrar or any of their authorized representatives, on any matter or fact which might reasonably be expected to be within the knowledge of the latter.

The Trustee may request from the Issuer, the Bondholders, the Joint Lead Underwriters and Joint Bookrunners, the Paying Agent or the Registrar, or any of their authorized representatives, for any information and/or assistance as the Trustee may reasonably require to enable it to perform its rights, powers, duties, functions, authorities, and discretion under the Trust Agreement, including but not limited to a certification of compliance (in substantially the form attached as Annex C to the Trust Agreement) to be delivered by the Issuer on a quarterly basis to confirm the Issuer's compliance with its obligations and undertakings under the Bonds and the Trust Agreement. The Issuer shall submit the certification of compliance for the first three (3) quarters of the Issuer's fiscal year within forty-five (45) days from the end of the relevant quarter, and the annual certification of compliance within one hundred twenty (120) days from the end of its fiscal year.

The Trustee may presume that no Event of Default has occurred until it has received notice thereof and it may conclusively rely upon the certification of compliance to be delivered by the Issuer.

- (d) In coordination with the Issuer, the Trustee may seek the advice of legal counsel, and take any action in accordance with the written advice of such legal counsel; provided, however, that coordination with the Issuer shall not be necessary if there is an occurrence of an Event of Default. Any such action taken or suffered in good faith by the Trustee as a consequence of the reasonable opinion of the said legal counsel, shall be conclusive and binding upon the Issuer and the Bondholders, and the Trustee shall be fully protected from any liability for any loss or damage suffered or caused to be suffered by the Issuer and/or the Bondholders by virtue thereof, provided there is no concurrent breach by the Trustee of its obligations under the Trust Agreement.

The Trustee may assume that the Issuer has taken and obtained such necessary legal and other advice and opinion in respect of the actions taken or suffered by the Trustee in accordance with the foregoing paragraph and that the same is satisfactory to it, so that the Trustee shall have no obligation or responsibility to seek or obtain any other independent or additional advice or opinion and shall not be liable for any loss or damage suffered or incurred by the Issuer and/or the Bondholders as a result thereof.

All costs and expenses (if any), including legal fees, incurred by the Trustee in connection with such action shall be reimbursed by the Issuer within five (5) Business Days from receipt of the duly supported billing statement.

- (e) The Trustee may refrain from doing anything under the Trust Agreement that would or might in its reasonable opinion be contrary to Applicable Law or render it liable to any Person, and until it has been indemnified or secured to its satisfaction against any and all costs, losses, expenses, or liabilities which it would or might sustain or incur as a result. The Trustee may refrain from performing any action not expressly provided in the Trust Agreement unless it is first given the proper written instructions by the Issuer and until it has been indemnified or secured to its satisfaction against any and all costs, losses, expenses, or liabilities which it would or might sustain or incur as a result, except if there is an occurrence of an Event of Default.
- (f) Except as may be necessary to perform its duties under the Trust Agreement and as required by Applicable Law, the Trustee (i) shall permanently keep privileged and confidential, separate and distinct, any information, data, documents, files, properties, funds, or any other matter which it may acquire pursuant to the Trust Agreement or obtained in the course of the performance of its duties and functions as a Trustee, (ii) shall refrain from disclosing any such information or item in any manner, whether written, verbal, telegraphic, coded, or encrypted, whether in physical, electronic, or any other form or media, and (iii) hereby undertakes not to use any such information or item for its own benefit or for the benefit of any of its clients regardless of whether or not such use can be shown to cause disadvantage, injury, or damage to the Issuer; *provided*, that where any disclosure of the foregoing information is required by Applicable Law, the Trustee shall, to the extent permitted by Applicable Law, consult with and properly apprise the Issuer of such legal requirement prior to the proposed disclosure and give reasonable opportunity to the Issuer to consider the same before the Trustee makes any decision to release it. This paragraph (f) shall survive the Trust Agreement.
- (g) For the faithful performance of its duties under the Trust Agreement, the Trustee shall not be required to furnish any bond or undertaking.
- (h) Any corporation into which the Trustee may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Trustee shall be party or any corporation succeeding to the business of the Trustee shall be the successor of the Trustee hereunder without the need for the execution or filing of any paper or any further act on the part of any parties hereto, anything to the contrary notwithstanding; provided that such successor trustee shall be eligible to act as trustee under the provisions of the Trust Agreement and under Applicable Law.
- (i) The Trustee shall collect, process, retain, share, dispose and destroy the personal and/or sensitive personal information (the "**Personal Information**") of the Bondholders in accordance with the Data Privacy Act of 2012 and its Implementing Rules and Regulations, as the same may be amended from time to time. The Trustee shall not sell, trade or otherwise share the Personal Information for marketing purposes to third parties without the written consent of the relevant Bondholder. The Trustee may disclose the Personal Information to:
 - (i) government or regulatory agencies if required by the Applicable Law, or if reasonably determined by the Trustee to be necessary in relation to the use of the Personal Information in connection with the provision of any service related to the Trust Agreement, and for data processing, storage, retention, collection, sharing, disposal and destruction as may be necessary for the provision of such service, anti-money laundering monitoring, combating the financing of terrorism, review and reporting, or

for purposes of complying with any law or regulation, for law enforcement purposes, national security or public interest (the “**Purpose**”);

- (ii) its employees, directors, officers, representatives, agents, advisors, counsels, and service providers as the Trustee deems it reasonably necessary in relation to the Purpose; and
- (iii) its Subsidiaries and Affiliates as well as employees, directors, officers, representatives, agents, advisors, counsels, and service providers of such Subsidiaries and Affiliates, as the Trustee deems it reasonably necessary in relation to the Purpose.

In addition to the above, the Trustee is appointed as trustee for and on behalf and benefit of the Bondholders and accordingly shall perform such duties and shall have such responsibilities as provided in the Trust Agreement.

Except as may be otherwise provided in the Trust Agreement, the Trustee is not required to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers under the Trust Agreement if there is reasonable ground to believe that the repayment of such funds or liability is not reasonably assured to it under the terms of the Trust Agreement.

The Trust Agreement provides for other obligations of the Trustee and terms and conditions applicable to the Trustee’s discharge of its functions under the agreement.

18.2. Resignation and Change of Trustee

- (a) The Trustee may at any time resign by giving at least ninety (90) days’ prior written notice to the Issuer of such resignation (or such lesser period as may be agreed by the Issuer).
- (b) Upon receipt of such notice of resignation of the Trustee, the Issuer shall immediately appoint a replacement trustee, who shall be acceptable to the Issuer, by written instrument in duplicate, executed by its authorized officers, one (1) copy of which instrument shall be delivered to the resigning Trustee and one (1) copy to the replacement trustee. If no replacement trustee shall have been so appointed and have accepted appointment within thirty (30) days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a replacement trustee, or any Bondholder who has been a bona fide holder for at least the immediately preceding six (6) months may, for and in behalf of the Bondholders, petition any such court for the appointment of a replacement. Such court may thereupon after notice, if any, as it may deem proper, appoint a replacement trustee.

Subject to paragraph (e) below, a replacement trustee must possess all the qualifications required under pertinent laws and the Trust Agreement.

- (c) In case at any time the Trustee (i) shall fail to comply with the provisions of the Trust Agreement in relation to conflict of interest, after written request therefor by the Issuer or by any Bondholder, (ii) shall cease to be eligible in accordance with the provisions of the Trust Agreement or Applicable Law and shall fail to resign after written request therefor by the Issuer or by any Bondholder; (iii) in the reasonable opinion of the Issuer, has committed fraud, bad faith, willful misconduct or gross negligence or has otherwise violated Applicable Law, in each case, in the performance of any material obligation under the Trust Agreement; or (iv) shall become incapable of acting, or has acquired conflicting interest, or shall be adjudged as bankrupt or insolvent, or a receiver for the Trustee or of its property shall be appointed, or any public officer shall take charge or control of the Trustee or of its properties or affairs for the purpose of rehabilitation, conservation or liquidation, then the Issuer may within thirty (30) days therefrom remove the Trustee, and appoint a replacement trustee, by written instrument in duplicate, executed by its authorized officers, one (1) copy of which instrument shall be delivered to the Trustee so removed and one (1) copy to the replacement trustee. If the Issuer fails to remove the Trustee and appoint a replacement trustee, any Bondholder may, on behalf of himself and all other Bondholders, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a replacement trustee. Such court may thereupon after

such notice, if any, as it may deem proper, remove the Trustee and appoint a replacement trustee.

- (d) The Majority Bondholders may at any time remove the Trustee for just and reasonable cause, and with consent of the Issuer (provided that no consent of the Issuer shall be required if there has been an occurrence of an Event of Default), appoint a replacement trustee, by the delivery to the Trustee so removed, to the replacement trustee and to the Issuer of the evidence (as provided for in the Trust Agreement) of the action in that regard taken by the Majority Bondholders, which removal shall take effect thirty (30) days from receipt of such notice by the Trustee; provided, that if no replacement trustee shall have been appointed within ninety (90) days from the receipt of the Issuer of the written evidence (as provided for in the Trust Agreement) of the action taken, the Majority Bondholders may appoint a replacement trustee without the consent of the Issuer. This is without prejudice to whatever remedies may be available to the Majority Bondholders under the law or in equity.
- (e) Any resignation or removal of the Trustee and appointment of a replacement trustee pursuant to any of the provisions of the Trust Agreement shall become effective upon the earlier of: (i) the acceptance of appointment by the replacement trustee as provided in the Trust Agreement; and (ii) the effectivity of the resignation notice sent by the Trustee under the Trust Agreement; provided, however, that until such replacement trustee is qualified and appointed, the outgoing Trustee shall discharge duties and responsibilities solely as a custodian of records for turnover to the replacement trustee promptly upon the appointment thereof by the Issuer.
- (f) Within fifteen (15) days from the effectiveness of the resignation or removal of the outgoing trustee and the appointment of the replacement trustee, the outgoing trustee shall transfer and turn over to the replacement trustee, and shall make an accounting of, all the assets, documents or instruments which are in the custody of the outgoing trustee, if any, provided, that if the outgoing trustee does not receive any objections on the final accounting report within thirty (30) days from submission thereof, they shall be deemed to have absolutely and unconditionally accepted the accuracy of the final accounting report.

18.3. Replacement Trustee

- (a) The replacement trustee must have the following qualifications:
 - (i) it is a financial institution duly organized, validly existing, in good standing under and by virtue of the laws of the Philippines with full powers and authority to undertake its duties as trustee and duly authorized by the BSP to engage in trust and other fiduciary business;
 - (ii) it must be a third party that has no Subsidiary or Affiliate or any other relationship with the Issuer which would undermine its independence, including any conflict of interest under Section 11.1(c) of the Trust Agreement; and
 - (iii) it must have an adequate risk management and must be sufficiently capitalized as evidenced by its compliance with the risk-based capital adequacy ratio prescribed under applicable BSP regulations.
- (b) Any replacement trustee appointed shall execute, acknowledge and deliver to the Issuer and to its predecessor trustee an instrument accepting such appointment, and thereupon the resignation or removal of the outgoing trustee shall become effective and such replacement trustee, without further act, deed or conveyance, shall become vested with all the rights, powers, trusts, duties and obligations of its predecessor under the Trust Agreement. The foregoing notwithstanding, on the written request of the Issuer or of the replacement trustee, the trustee ceasing to act as such shall execute and deliver an instrument transferring to the replacement trustee, all the rights, powers and duties of the trustee so ceasing to act as such. Upon request of any such replacement trustee, the Issuer shall execute any and all instruments in writing as may be necessary to fully vest in and confer to such replacement trustee all such rights, powers and duties.

- (c) Upon acceptance of the appointment by a replacement trustee as provided in this section, the Issuer shall notify the Bondholders in writing and/or by publication once in a newspaper of general circulation in Metro Manila, Philippines, of the replacement of such replacement trustee to the trust provided in the Trust Agreement. If the Issuer fails to notify the Bondholders within ten (10) days after the acceptance of appointment by the replacement trustee, the latter shall cause the Bondholders to be notified at the expense of the Issuer.

18.4. Reports to the Bondholders

Only upon the existence of either (a) or (b) below, the Trustee shall submit to the Bondholders on or before the tenth Business Day after the Issue Date and March 1 of each year from the Issue Date until full payment of the Bonds a brief report dated as of December 31 of the immediately preceding year with respect to:

- (a) the property and funds, if any, physically in the possession of the Paying Agent held in trust for the Bondholders on the date of such report which shall be based on the report to be given by the Paying Agent to the Trustee upon request by the Trustee through the Issuer; or
- (b) any action taken by the Trustee in the performance of its duties under the Trust Agreement which it has not previously reported and which in its opinion materially affects the Bonds, except action in respect of a default, notice of which has been or is to be withheld by it.

The Trustee shall submit to the Bondholders a brief report within ninety (90) days from the making of any advance for the reimbursement of which it claims or may claim a lien or charge which is prior to that of the Bondholders on the property or funds held or collected by the Registrar and Paying Agent with respect to the character, amount and the circumstances surrounding the making of such advance; provided that, the remaining unpaid amounts of such advance is at least 10% of the aggregate outstanding principal amount of the Bonds at such time.

18.5. Inspection of Documents

Upon due notice to the Trustee, the following pertinent documents may be inspected during regular business hours on any Business Day at the principal office of the Trustee:

- (a) the Trust Agreement,
- (b) the Registry and Paying Agency Agreement,
- (c) the Articles of Incorporation and By-Laws of the Issuer, and
- (d) the Registration Statement of the Issuer with respect to the Bonds subject of this Offer, and the Prospectus.

19. MEETINGS

19.1. Meetings of Bondholders

A meeting of the Bondholders may be called at any time for the purpose of taking any actions authorized to be taken by or in behalf of the Bondholders of any specified aggregate principal amount of the Bonds under any other provisions of the Trust Agreement or under the law and such other matters related to the rights and interests of the Bondholders under the Bonds.

The following discussion is qualified by the more detailed information as contained in the Trust Agreement.

19.2. Notice of Meetings

A meeting (either a face-to-face meeting or a meeting held through remote communication such as videoconferencing, teleconferencing, or other alternative modes of communication) of the Bondholders for purposes of taking any actions authorized under the Trust Agreement or under Applicable Law or in

respect of any matter related to the Bonds may be called by the following: (a) the Trustee, on its own accord or upon the written request of the Issuer, or (b) the Bondholders representing more than 25% of the outstanding principal amount of the Bonds. The meeting may be held at such time and at such place or via such mode (as applicable) as the Trustee shall determine.

Unless otherwise provided in the Trust Agreement, the Trustee shall give notice of every meeting of the Bondholders (which notice must state the purpose thereof in reasonable detail and set forth the time, place, mode (as applicable), requirements and procedures for participating and voting therein) to the Issuer and each of the registered Bondholders not earlier than forty-five (45) days nor later than fifteen (15) days prior to the date fixed for the meeting and shall publish such notice once in a newspaper of general circulation; provided that, if the purpose of the meeting is to take any decision or action in respect of an Event of Default or potential Event of Default or the issuance of a Declaration of Default, the notice shall be made at least five (5) days prior to the date fixed for the meeting; provided further that, if the foregoing notice via publication is not practicable, the Trustee may issue the relevant notice via the other modes of notification as provided under Section 17.1 of the Trust Agreement (or Section 17.2 (*Notice to the Bondholders*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Notice to the Bondholders*").

The Trustee shall fix the record date for determining the Bondholders entitled to notice and vote during the meeting, which record date shall not be earlier than forty-five (45) days before the date of the meeting; provided that, if the purpose of the meeting is to take any decision or action in respect of an Event of Default or potential Event of Default or the issuance of a Declaration of Default, the record date shall not be earlier than fifteen (15) days before the date of the meeting.

All costs and expenses incurred by the Trustee in connection with the meetings of the Bondholders shall be for the account of the Issuer and shall be paid or reimbursed by the Issuer within ten (10) Business Days from receipt of the duly supported billing statement.

19.3. Failure of the Trustee to Call a Meeting

Failure of the Trustee to call a meeting upon the written request of either the Issuer or the Bondholders representing more than 25% of the outstanding principal amount of the Bonds within ten (10) Business Days from receipt of such request shall entitle the requesting party to send and publish the appropriate notice of the Bondholders' meeting and fix the record date for determining the Bondholders entitled to attend and vote in accordance with the procedure set forth under Section 18.1(a)(vi)(2) and Section 19.2 (*Notice of Meetings*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Notice of Meetings*."

19.4. Quorum

The presence of Majority Bondholders, personally or by proxy, shall be necessary to constitute a quorum to do business at any meeting of the Bondholders. The Trustee shall determine and record the presence of the Majority Bondholders based on the list of Bondholders prepared by the Registrar in accordance with the Registry and Paying Agency Agreement, which list shall include (a) the complete names of the Bondholders (including the name of the authorized representative of the Bondholder, where applicable), (b) the amount of Bonds held by the Bondholders as of the relevant record date, (c) the complete address and contact details of the Bondholders, (d) the specimen signatures of the Bondholders' authorized signatories, and (e) such other information necessary for the performance of the duties and powers of the Trustee under the Trust Agreement as may be requested by the Trustee. The Registrar shall, and the Issuer shall cause the Registrar to, provide the Trustee with a list of Bondholders and the foregoing information at least five (5) Business Days upon receipt of written request from the Trustee.

19.5. Procedure for Meetings

- (a) The Trustee shall preside at all the meetings of the Bondholders, unless the meeting shall have been called by the Issuer or by the Majority Bondholders as provided under Section 18.1(a)(vi)(3) and Section 19.3 (*Failure of the Trustee to Call a Meeting*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Failure of the Trustee to Call a Meeting*" in which case the Issuer or the Bondholders calling the meeting, as the case may be, shall

move for the election of the chairman and secretary of the meeting. The elected secretary shall take down the minutes of the meeting, covering all matters presented for resolutions by and the results of the votes cast by the Bondholders entitled to vote at the meeting and/or the Person appointed by a public instrument as proxy or agent by any such Bondholder in accordance with the procedure set forth in Section 18.1(vi)(7) and Section 19.6 (*Voting Rights*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Voting Rights*". The elected secretary shall immediately provide the Trustee with a copy of the minutes of the meeting which copy shall be made available at any time to the Issuer and all Bondholders upon receipt of written request, provided that the cost of furnishing the same to the requesting party shall be for such person's account.

- (b) Any meeting of the Bondholders may be adjourned from time to time for a period or periods not to exceed in the aggregate of one (1) year from the date for which the meeting shall originally have been called, and the meeting as so adjourned may be held without further notice. Any such adjournment may be ordered by Persons representing a majority of the aggregate principal amount of the Bonds represented at the meeting and entitled to vote, whether or not a quorum shall be present at the meeting.

19.6. Voting Rights

To be entitled to vote at any meeting of the Bondholders, a Person should be a registered holder of the Bonds as reflected in the Registry of Bondholders on the relevant record date fixed by the Trustee, the Issuer or the Majority Bondholders (as the case may be) pursuant to the Trust Agreement, or a Person appointed in writing by a public instrument as proxy or agent by any such Bondholder (and, in case of corporate or institutional Bondholders, duly supported by the resolutions of its board of directors or equivalent body authorizing the appointment of the proxy or agent duly certified by its corporate secretary or an authorized officer) for the meeting. Bondholders shall be entitled to one (1) vote for every Ten Thousand Pesos (₱10,000.00) interest. The only Persons who shall be entitled to be present or to speak at any meeting of the Bondholders shall be the Persons entitled to vote at such meeting, any representative of the Trustee, any representative of the Issuer, and their respective legal counsels.

19.7. Voting Requirement

Except as otherwise specifically provided in the Trust Agreement, all matters presented for resolution by the Bondholders in a meeting duly called for the purpose shall be decided or approved by the affirmative vote of the Majority Bondholders (which should be present or represented in a meeting at which there is a quorum).

Any resolution of the Bondholders which has been duly approved with the required number of votes of the Bondholders as herein provided shall be binding upon all the Bondholders and the Trustee.

19.8. Evidence Supporting the Action of the Bondholders

Wherever in the Trust Agreement it is provided that the holders of a specified percentage of the aggregate outstanding principal amount of the Bonds may take any action (including the making of any demand or requests and the giving of any notice or consent or the taking of any other action), the fact that at the time of taking any such action the holders of such specified percentage have joined therein may be evidenced by: (i) any instrument executed by the Bondholders in person or by the agent or proxy appointed in writing in accordance with the procedure set forth in Section 18.1(a)(vi)(7) and Section 19.6 (*Voting Rights*) of Annex A of the Trust Agreement or of this section "*Description of the Bonds – Voting Rights*", or (ii) the duly authenticated record of voting in favor thereof at the meeting of the Bondholders duly called and held in accordance herewith, or (iii) a combination of such instrument and any such record of meeting of the Bondholders.

19.9. Role of the Trustee in Meetings of the Bondholders

Notwithstanding the provisions in this section and other provisions of the Trust Agreement, the Trustee may make such reasonable regulations (not inconsistent with the Trust Agreement) as it may deem advisable for any meeting of the Bondholders, with regard to proof of ownership of the Bonds, the appointment of proxies by the Bondholders, the election of the chairman and the secretary, the

appointment and duties of inspectors of votes, the submission and examination of proxies, certificates and other evidence of the right to vote, and such other matters concerning the conduct of the meeting as it shall deem fit.

20. NON-RELIANCE

Each Bondholder also represents and warrants to the Trustee and to the Issuer that it has independently and, without reliance on the Trustee, made its own credit investigation and appraisal of the financial condition and affairs of the Issuer on the basis of such documents and information as it has deemed appropriate and that it has subscribed to the Bonds and on the basis of such independent appraisal, and each Bondholder represents and warrants that it shall continue to make its own credit appraisal without reliance on the Trustee. The Bondholders agree to indemnify and hold the Trustee harmless from and against any and all claims, liabilities, damages, penalties, judgments, suits, expenses and other costs of any kind or nature against the Trustee in respect of its obligations under the Trust Agreement, except for its gross negligence, fraud, evident bad faith, willful misconduct, or breach of Applicable Law on the part of the Trustee.

21. EXECUTION OF AMENDMENTS OR SUPPLEMENTAL AGREEMENTS

The Issuer and the Trustee may, without prior notice to or the consent of the Bondholders or other parties, amend or waive any provisions of the Trust Agreement if such amendment or waiver is of a formal, minor, or technical nature or to correct a manifest error or inconsistency; provided, in all cases, that such amendment or waiver does not adversely affect the interests of the Bondholders; provided, further, that all Bondholders are notified of such amendment or waiver.

With the consent of the Majority Bondholders, the Issuer, when authorized by a resolution of its board of directors or the committee of its board of directors, and the Trustee may, from time to time and at any time, enter into an agreement or agreements supplemental to the Trust Agreement for the purpose of adding any provision to or changing in any manner or eliminating any of the provisions of the Trust Agreement; provided, that no such supplemental agreement shall:

- (a) without the consent of all Bondholders affected thereby: (i) extend the maturity date of the Bonds; or (ii) reduce the principal amount of the Bonds, or (iii) reduce the rate or extend the time of payment of interest and principal thereon;
- (b) impair the right of any Bondholder to (i) receive payment of principal of and interest on the Bonds on or after the due dates therefore, or (ii) to institute suit for the enforcement of any payment on or with respect to such Bondholder;
- (c) affect the rights of some of the Bondholders without similarly affecting the rights of all the Bondholders;
- (d) make any Bond payable in money other than that stated in the Terms and Conditions;
- (e) subordinate the Bonds to any other obligation of the Issuer;
- (f) amend or modify the provisions of the Terms and Conditions on Taxation, the Events of Default or the provisions under "*Description of the Bonds - Waiver of Default by the Bondholders*";
- (g) reduce the percentage of the Bondholders required to be obtained under the Trust Agreement for their consent to or approval of any supplemental agreement or any waiver provided for in the Trust Agreement, without the consent of all the Bondholders; or
- (h) make any change or waiver of the conditions under this section (*Description of the Bonds - Execution of Amendments or Supplemental Agreements*).

It shall not be necessary to obtain the consent of the Bondholders under this section (*Description of the Bonds - Execution of Amendments or Supplemental Agreements*) for the purpose of approving the particular form of any proposed supplemental agreement but such consent shall be necessary for the purpose of approving the substance thereof.

Any consent given pursuant hereto shall be conclusive and binding upon all Bondholders and upon all future holders and owners of the Bonds or of any Bonds issued in lieu thereof or in exchange therefor, irrespective of whether or not any notation of such consent is made upon the Bonds.

Promptly after the execution by the Issuer and the Trustee of any supplemental agreement pursuant to the provisions of this section (*Description of the Bonds - Execution of Amendments or Supplemental Agreements*), the Issuer shall send a notice to the Bondholders setting forth in general terms the substance of such supplemental agreement. Any failure of the Issuer to send such notice or any defect therein shall not, however, in any way impair or affect the validity of any supplemental agreement.

22. GOVERNING LAW

The Bond Agreements are governed by and are construed in accordance with Philippine law.

23. VENUE

Any suit, action, or proceeding arising out of, or relating to, the Bonds or the Trust Agreement shall be brought in any competent court in the City of Makati, to the exclusion of all other courts and venues, and the parties submit to the exclusive jurisdiction of such courts for the purpose of any such suit, action, proceeding or judgment, the Issuer, the Trustee and the Bondholders expressly waiving other venue.

24. WAIVER OF PREFERENCE

The obligations created under the Bonds and the Trust Agreement shall not enjoy any priority of preference or special privileges by virtue of Article 2244, paragraph 14(a) of the Civil Code of the Philippines over any debt of the Issuer. Accordingly, whatever priorities or preferences that the Bonds and the Trust Agreement may have, or any Person deriving a right hereunder may have under Article 2244, paragraph 14(a) of the Civil Code of the Philippines, are hereby absolutely and unconditionally waived and renounced. This waiver and renunciation of the priority or preference under Article 2244, paragraph 14(a) of the Civil Code of the Philippines shall be automatically revoked or deemed not given should any bank, lender or creditor to the Issuer or any claimant against the Issuer have a preference or priority over amounts owing under their respective agreements as a result of a notarization, and the Issuer has not either procured a waiver of this preference to the satisfaction of the Trustee in respect of the Bonds and the Trust Agreement, or equally and ratably extend such preference to the Bondholders and the Trustee in respect of the Bonds and the Trust Agreement.

DESCRIPTION OF BUSINESS

Business Development

CLI is the leading residential developer in VisMin. The Company's story commenced with a vision to provide quality homes for everyday Filipinos. Jose R. Soberano III founded CLI and incorporated the Company on September 26, 2003. On June 2, 2017, the Company was listed on the PSE with "CLI" as its ticker symbol. A total of 430,000,000 shares were issued and fully subscribed to at ₱5.00 per share. CLI's initial public offering was instrumental in this growth, as it raised ₱2.15 billion worth of fresh capital from investors – boosting its expansion in new locations and fueling its various projects.

As of June 30, 2025, CLI has a total of 127 projects in different development stages and established a diverse portfolio of residences, offices, hotels, mixed-use properties, and townships across 17 key cities in the VisMin region.

In 2024, an independent study by Colliers International reaffirmed CLI's leading position in the VisMin residential market. The study identified CLI as the top residential developer in the region, having the largest market share among real estate firms. With a 19% overall residential share in net take-up value, CLI continues to grow market share in key VisMin cities, indicating increasing consumer confidence and recognition in the market.

This success was further validated at the PropertyGuru Philippines Property Awards, where CLI was named Best Developer in Mindanao for the fourth consecutive year, among other notable awards and commendations from various institutions. The Company's commitment to high governance standards was also acknowledged with a 2 Golden Arrow award from the Institute of Corporate Directors ("ICD") for the second year running, further reinforcing CLI's reputation for sound corporate governance.

CLI's vision extends beyond the present accomplishments. The Company remains steadfast in its pursuit of expansion and innovation. CLI's robust growth strategies aim to further solidify its market leadership, foster strategic partnerships, and explore new avenues for sustainable development and community enhancement.

Business of the Issuer

The Company's operating segments are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets:

- Real Estate Segment – covers the development and sale of residential, condotel office units and commercial lots to individual and corporate buyers.
- Rental Segment – includes leasing of office and commercial spaces to retail and corporate companies.
- Management Services Segment – focuses on the management of real estate projects and upkeep services to condominium corporations and homeowners' associations specific to CLI developed projects.
- Hotel Operations Segment – relates to the management of hotel business operations that caters to hotel guests and condotel owners.

The following table sets forth each segment's contribution to the Company's total revenues for the period ended June 30, 2025 and the years ended December 31, 2024, 2023, and 2022:

Business Segment	For the six (6) months ended 30 June		For the years ended 31 December

Total	10,315	100%	19,525	100%	18,818	100%	15,657	100%

The Company sustained its growth momentum in the first half of 2025, delivering a consolidated net income of ₱2.49 billion, up 12% year-on-year, supported by resilient demand across its portfolio. In terms of revenue, CLI posted ₱10.3 billion, a 9% decline year-on-year due primarily to the reclassification of lot sales under other income. On a comparable basis, treating lot sales as part of the top line in relation to it being part of the normal course of business will generate a 5% revenue growth for the Company. Reservation and estate sales grew 3% to ₱14.3 billion, indicating sustained market confidence. Recurring income was a strong contributor, with hotel operations up 132% and leasing revenues higher by 53%, underscoring the company's successful expansion beyond residential development.

REVENUES

Real estate sales

Real estate sales totaled ₱9.97 billion in the first half of 2025, a 10% decline from ₱11.10 billion in the same period last year, mainly due to the reclassification of a lot sale under other income. Excluding this adjustment, revenues rose 4% to ₱11.50 billion, driven by sustained construction progress and the recognition of additional units.

By location, Mindanao emerged as the leading revenue contributor for real estate, accounting for 43% of the total, followed by Cebu at 31% and the Visayas (excluding Cebu) at 26%. The rise in revenue share outside Cebu was supported by new projects such as Velmiro Heights Davao, Casa Mira Homes Butuan, Casa Mira Homes Davao, Mindara Residences, East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan, and Costa Mira Beach Panglao.

Revenue per Market segment reported the following performance:

Premier Masters (Premier market) reported revenue of ₱1.27 billion, reflecting a decrease of 29% year-on-year from ₱1.79 billion. This decrease can be attributed to significant revenue qualifications in the previous year related to Costa Mira Beachtown Mactan, One Paragon Place, and One Astra, which are scheduled for turnover this year.

Garden Series (Mid-market), posted a revenue of ₱4.44 billion from ₱3.18 billion. The 40% growth was driven by The East Village, CLI's first residential project within the Davao Global Township (DGT), along with the addition of new towers, Velmiro Heights and Mandtra Residences.

Casa Mira Series (Economic market) generated revenue from ₱4 billion to ₱3.56 billion, reflecting a significant decrease of 11%. This decline is primarily due to substantial revenue recognitions in the previous year from Casa Mira Homes Davao, Casa Mira Homes Ormoc, and Casa Mira Towers Palawan.

The Company expects to grow real estate revenue contribution from newly launched projects during the period.

Leasing

The Company posted a substantial increase in rental revenues, reaching ₱108.49 million, a 53% year-on-year growth from ₱70.92 million. The growth was primarily attributable to incremental revenue from newly secured retail tenants and higher occupancy levels in recently completed projects.

Gross Leasable Area (“GLA”) expanded to 70,832 square meters, up 75% from 40,575 square meters in the previous quarter, following the addition of new leasable spaces. The increase was mainly driven by the completion and turnover of Banilad Highstreet and the Drive-Thru spaces in Davao Global Township, both of which achieved 100% lease occupancy. Additionally, the completion of the DGT Pavilion and DGT Retail Pads contributed over 4,000 square meters of GLA, alongside expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

The increase in GLA is expected to translate into higher recurring lease income in subsequent periods, improve asset utilization, and enhance the company’s ability to capture long-term contractual revenues. These developments also underscore the company’s strategic execution in expanding its leasing portfolio to strengthen its market positioning and recurring income base.

Hotel operations

The strengthening of the hospitality industry in VisMin presents a significant opportunity for CLI. CLI is effectively tapping into this growth as it expands its footprint in the VisMin tourism industry with the opening of the 200-room Citadines Bacolod City. The Company’s first hotel outside Cebu City and the largest international hotel in Bacolod.

With the opening of Citadines Bacolod City, CLI now boasts four operational hotels: Citadines Cebu City, lyf Cebu City at Base Line Center, The Pad Co-Living in Banilad High Street, and the new Citadines Bacolod City. Notably, hotel operations have seen a significant boost, with revenue rising to ₱200.10 million, up from ₱86.24 million in the same period last year, representing a 132% increase driven by these new openings.

CLI is also set to complete Citadines Paragon Davao with 263 rooms and Radisson Red with 144 rooms by the end of 2025. Furthermore, with 6 more hotels under construction, CLI is strategically positioning itself to further capitalize on the burgeoning opportunities within the hospitality sector.

Management Fee

This included the project management fee that CLI charges for being the project manager on joint venture projects and the property management fee for CLI Property Management (CLIPMI) services provided to CLI's completed projects. During the year, the parent company's project management revenue reached ₱40.62 Million, these are fees charged to CLI’s joint venture companies for managing the development of the project.

The Company’s JVs and subsidiaries has contributed the following to the Company’s performance:

Strengthening Leadership in the VisMin Region

CLI has rapidly grown from its humble beginnings on a single three (3)-hectare land in Balamban. The Company has evolved into a fully integrated real estate developer with a growing, highly varied portfolio of residences, offices, retail spaces, hotels, mixed-use developments, and townships spanning VisMin.

In 2015, CLI initiated its regional expansion by launching MesaVerte Residences in CDO, a mid-market condominium offering three 15-storey residential towers that nearly sold out in less than a year of pre-selling. The Company introduced its mid-market horizontal project, Velmiro Uptown CDO, in the same city in 2018, featuring a master plan with 396 units to meet the housing demand in the area. In 2016, CLI established its presence in Davao with the launch of MesaTierra Garden Residences, a 22-storey residential condominium.

In 2017, CLI strengthened its market presence in Davao through two new JVs to develop Paragon Center and Davao Global Township, a 22-ha estate project. The Company expanded from Negros Oriental to Negros Occidental by launching MesaVirre Garden Residences, a three-tower residential condominium project in Bacolod City. In 2020, CLI entered Bohol and Iloilo with the successful launch of Velmiro Greens Bohol and Casa Mira Iloilo, respectively. In the same year, CLI launched Casa Mira Dumaguete, Casa Mira Towers LPU, and Casa Mira Coast in Negros Oriental. In 2021, the Company introduced Casa Mira Ormoc in Leyte, expanding its presence to Eastern Visayas.

In 2023, CLI launched Casa Mira Towers in Palawan and further expanded by purchasing properties in

During the six months of 2025, Mindanao emerged as the leading revenue contributor for real estate, accounting for 43% of the total, followed by Cebu at 31% and the Visayas (excluding Cebu) at 26%. The rise in revenue share outside Cebu was supported by new projects such as Velmiro Heights Davao, Casa Mira Homes Butuan, Casa Mira Homes Davao, Mindara Residences, East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan, and Costa Mira Beach Panglao.

MASTER

In 2018, CLI expanded its portfolio with the launch of the Davao Global Township (DGT), a 22-hectare mixed-use estate in Matina, Davao. Land development commenced in 2019 and is now complete, enabling the start of Phase 1 operations.

Davao Global Township development activities in full swing

22 Hectares | 100% Land Development

Phase 1 includes 6 residential towers, 4.7 hectares of commercial lot, Central Park, Drive Thru, City Center & Pavillon

To further expand on townships, CLI has also ventured into a reclamation project with the government of Minglanilla, Cebu to reclaim and develop 100 hectares of land into a business park that integrates residential, commercial, and light industrial through the Company's JV project named MMDC. In 2021, CLI increased its stake in MMDC from 20% to 78%. This is expected to streamline CLI's operations as the developer and from the Philippine Reclamation Authority ("PRA"), which coordinates and administers reclamation projects nationwide. The approval was the culmination of a comprehensive and stringent five (5)-year review. This included the issuance of an Environmental Compliance Certificate ("ECC") by the Department of Environment and Natural Resources ("DENR"), which required consultations with a wide range of stakeholders and the submission of development objectives showing its responsiveness to the environment. In October 2021, PRA issued its Notice to Proceed with the reclamation. As of June 2025, the company has purchased 2,271sq.m of land for socialized housing for the residents that might be affected by the development.

In 2021, CLI signed a Memorandum of Agreement ("MOA") to acquire 14.3 hectares of Xavier University – Ateneo de Cagayan's Manresa Property in uptown CDO. Proceeds of CLI's purchase were used by Xavier University to develop the new Xavier University Masterson Campus. CLI plans to build developments as an essential part of the master plan, integrated into this university community. The new 21-hectare Xavier University Masterson Campus is envisioned to catalyze further development of CDO as Northern Mindanao's education hub with a sustainable and New Normal-ready Campus Master Plan. In 2023, CLI obtained the ECC from the DENR to proceed with the development. Land development is currently underway, while construction is forecasted to be completed by the third quarter

of 2025. In March 2025, CLI launched its 3-tower condominium inside this XU Masterson campus and sold 96% of the 940 units for sale worth ₱5.8 billion.

Furthermore, the Company is actively engaged in ongoing negotiations with landowners in Cebu, Iloilo and Bacolod, underscoring its commitment to fortify its presence in estate developments. This proactive approach reflects the Company's strategic vision for more estate development projects in the future.

Distribution methods of the products or services

Residential products from the Company are offered to a broad variety of customers by several sales teams and accredited brokers and agents.

CLI has one of the industry-leading sales support teams. With over 82 sales support personnel, this team collaborates, coordinates, and supports the over 11,000-strong accredited broker/agent network of CLI. This is CLI's strategy in working harmoniously with the seller community by assisting the brokers 24/7 from sales origination to closing and working with these brokers to address any client inquiries.

Completed Projects

CLI has in its portfolio 57 completed developments, encompassing vertical and horizontal residential, mixed-use, office, hotel, and retail projects. The Company's commitment to excellence is evident in the diverse range of projects strategically located in key areas such as Greater Cebu, Bacolod, Iloilo, Bohol, Dumaguete, Cagayan de Oro, and Davao.

MesaVerte Garden Residences, a three-tower project representing the Company's inaugural expansion beyond Cebu, was completed in 2020. Additional completed projects like MesaTierra Garden Residences in Davao, MesaVirre Garden Residences A, B & C in Bacolod, and 38 Park Avenue in Cebu, were delivered in 2021 and 2022. Throughout the year, CLI has been turning over projects in Cebu, including Casa Mira Towers Guadalupe, Casa Mira Towers Mandaue, and Mivela Towers. Aside from Cebu, CLI has also completed Casa Mira Iloilo, Casa Mira and Velmiro Bacolod, Velmiro Greens Bohol, and Casa Mira Dumaguete. As of June 30, 2025, the Company's completed residential developments are 98% sold-out.

The Company owns three (3) operational office buildings and various leasable spaces, with Park Centrale in IT Park, Cebu serving as its headquarters. This development has maintained full occupancy since completion and received the prestigious Best Commercial Development in Cebu award from the Philippine Property Awards in 2014.

Latitude Corporate Center, a 24-storey structure completed in 2020, stands tall in the heart of Cebu's business district. Benefiting from the return of sectors like IT-BPO from work-from-home arrangements to office spaces, the Company is confident that this 5-Star Building for Ecologically Responsive Design Excellence ("BERDE")-certified green building, is positioned well to meet such a rebound.

In terms of retail as of the first six (6) months of 2025, CLI significantly expanded its GLA to 70,832 sq.m., up 75% from 40,575 sq.m. at the beginning of the year. The increase was mainly driven by the

completion and turnover of Banilad Highstreet and the Drive-Thru spaces in Davao Global Township, both of which achieved 100% lease occupancy. Additionally, the completion of the DGT Pavilion and DGT Retail Pads contributed over 4,000 square meters of GLA, alongside expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

With the goal of diversifying its portfolio, the Company entered the hospitality sector in 2019 with the opening of Citadines Cebu City, a 180-room serviced residence in partnership with The Ascott Limited as the hotel manager. Situated strategically within the Company's mixed-use lifestyle hub, Base Line Center, this project reflects CLI's strategy to broaden its product scope and create reinforcing value across business units. The strengthening of the hospitality industry in VisMin presents a significant opportunity for CLI. CLI is effectively tapping into this growth as it expands its footprint in the VisMin tourism industry with the opening of the 200-room Citadines Bacolod City. The company's first hotel outside Cebu City and the largest international hotel in Bacolod.

With the opening of Citadines Bacolod City, CLI now boasts four operational hotels: Citadines Cebu City, lyf Cebu City at Base Line Center, The Pad Co-Living in Banilad High Street, and the new Citadines Bacolod City.

As of June 30, 2025, the Company's completed projects are 98% sold-out, with only ₱3.72 billion remaining in inventory in terms of sales value. Looking ahead, CLI is poised to further grow its presence in the VisMin real estate market with new projects in strategic locations, while also preparing to expand into Luzon. These initiatives aim to diversify its footprint, tap into new markets, and serve a wider range of demographics.

Ongoing Projects and Newly Launched Projects (Projects Under Construction)

CLI has 70 ongoing projects in various stages of construction as of the second quarter of 2025. These projects are spread out over 17 key cities in VisMin.

Of the ongoing projects, 51 are residential developments and one is an office condominium, with a total project sales value of ₱97.89 billion. These projects have 23,020 units of which 92% were already sold and the aggregate sales value of remaining inventory amounts to ₱9.59 billion. CLI prioritizes a strategy of selling projects at high velocity, quick turn over of its developments, and swift movement from pre-selling to construction and delivery. Continuing sales efforts are being made to sell out the projects as they get closer to completion. The Company leverages on this market absorption of its products to cultivate the 1,795 accredited real estate brokers (“REBs”) and 11,000 sales agents across the VisMin region who continuously support CLI.

Investing in capital to support recurring revenue from both hospitality and leasing businesses is one of the strategies CLI is currently aggressively pursuing while banking on the region’s future growth. CLI’s long-term strategy is to build up its office, retail, and hospitality portfolio’s GLA to 200,000 sq.m., eventually contributing to 10% of the growing top line within the next five (5) years. As of the period ended June 30, 2025, recurring income contributes 3% of the revenues of the Company.

The Company is currently constructing six (6) hospitality projects with a total of 922 room keys and various office and commercial projects with a GLA of over 40,000 sq.m. More projects are in the pipeline at the planning and design stage to meet CLI’s strategy to continue its build-up of its recurring income portfolio.

Newly launched and Pipeline projects for 2025

In the first half of 2025, CLI launched two (2) projects with a combined value of ₱10.84 billion. One of these was One Manresa Place, the first residential tower within the 14.6-hectare Manresa Town. The project generated ₱4 billion during its two-day launch event and surpassed ₱5 billion in sales—equivalent to 823 units sold—within just two weeks, underscoring the strong demand for premium residential offerings outside Metro Manila.

Additionally, the launch of Casa Mira Homes GenSan, valued at ₱4.94 billion, marked CLI's first solar-integrated economic housing community, designed to provide sustainable and affordable living for hardworking Filipino families. The project recorded impressive take-up, with 85% or 1,034 units sold in just three days, generating ₱4.3 billion in sales.

As of June 30, 2025, CLI successfully sold out 90% of the new inventory from projects launched in the previous six (6) months, underscoring its ability to capture demand where it competes. CLI aims to sell the remaining units over its construction period.

During the first six (6) months of 2025, CLI expanded its leasing footprint with GLA reaching 70,832 square meters, a 75% increase from the prior year. Growth was driven by the turnover of Banilad

Highstreet and DGT Drive-Thru spaces, both fully leased, alongside new capacity from DGT Pavilion, DGT Retail Pads, and ongoing expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

Moreover, CLI entered into its first international partnership by collaborating with NTT UD Asia Pte. Ltd. (“**NTTUDA**”), a Japanese company known for its mixed use residential and commercial developments, to establish CLI NUD Ventures, Inc. Their inaugural project, valued at ₱6.40 billion, was officially launched in July 2025. The first tower of this development will feature over 500 premium residential units, marking a significant milestone in CLI's expansion journey.

Looking ahead to the coming months, CLI plans to launch more developments from its 12 pipeline projects during the remainder of the year, with an aggregate sales value of ₱29 billion.

CLI continues to secure its growth trajectory through strategic land acquisitions. As of June 30, 2025, CLI reported a total landbank of 108 hectares valued at ₱13.90 billion, including its first entry project in Luzon located in Pasig City. To support its initial expansion into Luzon, CLI has opened its first regional office outside the VisMin region, located in Makati City. This office serves as a strategic hub for the Company's growth and operations in the region, reinforcing its commitment to becoming a national developer. The Company is actively negotiating the acquisition of properties in Luzon for its initial expansion into that market.

Residential Developments

Residential developments constitute the cornerstone of the Company's operations and project portfolio. CLI's overarching goal is to meet the persistently unmet demand for quality-built, cost-effective housing, and well-planned communities that align with the needs of the market. In response to the housing backlog and the heightened desire for safe and secure homes, the Company consistently launches new housing projects.

To effectively address diverse market segments, the Company categorizes its housing developments into distinct brands. The largest contributing brand is Casa Mira, which has emerged as the fastest growing and most popular brand in VisMin. Starting at ₱120,000.00 per sq.m. or ₱2.00 million for studio condominium units, Casa Mira caters specifically to the economic market. House and lot units under Casa Mira start at around ₱2.20 million, with lot area starting at 60 sq.m. and floor area at 42 sq.m. Over time, the Casa Mira series has become a pivotal asset, securing the largest residential market share in VisMin. Its success can be attributed to its value proposition, providing residents with reasonably priced homes in aesthetically pleasing communities, complete with several amenities more associated with higher-priced developments. These include a clubhouse with multi-purpose halls, a chapel, swimming pool, multiple basketball court, tennis courts and children's playground.

In a strategic move to grow the Company into more segments, CLI introduced the “Mirani” brand last July 2023. Designed to cater to the more affordable housing demand within the market spectrum with a price point of around ₱1.90 million, the Mirani brand debuted with Mirani Steps in Danao in June 2023 and was 48.37% sold out in three (3) months.

The Garden Series, targeting the mid-market segment, offers both vertical and horizontal product lines. Subdivisions under this brand are known as Velmiro, while condominium projects go by the name Garden Residences. Garden Residences condominiums feature selling prices starting at ₱140,000.00 per sq.m., with each housing unit price ranging from ₱2.50 million to ₱3.20 million for studio condominium units. Velmiro subdivisions have a 100 sq.m. lot area, with floor area of 50-100 sq.m., with a starting price of around ₱4.60 million. The Garden Series distinguishes itself by offering an upgraded array of amenities over the economic segments, including a swimming pool, multi-level clubhouse with function rooms, fitness gym, basketball court, and playgrounds situated in expansive landscaped park.

Strategically, CLI offers Premier Masters, the high-end residential buildings with prices starting at ₱180,000.00 up to ₱300,000.00 per sq.m. These luxurious developments, located in prestigious urban areas, include Terranza Residences in Iloilo, Costa Mira Mactan, Costa Mira Panglao, the two (2) Baseline condominiums, 38 Park Avenue in I.T. Park Cebu and the recently launched, Japanese inspired The Wave Towers also in I.T. Park Cebu.

Lastly, Villa Casita represents CLI's business in socialized housing, offering units at a price of ₱580,000.00. Through these socialized housing projects required under specific compliance terms, the Company endeavors to provide decent and affordable housing to the market segment. The list below categorizes the projects according to market segments:

Overall, a substantial portion of buyers of CLI's projects obtain financing either through Pag-IBIG, or through commercial banks under their home mortgage lines. The Company does not offer in-house financing. Historically, 13.4% of buyers obtained their financing through Pag-IBIG, 64.2% use commercial banks under their home loans lines and the remaining 22.4% of the buyers pay in cash.

Horizontal (Subdivision) Projects

Villa Casita Balamban

Launched in 2014, CLI's first socialized housing development is located at Buanoy, Balamban, Cebu. With a land area of 8,128 sq.m., it consists of 101 row house units with a lot area of 36 sq.m. and a floor area of 22.65 sq.m. Pre-sold units were priced at about ₱400,000.00. Villa Casita Balamban is fully developed, completed, and sold out.

Villa Casita North

The second project of the Company's Villa Casita brand offers its homeowners well-designed homes, well-planned site development, and sizable green spaces for parks and community facilities traditionally found only in mid-market or upscale developments. The development is designed to provide over 686 homes to families in the North of Cebu with a selling price of ₱480,000.00 per unit.

Guadalupe Pinamalayan Socialized Housing Project

This socialized housing project in Pinamalayan, Oriental Mindoro, was started in 2015 in collaboration with Habitat for Humanity ("**Habitat**"). The 3.9-hectare initiative includes 338 single-storey and detached units, with 77 of these going to Habitat recipients.

Mirani Steps Danao

Mirani Steps Danao, launched in June 2023, stands as the pioneer project under the newest Mirani brand by CLI. Specifically designed to meet the demand for affordable housing, these homes are envisioned to provide functional living spaces, quality finishes, and community amenities for its buyers, with a price range of around ₱1.90 million to ₱2.90 million. CLI unveiled Mirani Steps Danao, marking the inaugural venture of this brand. The project has sold out 48.37% in three (3) months since launch. The project is expected to turnover by the last quarter of 2026.

Casa Mira Linao

Launched in 2015, Casa Mira Linao is CLI's first foray into economic housing development. The project is located in the hills of Linao-Lipata, Minglanilla, Cebu on a 12-hectare property. Phases 1 and 2 comprise 725 townhouse units with floor areas ranging from 37 to 62 sq.m. and average selling price starting from ₱0.90 million to ₱1.40 million. Phases 1 and 2 are fully developed, completed, and sold out.

In 2020, CLI launched Casa Mira Linao Phase 3, which composed of 126 single-detached townhouse units with 59 sq.m. in floor areas at an average selling price of ₱3.50 million.

Casa Mira South

Launched in 2016, this economic housing development is located in Naga City and in the Municipality of San Fernando, both in Cebu Province. This 32-hectare community built on a rolling terrain that allows for expansive views and generous open spaces and amenities, is divided into four phases consisting of over 3,000 townhouse units, with each unit having floor areas ranging from 36 to 59 sq.m. Average pre-selling price ranges from ₱1.10 million to ₱1.60 million. Phases 1 and 2 are completed and turnover to unit owners is almost complete. In 2018, it was awarded as the Best Housing Development in Cebu at the Philippine Property Awards.

In 2020, CLI launched Casa Mira South Phase 3A and Phase 3B with 618 units at an average pre-selling price of ₱1.20 million to ₱2.60 million. Due to the robust demand for the project, CLI launched Phase 4 in 2022 with a total of 1,023 units and sales value of ₱2.40 billion. As of the end of 2022, these projects were fully sold.

Casa Mira Coast

Casa Mira Coast, a residential economic subdivision located in Barangay Maslong, Sibulan, Negros Oriental, is a 5.3-hectare project that consists of 543 townhouses selling at ₱1.60 million to ₱2.20 million. It offers quality amenities that set it apart from other economic housing projects. Adding to its appeal, the project has a view of the nearby coast and is only 2 kilometers away from the Dumaguete Airport.

Casa Mira Dumaguete

Launched in 2020, the second Casa Mira project in Negros Oriental is located in a 7-hectare land in Junob, Dumaguete City. Its modern architecture and design were inspired by the classic American country home. This development is split into two phases with a total of 586 house-and-lot units. Average floor range is 60 to 135 sq.m.

Casa Mira Bacolod

Casa Mira Bacolod is the 7th Casa Mira project of CLI with 431 house-and-lot units. With its accessible location, homeowners enjoy more of the conveniences brought by business establishments, malls,

schools, churches, and major institutions. The development offers generous open spaces and well-planned amenities at an affordable price ranging from ₱1.70 million to ₱2.20 million. The houses range from 40 to 46 sq.m. in floor area.

Casa Mira Homes Iloilo

This 14-hectare community features a contemporary mix of townhouses and single detached units inspired by the cultural evidence of the Spanish colonial era that has been part of Philippine history. Its design and architecture mimic that of the Bahay na Bato that is one of the most iconic historical places in Iloilo. In 2020, CLI launched its first project in Iloilo City, Panay comprising 1,109 house and lots with a typical floor area of 48 sq.m. and average pre-selling price of ₱1.80 million to ₱2.70 million.

Casa Mira Homes Ormoc

Casa Mira Ormoc is the first Casa Mira brand in Leyte. It has a very strategic location, and it offers affordable townhouse units with very generous payment schemes. Casa Mira continues to expand to major key cities in VisMin and is launching its first project in Eastern Visayas. Casa Mira Homes Ormoc is a 9.13-hectare residential subdivision in Brgy. Luna Ormoc City.

Casa Mira Danao

Strategically located in Danao City, Cebu, this development in Northern Cebu will provide homes that allow buyers to maintain peace and privacy, while still having close proximity to essential establishments. CLI launched 595 units of this project in Q4 2022 with a sales value of ₱1.97 Billion. Site development works are being implemented while full completion of the project is expected to be in 2026.

Casa Mira Davao

Casa Mira Danao is located in Brgy. Magtuod with 837 house and lot units on 135,842 sq.m. of land. Launched in June 2023, it is anticipated for completion in Q1 of 2026.

Casa Mira Gensan

Casa Mira Gensan is CLI's flagship affordable housing brand and the first to feature built-in solar solutions. This 21-hectare project, located in Barangay Lagao is a master-planned community that offers 1,218 single-detached and townhouse units, with several models fitted with 2.2 kW solar panels capable of storing up to 5 kWh of power. This can reduce monthly household electricity costs by an estimated ₱600 to ₱3,000. Other eco-friendly features include natural lighting, rainwater storage tanks, and water-saving fixtures. The project is expected to be completed and delivered in 2029.

SJMV

This series of villages located in the south and southwest of Cebu City paved the way for CLI in providing affordable mid-cost quality homes to the middle market segment. SJMV offered a mix of single-detached, semi-attached townhouses and lot-only options to the buyers. SJMV-Balamban is a 3.0-hectare development with 231 units launched in 2013 SJMV-Minglanilla is a 2.9-hectare development with 145 units launched in 2007. SJMV-Toledo is a 3.0-hectare development with 144 units launched in 2009. SJMV-Talisay is a 1.9-hectare development with 96 units launched in 2010. Lots were pre-sold at ₱7,000.00 per sq.m., while house and lot units averaged at ₱1.40 million to ₱3.60 million. All SJMV projects are fully developed and completed, with both SJMV-Minglanilla and SJMV-Talisay sold out.

Midori Plains

Launched in 2011, this mid-market development is located in the Municipality of Minglanilla, Cebu. This 7.0-hectare Asian-inspired subdivision south of Cebu City has 370 residential units ranging from townhouse units with 40-sq.m. floor areas to single-detached units with an area of 77 sq.m. each. Midori Plains is fully developed, completed, and sold-out.

Velmiro Heights Cebu

This mid-market development was launched in 2013 and is located on an 8.80-hectare property in Tunghaan, Minglanilla, Cebu. This 348-unit development offers 11 different house models, ranging from townhouses to single-detached, 2-storey units. Townhouses have 60-sq.m. floor areas, while the largest unit contained 131 sq.m. of living space. Townhouses were pre-sold at an average price of ₱1.70 million while the largest single-detached unit is about ₱5.30 million. Phase 1 is now fully developed, completed, and sold, while Phase 2's 81 units are still on the market.

Velmiro Uptown CDO

Launched in 2017, Velmiro Uptown is located in Upper Canituan, CDO City, providing easy access to various establishments in the city. This 14-hectare mid-market residential subdivision has a total of 395 house-and-lot units nestled at a prime spot in CDO City. The project offers a mix of units from townhouses to single detached houses with floor areas 60 to 106 sq.m., respectively. The average selling price ranges from ₱2.40 million to ₱5.00 million. The project has started to turnover to new homeowners in 2022.

Velmiro Plains Bacolod

This 8.3-hectare development is a modern mid-market residential community comprising 342 house and lot units with floor area ranging from 60 sq.m. to 106 sq.m. Located strategically at Granada, Bacolod City, the average selling price ranges from ₱2.60 million to ₱4.20 million per house and lot.

Velmiro Greens Bohol

CLI's first development in this 3.6-hectare property in Dauis Panglao, Bohol is accessible to schools, places of worship, tourist spots, malls, beach resorts, and other major establishments. The project offers a mix of units from townhouses to single detached houses with average floor area ranging from 48 sq.m. to 67 sq.m. Average prices range from ₱2.30 million to ₱3.60 million per house and lot.

Vertical (Condominium) Projects

Casa Mira Towers Labangon

Launched in 2016, this is CLI's primary venture in the economic segment of residential condominiums. The project is located in Labangon, Cebu City on a 3,681-sq.m. property that used to be the location of the old CLI headquarters. This two-tower development on top of a commercial podium has a total of 686 residential units. Construction started in March 2016 and was completed in 2018.

Base Line Prestige

Within Base Line Center, this high-end residential condominium is the other residential tower to rise in the popular mixed-use development. The 351 units are accessible to various establishments. This tower has a range of amenities, from retail podiums, fitness gyms, pools, and playgrounds. Units for this project are being sold for ₱2.00 million to ₱10.00 million. The project is currently in its turnover phase to buyers.

38 Park Avenue

38 Park Avenue was launched last 2017 with a total of 764 units. This 38-floor New York inspired condominium is designed to be the highest building in Cebu I.T. Park. 38 Park Avenue presents five (5) types of condo residences: studio (24 sq.m.), one-bedroom (54 to 56 sq.m.), two-bedroom (80 sq.m.), three-bedroom (111 to 137 sq.m.), and penthouse (320 to 420 sq.m.). Turnover of the units to buyers is currently on-going.

One Astra Place Residences

Situated in the heart of A.S. Fortuna Street, one of the major thoroughfares of Mandaue City, One Astra Place is the residential component of Astra Centre, a mixed-use development with residential towers, an upscale lifestyle mall, a Radisson hotel, and modern office spaces. One Astra place is a 15-storey condominium that comes with amenities and features. Both the first and second residential towers were launched and are fully sold out to date. The project is scheduled to be completed by 2024.

One Manresa Place

One Manresa Place is the first residential tower within the 14.6-hectare Manresa Town, CLI's new township development in Northern Mindanao. Designed for best-in-class uptown living, this three-tower development is integrated with the new Xavier University Masterson Campus. The project is composed of three towers with a total of 940 residential units, offering a mix of Studio, One Bedroom and Two-bedroom Units.

One Paragon Place

This is a high-end residential tower integrated within The Paragon Davao, a master-planned development designed to be a lifestyle destination in Davao City. Standing 26 storeys-high, it has full range of amenities that residents can enjoy and units with panoramic views of the city. One Paragon Davao is currently 99% sold, with 547 units selling for ₱2.00 billion.

Terranza Residences

Terranza Residences is a partnership with International Builders Corp. under a JV called GGTT. The 33-storey Terranza Residences is CLI's second Iloilo City project. It is expected to be completed by 2025, bringing in as much as ₱2.40 billion in revenues. It will be home to 600 units on a 2,539-sq.m. property. The residential segment will offer one-bedroom units spanning 24 sq.m. to 174 sq.m., which may be combined, as well as penthouse units with 117 sq.m. of space to as much as 174 sq.m. The project will feature a sky lounge, a rooftop garden, a play area, fitness gym, and a helipad.

Costa Mira Beachtown Mactan

The first CLI resort living project, Costa Mira Beachtown, is located in Mactan, Cebu. The development consists of three (3) towers, the first two of which were launched in 2021 and are sold out. Because of the tremendous demand, two (2) more towers will be launched by mid-2025 and are scheduled to be completed by 2028.

Calle 104

Calle 104 is a JV project of CLI and Borromeo Brothers Estate, Inc. under CBLRV. It is located in Cebu City's Ramos and Ranudo streets. The 5,530-sq.m. property has two towers: Ramos Tower has 20 floors while Ranudo Tower has 18 floors. Ramos Tower has 325 studios and one-bedroom units, while

Ranudo Tower has 192 studios and three-bedroom penthouse units. Prices of the units range from ₱3.50 million to ₱23.70 million. Calle 104, which was immediately sold-out during launch, will be completed by the fourth quarter of 2026 and is projected to bring ₱3.00 billion in gross revenues.

Costa Mira Beachtown Panglao

Costa Mira Panglao is CLI's second resort living condominium. The development is under the JV company CLI-LITE and is designed to have three towers beside the renowned Panglao beach. In November of 2022, the JV launched two towers with a total project value of ₱3.50 billion. The last tower opened for pre-selling in Q2 2023 while the whole development is set to complete by 2027.

Office Projects

In 2013, CLI opened its first office property, Park Centrale at I.T. Park Cebu, taking advantage of the growing BPO sector in Cebu. CLI's current strategy is to significantly expand its recurring revenue projects in order to deliver 200,000 sq.m. over the next five years in terms of GLA.

In 2020, the Company turned over Latitude Corporate Center, a Grade A office tower at the Cebu Business Park with a GFA of 21,000 sq.m. Building development for Astra Corporate Center (18,823 sq.m. GFA) and Patria de Cebu Office (4,562 sq.m. GFA) are currently ongoing.

Office buildings include Park Centrale Tower, Base Line HQ, Latitude Corporate Center, Astra Corporate Center, Patria de Cebu Office, and Masters Tower Cebu Office.

Park Centrale Tower

Park Centrale Tower is CLI's first office development. Located at the Cebu IT Park, the 19-storey office tower was launched in 2013 with a total GFA of 11,920 sq.m. and was completed in only two (2) years of construction. The project caters to both BPOs and executive offices. 60% of the office spaces were offered for lease, while the rest were fully sold as office condo units. In 2014, the project was awarded as the Best Commercial Development (Cebu) during the 2014 Philippines Property Awards ("**PPA**").

Base Line HQ

This project is the office component of the Base Line Center, a major mixed-used development of CLI. Similar to Park Centrale, the said project also caters to both BPOs and executive offices. CLI offers 57 of the 74 office units for sale, while the remaining were retained for the Company's growing leasing business. The strategic location attracted customers in the medical, legal, government, and outsourcing services.

Latitude Corporate Center

Latitude is a green building project registered with BERDE, the nationally accepted green building rating system used to measure, verify, and monitor the environmental performance of buildings that exceed existing mandatory regulations and standards in the Philippines. This 21,000-sq.m. (in GFA) development is a project of BL Ventures, a JV company of CLI and Borromeo Bros, Inc. With 24 storeys, Latitude will be the tallest office development at the Cebu Business Park. As the project developer and manager, CLI positioned this project as a three-product office development with BPO, enterprise and executive office offerings. The BERDE project was completed in 2020.

Astra Corporate Center

Part of the mixed-use project in AS Fortuna is Astra Corporate Center, the office leasing component of Astra Centre. The Office building is 15-storey high with a total of 18,823 sq.m. of GFA. The project is expected to be completed and be a source of leasing income for the Company by 2025.

Patria de Cebu Office

In 2018, CLI announced its partnership with the Archdiocese of Cebu to develop and operate a mixed-use project on the 6,670 sq.m. property. This is based on a 40-year lease. The project will be a

redevelopment of the existing Patria de Cebu, an old Spanish establishment to accommodate hotel, retail, and offices. It will have approximately 21,000 sq.m. of GFA, with 4,562 sq.m. (GFA) of office spaces. The project is expected to be completed and fully operational by the year 2025.

Masters Tower Cebu Office

On February 19, 2021, the Company unveiled its ₱4.00 billion skyscraper that is set to open in 2026. This mixed-use tower located on a 2,840 sq.m. area in the Cebu Business Park will have prime office component in anticipation of a robust economic recovery in the next few years.

The tower's office spaces from the eighth to the 12th floor anticipate the needs of locators who value efficiency and sustainability. The spaces will highlight horizontal louvers to reduce solar heat by almost 70% and to create a comfortable work environment. In addition to the louvers that reflect Cebuano craftsmanship, sky gardens in every floor and throughout the Leadership in Energy and Environmental Design ("LEED")-registered building adds a pleasant visual component to its occupants.

WorkNook

In January 2025, the Company has launched WorkNook, its first co-working space at Base Line Center in Cebu City, catering to freelancers, small businesses, and students seeking flexible workspaces. Designed for productivity and convenience, WorkNook offers private offices, co-working areas, and meeting rooms with premium amenities. This expansion strengthens CLI's commercial leasing portfolio, which saw a 47% year-on-year revenue increase, with more leasable spaces in the pipeline.

Hotel and recreational development

In addition to its residential and office developments, CLI has entered the hospitality business starting with the completion of its first hotel, Citadines Cebu City in September 2019.

The following are the projects under the hospitality business of CLI, its Subsidiaries and its associate MagsPeak:

Hotel:	Citadines Cebu City, Radisson Red, Base Line Lyf Hotel, Citadines Paragon Davao, Citadines Bacolod, Mercure Hotel, Abaca Resort Mactan Cebu, and Sofitel Cebu City
Co-living:	The Pad
Resort:	Abaca Resort Mactan Cebu and MagsPeak nature park

Citadines Cebu City

Starting operations in September 2019, the project is an international serviced residence with 180 rooms of which 74 units were sold, and 106 units were retained by the Company for recurring revenue. Citadines Cebu City is part of the mixed-use Base Line Center located in Juana Osmeña St, Cebu City, Cebu. It complies with international hospitality standards as it operates under the management of The Ascott Limited, the world's largest international serviced residence owner-operator.

Radisson Red

CLI partnered with another international hotel brand by signing a management contract with Radisson Hotel Group, one of the world's largest and most dynamic hotel groups, for the first Radisson RED in the Philippines. Radisson RED will be part of the Astra Centre, a major mixed-use development of CLI, along A.S. Fortuna St. in Mandaue City, Cebu. Radisson RED is intended to have 146 guest rooms with its unique designs and upscale select service offering, injects life into the hotel through informal services. The development is scheduled for completion and operations by 2025.

lyf Cebu

Launched in 2024, lyf Cebu occupies a portion of the third tower in Base Line Center. This 153-room serviced residence project targets the booming local and foreign millennial market in Cebu City. The hotel is managed by Ascott Limited, one of the world's leading international serviced residences under their eponymous lyf brand.

Citadines Paragon Davao

Located at General Douglas MacArthur Highway, Bucana Tolomo, Davao City, Citadines Paragon is a serviced apartment condotel which will be managed by Ascott. The hotel is designed to provide guests its world class amenities, such as a fully equipped kitchen, home entertainment, dining, and access to retail outlets. Citadines Paragon is set to open by 2025.

Citadines Bacolod

Citadines Bacolod is the first internationally branded hotel of Bacolod managed by Ascott Limited. The international hotel/serviced residences comprise 200 hotel units, an events hall, function rooms, meeting rooms, restaurants, bar and various hotel amenities within a 4,502 sq.m. property. The project opened mid-2024.

Mercure Hotel

In 2018, CLI announced its partnership with the Archdiocese of Cebu to develop and operate a mixed-use project on the 5,186 sq.m. property through a 40-year lease. The project will be a redevelopment of the existing Patria de Cebu to accommodate hotel, retail, and offices. This Filipino-Spanish inspired hotel development will cater to 167 guest rooms and is expected to be completed and fully operational by year 2025.

Abaca Resort Mactan Cebu

The all-suite Abaca Resort Mactan is a luxury resort in the Punta Engaño area of Mactan Island that has received the highest ratings from global travel experts. With a footprint of 4,328 sq.m., the property is one of the few remaining prime properties in the area with an attractive oceanfront and just a short drive from the Mactan Cebu International Airport. CLI envisions the Abaca Resort Mactan to expand to a 125-room all-suite luxury development from its current nine rooms, to be completed in 2026.

In 2020, Abaca Boutique Resort in Cebu was nominated as Asia's Leading Boutique Beach Resort 2020 and Asia's Leading Boutique Resort 2020 in the 27th World Travel Awards.

Sofitel Cebu City

The first five (5)-star luxury hotel in Cebu will rise on one of the best corner properties with an area of 2,840 sq.m. in Cebu Business Park, Cebu City's prime central business district developed by Ayala Land. Sofitel Cebu City will be operated by multinational chain Accor, a world leading hospitality group headquartered in France. The sustainability of this LEED-registered building will be reflected in the design and operations of the 14th to the 32nd floors, which will house the luxury hotel with 195 guest rooms, a grand ballroom, two restaurants, executive lounge, meeting rooms, roof deck, swimming pool, gym, and spa.

The Pad

In 2021, CLI signed a ₱360.00 million JV for a mixed-use development with co-living spaces and transient housing in Cebu near the IT Park. The Pad, with over 258 dormitory rooms, is currently turning over and was completed in 2023.

The Pad is the first entry of CLI on co-living spaces. The dormitory will have 258 semi-furnished rooms that can occupy three to four transients. The project is located along Banilad road, Cebu City which is strategically located near schools and BPOs. The Pad is integrated in the mixed-use development, Banilad Highstreet with retail and commercial spaces.

MagsPeak Resort and Villas

The 21-hectare mountain estate in Magsaysay Peak in Balamban, Cebu, with an elevation of 800 meters is owned by a JV company, MagsPeak, composed of CLI and Cebuano businessmen and fellow Caminoans, Bob Gothong, Segundino Selma Jr., Richard Ray King, and Douglas Gacasan. CLI is developing the project and will eventually operate it under its own management.

MagsPeak will be one of the starting points of the Camino de Cebu trail favored by pilgrims expressing their religious devotion. The MagsPeak to Compostela pilgrim trail is a 42-kilometer route traversing the mountainside of Manunggal Balamban down to the Municipality of Compostela, whose patron, St. James the Apostle, is also a featured saint in the MagsPeak chapel. The Camino de Cebu is based on the traditional Camino of Spain which is composed of several trails that converge on the city of Santiago de Compostela in northwestern Spain.

MagsPeak devotees can further immerse in a spiritual retreat inside the beautiful Our Lady of the Pillar Chapel which overlooks the mountains, or contemplate the 20 stations along the 800-meter-long Rosary Walk, or meditation quietly the Pieta in a garden inspired by Michelangelo or do penance by climbing the 14 stations of the Way of the Cross from the entrance to the top of MagsPeak.

MagsPeak's offers a unique hospitality experience managed by CLI's Hospitality arm, CLI Hotels & Resorts. Opening in 2025, the resort comprises 13 exclusive mountain villas and 20 hotel rooms highlighting views of the Balamban mountain landscape and the western Cebu seascape.

Mixed-use developments and Townships

With its growing brand, experience, and portfolio, CLI pursued larger scale developments in prime urban locations. They have a mix of residential, commercial, office, retail, and hospitality with MICE components.

Mixed-Use and Township:	Base Line Center, 38 Park Avenue, Astra Center, Paragon Center, Patria de Cebu, Banilad Highstreet, Masters Tower, Cebu; Manresa Town, Ming-mori Reclamation Project and Davao Global Township

Base Line Center

CLI's first major mixed-use development is the Base Line Center, a 1.6-hectare modern redevelopment in the heart of midtown Cebu. The Company removed the existing structures in the old Base Line, a well-known favorite gathering place of Cebuano families, and built a mixed-use development. The project started operations in 2019.

38 Park Avenue

CLI, through its JV, El Camino, acquired a 1.18-hectare property inside the Cebu IT Park, the largest remaining private property inside the prestigious address. This property, called 38 Park Avenue at the Cebu IT Park, will be transformed into a mixed-use urban park with a 38-storey residential tower and retail boulevard.

Astra Center

In 2017, CLI launched another major mixed-used development, the Astra Center, in the AS Fortuna Mandaue area, a growing commercial district and the major thoroughfare that connects Cebu and Mandaue. This medium-density project will feature a hotel, residential condo, office, and lifestyle mall.

Paragon Center

Another mixed-use development by CLI is the Paragon Center, a JV project in Davao that was launched in 2018. The development comprises the high-end condominium, One Paragon Place, Citadines Davao Hotel, a convention center, and a lifestyle retail strip.

Patria de Cebu

In 2018, CLI announced its partnership with the Archdiocese of Cebu to develop and operate a mixed-use project on the 6,670 sq.m. property through a 40-year lease. The project will be a redevelopment of the existing Patria de Cebu, an old Spanish establishment to accommodate hotel, retail, and offices. It will have approximately 21,000 sq.m. of GFA and is expected to be completed and fully operational by the year 2025.

Banilad Highstreet

CLI has inked a ₱360.00 million JV for a mixed-use development with co-living spaces and transient housing in Cebu near the IT Park. SPE, the JV company, has a long-term 20-year lease on a 7,500-sq.m. property along Banilad and nearby Cebu IT Park which houses several business process outsourcing firms. The JV is with the Farrarons family who own two hotels and a strip mall in Cebu City. Banilad Highstreet will have commercial spaces, over 300 dormitory rooms, and other retail offerings.

Masters Tower Cebu

Set to be completed in 2026, it will offer prime office and retail spaces and the first five-star luxury hotel in the Queen City of the South. Sofitel Cebu City will be operated by multinational chain Accor, a world leading hospitality group headquartered in France. The groundbreaking of the LEED-registered Masters Tower Cebu took place in September 2021. CLI is aiming for the building's LEED Gold certification.

Manresa Town

Manresa Town is a 14.3-hectare mixed-use development that's envisioned to be a vibrant university town fully integrated with the Xavier University Masterson Campus of the Future. The campus and the adjacent university town is a collaboration between CLI and Xavier University-Ateneo de Cagayan. Manresa Town is designed to be complete with retail spaces, offices, and, most importantly, student and teacher friendly residential offerings.

Davao Global Township

CLI also entered into a JV to develop a central business district in Matina, Davao. The 22-hectare estate, called Davao Global Township, will be developed into a large-scale self-contained community with office, residential, mall and institutional uses. Its first residential condominium project, The East Villages is under construction.

Ming-mori Reclamation Project

CLI is working on the Ming-mori Reclamation Project in its pipeline projects. This master planned reclamation development covering 100 hectares was issued an ECC by the DENR on July 22, 2020, following a comprehensive two-year review. This project is a JV, MMDC, between CLI and UKC Builders. The techno business hub will be a township project to house light industrial facilities with residential, commercial areas and an integrated port facility and to generate over 75,000 jobs in the municipality while meeting sound environmental guidelines.

Competitive strengths

Leading property developer in VisMin, known for its distinguished brands and demonstrated resilience in project execution, evident during the challenges of the pandemic.

In 2024, an independent study by Colliers International reaffirmed CLI's leading position in the VisMin residential market. The study identified CLI as the top residential developer in the region, having the largest market share among real estate firms. The 19% overall residential share in net take-up value is an improvement from 16% market share in the previous year, indicating increasing consumer confidence and recognition in the market.

CLI has responded well to the increasing market demands of VisMin, outpacing other developers in

finishing construction and delivering completed units to its customers. On average, CLI can convert raw land to a turned-over project in four to five years, depending on the project size.

The Company adopts a rigorous project management team approach, wherein key personnel from each business unit are given a regular platform to monitor project milestones and discuss important synergies and shared deliverables among business unit.

CLI had exhibited its capacity to execute project delivery during the height of the COVID-19 pandemic. Construction activity at the Company's 24 locations continued to advance at a modest pace while following local health protocols and required permitting to continue its site operations. This effort was motivated by the Company's dedication to deliver quality real estate developments on schedule to its customers. By the end of 2021, the economy had gradually reopened, allowing CLI to resume full swing in construction, with catch-up measures being implemented to make up for any delays brought about by the pandemic lockdowns.

Strategic location selection to provide value-for-money proposition to customers

The criteria for choosing a location for CLI are very rigid. The Company continues to be on the lookout for properties of high value appreciation potential. CLI's site quality has always been a catalyst for its excellent sales success, whether for a high-end condominium project or an affordable housing project. CLI has projects in the region's most valuable real estate major key areas in Cebu, Iloilo, Bacolod, CDO, and Davao. The Company looks at locations within a two-kilometer radius of the closest highway for its mid-market and affordable housing developments. The Company has enhanced the facilities in the neighborhoods where its housing developments are located. This has always proved to be a win-win for the residents as well as the local neighborhood.

CLI's experience with the city and its communities, as a native developer, allows the Company to choose the best locations for its projects and to cater to the market's needs and tastes. San Jose Maria Village, Balamban, CLI's first project, was established when CLI's founder, Mr. Jose R. Soberano III, recognized that there was a ready demand for affordable housing among employees of Balamban's manufacturing companies.

Because of CLI's proven track record, landowners who wish to sell or develop their properties jointly find it easier to approach and work together with the Company. This is evidenced by the number of proposals from landowners regularly received by CLI to buy or develop their properties.

CLI gives its clients more value for their investments. Its properties are distinguished by the quality of its locations, award-winning planning and design, generous amenities, timely and quality construction, and industry-best customer service, after-sales, and property management support at very competitive prices. The Company has a strong pipeline in various affordability levels and will strive to continuously improve its products' value proposition. As a success criterion and as practiced, CLI has always projected its initial pre-selling prices to appreciate by at least 20-25% by the time the construction is completed. As an indication of the positive market response, a number of its projects have set selling records in the markets where they are launched, and 98% of the inventory from its completed projects has been sold out.

Highly diversified and expanding project portfolio catering to diverse socio-economic markets

CLI is a fully integrated RED with a highly diversified expanding portfolio of residences, offices, retail spaces, hotels, mixed-use developments, and townships across 17 major locations in VisMin, which includes Greater Cebu, Bohol, Dumaguete, CDO, Davao, Iloilo, Bacolod, Ormoc, Butuan, Palawan, and Gensan, among others.

During the pandemic, the Company was able to maintain earnings stability because of its wide portfolio of projects that addressed the demands of consumers from various socioeconomic strata. In 2020, CLI expanded its affordable housing offerings to address the rising need for high-quality housing where everyone can feel safe and comfortable in their residence, which serves as a hub for work, school, and recreation.

With the market's growing need for safe and secure homes, CLI launched the "Embrace Home"

campaign to emphasize the value of homes. CLI also quickly made available online platforms where buyers can purchase quality homes under flexible and comfortable payment terms and enticing promos. The Company took prompt action to continue its excellent services to its stakeholders, homeowners, and surrounding communities through technology. CLI quickly adapted to change to strengthen the Company's digital presence, to attend to the stakeholders' concerns despite all the limits COVID-19 has given.

Experienced management team and organizational culture

The Company aims to grow its workforce in line with high standards of professionalism, as it has over the last 20 years. The Group has grown from two employees to a dynamic team of 1,277 executives, managers, officers, and staff, with an average age of 46 and over 250 years combined cumulative professional experience in their respective fields, who have contributed to the Company's culture of excellence and strong corporate governance. CLI's customer-first attitude and family-oriented team enables it to achieve high stakeholder satisfaction and establish strong brand equity.

CLI is led by a family of real estate professionals. Its founder, Chairman of the Board of Directors, President and CEO, Jose R. Soberano III, was a former executive at Ayala Land, where he played an integral role in the development of Cebu Business Park and Cebu IT Park, the two most valuable commercial districts in Cebu City up to this day. CLI has grown its talent pool with the addition of knowledgeable accounting and finance, business development, engineering, legal, marketing, and sales professionals with extensive experience and success in their respective professional careers. CLI's key executives have had prior experience in reputable companies from related industries such as real estate development, construction, power, banking, business process outsourcing, consulting, and others.

Corporate Social Responsibility

CLI's corporate social responsibility agenda is pursued through the CLFI, the CSR arm of the company, with focus on 1) Socialized Housing and Integrated Social Development, 2) Environment, 3) Education, and 4) Livelihood/Enterprise Development.

Socialized Housing Development and Integrated Development

CLI, through its socialized housing projects, provides decent and affordable housing to hundreds of homeless and informal settler families. To date, CLI's completed projects include Villa Casita Balamban, Pinamalayan Housing, and Villa Casita North. The Company has also contributed to public infrastructures such as access roads, drainage systems, public markets, and transport terminals.

To better tackle every growing housing backlog in the country and to incorporate more sustainable socialized housing projects within the city, in 2021, CLFI team created a three (3)-way collaboration among the Company, the Cebu City local government, and the Philippine National Government through the DHSUD in developing a 5-storey, 100-unit housing project for informal settlers, called Sugbo Walk up One located in Lorega San Miguel, Cebu City. Each dwelling unit has an area of 23.75 sq.m. Beneficiaries are informal settlers who live along rivers, creeks, coastal areas, and other danger zones.

Going beyond construction, CLI assisted partner LGU with the beneficiary selection, social preparation, and provided training in property management to prepare them for turnover and better integrate social development. The Company continues to assist the LGU in the pre-settlement process, providing guidance as the beneficiary community transitions from horizontal to vertical living. As of 2023, CLI has developed and turned over one mid-rise building to Cebu City LGU and has started constructing the next building with 90 units that will benefit informal settler families hit by a major fire incident in 2019 in Brgy. Tipolo, Mandaue City. CLI plans to develop more socialized housing projects in the Visayas-Mindanao region.

Education: LEAP Scholarship Program

In the area of education, the Company, through its corporate foundation, CLFI, launched the LEAP targeting CLI employee dependents. At present, CLI has 13 scholars taking up Architecture, IT, Engineering and Business courses at the University of San Carlos. CLI continues to expand its

education program to include community-based skills training for livelihood and employment for identified beneficiaries.

Environment: Ecosystems Protection

On the aspect of biodiversity management, CLI through its partnership with LGU and Civil Society Organizations, has planted 242,335 trees, as of end of 2023. The tree-growing program serves to enhance local forest and mangrove sites and supports the livelihood of farmers and fisherfolks in various locations. In addition, CLI assisted coastal barangays in the Municipality of Minglanilla to fabricate and deploy trash trap systems in the area's major riverway, which has helped prevent waste from reaching the coastal waters. CLI continues to engage and support farmers and fisherfolks organizations through its tree growing and other environmental initiatives under the GROW program.

Enterprise Development / Livelihood

CLI, through the foundation's program known as LAMBO, provides assistance to local start-up small businesses in some of the Company's neighbouring communities. In 2022, the Foundation assisted one of the homeowners' associations in a relocation site in Brgy. Paknaan, Mandaue City through the formation of a consumer's cooperative. CLI provided guidance on the coop formation requirements and livelihood training sessions to prepare the coop for its small business. In 2023, CLI assisted a vegetable farmers' cooperative BUKID-Multi-purpose Cooperative in Brgy Sunog, Balamban, Cebu by providing resources and by promoting and patronizing their farm-fresh produce. The coop has benefited from the monthly '*Tabo sa CLI*' events that cater to the needs of CLI employees, customers, and homeowners. This farm-to-market program benefited the farmers with higher income and is expected to expand with more residential communities to be served. Brgy. Punta Engano is also among the communities assisted by the Foundation by organizing the womenfolk into a barangay-registered organization which will be the Company's beneficiary for livelihood programs in Lapu-Lapu City, Cebu. CLI provided seed funds for livelihood through its Community Entrepreneurial Challenge benefiting two communities in Mandaue City and one in Punta Engano, Lapu-Lapu City.

CLI continues to create value for its communities as it strengthens its relationship with 21 key cities and municipalities, particularly in 48 barangays across the VisMin regions.

Strategic JV partnerships

CLI takes pride in its ability to collaborate with and deliver great value to its JV partners. CLI is the project manager and developer in all its JVs. These JVs enable the Company to position itself in strategic locations such as Cebu Business Park through BL Ventures, and Cebu IT Park through El Camino.

CLI's JV partnerships are typically of a closer and more collaborative nature than the norm, where it treats its JV partners as true and equal business partners. Its collaboration results in better-suited products in the markets they are launched in, while benefiting from the market intelligence of its partners. Product execution and delivery are also improved by leveraging the professional and regulatory networks of its partners.

Collaborating with a JV partner also facilitated the Company's forays into new markets such as Davao, Bacolod, and Iloilo. After the success of MesaTierra, the Company entered into new partnerships with YHES to develop Paragon Center and with YHEST to develop Davao Global Township, both in Davao.

Another JV company, CHDI with Ixidor Holdings, Inc. as a partner, is set to develop a mid-market, mixed-use, multi-tower condominium project in Mandaue City, Cebu as its first project. It is called Mandtra Residences. It has also acquired a strategic landbank in Talamban, Cebu, just outside the prestigious Prisinta North subdivision, from Aboitiz Land. The project is a high-end, mid-rise mixed-use development currently in the planning and design stages.

After the success of Latitude Corporate Center, CLI and Borromeo Bros. partnered afresh to develop another project in another prime location within Cebu City. CBLRV was incorporated in 2020 to develop a mixed-use multi-tower residential condominium in Ramos Cebu City.

Additionally, CLI recently signed a JV agreement with prominent Iloilo businessman Alfonso Tan, chairman of International Builders Corporation, for a high-rise residential tower on a prime corner lot in Iloilo City's downtown area. The tower will be the first condominium offering in a highly accessible location.

CLI created two (2) JV partnerships in 2021. SPE was formed to build the 7,500-sq.m. property. A great location along Banilad Cebu City will be transformed into a mixed-use development with retail spaces and a 300-room dormitory. In addition, the Company formed CLI-LITE, a JV with Jun Lim of Lite Shipping Corp., to develop 4 has. of property in Panglao, Bohol, into a residential condominium project launched in 2022 and 2023.

In October 2023, CLI entered into a partnership with NTTUDA, an international developer known for commercial properties, including office buildings, residences, and mixed-use developments in Southeast Asia. This JV is geared towards the development of premium-grade residential towers in the heart of Cebu City.

In 2025, CLI further expanded its JV partnership by incorporating CLI MAC as an undertaking between CLI and Martinez Agricultural Corporation for the development of mixed-used condominiums in Cebu City. The principal place of business is located in Cebu City.

The Company's successful JV partnerships in its past and present projects underscores CLI's prominence as a preferred JV partner because of the priority it gives to its partners, its transparency in terms of project planning and accountability, and its quick execution and delivery of projects. The fast business development cycle it implements makes the Company attractive to its current and future JV partners.

Financial strength: Strong profitability, prudent financial management and a healthy balance sheet

CLI's Net Profit to its shareholders has increased at a compound annual growth rate of 24.3% from its first public offering in 2017 to the recent full year 2023. The Company has continually proven great profitability and prudent financial management throughout its expansion. CLI's gross profit and Net Profit increased steadily while maintaining good margins and debt management discipline.

For the year ended 2021, CLI recorded ₱2.61 billion Net Profit attributable to Parent shareholders, an increase of 42% from ₱1.85 billion y-o-y. CLI's topline grew by 35% to ₱11.16 billion from ₱8.30 billion in 2020 driven by significant construction accomplishments and robust sales, which have further resulted in a ₱25.00 billion or 23% increase in unrecognized revenue for future recognition, based on its audited financial statements. The Company also maintained prudent debt management during the year. The Net Debt to Equity ratio remained at modest levels standing at 1.72x while lowering the cost of borrowing to 4.75% from 4.96% in 2020.

In 2022, CLI recorded Net Profit to Parent shareholders of ₱3.17 billion, an increase of 21% from ₱2.61 billion in 2021, the remainder after tax adjustments for the year were factored out.

In 2023, CLI showcased a commendable financial performance, reporting a consolidated Net Profit of ₱4.64 billion. This figure reflected a significant y-o-y increase of 29% from the previous period's ₱3.61 billion. Furthermore, the Net Profit attributable to the Parent company of CLI demonstrated a solid growth of 13%, reaching ₱3.58 billion compared to ₱3.17 billion in the same period last year. The notable earnings expansion can be attributed to the Company's robust performance across all revenue streams which led to CLI's Revenues increasing by 20% to ₱18.82 billion from ₱15.66 billion the previous year. This is supported by higher construction progress and higher sales take-up. Using the weighted average of 3,465,201,467 shares, EPS was ₱1.03 for the year 2023 as compared with the same period last year of ₱0.92, a 12% increase.

For the year ended December 31, 2024, the Company demonstrated a steady topline with revenues increasing by 4% to ₱19.53 billion from ₱18.82 billion in the same period last year. This growth was driven by lot sales and expansion across all business segments, highlighting robust market demand. Consequently, the company sustained its earnings momentum with Net Profit to Parent, rising from ₱3.01 billion to ₱2.79 billion - reflecting an 8% increase year-on-year.

The Company sustained its growth momentum in the first half of 2025, delivering a consolidated net income of ₱2.49 billion, up 12% year-on-year, supported by resilient demand across its portfolio. In terms of revenue, CLI posted ₱10.3 billion, a 9% decline year-on-year due primarily to the reclassification of lot sales under other income. On a comparable basis, treating lot sales as part of the top line in relation to it being part of the normal course of business will generate 5% revenue growth for the Company. Reservation and estate sales grew 3% to ₱14.3 billion, indicating sustained market confidence. Recurring income was a strong contributor, with hotel operations up 132% and leasing revenues higher by 53%, underscoring the company's successful expansion beyond residential development.

The Company also prides itself on its cost discipline. While CLI utilizes contractors for its projects, it purchases its own raw materials and employs a dedicated project management team to ensure that quality and costs meet the Company's requirements.

CLI also has one of the most organized and responsive accounts receivable and customer support departments in the industry. The delinquency rate has further improved since 2024 at 2.58% to 2.16% as of June 2025.

CLI also has a dedicated accounts management team who facilitates the take-out process, whether through a bank mortgage or a cash payout for the contract balance.

In respect of its debt management, CLI endeavors to match its debt maturity profile with the cashflow it is generating from the very projects being funded. CLI's cash cycle is typically four to five years depending on the project type. So especially in a rising interest rate environment, the proceeds to be raised from the Bonds are intended to be a means to carry out CLI's ongoing strategy of moving its debt maturity profile towards the longer end of the curve and at the same time mitigating the impact of higher borrowing costs since the Bonds involve fixed interest rates.

Operational excellence

CLI has a fully integrated real estate set-up encompassing different areas, namely, acquisitions, business development, technical planning, engineering and project management, sales and marketing, documentation and licensing, legal services, customer service, and property management. The Company prides itself on its hands-on and personalized approach, which allows itself to respond effectively to its clients and industry partners.

Construction

For each horizontal and vertical development, CLI engages various general and specialty contractors with both local and national experience. With over 200 engineers in its roster, CLI handles the project and construction management aspect of every project and manages the various contractors and sub-contractors that are utilized. As the project manager, CLI controls the delivery of its projects with priority on promptness, quality, and professionalism. CLI does not have any in-house construction or any affiliated general contracting business.

Sales

CLI has one of the industry-leading sales support teams. With over 82 sales support personnel, this team collaborates, coordinates, and supports the over 11,000-strong accredited broker/agent network of CLI. This is CLI's strategy in working harmoniously with the seller community by assisting the brokers 24/7 from sales origination to closing. CLI works alongside brokers in addressing the client inquiries until closing.

In 2015, CLI embarked on its regional expansion when it launched MesaVerte Residences in CDO. This is the mid-market condominium offering of CLI with three 15-storey residential towers having a total of 798 units which almost sold out in less than a year of pre-selling. In 2018, the Company then introduced its mid-market horizontal project in the same city – Velmiro Uptown CDO. The subdivision's master plan shows an inventory of 396 units intended to meet the housing demand in the area.

In CDO, the Company set up its first satellite sales, administrative, and engineering offices. The Company found a unique advantage in being homegrown, as it can distinguish itself further in these new regional markets with similar local dynamics to that of Cebu's.

In 2016, CLI successfully set its foothold in Davao by launching MesaTierra Garden Residences, a 22-storey residential condominium.

In 2017, CLI strengthened its market presence in Davao by entering into two (2) new JVs to develop the Paragon Center and Davao Global Township, a 22-hectare estate project. The Company then launched Casa Mira Coast, a 5-hectare property in Sibulan, Negros Oriental. After the successful launch of its first Casa Mira brand outside Cebu, CLI expanded its footprint from Negros Oriental to Negros Occidental by introducing MesaVirre Garden Residences, a three-tower residential condominium project in Bacolod City.

In 2018, the Company launched Astra Center, its first mixed-used building in Mandaue, Cebu. The Astra Centre is composed of Astra Centre Mall, Radisson RED, One Astra Place and Astra Corporate Centre.

In 2019, the Company acquired Abaca Resorts Mactan and Lowaii Marine Cebu Resort in Mactan, Cebu to increase revenues from its hotel segment. CLI entered into a JV with an Aboitiz Company, to develop Mandtra Residences, a mid-market, mixed-use, multi-tower condominium project in Mandaue City, Cebu.

In 2020, CLI sets footprint in Bohol and Iloilo with the successful launching of Velmiro Greens Bohol, a 3.6-hectare modern mid-market horizontal development in Jaro Daus, Panglao, Bohol, and Casa Mira Iloilo, 14.4-hectare economic subdivision project in Jaro, Iloilo City with 1,188 housing units. With the fully take-up Casa Mira Coast in Sibulan, Negros Oriental, the Company launched Casa Mira Dumaguete, a 6.1-hectare project to develop 586 economic horizontal housing units. CLI also launched Casa Mira Towers LPU, a 930-unit economic condominium project, as a housing option for students in Lyceum of the Philippines University.

In 2021, CLI launched its first project in Ormoc, Casa Mira Ormoc is the first Casa Mira brand in Leyte. It has a very strategic location, and it offers affordable townhouse units with very generous payment schemes. Casa Mira continues to expand to major key cities in VisMin and is launching its first project in Eastern Visayas. Casa Mira Homes Ormoc is a 9.13-hectare residential subdivision in Brgy. Luna Ormoc City.

In 2022, CLI purchased 17.2 hectares of land in Butuan City to be developed into Casa Mira Butuan by Q1 2024. During 2023, the company also expanded to General Santos City by purchasing 21 hectares of land. The company envisions launching both its Casa Mira and Velmiro brands as entry points to the Gensan market. To date, planning and permitting is ongoing for the said project.

In 2023, CLI launched Casa Mira Towers in Palawan and further expanded by purchasing properties in Butuan City and General Santos City. In 2024, CLI launched its first project in Butuan City, Casa Mira Butuan. In June 2025, Casa Mira Gensan pioneered the company's 1st solar powered ready houses, which recorded 85% sell out rate days after launching. The Company has strategic land acquisitions lined up in greater Cebu, Bacolod, CDO, and Davao, with new expansion areas such as Pasig City in Luzon. CLI continues to pursue its aggressive plans to establish and deliver quality developments across the VisMin region and its first project soon in Luzon.

During the six (6) months of 2025, Mindanao emerged as the leading revenue contributor for real estate, accounting for 43% of the total, followed by Cebu at 31% and the Visayas (excluding Cebu) at 26%. The rise in revenue share outside Cebu was supported by new projects such as Velmiro Heights Davao, Casa Mira Homes Butuan, Casa Mira Homes Davao, Mindara Residences, East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan, and Costa Mira Beach Panglao.

CLI has several strategic land acquisitions lined up in greater Cebu, Bacolod, CDO, and Davao. CLI continues to pursue its aggressive plans to establish and deliver quality developments across the VisMin region. Strengthening its expansion in Luzon, CLI has opened its first regional office outside the VisMin region, located in Makati City, to support its growth and operations in the area.¹³ Further, CLI is actively engaged in negotiations with landowners in NCR and Greater Manila Area as part of its strategic efforts to expand its footprint in Luzon.

Building recurring income developments

As CLI set its sight on a long-term growth trajectory, the Company is committed to growing its recurring income portfolio. In 2013, CLI launched its first office building in Cebu IT Park. The project, Park Centrale Tower, was designed to host both BPO and executive offices (office condominium units). With its Grade A design and features, Park Centrale Tower was awarded as the Best Commercial Development in Cebu in the 2014 PPA.

In 2015, CLI made another significant step in growing its recurring income portfolio when it launched its Phase 1 of Base Line Center, a redevelopment of one of the largest remaining properties in the prime midtown Cebu area. The project is a mix of retail, office, hotel, and residential project.

In 2016, CLI launched Latitude Corporate Center, a JV development under BL CBP Ventures Inc. This is a 24-storey Grade A office building offering future-ready spaces for businesses with a 13,000 sq.m. GLA.

In 2017, the Company launched 38 Park Avenue, a residential high-rise project with 3,000 sq.m. of retail space located in the last 1.18-hectare patch of green in Cebu I.T. Park, one of the Philippines' top 20 prime real estate properties.

In 2018, the Company launched Astra Center, a mixed-use development located in Mandaue City designed to have a boutique mall, hotel, office, and residential tower adding over 30,000 sq.m. GLA.

The first hotel business of the Company started operations in September 2019 allowing CLI to recognize a new stream of revenue from the segment. Citadines Cebu City, the 180-room condotel, is operated

and managed by Ascott International Management Pte Ltd., the world's largest international serviced residence owner-operator.

In 2021, CLI launched Masters Tower, the project is a 31-storey hotel and office tower that will establish a destination within Cebu Business Park and bolster Cebu's status as an international city. It will be the tallest tower in the district, with over 7,000 sq.m. of Class A office space and the first 5-star hotel in Cebu, Sofitel Cebu City. The property is located on a 2,840-sq.m. area in the Cebu Business Park and will be among the top three tallest structures in the metropolis, which would top off at 192 meters above sea level.

As of June 2025, the company posted a substantial increase in rental revenues, reaching ₱108.49 million, a 53% year-on-year growth from ₱70.92 million. The growth was primarily attributable to incremental revenue from newly secured retail tenants and higher occupancy levels in recently completed projects.

GLA expanded to 70,832 square meters, up 75% from 40,575 square meters in the previous quarter, following the addition of new leasable spaces. The increase was mainly driven by the completion and turnover of Banilad Highstreet and the Drive-Thru spaces in Davao Global Township, both of which achieved 100% lease occupancy. Additionally, the completion of the DGT Pavilion and DGT Retail Pads contributed over 4,000 square meters of GLA, alongside expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

The increase in GLA is expected to translate into higher recurring lease income in subsequent periods, improve asset utilization, and enhance the company's ability to capture long-term contractual revenues. These developments also underscore the company's strategic execution in expanding its leasing portfolio to strengthen its market positioning and recurring income base.

Vertical integration – property management services

On April 20, 2017, CLPM, a wholly owned subsidiary of the Company, was incorporated to provide property management services to housing, condominium and office projects developed by the Company. With the goal of making CLPM a self-sustaining and revenue generating business unit, CLPM is envisioned to eventually offer and expand its services to outside clients. Currently, CLPM is managing 38 projects with revenues of ₱63.93 million, ₱59.22 million and ₱55.47 million for the period ending December 31, 2024, 2023, and 2022 respectively. During the year, the parent company's project management revenue reached ₱40.62 million, which are fees charged to CLI's joint venture companies for managing the development of the project.

Growing the affordable housing brands (Casa Mira, Mirani, and Garden Series)

The Casa Mira brand of CLI is designed to answer the underserved demand in the affordable housing sector. And even after the pandemic, Casa Mira remained CLI's fastest selling and most sought-after brand. Unit prices range from ₱1.80 million to ₱3.00 million. Correspondingly, the monthly amortizations range from as low as ₱6,000.00 to as high as ₱15,000.00. This caters to households with monthly incomes of ₱15,000.00 to ₱30,000.00.

Despite the pandemic, strong housing demand in VisMin enabled CLI to sell a number of housing units from Casa Mira which accounted for 69% of the Company's reservation sales in 2020 amounting ₱14.23 billion. In 2021, as the economy reopens, demand for the Casa Mira brand remains resilient, accounting for 41% of the ₱16.52 billion reservation sales that the Company recorded during the year. In 2022, Casa Mira accounted for 32% or ₱5.88 billion of the total reservations sales for the year. With the new launches in 2024, Casa Mira segment led the sales with 52% of total sales during the nine months of the year, primarily from Casa Mira Davao, Casa Mira Danao, and Casa Mira Towers in Palawan and Bacolod.

The Garden Series, targeting the mid-market segment, which open spaces and well-designed homes, are available in both vertical and horizontal product lines. The Company foresees a growing demand for new, well-built, well-planned, and strategically located homes for the mid-market segment – homebuyers who can afford a monthly equity payment of ₱8,000.00 to ₱15,000.00 and an annual income of ₱400,000.00 to ₱800,000.00.

Starting June 2025, CLI rolled out the Casa Mira and Garden Series brands in its newly acquired expansion sites in Butuan and Gensan, and also in existing sites as additional phases and towers. The Company sees this as a great opportunity to tap into the classes B, C, and D markets where most of the working population belong. With the Philippines' young and growing workforce, the need for affordable permanent housing options will continue to escalate.

Capitalizing on pipeline projects

CLI plans to launch more developments from its 12 pipeline projects during the remainder of the year, with an aggregate sales value of ₱29 billion. Underlining its commitment to expansion, CLI continues its proactive search for high-potential landbank across VisMin, ensuring a continuous and strategic approach to securing opportunities for future development. This foresighted land acquisition approach solidifies CLI's position for sustained growth and innovation in the real estate sector.

Establishing and leveraging strategic partnerships, alliances, JVs, and cooperation

CLI will also continue to pursue local partnerships that will serve to enhance its expansion plans. The Company has proven that strategic alliances can provide a winning formula for securing strategic locations and entering new markets for as long as the JVs are executed with best practices. Its existing JVs are BL Ventures, CCLI, Cebu BL-Ramos Ventures Inc., CHDI, CPH, El Camino, GGTT, MGR, YHESPH, YHEST, YES, and YHES.

SPE and CLI-LITE, Inc. are CLI's new JV agreements for 2021. In addition, the business expanded its stake in MMDC from 20% to 78%, making it the JV's project manager and principal developer.

In October 2023, CLI initiated a strategic partnership with NTTUDA, a Japanese entity recognized for its expertise in developing commercial properties such as office buildings, residences, and mixed-use developments across Southeast Asia. This collaborative venture is specifically designed for the development of premium-grade residential towers situated in the heart of Cebu City. The partnership between CLI and NTTUDA signifies a shared commitment to delivering high-quality real estate solutions and marks a significant milestone in elevating the standards of residential developments in the region.

In 2025, CLI further expanded its JV partnership by incorporating CLI MAC as an undertaking between CLI and Martinez Agricultural Corporation for the development of mixed-used condominiums in Cebu City. The principal place of business is located in Cebu City.

The Company's successful JV partnerships in past and ongoing projects underscore CLI's standing as a preferred JV partner, owing to the priority it accords to its partners, its transparency in project planning and accountability, and its quick execution and delivery of projects. CLI's fast business development cycle further enhances the Company's appeal to current and future JV partners.

Corporate Organization

CLI is presently engaged in real estate-related activities such as real estate development, sales, leasing, and property management. Its real estate portfolios include residential condominium units, subdivision house and lots, and townhouses as well as hotels, office projects, retail spaces, and townships.

In 2016, AB Soberano, formerly AB Soberano International Corporation, one of CLI's stockholders, assumed control of CLI by acquiring an additional 400,000,000 shares of CLI and became the parent company of CLI. ABS is a holding company and is incorporated and domiciled in the Philippines. The registered office and principal place of business of AB Soberano is located at 2nd Street Villa San Lorenzo, Quijada Street, Barangay Guadalupe, Cebu City.

On January 6, 2017, the board of directors approved CLI's application for the registration of 1,714 million of its common shares with the SEC and application for the listing thereof in the PSE. The board of directors' approval also covered the planned initial public offering of 430 million unissued common shares of CLI. CLI's shares were listed in the PSE on June 2, 2017.

On February 26, 2021, the Company increased its authorized capital stock to ₱10.00 billion common shares and ₱100.00 million voting preferred shares.

On July 14, 2021, CLI distributed stock dividends of 123% per share. This resulted in an increase in total outstanding shares after the stock dividends to 3,461,851,997. This is net of the total shares held under treasury as of the end of December 31, 2021, amounting to 161,600,000 shares.

On January 4, 2024, the SEC issued and released the Certificates of Filing of Amended Articles of Incorporation, both dated December 29, 2023, which approved CLI's applications for amendment of its Articles of Incorporation to create a new class of preferred shares through the reclassification of 1.0 billion unissued common shares with a par value of ₱1.00 per share to 1.0 billion Series "A" preferred shares with a par value of ₱1.00 per share. The SEC applications are in line with the approval of the Board of Directors during the special board meeting held on April 25, 2023, and approval of the Stockholders during the Annual Stockholders' meeting held on June 1, 2023 on the amendment of Article VII of CLI's Articles of Incorporation, including the creation of the new class of preferred shares. As a result of the reclassification and amendment of the Articles of Incorporation, CLI's authorized capital stock now comprises ₱9.00 billion common shares, ₱1.00 billion Series "A" Preferred Shares, and ₱100.00 million Series "B" Preferred Shares.

Article VII of CLI's latest Amended Articles of Incorporation grants to its Board of Directors the express authority to determine, fix, and approve all other features, salient and commercial terms, issuance and redemption features, and all other terms and conditions of the Series "A" preferred shares, including any tranche or sub-series thereof.

In relation thereto, and during its special board meeting held on January 8, 2024, the CLI Board of Directors approved and authorized the Company's public offering of 3,000,000 Series "A" Preferred Shares with an oversubscription option of up to 2,000,000 Series "A" Preferred Shares at an offer price of ₱1,000.00 per share. The CLI Board of Directors also approved the terms and conditions of the offer shares during the same board meeting.

On April 12, 2024, the Company successfully raised ₱4.28 billion through the sale of Series A-1 and Series A-2 preferred shares. The shares were listed on the Philippine Stock Exchange (PSE) under the ticker symbols CLIA1 and CLIA2. The offering was 1.43 times oversubscribed relative to its firm offer amount, with dividend rates set at 7.59% p.a. for Series A-1, which may be redeemed by CLI after four (4) years, and 8.25% p.a. for Series A-2, which may be redeemed by CLI after seven (7) years, from their issue date.

Due to CLI's continued strong financial performance, the Board of Directors declared a regular dividend of ₱0.15 per share and a special dividend of ₱0.03 per share on March 18, 2024. These dividends were distributed to shareholders of record as of April 17, 2024, with payment made on May 3, 2024.

CLI and its Subsidiaries are not involved in any bankruptcy, receivership, or similar proceedings, and have no material reclassification, merger, consolidation, or purchase or sale of a significant amount of assets not in the ordinary course of business.

Figure 8. Hospitality Overall Stock and Breakdown in Metro Cebu

A total of 81 establishments remain operating after the pandemic in Metro Cebu, with Cebu City still having the greatest number of hotels with 45. Mandaue meanwhile, recorded the lowest number with 10 hotels.

Bulk of the establishments are 3-star hotels, with a total of 55 hotels falling under this category. This is enough to account for 68% of the total identified stock in terms of count.

This is also evident when looking at Cebu City alone, with 60%, or 27 of the total identified hotels in the city being 3-star hotels.

Looking at the available rooms, a total of 11,943 rooms were identified in the Tri-City of Cebu, with Cebu City accounting for 6,528 rooms or 55% of the total stock.

Again 3-star hotels dominate the market accounting for 49% (5,836 units) of the identified room stock.

Competitors

CLI is within the field of top industry players and local developers across its product range. The Company goes head-to-head with national players such as Vista Land, Megaworld Corporation, SM Development Corporation, Ayala Land Inc., 8990 Holdings, Aboitiz Land Inc., and DMCI Holdings Inc.

The Company also competes with established local developers in Cebu, and other parts of VisMin, like Profriends Inc., Primary Homes Inc., Wee Community Developers Inc., Johndorf Ventures Corporation,

and Grand Land Inc.

The Company's direct competitors in the different markets tend to be the local developers entrenched in those cities. But the Company's advantage is the breadth and quality of its offerings while delivering them at the same competitive price points in their respective markets.

CLI uses its fundamental competencies – hands-on personalized service, local (*i.e.*, VisMin) real estate experience, strategic location selection, and responsible development – as well as its aggression, business productivity, and best value projects – to leverage itself against competitors.

Suppliers

Through a pre-qualification and bidding procedure, CLI obtains construction materials and services from third-party suppliers and partners both locally and nationally that fulfill the Company's stringent quality requirements. The Company does not foresee a shortage in raw materials or services for its operations as it establishes strong partnership with various stable and resilient suppliers and contractors.

The Company evaluates suppliers who can deliver the best value at the highest quality and at the lowest cost through its supply chain management team. CLI also selects suppliers that can provide safe and on-time delivery, as well as the ability to adapt and innovate in order to suit the Company's needs. Simultaneously, the Company has the appropriate internal controls, organizational structure, and financial sustainability to ensure the supplier's continued delivery as contracted.

On a project-by-project basis, the Company engages contractors to do land development and project construction. While CLI used to outsource architectural and engineering services for all its projects, the Company began undertaking engineering and architectural design to be developed internally allowing the Company to save on costs.

The following are the Company's top contractors and suppliers:

Supplier	Product / Service
Steelasia Manufacturing Corporation	Manufacturer of Deformed Bars
Vic Enterprises	Supplier of Cement & Hardware Materials
Filmon Hardware, Inc.	Sanitary and Hardware Materials
WSG Properties of Visayas, Inc.	Supplier of Cement, Rebars, & Hardware Materials
Phelps Dodge Philippines Energy Products Corp	Supplier of Electrical Wires and Cables
Worldwide Interiors Design Center	Supplier of Finishing Materials
Matimco Incorporated	Supplier of Wooden Doors
Cohaco Merchandising & Dev.	Supplier of Cement
Cebu Oversea Hardware Co., Inc	Supplier of Finishing Materials
Emerald Vinyl Corp.	Manufacturer of PVC Pipes
Dakay Construction & Development	General Construction Works
Carwill Construction Incorporated	General Construction Works
Castcrete Builders Inc	General Construction Works
Young Builders Corporation	General Construction Works
Fasclad Inc.	Glass and Aluminum Works
JITS Construction Corporation	General Construction Works
IVM Phils. Services & Contractor	Electrical Works
RKF Industrial & Installation	Plumbing/Sanitary Works
Cigin Construction & Development	Land Development Works
KPI Elevators, Inc.	Conveying Systems

As mentioned above, CLI engages third-party suppliers and contractors through a pre-qualification and bidding procedure thus, CLI is not and does not anticipate being dependent upon one or limited number of suppliers and contractors.

Construction Contracts

For each horizontal and vertical development, the Company engages various general and specialty

contractors with both local and national experience. Majority of the Company's construction contracts pertain to general construction works and house construction. For this purpose, the Company executes standard construction contracts which contains provisions governing the relationship, rights, and obligations of the parties, including the contractor's scope of work, bonds and insurances, completion time, and responsibility of the contractor for any damage or destruction of works until final acceptance.

With over 218 engineers in its roster, the Company handles the project and construction management aspect of every project and manages the various contractors and sub-contractors that are utilized. As the project manager, the Company controls the delivery of its projects with priority on promptness, quality, and professionalism. The Company does not have any in-house construction or any affiliated general contracting business.

Customers

CLI caters to several real estate categories – residential, retail, offices, and hotels. Among the four categories, the Company's experience in the industry has been primarily focused on residential development which comprises 96.61% of total Revenue.

Of the Company's real estate developments, 41% of CLI's horizontal and vertical projects serve the needs of the mid-market. Fast-selling projects like the three tower One Manresa Place in CDO, Velmiro Heights Consolacion, Mandtra residences Cebu, Mindara residences in Davao, and Mivela Garden Residences show the growing demand for new, well-built, well-planned, and strategically located homes for the mid-market segment. CLI's mid-market clients are those who can afford a monthly equity payment of ₱8,000.00 to ₱15,000.00 and an annual income of ₱400,000.00 to ₱800,000.00.

The Company also caters to the upper-mid market segment who can afford a monthly equity of ₱15,000.00 to ₱20,000.00 and earning ₱1.00 million to ₱3.00 million annually. These market segments prefer units at a price range of ₱5.00 million and above.

Casa Mira and Garden Series, CLI's best-selling brands, comprise 33% and 41% of the Company's reservation sales during the first half of 2025. High-end residential developments are at 10%, driven by the ongoing sales from The East Village in Davao, Costa Mira Beachtown Mactan and Panglao.

Employment Profile	%	Citizenship	%	Marital Status	%
Locally employed	58%	Filipino	97%	Married	43%
OFW	30%	Foreigner	3%	Single	50%
Self-Employed	12%			Others	7%

For its leasing business, the Company's top lessees include BPO companies, supermarkets, service providers and food establishments.

CLI is committed to continuously addressing the growing needs and demand of the market in each segment the Company caters to. CLI aims to constantly innovate, and remain consistent with the quality of the developments, the selection of location and the hands-on service that goes along with it.

The Company has over 216,000 different live sales contracts and no single contract accounts for 20% or more of CLI's sales. These are all different and distinct individual buyers.

CLI has a wide customer base and thus, is not dependent on a single or a few customers. Consequently, the Company is of the view that the loss of one or a few customers (e.g., cancellations of purchase, lease contracts) will not have a material adverse effect on the Company and its Subsidiaries.

CLI uses standard Contracts to Sell for the sale of its units, whether house and lot, condominiums, condotels, or offices. It contains all the necessary terms and provisions until such time that a deed of absolute sale can be executed by both parties. A deed of absolute sale is executed upon the complete submission of necessary documents, full payment of the purchase, the proper subdivision of the mother titles and other such necessary administrative procedures to ensure the eventual transfer of the individual title to the respective buyers. No one sales contract contributes to more than 1% of the Company's overall revenues.

Leases for retail spaces within CLI's mixed-use developments, as well as office spaces within its office developments are generally short-term ranging from one to three years, with renewability clauses. Leases are fixed rates with predetermined escalation clauses. No one leasing contract or tenant group contributes to more than 1% of the Company's overall revenues.

Related Party Transactions

RPTs are transfers of resources, services, or obligations between CLI and its Subsidiaries (the "Group") and its related parties, regardless of whether a price is charged.

Below are RPT transactions of the Company as of June 30, 2025:

The Group's RPT also includes advances to related parties, real estate sales to the ultimate parent company, real estate sales to key management personnel, key management personnel compensation, and CLI's retirement fund.

Advances to related parties pertain to cash advances to shareholders, entities under common ownership and associates. Outstanding balance as of June 30, 2025 amounts to ₱52,756,843.00 and is presented as due from related parties in the consolidated statements of financial position.

Real estate sales to the ultimate parent company include CLI's sales of condominium units to AB Soberano. Outstanding balance as of June 30, 2025 amounts to ₱829,125,942.00 and is presented as part of Contract Receivables under the Receivables account in the consolidated statements of financial position.

Real estate sales to key management personnel include CLI's sales of condominium units to key management personnel. No outstanding balance as of June 30, 2025.

Key management personnel compensation pertains to short term benefits and post-employment benefits totaling ₱59,169,432 for the quarter ended June 30, 2025.

CLI's retirement fund for its defined post-employment plan is administered and managed by a trustee bank. The fair value of plan assets consists of the contributions to the plan and interest earned. The plan assets do not comprise investment in any of the Group's own financial instruments or any of its assets occupied and/or used in its operations.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Pursuant to CLI's RPT Policy, related parties include: (a) a person or close member of that person's family who has control or joint control of the Company; or is a key management personnel of the Company, its parent, subsidiaries or affiliates; (b) a substantial shareholder, who is any person who is directly or indirectly the beneficial owner of more than 10% of any class of its equity security; (c) an entity is a related party if it and the Company are members of the same group (which means that each parent, subsidiary, and fellow subsidiary is related to the others); the entity is an associate or JV of CLI or vice-versa, or an associate or JV of a member of a group of which the other entity is a member; the entity is a post-employment benefit plan; the entity has a management contract or any arrangement granting power to the Company to direct or cause the direction of management and policies of the entity, or vice-versa.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely on the legal form. The Office of the CFO, together with the Compliance Officer, undertakes regular identification, review, and evaluation of the Company's related parties and RPTs, which are submitted to the Board RPT Committee either for information or approval, depending on whether the RPT breaches the RPT threshold set by the Company or is otherwise a Material RPT.

Pursuant to its RPT Policy, CLI sets an RPT threshold of ₱50.00 million. RPTs involving an amount of at least ₱50.00 million, or its equivalent are submitted to the RPT Committee for review and pre-approval. If approved, these are then endorsed to the CLI Board for subsequent approval and/or ratification.

All RPTs breaching the ₱50.00 million threshold have been approved by the RPT Committee and CLI Board, and as supported by its respective minutes of meetings and committee/board resolutions. For the period ending September 30, 2024, this included the approval of shareholder advances to related party JV entities, and procurement of contracted services from other related parties.

Further thereto, CLI also observes the 10% Material RPT threshold as prescribed by the SEC. Material RPT pertains to any RPT, either individually or in aggregate over a 12-month period with the same related party, amounting to 10% or higher of CLI's total assets based on its latest AFS.

All individual material RPTs and aggregate material RPTs shall be approved by at least two-thirds vote of the Board of Directors, with at least a majority of the independent directors voting to approve the material RPT. In case a majority of the independent directors' vote to approve the material RPT is not secured, it may be ratified by the vote of the stockholders representing at least two-thirds of the outstanding capital stock. Before the execution of a material RPT, the Board may appoint an external independent party to evaluate the fairness of the terms thereof and evaluate if the transaction is done on normal market terms. Within three calendar days from the execution of any material RPT, CLI, through the Corporate Secretary, shall submit an Advisement Report to the SEC.

Other RPTs not breaching the ₱50.00 million RPT threshold, or the 10% Materiality threshold are still required to be disclosed and reported to the Board RPT Committee through quarterly RPT reports prepared and presented by the CFO and the Compliance Officer, for information purposes only. RPTs of this nature do not require approval of the RPT Committee and/or the Board of CLI.

Please refer to the discussion on “*Certain Relationships and Related Transactions*” under the section on “*Management and Certain Security Holders*”.

Government approvals/regulations

The Company and its Subsidiaries secure various government approvals, permits, and licenses required and necessary for their business operations, including their respective projects, as part of their ordinary course of business. CLI does not foresee any material adverse effect of existing and future government regulations on the business of CLI and its Subsidiaries.

As of the date of this Offer Supplement, CLI and its Subsidiaries have obtained the required and necessary material governmental approvals, permits, and licenses issued by the relevant government bodies or agencies. For those required for specific ongoing projects, CLI or the relevant Subsidiaries has either secured such governmental approvals, permits and licenses or is currently processing said permits and are pending issuance by the relevant government agency.

The effects of existing and probable governmental regulations on the business are further discussed in the section “*Regulatory Framework*.”

Project Development

The table below refers to the amount spent on project development activities, and its percentage to revenues during each of the last three (3) fiscal years.

In Million Pesos (₱)	As of June 2025	As of the years ended December 31		
		2024	2023	2022
Revenue	₱10,315	₱19,525	₱18,818	₱15,657
Capital Expenditures on Project Development	₱4,474	₱10,157	₱10,536	₱7,625
Ratio	43.37%	52.02%	55.99%	48.70%

Capital Expenditures refers to actual cash disbursements made by the Company on its developments.

Health, Safety, and Environmental Matters

The Company is subject to a number of laws and regulations relating to the protection of the environment and human health and safety, including those governing air emissions, water, and wastewater discharges, and odor emissions and the management and disposal of hazardous materials. The Company applies its quality standards uniformly across all its production and distribution facilities.

Effect of Compliance

Companies are faced with a high cost of compliance, but in general the benefits outweigh the cost. For FY2023, the costs of compliance with environmental laws and development of green features and other initiatives to mitigate environmental impacts amounted to more than ₱40.33 million recorded as part of operating expenses and as project cost. The capitalized costs primarily pertain to costs on sewage treatment plants electro-mechanical system works, green building certifications, construction of material recovery facility, solid waste recycling, topographic survey, geotechnical investigation/engineering and geohazard assessments, soil investigation, drainage impact assessment, tree growing program and other expenses related to the ECC post conditions compliance requirements, while the operational costs pertain to permits and licenses.

Given the scale of the Company's operations, environmental compliance is a means for CLI to ensure that impacts of environmental risks are mitigated. The Company's land development activities have direct impacts on the environment. The Company's use of materials, water, and waste can affect soil

In response to the Company's potential environmental impacts, CLI established a team dedicated to managing and monitoring compliance. The External Affairs / Permits and Licenses Department, the Company's Strategic Business Units, and CLI Property Management and Engineering ensure that the Company complies with relevant environmental laws. The Company's in-house Pollution Control Officers submit a quarterly Self-Monitoring Report and bi-annual Compliance Monitoring Report to the DENR-Environmental Management Bureau ("**EMB**").

For CLI, compliance with sustainability, particularly environmental, social, and governance standards and regulatory requirements has helped the Company make better and more efficient decision making. This exercise has served to reinforce CLI's risk assessment and management. Social and environmental data baselining and compliance monitoring have supported the establishment of the Company's sustainability strategy aligned to its enterprise risk management.

ESG Reporting Process and Governance

Enhancing Brand Value and Market Leadership

Reporting on financial and non-financial metrics draws the attention not just of investors but also of its consumers. The Company recognizes that society demands more companies serve a higher purpose than just delivering a strong financial performance. By complying with the requirements of balanced reporting, the Company's stakeholders and the external public are informed about its impacts, performance, and contributions. Compliance with social, environmental, and other regulatory and statutory requirements has propelled CLI to develop more products, more than half of which are addressing a housing demand in the VisMin region. CLI believes that its compliance submissions have helped it to maintain a strong presence in the VisMin markets.

With the Company's strong relationships with partner LGUs, broker community, and its JV partners, CLI is considered a trusted brand. CLI has 19% market share in the VisMin in terms of overall net-take up of residential units for vertical and horizontal developments, according to a survey undertaken by Colliers Philippines in the first half of 2024. As a result, CLI has strengthened its position as the leading residential developer in the VisMin region.

CLI has responded well to the increasing market demands of VisMin, outpacing other developers in finishing construction and delivering completed units to its customers.

In 2024, an independent study by Colliers International reaffirmed CLI's leading position in the VisMin residential market. The study identified CLI as the top residential developer in the region, having the largest market share among real estate firms. With a 19% overall residential share in net take-up value, CLI continues to grow market share in key VisMin cities, indicating increasing consumer confidence and recognition in the market.

This success was further validated at the PropertyGuru Philippines Property Awards, where CLI was named Best Developer in Mindanao for the fourth consecutive year, among other notable awards and commendations from various institutions. The company's commitment to high governance standards was also acknowledged with a 2 Golden Arrow award from the ICD for the third year running, further reinforcing CLI's reputation for sound corporate governance.

CLI Workforce, Customers, and Communities

On the aspect of talent acquisition, being purpose-driven and compliant with regulatory and statutory requirements, especially on labor laws, has definitely given CLI a competitive advantage. By defining the Company's priority areas through a materiality process, CLI is provided guidance and as a result the Company is able to attract and retain top caliber talents. Employee engagement activities use themes that relate to sustainable, safe, and healthy workplace practices, and cultivating a culture of innovation among departments and cross-functional teams. All these programs help attract, continue to develop, and retain talents within the organization.

On the aspect of health and safety, CLI recognizes that consumer behavior has dramatically changed in recent years, especially with the onset of the pandemic. Society has been driven to pay more attention to health, safety, and environmentally healthy lifestyle. Compliance and reporting on DOLE-mandated safety protocols and other pandemic response programs have resulted in better work conditions, lesser exposure to diseases and COVID-19 cases, reduced absences and therefore, better productivity which result in better operational and financial performance.

While CLI grows its business, it has built and strengthened its relationships by partnering with local communities and complying with requirements of LGUs and national government agencies. This serves as the Company's social and relationship capital that gives it social license to do business in the local area.

Resource Use, Managing Impacts, and Biodiversity Management

With the significant increase in oil price brought about by the Russia-Ukraine war and with continuing water supply issues in the local areas, there is a need to reduce the Company's resource consumption, including the need to be less energy-dependent. The necessity of introducing energy and water saving initiatives was further driven by the Company's data management tools that will allow it to target

reduction of energy and water use in its real estate project developments. In addition, compliance with environmental laws and standards has propelled the Company to introduce product design innovations or the application of green building features in its projects that will help reduce consumption. In addition, compliance to post-conditions of its ECCs have driven the Company to assess, protect, and enhance its ecosystems within or adjacent to its developments and even focus on climate change-related financial impacts as the Company develops more projects in the future.

Contribution to United Nations' Sustainable Development Goals ("UN SDG")

Focus on UN SDG contributions ensures that CLI's products, programs, and initiatives contribute to the alignment and achievement of global sustainability goals. This means that the Company's products, programs, and initiatives address local issues and contribute to the local economic development of the area where the Company does business, without losing sight of the overall global issues that face the world today.

The Company maintains a competent and dynamic team of professional executives and managers engaged in the management of the business. Efforts to professionalize the Company over the last 18 years are evident as the Company has grown from two employees to a dynamic team of executives, managers, officers, and staff instilled with the Company's brand of professional work ethics and strong corporate values.

The Company has 1,277 number of full-time employees as of June 30, 2025, across all business segments and administrative functions.

CLI employees are not subject to collective bargaining agreements. Its employees have not been on strike in the past three years, nor are they threatening to strike.

The Board of Directors of CLI, during its Special Board meeting on October 6, 2021, approved the Executive Stock Option Plan ("**ESOP**") for qualified officers. This is a type of performance incentive, where options are granted to purchase the shares of the Company at a discount. There are no other rights and benefits granted to the subscribers of shares under the ESOP other than the typical rights and benefits available to ordinary shareholders.

The shares that may be exercised from these options will be sourced from the treasury shares of the Company or from publicly traded shares. The objectives of the plan are: (a) to attract, retain, and motivate talented and key employees; (b) to encourage employees to align individual performance with Company objectives; and (c) to reward employee performance with stockholdings in proportion to their contribution to the Company.

Each level has a predetermined number of shares exercisable per year with a four-year vesting period. The exercise price is the higher of ₱2.25 or current market price with a 15% discount. The current market price is computed as the average closing price for the last five trading days.

Shares bought under the ESOP cannot be sold, assigned, or transferred in any manner for at least six months from the exercise date.

Voting and dividend rights vest upon the issuance of the shares to the employees.

Other than the ESOP, CLI also has a Savings Program Prior to Normal Retirement ("**SPP**") which is incorporated in its Amended Retirement Plan. The SPP serves as the retirement plan for all CLI regular employees who resign prior to the optional retirement age of 60 years old or the mandatory retirement age of 65 years old. The equivalent of 5% of the employee's basic salary is set aside by CLI every month while the employee remains in the employ of CLI.

Upon resignation, the employee will be entitled to his or final balance as follows:

Vested Benefit %	Number of Continuous Service (from January 1, 2015)
0%	Less than 5 years
50%	5 years
60%	6 years
70%	7 years
80%	8 years
90%	9 years
100%	10 years and above

Given the above, a qualified CLI employee will be entitled to and avail of either the 1) Normal Retirement benefits as mandated by law or 2) the Vested Benefits under the SPP, whichever is higher.

The Company's residential leases have an average term of one year, while the Company's commercial leases have an average term of three to five years, both renewable upon mutual agreement of parties. Sixty days' notice is required from tenants for the extension or pre-termination of their leases, and a two-month security deposit is paid at the commencement of the lease. The Company charges rent as a fixed rent per sq.m., which may be subject to an escalation clause.

In its leases with its related entities, the Company observes arm's length commercial terms and considers the current rentals payable by tenants of the condominium units and parking slots that are operational at present reflect prevailing market rents.

Leased Properties

The Company leases, from third parties, properties for use as office space and staff houses of its employees located on sites outside of Cebu.

In 2019, with the approval of the National Historical Commission of the Philippines, CLI entered into a 40-year lease contract with the Archdiocese of Cebu to redevelop Patria de Cebu, a 6,670 sq.m.

property in downtown Cebu. This mixed-use development's concept and design is inspired by Filipino-Spanish culture, history, and architecture.

In 2020, the Company signed a 43-year lease contract to develop Masters Tower Cebu, a mixed-use tower located at Cebu's preferred business address, Cebu Business Park. The project will be on a 2,840 sq.m. property and will offer prime office and retail spaces and the first five-star luxury hotel in Cebu City. Sofitel, Cebu City will be operated by multinational chain Accor, a world leading hospitality group headquartered in France.

SPE was formed in 2021 by CLI and the Farrarons family as a JV. The JV will build a mixed-use development on a leased property with a 22-year term remaining. The project, now named Banilad High Street, will include retail areas as well as a 300-room dormitory.

The properties being leased by the Company and its subsidiaries are summarized as follows:

Property	Area (sq.m)	Lease rate	Location	Start of Term	Term	Renewal Options
Land	6,670	Monthly rent of ₱150.00 per sq.m. with 5% escalation every two years	Colon, Cebu City	2019	40 years	None
Land	2,804	Monthly rent of ₱1,000.00 per sq.m. with 5% escalation every two years	Cebu Business Park	2019	43 years	None
Land	7,595	Monthly rent of ₱132.00 per sq.m. with 5% escalation annually	Banilad, Cebu City	2021	22 years	With option for renewal (i.e., 30 days prior to the expiration)
Land	4,034	Monthly advance rent of ₱70.98 in the first 3 years, and monthly rent of ₱79.50 per sq.m. with 2.5% escalation annually thereafter	Mandaue City	2022	30 years	With option to renew for another 30 years after expiration

Mortgage, Liens, and Encumbrances

CLI has 127 principal owned properties valued at ₱49.04 billion and located across VisMin with 98 residential projects, 6 office buildings, 10 hotels, 10 mixed-use projects and 3 estates. Of these properties, ₱30.47 billion are mortgaged with different local bank partners whose development loans are not yet fully paid while ₱18.57 billion are clean and free of any lien.

In ₱ Billions	Mortgaged	Clean	Total
Real Estate Inventories	9.94	7.34	17.28
Property and Equipment	9.01	1.25	10.26
Investment Properties	11.52	9.98	21.50

In ₱ Billions	Mortgaged	Clean	Total
Grand Total	30.47	18.57	49.04

Please see above table under the heading “*Land Inventory*” in this section “*Description of Property*” for the parcels of land subject of a security interest.

Under Section 18 of Presidential Decree No. 957, no mortgage on any unit or lot shall be made by the owner or developer without prior written approval of the Housing and Land Use Regulatory Board of the Philippines (“**HLURB**”) (now DHSUD). Accordingly, before the Company mortgages properties being used for its condominium or subdivision projects, it ensures compliance with the said law and its implementing regulations.

Properties of the Company and its Subsidiaries, in which particular projects have been developed, are also subject to restrictions arising from the nature of such projects. For instance, certain properties over which a condominium building project has been constructed would have restrictions annotated on the title of such property arising from the Master Deed restrictions on the use of the property for condominium use.

Property under mortgage restricts the debtor from selling, alienating, incurring, taking on, or allowing to exist any other mortgage, lien, pledge, or other charge or encumbrance upon or with respect to any or all of the debtor’s present or future fixed assets, machineries, and equipment other than in the normal course of its business. Additionally, in order for a property to be free of restrictions, the debtor is required to obtain prior approval from the bank (creditor) and the related loan obligation on which the property is mortgaged must be fully satisfied.

Within the next 12 months, the Company intends to purchase parcels of land for expansion projects in the cities of Cebu, Ormoc, CDO, and General Santos, which are still pending negotiations with their respective landowners. Acquisition prices are still being negotiated and will be determined in full after the contracts are executed. These sites will be purchased with funds that CLI has generated internally.

Likewise, properties being leased by the Company are subject to typical lease-related limitations on usage, *i.e.*, for office use only.

Insurance

CLI procures insurance coverage required by relevant laws and regulations for its real and personal properties and requires contractors to submit performance offer shares, marine insurance policies, and other sureties for its covered activities. Throughout the construction stage, the Company also maintains a contractor’s All-risk Insurance for each of its projects, subject to customary deductibles and exclusions. For completed projects, the Company likewise requires homeowner’s associations and condominium corporations to obtain fire and allied risks insurance as part of the master deed for these projects.

Intellectual Property

CLI ensures compliance with intellectual property laws and regulations, including guidelines and issuances of the Intellectual Property Office of the Philippines (“**IPOPHL**”). CLI recognizes the importance of its trademarks as among its valuable assets and helps distinguish CLI’s products and services from competitors. Thus, protection of its trademarks is a priority of CLI.

Atty. Arlan Richard S. Alvarez, independent counsel for CLI, has examined the above-mentioned permits and licenses. In his examination, he assumed the genuineness and authenticity of all documents submitted to him as originals. He also relied upon the certification and representations of CLI's officers and other authorized representatives. On the basis of such examination, Atty. Alvarez is of the opinion that: (i) CLI and its Subsidiaries have secured (or in the process of securing) all the mandated permits and licenses which are material and necessary to operate its business as currently conducted; and (ii) the permits that have been secured by CLI and its Subsidiaries are valid and subsisting.

LEGAL PROCEEDINGS

As of date of this Offer Supplement, the Company and its Subsidiaries are not a party to, nor are any of the Company's or its Subsidiaries' properties the subject of any pending material litigation, arbitration, or other legal proceeding, and no litigation or claim of material importance is known to the management and the directors to be threatened against the Company, its Subsidiary or any of its properties, except for the civil cases involving the Company, as summarized below and as disclosed in the Certification dated September 10, 2025 in respect of ongoing legal proceedings involving the Company.

CASE NAME	DATE INSTITUTED	COURT / AGENCY	RELIEF SOUGHT	SUMMARY AND LATEST STATUS
Wood Innovation Trading, Inc. v. Sps. Bouffard and Cebu Landmasters, Inc.	November 2017	RTC Br. 41, Dumaguete City	Annulment of Sale, Certificates of Titles, Tax Declarations, with Recovery of Ownership and Damages	The Plaintiff alleged that it had prior rights over two properties that the Company acquired in March 2017. Accordingly, the Plaintiff is seeking ₱10.70 million in damages and cancellation of the titles issued to the Company. CLI maintains its defense that there is no double sale and that it had no knowledge of its co-defendant's alleged prior transaction with the Plaintiff. On August 20, 2019, the Regional Trial Court in Dumaguete City dismissed the Plaintiff's claims. Nonetheless, the case remains pending as the Plaintiff refiled the case and the Company pursued its counterclaim of ₱800.00 million against the Plaintiff. A decision dated October 24, 2024 was issued dismissing the civil case. Currently, the Plaintiff filed an appeal with the Court of Appeals.
Pag-IBIG FUND – WTCI Condominium Corporation v. J.E. Abraham Lee Construction and Development Inc., Cebu Landmasters, Inc., and BL CBP Ventures, Inc.	July 2022	RTC Br. 9, Cebu City	Easement of lateral and subjacent support and damages	The Plaintiff alleged that the construction of BL CBP Ventures, Inc.'s building adjacent to that of the Plaintiff's caused cracks in the basement of the latter. CLI maintains as its defense that there is a lack of cause of action against CLI and it is being impleaded as a defendant merely by being a joint venture partner. The Defendant, J.E. Abraham Lee Construction and Development Inc. already filed its Formal Offer of Documentary Exhibits, and

				awaiting decision by the court.
Sanford Marketing Corporation v. Cebu Landmasters, Inc. and Carwill Construction Incorporation	November 2022	RTC Br. 39, Cagayan de Oro City	TRO, preliminary injunction, and damages	This case was filed by the Plaintiff who owns a building adjacent to CLI's residential development in Cagayan de Oro City. The Plaintiff alleged that falling debris and a fire in the Plaintiff's warehouse were caused by construction activities. CLI, on the other hand, raised procedural issues on the complaint such as the improper joinder of parties and lack of jurisdiction, and alleged that the Plaintiff has not sufficiently substantiated their allegations. The Judge deferred the progress of the case and has only set status hearings with the general contractor, Carwill, undertaking to improve safety in the site since the filing of the case. Currently, the parties are awaiting a decision on the Defendant's affirmative defense of lack of jurisdiction.
Sps. Villacarlos v. Cebu Landmasters, Inc.	March 2022	HSAC 1 st Division (HSAC-RAB VII)	Specific Performance	This case was filed by a buyer in a residential development of the Company in Cebu City on March 3, 2022 with the Human Settlements Adjudication Commission of the Philippines ("HSAC"). The Complainant alleged that he established interest and rights over a particular parking unit in the development. CLI maintains as its defense that the complainant's occupancy of the subject parking unit was merely temporary and tolerated; moreover, the slot had already been sold to another buyer. HSAC ruled against the Complainant, but he has opted to appeal. Currently, the case is

Cebu Landmasters, Inc. v. Devlarn Ventures and Development Corporation and the Office of the Register of Deeds of Lapu-Lapu City	May 2024	RTC Br. 7, Cebu City	Permanent injunction with TRO and preliminary injunction	On March 11, 2024, CLI received a letter from Devlarn Ventures and Development Corporation ("DVDC") notifying it that it intends to enforce a statutory lien on the titles of the land where the exclusive beachfront community project is constructed. This is a civil case filed by CLI against DVDC praying that DVDC be enjoined from doing any and all acts tending to unduly interfere with the business operations of CLI, particularly with the ongoing construction activities of its Costa Mira Beachtown Mactan project, and any adverse or prejudicial actions that will cause irreparable damage to CLI's goodwill and business reputation. The Register of Deeds of Lapu-Lapu City is also impleaded as co-defendant to prevent it from annotating any adverse claim on CLI's titles covering the Costa Mira Beachtown Mactan project. Currently, the case is for the presentation of the first witness for the prayer for preliminary injunction.
Ernesto C. Ouano Development Corporation represented by Thereone O. Villa v. Cebu Landmasters, Inc.	December 9, 2024	RTC Branch 23, Cebu City	Preliminary Injunction with Prayer for the Issuance of Temporary Restraining Order, Specific Performance, Damages and Attorney's Fees	This case is filed by Ernesto C. Ouano Development Corporation against CLI praying that the latter be enjoined from continuing its drainage and excavation works from its Project towards the Disputed Road which is part of Camp Lapu-Lapu Road in Barangay Apas, Cebu City, and in connected thereto, be awarded damages. The Plaintiff alleges that it owns the Disputed Road. CLI asserts that the excavation and drainage work along

CASE NAME	DATE INSTITUTED	COURT / AGENCY	RELIEF SOUGHT	SUMMARY AND LATEST STATUS
				Camp Lapu-Lapu Road are valid and done in good faith, having secured all government permits from the City of Cebu. Given CLI's good faith in implementing the drainage works, there can be no basis for the reward of damages to the Plaintiff. After receiving the Plaintiff's Complaint, CLI promptly halted all drainage and excavation works on the Disputed Road and re-concreted it, restoring it to its previous condition, and ultimately rendering the issues in this case moot. The hearing for the preliminary injunction ensued where the court ordered the parties to observe the status quo. The court set the case for pre-trial on November 2025 but CLI will pursue early dismissal of the case considering that the act sought to be enjoined no longer exists.

Dividends

The Company and its Subsidiaries have a transparent and specific dividend policy as disclosed in the Company's Sustainability Report, an integral attachment to its Annual Report and its Integrated Annual Corporate Governance Report. The dividend policy, which was approved by the Board prior to its initial public offering and as set out in the Company's prospectus for the said public offering and succeeding annual reports, states that dividends are declared and paid by CLI based on the assessment and approval of its Board, subject to the availability of retained earnings and taking into account cashflow considerations and other financial conditions of the Company after considering future capital expenditures, and project requirements, among others. There is no other dividend policy (e.g., such as a statement on the dividend payout ratio) save as already stated in the foregoing. In relation thereto, the Company has consistently declared and paid dividends to its investors and shareholders, in keeping with its dividend policy and following the SEC rule on calculation of available retained earnings for dividend declaration and after appropriations for investment and other requirements.

The Company declares cash or stock dividends to its common shareholders on a regular basis, in amounts determined by the Board, pursuant to its dividend policy. The Company may also declare special cash dividends where appropriate.

Cash and stock dividends declared and paid by the Company in 2014 up to FY2024 are as follows:

The notes facility agreements of CLI have a provision restricting the declaration and payment of dividends to its stockholders unless all payments due under the promissory notes issued thereunder are current and updated or unless the dividends are payable solely in shares of its capital stock. CLI has not defaulted on its loan obligations under such agreements, and hence, the foregoing restriction has not applied and therefore it is free to declare dividends to its stockholders.

The following table also shows the dividend declarations of the Company's major Subsidiaries:

The Company's Subsidiaries follow the parent's policy on dividends which states that dividends are declared and paid based on the assessment and approval of the Board, subject to the availability of retained earnings and taking into account cashflow considerations and other financial conditions of the Company after considering future capital expenditures, and project requirements, among others.

History of share Issuances for the past five years

The Board of Directors of CLI at its meeting held on November 24, 2020 approved the increase in the authorized capital stock of CLI from ₱2,500,000,000.00 divided into 2,400,000,000 common shares with a par value of ₱1.00 per share, and 1,000,000,000 voting preferred shares with a par value of ₱0.10 per share, to ₱10,100,000,000.00, divided into 10,000,000,000 common shares with a par value of ₱1.00 per share, and 1,000,000,000 voting preferred shares with a par value of ₱0.10 per share.

Moreover, the Board of Directors of CLI at its meeting held on November 24, 2020 approved the declaration of stock dividend of 122% on the outstanding capital stock of CLI or a total of 1,900,000,000 shares of common stock, to be issued out of the unrestricted retained earnings of CLI as of September 30, 2020, which stock dividends would be sourced from the increase in authorized capital stock of CLI, and payable to stockholders of record as of the record date and payment date to be fixed and approved by the Board of Directors of CLI and the regulators.

During the special stockholders' meeting held on February 26, 2021, the stockholders of CLI approved the distribution of new common shares as stock dividends. On the basis of such approval, stockholders on record would receive 123 shares for every 100 block of shares, and the stock dividends would be in lieu of cash payment from existing stockholders to subscribe to the minimum requirement of 25% increase in authorized capital stock.

The SEC approved the increase in capital stock of CLI from ₱2,500,000,000.00 to ₱10,100,000,000.00 on May 21, 2021. Moreover, through an order dated May 26, 2021, the SEC authorized the record date of June 18, 2021 in connection with the stock dividends, among other matters.

On July 6, 2021, the PSE approved the application of CLI to list an additional 1,909,451,997 common shares to cover the stock dividend declaration to its stockholders of record as of June 18, 2021. The payment date was July 14, 2021.

On January 4, 2024, the SEC issued and released the Certificates of Filing of Amended Articles of Incorporation, both dated 29 December 2023, which approved CLI's applications for amendment of its Articles of Incorporation to create a new class of CLI preferred shares through the reclassification of one billion unissued common shares with a par value of ₱1.00 per share to one billion Series "A" preferred shares with a par value of ₱1.00 per share. The SEC applications are in line with the approval of the Board of Directors during the special board meeting held on 25 April 2023, and approval of the Stockholders during the Annual Stockholders' meeting held on 01 June 2023 on the amendment of Article VII of CLI's AOI, including the creation of the new class of preferred shares. As a result of the reclassification and amendment of AOI, CLI's authorized capital stock comprises ₱9.00 billion common shares, ₱1.00 billion Series "A" Preferred Shares, and ₱100.00 million Series "B" Preferred Shares.

Article VII of CLI's latest Amended AOI grants to its Board of Directors the express authority to determine, fix, and approve all other features, salient and commercial terms, issuance and redemption features, and all other terms and conditions of the Series "A" preferred shares, including any tranche or sub-series thereof.

On April 12, 2024, the Company successfully raised ₱4.28 billion through the sale of Series A-1 and Series A-2 preferred shares. The shares were listed on the Philippine Stock Exchange (PSE) under the ticker symbols CLIA1 and CLIA2. The offering was 1.43 times oversubscribed relative to its firm offer amount, with dividend rates set at 7.59% p.a. for Series A-1, which may be redeemed by CLI after four (4) years, and 8.25% p.a. for Series A-2, which may be redeemed by CLI after seven (7) years, from their issue date.

CLI and its Subsidiaries are not involved in any bankruptcy, receivership, or similar proceedings, and have no material reclassification, merger, consolidation, or purchase or sale of a significant amount of assets not in the ordinary course of business.

Recent Sales of Unregistered or Exempt Securities Including Recent Issuances of Securities Constituting an Exempt Transaction

Under the SRC and the SRC Rules, securities are not permitted to be sold or offered for sale or distribution within the Philippines unless such securities are approved for registration by the SEC or are otherwise exempt securities under Section 9 of the Code or sold pursuant to an exempt transaction under Section 10 of the Code.

As set out above, in 2021, the Company issued 1,909,451,997 common shares in the form of stock dividends to its stockholders as of the relevant record date. The issuance is an exempt transaction pursuant to Section 10.1(d) of the SRC which states that the requirement of registration shall not apply to a distribution by a corporation actively engaged in the business authorized by its articles of incorporation, of securities to its stockholders or other security holders as a stock dividend or other distribution out of surplus.

Share Issuances under the Company's ESOP

The Company granted stock options on January 5, 2022 to 73 eligible employees. Last March 15, 2022,

27 eligible employees exercised their stock options. In April 2022, 3,349,470 common shares from the treasury shares held by the Company were issued to the said employees. During the grant and the exercise date, and prior to actual re-issuance of shares pursuant to the ESOP, CLI had 161,600,000 treasury shares. After issuance, CLI has 158,250,530 remaining treasury shares.

The Company did not secure prior approval or confirmation of exemption from the SEC in relation to the issuance of 3,349,470 common shares from shares in treasury. It relied on Section 10.1(h) of the SRC which provides that “broker’s transactions, executed upon customer’s orders, on any registered Exchange or other trading market” are exempt transactions or exempt from the registration requirement under the SRC. The Company has complied with the assessment as set out in the letter from the SEC Markets and Securities Regulation Department (“**MSRD**”) dated January 15, 2024 in relation to its findings that the Company should have registered such securities or should have secured a confirmation of exemption from registration.

On February 15, 2024, the SEC MSRD issued an Order citing the Issuer’s failure to register or obtain the necessary exemption for the ESOP. The SEC MSRD directed the Issuer, along with its directors and officers, to take all the appropriate measures to ensure its faithful and timely compliance with the SRC and the SRC Rules and stated that failure to do so may result in more severe penalties for the Issuer and its directors and officers in the event of further violations.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) OR PLAN OF OPERATION

The following discussion of the Company's recent financial results should be read in conjunction with the auditor's reports and the Company's consolidated financial statements and notes thereto contained in this Offer Supplement and the section entitled "Summary of Financial Information". This discussion contains forward-looking statements and reflects the current views of the Company with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in the section entitled "Risk Factors and Other Considerations" and elsewhere in this Offer Supplement.

COMPANY MILESTONES FOR THE PERIOD ENDED JUNE 30, 2025

During the first half of 2025, CLI issued its sustainability-linked bonds amounting to up to ₱5.00 billion.

This next issuance is the second tranche of the Company's ₱15.0 billion Debt Securities Program and affirms CLI's commitment to building 16,000 additional affordable housing units by the first quarter of 2029, thereby doubling its historical output. The Bonds received a PRS Aa Plus credit rating with a Stable Outlook from PhilRatings.

In the same period, CLI launched One Manresa Place, its pioneering residential development within the 14.6-hectare Manresa Town in Cagayan de Oro. The project generated ₱4.00 billion in sales within two (2) days of launch and reached ₱5.00 billion within two (2) weeks. With nearly 90% of its 940 units sold shortly after launch, the development highlights robust demand in Northern Mindanao and features sustainable design with more than 63% open space.

Casa Mira Homes GenSan was launched in June 2025 with 1,200 solar-powered houses. It achieved ₱4.3 billion sales within three (3) days from launch. As of the first half of 2025, the project is 85% sold.

As of June 30, 2025, CLI posted consolidated revenues of ₱10.3 billion, a 9% decline year-on-year due primarily to the reclassification of lot sales under other income. On a comparable basis, treating lot sales as part of the top line in relation to it being part of the normal course of business will generate a 5% revenue growth for the Company. Consolidated net income after tax stood at ₱2.5 billion, backed by a 3% increase in reservation sales amounting to ₱14.3 billion and a 95% sell-out rate across its residential portfolio. Hospitality revenues grew by 132%, while leasing revenue climbed 53% during the first six (6) months.

CLI's net debt-to-equity ratio remained steady at 1.64x, while total assets stood at ₱124.5 billion as of June 30, 2025.

CLI sustained its growth momentum in the first half of 2025, delivering a consolidated net income of ₱2.49 billion, up 12% year-on-year, supported by resilient demand across its portfolio. In terms of revenue, CLI posted ₱10.3 billion, a 9% decline year-on-year due primarily to the reclassification of lot sales under other income. On a comparable basis, treating lot sales as part of the top line in relation to it being part of the normal course of business will generate a 5% revenue growth of the Company. Reservation and estate sales grew 3% to ₱14.3 billion, indicating sustained market confidence. Recurring income was a strong contributor, with hotel operations up by 132% and leasing revenues higher by 53%, underscoring the Company's successful expansion beyond residential development.

REVENUES

Real estate sales

Real estate sales totaled ₱9.97 billion in the first half of 2025, a 10% decline from ₱11.10 billion in the same period last year, mainly due to the reclassification of a lot sale under other income. Excluding this adjustment, revenues rose 4% to ₱11.50 billion, driven by sustained construction progress and the recognition of additional units.

By location, Mindanao emerged as the leading revenue contributor for real estate, accounting for 43% of the total, followed by Cebu at 31% and the Visayas (excluding Cebu) at 26%. The rise in revenue share outside Cebu was supported by new projects such as Velmiro Heights Davao, Casa Mira Homes Butuan, Casa Mira Homes Davao, Mindara Residences, East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan, and Costa Mira Beach Panglao.

Revenue per market segment reported the following performance:

Premier Masters (Premier market) reported revenue of ₱1.27 billion, reflecting a decrease of 29% year-on-year from ₱1.79 billion. This decrease can be attributed to significant revenue qualifications in the previous year related to Costa Mira Beachtown Mactan, One Paragon Place, and One Astra, which are scheduled for turnover this year.

Garden Series (Mid-market) posted a revenue of ₱4.44 billion from ₱3.18 billion. The 40% growth was driven by The East Village, CLI's first residential project within DGT, along with the addition of new towers, Velmiro Heights and Mandtra Residences.

Casa Mira Series (Economic market) generated revenue from ₱4 billion to ₱3.56 billion, reflecting a significant decrease of 11%. This decline is primarily due to substantial revenue recognitions in the previous year from Casa Mira Homes Davao, Casa Mira Homes Ormoc, and Casa Mira Towers Palawan.

The Company expects to grow real estate revenue contribution from projects newly launched during the period.

Leasing

The company posted a substantial increase in rental revenues, reaching ₱108.49 million, a 53% year-on-year growth from ₱70.92 million. The growth was primarily attributable to incremental revenue from newly secured retail tenants and higher occupancy levels in recently completed projects.

GLA expanded to 70,832 sq.m., up 75% from 40,575 s.q.m. in the previous quarter, following the addition of new leasable spaces. The increase was mainly driven by the completion and turnover of Banilad Highstreet and the Drive-Thru spaces in DGT, both of which achieved 100% lease occupancy. Additionally, the completion of the DGT Pavilion and DGT Retail Pads contributed over 4,000 square meters of GLA, alongside expansions in DGT City Center, LPU Town Center, and Paragon Lifestyle Mall.

The increase in GLA is expected to translate into higher recurring lease income in subsequent periods, improve asset utilization, and enhance the company's ability to capture long-term contractual revenues. These developments also underscore the company's strategic execution in expanding its leasing portfolio to strengthen its market positioning and recurring income base.

Hotel operations

The strengthening of the hospitality industry in VisMin presents a significant opportunity for CLI. CLI is effectively tapping into this growth as it expands its footprint in the VisMin tourism industry with the opening of the 200-room Citadines Bacolod City. The company's first hotel outside Cebu City and the largest international hotel in Bacolod.

With the opening of Citadines Bacolod City, CLI now boasts four operational hotels: Citadines Cebu City, lyf Cebu City at Base Line Center, The Pad Co-Living in Banilad High Street, and the new Citadines Bacolod City. Notably, hotel operations have seen a significant boost, with revenue rising to ₱200.10 million, up from ₱86.24 million in the same period last year, representing a 132% increase driven by these new openings.

CLI is also set to complete Citadines Paragon Davao with 263 rooms and Radisson Red with 144 rooms by the end of 2025. Furthermore, with 6 more hotels under construction, CLI is strategically positioning itself to further capitalize on the burgeoning opportunities within the hospitality sector.

Management Fee

This included the project management fee that CLI charges for being the project manager on joint venture projects and the property management fee for CLIPMI services provided to CLI's completed projects. During the year, the parent company's project management revenue reached ₱40.62 Million, these are fees charged to CLI's joint venture companies for managing the development of the project.

COST AND EXPENSES

Cost of sales and services

In line with the growth in revenue performance, the company's cost of sales for the six months ending June 30, 2025, was reported at ₱5.10 billion, 13% year-over-year decrease from ₱5.85 billion of the same period last year.

Operating Expenses

Total operating expenses during the period amounted to ₱1.93 billion, a 20% y-o-y increase from ₱1.62 billion of the same period in 2024.

In October 7, 2022, CLI listed its first tranche of ₱15.00 billion bonds worth ₱5.00 billion with the following tenors:

- Series A with a tenor of 3.5 years with a fixed rate of 6.4222%

- Series B with a tenor of 5.5 years with a fixed rate of 6.9884%
- Series C with a tenor of 7 years with a fixed rate of 7.3649%

And on March 21, 2025, the CLI issued the second tranche of its sustainability linked bonds amounting to ₱5.00 billion with the following tenors:

- Series D – maturity of 3 years and a coupon rate of 6.6348%; and,
- Series E – maturity of 5 years and a coupon rate of 6.9157%.

The proceeds from the Bonds raised will extend the debt maturity of the company and lock in rates to address any interest rate risk brought about by the challenging macro environment.

Recently, CLI successfully listed its follow-on offering of ₱4.28 billion from Series A preferred shares. Proceeds from this offering will primarily be used to support the company's expansion plans.

NIAT ATTRIBUTABLE TO NON-CONTROLLING INTEREST (NCI)

For the period ending June 30, 2025, NIAT attributable to NCI saw an increase from ₱513.10 million in 1H 2024 to ₱839.28 million. This increase is due to higher income contribution from completing JV projects.

CLI's balance sheet remains steady and healthy to support construction and expansion plans. As of June 30, 2025, CLI reported Total Assets of ₱124.45 billion, an increase of 14% from ₱109.36 billion as of December 31, 2024 driven by progress in construction from sold units.

ASSETS

168% increase in Cash and cash equivalents

Mainly from the proceeds obtained from loan availments and higher takeouts.

25% increase in Receivables (including non-current portion)

The increase from ₱4.61 billion to ₱5.74 billion is driven by the reclassification of contract assets into receivables as more projects reached full completion. Under the Company's policy, contract receivables are recognized or reclassified from contract assets, when the performance obligation is satisfied, and the entity has an unconditional right to payment, meaning the percentage of completion of the project is at 100%.

6% increase in Contract assets (including non-current portion)

The increase from ₱49.43 billion to ₱52.38 billion was primarily due to installment contracts on existing and newly launched projects during the year that continue to recognize real estate sales revenue as construction progresses. A reconciliation of the movements of contract assets is summarized as follows:

In Million Pesos (₱)	As of June 30, 2025
Balance at the beginning of the year	49,427
Performance of property development	10,624
Collections	(6,491)
Transfers to contract receivables	(2,226)
Accretion of interest income	1,041
Balance at end of year	52,376

32% increase in Real Estate Inventories

The increase from ₱13.08 billion to ₱17.28 billion was mainly due to lot acquisitions for future development projects and progression of development activities in newly launched and ongoing projects.

0% increase in Noncurrent Asset held for sale

This is attributed to CLI's intention to sell its 30% stake in CLI NUD, valued at ₱237,832,343 and is presented as a Non-current Asset Held for Sale in the 2024 condensed interim financial statements. The sale is expected to be in the second half of 2025. CLI NUD's assets are under the reportable segment of real estate.

0% increase in Investment in Joint Ventures and Associates

The ₱784.71 million significantly from additional investments, primarily driven by additional investments in CLI NUD, with the intent to sell its 30% stake in the second half of 2025.

1% decrease in Due from related parties

Due to lower transactions paid by CLI (Parent) on behalf of its related parties, from ₱53.43 million to ₱52.76 million.

19% increase in Prepayments and other current assets

Increase from ₱7.36 billion to ₱8.75 billion significantly due to higher short-term investments arising from redeemable preferred shares in joint ventures, along with higher prepaid commissions.

12% increase in Property and equipment

From ₱9.17 billion to ₱10.26 billion primarily driven by continued construction progress and capital expenditures for ongoing development projects.

2% decrease in Right of use asset

From ₱1.094 billion to ₱1.075 billion due to amortization of high-value leasehold rights.

11% increase in Investment properties

From ₱19.44 billion to ₱21.50 billion attributed to ongoing construction of recurring income generating projects such as Masters Tower, Abaca Resort, Astra Corporate Center and Davao Global Township. The company complied with OGA's guidance on reclassification of investment properties to inventory.

24% decrease in Other Non-current assets

from ₱2.16 billion to ₱1.64 billion due to significant decrease in advances to contractors and prepaid commission non-current portion.

LIABILITIES

13% increase in Interest-bearing loans (including non-current portion)

2024 COMPANY MILESTONES

COMPANY MILESTONES FOR THE PERIOD ENDED DECEMBER 31, 2024

CLI capped 2024 with record consolidated revenues of ₱19.5 billion, up 4% from the previous year. Property sales rose 5% to ₱17.3 billion, while recurring income surged by 50% to ₱467 million, fueled by a 74% revenue jump in its hospitality segment. Net income attributable to parent shareholders grew 8% to over ₱3.0 billion, supporting a ₱0.18 per share cash dividend, and continuing CLI's 15% CAGR in dividend payouts since its IPO.

CLI's residential offerings remained in high demand, achieving a 92% sell-out rate, with Casa Mira and the Garden Series contributing 87% of total sales. The company also grew its rental income by 45% to ₱162 million, driven by strong leasing uptake from global brands, and launched Citadines Bacolod City—its fourth hotel—with six more in the pipeline as it builds a 10-hotel portfolio to support its future REIT strategy.

Investor confidence remained strong, with ₱13.7 billion in housing loan takeouts and oversubscription of both preferred shares and sustainability-linked bonds. CLI was recognized for its ESG performance by the ATRAM SDG Fund, and is one of the 20 listed companies to be included in the fund for its notable sustainability initiatives.

In 2024, CLI received 5-Star BERDE Certification for its socialized housing project, Tipolo Residences built for 90 informal settler families in Mandaue City. The building was formally turned over to the LGU of Mandaue City in December 2024.

The year 2024 has been another banner year for CLI, marked by a string of prestigious accolades that reflect its industry leadership, commitment to sustainability, and dedication to corporate governance. CLI was honored with the Sustainability Rising Star Award at the Asia Corporate Excellence & Sustainability Awards (ACES), a recognition of its forward-thinking approach to sustainable development. The company's adherence to best practices in corporate governance was also lauded for the second consecutive year with a 2-Golden Arrow Award by the Institute of Corporate Directors, underscoring its transparency and accountability as a publicly listed company.

CLI's winning streak as the Top 10 Developers in the Philippines by BCI Asia for the seventh straight year reinforces its reliability and innovation in real estate development. Additionally, the company earned its fourth consecutive Best Developer in Mindanao title at the PropertyGuru Philippines Property Awards (PPA), a testament to its unwavering commitment to delivering masterful excellence in the south.

The 2024 Asia-Pacific Stevie Awards again recognized CLI and this time, as one of the Silver Stevie Winners for Innovative Achievement in Corporate Social Responsibility. This distinction represents the Company's unwavering dedication to sustainability and exceptional efforts in improving the environment and society at large.

In a study by Colliers, CLI retained its top position in the VisMin real estate market, accounting for a 19.3% share of the region's residential segment, an increase in market share from 16% the previous year.

Celebrating Masterful Project Excellence

CLI's developments have set new standards for design and functionality, earning widespread acclaim in the industry. Iyf Cebu City, an innovative co-living concept, was named Best Co-Living Space, while Velmiro Greens Bohol was recognized as the Best Housing Development in the Visayas by the PPA. Other standout projects include Casa Mira Towers Guadalupe, which took home the award for Best Affordable Condo Architectural Design, and Mirani Steps Danao, lauded as the Best Affordable Condo Development in Metro Cebu.

Several other projects received high commendations, including Velmiro Heights Consolacion and Casa Mira Homes Davao, highlighting the breadth of CLI's expertise across different market segments and locations. Projects such as The East Village at DGT in Davao and Casa Mira Homes Butuan (also a Silver awardee of The Outlook by Lamudi as Affordable Condominium of the Year) in Mindanao further demonstrate CLI's ability to adapt to regional demands while maintaining a high standard of quality.

A Customer-Centric & Community-Focused Organization

CLI's accolades extend beyond its projects, reflecting its overarching vision as a community-focused and customer-centric developer. The World Business Outlook Awards recognized CLI as the Leading Real Estate Company in the Philippines, the Most Customer-Centric and Community-Focused Organization, and the Leading Innovator in Real Estate Philippines. These awards affirm the company's dedication to addressing the needs of its stakeholders, from homebuyers to investors, while contributing to the overall growth of the communities it serves.

CLI's unwavering commitment to innovation and excellence underscores its continual strides towards becoming the premier developer in VisMin. Through dedicated efforts in refining strategies, embracing technological advancements, and fostering a culture of excellence, CLI remains resolutely positioned

at the forefront of the region's development landscape. This dedication to surpassing benchmarks and setting new industry standards is ingrained in its ethos, driving its pursuit of becoming the unequivocal leader in the VisMin region's real estate development industry.

CLI demonstrated a steady topline in 2024, with Revenues increasing by 4% to ₱19.53 billion from ₱18.82 billion in the same period last year. This growth was driven by lot sales and expansion across all business segments, highlighting robust market demand. Consequently, the company sustained its earnings momentum with Net Profit to Parent, rising from ₱2.80 billion to ₱3.01 billion reflecting an 8% year-on-year growth based on restated figures to align with the updated PFRS.

REVENUES

Real estate sales recorded a significant 3% year-over-year increase in revenue to ₱19.06 billion from ₱18.51 billion. A key contributor to this growth is the lot sale—including the notable transaction with Insular Life in Davao Global Township and higher construction progress with more units that qualified for revenue recognition.

In terms of location, Cebu still is the strongest contributor of revenue which accounted for 46% of its overall figure. Mindanao and Visayas (excluding Cebu) contributed 30% and 21%, respectively. The increase in share in revenue outside Cebu was driven by new projects such as Casa Mira Homes Davao, Mindara Residences, East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan and Costa Mira Beach Panglao.

Revenue per market segment reported the following performance:

Premier Masters (Premier market) reported revenue of ₱2.93 billion, reflecting a decrease of 26% year-on-year from ₱4.69 billion. This decrease can be attributed to significant revenue qualifications in the previous year related to Costa Mira Beachtown Mactan, One Paragon Place, and One Astra, which are scheduled for turnover in 2025.

Garden Series (Mid-market), posted a revenue of ₱6.71 billion from ₱5.60 billion. The 20% growth was driven by The East Village, CLI's first residential project within the Davao Global Township (DGT), along with the addition of new towers, Mandtra Residences and Mindara Residences in Davao also with almost 546 of its units being sold out, amassing ₱2.50 billion in sales within the first week of its launch in 2023.

Casa Mira Series (Economic market) generated revenue from ₱8.13 billion to ₱5.90 billion, reflecting a 27% decrease. This decrease is primarily due to the substantial revenue recognized in the previous year from Casa Mira South 3A.2 and Casa Mira Towers Bacolod T1-T2.

The Company expects to grow real estate revenue contribution from projects newly launched during the period.

Leasing

The Company experienced a significant growth in rental revenues, reaching ₱162.41 million, representing a 45% year-on-year increase from ₱112.34 million. This growth can be attributed primarily to new retail tenants and increased occupancy revenue from already completed projects. Notably, by the end of the 2024, CLI has substantially expanded its Gross Leasable Area to 40,575 sq.m., marking a notable 13% rise from the previous quarter's 35,772 sq.m. This expansion is a direct result of the successful completion and turnover of Banilad Highstreet and Drive-Thru spaces in Davao Global Township, currently boasting full lease rates of 100%. Additionally, the completion of DGT Pavilion and DGT Retail Pads has contributed an additional GLA of over 4,000 sq.m. These developments stand as pivotal contributors to CLI's upward trajectory and burgeoning success in the market.

Hotel operations

The continued recovery of the hospitality sector in the VisMin regions provided opportunities for CLI to expand its presence in this segment. In 2024, CLI commenced operations of three additional hospitality assets: lyf Cebu City at Base Line Center, The Pad Co-Living in Banilad High Street, and Citadines Bacolod City.

Citadines Bacolod City, with 200 rooms, is CLI's first hotel development outside Cebu and is currently the largest internationally branded hotel in Bacolod. lyf Cebu City and The Pad Co-Living cater to specific market segments such as short- to medium-stay business travelers and long-term tenants. Including the existing Citadines Cebu City, CLI operated four hotels as of year-end 2024, with a total 640 room keys operational. A portion of the room inventory, particularly in newly opened hotels such as Citadines Bacolod City and The Pad, is still undergoing final fit-out and operational ramp-up.

Hotel operations generated revenues of ₱240.47 million for the full year 2024, a 74% increase from ₱138.55 million in the previous year. The increase is primarily attributable to the additional operational capacity brought about by the newly opened hotels.

CLI expects further growth in its hospitality business through the completion of Citadines Paragon Davao (263 rooms) and Radisson Red Cebu (144 rooms) by end-2025. In addition, six hotel projects remain under construction as of the reporting date. These developments are aligned with CLI's strategy to expand its recurring income portfolio.

Management Fee

This included the project management fee that CLI charges for being the project manager on joint venture projects and the property management fee for CLIPMI services provided to CLI's completed projects. During the year, the parent company's project management revenue reached ₱63.93 million, these are fees charged to CLI's joint venture companies for managing the development of the project.

COST AND EXPENSES

COST OF SALES AND SERVICES

In line with the growth in revenue performance, the Company's Cost of Sales and Services for the year ended December 31, 2024, was reported at ₱9.36 billion, 11% year-over-year increase from ₱8.40 billion of the same period last year as restated with the adoption of PFRS 15.

OPERATING EXPENSES

Total Operating Expenses during the period amounted to ₱3.30 billion, a 15% y-o-y increase from ₱2.78 billion of the same period in 2023. The significant increase in Operating Expenses was primarily driven by higher salaries and employee benefits due to headcount growth and enhanced compensation to support expanding operations, as well as increased taxes and licenses resulting from elevated real property taxes, permit fees, and regulatory costs tied to the company's active real estate development projects.

The Company carefully balanced its debt mix of 62% fixed and 38% floating rates. Due to this, CLI is able to maintain its competitive rate of 6.79% despite an increase in benchmark rates. The stated rate, while being higher than the previous year, is nonetheless competitive when compared to current capital raising rates charged in the sector.

On October 7, 2022, CLI listed its first tranche of ₱15.00 billion bonds worth ₱5.00 billion with the following tenors:

- Series A with a tenor of three and a half (3.5) years with a fixed rate of 6.4222%
- Series B with a tenor of five and a half (5.5) years with a fixed rate of 6.9884%
- Series C with a tenor of seven (7) years with a fixed rate of 7.3649%

The proceeds from the Bonds raised will extend the debt maturity of the Company and lock in rates to address any interest rate risk brought about by the challenging macro environment.

Recently, CLI successfully listed its follow-on offering of ₱4.28 billion from Series A preferred shares. Proceeds from this offering will primarily be used to support the company's expansion plans.

NET PROFIT ATTRIBUTABLE TO NON-CONTROLLING INTEREST (NCI)

For the year ended December 31, 2024, Net Profit attributable to NCI saw a decrease from ₱1.04 billion in 2023 to ₱988 million. This decrease is due to the majority of revenue-generating projects being CLI projects.

ADOPTION OF PFRS 15

The period as of December 31, 2024 as well as the adjusted December 31, 2023 financial performances adopts the new PFRS 15 "Revenue from Contracts with Customers" on Sale of residential Properties under Pre-Completion Contracts. The new standard requires that in determining the transaction price, an entity shall adjust the promised amount of consideration for the effects of the time value of money if the timing of payments agreed to by the parties to the contract (either explicitly or implicitly) provides the customer or the entity with a significant benefit of financing the transfer of goods or services to the customer. In those circumstances, the contract contains a significant financing component.

There is no significant financing component if the difference between the promised consideration and the cash selling price of the good or service arises for reasons other than the provision of finance to either the customer or the entity, and the difference between those amounts is proportional to the reason for the difference. Otherwise, there would have been a significant financing component when there is a difference between the percentage of completion ("**POC**") of the real estate project and the right to the consideration based on the payment schedule stated in the contract.

Furthermore, the new standard provides guidance with the accounting treatment for borrowing costs. The International Financial Reporting Interpretations Committee concluded that any inventory (work-in-progress) for unsold units under construction that the entity recognizes is not a qualifying asset, as the asset is ready for its intended sale in its current condition (i.e., the developer intends to sell the partially constructed units as soon as it finds suitable customers and, in signing a contract with a customer, will transfer control of any work-in-progress relating to that unit to the customer). Accordingly, no borrowing costs can be capitalized on such unsold real estate inventories.

To ensure a fair comparison, it is crucial to use adjusted figures when analyzing financial performance before and after the adoption of new PFRS. This approach allows for a like-for-like comparison, adjusting for the substantial changes brought about by the new standard and ensuring accurate and meaningful analysis of financial results.

CLI's balance sheet remains steady and healthy to support construction and expansion plans. As of December 31, 2024, CLI reported Total Assets of P109 billion, an increase of 9% from P100.45 billion as of December 31, 2023 restated figures driven by progress in construction from sold units.

ASSETS

73% increase in Cash and cash equivalents

Mainly from the proceeds obtained from loan availments and higher takeouts.

105% increase in Receivables (including non-current portion)

Increased from ₱2.25 billion to ₱4.61 billion is attributable to several real estate projects that reached 100% completion as at the end of the interim period. Under the Company's policy, contract receivables are recognized or reclassified from contract assets, when the performance obligation is satisfied, and the entity has an unconditional right to payment, meaning the percentage of completion of the project is at 100%.

23% decrease in Real Estate Inventories

From ₱17.06 billion to ₱13.08 billion mainly due to more inventory being sold and also a decrease in land development cost & raw land book value stemming from the application of PFRS 15 where capitalized interest is reversed on these items.

100% increase in Noncurrent Asset held for sale

The 100% increase is attributed to CLI's intention to sell its 30% stake in CLI NUD, valued at ₱237,832,343 and is presented as a Non-current Asset Held for Sale in the 2024 condensed interim financial statements. The sale is expected to be in the second half of 2025. CLI NUD's assets are under the reportable segment of real estate.

451% increase in Investment in Joint Ventures and Associates

From ₱142.49 million to ₱784.89 million significantly due to additional investments, primarily driven by additional investments in CLI NUD, with the intent to sell its 30% stake in the second half of 2025.

10% increase in Contract assets (including non-current portion)

From ₱45.09 billion to ₱49.43 billion primarily due to installment contracts on existing and newly launched projects during the year that continue to recognize real estate sales revenue as construction progresses.

14% increase in Prepayments and other current assets

From ₱6.43 billion to ₱7.36 billion significantly due to increased advances to subcontractors.

23% increase in Property and equipment

From ₱7.24 billion to ₱9.45 billion significantly due to the completion of new operational hotels such as Baseline Lyf.

3% decrease in Right of use asset

From ₱1.13 billion to ₱1.09 billion due to amortization of high-value leasehold rights.

4% increase in Investment properties

From ₱18.33 billion to ₱19.16 billion due to reclassifications from investment properties to inventory due to a change in their intended use from leasable to saleable units.

17% increase in Non-current assets

From ₱1.79 billion to ₱2.16 billion due to commissions paid in advance for future periods are now moving into the current period (increased current prepaid commissions).

LIABILITIES

5% increase in Interest-bearing loans and borrowings (including non-current portion)

From ₱47.14 billion to ₱49.58 billion reflects stability, coupled with the strategic decision to raise funds through preferred shares to support ongoing and future project developments.

6% decrease in Trade payables (including non-current portion)

From ₱22.97 billion to ₱21.63 billion due to accruals made on unbilled costs to match with revenue recognized.

50% decrease in Contract liabilities

From ₱449.34 million to ₱296.27 million mostly due to an increase in collections from buyers, but also due to the application of PFRS 15 where implied interest of collections is separated.

623% increase in Income tax payable

From ₱2.21 million to ₱15.99 million due to the accrual of income tax due for the period.

15% increased Deferred tax liabilities - net

From ₱5.02 billion to ₱5.75 billion due to additional accrual of Net Profit in 2024 recognized tax liability on taxable temporary differences.

EQUITY

19% increase in Parent Company's Retained Earnings from ₱9.75 billion in December 2023 with the impact of restatement with the adoption of PFRS 15 to ₱11.62 due to the Net Profit recognized during the period.

2023 COMPANY MILESTONES

In 2023, CLI launched a total of ten (10) projects valued at ₱18.7 billion in 2023. Part of the launch is the introduction of the Mirani brand addressing the needs of the lower-income segment, offering residences priced at around ₱1.90 million to ₱2.90 million. Another notable project launch is Mindara Residences in Davao with almost 546 of its units being sold out, amassing ₱2.50 billion in sales within the first week of its launch. CLI also introduced its first house and lot project in Davao, Casa Mira Homes Davao, which is now 95% sold out. Velmiro Heights – Consolacion Ph1, another CLI's mid-market product located in Northern Cebu was launched last December 2023. Velmiro Heights Consolacion Ph1, has 378 units composed of a series of single detached models with lot areas ranging from 100 to 197 sq.m. The project sold 93% within days of being introduced to the market, indicating strong demand for such a project. Other project launches include Casa Mira Towers Mandaue T1, Mandtra T2, CMT Palawan T4, CMT Bacolod T4 and Costa Mira Panglao T3. This substantial fresh inventory, coupled with the continued high demand for the established Casa Mira brand, propelled CLI to achieve a record-breaking sale of ₱20.6 billion, up by 14% versus the same period in 2022.

Davao projects accounted for the majority of the sales with 40% of the total sales, Cebu with 30%, Bohol with 12%, Bacolod with 9% and Palawan with 7% while Dumaguete, Iloilo, Ormoc, and CDO contributed the remainder of the total sales.

In terms of market segment, Casa Mira, the economic brand led the market with 45% of total sales, primarily from Casa Mira Davao, Casa Mira Danao, and Casa Mira Towers in Palawan and Bacolod. As of December 31, 2023, CLI has already sold out 93% of its inventory across all projects in various phases of development.

The Company has invested ₱12.89 billion in capital projects as of December 2023, 81.7% of which went towards project development, and 6% spent for land acquisition. CLI is expanding in Mindanao by most recently purchasing 21 has. in General Santos City, increasing its landbank to 107 has. with a total value of ₱9.70 billion. With this acquisition, CLI is serving the region's robust and consistent housing demand, being present in 16 key VisMin cities.

In October 2023, CLI entered into a partnership with NTTUDA, an international developer known for commercial properties, including office buildings, residences, and mixed-use developments in Southeast Asia. This JV is geared towards the development of premium-grade residential towers in the heart of Cebu City.

The Company expands its hospitality portfolio with the launch of The Pad and lyf Cebu in the final quarter of 2023. The opening of lyf Cebu with 159 rooms brings CLI's operational hotel count to three

(3), following the launch of The Pad Co-Living with 258 rooms and Citadines Cebu City in 2019 with 180 rooms. Like the latter, lyf Cebu City is also operated by international hospitality group The Ascott Limited. This strengthens CLI's hospitality portfolio while signaling the company's confidence in VisMin's growing tourism sector.

In 2023, CLI also received various recognitions starting with the 5-Star BERDE Certification which was officially turned over by the Philippine Green Building Council, led by their CEO, Mr. Chris de la Cruz. Latitude Corporate Center is the FIRST 5-Star BERDE Certified Office Building in Cebu City, with its iconic design masterfully crafted for great businesses.

Furthermore, BCI Asia Philippines once again recognized the Company as one of the Top 10 Developers in the Philippines for 2023, making this the sixth year in a row that it has won. This acknowledgment reinforces the Company's dedication to delivering creative and sustainable developments.

The 2023 Asia-Pacific Stevie Awards have also recognized CLI as one of the Bronze Stevie Winners for Innovative Achievement in Corporate Social Responsibility. This distinction represents the Company's unwavering dedication to sustainability and exceptional efforts in improving the environment and society at large.

Lastly, on September 28, 2023, CLI was awarded 2 Golden Arrows by the ICD. Companies with exemplary corporate governance were honored in the 2023 ASEAN Corporate Governance Scorecard ("ACGS") and CGS Golden Arrow Recognition, carried out by the ICD at Okada Manila Hotel.

CLI's unwavering commitment to innovation and excellence underscores its continual strides towards becoming the premier developer in VisMin. Through dedicated efforts in refining strategies, embracing technological advancements, and fostering a culture of excellence, CLI remains resolutely positioned at the forefront of the region's development landscape. This dedication to surpassing benchmarks and setting new industry standards is ingrained in its ethos, driving its pursuit of becoming the unequivocal leader in the VisMin region's real estate development industry.

REVIEW ON THE COMPANY'S RESULTS OF OPERATION

January 1 to December 31, 2023 vs. January 1 to December 31, 2022

In 2023, CLI delivered strong financial results, with consolidated net income reaching ₱3.84 billion based on restated figures following the adoption of PFRS 15. This represents a notable 24% year-on-year increase from the restated ₱3.10 billion in the previous period. Net income attributable to the parent also posted solid growth of 4%, rising to ₱2.79 billion from ₱2.69 billion year-on-year. The earnings improvement was driven by CLI's sustained strength across all revenue streams, resulting in a 20% increase in consolidated revenues to ₱18.82 billion from ₱15.66 billion. This growth was underpinned by higher construction progress and increased sales take-up.

REVENUES

Real estate sales

Real estate sales recorded a significant 20% y-o-y increase in revenue to ₱18.51 billion from ₱15.44 billion. Higher construction progress and more units that qualified for revenue recognition were the causes of the reported improvement.

In terms of location, Cebu still is the strongest contributor of revenue which accounted for 43% of its overall figure. Visayas (ex-Cebu) and Mindanao contributed 26% and 24%, respectively. The increase in share in revenue outside Cebu was driven by new projects such as East Village Residences, Casa Mira Towers Bacolod, Casa Mira Towers Palawan, and Costa Mira Beach Panglao.

Revenue per Market segment reported the following performance:

Premier Masters (Premier market) recorded revenue of ₱ 4.69 billion, an increase of 23% y-o-y from ₱3.83 billion mainly driven by the new revenue qualifications from Costa Mira Beachtown Mactan and Panglao, Calle 104, Citadines Paragon, and One Paragon Place.

Garden Series (Mid-market), likewise grew 35% y-o-y from ₱4.16 billion to ₱5.60 billion. The increase was steered by The East Village, the first residential project of CLI's Davao Global Township ("DGT") and Mandtra Residences in Cebu.

Casa Mira Series (Economic market) reported a stable revenue of ₱8.13 billion, driven by Casa Mira Towers Bacolod T1-T2, Casa Mira South Ph3A2, Casa Mira Homes Davao, Casa Mira Towers Guadalupe T3, Casa Mira Homes Ormoc, Casa Mira Homes Danao and Casa Mira Towers Palawan.

The Company expects to grow real estate revenue contribution from projects newly launched during the period.

Leasing

The company experienced a substantial growth in rental revenues, reaching ₱112.34 million, a notable 42% y-o-y surge from ₱79.27 million. This upturn was predominantly driven by a blend of augmented lease rates and the revenue influx from recently completed projects. Notably, for the year 2023, CLI has significantly expanded its GLA to 35,772 sq. m., marking a remarkable 19% increase from the previous quarter's 30,006 sq.m. This surge is attributed to the successful turnover of Banilad Highstreet and Drive-Thru spaces in DGT, currently boasting impressive lease rates of 72% and 100%, respectively. These developments stand as pivotal contributors to CLI's upward trajectory and burgeoning success in the market.

Hotel operations

The resurgence in the travel and leisure sector served as a powerful catalyst for CLI's hotel operations, resulting in a remarkable upsurge in revenue. Notably, the hotel operations soared to generate ₱138.55 million, a striking leap from ₱83.42 million during the same period in the previous year, marking a robust 66% growth. This impressive increase was primarily fueled by a surge in bookings and elevated room rates, particularly evident in Citadines Cebu City.

In the last quarter of 2023, the Company turned over a portion of rooms from The Pad and Baseline Lyf. This move significantly bolstered the hotel's keys, escalating from 180 to 338. The remaining hotel keys of The Pad and Baseline Lyf are scheduled for completion in the first quarter of 2024, promising a substantial increase in revenue for the hotel operations in the following year. Furthermore, with seven additional hotels currently under construction, CLI is strategically positioning itself to further capitalize on the burgeoning opportunities within the hospitality sector.

Property Management

This included the project management fee that CLI charges for being the project manager on JV projects and the property management fee for CLI Property Management (CLIPMI) services provided to CLI's completed projects. During the year, the parent company's project management revenue reached ₱172.90 million, these are fees charged to CLI's JV companies for managing the development of the project. On the other hand, property management fees increased by 7% to ₱59.22 million, from ₱55.47 million in the same period last year, reflecting an increase in managed projects by the property arm.

COST OF SALES AND SERVICES

In line with the growth in revenue performance, the Company's cost of sales for the year ended December 31, 2023, amounted to ₱8.40 billion, reflecting a 7% year-on-year increase from the restated ₱7.84 billion in 2022. Both figures are based on restated values following the adoption of PFRS 15.

OPERATING EXPENSES

Total operating expenses during the year amounted to ₱2.78 billion, an 18% y-o-y increase from ₱2.37 billion of the same period in 2022. The increase was mainly driven by commissions and incentives which grew by 30% to ₱742.53 million in line with the increase in revenue from real estate sales and robust sales performance during the period.

The Company carefully balanced its debt mix of 65% fixed and 35% floating rates. Due to this, CLI is able to maintain its competitive rate of 6.36% despite an increase in benchmark rates. The stated rate, while being higher than the previous year, is nonetheless competitive when compared to current capital raising rates charged in the sector.

On October 7, 2022, CLI issued its inaugural fixed rate bonds with a total issue size of ₱5.00 billion across the following tenors:

- Series A with a tenor of 3.5 years with a fixed rate of 6.4222%
- Series B with a tenor of 5.5 years with a fixed rate of 6.9884%
- Series C with a tenor of 7 years with a fixed rate of 7.3649%.

The foregoing bonds comprised the first tranche of CLI's ₱15.00 billion shelf program for bonds. The purpose of the 2022 bonds was to raise funds to extend the debt maturity of the company and lock in rates to address any interest rate risk brought about by the challenging macro environment.

NIAT ATTRIBUTABLE TO NCI

For the year ended December 31, 2023, net income attributable to non-controlling interests (NCI) significantly increased to ₱1,040.71 million, compared to the restated ₱413.00 million in 2022. Both figures are based on restated values following the adoption of PFRS 15. The strong growth was primarily driven by increasing contributions from new joint venture projects, including The East Village T1–T4 (YHEST) in Davao, Calle 104 T1–T2 (BL RAMOS) in Cebu, and Costa Mira Beachtown Panglao in Bohol.

Decreased to ₱2.21 million from ₱3.65 million due to the accrual of income tax due for the period.

46% increase in Deferred Tax Liabilities - Net

Increased to ₱5.02 billion from ₱3.45 billion due to additional recognized tax liability on taxable temporary differences.

EQUITY

9% increase in Parent Company's Retained Earnings

Increased to ₱23.45 billion from the restated ₱19.48 billion, primarily due to net income recognized during the period, following the adoption of PFRS 15.

OTHER DISCLOSURES RELATED TO THE COMPANY'S FINANCIAL CONDITION AND OPERATIONS

1. There are no known trends or demands, commitments, events, or uncertainties that will reasonably affect the Company's liquidity.
2. There are no events that will trigger direct or contingent financial obligation that is material to the Company, including any default or acceleration of an obligation. As of June 30, 2025 and December 31, 2024, the Group has capital commitments of about ₱7.48 billion and ₱9.88 billion, respectively, for the construction of real estate inventories, property and equipment, and investment properties.
3. There are other commitments and contingent liabilities that arise in the normal course of the Group's operations that are not reflected in the consolidated financial statements. As at June 30, 2025 and December 31, 2024, management is of the opinion that losses, if any, from these items will not have a material effect on the Group's consolidated financial statements.
4. There are no known trends, events, or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations.
5. For the last three fiscal years, there are no significant elements of income or loss that arose from the Company's continuing operations.
6. There are no material changes from period to period outside of normal real estate operating cycle.
7. There are no seasonal aspects that have a material effect on the financial condition or results of operations of the Company.

KEY PERFORMANCE INDICATORS

CLI uses a range of financial and operational KPIs to help measure and manage its performance. These KPIs reflect the Company's continuous focus on efficiency, cost control and profitability across all its operations.

Management considers the following as KPIs:

	June 30, 2025	June 30, 2024
Gross Profit Margin ¹	51%	48%

	June 30, 2025	June 30, 2024
Net Profit Margin ²	24%	20%
EBITDA ³ (in Million Pesos)	₱4,739	₱4,066
EBITDA Margin ⁴	46%	36%
Interest Coverage Ratio ⁵	7.24	6.11
Return on Average Assets ⁶	4%	4%
Return on Average Equity (Parent) ⁷	16%	14%
Current Ratio ⁸	1.44	1.81
Net Debt-to-Equity Ratio ⁹	1.64	1.44
Debt-to-Equity Ratio ¹⁰	1.77	1.49

Note: These financial ratios are not required by and are not a measure of performance under PFRS. Investors should not consider these financial ratios in isolation or as an alternative to Net Income as an indicator of CLI's operating performance or to cash flow from operating, investing, and financing activities as a measure of liquidity, or any other measures of performance under PFRS. Because there are various calculation methods for these financial ratios, CLI's presentation of these measures may not be comparable to similarly titled measures used by other companies.

¹ Gross Profit Margin is computed by dividing the Company's Gross Profit by its Revenues.

² Net Income Margin is computed by dividing the Company's Net Profit by its Revenues.

³ EBITDA is defined as earnings before interest, tax, depreciation, and amortization from continuing operations, and before exceptional items. Please see table below for EBITDA calculation.

⁴ EBITDA Margin is computed by dividing the Company's EBITDA by its Revenues. EBITDA is based on the EBITDA calculation below.

⁵ Interest Coverage Ratio is the sum of EBITDA, Cash and cash equivalents divided by interest incurred. Interest incurred is computed as the sum of interest incurred from bank loans (including amortization of debt issue costs), interest incurred from corporate notes (including amortization of debt issue costs) and interest incurred from bonds (including amortization of debt issue costs) less borrowing costs that are capitalized as part of property and equipment and borrowing costs that are capitalized as part of investment property. For purposes of the covenants, the ratio shall be computed using 12-months trailing EBITDA plus cash balance over interest due for the next year.

⁶ Return on Average Assets is computed by dividing Net Profit by the average assets as at the beginning and end of the same period.

⁷ Return on Average Equity (Parent) is computed by dividing Net Profit by the average of the equity attributable to the Parent Company's shareholders as at the beginning and the end of the same period.

⁸ Current Ratio is current assets divided by current liabilities.

⁹ Net Debt-to-Equity Ratio is both the current and non-current interest-bearing debt (loans, borrowings and bonds payable) less Cash and cash equivalents over Total Equity.

¹⁰ Debt-to-Equity Ratio is both the current and non-current interest-bearing debts (loans, borrowings and bonds payable) divided by Total Equity.

Below is the reconciliation of "Net Profit" to "EBITDA".

In Million Pesos (₱)	For the six (6) months ended 30 June		For the years ended 31 December		
	2025	2024	2024	2023	2022
Net Profit	2,491	2,215	3,998	3,836	3,102
Finance Cost	1,244	1,007	2,103	2,273	1,151
Tax Expense	893	753	1,230	1,847	1,284
Depreciation and amortization	110	90	176	187	171
EBITDA	4,739	4,066	7,506	8,142	5,708

The Company's Gross Profit Margin is dependent on the mix of revenue during the period. For the first six (6) months of 2025, CLI's Gross Profit Margin improved during the year as projects that contributed to revenue has higher margins vs in those in 2024. Additionally, recurring projects posted higher revenue contributions during the year, these projects have Gross Profit Margins with over 50% to 60%. Meanwhile, Net Income Margin improved to 24% due to 3rd party lot sales in Davao Global Township.

For the period ended June 30, 2025, all other ratios remain healthy with Return on Average Assets at

4% and Return on Average Equity (Parent) at 16%. Net Debt to Equity ratio increased slightly from 1.44x to 1.64x due to additional debt issuances for land acquisitions during the year. Further, the Company's current ratio projects ample liquidity at 1.44x.

Management together with key officers continue to effectively handle their respective operations and financial requirements despite the pandemic. As a result, CLI's financial position remains liquid and strong.

KPIS; CERTAIN FINANCIAL RATIOS

The existing notes facility agreements to which CLI is a party require that it should comply with certain financial ratios, with testing to be done on an annual basis and using CLI's year-end audited consolidated financial statements. VOTING TRUST HOLDERS OF 5% OR MORE

As of the date of this Offer Supplement, the Company is not aware of any person holding more than 5% of shares under a voting trust or similar agreement.

CHANGE IN CONTROL

As of the date of this Offer Supplement, the Company is not aware of any arrangements that may result in a change in control of the Company. There are no existing provisions in the Company's articles of incorporation or its by-laws which will delay, defer, or in any manner prevent a change in control of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company and its Subsidiaries, in their regular conduct of business, have entered into transactions with associates and other related parties principally consisting of advances and reimbursement of expenses, purchase and sale of real estate properties, construction contracts, and development, management, marketing, leasing and administrative service agreements. Sales and purchases of goods and services to and from related parties are made on an arm's length basis and at current market prices at the time of the transactions.

However, no other transaction, without proper disclosure, was undertaken by the Group. CLI employees are also required to promptly disclose any business and family-related transactions with the Company to ensure that potential conflicts of interest are surfaced and brought to the attention of management.

Please refer to the discussion on “*Related Party Transactions*” under the section on “*Description of Business*”.

CORPORATE GOVERNANCE

Compliance Policy and Evaluation System

In accordance with the State's policy to actively promote corporate governance reforms aimed to raise investor confidence, develop capital market and help achieve high sustained growth for the corporate sector and the economy, the Board of Directors, Management, and Employees of CLI commit to the principles and best practices contained in its Amended Manual on Corporate Governance (the "**Manual**"), a copy of which had been duly filed and submitted with the SEC in compliance with regulatory requirements.

The evaluation system established by the Company in measuring and determining the level of compliance with its Manual includes the conduct of annual board and committee assessments. In adherence with its Manual and Board Charter, the Board conducted its annual performance evaluation and assessment which includes a review and rating of the performance of the Board, individual directors, board committees, and the management team led by the CEO. In coordination with CLI's I.T. Department, the Office of the Compliance Officer rolled out the digitalized performance evaluation and assessment forms, for accomplishment by the required respondents. CLI's evaluation and assessment utilized a 5-point scale rating system, with zero (0) being the lowest (representing "Strongly Disagree" as a response to the statement), and the highest being five (5) (representing "Strongly Agree"). The duly accomplished assessment forms were then tabulated, validated, and confirmed by a third-party service provider, i.e., Sta. Ana Rivera & Co., in adherence with recommended corporate governance best practice. A summary of the results of the assessments, including the various performance ratings and comments of directors and committee members, were presented and discussed during the respective Corporate Governance Committee and Board meetings.

Measures Undertaken to Comply with Leading Practices on Good Corporate Governance

CLI continues to undertake measures to comply with the adopted leading practices on good corporate governance. The Board of Directors and management team of CLI have promoted and implemented various principles and recommendations under SEC Memorandum Circular No. 19, series of 2016 (otherwise, the Code of Corporate Governance for Publicly-Listed Companies), PSE CG Guidelines, as well as recommended practices under the ASEAN Corporate Governance Scorecard. In case of non-compliance with the recommended principles and best practices, CLI identifies and elucidates on the same, and provides explanation as to how the overall principles being recommended are still attained by the Company. These are all reported by CLI through its comprehensive Integrated Annual Corporate Governance Reports ("**I-ACGRs**") which are submitted to the SEC, uploaded to PSE EDGE, and posted on CLI's website. CLI's improved and enhanced I-ACGRs continue to provide a clear and succinct picture of its compliances with the recommended principles and best practices in corporate governance, at par, if not exceeding industry standards.

In 2021, CLI established and fully implemented its Enterprise Risk Management ("**ERM**") Framework. CLI's ERM Framework is based on ISO 31000:2018, which aims to provide a foundation for effective planning, implementation, monitoring, review, and continued improvement of the organization's risk management. It establishes a methodology for the identification, assessment, and management of risk, responsibilities for risk management, accountabilities for good governance, and mechanisms to report risk-related information.

In 2022, CLI published its first-ever integrated sustainability report in accordance with globally accepted systems and standards for sustainability and corporate disclosure. CLI cross-referenced general and material disclosure topics on the most widely adopted Global Reporting Initiative standards ("**GRI Standards**"), the Sustainability Accounting Standards Board ("**SASB**") and the International Integrated Reporting Council ("**IIRC**"). CLI's Sustainability Framework interconnects all the aspects of the Company's operations and provides a snapshot of its ESG profile. It defines the Company's sustainability vision and strategy, goals and objectives, and their alignment and contribution to the UN Sustainable Development Goals ("**SDGs**").

Over the years, CLI has exerted conscious and considerable efforts in enhancing and improving its corporate governance and compliance reporting and disclosures. Primary of which is CLI's I-ACGRs. The improvement of the disclosures in CLI's I-ACGRs was cited by ICD as among the key factors in the

improved corporate governance rating of CLI over the past couple of years, culminating in the conferment of the Company's first-ever Golden Arrows. In addition to the revamped I-ACGRs, CLI has also made conscious and concerted efforts to ensure that the corporate governance disclosures in its structured and unstructured reports, including its Annual Reports, are aligned with the recommended best practices of SEC, ICD, and ACGS standards.

As of the date of this Offer Supplement, CLI believes that it remains to be substantially in compliance with and has no material deviations from its Manual and as such, no sanctions were imposed on any director, officer or employee on account of non-compliance with the same.

Continued improvement of CLI's Corporate Governance

Recognizing and understanding that good corporate governance is essential to sound strategic business management and sustainable growth and development, CLI fully commits and undertakes to continue to bolster and enhance its corporate governance, not only through its continued and consistent compliance with laws, rules, regulations, and corporate best practices, but also by improving and strengthening CLI's internal controls, risk management, investor and other stakeholder relations, checks and balances, and policies and procedures.

In recognition of its continued efforts and improvements in the area of corporate governance, CLI received a 2-Golden Arrow Recognition for the 2nd consecutive year last September 2024, conferred by the ICD to top Philippine publicly listed companies and insurance companies in corporate governance, based on the 2022 ACGS and Corporate Governance Scorecard ("**CGS**") Assessment Results, respectively.

SEC's corporate governance among publicly-listed companies

In line with the SEC's initiative to enhance corporate governance among publicly-listed companies, the SEC issued Memorandum Circular No. 11, Series of 2014 ("**SEC MC No. 11**"), which prescribes the required website template for such entities. On December 27, 2024, the Company received a penalty assessment amounting to ₱168,000.00 from the Corporate Governance and Finance Department of the SEC for alleged non-compliance with SEC MC No. 11. CLI settled the penalty assessment on the same day.

PSE's rules on disclosures for listed companies

One of the fundamental principles of the PSE is to ensure the full, fair, timely, and accurate disclosure of material information by all listed companies. Issuers are required to comply with the PSE's continuing disclosure obligations and promptly submit disclosures containing all relevant information that would enable a reasonable investor to decide whether to buy, sell, or hold securities or to exercise related voting rights. The PSE also mandates that reasonable steps be taken to ensure equal access to such information for all investors.

In line with this mandate, the PSE imposed a disclosure violation penalty of ₱116,000.00 on CLI on February 14, 2025, which the Company settled on the same day. The penalty arose from a difference in interpretation regarding the timing of disclosure. CLI disclosed an SEC-imposed penalty in February 2024, following its payment and settlement with the SEC. However, the PSE maintained that disclosure should have been made upon CLI's receipt of the SEC notice in January 2024, even while the Company was availing itself of due process.

REGULATORY FRAMEWORK

Laws on Housing and Land Projects

Republic Act No. 11201: Department of Human Settlements and Urban Development Act

Republic Act No. 11201, or the Department of Human Settlements and Urban Development Act, which was signed into law on February 14, 2019, created the DHSUD through the consolidation of the HLURB and the Housing and Urban Development Coordinating Council of the Philippines (“**HUDCC**”).¹⁶ The DHSUD is mandated to act as the primary national government entity responsible for the management of housing, human settlement, and urban development, and the sole and main planning and policymaking, regulatory, program coordination, and performance monitoring entity for all housing, human settlement, and urban development concerns, primarily focusing on the access to and the affordability of basic human needs. Its powers and functions include the regulation of housing and real estate development.

The DHSUD exercises administrative supervision over the following housing agencies, which shall remain attached for purposes of policy and program coordination, monitoring, and evaluation: (a) National Housing Authority (NHA), (b) National Home Mortgage Finance Corporation (NHMFC), (c) Home Development Mutual Fund (HDMF), and (d) Social Housing Finance Corporation (SHFC).

The Human Settlements Adjudication Commission of the Philippines (the “**HSAC**”) was reconstituted from the HLURB and is mandated to adjudicate, among others, disputes relating to real estate development, homeowners’ association, and appeals from decision of local and regional planning and zoning bodies. Hence, the adjudicatory functions of the HLURB are transferred to the HSAC, and the HSAC is attached to the DHSUD for policy, planning, and program coordination only.

On July 19, 2019, the implementing rules and regulations (“**IRR**”) of Republic Act No. 11201 were approved. These describe in more detail the functions of the DHSUD and enumerate the functions of the HLURB that were transferred to it, such as, among others, its regulatory functions, including the formulation, promulgation, and enforcement of rules, standards, and guidelines over subdivisions, condominiums, and similar real estate developments. The IRR of Republic Act No. 11201 also enumerates the oversight and monitoring functions of the DHSUD and its powers and functions in relation to public housing and urban development.

Presidential Decree No. 957: The Subdivision and Condominium Buyers’ Protective Decree

Presidential Decree No. 957, or the Subdivision and Condominium Buyers’ Protective Decree (as amended, “**PD 957**”), is the principal statute regulating the development and sale of real property as part of a condominium or subdivision project. It was enacted to ensure that real estate subdivision owners, developers, operators, and/or sellers provide and properly maintain roads, drainage, sewerage, water systems, lighting systems, and other similar basic requirements in order to guarantee the health and safety of home and lot buyers. PD 957 covers condominium and subdivision projects for residential, commercial, industrial, and recreational areas, as well as open spaces and other community and public areas in the project. The DHSUD is the administrative agency of the government, which, together with LGUs, enforces PD 957 and has jurisdiction over real estate trade and business. As mentioned above, the DHSUD has assumed the functions of the HUDCC and the planning and regulatory functions of the HLURB, while the HSAC has assumed the adjudication functions of the HLURB.

¹⁶ In view of this law, Republic Act No. 11201, references to “HLURB” in the laws and regulations mentioned in this section “Regulatory Framework” such as P.D. No. 957, HLURB Resolution No. 985, Series of 2019, HLURB Memorandum Circular No. 03, Series of 2016, B.P. No. 220 and its IRR, Executive Order No. 71, Series of 1993, Republic Act No. 7279, Republic Act No. 9646, Republic Act No. 4726 and Environmental Laws and Safety Standards, have been changed to “DHSUD”. Such similar references have been also used elsewhere in this Prospectus.

All subdivision and condominium plans for residential, commercial, industrial, and other development projects are required to be filed with and approved by the DHSUD and the relevant LGU where the project is situated. Approval of such plans is conditional on, among other things, the developer's financial, technical, and administrative capabilities. Before it is approved, the subdivision plan must comply with the Subdivision Standards and Regulations. On the other hand, the condominium plan, in addition to complying with the same procedure, must also comply with the Building Code, with respect to the building(s) in the condominium project. The owner or developer is required to submit the condominium plan in accordance with the requirements of the Building Code to the building official of the city or municipality where the property lies and the same will be acted upon subject to the conditions and in accordance with the procedure prescribed in Section 6 of Republic Act No. 4726, or the Condominium Act.

Alterations of approved condominium plans affecting significant areas of the project, such as infrastructure and public facilities, also require prior approval of the DHSUD and the city or municipal engineer.

The development of subdivision and condominium projects can only commence after the relevant government bodies have issued the required development permit and the necessary building or construction permits in accordance with the requirements of the city or municipality where the property lies. The issuance of a development permit is dependent on, among other things: (i) compliance with the required project standards and technical requirements that may differ depending on the nature of the project; and (ii) issuance of the barangay clearance, the locational and zoning clearance, permits issued by the DENR such as the ECC, conversion order or exemption clearance from the Department of Agrarian Reform ("**DAR**"), permit to drill from the National Water Resources Board, and such other permits and approvals. In cases where the property involved is located in an area already classified as residential, commercial, industrial, or other similar development purposes, a DAR conversion order shall no longer be required as a precondition for issuance of Certificate of Registration and LTS.

Developers who sell lots or units in a subdivision or a condominium project are required to register the project with and obtain a LTS from the DHSUD. Subdivision or condominium units may only be sold or offered for sale after a LTS has been issued by the DHSUD. Further, to ensure that the owner or developer of a proposed subdivision or condominium project shows firm commitment to proceed with a project, current DHSUD regulations require minimum developments before the issuance of a LTS: (a) for subdivision projects, proof of land clearing and grubbing, road tracing and entrance gate if included in the brochure or advertisement; and (b) for condominium projects, excavation per approved plan/excavation permit is required.

As a requisite for the issuance of a LTS, developers are required to file with the DHSUD any of the following to guarantee the construction and maintenance of roads, gutters, drainage, sewerage, water system, lighting systems, and full development of the subdivision or condominium project, and compliance with applicable laws, rules, and regulations:

1. a surety bond callable upon demand equivalent to 20% of the development cost of the unfinished portion of the approved plan, issued by a duly accredited bonding company (whether private or government) and acceptable to the DHSUD;
2. a real estate mortgage executed by the applicant developer as mortgagor in favor of the Republic of the Philippines, as represented by the DHSUD as mortgagee over property other than that subject of the application, free from any liens and encumbrance, and provided that the value of the property, computed on the basis of the zonal valuation of the BIR, shall be at least 20% of the total development cost; or
3. other forms of security equivalent to 10% of the development cost of the unfinished portion of the approved plan which may be in the form of the following:
 - a) a cash bond;
 - b) a fiduciary deposit made with the cashier and/or disbursing officer of the DHSUD;

- c) a certificate of guaranty deposit issued by any bank or financing institution of good standing in favor of the DHSUD for the total development cost;
- d) a letter from any bank of recognized standing certifying that so much has been set aside from the bank account of the developer in favor of the DHSUD, which amount may be withdrawn by the DHSUD at any time the developer fails or refuses to comply with its duties and obligations under the bond contract; or
- e) any irrevocable credit line to be utilized in the development of the project from any bank of recognized standing and a refinancing re-structuring program indicating sources of funding from duly accredited funding institutions.

The DHSUD is vested with quasi-judicial powers and regulatory functions necessary for the enforcement and implementation of PD 957. Among these regulatory functions are: (i) regulation of the real estate trade and business; (ii) registration of subdivision lots and condominium projects; (iii) issuance of LTS subdivision lots and condominium units in the registered project; (iv) approval of performance bond and the suspension of LTS; (v) registration of dealers, brokers, and salesman engaged in the business of selling subdivision lots or condominium units; (vi) revocation of registration of dealers, brokers, and salesmen; (vii) approval of mortgage on any subdivision lot or condominium unit made by the owner or developer; (viii) granting of permits for the alteration of plans and the extension of period for completion of subdivision or condominium projects; (ix) approval of the conversion to other purposes of roads and open spaces found within the project which have been donated to the city or municipality concerned; (x) regulation of the relationship between lessors and lessees; and (xi) hear and decide cases on unsound real estate business practices, claims involving refund filed against project owners, developers, dealers, brokers, or salesmen, and cases of specific performance.

The DHSUD is also authorized, *motu proprio* or upon verified complaint filed by a buyer of a subdivision lot or condominium unit, to revoke the registration of any subdivision or condominium project and the LTS any subdivision lot or condominium unit in said project upon showing that the owner or dealer:

- 1. is insolvent;
- 2. has violated any of the provisions of PD 957, or any applicable rule or regulation of the DHSUD, or any undertaking under his/its bond;
- 3. has been or is engaged or is about to engage in fraudulent transactions;
- 4. has made any misrepresentation in any preliminary prospectus, brochure, circular, or other literature about the subdivision project or condominium project that has been distributed to prospective buyers; or
- 5. is of bad business repute; or
- 6. does not conduct business in accordance with law or sound business principles.

A License or Permit to Sell may only be suspended, cancelled, or revoked after a written notice to the developer has been served and all parties have been given an opportunity to be heard in compliance with the DHSUD's rules of procedure and other applicable laws.

HLURB Resolution No. 985, Series of 2019: 2019 Real Estate Development Monitoring Rules of HLURB

On June 17, 2019, the then HLURB (now the DHSUD) released HLURB Resolution No. 985 entitled Approving the 2019 Administrative Rules of Procedure in the Monitoring of Real Estate Development Projects and Imposition of Sanctions for Violation of PD 957 and Other Related Laws and their Implementing Rules and Regulations. This is primarily aimed at ensuring the faithful observance by owners and/or developers of their obligation to fully develop the project on time and in accordance with the approved development plan, contractual stipulations, sales representations, and pertinent conditions imposed in clearances, permits, and licenses.

The Regional Officer shall have jurisdiction and power to investigate land use or development projects in real estate transactions to determine whether the said project satisfactorily complies with the terms and conditions of the clearance, permit, license, approval or certificate, and to verify reports of alleged violations of the laws, rules, and regulations implemented by the DHSUD. The Regional Officer may issue an Authority to Monitor specific projects, issue cease-and-desist orders restraining the commission

or continuance of acts complained of, impose fines and penalties for violations of law, rules, and regulations, cite any person in indirect contempt, and issue writs or alias writs of execution to enforce orders and rulings of the Regional Office.

HLURB Memorandum Circular No. 03, Series of 2016: The 2015 Guidelines on Time Completion

HLURB Memorandum Circular No. 03, Series of 2016, or the 2015 Guidelines on Time Completion (the “**HLURB 2015 Guidelines**”), provides that projects required by law to be registered with the DHSUD such as industrial, commercial, and residential subdivisions, residential or commercial condominiums, and similar projects, such as memorial parks, should be completed within one year from the date of the issuance of the LTS, or any other period fixed by the DHSUD (“**Time of Completion**”). Failure to comply with the Time of Completion will: (1) entitle buyers to exercise their rights under PD 957 and the Civil Code of the Philippines in addition to other rights and remedies under other laws; and (2) subject the owner or developer to administrative fines, sanctions, and penalties which may include the suspension of the LTS and issuance of a cease-and-desist order.

The DHSUD shall rely on the work program or program of development submitted during the application for a Certificate of Registration and LTS in determining the applicable Time of Completion of a project.

Residential subdivision projects are subject to different Times of Completion for the land and the housing components. The Time of Completion for land development, which includes land clearing and grubbing, road construction, installation of power and water distribution system, construction of drainage and sewerage systems, and other developments, will depend on the work program or program of development submitted by the owner or developer. All subdivision amenities and facilities such as clubhouse, playgrounds, sports facilities, and other infrastructure included in the approved project plans, brochures, prospectus, printed matters, letters, or any forms of advertisement shall be developed and completed within the period for the project's land development. Meanwhile, the completion and delivery of any housing unit purchased shall be explicitly provided in the contract to sell or any purchase agreement, and absent any indication thereof, will not exceed one year from the date of purchase.

For condominium projects, all facilities and amenities included in the approved project plans, brochures, prospectus, printed matters, letters, or any forms of advertisement shall be completed in accordance with the work program or program of development of the project.

The HLURB 2015 Guidelines also provides that the Time of Completion which shall include the date, time, and year shall be indicated in the LTS of the project, which shall be binding and obligatory on the part of the owner or developer, unless a shorter period of completion or delivery is represented in any form of advertisement. The Time of Completion should be indicated in any advertisement of a project.

As a general rule, the Time of Completion is non-extendible, except in the following instances and upon the posting of a bond or security:

1. Existence of sub-soil conditions discoverable only after actual excavation and would require additional excavation time;
2. Occurrence of a fortuitous event completely independent of the will of the owner or developer, unforeseeable or unavoidable, and causes damage to the on-going project that requires reconstruction or causes delays which are directly attributable to the event, and renders its completion within the original approved period impossible in a normal manner;
3. Issuance of a lawful order of a court, other government agency, or LGU that temporarily enjoins the construction or development of the project, unless such issuance is caused by the fault, mistake, or negligence of the owner or developer, or by reason of any dispute between the owner and developer.

If an owner or developer wishes to apply for additional time due to the foregoing grounds, it shall file a sworn application with the Regional Field Office of the DHSUD where the project is registered, including

a proof of notice to all lot or unit buyers, a revised work program with computation of remaining cost of completion and other requirements, within sixty (60) days from the discovery of the unfavorable sub-soil conditions, the occurrence of the fortuitous event, or from receipt of the order or issuance of a court or government body.

The owner or developer of a project that is not completed on time will be given a Notice of Alleged Reported Violation requiring it to explain under oath why no administrative fine and sanction and cease-and-desist order should be imposed against it. Should the owner or developer fail to comply with the order or justify the non-completion of a project, an order imposing administrative fines and sanction shall be issued, and the owner or developer shall be required to submit additional documentation on the project.

Upon review of the submitted documents, a final order shall be issued requiring the completion of the project within such period as may be fixed by the DHSUD, and a performance bond shall be secured conditioned on this undertaking. In case of non-completion of the project within the approved Time of Completion, an administrative fine shall be imposed in accordance with the approved Schedule of Fines and other existing DHSUD guidelines, the LTS shall be suspended, and a cease-and-desist order shall be issued enjoining the owner or developer from further selling any lot, including any building or improvement thereon, or any unit in a project, from advertising the project and from collecting amortization payment, until the completion of the project and issuance of a Certificate of Completion.

DHSUD Department Order No. 2020-010, Series of 2020 and DHSUD Department Order No. 2021-009, Series of 2021

During the onset of the COVID-19 pandemic, the DHSUD issued Department Order No. 2020-010, Series of 2020 ("**D.O. 2020-010**"), which granted an additional one year to owners and developers of covered projects to respond to the circumstances brought about by the surge in COVID-19. The additional time was for the completion of projects affected by the stoppage of development during the community quarantine periods. The additional one year is reckoned from the end of the Time of Completion of the project as indicated in the LTS.

In 2021, the DHSUD issued Department Order No. 2021-009, Series of 2021, ("**D.O. 2021-009**"). Under this issuance, in addition to the one-year additional Time of Completion under D.O. 2020-010, all projects were granted a maximum of one-year additional time reckoned from the end of the Time of Completion of the project as indicated in the LTS or availed under D.O. 2020-010. To avail of the same, the project must be registered and licensed with the DHSUD, or the DHSUD and the owner or developer must apply for such additional time with the DHSUD.

Any owner or developer availing of additional Time of Completion must submit an application letter, proof of written notice to buyers, sworn statement attesting lot/unit buyers were informed or notified of the delayed delivery of lots/units due to the pandemic, and a revised work program based on the requested extended period of completion and must file a performance bond supported by a notarized fact sheet duly signed by a licensed architect or engineer and indicating therein the remaining cost of the project. Upon approval, the Regional Office shall send a letter of approval to the owner or developer, stating therein such additional period of time granted.

Provided however, that all projects with Time of Completion ending before March 2020 granted or as provided on the LTS are not covered by the above issuances and are, thus, governed by the DHSUD 2015 Guidelines.

DHSUD Department Order No. 2023-007, Series of 2023

Department Order No. 2023-004, Series of 2023 authorizes the issuance of Certificates of Registration and Licenses to Sell for projects with certificates of title annotated with lien or encumbrance under Section 4, Rule 74 of the Rules of Court or Section 7 of Republic Act No. 26, provided that the rules and requirements are strictly complied with.

The applications for the issuance of the Certificate of Registration or LTS for projects with certificates of title annotated with lien or encumbrance under Section 4, Rule 74 of the Rules of Court may be accepted and/or granted provided that: (1) the application is filed within the two-year period from date of inscription of the annotation; and (2) the developer shall: (a) post an adequate surety bond to answer for any claim that might be charged against the property; and (b) execute and submit an undertaking under oath that he shall immediately cause the cancellation of the annotation after the lapse of the two-year period, there being no timely petition filed by any excluded heir or creditor. If the application is filed after the two-year period from date of inscription, a bond shall not be required, provided the developer submits proof of filing of appropriate petition for the cancellation of such annotation.

The application for the issuance of the Certificate of Registration or LTS for a project with a reconstituted certificate of title annotated with lien or encumbrance under Republic Act No. 26 may only be accepted and/or granted provided that: (1) the two-year period has lapsed and no petition was filed by any person for the annotation of any right or interest not noted on the reconstituted title; (2) the developer shall submit proof of filing of the appropriate petition for the cancellation of the annotation; and (3) the developer shall post a bond.

DHSUD Department Circular 2024-003, Series of 2024

Department Circular 2024-003, Series of 2024 established and adopted a Clearance System in order to ensure that an LTS is only issued to a project if there is no unsatisfied final Order of Imposition of Administrative Sanction or Final Notice to Comply issued by any of the Regional Offices to the developer or to any of its partners in case of a joint venture agreement ("**JVA**"), or to any of their projects registered or licensed in any of the Regional Offices. The Clearance Certification will be issued by the Regional Office and the Housing and Real Estate Development Regulation Bureau.

A developer applying for an LTS shall submit a declaration under oath that (1) there is no unsatisfied final Order of Imposition of Administrative Sanction or Final Notice to Comply imposed on it, or any of its partners in a JVA, or its other projects registered and licenses with the Regional Offices; (2) during the processing of the LTS, the developer shall immediately inform the Regional Office concerned of any unsatisfied final Order of Imposition of Administrative Sanction or Final Notice to Comply, upon knowledge, information or discovery thereof; and (3) the developer fully understands that the licensing process may be suspended upon issuance of Notice of Deficiency in Requirements by the Regional Office concerned upon its knowledge, information or discovery of the existence of an unsatisfied final Order of Imposition of Administrative Sanction or Final Notice to Comply.

DHSUD Department Circular 2024-005, Series of 2024

Department Circular 2024-005, Series of 2024 provides the rules of procedure on the application for Development Permit, Certificate of Registration, LTS, Balanced Housing Program, and Certificate of Completion of Subdivision, Condominium, Cemetery, Memorial Parks, and Columbarium Projects. This Circular applies to all registered owners and/or developers of a parcel of land who intend to convert the same into any and all types of subdivision, condominium, cemetery, memorial, or columbarium projects.

The application and approval of development permit of all residential, commercial, industrial, subdivisions shall be filed with and issued by the concerned local government unit, upon compliance with the enumerated documentary requirements.

The registered owner and/or developer of a parcel of land who intends to convert the same into a subdivision or memorial project must register the project with the DHSUD – Regional Office. However, any dealer, registered owner, and/or developer who has secured a Certificate of Registration shall not be authorized to sell any subdivision lot in the registered project unless a LTS from DHSUD has been obtained on the project, simultaneous to or within two (2) weeks from issuance of the Certificate of Registration. The DHSUD shall issue the LTS if it finds that the dealer, owner, and/or developer is of

good repute, financially stable, and that the proposed sale of the subdivision lots or condominium units to the public would not be fraudulent.

B.P. 220: An Act Authorizing the Ministry of Human Settlements to Establish and Promulgate Different Levels of Standards and Technical Requirements for Economic and Socialized Housing Projects in Urban and Rural Areas from those Provided under Presidential Decrees Numbered Nine Hundred Fifty-Seven, Twelve Hundred Sixteen, Ten Hundred Ninety-Six, and Eleven Hundred Eighty-Five

B.P. 220 and its Implementing Rules and Regulations (“**BP 220 IRR**”) apply to the development of economic and socialized housing projects in urban and rural areas. Likewise, they apply to the development of either a house and lot or a house or lot only (“**Covered Project**”).

Under B.P. 220 and the BP 220 IRR, the Covered Project must be approved by the DHSUD or the LGU, as the case may be, before it commences. The approval of the Preliminary Subdivision Development Plan is valid only for a period of 180 days from approval. Further, the development design and plans must undergo survey and evaluation conducted by the DHSUD. The BP 220 IRR adopted the rules set out by PD 957 and its IRR.

The BP 220 IRR also set forth the minimum design standards and technical guidelines which are different from those under PD 957 (The Subdivision and Condominium Buyers’ Protective Decree), Presidential Decree No. 1216 (Defining Open Space in Residential Subdivision), Presidential Decree No. 1096 (Building Code), and Presidential Decree No. 1185 (Fire Code of the Philippines). However, possible variations of the guidelines and standards may be allowed by the DHSUD should the strict observance of such cause unnecessary hardship based on specific regional, cultural, and economic setting.

A developer who intends to sell the subdivision or condominium should register the project and obtain a LTS from the DHSUD. The notice on Application for Certificate of Registration must be published at the expense of the applicant, and a billboard notice must be posted on the project site until the issuance of the Licenses to Sell. Failure to publish the notice within two weeks from receipt of notice to publish by DHSUD will require the developer to re-file the application for the Certificate of Registration.

In addition to the requirements of registration and LTS, the BP 220 IRR also requires the submission of a performance bond and payment of prescribed fees. The BP 220 IRR also proscribes any sale within two weeks from the registration of the project.

The BP 220 IRR also provides for several obligations of the developer, such as the initiation of organization and registration of a homeowner’s association, and the donation of roads and open spaces found in the project to LGUs of the area after their completion had been certified by the board.

Failure on the part of the developer to develop the project in accordance with the approved project plans within the time specified shall subject the developer to administrative sanctions and penalties. The above-mentioned Guidelines on Time of Completion is also applicable to the projects under B.P. 220.

Further, the DHSUD mandates subdivision and condominium developers to submit a copy of the special/temporary permit from the Professional Regulation Commission and of the separate permit from the DOLE for foreign architects who signed on plans required under the IRR of PD 957 and B.P. 220.

Executive Order No. 71, Series of 1993

Under Executive Order No. 71, Series of 1993, cities and municipalities assume the powers of the DHSUD over the following:

1. approval of preliminary as well as final subdivision schemes and development plans of all subdivisions, residential, commercial, industrial, and for other purposes;
2. approval of preliminary as well as final subdivision schemes and development plans of all

3. economic and socialized housing projects; evaluation and resolution of opposition against issuance of development permits for any of said projects; and
4. monitoring the nature and progress of its approved land development projects to ensure their faithfulness to the approved plans and specifications.

Republic Act No. 7279: Urban Development and Housing Act of 1992

Republic Act No. 7279, as amended by Republic Act No. 10884, or the Urban Development and Housing Act of 1992, requires developers of proposed subdivision projects to develop an area for socialized housing equivalent to at least 15% of the total subdivision area or total subdivision project cost, and at least 5% of condominium area or project cost, at the option of the developer, within the same city or municipality whenever feasible, and in accordance with the standards set by the DHSUD and other existing laws. Alternatively, the developer may opt to develop socialized housing in a new settlement, enter into JV arrangements with other developers engaged in socialized housing development, or participate in a new project under the community mortgage program.

Republic Act No. 9646: Real Estate Service Act of the Philippines

Real estate dealers, brokers, and salesmen are also required to register with the DHSUD before they can sell lots or units in a registered subdivision or condominium project. Furthermore, no person shall practice or offer to practice real estate service in the Philippines unless he/she has satisfactorily passed the licensure examination given by the Professional Regulatory Board of Real Estate Service. Under Republic Act No. 9646, or the Real Estate Service Act, the real estate service practitioners required to take the licensure examination are:

1. Real estate consultants — duly registered and licensed natural persons who, for a professional fee, compensation, or other valuable consideration, offer or render professional advice and judgment on: (i) the acquisition, enhancement, preservation, utilization, or disposition of lands or improvements thereon; and (ii) the conception, planning, management, and development of real estate projects;
2. Real estate appraisers — duly registered and licensed natural persons who, for a professional fee, compensation, or other valuable consideration, perform or render, or offer to perform services in estimating and arriving at an opinion of or act as an expert on real estate values, such services of which shall be finally rendered by the preparation of the report in acceptable written form;
3. Real estate assessor — a duly registered and licensed natural person who works in a LGU and performs appraisal and assessment of real properties, including plants, equipment, and machineries, essentially for taxation purposes;
4. Real estate brokers — duly registered and licensed natural persons who, for a professional fee, commission, or other valuable consideration, act as an agent of a party in a real estate transaction to offer, advertise, solicit, list, promote, mediate, negotiate, or effect the meeting of the minds on the sale, purchase, exchange, mortgage, lease, JV, or other similar transactions on real estate or any interest therein; and
5. Real estate salesperson — a duly accredited natural person who performs service for, and in behalf of, a real estate broker who is registered and licensed by the Professional Regulatory Board of Real Estate Service for or in expectation of a share in the commission, professional fee, compensation or other valuable consideration.

Republic Act No. 4726: The Condominium Act

Under The Condominium Act, the owner of a project shall, prior to the conveyance of any condominium therein, register a Declaration of Restrictions (“**Declaration**”) relating to such project, which restrictions shall constitute a lien upon each condominium unit in the project, and shall insure to and bind all

condominium owners in the project. Such liens, unless otherwise provided, may be enforced by any condominium owner in the project or by the management body of such project. The Register of Deeds shall enter and annotate the Declaration upon the certificate of title covering the land included within the project.

The Declaration shall provide for the management of the project by anyone of the following management bodies: a condominium corporation, an association of the condominium owners, a board of governors elected by condominium owners, or a management agent elected by the owners or by the board named in the Declaration. The Declaration shall also provide for voting majorities, quorums, notices, meeting date, and other rules governing such body or bodies.

Further, any transfer or conveyance of any unit or an apartment, office or store, or other space shall include the transfer or conveyance of the undivided interests in the common areas, or, in a proper case, the membership or shareholdings in the condominium corporation. A condominium corporation shall not, during its existence, sell, exchange, lease, or otherwise dispose of the common areas owned or held by it in the condominium project unless authorized by the affirmative vote of a simple majority of the registered owners with prior notification to all registered owners. Further, the condominium corporation may expand or integrate the project with another upon the affirmative vote of a simple majority of the registered owners, subject only to the final approval of the DHSUD.

Real Estate Sales on Installments

Republic Act No. 6552: Maceda Law

The provisions of Republic Act No. 6552, or the Maceda Law, apply to all transactions or contracts involving the sale or financing of real estate on installment payments (including residential condominium units but excluding industrial and commercial lots).

Under the Maceda Law, where a buyer of real estate has paid at least two years of installments, the buyer is entitled to the following rights in case he/she defaults in the payment of succeeding installments:

1. To pay, without additional interest, the unpaid installments due within the total grace period earned by him/her, which is fixed at the rate of one month for every one year of installment payments made. However, the buyer may exercise this right only once every five years during the term of the contract and its extensions, if any.
2. If the contract is cancelled, the seller shall refund to the buyer the cash surrender value of the payments on the property equivalent to 50% of the total payments made, and in cases where five years of installments have been paid, an additional 5% every year (but with a total not to exceed 90% of the total payments). Provided, that the actual cancellation of the contract shall take place after 30 days from receipt by the buyer of the notice of cancellation or the demand for rescission of the contract by a notarial act and upon full payment of the cash surrender value to the buyer.

The computation of the total number of installment payments made includes down payments, deposits, or options on the contract.

In the event that the buyer has paid less than two years of installments, the seller shall give the buyer a grace period of not less than 60 days from the date the installment became due. If the buyer fails to pay the installments due at the expiration of the grace period, the seller may cancel the contract after 30 days from receipt by the buyer of the notice of cancellation or the demand for rescission of the contract by a notarial act.

Zoning and Land Use

Republic Act No. 7160: Local Government Code of the Philippines

A city or municipality may, through an ordinance passed by the *Sanggunian*, after conducting public hearings for the purpose, authorize the reclassification of agricultural lands, and provide for the manner of their utilization or disposition in the following cases: (i) when the land ceases to be economically feasible and sound for agriculture as determined by the Department of Agriculture (“**DA**”); or (ii) where the land shall have substantially greater economic value for residential, commercial, or industrial purposes, as determined by the *Sanggunian* concerned; provided that such reclassification shall be limited to the following percentage of total agricultural land area at the time of the passage of the ordinance:

1. For Highly Urbanized and Independent Component Cities, 15%;
2. For Component Cities and First to Third Class Municipalities, 10%; and
3. For Fourth to Sixth Class Municipalities, 5%.

Zoning ordinances may also limit land use. Once enacted, a comprehensive land use plan approved by the relevant LGU may restrict land use in accordance with such land use plan. Zoning ordinances may also classify lands as commercial, industrial, residential, or agricultural. Lands may also be further reclassified based on a LGU’s future projection of needs.

Republic Act No. 6657: Comprehensive Agrarian Reform Law of 1988

Under Republic Act No. 6657, as amended, or the Comprehensive Agrarian Reform Law of 1988, and such other rules and regulations currently in effect in the Philippines, land classified for agricultural purposes as of or after June 15, 1988 cannot be converted to non-agricultural use without the prior approval of the DAR.

Republic Act No. 11231: Agricultural Free Patent Reform Act

Republic Act No. 11231, otherwise known as the Agricultural Free Patent Reform Act, removes restrictions imposed on the registration, acquisition, encumbrance, alienation, transfer, and conveyance of lands covered by free patents to allow the efficient and effective utilization of these lands. Under this law, agricultural public lands alienated or disposed in favor of qualified public land applicants under Section 44 of Commonwealth Act No. 141, as amended, shall not be subject to restrictions imposed under Sections 118, 119, and 121 thereof regarding acquisitions, encumbrances, conveyances, transfers, or dispositions. Agricultural free patent shall now be considered as title in fee simple and shall not be subject to any restriction on encumbrance or alienation.

This law has a retroactive effect and any restriction regarding acquisitions, encumbrances, conveyances, transfers, or dispositions imposed on agricultural free patents issued under Section 44 of Commonwealth Act No. 141, as amended, before the effectivity of this law shall be removed and are immediately lifted.

Property Registration and Nationality Restrictions

Presidential Decree No. 1529: Property Registration Decree

The Philippines has adopted a system of land registration, which evidences land ownership that is binding on all persons. Once registered, title to registered land becomes indefeasible after one year from the date of entry of the decree of registration except with respect to claims noted on the certificate of title. Title to registered lands cannot be lost through adverse possession or prescription. Presidential Decree No. 1529, as amended, or the Property Registration Decree, codified the laws relative to land registration and is based on the generally accepted principles underlying the Torrens System.

After proper survey, application, publication, service of notice, and hearing, unregistered land may be brought under the system by virtue of judicial or administrative proceedings. In a judicial proceeding, the Regional Trial Court within whose jurisdiction the land is situated confirms title to the land. Persons opposing the registration may appeal the judgment to the Court of Appeals and ultimately to the Supreme Court within 15 days from receiving notice of judgment. Upon finality of judgment, the appropriate Register of Deeds may issue an Original Certificate of Title (“OCT”). The decree of registration may be annulled on the ground of actual fraud within one year from the date of entry of the decree of registration. Similarly, in an administrative proceeding, the land is granted to the applicant by the DENR’s issuance of a patent. The patent becomes the basis for issuance of the OCT by the Register of Deeds. All land patents (*i.e.*, homestead, sales, and free patents) must be registered with the appropriate Register of Deeds since the conveyance of the title to the land covered thereby takes effect only upon such registration.

The act of registration shall be the operative act to convey or affect the land insofar as third persons are concerned, and in all cases under the said decree, the registration shall be made in the office of the Register of Deeds for the province or city where the land lies. Every conveyance, mortgage, lease, lien, attachment, order, judgment, instrument, or entry affecting registered land, if filed or entered in the office of the Register of Deeds for the province or city where the land to which it relates lies, shall be constructive notice to all persons from the time it is registered, filed, or entered in the records of the Register of Deeds.

All interests in registered land less than ownership (such as liens created by mortgages and leases) shall be registered by filing with the Register of Deeds the instrument which creates or transfers or claims such interests and by a brief memorandum thereof made by the Register of Deeds upon the certificate of title and signed by him. A similar memorandum shall also be made on the owner’s duplicate.

Any subsequent transfer or encumbrance of the land must be registered in the system in order to bind third persons. Subsequent registration and a new Transfer Certificate of Title in the name of the transferee will be granted upon presentation of certain documents and payment of fees and taxes.

All documents evidencing conveyances of subdivision and condominium units should also be registered with the Register of Deeds. Title to the subdivision or condominium unit must be delivered to the purchaser upon full payment of the sales price. In the event a mortgage over the lot or unit is outstanding at the time of the issuance of the title to the buyer, the owner or developer shall redeem the mortgage or the corresponding portion thereof within six months from such issuance in order that the title over any fully paid lot or unit may be secured and delivered to the buyer. To evidence ownership of condominium units, the Register of Deeds issues a Condominium Certificate of Title.

Article XII, Section 7 of the Constitution; Commonwealth Act No. 141

Article XII, Section 7 of the Constitution, in relation to Chapter 5 of the Commonwealth Act No. 141, states that no private land shall be transferred or conveyed except to citizens of the Philippines or to corporations or associations organized under the laws of the Philippines at least 60% of whose capital is owned by such citizens. While the Philippine Constitution prescribes nationality restrictions on land ownership, there is generally no prohibition against foreigners owning buildings and other permanent structures. However, pursuant to Republic Act No. 4726 (as amended), with respect to condominium developments, the ownership of condominium units where the common areas in the condominium project are co-owned by the owners of the separate units or owned by a corporation is limited to up to 40% foreign equity.

Republic Act No. 7042, as amended: Foreign Investments Act of 1991

Republic Act No. 7042, otherwise known as the Foreign Investments Act of 1991, as amended, and the Twelfth Regular Foreign Investment Negative List, provide that certain investment areas and economic activities are nationalized or partly nationalized, such that the operation and/or ownership thereof are

wholly or partially reserved for Filipinos. Under these regulations, ownership of private lands and condominium units is partly nationalized with up to only 40% foreign equity.

Republic Act No. 12252

On August 29, 2025, President Marcos signed Republic Act No. 12252, a law liberalizing the lease of private lands by foreign investors and extending the period of long-term lease contracts for industrial estates, factories, agro-industrial ventures, tourism, agriculture, agroforestry, and ecological conservation from 50 years to up to 99 years.

Environmental Laws and Safety Standards

Environmental Impact Statement System

Development projects that are classified by law as environmentally critical or projects within statutorily defined environmentally critical areas are required to obtain an ECC prior to commencement. The DENR, through its regional offices or through the EMB, determines whether a project is environmentally critical or located in an environmentally critical area. As a requisite for the issuance of an ECC, an environmentally critical project is required to submit an Environmental Impact Statement (“**EIS**”) to the EMB while a project in an environmentally critical area is generally required to submit an Initial Environmental Examination (“**IEE**”) to the proper DENR Regional Office. In the case of an environmentally critical project within an environmentally critical area, an EIS is required. The construction of major roads and bridges is considered an environmentally critical project for which an EIS and an ECC are mandatory. In determining the scope of the EIS System, two factors are considered: (i) the nature of the project and its potential to cause significant negative environmental impacts; and (ii) the sensitivity or vulnerability of environmental resources in the project area.

The EIS refers to both the document and the study of a project’s environmental impact, including a discussion of the direct and indirect consequences of the project to human welfare and ecological as well as environmental integrity. The IEE refers to the document and the study describing the environmental impact, including mitigation and enhancement measures for projects in environmentally critical areas.

While an EIS or an IEE may vary from project to project, as a minimum, each contains all relevant information regarding the project’s environmental effects. The entire process of organization, administration, and assessment of the effects of any project on the quality of the physical, biological, and socio-economic environment as well as the design of appropriate preventive, mitigating, and enhancement measures is known as the EIS System. The EIS System successfully culminates in the issuance of an ECC. The issuance of an ECC is a government certification that the proposed project or undertaking will not cause a significant negative environmental impact that the proponent has complied with all the requirements of the EIS System, and that the proponent is committed to implement its approved Environmental Management Plan in the EIS or, if an IEE was required, that it shall comply with the mitigation measures provided therein.

Project proponents that prepare an EIS are required to establish an Environmental Guarantee Fund (“**EGF**”) when the ECC is issued for projects determined by the DENR to pose a significant public risk to life, health, property, and the environment or where the project requires rehabilitation or restoration. The EGF is intended to meet any damages caused by such a project as well as any rehabilitation and restoration measures. Project proponents that prepare an EIS are required to include a commitment to establish an Environmental Monitoring Fund (“**EMF**”) when an ECC is eventually issued. In any case, the establishment of an EMF must not be later than the initial construction phase of the project. The EMF shall be used to support the activities of a multi-partite monitoring team organized to monitor compliance with the ECC and applicable laws, rules, and regulations.

While a development project may not fall under the categories wherein an ECC is required, it is still required to obtain a Certificate of Non-Coverage (“**CNC**”) from the EMB or the DENR Regional Office.

The applicant must submit a Project Description to the EMB, which will then evaluate whether or not an ECC is required for the project. If an ECC is not required, then the EMB will issue a CNC to be submitted to the DHSUD.

Aside from the EIS and IEE, engineering, geological, and geo-hazard assessments are also required for ECC applications covering subdivisions, housing, and other land development and infrastructure projects.

Presidential Decree No. 1096: National Building Code of the Philippines

Under the Building Code, in order for a person or corporation to erect, construct, alter, repair, move, convert, or demolish any building or structure, a building permit must first be secured from the Building Official assigned at the place where the building work is to be done. A building permit is a written authorization granted by the building official to an applicant allowing him to proceed with the construction of a building after plans, specifications, and other pertinent documents required for the construction of the structure have been found to be in conformity with the Building Code.

All buildings or structures as well as accessory facilities thereto shall conform in all respects to the principles of safe construction under the Building Code and must be suited to the purpose for which they are designed. Buildings or structures and all parts thereof as well as all facilities found therein shall be maintained in safe, sanitary, and good working condition.

The land or site upon which will be constructed any building or structure, or any ancillary or auxiliary facility thereto, shall be sanitary, hygienic, or safe. In the case of sites or buildings intended for use as human habitation or abode, the same shall be at a safe distance, as determined by competent authorities, from streams or bodies of water and/or sources of air considered to be polluted; from a volcano or volcanic site and/or any other building considered to be a potential source of fire or explosion.

Aside from the building permit under the Building Code, an applicant in specific instances may be required to secure a Height Clearance Permit from the Civil Aviation Authority of the Philippines.

Republic Act No. 9514: Fire Code of the Philippines

Republic Act No. 9514, otherwise known as the Fire Code of the Philippines, seeks to ensure public safety and promote economic development by preventing and suppressing all kinds of destructive fires. Compliance with the following requirements is expected from building owners, administrators, and occupants: inspection requirements, safety measures for hazardous materials, safety measures for hazardous operations or processes, provisions on fire safety construction, protective and warning systems, and abatement of fire hazards. Non-compliance with the said requirements may result in the imposition of administrative fines and penalties.

Presidential Decree No. 1067: The Water Code of the Philippines

Presidential Decree No. 1067, otherwise known as The Water Code of the Philippines, requires a water permit for the utilization, exploitation, and appropriation of natural bodies of water, except in certain instances provided under the Water Code of the Philippines. Examples of the use of water include domestic, municipal, irrigation, power generation, fisheries, livestock raising, industrial, and recreational. Only citizens of the Philippines, of legal age, as well as juridical persons, who are duly qualified by law to exploit and develop water resources, may apply for water permits. Any person who desires to obtain a water permit shall file an application who shall make known said application to the public for any protests. The right to the use of water is deemed acquired as of the date of filing of the application for a water permit in case of approved permits, or as of the date of actual use in a case where no permit is required. All water permits granted shall be subject to conditions of beneficial use, adequate standards of design and construction, and such other terms and conditions as may be imposed. Such permits shall specify the maximum amount of water which may be diverted or withdrawn, the maximum rate of diversion or withdrawal, the time or times during the year when water may be diverted or withdrawn, the

point or points of diversion or location of wells, the place of use, the purposes for which water may be used, and such other requirements as may be deemed desirable.

Appropriation of water without obtaining the necessary water permit when applicable may expose such entity to the imposition of penalties. Water permits may be also revoked after due notice and hearing on grounds of non-use; gross violation of the conditions imposed in the permit; unauthorized sale of water; willful failure or refusal to comply with rules and regulations or any lawful order; pollution, public nuisance, or acts detrimental to public health and safety; when the appropriator is found to be disqualified under the law to exploit and develop natural resources of the Philippines; when, in the case of irrigation, the land is converted to non-agricultural purposes; and other similar grounds.

Republic Act No. 9275: The Philippine Clean Water Act of 2004

The Clean Water Act of 2004 or Republic Act No. 9275 aims to protect the country's water bodies from pollution from land-based sources (*i.e.*, industries and commercial establishments, agriculture, and community or household activities) in the pursuit of economic growth in a manner consistent with the protection, preservation, and revival of the quality of the country's fresh, brackish, and marine waters. It provides for a comprehensive and integrated strategy to prevent and minimize pollution through a multi-sectoral and participatory approach involving all the stakeholders.

It requires owners or operators of facilities that discharge regulated effluents (*i.e.*, wastewater from commercial facilities) to secure a permit to discharge from the DENR. The discharge permit shall be the legal authorization granted by the DENR to discharge wastewater. The discharge permit shall specify among others, the quantity and quality of effluent that said facilities are allowed to discharge into a particular water body, with compliance schedule and monitoring requirement.

Republic Act No. 8749: The Philippine Clean Air Act of 1999

In pursuit of balancing development and environmental protection, the Clean Air Act of 1999 or Republic Act No. 8749 was enacted to create a holistic national program of air pollution management and encourage cooperation and self-regulation among citizens and industries through the application of market-based instruments. It sets air quality standards and emission limits for different industries and sources of air pollution. The DENR is granted authority to issue permits as it may determine necessary for the prevention and abatement of air pollution. Said permits cover emission limitations for the regulated air pollutants to help attain and maintain the ambient air quality standards. Non-compliance or violations of the law or its rules and regulations may expose the violator to the imposition of fines and penalties.

Republic Act No. 9003: The Ecological Solid Waste Management Act of 2000

Republic Act No. 9003, otherwise known as The Ecological Solid Waste Management Act of 2000, aims to ensure the protection of the public health and environment by adopting a systematic, comprehensive, and ecological solid waste management program using environmentally-sound methods that maximize the utilization of valuable resources and encourage resource conservation and recovery. It also provides guidelines for avoidance and reduction of solid waste through various measures, such as mandatory segregation of solid wastes and recycling. The law extends both fiscal and non-fiscal incentives to those who have undertaken outstanding and innovative projects, technologies, processes, and techniques or activities in re-use, recycling, and reduction. Violations therewith may result in the imposition of fines and penalties.

Business Permits

Before any corporation may commence business operations within a locality, it must secure the requisite permits, clearances, and licenses from the relevant LGU where it is situated. Usually, it is assumed that a corporation has complied with all of the permitting requirements of the LGU if it is issued a business

permit. These permits, clearances, and licenses must be renewed on an annual basis. Requirements and deadlines vary depending on the locality.

Failure to obtain the necessary business permit means that a corporation may not be allowed to operate its business within the relevant locality. The LGU may impose fines and penalties for failure of an entity to register, which fines and penalties may vary depending on the locality. The LGU may also shut down the existing operations of a business establishment until the permits, clearances, and licenses are obtained and the corresponding fees and penalties as assessed by the LGU are settled.

Real Property Taxation

Republic Act No. 7160: Local Government Code of the Philippines

Real property taxes are payable annually or quarterly based on the property's assessed value. Assessed values are determined by applying the assessment levels (fixed by ordinances of the concerned *Sanggunian*) against the fair market values of real property. Under Republic Act No. 7160, as amended, or the Local Government Code of the Philippines, the assessed value of property and improvements varies depending on the location, use, and nature of the property. Land is ordinarily assessed at 20% to 50% of its fair market value; buildings may be assessed up to 80% of their fair market values and machinery may be assessed at 40% to 80% of its fair market value. Real property taxes may not exceed 2% of the assessed value in municipalities and cities within Metro Manila or in other chartered cities and 1% in all other areas. A province, city, or municipality within Metro Manila may also levy and collect an annual tax of 1% on the assessed value of real property which shall be in addition to the basic real property tax to accrue exclusively to the Special Education Fund of the LGU where the property is located.

In the event there are unpaid real property taxes relating to real property, such taxes constitute a lien on the property which shall be superior to any other lien, mortgage, or encumbrance of any kind whatsoever, and shall be extinguished only upon payment of the delinquent taxes and penalties. Failure to pay the real property tax will result in the payment of interest at the rate of 2% per month on the unpaid amount or a fraction thereof, until the delinquent tax shall have been fully paid; provided, however, that in no case shall the total interest on the unpaid tax or portion thereof exceed 36 months.

Republic Act No. 12001: Real Property Valuation and Assessment Reform Act

The Republic Act No. 12001 or the Real Property Valuation and Assessment Reform Act ("**RPVARA**") was enacted on June 13, 2024 and became effective on July 5, 2024. Its IRR was approved and issued on December 10, 2024. Under Section 14 of the RPVARA, all real properties, whether taxable or exempt, must be valued based on prevailing market values in the locality where the property is situated. This ensures a standardized approach to property valuation nationwide, ensuring that property assessments reflect current market conditions. To implement this, provincial, municipal, and city assessors are required to prepare the Schedule of Market Values ("**SMV**") for different classes of real property within their respective local government units ("**LGUs**"). The IRR of RPVARA also provides for the creation of a Real Property Valuation Unit under the Office of the Local Assessor in every province and city and the lone municipality in Metro Manila, within two years from the effectivity of the IRR.

Upon approval by the Secretary of Finance, the SMV will serve as the basis for the local assessor's general revision of property assessments and classifications and for the Sanggunian's adjustment of assessment levels and tax rates for LGUs. It will also be used to determine market values for other property-related taxes, such as local transfer tax, sand and gravel tax, community tax, and various fees and charges. The Commissioner of Internal Revenue will use the SMV, or the actual gross selling price indicated in property transaction documents—whichever is higher—to calculate any internal revenue tax.

While the new SMVs are under development, the BIR will continue to use existing SMVs, zonal values, or the actual price stated in transaction documents, whichever is higher, for computing internal revenue tax.

Section 30 of RPVARA provides a relief measure in the form of a real property tax amnesty, aimed at encouraging delinquent property owners to settle their tax liabilities. This amnesty covers penalties, surcharges, and interest on unpaid real property taxes, including those associated with the Special Education Fund, idle land tax, and other special levies, accrued before RPVARA took effect. The amnesty period is limited to two years from the law's effectivity date, allowing property owners to settle their delinquent taxes through a one-time payment or installment plan.

However, the amnesty does not apply to all delinquent properties. Specifically, it excludes (1) delinquent properties sold at public auction to cover tax liabilities; (2) properties with delinquent taxes being paid under a compromise agreement; and (3) properties involved in pending court cases over real property tax delinquencies.

Construction License

A regular contractor's license is required to be obtained from the Philippine Contractors Accreditation Board ("**PCAB**"). In applying for and granting such license, PCAB takes into consideration the applicant-contractor's qualifications and compliance with certain minimum requirements in the following criteria: (i) financial capacity; (ii) equipment capacity; (iii) experience of the firm; and (iv) experience of technical personnel. Philippine laws also require a contractor to secure construction permits and environmental clearances from appropriate government agencies prior to actually undertaking each project.

In the case of *Philippine Contractors Accreditation Board v. Manila Water Co., Inc.* (G.R. No. 217590, 10 March 2020), the Supreme Court held that foreigners can obtain regular licenses from the PCAB. It ruled that the construction industry is not one which the Constitution has reserved exclusively for Filipinos. Neither do the laws enacted by Congress show any indication that foreigners are proscribed from entering into the same projects as Filipinos in the field of construction. "Private Domestic Construction Contracts" has also been removed from the Foreign Investments Negative List since 1998. This means that the restriction on foreign investments in private construction contracts was already lifted as early as 1998. Thus, the provision requiring foreigners to obtain a special license has been declared null and void, along with the provision limiting the regular license to construction firms at least 60% of which is owned by Filipinos. In light of this ruling, foreigners can now obtain regular licenses from the PCAB.

Referral to Arbitration

Executive Order No. 1008 vests the Construction Industry Arbitration Commission ("**CIAC**") with original and exclusive jurisdiction over disputes arising from, or connected with, contracts entered into by parties involved in construction in the Philippines, whether the dispute arises before or after the completion of the contract, or after the abandonment or breach thereof. These disputes may involve government or private contracts. The jurisdiction of the CIAC may include, but is not limited to, violation of specifications for materials and workmanship, violation of the terms of agreement interpretation and/or application of contractual time and delays, maintenance and defects, payment, default of employer or contractor, and changes in contract cost.

CIAC may acquire jurisdiction in two ways, either by providing an arbitration clause in the contract between the parties, or by agreement of the parties to submit the dispute to the CIAC. Thus, the fact that the parties incorporated an arbitration clause in their contract is sufficient to vest the CIAC with jurisdiction over any construction controversy, notwithstanding any reference made to another arbitral body. CIAC's jurisdiction over construction disputes is conferred by law, and thus, cannot be waived by mere agreement of the parties.

Liability of Engineers, Architects, and Contractors

Under Republic Act No. 386 or the Civil Code of the Philippines, as amended, the engineer or architect who drew up the plans and specifications for a building is liable for damages if, within 15 years from the completion of the structure, the same should collapse by reason of a defect in those plans and

specifications, or due to defects in the ground. The contractor is likewise responsible for the damages if the edifice falls, within the same period, on account of construction defects or the use of materials of inferior quality, or due to any violation of the terms of the construction contract. If the engineer or architect supervises the construction, he shall be solidarily liable with the contractor. The acceptance of the building after completion does not imply waiver of any of the causes of action by reason of any of the aforementioned defects. The action arising therefrom must be brought within 10 years following the collapse of the building.

Tax Incentives

The Corporate Recovery and Tax Incentives for Enterprises Act ("**CREATE Act**"), Republic Act No. 11534, amended the corporate income tax and incentive laws, such as the Omnibus Investment Code of 1987 (Executive Order No. 66) and Special Economic Zone Act of 1995 (Republic Act No. 7916, as amended), and codified the incentives system under a new Title XIII: Tax Incentives in the Tax Code.

The Fiscal Incentives Review Board ("**FIRB**") is the government agency that exercises policymaking and oversight functions over investment promotion agencies ("**IPAs**") such as the Board of Investments ("**BOI**") and the Philippine Economic Zone Authority ("**PEZA**"). Under a delegated authority from the FIRB, IPAs have the power to grant incentives where the investment capital for a project equals ₱15 billion or below. All incentive applications for projects with investment capital exceeding ₱15 billion remain within the jurisdiction of the FIRB.

Under the CREATE Act, registered business enterprises ("**RBE**") engaged in projects or activities specified in the Strategic Investment Priority Plan ("**SIPP**"), the national development plan formulated by the BOI in coordination with the FIRB and the IPAs, may enjoy incentives to the extent of their approved registered project or activity under the SIPP. Generally, these incentives include the grant of ITH, Special Corporate Income Tax ("**SCIT**") rate, enhanced deductions ("**ED**"), duty exemption on importation of capital equipment, raw materials, spare parts, or accessories, and value-added tax exemption on importation and value-added tax zero-rating on local purchases.

The available incentives depend on the industry tier and geographic location of the registered activity and whether the production/output is for export or the domestic market. The incentives available to an export enterprise include (a) an ITH for a minimum of 4 years and a maximum of seven 7 years; (b) VAT and duty exemption on the importation of capital equipment, raw materials, spare parts, and accessories directly and exclusively used in the registered project or activity for 17 years from the date of registration with the IPA; and (c) VAT zero-rating on local purchases of goods and services directly and exclusively used in the registered project or activity, also for 17 years from the date of registration with the IPA. After the lapse of the ITH, and for a period of 10 years thereafter, an export enterprise may avail itself of (x) SCIT of 5% on gross income earned in lieu of all national and local taxes; or (y) ED for items such as additional depreciation, labor expenses, R&D expenses, training expenses, power expenses, and the carrying over of net operating losses.¹⁷ A domestic market enterprise is entitled to the same ITH incentive as an export enterprise but is entitled to duty exemption for only 12 years from the date of registration with the IPA, 5 years of ED after the lapse of the ITH, but no entitlement to the VAT incentive, and no option to avail of the SCIT.

In addition to the incentives above, projects or activities of registered enterprises located in areas recovering from an armed conflict or a major disaster, as determined by the Office of the President, shall be entitled to two additional years of ITH.

The period of availment of the foregoing incentives shall commence from the actual start of commercial operations with the RBE availing of the tax incentives within three years from the date of registration, unless otherwise provided in the SIPP and its corresponding guidelines.

On November 11, 2024, President Marcos Jr. signed into law Republic Act No. 12066 or the Corporate Recovery and Tax Incentives for Enterprises to Maximize Opportunities for Reinvigorating the Economy ("**CREATE MORE**"), which expanded the incentives granted under the CREATE Act. The CREATE

¹⁷ The CREATE MORE has revised the deductions allowed for export enterprises and domestic market enterprises.

MORE took effect on November 28, 2024. On February 17, 2025, the CREATE MORE IRR was promulgated and it will be effective immediately upon publication in a newspaper of general circulation.

Under CREATE MORE, an RBE may now enjoy income tax-based incentives ranging from 14 to 17 years (with an investment capital of ₱15 billion and below) or 24 to 27 years (with an investment capital above ₱15 billion), depending on the registered project's location and industry tier.

Under CREATE MORE, an RBE may opt for one of the following: (1) ITH followed by SCIT (for export RBEs only) or EDR; or (2) SCIT which may be granted immediately at the start of commercial operations (for export RBEs only); or (3) EDR, which may be granted immediately at the start of commercial operations. RBEs choosing the EDR incentive are subject to a lower corporate income tax of 20% of taxable income and further enhanced deductions, such as the 200% allowable deduction for power expenses.

CREATE MORE addressed the vague provisions under the CREATE Act and clarified that the SCIT is in lieu not only of national and local taxes, but also of local fees and charges, and that the duty and VAT exemption on importation and the VAT zero-rating on local purchases applies to those "directly attributable" to the registered project or activity, now statutorily defined as referring to "goods and services that are incidental to and reasonably necessary for the registered project or activity of the registered business enterprise, including janitorial, security, financial, consultancy, marketing and promotion services, and services rendered for administrative operations such as human resources, legal, and accounting."

CREATE MORE also provides that the local government unit may, through an ordinance, impose an RBE local tax ("**RBELT**") at the rate of not more than 2% of an RBE's gross income during the ITH and EDR, which shall be in lieu of all local taxes and local fees and charges imposed by the local government unit under the Local Government Code. However, the RBELT will not be imposed on RBEs under SCIT.

For a more detailed discussion, please refer to the section "*Philippine Taxation*".

Mass Housing

Mass housing projects are included in the enumeration of eligible projects or activities under the 2022 SIPP. BOI Memorandum Circular No. 2023-005 amended the 2022 SIPP and its specific guidelines in relation to mass housing by increasing the price ceiling for low-cost housing from ₱2.00 million to ₱3.00 million. In addition, BOI Memorandum Circular No. 2023-005 clarified that qualified housing projects are only eligible for ITH and duty exemption on capital equipment, raw materials, spare parts, or accessories and requires that 25% of a project's construction materials must be sourced from domestic manufacturers. Additionally, projects that are eligible for five to six years of ITH are required to submit proof of compliance with the requirement of 300 trees or 500 trees, respectively, planted within the project location itself and/or within the community where the project will be located within one year prior to availing the ITH.

Based on the latest BOI guidelines, economic and low-cost housing projects must meet the following criteria to qualify for registration: (a) the selling price of each housing unit shall not exceed ₱3,000,000.00 and shall not fall below the price ceiling of socialized housing based on the prevailing price ceiling issued by the DHSUD (*i.e.*, ₱2,500,000.00); (b) the project must be located outside the National Capital Region; (c) the project must have a minimum of 100 livable dwelling units in a single site or building; (d) the project must be new or expanding economic/low-cost housing project; and (e) for residential condominium projects, at least 51% of the total gross floor area must be devoted to housing units.

Economic housing projects with selling price not exceeding ₱2,500,000.00 are required to comply with the socialized housing requirement by building socialized housing units in an area equivalent to at least 15% of the total registered project area or total BOI-registered project cost for subdivision housing and 15% of the total floor area of qualified saleable housing units for residential condominium projects.

Further, low-cost housing projects with selling price exceeding ₱2,500,000.00 but not exceeding ₱3,000,000.00 must build socialized housing units in an area equivalent to at least 20% of the total

registered project area or total BOI-registered project cost for subdivision housing and 20% of the total floor area of qualified saleable housing units for residential condominium projects.

Special Economic Zone

A special economic zone or ecozone is a comprehensive land use plan generally created by proclamation of the President of the Philippines. These are areas earmarked by the government for development into balanced agricultural, industrial, commercial, and tourist/recreational regions.

An ecozone may contain any or all of the following: industrial estates, export processing zones, free trade zones, and tourist/recreational centers.

The PEZA is the government agency that operates, administers, and manages designated special economic zones. It is tasked to promote investments, extend assistance, register, grant incentives to, and facilitate the business operations of investors in export-oriented manufacturing and service facilities inside PEZA special economic zones. The Special Economic Zone Act of 1995, as amended by the CREATE Act and CREATE MORE, provides for the legal framework and mechanisms for the creation, operation, administration, and coordination of special economic zones in the Philippines.

PEZA-registered enterprises located in an ecozone are entitled to fiscal and non-fiscal incentives such as ITH, SCIT, EDR, duty-free importation of equipment, machinery, and raw materials, and VAT zero-rating as discussed above.

Enterprises offering IT services (such as call centers and other Business Process Outsourcing firms using electronic commerce) located in a PEZA-registered IT Park, IT Building, or Ecozone, are entitled to fiscal and non-fiscal incentives as provided under the CREATE Act. An IT Park is an area that has been developed into a complex capable of providing infrastructure and support facilities required by IT enterprises, as well as amenities required by professionals and workers involved in IT enterprises, or easy access to such amenities. An IT Building is an edifice, a portion or the whole of which, provides such infrastructure, facilities, and amenities.

PEZA requirements for the registration of an IT Park or IT Building vary depending on whether it is located within or outside Metro Manila. These PEZA requirements include clearances or certifications issued by the city or municipal legislative council, the DAR, the National Water Resources Board, and the DENR.

Enterprises registered with IPAs and enjoying incentives prior to the effectivity of the CREATE Act are allowed to continue availing their incentive subject to the following sunset provisions:

- a. Those enjoying the ITH are allowed to continue with the availment of the ITH for the remaining period of the ITH as specified in the terms and conditions of their registration;
- b. Those granted ITH but have not yet availed of the incentive may use the ITH for the period as specified in the terms and conditions of their registration;
- c. Those granted ITH and are entitled to the 5% tax on gross income earned incentive after the ITH shall be allowed to avail of the 5% tax on gross income provided the 5% tax shall be allowed for only 10 years; and
- d. Those availing of the 5% tax on gross income earned shall be allowed to continue availing the tax incentive at the rate of 5% for 10 years.

Under CREATE MORE, RBEs granted only an ITH prior to the effectivity of the CREATE Act shall be allowed to continue with the availment thereof for the remaining period of the ITH. RBEs granted an ITH prior to the effectivity of the CREATE Act and that are entitled to the SCIT after the ITH shall be allowed to use the ITH for the period specified in the terms and conditions of their registration and thereafter avail of the SCIT until December 31, 2034. RBEs currently availing of the SCIT prior to the effectivity of the CREATE Act shall be allowed to continue availing said tax incentive until December 31, 2034. RBEs currently availing non-income tax-based incentives such as duty and VAT exemption on importation and

VAT zero-rating on local purchases prior to the effectivity of the CREATE Act shall be allowed to continue availing the said incentives until December 31, 2034.

Anti-Money Laundering Act and its Amendments

Republic Act No. 9160, or the Anti-Money Laundering Act of 2001 (as amended, “**AMLA**”), criminalizes, among other acts, the act of making the proceeds or money from an unlawful activity appear to have originated from legitimate sources. To monitor or detect these transactions, covered institutions or persons are required to report (a) transactions that meet a minimum threshold amount; and (b) transactions considered suspicious, regardless of whether such meet the minimum threshold amount, to the Anti-Money Laundering Council (“**AMLC**”).

In 2013, the AMLA was amended by Republic Act No. 10365 to consider the failure to report covered or suspicious transactions a money laundering offense. The AMLA was further amended in 2021 by Republic Act No. 11521, which took effect on 30 January 2021, making REDs, REBs, covered persons. Thus, REDs and REBs are now required to report covered and suspicious transactions to the AMLC.

For REBs and REDs, covered transaction refers to a single cash transaction involving an amount in excess of ₱7,500,000.00 or its equivalent in any other currency.

While suspicious transactions are those: (i) with no underlying legal or trade obligation, purpose, or economic justification; (ii) client is not properly identified; (iii) the amount involved is not commensurate to the client’s financial capacity; (iv) perceived to be structured to avoid being reported or are related to any unlawful activity; (v) involves any circumstance that deviates from the client’s profile or past transactions with covered persons; and (vi) any transaction that is similar or analogous to any of the foregoing.

Under Section 42 of AMLC Regulatory Issuance (B) No. 1 Series of 2018, all covered and suspicious transactions must be reported to the AMLC within five days from occurrence. For suspicious transactions, “occurrence” is the date of determination of the suspicious nature of the transaction, which shall be made not more than 10 days from date of transaction.

To enable covered persons to file reports, Sec. 4, Rule 22 of the 2018 Implementing Rules and Regulations (“**2018 AMLA IRR**”) provides that all covered persons shall register with the AMLC’s electronic reporting system in accordance with the registration and reporting guidelines. Registration with the AMLC is online and free. The 2018 AMLA IRR further provides that for existing covered persons who were not yet registered shall not be cited for non-registration, provided that they shall apply for registration 30 working days from effectivity of the 2018 AMLA IRR. Newly covered persons shall apply for registration within 30 working days from the issuance of license by their respective government agencies. REDs and REBs must have registered with the AMLC by March 16, 2021.

Company Policies on Anti-Money Laundering and Countering the Financing of Terrorism

AMLC Regulatory Issuance No. 03, series of 2021 or the 2021 Anti-Money Laundering / Counter-Terrorism Financing Guidelines for Designated Non-Financial Businesses and Professions provides that REDs and REBs must apply the following principles in their businesses: (a) conformity with high ethical standards and observance of good corporate governance; (b) know sufficiently their customers and clients; (c) adopt and effectively implement an appropriate Anti-Money Laundering and/or Countering the Financing of Terrorism risk management system; (d) comply fully with existing Anti- Money Laundering and Terrorist Financing laws and regulations; and (e) full cooperation with the AMLC.

The following are also required: (a) designation of Compliance Officer and/or Office; (b) implementation of a money laundering and terrorism financing prevention program; (c) establishment of an internal controls and internal audit program; (d) adoption of a policy on customer due diligence; (e) adoption of a monitoring and reporting system; (f) keeping of records of customers’ transactions and documents during customer due diligence for five years; (g) creation of a relevant employee training program on

anti-money laundering and countering terrorist financing; (h) adoption of written procedures for cooperating and complying with investigations, assessments, directives and orders of the AMLC, appropriate government agencies and the courts; and (i) identification and assessment of money laundering/ terrorist financing risks that may arise in relation to the development of new products and business practices.

Philippine Competition Act

Republic Act No. 10667, or the Philippine Competition Act ("**PCA**"), is the primary competition policy of the Philippines. It aims to enhance economic efficiency and promote free and fair competition in trade, industry, and all commercial economic activities.

The PCA prohibits and imposes sanctions on:

1. Anti-competitive agreements between or among competitors, which restrict competition as to price or other terms of trade, and those fixing price at an auction or in any form of bidding, including cover bidding, bid suppression, bid rotation and market allocation, and other analogous practices of bid manipulation; and those which have the object or effect of substantially preventing, restricting, or lessening competition;
2. Practices which are regarded as abuse of dominant position, by engaging in conduct that would substantially prevent, restrict, or lessen competition; and
3. Merger or acquisitions which substantially prevent, restrict, or lessen competition in the relevant market or in the market for goods or services.

The PCA, as amended, provides for mandatory notification to the Philippine Competition Commission ("**PCC**") where the value of such transaction exceeds ₱2,900,000,000.00 ("**Size of Transaction**"), and where the size of the ultimate parent entity of either party exceeds ₱7,000,000,000.00 ("**Size of Party**"). Notification is also mandatory for JV transactions if either (a) the aggregate value of the assets that will be combined in the Philippines or contributed into the proposed JV exceeds ₱2,900,000,000.00; or (b) the gross revenues generated in the Philippines by the assets to be combined in the Philippines or contributed into the proposed JV exceed ₱2,900,000,000.00. Pursuant to PCC Resolution No. 01-2024, starting March 1, 2024, mergers and acquisitions that exceed a size of party of ₱7,800,000,000.00 and the value of transaction exceeds ₱3,200,000,000.00. On March 1, 2025, the notification thresholds were further adjusted by PCC Commission Resolution No. 04-2025 such that effective March 1, 2025, parties to a merger or acquisition are required to provide notification when Size of Party exceeds ₱8,500,000,000.00 while Size of Transaction exceeds ₱3,500,000,000.00. The revised thresholds shall also apply to JV transactions.

The PCC may conduct investigation of any merger that it has reasonable grounds to believe is likely to substantially prevent, restrict, or lessen competition in the market. There may be reasonable grounds to believe that a merger is likely to or has substantially prevent, restrict, or lessen competition in the market where there are preliminary indications that customers may be adversely affected, there are possibilities for foreclosure, a high degree of market concentration exists, either of the merger parties has high market shares, the merger takes place in a critical industry, among others.

Data Privacy Law

Republic Act No. 10173: Data Privacy Act of 2012

The Data Privacy Act of 2012 was enacted to protect the fundamental human right to privacy while ensuring the free flow of information and regulating the collection, recording, organization, storage, updating or modification, retrieval, consultation, use, consolidation, blocking, erasure or destruction of personal data, all in compliance with international standards set for data protection through the National Privacy Commission. It applies to the processing of all types of information, whether that be of individuals or legal entities, except for publicly available information or those required for public functions. The law provides that when an entity collects personal data, the purpose and extent of processing of such information collected must be legitimate and declared specifically to the owner of the personal

information (*i.e.*, whether such information will be used for marketing, data-sharing, and the like), and that consent must be obtained from the owner. This requirement applies to all data collectors and data processors. The term “data collectors” refers to a natural or juridical person who controls or supervises the person collecting, storing, or processing the relevant personal information, while the term “data processors” refers to a natural or juridical person who processes the information, whether or not outsourced by the data collector.

The processing of personal information shall be allowed, subject to compliance with the requirements of the Data Privacy Act of 2012 and other laws allowing disclosure of information to the public and adherence to the principles of transparency, legitimate purpose, and proportionality. Personal information that is collected must be retained only for a reasonable period of time. Such a reasonable period of time is the reasonable amount of time the collector needs the information for its purposes, and the collector must notify the owner of the personal information of that duration. The data collector must implement appropriate measures for the storage and protection of the collected personal information from accidental alteration, destruction, disclosure, and unlawful processing. Furthermore, the data controller must assign compliance officer(s) to ensure compliance with the provisions of the data privacy law and its accompanying implementing rules and regulations.

The data subject is entitled to the following: (1) right to be informed; (2) right to object; (3) right to access; (4) right to rectification; (5) right to erasure or blocking; (6) right to damages; (7) right to file a complaint; and (8) right to data portability.

Labor Laws

Republic Act No. 11199: Social Security Act of 2018

An employer or any person who uses the services of another person in business, trade, industry, or any undertaking is required under Republic Act No. 11199, or the Social Security Act of 2018, to ensure coverage of employees following procedures set out by the law and the SSS. Under the Social Security Act of 2018, an employer must deduct from its employees their monthly contributions in an amount corresponding to his salary, wage, compensation, or earnings during the month in accordance with the monthly salary credits, the schedule, and the rate of contributions as may be determined and fixed by the Social Security Commission, pay its share of contribution, and remit these to the SSS within a period set by law and/or SSS regulations. This enables the employees or their dependents to claim their pension, death benefits, permanent disability benefits, funeral benefits, sickness benefits, and maternity-leave benefits.

The failure of the employer to comply with any of its obligations may lead to the imposition of a fine of not less than ₱5,000.00 nor more than ₱20,000.00, or imprisonment for not less than six years and one day nor more than 12 years, or both, at the discretion of the court. The erring employer will also be liable to the SSS for damages equivalent to the benefits to which the employee would have been entitled had his name been reported on time to the SSS and for the corresponding contributions and penalties thereon.

Republic Act No. 9679: Home Development Mutual Fund Law of 2009

Under Republic Act No. 9679, or the Home Development Mutual Fund Law of 2009, all employees who are covered by the SSS must also be registered with and covered by the Home Development Mutual Fund, more commonly referred to as the Pag-IBIG Fund. It is a national savings program as well as a fund providing affordable shelter financing to Filipino workers. Coverage under the Pag-IBIG Fund is compulsory for all SSS members and their employers. Under the law, an employer must deduct and withhold 2% of the employee’s monthly compensation, up to a maximum of ₱5,000.00, and likewise make a counterpart contribution of 2% of the employee’s monthly compensation, and remit the contributions to the Pag-IBIG Fund. Refusal of an employer to comply, without any lawful cause or with fraudulent intent, particularly with respect to registration of employees as well as collection and remittance of contributions, is punishable by a fine of not less but not more than twice the amount involved, or imprisonment of not more than six years, or both such fine and imprisonment. When the offender is a corporation, the penalty will be imposed upon the members of the governing board and the president or general manager, without prejudice to the prosecution of related offenses under the Revised

Penal Code and other laws, revocation and denial of operating rights and privileges in the Philippines and deportation when the offender is a foreigner.

Republic Act No. 10606: the National Health Insurance Act of 2013; Republic Act No. 11223: Universal Health Care Act

Employers are likewise required to ensure enrollment of its employees in a National Health Insurance Program administered by the Philippine Health Insurance Corporation ("**PhilHealth**"), a government corporation attached to the Department of Health tasked with ensuring sustainable, affordable, and progressive social health insurance pursuant to the provisions of Republic Act No. 10606, or the National Health Insurance Act of 2013.

On February 20, 2019, Republic Act No. 11223, or the Universal Health Care Act, was enacted, which amended certain provisions of the National Health Insurance Act of 2013. Under the said law, all Filipino citizens are now automatically enrolled into the National Health Program ("**NHIP**"). However, membership is classified into two types: (i) direct contributors; and (ii) indirect contributors. Direct contributors refer to those who have the capacity to pay premiums, are gainfully employed and are bound by an employer-employee relationship, or are self-earning, professional practitioners, migrant workers, including their qualified dependents, and lifetime members. On the other hand, indirect contributors refer to all others not included as direct contributors, as well as their qualified dependents, whose premium shall be subsidized by the national government including those who are subsidized as a result of special laws. Every member is also granted immediate eligibility for health benefit package under the program.

Any employer who deliberately or through inexcusable negligence, fails or refuses to register employees regardless of their employment status, accurately and timely deduct contributions from the employee's compensation, or accurately and timely remit or submit the report of the same to PhilHealth shall be punished with a fine of ₱50,000.00 for every violation per affected employee, or imprisonment of not less than six months but not more than one year, or both such fine and imprisonment, at the discretion of the court.

Any employer who deducts, directly or indirectly, from the compensation of the covered employees or otherwise recover from them the employer's own contribution on behalf of such employees shall be punished with a fine of ₱5,000.00 multiplied by the total number of affected employees or imprisonment of not less than six (6) months but not more than one (1) year, or both such fine and imprisonment, at the discretion of the court.

DOLE Department Order No. 174-17

The Labor Code of the Philippines recognizes subcontracting arrangements, whereby a principal puts out or farms out with a contractor the performance or completion of a specific job, work, or service within a definite or predetermined period, regardless of whether such job, work, or service is to be performed or completed within or outside the premises of the principal. Such arrangements involve a "trilateral relationship" among: (i) the principal who decides to farm out a job, work, or service to a contractor; (ii) the contractor who has the capacity to independently undertake the performance of the job, work, or service; and (iii) the contractual workers engaged by the contractor to accomplish the job, work, or service.

On March 16, 2017, the DOLE issued Department Order No. 174-17 or Rules Implementing Articles 106 to 109 of the Labor Code of the Philippines, as Amended ("**D.O. No. 174-17**"), under the principle that non-permissible forms of contracting and subcontracting arrangements undermine the constitutional and statutory right to security of tenure of workers. D.O. No. 174-17 empowered the Secretary of Labor and Employment to regulate contracting and subcontracting arrangement by absolutely prohibiting labor-only contracting, and restricting job contracting allowed under the provisions of the Labor Code of the Philippines.

Labor-only contracting, which is totally prohibited, refers to an arrangement where:

1.

- a. The contractor or subcontractor does not have substantial capital (refers to paid-up capital stock/shares or net worth of at least ₱5,000,000.00), or
- b. The contractor or subcontractor does not have investments in the form of tools, equipment, machineries, supervision, work premises, among others,

and

- c. The contractor's or subcontractor's employees recruited and placed are performing activities which are directly related to the main business operation of the principal;

or

- 2. The contractor or subcontractor does not exercise the right to control over the performance of the work of the employee.

D.O. No. 174-17 expressly requires the registration of contractors with the Regional Office of the DOLE where it principally operates, without which, a presumption that the contractor is engaged in labor-only contracting arises.

D.O. No. 174-17 provides that in the event that there is a finding that the contractor or subcontractor is engaged in labor-only contracting and other illicit forms of employment arrangements, the principal shall be deemed the direct employer of the contractor's or subcontractor's employees. Further, in the event of violation of any provision of the Labor Code of the Philippines, including the failure to pay wages, there exists a solidary liability on the part of the principal and the contractor for purposes of enforcing the provisions of the Labor Code of the Philippines and other social legislations, to the extent of the work performed under the employment contract.

PHILIPPINE TAXATION

The following is a discussion of the material Philippine tax consequences of the acquisition, ownership, and disposition of the Bonds. This general description does not purport to be a comprehensive description of the Philippine tax aspects of the Bonds and no information is provided regarding the tax aspects of acquiring, owning, holding or disposing of the Bonds under applicable tax laws of other applicable jurisdictions and the specific Philippine tax consequence in light of particular situations of acquiring, owning, holding, and disposing of the Bonds in such other jurisdictions. This discussion is based upon laws, regulations, rulings, and income tax conventions (treaties) in effect at the date of this Offer Supplement.

The tax treatment of a holder of Bonds may vary depending upon such holder's particular situation, and certain holders may be subject to special rules not discussed below. This summary does not purport to address all tax aspects that may be important to a holder of Bonds.

PROSPECTIVE PURCHASERS OF THE BONDS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES OF THE BONDS, INCLUDING THE APPLICABILITY AND EFFECT OF ANY LOCAL OR FOREIGN TAX LAWS.

As used in this section, the term "resident alien" refers to an individual whose residence is within the Philippines and who is not a citizen thereof; a "nonresident alien" is an individual whose residence is not within the Philippines and who is not a citizen thereof. A nonresident alien who is actually within the Philippines for an aggregate period of more than 180 days during any calendar year is considered a "nonresident alien engaged in trade or business within the Philippines," otherwise, such nonresident alien who is actually within the Philippines for an aggregate period of 180 days or less during any calendar year is considered a "nonresident alien individual not engaged in trade or business within the Philippines." A "domestic corporation" is a corporation created or organized in the Philippines or under its laws. A "resident foreign corporation" is a foreign corporation or a non-domestic corporation engaged in trade or business within the Philippines; and a "nonresident foreign corporation" is a foreign corporation or non-domestic corporation not engaged in trade or business within the Philippines.

Philippine Taxation

On January 1, 2018, Republic Act No. 10963, otherwise known as the Tax Reform for Acceleration and Inclusion ("**TRAIN Law**"), took effect. The TRAIN Law amended certain provisions of the National Internal Revenue Code of 1997 ("**Tax Code**") by simplifying income tax, estate and donor's taxes, expanding the VAT base and introducing additional items that would be subject to excise taxes. It is the first of five packages of the Comprehensive Tax Reform Program of the Philippine government.

On April 11, 2021, Republic Act No. 11534, or the CREATE Act took effect. The CREATE Act is the second package of the tax reform program of the Philippine government which brought about numerous changes with respect to corporate income tax rates, capital gains tax on the sale of shares of stock not traded in the stock exchange, among others.

Below are some of the salient provisions of the CREATE Act:

- (i) Effective July 1, 2020, corporate income tax is reduced from 30% to 25% imposed upon the taxable income derived during each taxable year from all sources within and without the Philippines by every domestic corporation.¹⁸

¹⁸ The term 'corporation' shall include OPCs, partnerships, no matter how created or organized, joint stock companies, joint accounts, associations, or insurance companies, but does not include general professional partnerships and a JV or consortium formed for the purpose of undertaking construction projects or engaging in petroleum, coal, geothermal and other energy operations pursuant to an operating consortium agreement under a service contract with the Government.

Domestic corporations with a net taxable income not exceeding ₱5 million and with total assets not exceeding ₱100 million, excluding the land on which the particular business entity's office, plant and equipment are situated during the taxable year for which the tax is imposed, shall be taxed at 20%.

- (ii) Effective July 1, 2020, income tax at the rate of 25% of the taxable income derived from all sources within the Philippines is imposed on foreign corporations engaged in trade or business in the Philippines.
- (iii) Effective January 1, 2021, a foreign corporation not engaged in trade or business in the Philippines shall pay a tax equal to 25% of the gross income received during each taxable year from all sources within the Philippines.
- (iv) Effective July 1, 2020 until 30 June 2023, the minimum corporate income tax rate ("**MCIT**") is reduced from 2% to 1% on the gross income of domestic and resident foreign corporations. Any excess of the MCIT over the ordinary corporate income tax shall be carried forward and credited against the latter for the three immediately succeeding taxable years. Subject to certain conditions, the MCIT may be suspended for corporations which suffer losses on account of a prolonged labor dispute, or because of force majeure, or because of legitimate business reverses. Effective July 1, 2023, the MCIT reverts to 2%.
- (v) Effective January 1, 2022, regional operating headquarters shall be subject to the regular corporate income tax of 25% or MCIT of 1% (until June 30, 2023)/ 2%, whichever is higher.
- (vi) The improperly accumulated earnings tax shall no longer be imposed on corporations upon the effectivity of the CREATE Act onwards.
- (vii) A final tax at the rate of 15% is imposed upon the net capital gains realized during the taxable year from the sale, barter, exchange, or other disposition of shares of stock in a domestic corporation, except shares sold or disposed of through the stock exchange.

On November 28, 2024, Republic Act No. 12066, or the Corporate Recovery and Tax Incentives for Enterprises to Maximize Opportunities for Reinvigorating the Economy ("**CREATE MORE**") Act, took effect. On February 17, 2025, the CREATE MORE IRR was signed. CREATE MORE expanded the CREATE Act and enhanced the tax incentives granted under CREATE.

Below are some salient provisions of CREATE MORE:

- (i) A reduced corporate income tax rate of 20% applies to Registered Business Enterprises ("**RBEs**") under the Enhanced Deductions Regime ("**EDR**") on taxable income derived from registered projects or activities.
- (ii) Domestic Market Enterprises ("**DMEs**") that have an investment capital of at least ₱15 billion and are either import-substituting, or with export sales of at least USD100 million are entitled to avail of VAT zero rate on local purchases and VAT exemption on importation.
- (iii) VAT zero-rating for local purchases of goods and services was clarified to include services that are incidental to and reasonably necessary for the registered activity of the RBEs, including but not limited to janitorial, security, financial, consultancy, marketing and promotional services, and administrative operations such as human resources, legal, and accounting services.
- (iv) A local tax on RBEs ("**RBELT**") at a rate of up to 2% of gross income, in lieu of all local taxes and fees, may be imposed by local government units on RBEs enjoying the income tax holiday or EDR.

On May 30, 2025, President Marcos, Jr. signed into law Republic Act No. 12214, or Capital Market Efficiency Promotion Act ("**CMEPA**") and took effect on July 1, 2025. The key provisions of CMEPA, include, but are not limited to, reduction of tax on the sale or exchange of shares of stock listed and

traded through the PSE from 0.6% to 0.1%; and the reduction of documentary stamp tax on the original issue of shares of stock from 0.1% to 75% of 1% of the par value of shares of stock.

Taxation of Interest

The Tax Code provides that interest-bearing obligations of Philippine residents are Philippine-sourced income subject to Philippine income tax. Interest income derived by Philippine citizens and resident aliens from the Bonds is thus subject to income tax, which is withheld at source, at the rate of 20% based on the gross amount of interest. Generally, interest on the Bonds received by non-resident aliens engaged in trade or business in the Philippines is subject to a 20% final withholding tax while that received by non-resident aliens not engaged in trade or business within the Philippines is subject to a final withholding tax rate of 25%. Interest income received by domestic corporations and resident foreign corporations from the Bonds is subject to a final withholding tax of 20%. Interest income received by non-resident foreign corporations from the Bonds is subject to a 25% final withholding tax.

The foregoing rates imposed on non-resident aliens not engaged in trade or business in the Philippines and non-resident foreign corporations may be subject to further reduction by any applicable tax treaties in force between the Philippines and the country of residence of the non-resident income recipient. Most tax treaties to which the Philippines is a party generally provide for a reduced tax rate of 10% in cases where the interest arises in the Philippines in respect of a public issue of bonded indebtedness and is paid to a resident of the other contracting state. However, most tax treaties also provide that reduced withholding tax rates shall not apply if the recipient of the interest, who is a resident of the other contracting state, carries on business in the Philippines through a permanent establishment and the holding of the relevant interest-bearing instrument is effectively connected with such permanent establishment or perform in the Philippines professional services from a fixed base and the holding of the relevant interest-bearing instrument is effectively connected with such permanent establishment or fixed base.

Given the above, all Bondholders are required to provide the Issuer through the Paying Agent their valid Tax Identification Numbers issued by the BIR and/or otherwise comply with the requirements of the BIR to avail of preferential treaty rates, as may be applicable.

Tax-Exempt Status or Entitlement to Preferential Rate

The Philippine tax authorities have prescribed certain procedures for claiming tax treaty benefits for interest income of non-resident income earners. Under Revenue Memorandum Order No. 14-2021, withholding agents or income payors may withhold tax on interest income payable to the non-resident income earner at the regular rate or at the applicable preferential tax rate depending on the documents submitted to the withholding agent or income payor. As clarified under Revenue Memorandum Circular No. 77-2021 and RMC No. 20-2022, this includes the submission by the non-resident income earner to the withholding agent of a copy of a BIR-issued Certificate of Entitlement to Treaty Benefit and an updated Tax Residency Certificate for the relevant period and duly issued by the foreign tax authority in which the income earner is a resident. If without a previously issued BIR Certificate of Entitlement to Treaty Benefit, the non-resident income earner is required to submit a duly signed and executed BIR Form No. 0901-I (Tax Treaty Relief Application for Interest Income) together with the updated Tax Residency Certificate and relevant provisions of the applicable tax treaty to the withholding agent prior to its payment of interest income. Failure to submit the aforementioned requirements would result in the application by the withholding agent of the regular rates under the Tax Code. Further thereto, and when treaty rates have been applied by the withholding agent, a request for confirmation should be filed by the withholding agent with the International Tax Affairs Division of the BIR on the propriety of the withholding tax rate used, together with all the documentary requirements under Revenue Memorandum Order No. 14-2021 and its allied issuances, and within the deadline set forth therein, which in no case shall be later than the last day of the fourth month following the close of the taxable year. If the withholding agent applied the regular rates under the Tax Code, the non-resident income earner may file a tax treaty relief application with complete documentary requirements with the International Tax Affairs Division. The non-resident income earner may also file a claim for refund within the two-year prescriptive period provided under Section 229 of the Tax Code. The claim for refund may be filed simultaneously with the tax treaty relief application.

For claims of tax exemption, BIR Revenue Memorandum Circular No. 8-2014 mandates withholding agents to require from individuals and entities claiming tax exemption a copy of a valid, current, and subsisting tax exemption certificate or ruling before payment of the related income. The tax exemption certificate or ruling must explicitly recognize the tax exemption, as well as the corresponding exemption from withholding tax. Failure on the part of the taxpayer to present the said tax exemption certificate or ruling shall subject the taxpayer to the payment of the appropriate withholding taxes due on the transaction.

If the withholding agent withheld taxes, or withheld the regular rate of tax imposed on interest under the Tax Code, the concerned Bondholder may file a claim for refund from the Philippine taxing authorities on the basis of a tax exemption certificate or ruling, or a certificate confirming the non-resident income recipient's entitlement to treaty benefits.

Value-Added Tax ("VAT")

Gross receipts arising from the sale of the Bonds in the Philippines by dealers in securities shall be subject to a 12% VAT. The term "gross receipt" means gross selling price less acquisition cost of the Bonds sold.

"Dealer in securities" means a merchant of stock or securities, whether an individual partnership or corporation, with an established place of business, regularly engaged in the purchase of securities and their resale to customers, that is, one who as a merchant buys securities and sells them to customers with a view to the gains and profits that may be derived therefrom.

Gross Receipts Tax

Bank and non-bank financial intermediaries performing quasi-banking functions are subject to gross receipts tax on gross receipts derived from sources within the Philippines in accordance with the following schedule:

On interest, commissions and discounts from lending activities as well as income from financial leasing, on the basis of remaining maturities of instruments from which such receipts are derived:

- Maturity period is five years or less: 5%
- Maturity period is more than five years: 1%

Non-bank financial intermediaries not performing quasi-banking functions doing business in the Philippines are likewise subject to gross receipts tax. Gross receipts of such entities derived from sources within the Philippines from interests, commissions and discounts from lending activities are taxed in accordance with the following schedule based on the remaining maturities of the instruments from which such receipts are derived:

- Maturity period is five years or less: 5%
- Maturity period is more than five years: 1%

In case the maturity period of the instruments held by banks, non-bank financial intermediaries performing quasi-banking functions and non-bank financial intermediaries not performing quasi-banking functions is shortened through pre-termination, then the maturity period shall be reckoned to end as of the date of pre-termination for purposes of classifying the transaction and the correct rate shall be applied accordingly.

Net trading gains realized within the taxable year on the sale or disposition of the Bonds by banks and nonbank financial intermediaries performing quasi-banking functions shall be taxed at 7%.

Documentary Stamp Tax

A documentary stamp tax is imposed upon the original issuance of debt instruments issued by Philippine companies, such as the Bonds, at the rate of 75% of 1% of the issue price of such debt instruments; provided that, for debt instruments with terms of less than one year, the documentary

stamp tax to be collected shall be of a proportional amount in accordance with the ratio of its term in number of days to 365 days.

The documentary stamp tax is collectible wherever the document is made, signed, issued, accepted, or transferred, when the obligation or right arises from Philippine sources, or the property is situated in the Philippines. Any applicable documentary stamp taxes on the original issue shall be paid by the Issuer for its own account.

Taxation on Sale or Other Disposition of the Bonds

Income Tax

Any gain realized from the sale, exchange or retirement of bonds will, as a rule, form part of the gross income of the sellers, for purposes of computing the relevant taxable income subject to the regular rates of 0% to 35% for individuals who are Philippine citizens, whether residents or non-residents, or resident foreign individuals or non-resident aliens engaged in trade or business in the Philippines, 25% regular withholding tax for non-resident alien not engaged in trade or business in the Philippines, 25% regular corporate income tax or 20% regular corporate income tax for domestic corporations with net taxable income not exceeding ₱5 million and with total assets (excluding land on which the corporation's office, plant, and equipment are situated) not exceeding ₱100 million, or 2% MCIT, as the case may be, for domestic and resident foreign corporations, and 25% final withholding tax for non-resident foreign corporations. If the bonds are sold by a seller, who is an individual and who is not a dealer in securities, who has held the bonds for a period of more than 12 months prior to the sale, only 50% of any capital gain will be recognized and included in the sellers' gross income.

Under the Tax Code, as amended by CMEPA, gains realized by an investor upon redemption of shares of stock in a mutual fund company, or units of participation in a mutual fund or unit investment trust fund shall be excluded from gross income, provided, that prior to such redemption, final taxes due on realized gains have been previously withheld at the level of the underlying assets.

Moreover, any gain arising from such sale, regardless of the original maturity date of the Bonds, may be exempt from income tax pursuant to various income tax treaties to which the Philippines is a party, and subject to procedures prescribed by the BIR for the availment of tax treaty benefits.

Estate and Donor's Tax

The transfer by a deceased person, whether a Philippine resident or a non-Philippine resident, to his heirs of the Bonds shall be subject to an estate tax which is levied on the net estate of the deceased at a fixed rate of 6%. A Bondholder shall be subject to donor's tax at the rate of 6% based on the total gifts in excess of ₱250,000 exempt gift made during the calendar year, whether the donor is a stranger or not.

The estate or donor's taxes payable in the Philippines may be credited with the amount of any estate or donor's taxes imposed by the authority of a foreign country, subject to limitations on the amount to be credited, and the tax status of the donor.

The estate tax and donor's tax, in respect of the Bonds, shall not be collected (i) if the deceased, at the time of death, or the donor, at the time of the donation, was a citizen and resident of a foreign country which, at the time of his death or donation, did not impose a transfer tax of any character in respect of intangible personal property of citizens of the Philippines not residing in that foreign country; or (ii) if the laws of the foreign country of which the deceased or donor was a citizen and resident, at the time of his death or donation, allows a similar exemption from transfer or death taxes of every character or description in respect of intangible personal property owned by citizens of the Philippines not residing in the foreign country.

In case the securities are transferred for less than an adequate and full consideration in money or money's worth, the amount by which the fair market value of the securities exceeded the value of the consideration may be deemed a gift and may be subject to donor's taxes. However, a sale, exchange, or other transfer made in the ordinary course of business (a transaction which is a bona fide, at arm's

length, and free from any donative intent), will be considered as made for an adequate and full consideration in money or money's worth.

Documentary Stamp Tax

No documentary stamp tax is imposed on the subsequent sale or disposition of the Bonds, trading the Bonds in a secondary market or through an exchange, provided that such sale or disposition does not constitute a renewal or extension of maturity of the Bonds or carried with it a renewal or issuance of new instruments in the name of the transferee to replace the old ones. However, if the transfer constitutes a renewal of the Bonds, documentary stamp tax is payable anew.

Taxation Outside the Philippines

The tax treatment of non-resident Bondholders in jurisdictions outside the Philippines may vary depending on the tax laws applicable to such Bondholder by reason of domicile or business activities and such Bondholder's particular situation. This Offer Supplement does not discuss the tax considerations on such non-resident Bondholders under laws other than those of the Philippines.

INDEPENDENT AUDITORS AND COUNSEL

Legal Matters

All legal issues relating to the issuance of the Offer Bonds shall be passed upon by SyCipLaw as counsel for the Joint Lead Underwriters and Joint Bookrunners, and by the Issuer's in-house legal counsels, Atty. Larri-Neil G. Veloso and Atty. John Edmar G. Garde.

SyCipLaw may, from time to time, be engaged by the Issuer to advise in its transactions and perform legal services on the same basis that they provide such services to their other clients.

Atty. Ricardo Abangan Boligao, Jr., an independent external counsel for Issuer, issued the opinion on the legality and validity of the Offer, on the taxation applicable to the Offer, and the permits and licenses held by the Issuer.

The named independent legal counsels have not acted and will not act as promoter, underwriter, voting trustee, officer, or employee of the Issuer.

Independent Auditors

P&A, the independent auditors, audited the financial statements of the Issuer as of and for the years ended December 31, 2024, 2023, and 2022, and reviewed the interim statements as of and for the six (6)-month period ended June 30, 2025 and 2024 which are all included in the Offer Supplement. For the Issuer's financial year ended December 31, 2024 financial statements, P&A's engagement and signing partner was Renan A. Piamonte (CPA Reg. No. 0107805; Partner- No. 107805-SEC, until December 31, 2025).

The following is the summary of the audit and non-audit fees paid to P&A for the fiscal years ended December 31, 2024, 2023, and 2022 and interim statement as of and for the six (6)-month period ended June 30, 2025 (exclusive of the 12% VAT):

	6M 2025	2024	2023	2022
Audit fees	1,368,457	6,900,040	6,073,200	5,280,800
Other fees	1,788,000	4,776,170	2,700,000	-
Total	3,156,457	11,676,210	₱8,773,200	₱5,280,800

* As of June 30, 2025, CLI has incurred ₱3,156,457.00 of Audit and Other fees. The amount includes fees for the special audit of the financial statements for the six-month period ending June 30, 2025 for the issuance of a comfort letter relative to the Offer.

The Company does not have any tax engagement fees for the six (6)-month period ended June 30, 2025.

Total fees paid to P&A for the year ended December 31, 2024 amounted to ₱11,676,210.00. This includes external audit fees which increased due to an additional number of projects that became operational.

CLI's Audit Committee also evaluates and determines the non-audit work, if any, of the external auditor. It approves all non-audit services conducted by the external auditor and disallows the same if it will conflict with its duties as an external auditor or will otherwise pose a threat to its independence.

For the fiscal year ended December 31, 2023, the CLI Audit Committee reviewed, evaluated, and pre-approved the non-audit services of the external auditor. The non-audit services conducted by P&A pertain to tax services, specifically on the review of CLI's Information Return on Transactions with Related Party (BIR Form 1709). The scope of work involves the consultancy, review, and guidance on the preparation and filing of BIR Form 1709 to the BIR, as attachment to the FY2022 Annual Income Tax Return. The non-audit fees of the aforementioned tax services amounted to ₱69,000.00 (exclusive of the 12% VAT).

For the 2023-2024 term of directors, CLI's Audit Committee is composed of four qualified non-executive directors, three of whom, including the Chairperson, are independent directors. All the members of the Audit Committee have relevant background, knowledge, skills and/or experience in the areas of accounting, auditing, and finance. Ma. Aurora D. Geotina-Garcia, the Chairperson of the CLI Audit Committee, has not been appointed as the Chairman / Chairperson of the CLI Board or of any other committee.

P&A has no shareholdings in the Issuer, or any right, whether legally enforceable or not, to nominate or to subscribe to the securities of the Issuer, in accordance with the professional standards on independence set by the Board of Accountancy and Professional Regulation Commission.

The named independent auditor has not acted and will not act as promoter, underwriter, voting trustee, officer, or employee of the Issuer. CLI has no disagreements with P&A on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure.

FINANCIAL INFORMATION

The succeeding pages set forth the audited financial statements of CLI as of December 31, 2024, 2023, and 2022 and the consolidated interim financial statements as of and for the six (6) months ended June 30, 2025 and 2024.

Opinion

We have audited the consolidated financial statements of Cebu Landmasters, Inc. and Subsidiaries (collectively referred to herein as the Group), which comprise the consolidated statements of financial position as at December 31, 2024 and 2023, and the consolidated statements of profit or loss, consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2024, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2024 in accordance with Philippine Financial Reporting Standards (PFRS Accounting Standards).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 2 to the consolidated financial statements, which discusses the adoption and impact of the previously deferred provisions of PFRS 15, *Revenue from Contracts with Customers*, and the related financial reporting interpretations affecting the real estate industry, using the full retrospective approach. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

(a) Revenue Recognition for Real Estate Sales***Description of the Matter***

We considered the Group's recognition of revenue from real estate sales a key audit matter due to high volume of transactions and the significant amount involved. In 2024, the Group's revenue from real estate sales amounted to P17.3 billion, which accounts for 89% of the Group's total revenues. The Group uses the percentage of completion (POC) method to calculate contract revenues for the reporting period. This process involves complex application of revenue recognition standards, requiring significant management judgment, particularly in assessing the probability of collecting contract prices and estimating the stage of project completion. An error in the application of the requirements of said standards, and of management judgments and estimates could lead to material misstatement in the consolidated financial statements.

Additionally, the Group adopted in 2024 the previously deferred provisions of PFRS 15, which require the assessment of significant financing component included in the transaction price. This area was also significant to our audit as an error in the application of such complex accounting framework, which also requires significant management's judgment and estimate, could also result in a material misstatement in the consolidated financial statements.

The Group's accounting policies on recognition of revenue from real estate sales, including the impact of adoption of previously deferred provisions of PFRS 15, as well as the basis of significant judgments and estimates, are disclosed in Notes 2 and 3 to the consolidated financial statements, respectively.

How the Matter was Addressed in the Audit

To address the risk of material misstatements in revenue recognition, we tested the design and operating effectiveness of relevant controls, including information technology (IT) general controls, for processes relating to generation and recognition of contract revenue. In addition, we reviewed sales agreements, on a sampling basis, and the relevant facts and circumstances about the real estate transactions to assess compliance with the criteria for revenue recognition. We have also analyzed management's judgment in determining the probability of collection of the contract price by reviewing historical customer payment pattern.

To evaluate progress toward fulfilling performance obligations using the input method, we tested the progress reported for the year by comparing actual costs incurred to total budgeted project development costs. Our procedures include understanding of relevant controls over recording of costs and examining supporting documents. We inspected selected projects under development to evaluate if the completion based on costs is aligned with the physical completion of the project. In testing the reasonableness of budgetary estimates, we assessed the qualifications of project engineers who prepared the budgets, and reviewed the actual performance of completed projects with reference to their budgeted costs.

In relation to the assessment of significant financing component, we reviewed changes to the Group's revenue recognition policy and related business processes. We evaluated management's assumptions used in determining the financing component of the transaction price such as payment terms, projected milestones and applicable discount rates. Additionally, we tested the accuracy of schedules of significant financing components, reviewed contract summaries, and reviewed the prior period adjustments using a full retrospective approach. We also recomputed the transaction prices, examined the supporting documents on a sampling basis, and performed overall analytical review of actual results.

Existence and Accuracy of Real Estate Inventories

Description of the Matter

Real estate inventories amount to P13.1 billion, which accounts for 28% of total current assets and 12% of total assets of the Group, as at December 31, 2024. Due to its significant impact on the consolidated financial statements, we considered the accuracy of real estate inventory as a key audit matter. This includes construction-in-progress, which involves estimating unbilled materials and project contractors' services at the end of the reporting period. Management's failure to consider such unbilled materials and services, and an error in estimating the same, could have a material impact on the carrying value of real estate inventories as well as the POC and cost of real estate sales.

The valuation of the real estate inventories also depends on their existence. The Group's real estate projects are spread across various locations and are at different stages of completion, which require significant judgment and estimation, as such, have also considered the existence of real estate inventories as a key audit matter.

The Group's policy on accounting for real estate inventories is disclosed in Notes 2 and 3 to the consolidated financial statements and an analysis of the assets' components is presented in Note 7.

How the Matter was Addressed in the Audit

We tested the design and operating effectiveness of relevant controls, including IT general controls, for processes relating to purchase initiation, recording, and cost allocation to real estate inventories. To confirm inventory existence, we also performed site inspections of selected real estate projects close to the end of the reporting period and reviewed documents such as land titles, progress reports, and contractors' accomplishment billings.

We also evaluated management's assumptions for estimating unbilled materials and services, by reviewing the technical competence of project engineers who assess the project's POC, and by confirming, on a sample basis, to general contractors of the POC.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Group's Securities and Exchange Commission (SEC) Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2024, but does not include the consolidated financial statements and our auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2024 are expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS Accounting Standards and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audits resulting in this independent auditors' report is Renan A. Piamonte.

CLI and its subsidiaries (collectively referred as “the Group”), associates and joint venture are all incorporated in the Philippines. The subsidiaries, associates and joint venture, except CPH, CPM, CHR, CCLI, YHESPH and ICOM, are in the same line of business as CLI. A brief description of these entities follows:

- (a) CPH was incorporated in 2016 as a wholly owned subsidiary of CLI. CPH is engaged in the real estate and hotel management business, which started commercial operations on September 14, 2019. The principal place of business of CPH is located in Cebu City.
- (b) CPM was incorporated in 2017 as a wholly owned subsidiary of CLI. CPM is engaged in the management of condominium corporations and housing associations affiliated with CLI. CPM has started commercial operations on September 1, 2017. The principal place of business of CPH is located in Cebu City.
- (c) ASF was incorporated in 2017 as a joint venture where CLI initially held 40% ownership interest. CLI acquired all the ownership interest of its business partners at the end of 2017 which made ASF its wholly owned subsidiary. The principal place of business of ASF is located in Cebu City.
- (d) CHR was incorporated on August 4, 2022 as a wholly-owned subsidiary of CLI and is engaged to run and manage the Group’s various hotel projects. CHR started its commercial operations in January 2024. Its principal place of business is located in Cebu City.

- (e) CLI-LITE was incorporated on July 19, 2021 as an undertaking by CLI and two other corporations for the development of a mixed-use project with residential condominiums and a possible hotel component in Panglao Island, Bohol. The principal place of business of CLI-LITE is located in Cebu City.
- (f) MDC was incorporated in 2013 as an undertaking between CLI and four other entities for the development of an economic business district. The principal place of business of MDC is located in Cebu City.
- (g) SPE was formed in 2019 as a one person corporation and was converted to an ordinary stock corporation after entering into a joint venture with CLI on March 4, 2021, for the development of a dormitory with retail and warehouse spaces. The principal place of business of SPE is located in Cebu City.
- (h) BL Ventures was formed by CLI and Borromeo Bros. Estate, Inc. (BBEI) to construct and operate Latitude Corporate Center. The principal place of business of BL Ventures is located in Cebu City.
- (i) YES was formed by CLI and Yuson Comm. Investments, Inc. to construct and operate Messatiera Garden Residences in Davao. The principal place of business of YES is located in Davao City.
- (j) YHES was incorporated in 2017 as an undertaking among CLI, Yuson Strategic Holdings, Inc., and Davao Filandia Realty Corp. for the development of mixed-used real estate project, the Paragon Davao. The principal place of business of YHES is located in Davao City.
- (k) YHEST was incorporated in 2018 as an undertaking among CLI and five corporations for the development of a central business district located at Matina, Davao. The principal place of business of YHEST is located in Davao City.
- (l) CCLI was incorporated in 2018 as an undertaking between CLI and Capitaine, Inc. for the development of Citadines hotel in Bacolod City. CCLI started its commercial operations in June 2024. The principal place of business of CCLI is located in Bacolod City.
- (m) CHDI is an undertaking between CLI and Aboitiz Land, Inc. and was incorporated on December 5, 2019. CHDI is engaged in the development of a high-rise mixed-use condominium complex in Mandaue City, Cebu. Its principal place of business is in Cebu City.
- (n) YHESPH was incorporated on October 28, 2019 as a wholly owned subsidiary of YHES that will engage in hotel business. Its ultimate parent is CLI which owns 50% of YHES. As at December 31, 2024, YHESPH has yet to start commercial operations.
- (o) CBLRV, a new subsidiary in 2020, was incorporated on February 21, 2020 as an undertaking between CLI and BBEI and is engaged in the development of a mixed-use condominium tower in Cebu City. Its principal place of business also is located in Cebu City.

- (p) GGTT was incorporated on March 26, 2003 and is engaged to construct a residential condominium project in its principal place of business in Iloilo City.
- (q) MGR was incorporated in 2017 as an undertaking by CLI and three corporations for the construction of buildings 6 and 7 of the Mivesa Garden Residences condominium. MGR is considered a subsidiary of CLI because CLI is exposed, or has rights, to variable returns from its involvement with MGR and has the ability to affect those returns due to its full control on MGR's management. The principal place of business of MGR is located in Cebu City.
- (r) El Camino was incorporated in 2016 as an undertaking between CLI and four other corporations for the development of 38 Park Avenue condominium project in Cebu City. CLI controls the operations of El Camino by virtue of an agreement among the shareholders and as such CLI is considered El Camino's parent company. The principal place of business of El Camino is located in Cebu City.
- (s) IGCC was incorporated in 2023 as an undertaking between CLI and two other corporations and is engaged in the development of a mixed-use condominium tower in Iloilo City. Its principal place of business is located in Iloilo City. As of December 31, 2024, IGCC has yet to commence commercial operations.
- (t) ICOM was incorporated on December 7, 2020 as an undertaking of CLI and various individual stockholders and corporations to import aircraft(s) and to operate a transportation business in the Philippines. ICOM's principal place of business is in Iloilo City.
- (u) Magspeak was incorporated in 2011 as an undertaking among CLI and four other corporations for the development of a mountain resort to be located in Balamban, Cebu. The principal place of business of Magspeak is located in Cebu City.
- (v) CLI NUD was incorporated on April 5, 2024 as a joint venture between CLI and NTT UD Asia Pte. Ltd., a Japanese company known for its mixed use residential and commercial developments, to develop a highly desirable residential condominium enclave with retail area. CLI has a committed plan to sell a portion of the CLI NUD shares it holds (see Notes 10 and 35). Its principal place of business is located in Cebu City. As of December 31, 2024, CLI NUD has yet to commence commercial operations (see Note 10).

1.3 Approval of Issuance of Consolidated Financial Statements

The consolidated financial statements of the Group as at and for the year ended December 31, 2024 (including the comparative consolidated financial statements for the years ended December 31, 2023 and 2022), were authorized for issue by the BOD on April 9, 2025.

2. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policy information that have been used in the preparation of these consolidated financial statements are summarized below and in the succeeding pages. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation of Consolidated Financial Statements

(a) Statement of Compliance with Philippine Financial Reporting Standards

The financial statements of the Company have been prepared in accordance with Philippine Financial Reporting Standards (PFRS Accounting Standards). PFRS Accounting Standards are adopted by the Financial and Sustainability Reporting Standards Council (FSRSC) from the pronouncements issued by the International Accounting Standards Board and approved by the Philippine Board of Accountancy.

The financial statements have been prepared using the measurement bases specified by PFRS Accounting Standards for each type of asset, liability, income and expense. The measurement bases are more fully described in the accounting policies that follow.

(b) SEC Financial Reporting Reliefs Availed by the Group

In 2023 and prior years, the Group has availed of several financial reporting reliefs granted by the SEC relating to the implementation issues of PFRS 15, *Revenue from Contracts with Customers*, and the related financial reporting interpretations affecting the real estate industry. In 2024, the Group adopted the previously deferred provisions of PFRS 15 and the related issuances of the Philippine Interpretations Committee (PIC), and International Financial Reporting Interpretations Committee (IFRIC) Agenda Decision on Over Time Transfer of Constructed Goods [Philippine Accounting Standards (PAS) 23, *Borrowing Cost*] using the full retrospective approach, as prescribed by SEC Memorandum Circular (MC) No. 08-2021, *Amendment to SEC MC No. 14-2018, MC No. 03-2019, MC No. 04-2020, and MC No. 34-2020 to clarify transitory provision*.

Discussed below and in the succeeding pages are the relevant information about these standards and interpretations, and the resulting adjustments to the relevant consolidated financial statements accounts as at and for the year ended December 31, 2023, and as at January 1, 2023.

(i) IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23) for Real Estate Industry

The IFRIC concluded that any inventory (work-in-progress) for unsold units under construction that the entity recognizes is not a qualifying asset, as the asset is ready for its intended sale in its current condition (i.e., the developer intends to sell the partially constructed units as soon as it finds suitable customers and, in signing a contract with a customer, will transfer control of any work-in-progress relating to that unit to the customer). Accordingly, no borrowing costs can be capitalized on such unsold real estate inventories.

The adoption of the above IFRIC Agenda Decision resulted in the restatement of the following relevant consolidated financial statements accounts as at and for the year ended December 31, 2023 and as at January 1, 2023.

<i>(Amounts in PHP)</i>	<u>Increase (Decrease)</u>
<u>December 31, 2023:</u>

Deferred tax liabilities - net	(414,426,730)
Deferred tax expense	414,426,730

- (ii) PIC Q&A No. 2018-12-D, *Concept of the significant financing component in the contract to sell* and PIC Q&A No. 2020-04, *Addendum to PIC Q&A 2018-12-D: Significant Financing Component Arising from Mismatch between the Percentage of Completion and Schedule of Payments*

PFRS 15 requires that in determining the transaction price, an entity shall adjust the promised amount of consideration for the effects of the time value of money if the timing of payments agreed to by the parties to the contract (either explicitly or implicitly) provides the customer or the entity with a significant benefit of financing the transfer of goods or services to the customer. In those circumstances, the contract contains a significant financing component.

There is no significant financing component if the difference between the promised consideration and the cash selling price of the good or service arises for reasons other than the provision of finance to either the customer or the entity, and the difference between those amounts is proportional to the reason for the difference. Further, the Group does not need to adjust the promised amount of consideration for the effects of a significant financing component if the entity expects, at contract inception that the timing difference of the receipt of full payment of the contract price and that of the completion of the project, are expected within one year and significant financing component is not expected to be significant.

The adoption of this interpretation resulted in the restatement of the following consolidated financial statements accounts as at and for the year ended December 31, 2023 and as at January 1, 2023.

<i>(Amounts in PHP)</i>	<u>Increase (Decrease)</u>
<u>December 31, 2023:</u>

(c) *Presentation of Consolidated Financial Statements*

The consolidated financial statements are presented in accordance with Philippine Accounting Standard (PAS) 1, *Presentation of Financial Statements*. The Group presents consolidated statement of comprehensive income separate from the consolidated statement of profit or loss.

The Group presents a third consolidated statement of financial position as at the beginning of the preceding period when it applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items that has a material effect on the information in the consolidated statement of financial position at the beginning of the preceding period. The related notes to the third statement of financial position are not required to be disclosed.

(d) *Functional and Presentation Currency*

These consolidated financial statements are presented in Philippine pesos, the Group's functional and presentation currency, and all values represent absolute amounts except when otherwise indicated.

Items included in the consolidated financial statements of the Group are measured using its functional currency. Functional currency is the currency of the primary economic environment in which the Group operates.

2.2 Adoption of Amended PFRS Accounting Standards

(a) Effective in 2024 that are Relevant to the Group

The Group adopted for the first time the following amendments to PFRS Accounting Standards, which are mandatorily effective for annual periods beginning on or after January 1, 2024:

PAS 1 (Amendments)	:	Presentation of Financial Statements – Classification of Liabilities as Current or Non-current, and Non-current Liabilities with Covenants
PAS 7 and PFRS 7 (Amendments)	:	Statement of Cash Flows, and Financial Instruments: Disclosures – Supplier Finance Arrangements
PFRS 16 (Amendments)	:	Leases – Liability in a Sale and Leaseback

Discussed below are the relevant information about these pronouncements.

- (i) PAS 1 (Amendments), *Presentation of Financial Statements – Classification of Liabilities as Current or Non-current*. The amendments provide guidance on whether a liability should be classified as either current or non-current. The amendments clarify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and that the classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. The application of these amendments had no significant impact on the Group's consolidated financial statements.
- (ii) PAS 1 (Amendments), *Presentation of Financial Statements – Non-current Liabilities with Covenants*. The amendments specify that if the right to defer settlement for at least 12 months is subject to an entity complying with conditions after the reporting period, then those conditions would not affect whether the right to defer settlement exists at the end of the reporting period for the purposes of classifying a liability as current or non-current. For non-current liabilities subject to conditions, an entity is required to disclose information about the conditions, whether the entity would comply with the conditions based on its circumstances at the reporting date and whether and how the entity expects to comply with the conditions by the date on which they are contractually required to be tested. The application of these amendments had no significant impact on the Group's consolidated financial statements.

- (iii) PAS 7 and PFRS 7 (Amendments), *Statement of Cash Flows, Financial Instruments: Disclosures – Supplier Finance Arrangements*. The amendments add a disclosure objective to PAS 7 stating that an entity is required to disclose information about its supplier finance arrangements that enables users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows. In addition, PFRS 7 is amended to add supplier finance arrangements as an example within the requirements to disclose information about an entity's exposure to concentration of liquidity risk. The application of these amendments had no significant impact on the Group's consolidated financial statements.
- (iv) PFRS 16 (Amendments), *Leases – Lease Liability in a Sale and Leaseback*. The amendment requires a seller-lessee to subsequently measure lease liabilities arising from a leaseback in a way that it does not recognize any amount of the gain or loss that relates to the right of use it retains. The new requirements do not prevent a seller-lessee from recognizing in profit or loss any gain or loss relating to the partial or full termination of a lease. The Group has no sale and leaseback transactions.

(b) *Effective Subsequent to 2024 but not Adopted Early*

There are new standards and amendments to existing standards effective for annual periods subsequent to 2024, which are adopted by the FSRSC. Management will adopt the following relevant pronouncements in accordance with their transitional provisions; and unless otherwise indicated, none of these are expected to have significant impact on the Group's consolidated financial statements:

- (i) PAS 21 (Amendments), *The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability* (effective from January 1, 2025)
- (ii) PFRS 9 and PFRS 7 (Amendments), *Financial Instruments, and Financial Instruments: Disclosures – Amendments to the Classification and Measurement of Financial Instruments* (effective from January 1, 2026)
- (iii) PFRS 18, *Presentation and Disclosure in Financial Statements* (effective from January 1, 2027). The new standard impacts the classification of profit or loss items (i.e., into operating, investing and financing categories) and the presentation of subtotals in the statement of profit or loss (i.e., operating profit and profit before financing and income taxes). The new standard also changes the aggregation and disaggregation of information presented in the primary financial statements and in the notes. It also introduces required disclosures about management-defined performance measures. The amendments, however, do not affect how an entity recognizes and measures its financial condition, financial performance and cash flows.
- (iv) PFRS 10 and PAS 28 (Amendments), *Consolidated Financial Statements and Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture* (effective date deferred indefinitely)

2.3 Basis of Consolidation

The Group's consolidated financial statements comprise the accounts of the Parent Company, and its subsidiaries, after the elimination of material intercompany transactions. The financial statements of subsidiaries are prepared for the same reporting period as the Parent Company, using consistent accounting principles.

Acquired subsidiaries are accounted for using the acquisition method of accounting.

Acquired investment in associate is subject to the purchase method.

A joint venture pertains to a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. A joint venture entity pertains to whose economic activities are controlled jointly by the Parent Company and by other venturers independent of the Parent Company (joint venturers).

The Group's investments in associates and a joint venture are accounted for under the equity method of accounting.

2.4 Financial Instruments

(a) Financial Assets

Regular purchases and sales of financial assets are recognized on their trade date (i.e., the date that the Group commits to purchase or sell the asset).

(i) Classification, Measurement and Reclassification of Financial Assets

The Group's financial assets are all categorized as financial assets at amortized cost.

(ii) Impairment of Financial Assets

The expected credit losses (ECL) on receivables and contract assets are estimated by a probability weighted estimate of credit losses over the expected life of the financial assets. These assets are assessed for impairment on a collective basis based on shared credit risk characteristics.

For other financial assets, if the credit risk has not increased significantly since initial recognition, the Group measures and provides for credit losses that are expected to result from default events that are possible within 12-months after the end of the reporting period, except when there has been a significant increase in credit risk on the financial asset since initial recognition.

(b) Financial Liabilities

Financial liabilities include interest-bearing loans and borrowings, bonds payable, and trade and other payables [except government-related obligations, advance rental and output value-added tax (VAT)].

2.5 Non-current Assets Classified as Held for Sale

Non-current assets held for sale are measured at lower of their carrying amounts, immediately prior to their classification as held for sale, and their fair value costs to sell.

2.6 Business Combinations

Business acquisitions are accounted for using the acquisition method of accounting.

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiary at the date of acquisition, except for lease liabilities which are measured based on the present value of the remaining lease payments as if the acquired lease were a new lease at acquisition date and right-of-use assets which are measured at an amount equal to the recognized lease liability, adjusted to reflect favorable or unfavorable lease terms compared with market terms. For the purpose of impairment testing, goodwill is allocated to cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The cash-generating units or groups of cash-generating units are identified according to operating segment.

2.7 Real Estate Inventories

Costs of real estate inventories are assigned using specific identification of their individual costs.

The Group recognizes the effect of revisions in the total project cost estimates in the year in which these changes become known. Any impairment loss from a real estate project is charged to operations during the period in which the loss is determined.

Reposessed property arising from sales cancellation is recognized at cost. The difference between the carrying amount of the contract balances to be derecognized and the cost of the reposessed property is recognized in the consolidated statement of profit or loss.

2.8 Property and Equipment

Property and equipment are carried at acquisition or construction cost less subsequent depreciation, amortization and any impairment losses.

Depreciation and amortization are computed on the straight-line basis over the estimated useful lives of the assets. The depreciation and amortization periods for property and equipment, based on the above policies, are as follows:

Buildings	20 years
Transportation equipment	5 years
Operating equipment	3-5 years
Furniture and fixtures	2-5 years

Leasehold improvements are amortized over their expected useful lives of five years (determined by reference to comparable assets owned) or the term of lease, whichever is shorter.

2.9 Investment Properties

Properties held for lease under operating lease agreements, which comprise mainly of land, buildings and condominium units, are classified as Investment Properties and carried at cost, net of accumulated depreciation and any impairment in value, except for land which is not subject to depreciation. Depreciation and amortization of investment properties are computed using the straight-line method over the estimated useful lives of the assets ranging from 20 to 50 years.

2.10 Revenue and Expense Recognition

Revenue comprises revenue from sale of real properties.

The Group develops real properties such as developed land, house and lot, and condominium units. The Group often enters into contracts to sell real properties as they are being developed. The significant judgment used in determining the timing of satisfaction of the Group's performance obligation with respect to its contracts to sell real properties is disclosed in Note 3.1(b). Sales cancellations are accounted for on the year of forfeiture. Any gain or loss on cancellation is charged to profit or loss.

- (a) *Real estate sales on pre-completed real estate properties* – Revenue from real estate sales is recognized over time proportionate to the progress of the development. The Group measures its progress based on actual costs incurred relative to the total expected costs to be incurred in completing the development. Revenue recognized is presented as part of Sale of Real Estates in the consolidated statement of profit or loss.
- (b) *Real estate sales on completed real estate properties* – Revenue from real estate sales is recognized at point in time when the control over the real estate property is transferred to the buyer. Revenue recognized from real estate sales is presented as part of Sale of Real Estates in the consolidated statement of profit or loss.
- (c) *Rendering of management services* – Revenue from the rendering of management services is recognized over time as the services are provided to the client entities. The client entities are invoiced monthly as work progresses, which are also due upon receipt by them. Any amounts remaining unbilled at the end of a reporting period are presented in the consolidated statement of financial position as receivables as only the passage of time is required before payment of these amounts will be due.
- (d) *Hotel operations* – Revenues are recognized over time during the occupancy of hotel guest and ends when the scheduled hotel room accommodation has lapsed (i.e., the related room services have been rendered). As applicable, invoices for hotel accommodations are due upon receipt by the customer.

For tax reporting purposes, a modified basis of computing the taxable income for the year based on collections from real estate sales is used by the Group.

Incremental costs of obtaining a contract to sell real property to customers are recognized as Deferred commissions and are subsequently amortized over the duration of the contract on the same basis as revenue from such contract is recognized. The Group presents Deferred commissions as part of Prepayment and Other Current Assets when it is expected to be expensed within 12 months after the balance sheet date. Any remaining balance is presented as part of Other Non-current Assets.

Other costs and expenses are recognized in profit or loss upon utilization of services or receipt of goods or at the date they are incurred. Finance costs are reported on an accrual basis except capitalized borrowing costs.

Under its contracts with customers, the Group recognizes Contract receivables, which is presented under Receivables account, when it has an unconditional right to payment for the total consideration upon the completion of the development of the property sold. Any rights to consideration recognized by the Group as it develops the property are presented as Contract Assets in the consolidated statement of financial position. Contract assets are subsequently tested for impairment in the same manner as the Group assesses impairment of its financial assets [see Note 2.4(a)(ii)].

In determining the transaction price, the Company adjusts the contract price for the effects of time value of money when the timing of payments agreed to with the customer provides either party with a significant benefit of financing the transfer of goods or services to the customer. In buyer financing arrangements where buyer payments are ahead of the development of the sold property, the Company recognizes interest expense which is presented as part of Interest Income from Real Estate Sales in the statement of comprehensive income. Conversely, in seller financing arrangements where the development of the sold property is ahead of buyer payment terms, the Company recognizes interest income which is presented as part of Interest Income from Real Estate Sales in the statement of comprehensive income. The significant judgment used in determining the existence of a significant financing component in the contract is disclosed in Note 3.1(d).

Any consideration received by the Group in excess of the amount for which the Group is entitled is presented as Contract Liabilities in the consolidated statement of financial position.

2.11 Leases

(a) The Group as Lessee

Subsequent to initial recognition, the Group depreciates the right-of-use asset on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term which is two to years for offices and 19 to 36 years for land.

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in profit or loss on a straight-line basis over the lease term.

(b) The Group as Lessor

The Group applies judgment in determining whether a lease contract is a finance or operating lease.

2.12 Employee Benefits

The Group provides post-employment benefits to employees through a defined benefit plan and defined contribution plans, and other employee benefits.

The Group's defined benefit post-employment plan covers all regular full-time employees. The pension plan is tax-qualified, noncontributory, and administered by a trustee.

The defined benefit obligation is calculated annually by an independent actuary using the projected unit credit method.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the Group's consolidated financial statements in accordance with PFRS Accounting Standards requires management to make judgments and estimates that affect the amounts reported in the consolidated financial statements and related notes. Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may ultimately differ from these estimates.

3.1 Critical Management Judgments in Applying Accounting Policies

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimation, which have the most significant effect on the amounts recognized in the consolidated financial statements.

(a) Determining Existence of a Contract with Customer

In a sale of real estate properties, the Group's primary document for a contract with a customer is a signed contract to sell which is executed when the real estate property sold is completed and ready for use by customer. In rare cases wherein contract to sell are not executed by both parties, management has determined that the combination of other signed documentations with the customers such as reservation agreement, official receipts, computation sheets and invoices, would contain all the elements to qualify as contract with the customer (i.e., approval of the contract by the parties, which has commercial substance, identification of each party's rights regarding the goods or services and the related payment terms). Moreover, as part of the evaluation, the Group assesses the probability that the Group will collect the consideration to which it will be entitled in exchange for the real estate property that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, the Group considers the significance of the customer's downpayment in relation to the total contract price [see Note 3.1(c)].

Collectability is also assessed by considering factors such as past history with the customer and pricing of the property. Management regularly evaluates the historical cancellations and back-outs if it would still support its current threshold of customers' equity before commencing revenue recognition.

(b) Evaluation of Timing of Satisfaction of Performance Obligations

The Group exercises critical judgment in determining whether each performance obligation to develop properties promised in its contracts with customers is satisfied over time or at a point in time. In making this judgment, the Group considers the following:

- any asset created or enhanced as the Group performs;
- the ability of the customer to control such asset as it is being created or enhanced;
- the timing of receipt and consumption of benefits by the customer; and,
- the Group's enforceable right for payment for performance completed to date.

The Group determined that its performance obligation is satisfied over time since it does not have an alternative use of the specific property sold as it is precluded by its contract from redirecting the use of the property for a different purpose. Further, the Group has rights over payment for development completed to date as the Group can choose to complete the development and enforce its rights to full payment under its contracts even if the customer defaults on amortization payments.

On the other hand, performance obligation for completed real estate properties is satisfied at a point in time when the control over the real estate property is transferred to the buyer.

(c) *Determination of Collection Threshold for Revenue Recognition*

The Group uses judgment in evaluating the probability of collection of transaction price on real estate sales as a criterion for revenue recognition. The Group uses historical payment pattern of customers and number of sales cancellation in establishing a percentage of collection threshold over which the Group determines that collection of the transaction price is reasonably assured. Reaching this level of collection is an indication of buyer's continuing commitment and the probability that economic benefits will flow to the Group. The Group considers that the initial and continuing investments by the buyer when reaching the set collection threshold would demonstrate the buyer's commitment to pay the total contract price. Management is confident that when the collections received from the buyers exceed a certain threshold, it would be unlikely for the buyer to default and therefore, cancel the contract. Accordingly, the Group will not recognize the whole contract and no revenue will be recognized when the collection threshold is not yet reached.

(d) *Determination of the Existence of Significant Financing Component in the Contract*

The Group enters into real estate sales contracts offering various payment schemes to its customers. The timing of transaction price collection can significantly differ from the timing of the Group's fulfillment of its performance obligations. The Group exercises judgment in determining whether the contract terms provide a significant financing benefit to either the Group or its customers. This assessment is conducted at the inception of the contract, considering the contractual payment terms and the projected completion timeline of the related real estate development.

(e) *Assessment Involving Right of Return*

The Group's real estate sales under pre-completed contracts has variable consideration, which is the right of return when a buyer defaulted the equity payments. Moreover, Republic Act (R.A.) No. 6552, *Realty Installment Buyer Act* or, which is popularly known in the Philippines as the *Maceda Law*, provides a statutory obligation to the Group to refund the buyer the cash surrender value of the collections received on the property equivalent to 50% of the total collected amount, and, after five years of installment payments, an additional 5% every year but not to exceed 90% of the total collections received.

(f) Determination of ECL on Receivables and Contract Assets

The Group uses the cumulative loss rate approach to calculate ECL for receivables and contract assets. This approach considers and includes reasonable approximation of probable and estimable future losses determined by applying historical gross charge-off information (arising from cancellations and back-out sales) to forward-looking qualitative information (i.e., forecast of economic condition). While there may be an assessed default occurring in these receivables over the term of the instrument, the amount of required allowance for ECL is minimized since the legal title related to the unit sold will only be transferred once the contract receivable has been paid in full, and the Group has the right to recover the real estate properties covered by the contract with customer through repossession, and to resell the asset at an amount sufficient to cover the unpaid outstanding obligations.

On the other hand, additional ECL may be calculated for certain pool of trade receivables specifically determined to have expected cash shortfall based on outstanding exposures. These generally arise from receivables which were charged-off at an earlier term of the instrument since origination period.

Details about the ECL on the Group's receivables and contract assets are disclosed in Note 31.2.

(g) Distinction Between Investment Properties and Owner-managed Properties

The Group determines whether a property qualifies as investment property. In making its judgment, the Group considers whether the property generates cash flows largely independent of the other assets held by an entity. Owner-occupied properties generate cash flows that are attributable not only to the property but also to other assets used in the operations.

(h) Distinction Between Inventories and Investment Properties

Real estate inventories comprise properties that are held for sale in the ordinary course of business. Meanwhile, investment properties comprise of land and buildings which are not occupied substantially for use by, or in the operations of, the Group, nor for sale in the ordinary course of business, but are held primarily to earn rental income and capital appreciation. The Group considers management's intention over these assets in making its judgment.

(i) Evaluation of Change in Use for Transfers to or from Investment Properties

The Group evaluates transfers of properties to or from its investment properties by carefully assessing changes in their use (see Notes 7 and 11). Such transfers are primarily driven by shifts in business plans, supported by tangible actions like obtaining necessary permits or preparing properties for sale. A change in management's intent alone is insufficient evidence to justify a transfer. Instead, the Group relies on objective and substantive indicators, considering all relevant facts and circumstances, to determine whether the properties meet the definition of the financial statement accounts. This judgment ensures that the classification aligns with the substance of the transactions and the Group's ordinary business activities.

(j) Distinction Between Operating and Finance Leases for Contracts where the Group is the Lessor

The Group has entered into various lease agreements. Critical judgment was exercised by management to distinguish each lease agreement as either an operating or a finance lease by looking at the transfer or retention of significant risk and rewards of ownership of the properties covered by the agreements. Failure to make the right judgment will result in either overstatement or understatement of assets and liabilities. Currently, its leases are all operating leases.

(k) Distinction Between Joint Operations and Joint Ventures

The Group has entered into various joint arrangements. Critical judgment was exercised by management to distinguish each joint arrangement as either joint operations or joint ventures by looking at the rights and obligations held by an entity in relation to the arrangement.

(l) Determination of Lease Term of Contracts with Renewal and Termination Options

In determining the lease term, management considers all relevant factors and circumstances that create an economic incentive to exercise a renewal option or not exercise a termination option. Renewal options and/or periods after termination options are only included in the lease term if the lease is reasonably certain to be extended or not terminated.

For leases of land and office space, the factors that are normally the most relevant are (a) if there are significant penalties should the Group pre-terminate the contract, and (b) if any leasehold improvements are expected to have a significant remaining value, the Group is reasonably certain not to terminate the lease contract. Otherwise, the Group considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.

The lease term is reassessed if an option is actually exercised or not exercised or the Group becomes obliged to exercise or not exercise it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the Group.

(m) Accounting for Equity Ownership Interest in Subsidiaries and Associates

In classifying its equity acquisitions as an investment in a subsidiary or associates, the Group evaluates whether control or significant influence exists. Control is present when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policy decisions.

Based on management's assessment, the Parent Company has control over MGR and El Camino despite having ownership interests of 45% and 35%, respectively, at the time of consolidation. This control is evidenced by its direction of relevant activities and decision-making power on the operations of these entities by virtue of agreements between the stockholders.

(n) *Determination of Joint Control of Arrangements and Type of Joint Arrangements*

Management has assessed that the Parent Company has joint control over CLI NUD notwithstanding that it owns more than 50% of the voting interests. This view is based on the contractual arrangement with the other shareholder requiring unanimous consent for all major decisions; hence, the Group has classified its initial 60% interest in CLI NUD as an investment in a joint venture (see Note 10.1). In making this decision, the Group considered the terms and conditions of the agreements, as well as the purpose and design of the joint arrangements.

Currently, the Parent Company is in the process of selling 30% of its 60% interest in CLI NUD (see Note 10.3). Should the planned disposal be completed, the investment will remain classified as a joint venture in the Group's consolidated financial statements. This reflects the ongoing joint control and the terms and conditions outlined in the shareholder agreements.

(o) *Recognition of Provisions and Contingencies*

Provisions are recognized when present obligations will probably lead to an outflow of economic resources and they can be estimated reliably even if the timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive obligation that has resulted from past events.

Judgment is exercised by management to distinguish between provisions and contingencies. The disclosures on relevant contingencies are presented in Note 29.

(p) *Determination of Preferred Shares as Equity or Liability*

The Group exercises judgment in classifying its preferred shares as financial liabilities or equity instruments. In making this judgment, the Group considers the specific terms and conditions of the preferred shares, including redemption and dividend rights. Based on management's assessment, the preferred shares are classified as equity securities, as the Group has the discretion to defer the payments of principal and dividends indefinitely (see Note 27.1).

(q) *Evaluation of Non-current Assets as Non-current Assets Held for Sale*

The Group determines whether its non-current assets qualify as held for sale in accordance with PFRS 5, *Non-current Assets Held for Sale and Discontinued Operation*. The key judgments made in this assessment include (a) the expected timing of the sale; (b) the likelihood of regulatory approvals required for the sale; and (c) the intention and clear commitment of management to sell the assets.

3.2 Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period:

(a) Revenue Recognition for Performance Obligations Satisfied Over Time

In determining the amount of revenue to be recognized for performance obligations satisfied over time, the Group measures progress on the basis of actual costs incurred relative to the total expected costs to complete such performance obligation. Specifically, the Group estimates the total development costs with reference to the project development plan and any agreement with customers. Management regularly monitors its estimates and apply changes as necessary. A significant change in estimated costs would result in a significant change in the amount of revenue recognized in the year of change.

(b) Determination of Appropriate Discount Rate in Measuring Lease Liabilities

The Group measures its lease liabilities at present value of the lease payments that are not paid at the commencement date of the lease contract. The lease payments were discounted using a reasonable rate deemed by management equal to the Group's incremental borrowing rate. In determining a reasonable discount rate, management considers the term of the leases, the underlying asset and the economic environment. Actual results, however, may vary due to changes in estimates brought about by changes in such factors.

(c) Determination of Appropriate Discount Rate in Measuring Significant Financing Component

When adjusting the consideration for significant financing component, an entity shall use the discount rate that would be reflected in a separate financing transaction at contract inception. Management considers the discount rate which would reflect the credit characteristics of the party receiving financing in the contract as well as any collateral or security provided by the customer or entity. Specifically, for contracts classified as 'seller financing' the Group bases its lending rate on the rate extended to buyers who utilize its in-house financing. This lending rate is adjusted to reflect the specific circumstances of each financing transaction.

For contracts classified as 'buyer financing', the Group estimates the discount rate using a borrowing rate that would be consistent with a separate financing transaction where the Group is considered the borrower.

(d) Estimation of Allowance for ECL

The measurement of the allowance for ECL on financial assets at amortized cost is an area that requires the use of significant assumptions about the future economic conditions and credit behavior (e.g., likelihood of customers defaulting and the resulting losses). Management also applies judgment in the estimation of the contractual cash flows due from counterparties that the Group would expect to receive from the realization of any credit enhancements, including the discounting factor for recoveries beyond one year.

Explanation of the inputs, assumptions and estimation used in measuring ECL is further detailed in Note 31.2.

(e) *Determination of Net Realizable Value of Real Estate Inventories*

In determining the net realizable value of real estate inventories, management takes into account the most reliable evidence available at the dates the estimates are made. The future realization of the carrying amounts of real estate inventory as presented in Note 7, is affected by price changes in the different market segments as well as the trends in the real estate industry. These are considered key sources of estimation uncertainty and may cause significant adjustments to the Group's real estate inventories within the next financial reporting period.

Considering the Group's pricing policy, the net realizable values of real estate inventories for sale are determined to be higher than their related costs.

(f) *Estimation of Useful Lives of Property and Equipment, Investment Properties and Right-of-use Assets*

The Group estimates the useful lives of property and equipment, investment properties and right-of-use assets based on the period over which the assets are expected to be available for use. The estimated useful lives of these assets are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

The carrying amounts of property and equipment, right-of use assets, and investment properties are analyzed in Notes 11, 12 and 13, respectively. Based on management's assessment as at December 31, 2024 and 2023, there is no change in estimated useful lives of these assets during those periods. Actual results, however, may vary due to changes in estimates brought about by changes in factors mentioned.

(g) *Impairment of Non-financial Assets*

The Group's Investment Properties, Property and Equipment and other non-financial assets are subject to impairment testing.

In assessing impairment, management estimates the recoverable amount of each asset or a cash-generating unit based on expected future cash flows and uses an interest rate to calculate the present value of those cash flows. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Though management believes that the assumptions used in the estimation of fair values reflected in the consolidated financial statements are appropriate and reasonable, significant changes in those assumptions may materially affect the assessment of recoverable values and any resulting impairment loss could have a material adverse effect on the results of operations.

Management assessed that no impairment loss is required to be provided on its significant non-financial assets, particularly property and equipment, right-of-use assets and investment properties, as at December 31, 2024, 2023 and 2022.

(b) *Valuation of Post-employment Defined Benefit Obligation*

The determination of the Group's obligation and cost of post-employment defined benefit is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions include, among others, discount rates and salary rate increase. A significant change in any of these actuarial assumptions may generally affect the recognized expense and the carrying amount of the post-employment defined benefit obligation in the next reporting period.

The amounts of post-employment defined benefit obligation and expense and an analysis of the movements in the estimated present value of post-employment defined benefit as well as the significant assumptions used in estimating such obligation are presented in Note 24.3.

(i) *Fair Value Measurement of Share Options*

The Group estimates the fair value of the share option by applying an option valuation model, taking into account the terms and conditions on which the share option was granted. The estimates and assumptions used are presented in Note 27.4, which include, among others, the option's time of expiration, applicable risk-free interest rate, expected dividend yield, volatility of the Parent Company's share price. Changes in these factors can affect the fair value of share options at grant date.

Details of employee share option plan and the amount of fair value recognized is presented in Note 27.4.

(j) *Fair Value Measurement for Investment Properties*

Investment properties are measured using the cost model. The fair value of investment property held for capital appreciation and to earn rental income disclosed in the consolidated financial statements is determined by the Group based on the appraisal reports of a professional and independent appraiser.

The fair value is determined by reference to market-based evidence, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such amount is influenced by different factors including the location and specific characteristics of the property, quantity of comparable properties in the market, and economic condition and behavior of the buying parties. A significant change in these elements may affect prices and the value of the assets being disclosed.

The fair value the Group's investment properties as at December 31, 2024 and 2023 is disclosed in Notes 13 and 32.3(c).

4. SEGMENT INFORMATION

4.1 Business Segments

The Group's operating segments are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The Group's real estate segment covers the development and sale of residential and office units to individual and corporate buyers. The rental segment includes leasing of office and commercial spaces to corporate organizations. The management services segment focuses on the management of real estate projects and upkeep services to condominium corporations and housing associations. The hotel operations segment relates to the management of hotel business operations that caters hotel guest.

The Group generally accounts for intersegment sales and transfers as if the sales or transfers were to third parties at current market prices.

4.2 Segment Reporting

In identifying its operating segments, management generally follows the Group's products and service lines, which represent the main products and services provided by the Group.

Each of these operating segments is managed separately as each of these service lines requires different technologies and other resources as well as marketing approaches. All inter-segment transfers are carried out at arm's length prices.

For management purposes, the Group uses the same measurement policies as those used in its consolidated financial statements, except that the following are not included in arriving at the operating profit of the operating segments:

- post-employment benefit expenses;
- expenses relating to share-based payments;
- research costs relating to new business activities; and,
- revenue, costs and fair value gains from investment property.

In addition, corporate assets which are not directly attributable to the business activities of any operating segment are not allocated to a segment.

There have been no changes from prior periods in the measurement methods used to determine reported segment profit or loss.

4.3 Segment Assets and Liabilities

Segment assets are allocated based on their physical location and use or direct association with a specific segment and they include all operating assets used by a segment and consist principally of operating cash, receivables, real estate inventories, property and equipment, and investment properties, net of allowances and provisions. Similar to segment assets, segment liabilities are also allocated based on their use or direct association with a specific segment. Segment liabilities include all operating liabilities and consist principally of accounts, wages, taxes currently payable and accrued liabilities. Segment assets and segment liabilities do not include deferred taxes.

4.4 Intersegment Transactions

Segment revenues, expenses and performance include sales and purchases between business segments. Such sales and purchases are eliminated in consolidation, if any.

4.5 Analysis of Segment Information

The following tables present revenue and profit information regarding industry segments for the years ended December 31, 2024, 2023 and 2022 and certain assets and liabilities information regarding segments as at December 31, 2024, 2023 and 2022:

5. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include the following components as at December 31:

<i>(Amounts in PHP)</i>	2024	2023
Cash on hand	5,803,968	4,365,735
Cash in banks	1,351,646,121	864,263,028

	<u>1,583,238,995</u>	<u>913,841,206</u>

Cash in banks (savings and demand deposits) generally earn interest based on daily bank deposit rates. Short-term placements are made for varying period from 14 to 60 days and earn effective interest ranging from 1.5% to 5.6% per annum in 2024, ranging from 3.0% to 3.5% per annum in 2023, and ranging from 0.8% to 4.23% per annum in 2022.

Interest income earned from cash and cash equivalents are presented as part of Finance Income in the consolidated statements of profit or loss (see Note 23).

6. RECEIVABLES

		<u>4,609,752,383</u>	<u>2,249,233,068</u>

Receivables are presented in the consolidated statements of financial position as follows:

<i>(Amounts in PHP)</i>	<u>2024</u>	<u>2023</u>
Current	4,481,590,912	2,093,139,231
Non-current	128,161,471	156,093,837
	<u>4,609,752,383</u>	<u>2,249,233,068</u>

Buyers of real estate properties are given two to four years to complete the equity amortization, which ranges from 10% to 30% of the contract price of the real estate being purchased. Contract receivables, which are all covered by postdated checks, are only recognized when the collection of total transaction price is reasonably assured and the corresponding revenue is recognized. Generally, full payment by buyers of their equity amortization is followed by full settlement by the buyer's chosen financing institution of the buyer's account within 12 months. Title to real estate properties are transferred to the buyers once full payment has been made. Hence, contract receivables are fully secured by the real properties acquired by buyers.

Long-term contract receivables, which are noninterest-bearing, are receivables from buyers whose equity payments are expected to be fully paid after 12 months following the end of the reporting period. These are measured at amortized cost, which is determined by discounting future cash flows using the applicable rates of similar types of instruments. The aggregate unamortized discount on noninterest-bearing contract receivables amounts to P7,975,990 and P5,309,083 as at December 31, 2024 and 2023, respectively.

The Parent Company has day-one loss on noninterest-bearing contract receivables, net of amortization of day one loss, amounting to P2,666,907, P3,751,672 and P257,332, and is presented as part of Finance Costs in the 2024, 2023 and 2022 consolidated statements of profit or loss, respectively (see Note 22).

Retention receivable represents amounts retained by Home Development Mutual Fund (HDMF) from the proceeds of loans availed by real estate buyers in accordance with HDMF Circular No. 182-A to pay off their obligations to the Group.

Advances to officers and employees are composed of advances intended for the Group's operations and are subject to liquidation.

Receivable from insurance pertains to outstanding claims filed with various insurance companies in relation to damages incurred to the insured properties of the Group.

The Group assesses an ECL when the receivables from contract with customers and other counterparties are initially recognized and updates the assessment at each reporting date based on the analysis determined by management. A reconciliation of the allowance for impairment at the beginning and end of 2024 and 2023 is shown below.

<i>(Amounts in PHP)</i>	2024	2023

Raw land inventory	8	854,851,112	777,830,756
		<u>13,080,093,413</u>	<u>17,055,281,651</u>

An analysis of the cost of real estate inventory included in cost of sales is presented in Note 19.

Land development costs pertain to the cost of land acquisition, and site development costs of horizontal projects and other future site projects of the Group.

Condominium building costs consist of the cost of land and the cost to construct the units of the vertical projects of the Group. Housing costs pertain to the cost of house construction for the horizontal projects of the Group.

Raw land inventory consists of parcels of land owned by the Group in various locations. These are expected to be developed into saleable condominium or subdivision units.

In 2024 and 2023, the Group reclassified certain investment properties to real estate inventories (see Note 13). In 2023, the Group reclassified certain real estate inventories to property and equipment (see Note 11).

In 2023, the Group reclassified deposits on land for future development to raw land inventory, i.e., applied as part of the payment for the land acquisitions that were consummated during the reporting period (see Note 8). There was no similar transaction in 2024.

As at December 31, 2024 and 2023, real estate inventories totaling to P8,603,226,955 and P7,794,550,414, respectively, are used as collateral for certain interest-bearing loans and borrowings of the Parent Company (see Note 15.1).

Based on management's assessment, there is no allowance for inventory write-down required to be recognized in 2024, 2023, and 2022; hence, inventories are recorded at cost as at December 31, 2024 and 2023.

8. DEPOSITS ON LAND FOR FUTURE DEVELOPMENT

Deposits on land for future development pertains to advance payments for acquisitions of certain parcels of land which are intended for future development into saleable real estate projects. A reconciliation of the deposits on land for future development is presented below.

<i>(Amounts in PHP)</i>	<u>Note</u>	<u>2024</u>	<u>2023</u>
Balance at beginning of year		15,000,000	129,996,729
Transferred to raw land inventory	7	(15,000,000)	(464,499,188)
Additions		<u>-</u>	<u>349,502,459</u>
Balance at end of year		<u>-</u>	<u>15,000,000</u>

The deposits on land for future development is presented as current assets in the 2023 consolidated statement of financial position.

9. PREPAYMENTS AND OTHER CURRENT ASSETS

This account includes the following:

<i>(Amounts in PHP)</i>	<u>Note</u>	<u>2024</u>	<u>2023</u>
Advances to subcontractors		2,584,276,483	1,979,370,709
Input VAT and deferred input VAT		1,603,401,411	1,555,489,960
Deferred commissions	18.2	1,457,932,918	1,645,513,898
Prepaid taxes		680,803,508	454,631,300
Advances to suppliers		581,094,314	537,191,493
Short-term investments		344,058,432	200,838,362
Prepaid expenses		94,807,103	51,509,612
Others		15,037,722	9,621,327
		<u>7,361,411,891</u>	<u>6,434,166,661</u>

Advances to subcontractors include advance payments for materials, payment of labor and overhead expenses for on-going construction of subdivision and condominium units for sale. These are applied against the progress billings of subcontractors and are classified as current assets as it is related to projects for sale.

Short-term investments pertain to escrow funds that are required to be set up in relation to the Group's compliance with the regulatory requirements for issuance of license to sell, and are restricted for use in the Group's operations. The escrow funds is significantly comprised of investments in treasury bills with maturity dates of up to 12 months, earning effective interest ranging from 5.0% to 6.5% and 3.5% to 6.5% per annum in 2024 and 2023, respectively. This is presented as part of Interest income on banks under Finance Income in the consolidated statements of profit or loss (see Note 23).

Prepaid expenses include advance payment for insurance and rent.

10. INVESTMENTS IN ASSOCIATES AND A JOINT VENTURE/ NON-CURRENT ASSET HELD FOR SALE (NCAHFS)

10.1 Breakdown of Carrying Amounts

A reconciliation of the carrying amounts of investments in associates at the beginning and end of 2024 and 2023 is shown below.

<i>(Amounts in PHP)</i>	<u>2024</u>	<u>2023</u>

The shares in net losses of associates totaling P6,488,717, P12,570,144, and P9,505,354 were recognized in 2024, 2023 and 2022, respectively, in the consolidated statements of profit or loss.

There were no dividends received from the Group's associates and joint venture in 2024, 2023 and 2022.

10.3 Non-current Asset Held for Sale

On November 21, 2024, the BOD approved the Parent Company's intent to sell its 30% shares in CLI NUD to ABS to share the risks and significant capital commitment involved in the joint venture, as permitted under the joint arrangement. The sale of shares is expected to be completed in the third quarter of 2025 at the original subscription price.

As a result, the management assessed that the 30% interest in CLI NUD would be recovered through a sale transaction rather than continuing use; hence, was accounted for in accordance with PFRS 5. The carrying amount of the investment amounting to P237,832,347, which is lower than its fair value less cost to sell, was presented as Non-current Asset Held for Sale in the 2024 consolidated statement of financial position and was presented under the Real Estate segment in Note 4.5. The Group did not recognize any losses in relation to this transaction in 2024.

Construction in progress pertains to costs incurred by the Group, including applicable borrowing costs, in relation to its ongoing development of its hotels and resorts which are expected to be completed on dates ranging from 2025 to 2027. These assets are not depreciated until such time they are completed and available for use.

Depreciation and amortization expense on property and equipment is presented as part of Operating Expenses in the consolidated statements of profit or loss (see Note 20).

The Group reclassified real estate inventory and investment property to Building with carrying amount of P2,200,601 and P312,500, respectively in 2024, and P13,080,557 and P502,646, respectively, in 2023. These properties are currently being used as staff houses for the Group's employees.

Borrowing costs that are capitalized as part of property and equipment amounted to P814,000,895 and P572,141,966 in 2024 and 2023, respectively, which represents the allocated costs incurred on loans and corporate notes obtained to fund the construction projects (see Note 15). The capitalization rate used for the borrowings ranges from 5.50% to 9.50% and from 5.00% to 9.25% in 2024 and 2023, respectively.

Certain land, building, office equipment, furniture and fixtures and construction in progress with an aggregate carrying amount of P8,192,601,799 and P6,404,580,614 as at December 31, 2024 and 2023, respectively, are used as collateral for certain interest-bearing loans of the Group (see Note 15.1).

As at December 31, 2024 and 2023, the cost of the Group's fully-depreciated property and equipment that are still used in operations amounted to P128,005,577 and P119,631,379, respectively.

12. LEASES

The Group entered into lease contracts, as lessee, for leases of land and office spaces. With the exception of short-term leases and leases of low-value underlying assets, each lease is presented in the consolidated statements of financial position as Right-of-use Assets and the corresponding obligation, as Lease Liabilities. Variable lease payments, which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and asset.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right-of-use asset can only be used by the Group. Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. Some leases contain an option to purchase the underlying lease asset outright at the end of the lease, or to extend the lease for a further term.

Under the lease contracts, the Group is prohibited from selling or pledging the underlying leased assets as security. For the lease of an office space, the Group must keep the related property in a good state of repair and return the property in good state at the end of the lease. For the lease on the land, the Group must insure all the improvements made on the property.

The table below describes the nature of the Group's leasing activities by type of right-of-use asset recognized in the 2024 and 2023 consolidated statement of financial position.

	<u>1,291,348,622</u>	<u>1,262,856,055</u>

The Group is fully liable for the rentals on the remaining term of the lease of office space, including any interest, penalties, utility charges and damages for termination prior to expiration of the contract. The contracts of lease on land does not provide for any future lease termination and extension options.

The lease liabilities are secured by the related underlying assets. The undiscounted maturity analysis of lease liabilities are presented below.

<i>(Amounts in PHP)</i>	2024	2023

Net present value	1,291,348,622	1,262,856,055

12.3 Lease Payments Not Recognized as Liabilities

The Group has elected not to recognize a lease liability for short-term leases or for leases of low-value assets. Payments made under such leases are expensed on a straight-line basis. In addition, certain variable lease payments are not permitted to be recognized as lease liabilities and are expensed as incurred. The expense relating to short-term leases and low-value assets is presented as Rent under Operating Expenses in the consolidated statements of profit or loss (see Note 20).

12.4 Additional Profit or Loss and Cash Flow Information

The total cash outflow in respect of leases amounted to P53,505,133, P54,646,634 and P17,574,742 in 2024, 2023 and 2022, respectively (see Note 34). The interest expense in relation to the lease liabilities are presented as part of Interest expense on lease liabilities under Finance Costs in the consolidated statement of profit or loss (see Note 22).

13. INVESTMENT PROPERTIES

The Group's investment properties include parcels of land held for development of properties, condominium units and retail building for lease. The gross carrying amounts and accumulated depreciation of investment properties at the beginning and end of 2024 and 2023 are shown below.

In 2024, the Group reclassified certain investment properties with aggregate carrying amount of P1,291,548,786 to real estate inventories (see Note 7) and P2,536,188 to property and equipment (see Note 11). In 2023, the Group reclassified certain investment properties with aggregate carrying amount of P1,220,235,831 to real estate inventories (see Note 7) and P502,646 to property and equipment (see Note 11). Reclassifications to real estate inventories were made as a result of the change in the use of the properties from being held for lease to being held for sale. The changes are evidenced by modifications in business and development plans, securing necessary government permits, commencement of marketing activities to sell the properties, and obtaining reservations from customers. On the other hand, for properties reclassified to property and equipment, the Group determined that these assets were no longer intended to be leased. Instead, they are now designated for use in the Group's operations, as evidenced by their integration into the Group's business plans and operational activities.

Borrowing costs that are capitalized as part of investment property amounted to P764,496,562 and P344,938,772 in 2024 and 2023, respectively, which represents the specific borrowing costs incurred on loans and corporate notes obtained to fund the construction projects (see Note 15). The capitalization rate used for the borrowings ranges from 5.5% to 9.5% and 4.0% to 8.0% for the years ended December 31, 2024 and 2023, respectively. Income and expenses from investment properties in 2024, 2023 and 2022 are presented below.

The depreciation and other expenses are included as part of Cost of Sales and Services in the consolidated statements of profit or loss in 2024, 2023 and 2022 (see Note 19). Investment properties have a total fair value of P22,139,376,787 and P18,422,843,422 as at December 31, 2024 and 2023, respectively, based on the appraisal done by an independent expert [see Note 32.3(c)]. On the basis primarily of the foregoing valuations, management has assessed that no impairment loss is required to be provided on the Group's investment properties as at December 31, 2024 and 2023 [see also Note 3.2(g)].

Investment properties with a total carrying amount of P8,953,443,666 and P7,160,910,550 as at December 31, 2024 and 2023, respectively, are used as collateral for certain interest-bearing loans and borrowings of the Parent Company (see Note 15.1).

14. OTHER NON-CURRENT ASSETS

This account includes the following:

<i>(Amounts in PHP)</i>	Note	2024	2023
Deferred commissions	18.2	1,443,535,690	1,046,459,553
Advances to subcontractors		521,781,528	550,104,738

Others		979,001	1,342,727
		2,159,905,146	1,789,963,392

Advances to subcontractors include advance payments for materials, payment of labor and overhead expenses for on-going construction of investment properties. These are applied against the progress billings of subcontractors.

Refundable deposits pertain to recoverable payments, which are expected to be realized at the termination of the contract, to lessors and various payees. These are measured at amortized cost.

The gross carrying amounts and accumulated amortization of Computer software at the beginning and end of 2024 and 2023 are shown below.

<i>(Amounts in PHP)</i>	2024	2023
Cost	65,252,045	65,252,045
Accumulated amortization	(47,308,397)	(39,937,053)
Carrying amount	21,390,595	25,314,992

The total additions to computer software amounted to P3,446,947, P1,914,986 and P3,064,323 in 2024, 2023 and 2022, respectively. The amortization expense on the computer software amounted to P7,371,344, P7,962,055 and P8,831,626 in 2024, 2023 and 2022, respectively, and is presented as part of Depreciation and amortization under Operating Expenses (see Note 20).

In 2021 and 2020, the Parent Company recognized debt issuance costs for NFA amounting to P27,236,842 and P108,124,311, respectively, which has a carrying amount of P52,842,745 and P77,634,734 as at December 31, 2024 and 2023, respectively, in relation to the drawdowns from the NFA. The debt issuance cost amortization in 2024 and 2023 amounted to P24,791,989 and P24,724,251, respectively. The debt issuance costs are deducted from the fair value or issue price of the note.

The total interest incurred related to the NFA, including amortization of debt issuance cost, amounted to P606,939,694, P667,255,268 and P836,758,484 in 2024, 2023 and 2022, respectively, of which P369,697,770, P236,252,622 and P273,786,274 was capitalized as part of property and equipment and investment properties, respectively, and, P212,449,935 was recognized as interest expense as part of Finance Costs in 2024 (see Notes 11 and 13).

The Group is required to maintain the specifically defined financial ratios with respect to (a) maximum debt to equity ratio of 2.5:1; (b) minimum current ratio of 1:1; and, (c) minimum interest coverage ratio of 3:1. As at December 31, 2024 and 2023, the Group is compliant with the requirements.

The total interest expense related to the above loans, which are included as part of Finance Costs in the consolidated statements of profit or loss, amounted to P1,971,427,485, P2,205,875,946 and P1,136,010,363 in 2024, 2023 and 2022, respectively (see Note 22).

The accrued interest on these loans amounts to P338,604,909 and P262,413,071 as at December 31, 2024 and 2023, respectively, and is presented as part of Accrued expenses under the Trade and Other Payables account in the consolidated statements of financial position (see Note 17).

16. BONDS PAYABLE

On September 23, 2022, CLI registered with the SEC its debt securities program of P15,000,000,000 fixed rate bonds, which will be offered in one or more tranches within three years.

On October 7, 2022, the Parent Company issued the first tranche of its fixed rate bonds amounting to P5,000,000,000 and was listed with the Philippine Dealing & Exchange Corp. (PDEx). The bonds have been rated “PRS Aa plus” with a stable outlook by PhilRatings and are comprised of the following tenors:

- Series A – maturity of 3.5 years and a coupon rate of 6.4222%;
- Series B – maturity of 5.5 years and a coupon rate of 6.9884%; and,
- Series C – maturity of 7 years and a coupon rate of 7.3649%.

In 2022, the Parent Company recognized bond issuance costs amounting to P73,372,369 in relation to the issuance of the first tranche of the bonds which has a carrying amount of P35,231,074 and P52,177,479 as at December 31, 2024 and 2023, respectively. In 2024 and 2023, the Parent Company capitalized a portion of the amortization of bond issuance costs amounting to P13,775,733 and P14,081,503 as part of property and equipment and investment property. No similar capitalization in 2022. The Parent Company expensed the amortization amounting to P3,170,672 and P3,158,387, in 2024 and 2023, respectively.

The total interest incurred related to the bonds, including amortization of bond issuance cost, amounted to P272,872,570 and P357,691,418 in 2024 and 2023, respectively, of which P207,406,384 and P102,974,721 was capitalized as part of property, plant and equipment and investment properties in 2024 and 2023, respectively, and P131,374,423 and P66,856,868 (see Note 22) was recognized as interest expense as part of Finance Costs in 2024 and 2023, respectively.

The capitalization rate used in determining the amount of interest charges qualified for capitalization ranges from 6.42% to 7.36% and from 6.89% to 7.64% in 2024 and 2023, respectively.

The Parent Company is required to maintain the financial ratios with respect to (a) maximum debt to equity ratio of 2.5:1; (b) minimum current ratio of 1:1; and, (c) minimum interest coverage ratio of 3:1. As at December 31, 2024 and 2023, the Parent Company is compliant with the requirements.

17. TRADE AND OTHER PAYABLES

The current portion of trade and other payables is composed of the following:

<i>(Amounts in PHP)</i>	Notes	2024	2023
Unbilled construction costs		10,217,417,458	12,617,790,247

Other payables	14,416,002	10,597,440
	540,289,379	185,420,132

Unbilled construction costs pertain to estimated obligations to contractors for services already performed but not yet billed to the Group.

Trade payables mainly represent outstanding obligations to owners of parcels of land acquired, subcontractors and suppliers of construction materials.

Retention payable pertains to amount withheld from payments made to contractors to ensure compliance and completion of contracted projects equivalent to 10% of every billing made by the contractor. Portion of the amount retained that is not expected to be paid within 12 months from the end of the reporting period is presented as part of non-current liabilities in the consolidated statements of financial position.

Accrued expenses pertain to accruals for interest, contracted services, security services, professional fees and other recurring accruals in the Group's operations. Current portion of the other payables are mostly construction bonds from various subcontractors.

Advances from non-controlling stockholders pertains to noninterest-bearing advances of certain subsidiaries from non-controlling shareholders.

18. REVENUE FROM CONTRACTS WITH CUSTOMERS AND CONTRACT BALANCES

18.1 Disaggregation of Contract Revenues

Balance at end of year	49,427,127,660	45,093,986,410

The Group recognizes contract assets, due to timing difference of payment and satisfaction of performance obligation, to the extent of satisfied performance obligation on all open contracts as of the end of the reporting period. Its classification and presentation in the consolidated statements of financial position is based on the Group's estimate of project completion, hence, any change in estimated completion period affects transfers to contracts receivables.

The Group assesses an ECL when the contract assets are initially recognized and updates the assessment at each reporting date based on the analysis determined by management [see Note 31.2(c)].

A reconciliation of the opening and closing balance of Contract Liabilities is shown in below.

<i>(Amounts in PHP)</i>	2024	2023
Balance at beginning of year	449,338,207	598,361,867
Revenue recognized that was included in contract liability at the beginning of year	(189,517,602)	(435,715,453)
Increase due to cash received excluding amount recognized as revenue during the year	36,444,509	286,691,793
Balance at end of year	296,265,114	449,338,207

Contract liabilities pertains to collections from buyers that are ahead of the stage of completion of the real estate units sold. Changes in the contract assets and contract liabilities are recognized by the Group when a right to receive payment is already established and upon performance of unsatisfied performance obligation, respectively.

Collections from buyers on sale of real estate units where the gating criteria for recognition of sales contract have yet to be met are accounted for and presented as Customers' Deposits in the consolidated statements of financial position. The balance of Customers' Deposits amounted to P90,223,203 and P144,003,765 as at December 31, 2024 and 2023, respectively.

18.2 Direct Contract Cost

The Group incurs sales commissions upon execution of contracts to sell real properties to customers. Incremental costs of commission incurred to obtain contracts are capitalized and presented as Deferred commission presented under Prepayments and Other Current Assets, and Other Non-current Assets accounts in the consolidated statements of financial position (see Notes 9 and 14). These are amortized over the expected construction period on the same basis as how the Group measures progress towards complete satisfaction of its performance obligation in its contracts. The total amount of amortization for 2024, 2023 and 2022 is presented as Commission under Operating Expenses (see Note 20).

The Group's deferred commission are presented in the consolidated statements of financial position as follows:

<i>(Amounts in PHP)</i>	Notes	2024	2023
Current	9	1,457,932,918	1,645,513,898

24.3 Post-Employment Benefit Plan

(a) Characteristics of the Defined Benefit Plan

The Group maintains a funded and non-contributory post-employment benefit plan that is being administered by a trustee bank that is legally separated from the Group. The trustee bank manages the fund in coordination with the Group's top management who acts in the best interest of the plan assets and is responsible for setting the investment policies. The post-employment plan covers all regular full-time employees.

The normal retirement age is 60 with a minimum of five years of credited service. The plan also provides for an early retirement at age 50 with a minimum of five years of credited service and late retirement after age 60, both subject to the approval of the Group's BOD. Normal retirement benefit is an amount equivalent to 50% of the final monthly covered compensation (average monthly basic salary during the last 12 months of credited service) for every year of credited service.

(b) Explanation of Amounts Presented in the Consolidated Financial Statements

Actuarial valuations are made annually to update the post-employment defined benefit costs and the amount of contributions. All amounts presented below and in the succeeding pages are based on the actuarial valuation reports obtained from an independent actuary in 2024 and 2023.

The amounts of post-employment defined benefit obligation recognized in the consolidated statements of financial position are determined as follows:

<i>(Amounts in PHP)</i>	2024	2023
Present value of the obligation	82,925,055	53,883,058
Fair value of plan assets	(42,615,660)	(43,487,144)
	40,309,395	10,395,914

The movements in the present value of the post-employment defined benefit obligation recognized in the books are presented below.

<i>(Amounts in PHP)</i>	2024	2023
Balance at beginning of year	53,883,058	44,024,728
Current service cost	7,408,472	4,639,127
Interest cost	3,297,643	3,178,585
Benefits paid	(2,395,737)	(2,979,087)
Remeasurements – actuarial losses (gains) arising from:		
Experience adjustments	37,353,269	2,676,303
Changes in financial assumptions	(16,621,650)	2,343,402
Balance at end of year	82,925,055	53,883,058

The movements in the fair value of plan assets are presented below.

<i>(Amounts in PHP)</i>	2024	2023
Balance at beginning of year	43,487,144	34,634,633
Interest income	2,661,413	2,750,409
Benefits paid	(2,395,737)	-
Loss on plan assets (excluding amounts included in net interest expense)	(1,137,160)	(817,260)
Contributions	-	6,919,362
Balance at end of year	42,615,660	43,487,144

The composition of the fair value of plan assets at the end of the reporting period by category and risk characteristics is shown below.

<i>(Amounts in PHP)</i>	2024	2023
Unitized investment funds	33,367,846	35,963,869
Government securities	9,059,820	6,901,410
Receivables	131,176	91,322
Cash and cash equivalents	56,818	530,543
	42,615,660	43,487,144

The fair values of the above unitized investment funds and government debt securities are determined based on quoted market prices in active markets (classified as Level 1 of the fair value hierarchy).

Plan assets do not comprise any of the Group's own financial instruments or any of its assets occupied and/or used in its operations. The plan assets recognized gains in 2024 and 2023 amounting to P1,524,253 and P1,933,149, respectively, and loss in 2022 amounting to P736,246.

The components of amounts recognized in profit or loss and other comprehensive income in respect of the defined benefit post-employment plan are as follows:

<i>(Amounts in PHP)</i>	2024	2023	2022
<i>Recognized in profit or loss</i>			
Current service cost - net	7,408,472	4,639,127	4,583,769
Net interest expense on defined benefit obligation	636,230	428,176	241,469
	8,044,702	5,067,303	4,825,238
<i>Recognized in other comprehensive income or loss</i>

	21,868,779	5,836,964	577,372

The net interest expense is presented as part of Post-employment defined benefit obligation under Finance Costs in the statements of profit or loss (see Note 22).

Amounts recognized in other comprehensive loss were included within items that will not be reclassified subsequently to profit or loss.

In determining the amounts of the defined benefit post-employment obligation, the following significant actuarial assumptions were used:

<i>(Amounts in PHP)</i>	2024	2023	2022
Discount rates	6.12%	6.12%	7.22%
Salary increase rates	3%	7%	7%

Assumptions regarding future mortality experience are based on published statistics and mortality tables. The average remaining working lives of an individual retiring at the age of 60 is 25 years for both males and females. These assumptions were developed by management with the assistance of an independent actuary. Discount factors are determined close to the end of each reporting period by reference to the interest rates of zero-coupon government bonds with terms to maturity approximating the terms of the post-employment obligation. Other assumptions are based on current actuarial benchmarks and management's historical experience.

(c) *Risks Associated with the Retirement Plan*

The plan exposes the Group to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

(i) *Investment and Interest Risks*

The present value of the defined benefit obligation is calculated using a discount rate determined by reference to market yields of government bonds. Generally, a decrease in the interest rate of a reference government bonds will increase the plan obligation. However, this will be partially offset by an increase in the return on the plan's investments in debt securities and if the return on plan asset falls below this rate, it will create a deficit in the plan. Due to the long-term nature of the plan obligation, a level of continuing equity investments is an appropriate element of the Group's long-term strategy to manage the plan efficiently.

(ii) *Longevity and Salary Risks*

The present value of the defined benefit obligation is calculated by reference to the best estimate of the mortality of the plan participants both during and after their employment, and to their future salaries. Consequently, increases in the life expectancy and salary of the plan participants will result in an increase in the plan obligation.

(d) *Other Information*

The information on the sensitivity analysis for certain significant actuarial assumptions, the Group's asset-liability matching strategy, and the timing and uncertainty of future cash flows related to the retirement plan are as follows:

(i) *Sensitivity Analysis*

The following table summarizes the effects of changes in the significant actuarial assumptions used in the determination of the post-employment defined benefit obligation:

<i>(Amounts in PHP)</i>	Impact on Post-employment Defined Benefit Obligation		
	Changes in Assumption	Increase in Assumption	Decrease in Assumption
December 31, 2024			
Discount rate	+/-1.0%	(4,106,498)	3,165,843
Salary increase rate	+/-1.0%	3,450,146	(4,610,035)
December 31, 2023			
Discount rate	+/-1.0%	(2,148,365)	1,759,621
Salary increase rate	+/-1.0%	2,571,038	(1,514,962)

In addition, assuming there are no attrition rates, the increase in post-employment defined benefit obligation would be P33,056,004 and P102,849,832 in 2024 and 2023, respectively.

The foregoing sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. This analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation recognized in the consolidated statements of financial position.

The methods and types of assumptions used In preparing the sensitivity analysis did not change compared to the previous years.

(ii) *Asset-Liability Matching Strategies*

To efficiently manage the retirement plan, the Group, through its Retirement Plan Committee, ensures that the investment positions are managed in accordance with its asset-liability matching strategy to achieve that long-term investments are in line with the obligations under the retirement scheme. This strategy aims to match the plan assets to the post-employment obligations by investing in long-term fixed interest securities (i.e., government or corporate bonds) with maturities that match the benefit payments as they fall due and in the appropriate currency. The Group actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the post-employment obligations.

There has been no change in the Group's strategies to manage its risks from previous periods.

(iii) *Funding Arrangements and Expected Contributions*

The Group does not expect to make a contribution during the next reporting period.

The maturity profile of undiscounted expected benefit payments from the plan follows:

<i>(Amounts in PHP)</i>	2024	2023
Within one year	33,056,004	36,662,697
More than one year to five years	45,429,141	11,257,978
More than five years to ten years	351,181,103	11,757,739
	429,666,248	59,678,414

The weighted average duration of the defined benefit obligation at the end of the reporting period is 3.43 years.

25. CURRENT AND DEFERRED TAXES

The Group is registered with the Board of Investments (BOI) as a developer of various economic and low-cost housing projects. Accordingly, the Group enjoys an income tax holiday on the BOI-registered projects within three to four taxable years from its registration. The Group has seven and eight registered projects with BOI as of December 31, 2024 and 2023, respectively.

The components of tax expense relating to profit or loss and other comprehensive income or loss are as shown below.

NOLCO can be claimed as deduction from future taxable income within three years from the year the taxable loss was incurred except for NOLCO incurred in 2022 and 2021 by certain subsidiaries, which can be claimed as deduction from gross income until 2026 and 2025, respectively, in accordance with R.A. 11494, *Bayanihan to Recover as One Act*. Details of the Group's NOLCO are shown below.

<i>(Amounts in PHP)</i>	Inception Year	Amount	Utilized	Balance	Expiry Year
	2024	508,619,969	-	508,619,969	2027
	2023	109,472,207	-	109,472,207	2026

		852,949,625	(144,981,950)	707,967,675	

The Group has deferred tax assets related to NOLCO of P13,593 and P7,684,221 as at December 31, 2024 and 2023, respectively, which were not recognized because the subsidiaries to which such are attributable may not be able to generate enough taxable profit yet within the validity period of NOLCO for the assets to be recovered. As at December 31, 2024, only the Parent Company, CCPH, YHES and SPE are subject to MCIT, which is computed at the applicable rate (1% before July 1, 2023 and 2% thereafter) of gross income net of allowable deductions, as defined under the tax regulations or to RCIT, whichever is higher. Other components of the Group are not yet subject to MCIT as those have not operated beyond four taxable years. The Group reported MCIT amounting to P5,660,123, P1,385,046 and P2,061,395 in 2024, 2023 and 2022, respectively.

The Group opted to treat the capitalized borrowing costs as capital expenditure in accordance with Section 34(b) of the NIRC; hence, there are no deferred taxes related to the transaction. Furthermore, it opted to claim itemized deductions in computing its income tax due for the years ended December 31, 2024, 2023 and 2022.

On October 6, 2021, the BOD of the Parent Company approved the Executive Stock Option Plan (ESOP) for its qualified officers. The ESOP grants options to purchase the shares of the Parent Company at a price of P2.25 or current market price with a 15% discount, whichever is higher. Shares bought under the ESOP cannot be sold, assigned, or transferred in any manner for at least six months from the exercise date. Voting and dividend rights vest upon the issuance of the shares to the employees.

Pursuant to this ESOP, on January 5, 2022, the Parent Company granted share options to qualified officers to subscribe to 31,016,200 common shares of the Parent Company, with the following vesting period.

- The 1st 25% of the options granted can be exercised immediately upon the year of grant;
- The 2nd 25% of the options granted can be exercised one year after the options were granted;
- The 3rd 25% of the options granted can be exercised two years after the options were granted; and,
- The last 25% of the options granted can be exercised three years after the options were granted.

In 2022, a total of 3,349,470 share options were exercised at a price of P2.40 per share using the Parent Company treasury shares (see Note 27.3).

The fair value of the option granted was estimated using a variation of the Black-Scholes valuation model that takes into account factors specific to the ESOP. The following principal assumptions were used in the valuation:

Average option life	2.5 years
Average share price at grant date	P2.86
Average exercise price at grant date	P2.43
Average fair value at grant date	P0.15
Average standard deviation of share price returns	20.17%
Average dividend yield	14.95%
Average risk-free investment rate	2.59%

The underlying expected volatility was determined by reference to historical prices of the Parent Company's shares.

Share option benefits expense, which is included as part of Salaries and employee benefits under the Operating Expenses account, amounting to P1,369,663, P2,115,986 and P3,005,840 was recognized in 2024, 2023 and 2022, respectively (see Note 24.1), while the corresponding credit to Share Options Outstanding account is presented as part of Equity Attributable to Owners of the Parent Company under the Equity section of the consolidated statements of financial position.

28. EARNINGS PER SHARE

EPS is computed as follows:

<i>(Amounts in PHP)</i>	2024	2023 (As Restated – See Note 2)	2022 (As Restated – See Note 2)
Net profit attributable to Parent	3,009,909,488	2,794,959,152	2,688,261,719
Preferred dividends – see Note 27.6	(509,110,050)	-	-
Income available to common stockholders	2,500,799,438	2,794,959,152	2,688,261,719
Divided by weighted average number of outstanding common shares	3,465,201,467	3,465,201,467	3,464,364,100
Basic and diluted EPS	0.72	0.81	0.78

The Parent Company granted share options to qualified officers (see Note 27.4). The basic and diluted earnings per share in 2024, 2023 and 2022 are the same because the dilutive effects of potential common shares from the employee share options are negligible for the periods presented. The maximum increase in the weighted average number of outstanding shares from the exercise of employee shares options in 2023 and 2022 amounting to 10,876,872 shares and 4,773,547 shares, respectively, which results in the same EPS amounts. There was no similar transaction in 2024.

Aside from the employee share options, there were no instruments that could potentially dilute basic earnings per share in 2024, 2023, and 2022; hence, basic EPS is the same as diluted EPS.

29. COMMITMENTS AND CONTINGENCIES

29.1 Operating Lease Commitments – Group as Lessor

The Group is a lessor under several operating leases covering certain condominium and parking units and retail building space (see Note 13). To manage its risks over these operating leases, the Group retains its legal title over the underlying assets and requires its lessee to pay security deposits at the start of the lease, which are forfeited in case a lessee pre-terminates without prior notice or before the expiry of the lease term without cause. The leases have terms ranging from one to 15 years, with renewal options, and include annual escalation from 5% to 10%.

The future minimum lease receivables under these agreements are presented below.

<i>(Amounts in PHP)</i>	2024	2023	2022
Within one year	159,503,707	90,163,930	65,807,376
Within one to two years	115,750,118	107,102,709	38,881,603
Within two to three years	48,430,040	71,458,255	25,941,561
Within three to four years	42,816,603	23,406,711	8,497,362
Within four to five years	306,213,534	45,565,584	66,269,406
More than five years	445,954,152	136,979,178	92,651,746
	1,118,668,154	474,676,367	298,049,054

None of the rental income in 2024, 2023 and 2022 are relating to variable lease payments.

29.2 Operating Lease Commitments – Group as Lessee

The Group entered into several short-term cancellable leases for its billboards, warehouse and staff house. Rent expense incurred from the short-term cancellable leases are shown as Rent under Operating Expenses in the consolidated statements of profit or loss (see Notes 20).

As at December 31, 2024 and 2023, the expected future rentals is expected to be more or less the same with the annual rent expense recognized because of the terms of the leases, which are less than 12 months.

29.3 Completion of Sold Units

The Group is obligated to finish the sold units that are at a certain stage of completion at the time of sale. The Group recognized a contract liability, which amounts to P296,265,11 and P449,338,207 as at December 31, 2024 and 2023, respectively, when it collects more than it is entitled to based on the stage of completion of the project development (see Note 18.2).

29.4 Purchase of Land

In 2024 and 2023, the Group had agreed in principle with multiple sellers of real estate properties in various locations in Visayas and Mindanao for the acquisition of parcels of land amounting to P854,851,112 and P349,502,459, respectively and transferred to raw land inventory amounting to P854,851,112 and P464,499,188 in 2024 and 2023, respectively (see Note 8).

29.5 Capital Commitments for Construction Cost

As at December 31, 2024 and 2023, the Group has capital commitments amounting to P9,884,073,424 and P7,869,502,871, respectively, for the construction of real estate inventories, property and equipment and investment properties.

29.6 Others

There are other commitments and contingent liabilities that arise in the normal course of the Group's operations that are not reflected in the consolidated financial statements because the possible outflow of economic resource as a result of present obligations is considered improbable or remote or the amount to be provided cannot be measured reliably. As at December 31, 2024 and 2023, management is of the opinion that losses, if any, from these items will not have a material effect on the Group's consolidated financial statements.

30. EVENTS AFTER THE REPORTING PERIOD

30.1 Public Offering of Sustainability-linked Bonds

On November 21, 2024, the BOD authorized the public offer, sale and issuance of CLI's Sustainability-Linked Bonds (SLB) comprising of Philippine Peso-denominated "Series D Bonds" due 2028 and "Series E Bonds" due 2030, with a base offer of up to P3,000,000,000 and an oversubscription option of up to P2,000,000,000. The notice was provided to the PSE and the SEC on December 20, 2024 and the Parent Company listed its SLB at the PDEx on March 21, 2025.

From and including the first day of the Interest Period immediately following the Interest Period within which a Target Measurement Date falls (each an "Interest Step-Up Date"), the Applicable Interest Rate for each series shall be equal to the Original Interest Rate plus 0.075% for each occurrence of a Trigger Event. There is a Trigger Event when a Sustainability Performance Target (SPT) is not met on the applicable Target Observation Date as determined in the verification assurance report of the relevant External Verification Provider.

The SPT shall be as follows:

- Short Term SPT: Build 8,500 new Affordable Housing units by February 2027
- Medium Term SPT: Build 16,000 new Affordable Housing units by February 2029

30.2 Incorporation of CLI Luzon Ventures, Inc.

On March 18, 2025, the SEC duly approved the registration of CLI Luzon Ventures, Inc., a wholly-owned subsidiary of Cebu Landmasters, Inc., presently engaged with real estate development, sales, leasing, and property management, with a real estate portfolio that includes condominiums and subdivisions for residences, mixed-use properties, townships, hotels and resorts, offices, and co-living spaces.

30.3 Declaration of Cash Dividends on Common Shares

On March 17, 2025, the BOD approved the declaration of regular cash dividends amounting to P0.15 per share and special cash dividends amounting to P0.03 per share with record date on April 11, 2025 which will be paid on April 16, 2025.

31. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to certain financial risks in relation to financial instruments. The Group's financial assets and liabilities by category are summarized in Note 32. The main types of risks are market risk, credit risk and liquidity risk. The Group's risk management focuses on actively securing the Group's short-to-medium term cash flows by minimizing the exposure to financial markets. Long-term financial investments are managed to generate lasting returns.

It does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Group is exposed to are described as follows:

31.1 Market Risk

The Group is exposed to market risk through its use of financial instruments and specifically to foreign currency risk and interest rate risk which result from its operating, investing, and financing activities.

It has no significant foreign currency exposure risks as most of its transactions are carried out in Philippine pesos, its functional currency.

31.2 Credit Risk

Credit risk is the risk of financial loss to the Group if the counterparty to a financial instrument fails to meet its contractual obligation. To manage credit risk, the Group maintains credit policies and monitors its exposure to credit risk on a continuous basis. Receivables balances are being monitored on a regular basis to ensure timely execution of necessary collection intervention efforts. In addition, the credit risk for trade receivables is mitigated as the Group transfers the corresponding title of the subdivision lots, house and lot units, condominium units and parking spaces only upon full payment of the contract price.

(a) Maximum exposure to credit risk

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets (including contract assets), as summarized below.

<i>(Amounts in PHP)</i>	Notes	2024	2023
Cash and cash equivalents	5	1,583,238,995	913,841,206

*Receivables excludes advances to officers and employees.

The estimated fair value of collateral and other security enhancements held against contract receivables and contract assets are presented below.

<i>(Amounts in PHP)</i>	Gross Maximum Exposure	Fair Value of Collaterals	Net Exposure
2024			
Contract receivables	6,928,861,063	20,542,658,953	-
Contract assets	48,662,599,011	91,773,492,697	-

	46,643,060,973	89,229,000,365	-

(b) Credit risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographic location. In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

An analysis of concentration of credit risk by location of the Group's contract receivables and contract assets, net of allowance for impairment, is shown below.

<i>(Amounts in PHP)</i>	2024	2023
Cebu	22,754,685,446	21,835,148,629

Luzon	1,242,801,200	6,863,176,661
	53,088,776,901	46,643,060,973

(c) *Credit Quality*

The Group classifies cash in banks as high grade as these are deposited with reputable banks.

Other receivables, due from related parties and refundable deposits are considered to be unrated. For trade receivables, standard grade pertains to receivables with no default in payments and are effectively collateralized by the real estate inventories which can be subject to repossession upon non-payment of customers after reasonable collection effort has been exerted by the Group.

The quality of the Group's financial assets as of December 31, 2024 and 2023 is shown below.

31.3 Liquidity Risk

The Group manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash outflows due in a day-to-day business. Liquidity needs are monitored on a week-to-week basis, as well as on the basis of a rolling 30-day projection. Long-term liquidity needs for a six-month and one-year period are identified monthly. It maintains cash to meet its liquidity. Excess cash are invested in short-term placements.

The contractual maturities reflect the gross cash flows, which may differ from the carrying values of the liabilities at the end of the reporting periods.

32. CATEGORIES AND OFFSETTING OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES AND FAIR VALUE MEASUREMENTS AND DISCLOSURES

32.1 Carrying Amounts and Fair Values by Category

A description of the Group's risk management objectives and policies for financial instruments is provided in Note 31.

32.2 Offsetting of Financial Assets and Financial Liabilities

The following financial assets with net amounts presented in the consolidated statements of financial position are subject to offsetting, enforceable master netting arrangements and similar agreements:

(Amounts in PHP)	Gross amounts recognized in the consolidated statements of financial position		Net amount presented in the consolidated statements of financial position	Related amounts set-off in the consolidated statements of financial position		Net amount

The following financial liabilities with net amounts presented in the consolidated statements of financial position are subject to offsetting, enforceable master netting arrangements and similar agreements:

(Amounts in PHP)	Gross amounts recognized in the consolidated statements of financial position		Net amount presented in the consolidated statements of financial position	Related amounts set-off in the consolidated statements of financial position		Net amount

For financial assets and financial liabilities subject to enforceable master netting agreements or similar arrangements above, each agreement between the Group and counterparties (i.e., banks) allows for net settlement of the relevant financial assets and liabilities when both elect to settle on a net basis. In the absence of such an election, financial assets and liabilities will be settled on a gross basis, however, each party to the master netting agreement or similar agreement will have the option to settle all such amounts on a net basis in the event of default of the other party.

32.3 Fair Value Measurements and Disclosures

(a) Fair Value Hierarchy

In accordance with PFRS 13, *Fair Value Measurement*, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS Accounting Standards, are categorized into three levels based on the significance of inputs used to measure the fair value.

The fair value hierarchy has the following levels:

- (a) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- (b) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and,
- (c) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

For investments which do not have quoted market price, the fair value is determined by using generally acceptable pricing models and valuation techniques or by reference to the current market value of another instrument which is substantially the same after taking into account the related credit risk of counterparties, or is calculated based on the expected cash flows of the underlying net asset base of the instrument.

When the Group uses valuation technique, it maximizes the use of observable market data where it is available and relies as little as possible on entity specific estimates. If all significant inputs required to determine the fair value of an instrument are observable, the instrument is included in Level 2. Otherwise, it is included in Level 3.

(b) Financial Instruments Measured at Amortized Cost for which Fair Value is Disclosed

The table in the succeeding page summarizes the fair value hierarchy of the Group's financial assets and financial liabilities, which are not measured at fair value in the 2024 and 2023 consolidated statements of financial position, but for which fair value is disclosed (see Note 32.1).

¹ Receivables excludes advances to officers and employees.

² Trade and other payables excludes output VAT, government-related obligations and advance rental.

For the Group's financial assets and financial liabilities, which are measured at amortized cost, management has determined that their carrying amounts are equal to or approximate their fair values, except for interest-bearing loans and borrowings, because of their short-term nature.

(c) *Fair Value Measurement for Non-financial Assets*

The Group has no non-financial assets measured at fair value as at December 31, 2024 and 2023.

The table below shows the Levels within the hierarchy of investment property, which are not carried at fair value but whose fair value are required to be disclosed on a recurring basis.

(Amounts in PHP)	Level 1	Level 2	Level 3	Total
December 31, 2024	<u>-</u>	<u>-</u>	<u>22,139,376,787</u>	<u>22,139,376,787</u>
December 31, 2023	<u>-</u>	<u>-</u>	<u>18,422,843,422</u>	<u>18,422,843,422</u>

In 2024 and 2023, the fair value of the Group's Investment Properties is determined on the basis of the appraisals performed by an independent external appraiser with appropriate qualifications and recent experience in the valuation of similar properties in the relevant locations.

To some extent, the valuation process was conducted by the appraiser in discussion with the Group's management with respect to the determination of the inputs such as the size, age, and condition of the parcels of land and buildings, and the comparable prices in the corresponding property location.

The fair value of these parcels of land, condominium units, parking units, construction-in-progress and retail building were determined based on the following approaches:

(i) *Fair Value Measurement for Land, Condominium Units, Parking units and Retail Buildings*

The Level 3 fair value of the parcels of land, condominium units, retail building and parking slots under Investment Properties account was determined using the market approach, adjusted for differences in key attributes such as properties size, zoning and accessibility.

Under the market approach, when comparable lease offerings of similar properties and sales prices of comparable land properties in close proximity are used in the valuation of the subject property with insignificant adjustment on the price, fair value is included in Level 2. Consequently, if the observable recent prices of the reference properties were adjusted significantly for differences in key attributes such as properties size, zoning and accessibility, the fair value is included in Level 3. The most significant input into this valuation approach is the price per square foot; hence, the higher the price per square foot, the higher the fair value.

(ii) *Fair Value Measurement for Improvements under Retail Buildings*

The Level 3 fair value of building improvements presented as part of retail buildings under Investment Properties account was determined using the cost approach that reflects the cost to a market participant to construct an asset of comparable usage, construction standards, design and layout, adjusted for obsolescence. The more significant inputs used in the valuation include direct and indirect costs of construction such as but not limited to, labor and contractor's profit, materials and equipment, surveying and permit costs, electricity and utility costs, architectural and engineering fees, insurance and legal fees. These inputs were derived from various suppliers and contractor's quotes, price catalogues, and construction price indices. Under this approach, higher estimated costs used in the valuation will result in higher fair value of the properties.

There has been no change on the valuation techniques used by the Group, except as indicated above, during the period for its investment properties. There were no transfers into or out of Level 2 fair value hierarchy for the years ended December 31, 2024 and 2023.

33. CAPITAL MANAGEMENT OBJECTIVES, POLICIES AND PROCEDURES

The Group's capital management objectives are to ensure the Group's ability to continue as a going concern and to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Group monitors capital on the basis of the carrying amount of equity as presented in the consolidated statements of financial position. Capital for the reporting periods under review is summarized as follows:

<i>(Amounts in PHP)</i>	2024	2023 (As Restated – See Note 2)
Total interest-bearing loans and borrowings and bonds payable	49,616,848,857	47,136,668,257
Total equity	30,306,119,405	23,453,111,077
Debt-to-equity ratio	1.64:1.00	2.01:1.00

The Group's goal in capital management is to limit a maximum debt-to-equity structure ratio of 75:25 on a monthly basis. The Group is required to maintain certain financial ratios in relation with its borrowings (see Note 15.2). The Group has complied with its covenant obligations for both years ended December 31, 2024 and 2023.

The Group sets the amount of capital in proportion to its overall financing structure, i.e., equity and financial liabilities. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. The Group also monitors its debt coverage ratio (DCR) in each of the reporting periods. As at December 31, 2024 and 2023, the Group's DCR is 1.58:1.00 and 1.97:1.00, respectively.

We have audited, in accordance with Philippine Standards on Auditing, the consolidated financial statements of Cebu Landmasters, Inc. and Subsidiaries (the Group) for the years ended December 31, 2024 and 2023, on which we have rendered our report dated April 9, 2025. Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The applicable supplementary information (see List of Supplementary Information) is presented for purposes of additional analysis in compliance with the requirements of the Revised Securities Regulation Code Rule 68 and is not a required part of the basic consolidated financial statements prepared in accordance with Philippine Financial Reporting Standards (PFRS Accounting Standards), as modified by the application of the financial reporting reliefs issued and approved by the Securities and Exchange Commission. Such supplementary information is the responsibility of the Group's management. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

Re: **Cebu Landmasters, Inc.**

Gentlemen:

We refer to the Registration Statement and Preliminary Prospectus of CEBU LANDMASTERS, INC. and SUBSIDIARIES (the "Group") (the "Registration Statement") filed by the Group with the Securities and Exchange Commission in connection with its planned public offer, sale, and issuance of the Philippine Peso-denominated Sustainability-Linked Bonds (the Offer).

With respect to the Registration Statement, we acknowledge that we are aware of the use of the (a) audited consolidated financial statements of the Group as at and for the years ended December 31, 2024, 2023 and 2022, and (b) unaudited interim condensed consolidated financial statements of the Group as at and for the six months ended June 30, 2025 and 2024 for the purpose of the Group's Offer application. We are aware that such audited consolidated financial statements and unaudited interim condensed consolidated financial statements of the Group will be included in the Registration Statement to be filed with the Securities and Exchange Commission.

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Cebu Landmasters, Inc. and Subsidiaries (collectively referred to herein as the Group) as at June 30, 2025, and the related condensed consolidated interim statements of profit or loss, condensed consolidated interim statements of comprehensive income, condensed consolidated interim statements of changes in equity and condensed consolidated interim statements of cash flows for the six months ended June 30, 2025 and 2024, and a summary of selected explanatory notes. Management is responsible for the preparation and fair presentation of these interim financial information in accordance with Philippine Accounting Standard (PAS) 34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on these interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the Philippine Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Philippine Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not present fairly, in all material respects, the condensed consolidated interim financial position of the Group as at June 30, 2025 and of its condensed consolidated interim financial performance and its condensed consolidated interim cash flows for the six months ended June 30, 2025 and 2024 in accordance with PAS 34.

Emphasis of Matter

We draw attention to Note 2 to the condensed consolidated interim financial statements, which discusses the prior period adjustment made during the period ended June 30, 2025. As disclosed in the note, the adjustment was made to correct the classification of properties as of December 31, 2024, and revise the related prior year disclosures. Our conclusion is not modified in respect of this matter.

Other Matter

We have previously audited the 2024 consolidated financial statements of the Group prepared in accordance with Philippine Financial Reporting Standards, including the consolidated statement of financial position as of December 31, 2024, but excluding the prior period adjustments made by the Group in 2025, which is presented herein for comparative purposes, and on which we have rendered our report dated April 9, 2025.

This report has been prepared solely for the inclusion in the prospectus prepared by the Group in connection with its planned public offer, sale, and issuance of Philippine Peso-denominated Sustainability-Linked Bonds and for no other purpose.

1.3 Approval of Issuance of Condensed Consolidated Interim Financial Statements

The condensed consolidated interim financial statements of the Group as at and for the six months ended June 30, 2025 (including the comparative condensed interim financial statements for the six months ended June 30, 2024 and audited consolidated statement of financial position as of December 31, 2024), were authorized for issue by the BOD on September 24, 2025.

2. BASIS FOR PREPARATION AND MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of Preparation

(a) Statement of Compliance with Philippine Financial Reporting Standards

The condensed consolidated interim financial information of the Group has been prepared in accordance with Philippine Accounting Standard (PAS) 34, *Interim Financial Reporting*. This condensed consolidated interim financial information does not include all of the information required for full annual consolidated financial statements and should be read in conjunction with the consolidated financial statements of the Group for the year ended December 31, 2024, which have been prepared in accordance with Philippine Financial Reporting Standards (PFRS Accounting Standards), as restated in these condensed consolidated interim financial statements.

The condensed consolidated interim financial information is presented in Philippine pesos, the Group's functional and presentation currency, and all values represent absolute amounts except when otherwise indicated.

(b) Prior Period Restatements

(i) Classification of Properties Used in Hotel Operations

The Group corrected the classification of certain properties amounting to P284,923,362 from investment properties to property and equipment, as these were used in hotel operations and not held for lease. This reclassification was accounted for in accordance with PAS 40, *Investment Property*, and PAS 16, *Property, Plant and Equipment*.

(ii) Adjustment to Property Sales Classification

In 2024, the Group reclassified certain properties amounting to P9,648,748 from investment property to real estate inventories, which were subsequently sold within the same period. Upon review, the Group noted that the transfer did not meet the criteria for change in use under PAS 40 as the properties were sold without substantial redevelopment or repurposing. Accordingly, the Group restated its condensed consolidated interim statement of profit or loss for the six months ended June 30, 2024, to reflect the sale of these properties as gain on sale of investment property, rather than as real estate sales.

(iii) *Unrecorded Dividend Declaration*

On June 14, 2024, the Parent Company declared cash dividends amounting to P78,252,924 and P91,450,426 on its Series A-1 and A-2 preferred shares, respectively. These dividend declarations were not initially recorded in the Group's books. Accordingly, the Group restated its condensed consolidated interim statements of changes in equity for the six months ended June 30, 2024 to reflect the dividend declaration. The restatement has no impact on the other components of the condensed consolidated interim financial statements and the most recent annual consolidated financial statements for the year ended December 31, 2024.

Presented below is the analysis of the effects of the prior period adjustments in the condensed consolidated interim statements of financial position as of December 31, 2024.

The Group did not present a third consolidated statement of financial position as of January 1, 2024, as the restatements had no effect on the information presented in the consolidated statement of financial position at the beginning of the preceding period.

2.2 Material Accounting Policy Information

The Group's condensed consolidated interim financial information has been prepared in accordance with the accounting policies adopted in the Group's most recent annual consolidated financial statements for the year ended December 31, 2024, as restated in these condensed consolidated interim financial statements.

2.3 Estimates and Judgments

In preparing the condensed consolidated interim financial information, management makes judgments, estimates and assumptions that affect the recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

The key judgments, estimates and assumptions applied in the condensed consolidated interim financial information, including the key sources of estimation uncertainty, were the same as those applied in the Group's last annual consolidated financial statements for the year ended December 31, 2024.

3. SEGMENT INFORMATION

The Group's operating segments are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The Group's real estate segment covers the development and sale of residential and office units to individual and corporate buyers. The rental segment includes leasing of office and commercial spaces to corporate organizations. The management services segment focuses on the management of real estate projects and upkeep services to condominium corporations and housing associations. The hotel operations segment relates to the management of hotel business operations that caters hotel guest.

The table below presents revenue and profit information, and certain assets and liabilities information regarding segments as at and for the six months ended June 30, 2025.

Raw land inventory	4,624,040,207	854,851,112
	17,278,970,648	13,080,093,413

An analysis of the cost of real estate inventory included in cost of sales is presented in Note 19.

Land development costs pertain to the cost of land acquisition, and site development costs of horizontal projects and other future site projects of the Group.

Condominium building costs consist of the cost of land and the cost to construct the units of the vertical projects of the Group. Housing costs pertain to the cost of house construction for the horizontal projects of the Group.

Raw land inventory consists of parcels of land owned by the Group in various locations. These are expected to be developed into saleable condominium or subdivision units.

In 2024, the Group reclassified certain investment properties to real estate inventories (see Note 12). There was no similar transaction in 2025.

As at June 30, 2025 and December 31, 2024, real estate inventories totaling to P9,941,660,361 and P8,603,226,955, are used as collateral for certain interest-bearing loans and borrowings of the Parent Company (see Note 14.1).

7. DEPOSITS ON LAND FOR FUTURE DEVELOPMENT

These deposits pertain to advance payments for the acquisitions of parcels of land intended for future development into saleable real estate projects. In 2025, the Group acquired parcels of land with a total contract price of P774,988,638. As of June 30, 2025, cumulative payments made amounted to P500,008,638. The transfer of title to the Group is still pending as of reporting date. The deposits on land for future development is presented as current assets in the June 30, 2025 condensed consolidated interim statement of financial position, as these are related to parcels of land to be classified as real estate inventories.

8. PREPAYMENTS AND OTHER CURRENT ASSETS

This account includes the following:

<i>(Amounts in PHP)</i>	Notes	June 30, 2025 (Unaudited)	December 31, 2024 (Audited)
Advances to subcontractors		2,777,806,222	2,584,276,483

Others		22,906,108	15,037,722
		8,749,777,870	7,361,411,891

Advances to subcontractors include advance payments for materials, labor and overhead related to on-going construction of subdivision and condominium units for sale. These are applied against the progress billings of subcontractors and are classified as current assets as it is related to projects for sale.

In 2025, CLVI received cash under an escrow account. This is in connection with NTTUDA's subscription of redeemable preferred shares (see Note 17). Under the terms of the agreement, the escrow fund is disbursed solely for purposes mutually agreed upon by both parties, and only upon joint written instructions. The escrow fund consists entirely of cash held in savings accounts with a reputable bank. As of June 30, 2025, the fund is expected to be utilized within the next 12 months.

Short-term investments pertain to escrow funds held in compliance with the regulatory requirements for issuance of license to sell, and are restricted for use in the Group's operations. The escrow funds are significantly comprised of investments in treasury bills with maturity dates of up to 12 months.

Prepaid expenses include advance payment for insurance and rent.

9. INVESTMENTS IN ASSOCIATES AND A JOINT VENTURE/ NON-CURRENT ASSET HELD FOR SALE (NCAHFS)

9.1 Breakdown of Carrying Amounts

An analysis of the carrying amount of the Parent Company's investments in associates and a joint venture as at June 30, 2025 and December 31, 2024 is shown in below.

Shares in net loss of associates and a joint venture totaling P175,686 and P8,192,073 were recognized in 2025 and 2024, respectively, in the condensed consolidated interim statements of profit or loss. There were no dividends received from the Group's associates and joint venture in 2025 and 2024.

9.2 Non-current Asset Held for Sale

On November 21, 2024, the BOD approved the Parent Company's intent to sell its 30% shares in CLI NUD to ABS to share the risks and significant capital commitment involved in the joint venture, as permitted under the joint arrangement. The sale of shares is expected to be completed in 2025 at the original subscription price.

Following this decision, management assessed that the 30% interest in CLI NUD will be recovered through a sale transaction rather than continuing use. Accordingly, the carrying amount of P237,832,347 was reclassified as Non-current Asset Held for Sale in the condensed consolidated interim statement of financial position, in accordance with PFRS 5, *Non-current Assets Held for Sale and Discontinued Operations*. The carrying amount of the investment is presented in the condensed consolidated interim statements of financial position and was presented under the Real Estate segment in Note 3. No gain or loss was recognized in relation to this transaction for the six months ended June 30, 2025.

Construction in progress pertains to costs incurred by the Group, including applicable borrowing costs, in relation to its ongoing development of its hotels and resorts which are expected to be completed on dates ranging from 2025 to 2027. These assets are not depreciated until such time they are completed and available for use.

Depreciation and amortization expense on property and equipment is presented as part of Operating Expenses in the condensed consolidated interim statements of profit or loss (see Note 20).

The Group reclassified a certain property from investment property to Building with carrying amount of P17,391,363 and P312,500 in 2025 and 2024, respectively, and real estate inventory to Building amounting to P2,200,601 in 2024. These properties are being used as parking units and staff houses for the Group's employees.

Borrowing costs that are capitalized as part of property and equipment amounted to P406,512,279 for the six months ended June 30, 2025, and P814,000,895 for the year ended December 31, 2024, which represents the allocated costs incurred on loans, corporate notes, and bonds obtained to fund the construction projects (see Notes 14 and 15).

Certain land, building, office equipment, furniture and fixtures and construction in progress with an aggregate carrying amount of P9,012,009,389 and P8,192,601,799 as at June 30, 2025 and December 31, 2024, respectively, are used as collateral for certain interest-bearing loans of the Group (see Note 14.1).

As at June 30, 2025 and December 31, 2024, the cost of the Group's fully-depreciated property and equipment that are still used in operations amounted to P147,171,813 and P128,005,577, respectively.

11. LEASES

11.3 Lease Payments Not Recognized as Liabilities

The Group has elected not to recognize a lease liability for short-term leases or for leases of low-value assets. Payments made under such leases are expensed on a straight-line basis. In addition, certain variable lease payments are not permitted to be recognized as lease liabilities and are expensed as incurred. The expense relating to short-term leases and low-value assets has an aggregate amount of P16,969,594 and P19,820,048 for the six months ended June 30, 2025 and 2024, respectively, and is presented as Rent under Operating Expenses in the condensed consolidated interim statements of profit or loss (see Note 20).

11.4 Additional Profit or Loss and Cash Flow Information

The total cash outflow in respect of leases amounted to P47,378,420 and P50,018,641 for the six months ended June 30, 2025 and 2024, respectively. In 2025 and 2024, finance costs amounting to P41,925,398 and P35,702,323, respectively, were recognized in the condensed consolidated interim statements of profit or loss (see Note 22).

12. INVESTMENT PROPERTIES

The Group's investment properties include parcels of land held for development of properties, condominium units and retail building for lease. The gross carrying amounts and accumulated depreciation of investment properties at the beginning and end of the reporting periods are shown below.

In 2025, YHEST sold a parcel of land located in Davao to a third-party buyer for a total consideration of P1,535,800,000. The property had a carrying amount of P388,527,254, resulting in a gain of P1,147,272,745, which is presented as part of Gain on sale of investment properties under Other Operating Income in the condensed consolidated interim statement of profit or loss (see Note 21.1). The consideration was fully collected as of June 30, 2025.

In 2025, BL Ventures sold a certain unit in Latitude Corporate Center to a third-party buyer for a consideration of P20,638,957. The property had a carrying amount of P6,321,095, resulting in a gain of P14,317,862, which is presented as part of Gain on sale of investment properties under Other Operating Income in the condensed consolidated interim statement of profit or loss (see Note 21.1). As of June 30, 2025, total collections amounted to P590,536, resulting in an outstanding receivable balance of P20,048,421.

In 2025, the Group reclassified certain investment properties with aggregate carrying amount of P17,391,363 to property and equipment. These reclassifications reflect a change in use, specifically for parking units and staff houses designated for the Group's employees (see Notes 6 and 10). The Group determined that these assets were no longer intended to be leased. Instead, they are now designated for use in operations, as evidenced by their integration into the Group's business plans and operational activities.

Borrowing costs capitalized as part of investment property amounted to P504,346,806 for the six months ended June 30, 2025, and P764,496,562 for the year ended December 31, 2024, which represents the specific borrowing costs incurred on loans, corporate notes, and bonds obtained to fund the construction projects (see Notes 14 and 15).

Income and expenses from investment properties for the six months ended June 30, 2025 and 2024 are presented below.

The Group obtained new bank loans amounting to P13,759,049,515 for the six months ended June 30, 2025, and P17,475,143,091 for the year ended December 31, 2024, net of debt issue costs. These borrowings bear interest ranging from 5% to 9.50% and 5.25% to 9.25%, respectively, and have maturity dates ranging from 2024 to 2034.

The total interest incurred, including amortization of debt issuance cost, amounted to P1,592,898,735 and P1,681,063,305 for the six months ended June 30, 2025 and 2024, respectively. Of these amounts, P592,618,077 and P724,620,144, respectively, were capitalized as part of construction costs of investment property and property and equipment (see Notes 10 and 12). The remaining amount was recognized as part of Finance Costs in the condensed consolidated interim statements of profit or loss (see Note 22). The capitalization rate applied ranged from 5.00% to 9.50% in both periods.

In accordance with loan covenants, the Group is required to maintain the specifically defined consolidated financial ratios with respect to (a) maximum debt to equity ratio of 1.5:1; (b) minimum current ratio of 1:1; (c) minimum interest coverage ratio of 3:1; and (d) minimum debt service coverage ratio of 3:1. These ratios are assessed on an annual basis using the audited consolidated financial statements. As of December 31, 2024, the Group is compliant with the requirements. The Group continues to monitor its financial position closely and remains committed to fulfilling its obligations.

14.2 Corporate Notes

The Parent Company entered into a Notes Facility Agreement with various financial institutions for the issuance of long-term corporate notes totaling P13,000,000,000 and two short-dated notes amounting to P2,000,000,000 and P3,000,000,000.

An analysis of the movements in the balance of corporate notes is presented below.

	June 30, 2025 (Unaudited)	December 31, 2024 (Audited)
<i>(Amounts in PHP)</i>		
Balance at beginning of period	9,774,835,826	11,241,710,504

Balance at end of the period	<u>9,041,263,014</u>	<u>9,774,835,826</u>

The total interest incurred on corporate notes, including amortization of debt issuance cost, amounted to P287,607,048 and P314,215,488 for the six months ended June 30, 2025 and 2024, respectively. Of these amounts, P181,123,567 and P314,215,488, respectively, was capitalized as part of investment properties and property and equipment in 2025 and 2024, respectively (see Notes 10 and 12). The remaining amount was recognized as part of Finance Costs in the condensed consolidated interim statements of profit or loss (see Note 22). The capitalization rate ranged from 3.46% to 7.25% in both periods.

The amortization of debt issue costs from corporate notes amounting to P12,260,520 and P24,791,989 was capitalized as part of property and equipment and investment properties in 2025 and 2024, respectively.

Certain bank loans and corporate notes are collateralized by the specific projects and developments, including property and equipment. The aggregate carrying amount of these collateralized assets was P30,472,841,208 and P25,749,272,420 as at June 30, 2025 and December 31, 2024, respectively, are included in the Real Estate Inventories, Property and Equipment and Investment Properties accounts in the condensed consolidated interim statements of financial position (see Notes 6, 10 and 12).

The Group is required to maintain the financial ratios with respect to (a) maximum debt to equity ratio of 2.5:1; (b) minimum current ratio of 1:1; and (c) minimum interest coverage ratio of 3:1. As at June 30, 2025 and December 31, 2024, the Group is compliant with the requirements.

15. BONDS PAYABLE

On September 23, 2022, the Parent Company registered a P15,000,000,000 fixed-rate bond program with the SEC, to be issued in one or more tranches over a three-year period.

The first tranche, amounting to P5,000,000,000, was issued on October 7, 2022 and listed with the Philippine Dealing & Exchange Corp. (PDEX). The bonds have been rated “PRS Aa plus” with a stable outlook by PhilRatings and are comprised of the following tenors:

- Series A – maturity of 3.5 years and a coupon rate of 6.4222%;
- Series B – maturity of 5.5 years and a coupon rate of 6.9884%; and,
- Series C – maturity of 7 years and a coupon rate of 7.3649%.

On March 21, 2025, the Parent Company issued the second tranche of P5,000,000,000 in Sustainability-Linked Bonds (SLB), also listed on PDEX, and rated “PRS Aa plus” with a stable outlook. These are comprised of the following tenors:

- Series D – maturity of 3 years and a coupon rate of 6.6348%; and,
- Series E – maturity of 5 years and a coupon rate of 6.9157%.

Each SLB series carries a step-up feature: the applicable interest rate increases by 0.075% for each occurrence of a Trigger Event, which arises when a Sustainability Performance Target (SPT) is not met on the relevant observation date. The SPTs are as follows:

- Short-term SPT: Build 8,500 new Affordable Housing units by February 2027
- Medium-term SPT: Build 16,000 new Affordable Housing units by February 2029

The outstanding balance of bonds payable is presented in the condensed consolidated interim statements of financial position as shown below:

Balance at end of the period	52,375,938,809	49,427,127,660

The Group recognizes contract assets, due to timing difference of payment and satisfaction of performance obligation, to the extent of satisfied performance obligation on all open contracts as of the end of the reporting period. Its classification and presentation in the statement of financial position is based on the Group's estimate of project completion, hence, any change in estimated completion period affects transfers to contract receivables.

The Group assesses an ECL when the contract assets are initially recognized and updates the assessment at each reporting date based on the analysis determined by management (see Note 26).

A summary of the Group's contract liabilities and customers' deposits, as part of condensed consolidated interim statements of financial position, is presented below.

<i>(Amounts in PHP)</i>	June 30, 2025 (Unaudited)	December 31, 2024 (Audited)
Contract liabilities	362,028,139	296,265,114
Customers' deposits	118,272,482	90,223,203
	480,300,621	386,488,317

Contract liabilities pertain to collections from buyers that are ahead of the stage of completion of the real estate units sold.

Collections from buyers on sale of real estate units where the gating criteria for recognition of sales contract have not yet met are accounted for as Customers' Deposits in the condensed consolidated interim statements of financial position.

A reconciliation of the opening and closing balance of Contract Liabilities is shown in below.

18.3 Direct Contract Cost

The Group incurs sales commissions upon execution of contracts to sell real properties to customers. Incremental costs of commission incurred to obtain contracts are capitalized and presented as Deferred commission presented under Prepayments and Other Current Assets, and Other Non-current Assets accounts in the condensed consolidated interim statements of financial position (see Notes 8 and 13). These are amortized over the expected construction period on the same basis as how the Group measures progress towards complete satisfaction of its performance obligation in its contracts. The total amount of amortization for 2025 and 2024 is presented as Commissions under Operating Expenses (see Note 20).

The Group's deferred commission are presented in the condensed consolidated interim statements of financial position as shown below.

Interest expense on loans and bonds are the portion not capitalized as part of property and equipment and investment properties (see Notes 10 and 12).

23. CURRENT AND DEFERRED TAXES

The Group is registered with the Board of Investments (BOI) as a developer of various economic and low-cost housing projects. Accordingly, the Group enjoys an income tax holiday on the BOI-registered projects within three to four taxable years from its registration.

The Group has nine and seven registered projects with BOI as of June 30, 2025 and December 31, 2024, respectively.

The components of tax expense relating to profit or loss and other comprehensive income or loss are as shown below.

<i>(Amounts in PHP)</i>	June 30 2025 (Unaudited)	June 30, 2024 (Unaudited)
<i>Reported in profit or loss:</i>		
Current tax expense:		
Regular corporate income tax (RCIT) at 25%	431,805,844	204,403,360
Final income tax	6,542,420	1,368,955

	<u>893,492,961</u>	<u>752,976,465</u>

As of June 30, 2025, the Parent Company, BL Ventures, CHR, CPH, MGR, YES, YHES, CHDI, CBLRV, SPE, and CLI-LITE are subject to MCIT which is computed at 2% of gross income net of allowable deductions, as defined under the tax regulations, or to RCIT, whichever is higher. Other components of the Group are not yet subject to MCIT as those have not operated beyond four taxable years. The Group reported MCIT amounting to P1,017,849 and P383,301 for the six months ended June 30, 2025 and 2024, respectively.

The Group opted to treat the capitalized borrowing costs as capital expenditure in accordance with Section 34(b) of the NIRC; hence, there are no deferred taxes related to the transaction. Furthermore, it opted to claim itemized deductions in computing its income tax due for the six-month periods ended June 30, 2025 and 2024.

24. RELATED PARTY TRANSACTIONS

The Group's related parties include its ultimate parent company, entities under common ownership, associates, joint venture, shareholders, the Group's key management personnel, and its retirement fund. The dividends came from YHEST and El Camino in 2025, while from El Camino, MGR, and YHEST in 2024.

25.4 Employee Share Option

On October 6, 2021, the BOD of the Parent Company approved the Executive Stock Option Plan (ESOP) for its qualified officers. The ESOP grants options to purchase the shares of the Parent Company at a price of P2.25 or current market price with a 15% discount, whichever is higher. Shares bought under the ESOP cannot be sold, assigned, or transferred in any manner for at least six months from the exercise date. Voting and dividend rights vest upon the issuance of the shares to the employees.

Share option benefits expense, which is included as part of Salaries and employee benefits under the Operating Expenses account, amounting to P545,986 was recognized in 2025, while the corresponding credit to Share Options Outstanding account is presented under the Equity section of the condensed consolidated interim statements of financial position. No similar transaction was recognized for the six months ended June 30, 2024, as the expense related to share options is typically recorded at year-end.

26. EARNINGS PER SHARE

EPS is computed as follows:

<i>(Amounts in PHP)</i>	June 30, 2025 (Unaudited)	June 30, 2024 (Unaudited)
Net profit attributable to Parent	1,651,819,727	1,702,140,345
Preferred dividends – see Note 25.2	(169,703,350)	(84,851,675)
Income available to common stockholders	1,482,116,377	1,617,288,670
Divided by weighted average number of outstanding common shares	3,465,201,467	3,469,481,807
Basic and diluted EPS	0.43	0.47

The dilutive effects of potential common shares from the employee share options are negligible for the periods presented. Aside from the employee share options, there were no instruments that could potentially dilute the basic EPS; hence, the basic and diluted EPS are the same.

27. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to risk in relation to its operating, investing, and financing activities, and the business environment in which it operates. Generally, the Group's objectives in risk management are to ensure that it identifies, measure, monitors, and controls the various risks that arise from its business activities and that it adheres strictly to the policies, procedures, and control system which are establish to address these risks. In managing financial instruments, the Group is exposed to financial risks such as market risk (including foreign currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), liquidity risk and credit risk.

The condensed consolidated interim financial statements do not include all financial risk management information and disclosure required in the annual consolidated financial statements; hence, they should be read in conjunction with the Group's annual financial statements as of and for the year ended December 31, 2024.

There have been no significant changes in the risk management structure of the Group or in any risk management policies since the previous annual period.

For the Group's financial assets and financial liabilities, which are measured at amortized cost, management has determined that their carrying amounts are equal to or approximate their fair values, except for interest-bearing loans and borrowings, because of their short-term nature.

(b) *Fair Value Measurement for Non-financial Assets*

The Group has no non-financial assets measured at fair value as at June 30, 2025

The table below shows the Levels within the hierarchy of investment property, which are not carried at fair value but whose fair value are required to be disclosed on a recurring basis as at June 30, 2025 and December 31, 2024. However, the fair values of its investment properties are required to be disclosed.

<i>(Amounts in PHP)</i>	Level 1	Level 2	Level 3	Total
June 30, 2025 (Unaudited)	<u>-</u>	<u>-</u>	<u>24,243,995,077</u>	<u>24,243,995,077</u>
December 31, 2024 (Audited)	<u>-</u>	<u>-</u>	<u>22,139,376,787</u>	<u>22,139,376,787</u>

In 2025, the fair value of the Group's Investment Properties is determined on the basis of the appraisals performed by an independent external appraiser with appropriate qualifications and recent experience in the valuation of similar properties in the relevant locations.

To some extent, the valuation process was conducted by the appraiser in discussion with the Group's management with respect to the determination of the inputs such as the size, age, and condition of the parcels of land and buildings, and the comparable prices in the corresponding property location.

The fair value of these parcels of land, condominium units, parking units, construction-in-progress and retail building were determined based on the following approaches:

(i) *Fair Value Measurement for Land, Condominium Units, Parking units and Retail Buildings*

The Level 3 fair value of the parcels of land, condominium units, retail building and parking slots under Investment Properties account was determined using the market approach, adjusted for differences in key attributes such as properties size, zoning and accessibility.

Under the market approach, when comparable lease offerings of similar properties and sales prices of comparable land properties in close proximity are used in the valuation of the subject property with insignificant adjustment on the price, fair value is included in Level 2.

Consequently, if the observable recent prices of the reference properties were adjusted significantly for differences in key attributes such as properties size, zoning and accessibility, the fair value is included in Level 3.

The most significant input into this valuation approach is the price per square foot; hence, the higher the price per square foot, the higher the fair value.

(ii) *Fair Value Measurement for Improvements under Retail Buildings*

The Level 3 fair value of building improvements presented as part of retail buildings under Investment Properties account was determined using the cost approach that reflects the cost to a market participant to construct an asset of comparable usage, construction standards, design and layout, adjusted for obsolescence. The more significant inputs used in the valuation include direct and indirect costs of construction such as but not limited to, labor and contractor's profit, materials and equipment, surveying and permit costs, electricity and utility costs, architectural and engineering fees, insurance and legal fees. These inputs were derived from various suppliers and contractor's quotes, price catalogues, and construction price indices. Under this approach, higher estimated costs used in the valuation will result in higher fair value of the properties.

There has been no change on the valuation techniques used by the Group, except as indicated above, during the period for its investment properties. There were no transfers into or out of Level 2 fair value hierarchy for the quarter ended June 30, 2025.

29. CAPITAL MANAGEMENT OBJECTIVES, POLICIES AND PROCEDURES

The Group's capital management objectives are to ensure the Group's ability to continue as a going concern and to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Group monitors capital on the basis of the carrying amount of equity as presented in the condensed consolidated interim statements of financial position. Capital for the reporting periods under review is summarized as follows:

	June 30, 2025 (Unaudited)	December 31, 2024 (Audited)
<i>(Amounts in PHP)</i>		
Total interest-bearing loans and borrowings and bonds payable	56,092,517,871	49,616,848,857
Total equity	31,622,129,155	30,306,119,405
Debt-to-equity ratio	1.77:1.00	1.64:1.00

The Group's goal in capital management is to limit a maximum debt-to-equity structure ratio of 75:25 on a monthly basis. The Group is required to maintain certain financial ratios in relation with its borrowings (see Note 14). The Group has complied with its covenant obligations for both years ended June 30, 2025 and December 31, 2024.

The Group sets the amount of capital in proportion to its overall financing structure, i.e., equity and financial liabilities. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

30. COMMITMENTS AND CONTINGENCIES

30.1 Capital Commitments for Construction Cost

As at June 30, 2025 and December 31, 2024, the Group has capital commitments of about P7,480,051,916 and P9,884,073,424, respectively, for the construction of real estate inventories, property and equipment and investment properties.

30.2 Completion of Sold Units

The Group is obligated to finish the sold units that are at a certain stage of completion at the time of sale. The Group recognized a contract liability, which amounts to P362,028,139 and P296,265,114 as at June 30, 2025 and December 31, 2024, respectively, when it collects more than it is entitled to, based on the stage of completion of the project development.

30.3 Capital Commitments to Joint Venture

As at June 30, 2025 and December 31, 2024, the Parent Company has total commitment to contribute capital to CLI NUD amounting to P3,847,604,762, of which P873,107,116 has been paid, involved in the joint venture, as permitted in the joint arrangement.

30.4 Others

There are other commitments and contingent liabilities that arise in the normal course of the Group's operations that are not reflected in the condensed consolidated interim financial statements because the possible outflow of economic resource as a result of present obligations is considered improbable or remote or the amount to be provided cannot be measured reliably. As at June 30, 2025 and December 31, 2024, management is of the opinion that losses, if any, from these items will not have a material effect on the Group's condensed consolidated interim financial statements.

31. EVENTS AFTER THE REPORTING PERIOD

31.1 Sustainability-linked Notes for Long-term Development

On August 7, 2025, the Group signed a P3,000,000,000 Sustainability-Linked Notes facility agreement with BPI Asset Management Trust Corporation and Sunlife Investment Management and Trust Corporation. The notes have tenors of seven (7) and ten (10) years from initial issue date. The proceeds will be used for real estate development and general corporate purposes aligned with the Group's sustainability-linked framework.

31.2 Property Acquisition through CHDI

On September 8, 2025, the Group acquired a 78.8-hectare property in Liloan, Cebu through its subsidiary, CHDI. This investment signifies the expansion of its landbank and fortifies its pipeline of future developments.

32. SUPPLEMENTAL INFORMATION ON NON-CASH INVESTING AND FINANCING ACTIVITIES

Discussed below are the supplemental information on non-cash investing and financing activities relative to the Group's condensed consolidated interim statements of cash flows.

- (a) In 2025, the Group reclassified investment properties to property and equipment amounting to P17,391,363. There was no similar transaction in 2024.
- (b) In 2025 and 2024, borrowing costs that were capitalized as part of Property and Equipment and Investment Properties totaled to P910,859,085 and P1,152,371,744, respectively (see Notes 10 and 12).
- (c) In 2024, the Group recognized right-of-use assets and lease liabilities amounting to P5,176,039 (see Note 11). There was no similar transaction in 2025.
- (d) As at June 30, 2025 and December 31, 2024, the unpaid dividends amounted to P169,703,350 and P339,406,706, and are presented as Dividends payable under Trade and Other Payables account in the condensed consolidated interim statement of financial position (see Note 16).
- (e) In 2025 and 2024, the Group incurred unpaid construction costs of P1,101,034,189 and P1,597,110,016, respectively, included in additions to Property and Equipment and Investment Properties (see Notes 10 and 12).
