This Prospectus relates to the proposed shelf registration and continuous offer of DoubleDragon Corporation ("**DoubleDragon",** the "**Issuer"** or the "**Company**") through a sale in the Philippines of fixed-rate bonds in the principal amount of up to Thirty Billion Pesos (₱30,000,000,000.00) under a shelf-registered debt securities program (the "**Bonds**"), to be issued in one or more tranches at such times and on such terms as may be determined by the management of the Issuer (the "**Debt Securities Program**").

For the first tranche of the Bonds to be issued out of the Debt Securities Program, the Issuer is offering a principal amount of up to Five Billion Pesos (₱5,000,000,000.00) (the "**Base Offer**"), with an oversubscription option of up to Five Billion Pesos (₱5,000,000,000.00) (the "**Oversubscription Option**", together with the Base Offer, the "**Offer**", and the Bonds subject of the Offer, the "**First Tranche Bonds**") to be issued on 20 November 2024 or the immediately succeeding Business Day if such date is not a Business Day or such other date as may be agreed upon by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners ("**Issue Date**"). The First Tranche Bonds shall have a term of 5.5 years from Issue Date, with a fixed interest rate of 8.0000% per annum. Interest on the First Tranche Bonds shall be calculated on a European 30/360-day count basis and shall be paid quarterly in arrear. Interest on the First Tranche Bonds shall be payable quarterly in arrear on 27 February, 27 May, 27 August, and 27 November of each year commencing on 27 February 2025, until and including the Maturity Date (each, an "**Interest Payment Date"**), or the next Business Day if such dates fall on a non-Business Day, without any adjustment to the amount due, provided that if the Issue Date is set at a date other than 27 November 2024, then the Interest Payment Dates will be automatically adjusted to the numerically corresponding dates at every quarter following the actual Issue Date. The last Interest Payment Date shall fall on the Maturity Date. Subject to the consequences of default as contained in the Trust Agreement dated 7 November 2024 executed by and between the Issuer and RCBC Trust Corporation (the "**Trustee**") and unless otherwise redeemed prior to the Maturity Date, the First Tranche Bonds shall be redeemed at par (or 100% of face value) on the Maturity Date (see *"Terms and Conditions of the First Tranche Bonds" – "Interest*" on page 61 of this Prospectus).

A registration statement covering the Debt Securities Program and the Offer was filed by the Issuer with the Philippine Securities and Exchange Commission (the "**SEC**") in accordance with the provisions of the Securities Regulation Code of the Philippines (Republic Act No. 8799) on October 17, 2024 and an application for the listing of the First Tranche Bonds will be filed with the Philippine Dealing & Exchange Corp (the "**PDEx**") on or about 7 November 2024. The Offer was authorized by a resolution of the Board of Directors dated 8 October 2024. Land Bank of the Philippines ("**Landbank**"), RCBC Capital Corporation ("**RCBC Capital**"), and Unicapital, Inc. ("**Unicapital**") were mandated as the joint issue managers, joint lead underwriters and joint bookrunners of the Offer (the "**Joint Issue Managers, Joint Lead Underwriters, and Bookrunners**").

After the close of the Offer and within three (3) years following the date on which the Debt Securities Program is rendered effective, the Company may, at its sole discretion, offer any or all of the remaining balance of the aggregate principal amount of Bonds covered by the Debt Securities Program, in one or more subsequent tranches under Rule 8.1.2 of the Implementing Rules and Regulations of the SRC.

The payment obligations of the Issuer under the First Tranche Bonds shall constitute direct, senior, unconditional, unsubordinated and unsecured obligations of the Issuer, and shall at all times rank *pari passu* and without preference among themselves. The payment obligations of the Issuer under the First Tranche Bonds shall at all times rank at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer, other than (i) obligations preferred by the law and (ii) any obligation incurred by the Issuer as allowed by the Trust Agreement, and (iii) other Indebtedness or obligations disclosed by the Issuer to the Trustee prior to the execution of the Trust Agreement.. The First Tranche Bonds shall effectively be subordinated in right of payment to, among others, all of Issuer's secured debts, and all of its debt that is evidenced by a public instrument under Article 2244(14) of the Civil Code (see "*Description of the Offer" – "Ranking"* on page 61 of this Prospectus).

Each tranche of the Bonds will be rated by Philippine Rating Services Corporation ("**PhilRatings**"). The First Tranche Bonds have been rated PRS Aaa with Stable Outlook by PhilRatings on October 23, 2024. DoubleDragon is currently rated Aaa by PhilRatings. PRS Aaa is the highest rating assigned by PhilRatings.

Obligations rated PRS Aaa are of the highest quality with minimal credit risk. A Stable Outlook means that the rating is likely to be maintained or to remain unchanged in the next twelve months.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organization.

The First Tranche Bonds will be offered to the public at face value through the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners named below with the Philippine Depository & Trust Corp. ("**PDTC**") as the Registrar of the Bonds. The First Tranche Bonds shall be issued in minimum denominations of ₱50,000.00 each, and in integral multiples of ₱10,000.00 thereafter. The First Tranche Bonds shall be traded in denominations of ₱10,000.00 in the secondary market.

DoubleDragon intends to list the First Tranche Bonds on a securities exchange licensed with the SEC and has initiated discussions with the Philippine Dealing & Exchange Corporation ("**PDEx**") for this purpose. However, there is no assurance that such a listing will actually be achieved either before or after the Issue Date or whether such a listing will materially affect the liquidity of the First Tranche Bonds on the secondary market. Such listing would be subject to the Company's execution of a listing agreement with PDEx that may require the Company to make certain disclosures, undertakings and payments on an ongoing basis.

DoubleDragon expects to raise gross proceeds of up to Five Billion Pesos (₱5,000,000,000.00) from the Base Offer and up to Ten Billion Pesos (₱10,000,000,000.00) assuming full exercise of the Oversubscription Option. The net proceeds from the Offer are estimated to be ₱4,900,856,845 for the Base Offer, or ₱9,812,356,845 Billion assuming the full exercise of the Oversubscription Option, after deducting fees, commissions, and expenses relating to the issuance. Proceeds of the Offer shall be used to fund the Issuer's general corporate requirements, specifically to increase working capital fund, which are discussed further in the section entitled *"Use of Proceeds"* on page 82 of this Prospectus. The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners shall receive an aggregate fee of up to 1.00% exclusive of gross receipts tax ("**GRT**") on the final aggregate nominal principal amount of the First Tranche Bonds issued, which is inclusive of underwriting fees and selling commissions to be paid, if any (see *"Plan of Distribution"* on page 74 of this Prospectus).

The Company's current dividend policy provides that at least 30% of the preceding fiscal year's net income after tax will be declared as dividends, subject to (i) the availability of Unrestricted Retained Earnings, (ii) implementation of business plans, (iii) contractual obligations, and (iv) working capital requirements.

The Offer is being conducted exclusively in the Philippines and is pursuant to requirements under Philippine laws, rules and regulations that may be different from those of other countries and jurisdictions. No action has been or will be taken by the Issuer or any person on behalf of the Issuer to permit an offering of the First Tranche Bonds in any jurisdiction other than the Philippines, where action for that purpose is required. Accordingly, the First Tranche Bonds may not be offered or sold, directly or indirectly, nor may any offering material relating to the First Tranche Bonds be distributed or published in or from any country or jurisdiction, except under circumstances that will result in compliance with any applicable laws, rules and regulations of any such country or jurisdiction. Any reproduction or distribution of this Prospectus, in whole or in part, and any disclosure of its contents or use of any information herein for any purpose other than considering an investment in the First Tranche Bonds is prohibited. Each investor in the First Tranche Bonds must comply with all laws applicable to it and must obtain the necessary consent, approvals or permission for its purchase or subsequent offer and sale of the First Tranche Bonds under the laws and regulations in force in any jurisdiction to which it is subject. None of the Company or the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners will have any responsibility therefor.

To the best of the Company's knowledge, the Company confirms that, as of the date of this Prospectus, the information contained herein relating to the Company and its operations, which are in the context of the Offer (including all material information required by the applicable laws of the Republic of the Philippines), is true and that there is no material misstatement or omission of facts which would make any statement in this Prospectus misleading in any material respect and that the Company hereby accepts full and sole responsibility for the accuracy of the information contained in this Prospectus with respect to the same. The Company confirms that it has made all reasonable inquiries in respect of the information, data and analysis provided to it by its advisors and consultants or which is otherwise publicly available for inclusion into this Prospectus. The Company, however, has not independently verified any such publicly available information, data or analysis.

The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners have exercised the required due diligence in ascertaining that all material representations contained in this Prospectus, and any amendment or supplement thereto, are true and correct as of the date hereof and that no material information was omitted, which was necessary in order to make the statements contained in said documents not misleading in any material respect. Further, the Company confirms that, to the best of its knowledge and belief after having taken reasonable care to ensure that such is the case, as of the date of this Prospectus, the information contained in this Prospectus relating to the Company and its operations is true and there is no material misstatement or omission of fact which would make any statement in this Prospectus misleading in any material respect. The Company hereby accepts full and sole responsibility for the accuracy of the information contained in this Prospectus.

Unless otherwise indicated, all information in this Prospectus is as at 30 June 2024. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstance, create any implication that the information contained herein is correct as of any date subsequent to the date hereof or that there has been no change in the affairs of the Company since such date. Market data and certain industry data used throughout this Prospectus were obtained from market research, publicly available information and industry publications. Industry publications generally state that the information contained therein have been obtained from sources believed to be reliable, but that the accuracy and completeness of such information are not guaranteed. Similarly, industry forecasts and market research, while believed to be reliable, have not been independently verified, and neither the Issuer nor any of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners makes any representation or warranty, express or implied, as to the accuracy or completeness of such information. The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners assume no liability for any information supplied by the Company in relation to this Prospectus. Each person contemplating an investment in the First Tranche Bonds should make his own investigation and analysis of the creditworthiness of the Issuer and his own determination of the suitability of any such investment. The risk disclosure herein does not purport to disclose all the risks and other significant aspects of investing in the First Tranche Bonds. A person contemplating an investment in the First Tranche Bonds should seek professional advice if he or she is uncertain of or has not understood any aspect of the securities to invest in or the nature of risks involved in trading of securities, especially high-risk securities. For a discussion of certain factors to be considered in respect of an investment in the First Tranche Bonds, see the section entitled *"Risk Factors"* beginning on page 27.

The contents of this Prospectus are not investment, legal, or tax advice. In making any investment decision regarding the First Tranche Bonds, prospective investors must rely on their own examination of the Company and the terms of the Offer, including, without limitation, the merits and risks involved, such prospective investors own determination of the suitability of any such investment with particular reference to their own investment objectives and experience, and any other factors relevant to such investment. Neither the Company nor any of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners makes any representation to any prospective investor regarding the legality of participating in the Offer under any law or regulation. Each prospective investor should be aware that it may be required to bear the financial risks of any participation in the Offer for an indefinite period of time. Prospective investors should consult their own counsel, accountant and other advisors as to legal, tax, business, financial and related aspects of a purchase of the First Tranche Bonds, among others. Investing in the First Tranche Bonds involves certain risks. For a discussion of certain factors to be considered in respect of an investment in the First Tranche Bonds, see the section on "*Risk Factors"* beginning on page 27.

THE FIRST TRANCHE BONDS ARE BEING OFFERED ON THE BASIS OF THIS PROSPECTUS ONLY. ANY DECISION TO PURCHASE THE FIRST TRANCHE BONDS MUST BE BASED ONLY ON THE INFORMATION CONTAINED HEREIN.

No dealer, salesman or other person has been authorized by the Company or by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners to issue any advertisement or to give any information or make any representation in connection with the Company, its associates, or the Offer other than those contained in this Prospectus and, if issued, given or made, such advertisement, information or representation must not be relied upon as having been authorized by the Company or the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners or any of their respective associates.

FORWARD-LOOKING STATEMENTS

This Prospectus contains certain forward-looking statements that are, by their nature, subject to significant risks and uncertainties. These forward-looking statements include, without limitation, statements relating to:

- known and unknown risks;
- uncertainties and other factors that may cause the actual results, performance or achievements of the Company to be materially different from any future results; and
- performance or achievements expressed or implied by forward-looking statements.

All statements other than statements of historical facts contained in this Prospectus constitute "forward-looking statements". Some of these statements can be identified by forward-looking terms, such as "anticipate", "target", "believe", "can", "would", "could", "estimate", "endeavor", "expect", "aim", "intend", "may", "might", "plan", "will", "foresee", "seek", "would", "shall", "should", "is/are likely to", or similar words. However, these words are not the exclusive means of identifying forward-looking statements. All statements regarding expected financial condition and results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include but are not limited to statements as to the business strategy, revenue and profitability, planned projects and other matters as they relate to the Issuer and the Company discussed in this Prospectus regarding matters that are not historical fact. These forward-looking statements and any other projections contained in this Prospectus (whether made by the Issuer, the Company or by any third party) involve known and unknown risks, including those disclosed under the section "*Risk Factors*", assumptions, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections.

These forward-looking statements speak only as of the date of this Prospectus. Each of the Company, the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, the Trustee and the Selling Agents, if any, expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in the Issuer's or the Company's expectations with regard thereto or any change of events, conditions or circumstances, on which any such statement was based.

The factors that could cause actual results, performance and achievements of to be materially different include, among others:

- the Company's ability to anticipate and respond to market trends;
- the Company's ability to successfully implement its current and future strategies;
- the Company's ability to successfully manage its growth;
- the Company's ability to begin construction of its projects without delays due to regulatory or other causes;
- the Company's ability to successfully manage its future business, financial condition, results of operations and cash flow;
- the Company's management's expectations and estimates concerning its future financial performance;
- the Company's capital expenditure program and other liquidity and capital resources requirements;
- the Company's level of indebtedness;
- Increasing competition in the industry and in the areas in which the Company, its Subsidiaries and its Affiliates operate;
- general political, social and economic conditions in the Philippines;
- any future political instability in the Philippines;
- the condition of and changes in the Philippine, Asian or global economies;
- changes in interest rates, inflation rates and the value of the Peso against the U.S. dollar and other currencies;
- changes to the laws, including tax laws, regulations, policies and licenses applicable to or affecting the Company;
- competition in the Philippine commercial real estate and hospitality industries;
- legal or regulatory proceedings in which the Company is or may become involved;
- uncontrollable events, such as war, civil unrest or acts of international or domestic terrorism, the outbreak of contagious diseases, accidents and natural disasters; and
- those other risks identified in the "*Risk Factors*" section of this Prospectus as well as other factors beyond the Company's control.

None of the Issuer, the Company, the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, the Trustee or the Selling Agents, if any, or any of their respective affiliates, directors, employees, agents or advisers assumes any obligation to update or revise publicly any of the opinions or forward-looking statements expressed in this Prospectus as a result of any new information, future events or otherwise, subject to compliance with all applicable laws.

EXECUTIVE SUMMARY

OVERVIEW

DoubleDragon Corporation is an investment holding company in the Philippines, principally engaged in the ownership and operation of a portfolio of leasable properties in its four principal business segments: retail leasing, office leasing, hospitality and industrial leasing. Tony Tan Caktiong and Edgar Injap Sia II, the two entrepreneurs of DoubleDragon, believe that by providing the flexibility for DoubleDragon Corporation to transform into an investment holding company, DoubleDragon will be in a in a position to capitalise on its strong balance sheet to add worthwhile investments outside of the property sector that would further drive its growth.

The Company's two principal shareholders are Injap Investments Inc., controlled by the Sia family, and Honeystar Holdings Corp. controlled by the Tan and Ang families, who also control Jollibee Foods Corporation ("**JFC**"), the largest fast food company in the Philippines. Edgar Injap Sia II of the Sia family and Tony Tan Caktiong of the Tan and Ang family have similar entrepreneurial background and have started and grown multiple ventures into household brands in the Philippines.

In 2021, the Company further strengthened its balance sheet with the public offering of shares and listing of DDMP REIT, Inc. (formerly DD Meridian Park Development Corp. ("**DDMPDC**")) ("**DDMPR**") and the equity infusion by JFC and its subsidiary into CentralHub Industrial Centers, Inc. ("**CHICI**"), DoubleDragon's industrial leasing subsidiary. As of 31 December 2023, the Company's total equity was ₱94.57 billion and its gross Debt-to-Equity was 0.67x, which is below the Company's cap of 2.33x.

Having met its target of 1.2 million sq.m. of completed gross floor area ("**GFA**") for its leaseable portfolio, the Company intends to pursue a strategy of revenue optimisation for its retail leasing, office leasing, hospitality and industrial leasing operations, with the goal of maximising recurring revenue. As of 31 December 2021, the Company's completed portfolio encompassed 1.205 million sq.m. of GFA. Further, by 2030 the Company targets to increase its portfolio to 2.4 million sq.m. of GFA spread across its four core business segments: 30% in retail, 15% in office, 20% in hospitality, and 35% in industrial leasing.

As of 31 December 2023, through its subsidiary, CityMall Commercial Centers Inc. ("**CMCCI**"), the Company owns and operates 43 CityMalls, primarily located in key strategic locations in Luzon, Visayas and Mindanao. The Company also has seven CityMalls under construction, with an additional land bank for 14 CityMalls. CMCCI is 66% owned by the Company and 34% owned by SM Investments Corp. ("**SMIC**"), the holding company for one of the largest conglomerates in the Philippines. In addition to the 43 CityMalls that were operational as of 31 December 2023, the Company has three other operational malls, namely: Dragon8 Mall in Divisoria Manila City, DoubleDragon Plaza Retail in DD Meridian Park, Pasay City and Umbria Commercial Center in Biñan, Laguna.

The Company's office leasing segment primarily consists of two key projects, DD Meridian Park and Jollibee Tower. DD Meridian Park, a 4.8-hectare project located in the Manila Bay area of Pasay City, and which is 46.67%-owned by the Company, consists of approximately 244,240 sq.m. of leasable space that is primarily used for BPO, outsourcing and support service offices, and corporate offices. The development is expected to feature seven office towers and luxury services residences, with construction in four phases. The first phase of DD Meridian Park comprises Towers 1 to 4 of DoubleDragon Plaza and was completed in 2018. The second phase comprises DoubleDragon Center East and DoubleDragon Center West and was completed in 2019. The fourth phase comprises DoubleDragon Tower and was substantially completed in 2021, while the third phase comprises luxury serviced residences, namely Ascott-DD Meridian Park, and is currently under construction with completion expected in 2024. Jollibee Tower is a Grade A 41-storey commercial and office tower with approximately 60,394.67 sq.m. of leasable space and is situated in the heart of the Ortigas central business district in Metro Manila. The project, which was completed in 2019, is a joint venture between the Company and JFC, who also serves as the building's anchor tenant. In addition to DD Meridian Park and Jollibee Tower, the Company also owns The SkySuites Tower, comprising two towers, including an office tower that is currently being leased to tenants.

The Company's hospitality segment is operated through its subsidiary, Hotel of Asia, Inc. ("**HOA**"), which is 70%-owned by the Company. As of 31 December 2023, the Company's hospitality operations comprise 6 operational hotels with 1,482 hotel rooms, including the Company's own hotel brand, "Hotel101", which currently has two operating hotels, Hotel101- Manila and Hotel101-Fort. In addition to the 1,482 hotel rooms, with seven hotels under construction and expected to add another 3,463 rooms, and an additional ten hotels under planning and development stages. CSI Hotels, Inc., a 50%-owned subsidiary of HOA, is the Philippines' master franchisee of the "Jinjiang Inn" brand, with three hotels in operation in Ortigas and Makati, Metro Manila and Boracay as of 31 December 2023. Hotel101 Management Corporation, a wholly owned subsidiary of HOA, operates all of HOA's operational hotels including Hotel101-Manila, Jinjiang Inn-Ortigas, Jinjiang Inn-Makati, Jinjiang Inn-Station 1 Boracay and Injap Tower, a 21-storey condotel located in Iloilo City. As of 31 December 2023, the Company had four hotels under construction and nine more hotels in the planning and development stage.

On 30 September 2022, the Company, through its subsidiaries, fully paid for the acquisition of a prime 9,000 sq.m. parcel of land in Hokkaido Prefecture, Japan. The Company expects to develop its first international Hotel101 development, named Hotel101-Niseko, on such acquired land.

On 31 October 2023, through its subsidiary, the company received all the pertinent executed land purchase documents and has made the full complete payment for the purchase of the 6,593 sq.m of prime commercial land in Madrid Spain. The development, named Hotel101-Madrid eyes the high real estate investment demand in Madrid driven by the Spanish Golden Visa.

The Company operates its industrial leasing segment through its 60.90%-owned subsidiary, CHICI. As of 31 March 2024, the Company owns 10 CentralHub sites across the Philippines, with a total of 60.57 hectares of prime industrial land. Five of the Company's CentralHub sites, namely CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig, are currently operational. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, and CentralHub-Cebu are under construction while CentralHub-Surigao and CentralHub-Negros are currently in the development stages. As of 31 March 2024, Phases 1 and 2 of CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were all fully leased out.

The Company, through CHICI, acquired a 6.2-hectare parcel of land in Luisita Industrial Park, Tarlac for its first industrial hub. CentralHub-Tarlac was built over four phases, the first of which was completed in 2018 and leased out to Zenith Foods Corporation (Red Ribbon) as a commissary. The second phase was completed in 2021 and leased out to MerryMart Consumer Corp. as its distribution hub. The third and fourth phases of CentralHub-Tarlac were completed in 2021 and January 2022, respectively. As of 31 December 2023, the third and fourth phases of CentralHub-Tarlac is ongoing tenant turnovers. The Company also acquired a 3.9-hectare parcel of land in Iloilo for its second CentralHub complex, CentralHub-Sta Barbara Iloilo, which is strategically located along a national highway approximately five kilometres from Iloilo International Airport and ten kilometres from the center of Iloilo City. The Company also acquired a 5.2-hectare parcel of land in Danao, Cebu, which will be its third CentralHub complex. The Company acquired the site of its fourth CentralHub complex in 2019, covering an 8.2-hectare parcel of land along the Daan Maharlika Highway in Davao City. In 2022, the Company acquired two other sites, a 10.06-hectare property in Silay Negros for CentralHub- Negros and a 6.40-hectare property in Surigao for CentralHub-Surigao. CentralHub-Sta Barbara Iloilo, CentralHub-Cebu and CentralHub-Davao are under construction while CentralHub- Negros and CentralHub-Surigao are currently in the development stages.

In August 2021, JFC and its wholly owned subsidiary Zenith Foods Corporation ("**ZFC**") entered into definitive agreements to subscribe to an aggregate of 38.71% of CHICI's total outstanding shares (post-subscription) in consideration for a cash payment of ₱1.9 billion. JFC acquired common shares of CentralHub and infused its 16.4- hectares of industrial properties in Santolan, Pasig and Carmelray, Laguna, which are currently utilised as commissaries (including the largest operating commissary of JFC). As of 31 March 2024, the equity and asset swap between CentralHub and JFC was completed and the transfer of title for the two CentralHub- Laguna and CentralHub-Pasig were completed. The Company and JFC intend to prepare CHICI for the Philippines' first industrial REIT IPO.

The Company intends to acquire additional sites that are strategically located across Luzon, Visayas and Mindanao. The industrial centers will contain standardised, multi-use, and industrial quality

warehouses suited for commissaries, cold storage and logistics centers to be leased to locators operating nationwide in the Philippines.

The Company reports Net Income figures for the year-ended 2023 has reached ₱15.9 Billion, an increase of 23.3% compared to Net Income of ₱12.9 Billion in 2022. Total Assets of the Company rose 15.6% year-on-year to ₱181.2 Billion in 2023 compared to only ₱156.8 Billion in 2022. Total Equity likewise increased by ₱13.0 Billion or 15.9% in 2023 as compared to only ₱81.6 Billion in the prior year equating to a Gross Debt-to- Equity ratio of 0.67x.

The Company reported consolidated revenue figures for six months ended 30 June 2024 at ₱4,390.46 million. Consolidated revenues increased 11.30% at ₱4.39 Billion for the first six months ending 30 June2024 as compared to the same period the prior year. Total Cash Position stands at ₱7.27 Billion as of 30 June 2024, and top of that, last 16 July 2024 DD's Cash Position even further went up after the successful issuance of its Otso-Otso Retail Bonds.

DoubleDragon's net Debt-to-Equity ratio continued to stay at a healthy 0.69x as of 30 June 2024. The Company's unutilized Debt Capacity stood at ₱149.18 Billion as of 30 June 2024.

Total Assets increased to ₱191.29 Billion in the first six months ending 30 June 2024. Total Equity increased to ₱95.15 Billion in the first six months ending 30 June 2024 making DoubleDragon on track to exceed ₱100 Billion in Total Equity for the first time in 2024. DoubleDragon happens to be one of the very few companies that has not only positioned a diversified hard asset portfolio spread out across the Philippines, but it also happens to be one of the very few that has organically developed a novel asset-light concept and highly unique business model in Hotel101 (HBnB) that is portable and exportable to other continents globally. The export of Hotel101 is expected to eventually become one of the major US Dollar inflow generator to the Philippine economy.

The Company is positioned to become one of the few companies in the Philippines with Total Equity at 12 digit level.

DoubleDragon Corporation is also one of the few companies in the Philippines with credit rating PRS Aaa (Triple A) from Philippine Rating Services Corporation, the highest rating tier by PhilRatings.

DoubleDragon's string of titled investment properties strategically planted in prime locations spread out in Luzon, Visayas, Mindanao and Overseas serves as its strong underlying solid foundation.

On top of its string of diversified hard assets portfolio in the Philippines, DoubleDragon happens to be one of the few companies in the Philippines that was able to organically develop a novel and unique business model and brand in Hotel101 that is highly portable and exportable to multiple continents.

DoubleDragon in less than 10 years has completed over 1.3 million square meters of diversified asset portfolio consisting of a chain of provincial community malls in Luzon, Visayas and Mindanao, office buildings in Metro Manila, hotels in the Philippines and overseas, and warehouse complexes around the country.

DoubleDragon is one of the few companies that operates its modern community malls in the countryside, as far as Cotabato City, Koronadal City, Dipolog City in Zamboanga Del Norte and Isulan Sultan Kudarat that further stimulates the countryside local economy, but at the same time enables the positive economic growth to be felt by the real provincial countryside. DoubleDragon is one of the very few companies that has commercial investment as far as Basilan Sulu in the Bangsamoro Autonomous Region.

DoubleDragon's nationwide Philippine portfolio of titled hard assets footprint strategically located in Luzon, Visayas and Mindanao, is expected to fully mature by 2025.

DoubleDragon expects its Hotel101 subsidiary being an Asset-light business model to become one of the major homegrown brand and business model Export to other countries that would generate a significant US Dollar inflow to the Philippines.

Hotel101 is also expected to further elevate the globally renowned Filipino brand of hospitality to each

of the countries where Hotel101 will operate.

OVERVIEW OF THE DEBT SECURITIES PROGRAM

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus and, in relation to the terms and conditions of any particular tranche and their applicable terms and conditions.

*DoubleDragon is offering a Debt Securities Program comprised of fixed rate bonds (the "Bonds") in the aggregate principal amount of Thirty Billion Pesos (₱30,000,000,000.00) to be issued in one or more tranches at such times and on such terms as may be determined by the management of the Issuer (the "**Debt Securities Program**" or the "**Program**"). The following sections outline the description of the Program.*

Issuer	:	DoubleDragon Corporation
Facility	:	₱30,000,000,000.00 Debt Securities Program
Purpose	:	The intended use of proceeds for each tranche shall be set in the relevant Prospectus and/or offer supplement under the "Use of Proceeds" section
Availability	:	The Program will be continuously available until the expiration of the Shelf Period in one or more tranches at such times and on such terms as may be determined by the management of the Issuer
Issue Price	:	100% of face value
Interest	:	Interest on the Bonds shall be calculated on a 30/360-day count basis and shall be paid quarterly in arrear.
Method of Issue	:	The Bonds will be issued on a continuous basis in tranches (each a "Tranche") on different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, interest commencement date, principal amount, and other terms of the Tranche specifically identified in the final prospectus or the relevant offer supplement, will be identical to the terms of other Tranches of the same Bonds) will be set forth in the final prospectus or corresponding offer supplement.
Form and Denomination	:	The First Tranche Bonds shall be issued in scripless form in minimum denominations of ₱50,000.00 each, and in multiples of ₱10,000.00 thereafter.
Optional Redemption	:	The applicable final terms will indicate either that the relevant Bonds cannot be redeemed prior to their stated maturity (other than for taxation reasons or following an event of default) or that such Bonds will be redeemable at the option of the Issuer upon giving notice to the bondholders on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant underwriters.
Redemption Due to Change in Law	:	The Company may also redeem the Bonds, in whole (not in part), at any time having given not less than 30 nor more than 60 days' written notice prior to the intended date of redemption, such notice to be deemed irrevocable upon issuance thereof, if any Change in Law (as defined below) will materially and adversely affect the ability of the Issuer to comply with its obligations under the Bonds or the Trust

		Agreement or the financial position or operations of the Issuer. For a detailed discussion, please refer to terms of the Tranche specifically identified in the final prospectus or the relevant offer supplement.
Negative Pledge	:	The Bonds shall have the benefit of a negative pledge on all existing and future assets of the Issuer and its Subsidiaries, subject to certain permitted liens, as provided under the relevant trust agreement.
Status of the Bonds		The Bonds constitute direct, unconditional, unsecured, and unsubordinated Peso denominated obligations of the Issuer and shall rank *pari passu* and ratably without any preference or priority amongst themselves and at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer, other than (i) obligations preferred by the law and (ii) as allowed by the Trust Agreement, and (iii) other Indebtedness or obligations disclosed by the Issuer to the Trustee prior to the execution of the Trust Agreement.. The First Tranche Bonds shall effectively be subordinated in right of payment to, among others, all of Issuer's secured debts, and all of its debt that is evidenced by a public instrument under Article 2244(14) of the Civil Code.
Governing Law	:	Laws of the Republic of the Philippines.
Registry and Paying Agent	:	Philippine Depository & Trust Corp.
Listing	:	Philippine Dealing & Exchange Corp. ("**PDEx**")

SUMMARY OF THE OFFERING

The following is a summary of the terms of the offering of the First Tranche Bonds and is qualified in its entirety by the remainder of this Prospectus. For a more complete description of the Terms and Conditions of the First Tranche Bonds, see "Terms and Conditions of the Bonds." Some of the terms described below are subject to important limitations and exceptions.

Prospective Bondholders are enjoined to perform their own independent investigation and analysis of the Company and the offer of First Tranche Bonds. Each prospective bondholder must rely on its own appraisal of the Company and the Offer and its own independent verification of the information contained herein and any other investigation it may deem appropriate for the purpose of determining whether to invest in the Offer and must not rely solely on any statement or the significance, adequacy or accuracy of any information contained herein. The information and data contained herein are not a substitute for the prospective bondholder's independent evaluation and analysis

Issuer	:	DoubleDragon Corporation
Issue	:	SEC–registered fixed-rate, Philippine Peso-denominated Bond constituting the direct, unconditional, unsecured and unsubordinated obligations of the Issuer.
Base Offer	:	Up to Five Billion Pesos (₱5,000,000,000.00) Fixed-rate Bonds
Oversubscription Option	:	Up to Five Billion Pesos (₱5,000,000,000.00) Fixed-rate Bonds

In the event that the original Issue Date is moved to the succeeding Business Day, the interest accruing

for the first Interest Period shall accrue from (and including) such adjusted Issue Date, without adjustment to the Interest Payment Date.

Maturity Date or Redemption Date : 5.5 years from the Issue Date, provided that, in the event that such Maturity Date falls on a day that is not a Business Day, the Maturity Date shall be the immediately succeeding Business Day, without adjustment to the amount of interest and principal to be paid.

Interest Payment Date : The Interest shall be paid quarterly in arrear on 27 February, 27 May, 27 August, and 27 November of each year commencing on 27 February 2025, until and including the Maturity Date (each, an "**Interest Payment Date**"), or the next Business Day if such dates fall on a non-Business Day without any adjustment in the amount of interest as originally computed. The last Interest Payment Date shall fall on the Maturity Date.

Interest on the First Tranche Bonds shall be calculated on a 30/360-day basis.

If the Issue Date is set at a date other than 27 November 2024, then the Interest Payment Dates will be automatically adjusted to the numerically corresponding dates at every three (3) months following the actual Issue Date (or if there is no day so numerically corresponding, such date shall pertain to the last day of such calendar month). The last Interest Payment Date shall fall on the relevant Maturity Date.

Form and Denomination : The First Tranche Bonds shall be issued in scripless form in minimum denominations of ₱50,000.00 each, and in multiples of ₱10,000.00 thereafter.

Final Redemption : Unless previously purchased and cancelled, the First Tranche Bonds will be redeemed at par or 100% face value on the relevant Maturity Date. However, if the Maturity Date is not a Business Day, payment of all amounts due on such date will be made by the Issuer through the Paying Agent, without adjustment in computation as to the amount of interest payable and principal amount, on the succeeding Business Day.

Optional Redemption : The Issuer shall have the option, but not the obligation, to redeem in whole (and not in part), the outstanding First Tranche Bonds on the dates specified below. The amount payable to the Bondholders upon the exercise of the Early Redemption Option by the Issuer shall be calculated, based on the principal amount of First Tranche Bonds being redeemed, as the sum of: (i) accrued interest computed from the last Interest Payment Date up to the early redemption option date as indicated below (each an "**Early Redemption Option Date**") Early Redemption Option Date; and (ii) the product of the principal amount of the First Tranche Bonds being redeemed and the Early Redemption Price in accordance with the schedule below:

Early Redemption Option Dates	**Early Redemption Price**
On the 12th Interest Payment Date	102.00%

On the 16th Interest Payment Date	101.50%
On the 20th Interest Payment Date	101.00%

The Issuer shall give not less than thirty (30) nor more than sixty (60) days prior written notice to the Bondholders through the Trustee of its intention to redeem the First Tranche Bonds, which notice shall be irrevocable and binding upon the Issuer to effect such early redemption of the First Tranche Bonds on the Early Redemption Option Date stated in such notice. Upon receipt by the Trustee of such notice fully complying with these. For the avoidance of doubt, notice to the Trustee shall be considered notice to the Bondholders.

Redemption for Taxation Reasons : The Issuer may redeem the First Tranche Bonds in whole, but not in part, on any Interest Payment Date (having given not more than sixty (60) nor less than thirty (30) days' notice to the Trustee) at par plus accrued interest, subject to the requirements of Applicable Law, if payments under the First Tranche Bonds become subject to additional or increased taxes other than the taxes and rates of such taxes prevailing on Issue Date as a result of certain changes in law, rule or regulation, or in the interpretation thereof, and such additional or increased rate of such tax cannot be avoided by use of reasonable measures available to the Issuer.

For avoidance of doubt, the Issuer shall not be liable for the payment of the additional or increased taxes on the income of the Bondholders, which shall be for the account of the Bondholders.

Redemption Due to Change in Law : The Company may also redeem the First Tranche Bonds, in whole (not in part), at any time having given not less than 30 nor more than 60 days' written notice prior to the intended date of redemption, such notice to be deemed irrevocable upon issuance thereof, if any Change in Law (as defined below) will materially and adversely affect the ability of the Issuer to comply with its obligations under the First Tranche Bonds or the Trust Agreement or the financial position or operations of the Issuer. For a detailed discussion, please refer to "*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption due to Change in Law"* on page 62 of this Prospectus.

Negative Pledge : The First Tranche Bonds shall have the benefit of a negative pledge on all existing and future assets of the Issuer and its Subsidiaries, subject to certain permitted liens, as provided in the Trust Agreement.

Purchase and Cancellation : The Issuer may purchase the First Tranche Bonds at any time in the open market or by tender or by contract at the best available price under prevailing market conditions, in accordance with PDEX Rules and/or the SRC, as may be amended from time to time, without any obligation to make pro rata purchases from all Bondholders. First Tranche Bonds so purchased shall be redeemed and cancelled and may not be re-issued.

Upon listing of the First Tranche Bonds in the PDEx, the Issuer shall disclose any such transaction in accordance with the applicable disclosure rules of the PDEx.

Transfer of Ownership		Trading of the First Tranche Bonds shall be coursed through a PDEx Trading Participant, subject to the applicable PDEx Rules and conventions. Upon any assignment of the First Tranche Bonds, title shall pass by recording the transfer from the transferor to the transferee in the electronic Register of Bondholders to be maintained by the Registrar.
Status of the Bonds		The First Tranche Bonds constitute direct, unconditional, unsecured, and unsubordinated Peso denominated obligations of the Issuer and shall rank *pari passu* and ratably without any preference or priority amongst themselves and at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer, other than (i) obligations preferred by the law and (ii) any obligation incurred by the Issuer as allowed by the Trust Agreement, and (iii) other Indebtedness or obligations disclosed by the Issuer to the Trustee prior to the execution of the Trust Agreement.. The First Tranche Bonds shall effectively be subordinated in right of payment to, among others, all of Issuer's secured debts, and all of its debt that is evidenced by a public instrument under Article 2244(14) of the Civil Code.
Listing	:	The Issuer intends to list the First Tranche Bonds in the PDEx on Issue Date.
Non-Reliance	:	Each Bondholder also represents and warrants to the Trustee that it has independently and, without reliance on the Trustee, made its own credit investigation and appraisal of the financial condition and affairs of the Issuer on the basis of such documents and information as it has deemed appropriate and that it has subscribed to the Issue on the basis of such independent appraisal, and each Bondholder represents and warrants that it shall continue to make its own credit appraisal without reliance on the Trustee. The Bondholders agree to indemnify and hold the Trustee harmless from and against any and all liabilities, damages, penalties, judgments, suits, expenses and other costs of any kind or nature against the Trustee in respect of its obligations hereunder, except for its gross negligence or willful misconduct.
Own Risk	:	Bondholders understand and acknowledge that investment in the First Tranche Bonds is not covered by the Philippine Deposit Insurance Corporation ("**PDIC**") and that any loss or depreciation in the value of the assets of the Bondholders, resulting from the investments or reinvestment in the First Tranche Bonds and the regular conduct of the Trustee's trust business shall be for the account of the Bondholder.
Governing Law	:	The First Tranche Bonds will be issued pursuant to the laws of the Republic of the Philippines.

RISK FACTORS

Investing in the First Tranche Bonds involves a number of risks. The price of securities can and does fluctuate, and any individual security is likely to experience upward or downward movements and may even become valueless. There is an inherent risk that losses may be incurred rather than profits made as a result of buying and selling securities. There is additional risk in investing in securities of companies with relatively low capitalization. Past performance is not indicative of future performance and results, and there may be a large difference between the buying price and the selling price of the First Tranche Bonds.

The Company believes that the following factors may affect its ability to fulfil its obligations under the First Tranche Bonds. Most of these factors are contingencies which may or may not occur and the Company is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the First Tranche Bonds are described below.

The Company believes that the factors described below represent the principal risks inherent in investing in the First Tranche Bonds, but the inability of the Company to pay interest, principal or other amounts on or in connection with the First Tranche Bonds may occur for other reasons which may not be considered significant risks by the Company based on information currently available to it or which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus, including the audited financial statements of the Company and notes relating thereto, and reach their own views prior to making any investment decision.

The section below does not purport to be a comprehensive disclosure of all of the risks and other significant aspects of participating in the Offer but is intended to give a prospective bondholder of the scope of risks involved in participating in the First Tranche Bonds. The occurrence of any of the events discussed below and any additional risks and uncertainties not currently known to the Company or that are currently considered immaterial could have a material adverse effect on the business, results of operations, financial condition and prospects of the Company and prospective investors may lose all or part of their investment. An investor deals in a range of investments each of which may carry a different level of risk. Prospective bondholders should seek professional advice if they are uncertain of, or have not understood any aspect of the Issuer or the nature of risks involved in purchasing and holding the First Tranche Bonds. Each potential bondholder should undertake its own evaluation or consult its own counsel, accountant and other advisors regarding legal, tax, business, financial and related aspects of participation in the First Tranche Bonds. Potential bondholders may request from the SEC information on the Bonds and the Issuer, which are available to the public.DoubleDragon and the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners do not make any warranty of representation on the marketability of participation in the Offer.

The risk factors discussed in this section are of equal importance, and are presented in no particular order.

RISKS RELATING TO THE COMPANY'S BUSINESS

The Company may not be able to successfully manage and implement its growth or expansion strategies.

Having met its leaseable portfolio target of 1.2 million sq.m. of completed gross floor area ("**GFA**"), comprising primarily of its chain of CityMalls nationwide, from its Metro Manila office projects DD Meridian Park, DD Meridian Tower, Jollibee Tower, and Robinsons DoubleDragon Square from planned hotel rooms of Hotel101 and Jinjiang Inn Philippines, and from its various CentralHub industrial warehouse complexes, the Company intends to continue to pursue a strategy of revenue optimisation for its retail leasing, office leasing, hospitality, and industrial leasing operations, with the goal of maximising recurring revenue. As of 31 July 2024, the Company had 46 operational malls and seven CityMalls under construction, with an additional land bank for 14 CityMalls. As of 31 July 2024, the Company also had six operational hotels with 1,482 rooms, with seven hotels under construction and expected to add another 3,463 rooms, and an additional ten hotels under planning and development stages. The Company also completed the construction of Jollibee Tower and phases 1, 2 and 4 of DD Meridian Park, comprising DoubleDragon Plaza, DoubleDragon Center East, DoubleDragon Plaza West and DoubleDragon Tower. As of 31 July 2024, Ascott-DD Meridian

Park, the third phase of DD Meridian Park, and DD Meridian Tower are under construction. As of 31 July 2024, the Company owns 10 CentralHub sites across the Philippines, with a total of 60.57 hectares of prime industrial land. Five of the Company's CentralHub sites, namely CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig, are currently operational. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, CentralHub-Cebu are under construction while CentralHub-Surigao and CentralHub-Negros are currently in the development stages. As of 31 July 2024, Phases 1 and 2 of CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were all fully leased out. Phases 3 and 4 of CentralHub- Tarlac are pending tenant turnover. Further, on 30 September 2022, the Company, through its subsidiaries, fully paid for the acquisition of a prime 9,000 sq.m. parcel of land in Hokkaido Prefecture, Japan. The Company expects to develop its first international Hotel101 development, named Hotel101-Niseko, on such acquired land. The Company aims to acquire two additional Hotel101 properties outside the Philippines, and is in the process of identifying suitable land for these developments in Europe and the United States.

While, the Company believes that it has the ability and resources to create a market leading business model by leveraging on its end-to-end capabilities as a real estate developer and owner, encompassing site identification, master planning, development, marketing, leasing, business events, and client relationship management, there can be no assurance that, in the course of implementing its growth strategy, the Company will not experience capital constraints, delays in obtaining relevant licences and permits, construction delays, operational difficulties at new operational locations or difficulties in operating existing businesses and training personnel to manage and operate the expanded business.

The Company also does not have a track record of developing real estate outside the Philippines, and may face unexpected costs, unique challenges and difficulties in other jurisdictions, such as Japan as well as the jurisdictions of additional Hotel101 sites. There is also no assurance that the Company's ventures outside the Philippines will be successful. For example, although the Company aims to develop its international hospitality projects where Filipinos have historically visited to leverage its brand equity, there may be fewer than expected local and international tourist arrivals in these jurisdictions.

The Company may also experience delays resulting from independent contractors who are not able to complete projects on time due to various factors, including a lack of available manpower. See "– *Independent contractors may not always be available, and once hired by the Company, may not be able to meet the Company's quality standards or to complete projects on time and within budget*." Any inability or failure to adapt effectively to growth or to become a predominantly recurring income company, including constrains on management and logistics, could result in losses or development costs that are not recovered as quickly as anticipated, if at all. Further, there is no assurance that the Company will be able to generate enough cash flows to service, or otherwise not default on, any of its existing loan payables or any of its future debt obligations. Any such default may lead to trigger cross defaults and/or subject the Company to litigation and other proceedings filed by its lenders. These could have a material adverse effect on the Company's reputation and on its business, financial condition and results of operations.

The expansion of the Company's businesses will also require the Company to manage additional relationships with third parties such as potential retailers, suppliers and contractors, including international contractors for its international hospitality projects. The Company has also recently commenced operations of certain industrial leasing sites and may encounter issues. For example, the Company may have insufficient experience in dealing with topics associated with the new business, such as applicable laws relating to the environment as well as different construction, operational and marketing requirements. There can be no assurance that the Company's continued expansion into industrial leasing will be successful. There can also be no assurance that there will be a market for the Company's industrial leasing business. As a result, the Company's decision to pursue such expansion could have a material adverse effect on the Company's reputation and its business.

Further, there can be no assurance that the Company's plan to pivot to an investment holding company will result in its continued growth or that it will be able to successfully invest in other opportunities outside the property sector, if at all. There can also be no assurance that the Company will be able to successfully implement its expansion plans with respect to its Hotel101 brand outside the Philippines.

See "*Business Strategies*" for more information.

Although the Company plans to increase the percentage of its recurring income through the continued expansion of its leasing portfolio, historically the Company's revenues have been driven primarily by real estate sales and growth in fair value of its investment property. Therefore, its historical results may not be indicative of its future performance.

The Company is in the process of transitioning to a recurring revenue model, with the intention of earning a significant majority of its income from its leasing portfolio. In the past three years, the Company has been steadily building its leasing portfolio and acquisition of suitable sites for its retail leasing, office leasing, industrial leasing and hospitality operations. The Company chooses the locations of its projects based on specific criteria depending on the type of leasing activity. For example, the Company plans for all CityMall sites to be in prime locations along main roads to increase visibility and maximise exposure and accessibility to its target market. Another example is DD Meridian Park, which is strategically located in the corner of EDSA, Roxas Boulevard and Macapagal Avenue, all of which are main thoroughfares in Metro Manila close to the Entertainment City and the SM Mall of Asia complex. The Company's recurring revenue, consisting of its rent income and income from hotel operations, was 25.1%, 26.3% 15.1%, and 53.8% of its total revenues for the years ended 31 December 2021, 2022 and 2023, and the six months ended 30 June 2024 respectively.

However, historically a substantial portion of the Company's revenue was from real estate sales and unrealized gains from changes in fair values of investment property. For the years ended 31 December 2021, 2022 and 2023, these sources of revenue accounted for, in the aggregate, 65.6%, 63.8% and 72.1% of the Company's total revenue, respectively. No unrealised gains from changes in fair values of investment property for the six months ended 30 June 2024 and real estate sales accounted for 13.0% of the Company's total revenue for the six months ended 30 June 2024. These revenues are primarily from (i) the sale of units in the Company's interim residential projects and Hotel101 units and (ii) the annual increase in the fair value of DD Meridian Park and Jollibee Tower. (See "*Management's Discussion and Analysis of Financial Condition and Results of Operation – Valuation of investment properties*" for more information.) In addition, as property values in the area surrounding DD Meridian Park stabilise and several of the Company's properties approach completion, the Company may not be able to realise increases in fair value in amounts or at levels that the Company has recognised in the past, or at all. Further, the Company may also incur losses in the fair value of its investment property in the future due to various factors, including but not limited to deterioration of the assets, or decline in property values, in the area where such investment property is located. In addition, the Company's debt covenants may depend on its asset valuations or its ability to crystalise the appraised values in case of any disposals.

The previous results of the Company reflect its interim projects and the increase in fair value of its projects under construction, and are not reflective the Company's plans to significantly increase its retail leasing, office leasing, industrial leasing and hospitality operations. As such, the Company's historical results may not be indicative of its future performance or operations, and there is no assurance that the Company will be able to successfully implement its strategy of increasing its recurring revenue through its leasing portfolio. Investors should not rely on the Company's historical results as an indicator of the Company's future financial performance.

The Company's business may be materially and adversely affected by the coronavirus pandemic and other adverse public health developments.

The outbreak, or threatened outbreak, of any severe communicable disease, such as the ongoing COVID-19 pandemic, could have a material adverse effect on the Company's business, financial condition and results of operations. Further, the continuing impacts of the COVID-19 pandemic are highly unpredictable and uncertain and have caused and will continue to cause disruptions in the Philippines and global economy and financial markets. See "*Business – Recent Developments*" for more information.

Governments and health authorities around the world have imposed sweeping measures designed to contain the pandemic, including, among others, travel restrictions, border closures, curfews, quarantines, cancellations of gatherings and events and closures of universities, schools, restaurants, stores and other business. The economic repercussions of the pandemic and the efforts around the world to contain it have been severe, and include reduced global trade, lower industrial production,

broad reductions in general consumption and economic activity and major disruptions to international travel and global air traffic.

In 2020, and in response to the increasing number of COVID-19 cases in the Philippines, President Rodrigo Duterte declared the entire Luzon island under total lockdown on 16 March 2020, which restricted the movement of the population with certain exceptions. Among the lockdown measures implemented were the suspension of work or alternative working arrangements in the private sector except in establishments providing basic necessities, suspension of mass transport facilities, and travel restrictions. The Philippines remained under various forms of COVID-19 driven lockdown measures for most of 2021. Beginning on 1 February 2022, Metro Manila was placed under Alert Level 2, which ended on 28 February 2022. On 4 June 2022, the IATF reduced the alert level for most areas in the Philippines to Alert Level 1. Restrictions on various activities have gradually eased. On 13 September 2022, the Philippine Department of Health issued updated guidelines on minimum public health standards for the continued safe reopening of institutions. On 28 October 2022, Executive Order No. 07 was issued, which removed the requirement to wear face masks in indoor spaces, with the exception of healthcare facilities, medical transport vehicles and public transportation. On 1 July 2023, President Ferdinand Marcos, Jr. issued Proclamation No. 297 lifting the Public Health Emergency throughout the Philippines due to COVID-19, with all orders, memoranda, and issuances effective during a State of Public Health Emergency deemed no longer in effect. There can be no assurance that further variants of COVID-19 or other infectious diseases will not trigger a return to restrictive quarantine or lockdown measures that may affect the Company or its subsidiaries in the future.

The Philippine economy showed significant improvements since the outbreak of the COVID-19 but the economic recovery cannot be predicted with complete certainty. On 9 May 2024, the Philippine Government reported that the Gross Domestic Product ("**GDP**") grew by 5.7% in the first quarter of 2024, and 7.6% for the full year 2023. On 2 January 2023, the National Economic Development Authority adjusted its growth targets for 2023 to range from 6% to 7%, while growth targets for 2024 to 2028 were at 6.5% to 8.0%. However, the long-term impact of COVID-19 on the Philippine economy and the speed and certainty of any economic recovery cannot be predicted for certain, and any new surge in infections may result in stricter quarantine or lockdown measures across provinces, cities and municipalities may lead to further contraction of the Philippine economy, closure of businesses, and rise in unemployment rates.

The Philippines has also experienced other public health epidemics or outbreaks of diseases, such as avian influenza or bird flu, African Swine Fever, dengue and polio, among others, which have adversely affected the local economy. For example, in 2019, the Department of Health declared a national dengue outbreak with 437,089 cases recorded for the year with 2,620 deaths. Furthermore, in September 2019, the Department of Health declared a polio epidemic after a case of the disease was recorded in Lanao del Sur after 19 years recording no cases in the country.

The outbreak of the COVID-19 and other adverse public health developments, such as the outbreak of avian influenza, monkey pox, severe acute respiratory syndrome, or SARS, Zika virus and Ebola virus could materially and adversely affect the Company's business, financial condition and results of operations. These may include, temporary closures of the Company's CityMalls, office buildings, industrial leasing sites or hotels, or cause the hospitalisation or quarantine of the Company's employees, delay or suspension of supplies from the Company's suppliers, disruptions or suspension of the Company's operational activities, and labour shortage due to restrictions on the Company's employees' ability to travel. The severe impact of COVID-19 on the tourism and travel industries has, in the past, affected the Company's hospitality operations and hotel revenues. Apart from additional health and safety-related expenses incurred in the past, lockdowns during the COVID-19 pandemic also prevented the Company from proceeding with its property construction and development plan as scheduled, resulting in the extension of the Company's goal to complete 1.2 million sq.m. of GFA to 2022, which has since been met. See "*Business – Recent Developments*".

The interests of the Company's joint venture partners may differ from those of the Company and such partners may take actions that adversely affect the Company or its subsidiaries.

Several of the Company's subsidiaries have entered into joint venture agreements with unaffiliated third parties as part of the Company's diversification strategy. For example, several of the

Company's CityMalls, office buildings and hotels of the Company are under joint venture agreements with landowners or other entities. A joint venture involves special risks where the joint venture partner may have economic or business interests or goals that are inconsistent with or different from those of the Company. The joint venture partner may also take actions contrary to the Company's instructions or requests, take actions in direct opposition to the Company's policies or objectives with respect to the underlying business or dispute the distribution of its joint venture share. The joint venture partner may also fail to perform its obligations under the joint venture arrangement. Disputes between the Company and its joint venture partners may arise after significant capital investments in a project have been made, which could result in the loss of some or all of the Company's investment in such project. The Company's reliance on its joint venture arrangements could therefore have a material adverse effect on the Company's business, financial condition and results of operations.

The Company is exposed to risks associated with offering deferred payment schemes, including the risk of customer default.

The Company provides deferred payment schemes to purchasers of units in its Hotel101 projects and the projects of its affordable residential housing arm DD HappyHomes Residential Centers Inc. in Mandurriao, Iloilo and Tanauan Leyte, typically during the construction period, offering of up to 36 months of amortisation. As a result, and particularly during periods when the unemployment rate rises or when the overall level of overseas remittances decline, the Company faces the risk that a greater number of customers who utilise the Company's in-house financing facilities will default on their payment obligations, which would require the Company to incur expenses such as those relating to sales cancellations and eviction of occupants, additional expenses caused by delinquent accounts, a disruption in cash inflows, risk of holding additional inventory in its balance sheets and reduced finance income.

Deferred payment schemes are typically offered during the construction period and buyers are given a grace period and are given appropriate notices to update their payments in accordance with the law. Nonetheless, the inability of the Company to collect the lump sum balance of the sales contract upon turnover, or any payment when it falls due, could have a material adverse effect on the Company's business, financial condition and results of operations.

Increased inflation, fluctuations in interest rates, changes in Government borrowing patterns and Government regulations could have a material adverse effect on the Company's and its customers' ability to obtain financing.

The Company obtains long-term financing with fixed interest rates to cover the capital expenditures needed to develop its projects. There is no assurance that the Company can continue to raise the additional financing needed to execute its future plans at the current terms.

Interest rates, foreign exchange rates, and other factors that affect interest rates, such as the Government's fiscal policy, could have a material adverse effect on the Company and on demand for its products. For example:

- Higher interest rates make it more expensive for the Company to borrow funds to finance ongoing projects or to obtain financing for new projects and will affect the levered return margins of the Company.

- Because the Company believes that a substantial portion of its customers procure financing to fund their purchases of condotels or residential units in the Company's interim projects, higher interest rates make financing, and therefore purchases of real estate, more expensive, which could adversely affect demand for the Company's residential projects.

- If the Government significantly increases its borrowing levels in the domestic currency market, this could increase the interest rates charged by banks and other financial institutions and also effectively reduce the amount of bank financing available to both prospective property purchasers and real estate developers, including the Company.

- The Company's access to capital and its cost of financing are also affected by restrictions, such as single borrower limits, imposed by the BSP on bank lending. If the Company were to

reach the single borrower limit with respect to their current or preferred bank or banks, the Company may have difficulty obtaining financing on the same or similar commercial terms from other banks.

- Increased inflation in the Philippines could result in an increase in raw materials costs, which the Company may not be able to pass on to its customers as increased prices or to its contractors by having the Company's contractors absorb raw material cost increases.

The occurrence of any of the foregoing events, or any combination of them, or of any similar events could have a material adverse effect on the Company's business, financial condition and results of operations.

On 18 August 2022, the Monetary Board increased the interest rate on RRP to 3.75%, overnight deposit to 3.25%, and lending rates to 4.25%, effective 19 August 2022. On 22 September 2022, the Monetary Board decided to raise the interest rate on the BSP's overnight reverse repurchase facility by 50 basis points to 4.25%, effective on 23 September 2022. Accordingly, the interest rates on the overnight deposit and lending facilities were raised to 3.75% and 4.75%, respectively. The Monetary Board on 17 November 2022 again raised interest rates on the BSP's overnight reverse repurchase facility by 75 basis points to 5.0%, effective 18 November 2022. Accordingly, the interest rates on the overnight deposit and lending facilities will be set to 4.5% and 5.5%, respectively. On December 2022, the Monetary Board set another increase on interest rates to combat inflation. On 16 February 2023, the interest rate of the BSP's overnight reverse repurchase facility was raised by 50 basis points to 6.0%, effective 17 February 2023. Thus, interest rates on the overnight deposit and lending facilities will be set to 5.5% and 6.5%, respectively, to temper inflation. There is no assurance that interest rates in the Philippines will not further increase in the future, including in response to inflationary pressures resulting from higher food, energy and other commodity prices, economic growth, tax reforms and global developments.

The Company's rollout of CityMalls may not be successful, and the Company's existing malls may not be able to continue to benefit from a favorable retail environment.

A significant part of the Company's expansion strategy entails the opening of new CityMalls in suitable locations in various provincial areas of the Philippines, including in areas where the Company does not currently have a presence. There can be no assurance that the Company will be able to identify and procure suitable sites for its new CityMalls. There is also no assurance that such new CityMalls will be successful or profitable.

The success of the Company's CityMalls depends on the shift of consumer preference in the provinces from traditional retailers and local neighborhood stores to a store in a modern retail format. The Company positions its CityMalls as the modern alternative to traditional retailers (i.e., local neighborhood store or provincial-branded store with a regional footprint) in first class municipalities and second and third class cities in the Philippines, and are meant to provide a venue for modern retail concepts in the provinces. Further, the Company intends to continue implementing what it believes to be an effective strategy for the selection of sites, and rollout, of CityMalls. For example, the Company positions its CityMall sites in prime locations along main roads to increase visibility and maximise exposure and accessibility to its target market.

Further, expansion into new geographical areas will also expose the Company to additional operational, logistical and other risks. The Company may find it difficult to obtain regulatory or local government approvals for its new CityMalls in these areas due to differences in local requirements and processes. The Company may also experience difficulty in building the "CityMall" brand in these new areas or maintaining its typical tenant mix or store offerings for each CityMall. For example, certain of the Company's CityMalls may not have a "FoodWorld" or a grocery store due to the location thereof. The Company's proposed expansion will also place increased demands on its managerial, operational, financial and administrative resources. Any difficulties the Company experiences with respect to developing its business operations in new geographical areas may materially and adversely affect the Company's business, financial condition and results of operations.

In addition, there can be no assurance that the Company's existing CityMalls will be able to operate on a profitable basis if the current retail environment becomes less favorable to the Company and/or its tenants. The surrounding environment of the Company's existing CityMalls may

also change in terms of consumer demographics, or in terms of store mix, as different businesses move in or out of the surrounding areas. Pandemics such as COVID-19, or quarantine measures implemented in relation thereto, have resulted and may result in limited foot traffic in the Company's existing CityMalls, which will adversely affect the Company's tenants. If the Company fails to predict and respond to changes in the retail environment, the Company's business, financial condition and results of operation may be materially and adversely affected.

As of July 31, 2024, the Company owns and operates 43 CityMalls, primarily located in key strategic locations in Luzon, Visayas and Mindanao. The Company also has seven CityMalls under construction, with an additional land bank for 14 CityMalls.

The Company's rollout of CentralHub industrial centers may not be successful, and the Company's existing industrial centers may not be able to continue to benefit from a favorable business environment.

As part of the four pillars of the Company's recurring revenue strategy, the Company plans to manage and develop CentralHub industrial centers in each of the provinces in the Philippines. As of 31 July 2024, the Company owns 10 CentralHub sites across the Philippines, with a total of 60.57 hectares of prime industrial land. Five of the Company's CentralHub sites, namely CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig, are currently operational. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, CentralHub-Cebu and CentralHub-Negros are under construction while CentralHub-Surigao is currently in the development stages. As of 31 July 2024, Phases 1 and 2 of CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were all fully leased out. Phases 3 and 4 of CentralHub- Tarlac are pending tenant turnover.

The Company also acquired a 3.9- hectare parcel of land in Iloilo for its second CentralHub complex, to be named CentralHub-Sta Barbara Iloilo, which is strategically located along a national highway approximately five kilometres from Iloilo International. Moreover, the Company acquired a 5.2- hectare parcel of land in Danao, Cebu which will have a capacity of 27,212 sq.m. of industrial warehouse space and an 8.2- hectare parcel of land along the Daan Maharlika Highway in Davao City with an estimated capacity of 40,392 sq.m. of leasable industrial warehouse space. In 2022, the Company acquired two other sites, a 10.06- hectare property in Silay Negros for CentralHub-Negros, and a 6.40- hectare property in Surigao for CentralHub-Surigao. CentralHub-Sta Barbara Iloilo and CentralHub-Cebu are under construction while CentralHub-Davao, CentralHub-Negros and CentralHub-Surigao are currently in the development stages.

There can be no assurance that the Company will be able to identify and procure suitable sites for its new CentralHub sites, and there is no assurance that the Company's operating industrial centers or future industrial centers will be successful or profitable.

The success of the Company's CentralHub industrial centers depends on the take up of concessionaires and other distributors in provincial areas. Further, expansion into new geographical areas will also expose the Company to additional operational, logistical and other risks. The Company may find it difficult to obtain regulatory or local government approvals for its new CentralHub industrial centers in these areas due to differences in local requirements and processes. The Company may also experience difficulty in building the CentralHub brand in these new areas or attracting creditworthy tenants.

The Company's proposed expansion will also place increased demands on its managerial, operational, financial and administrative resources. Any difficulties the Company experiences with respect to developing its business operations in new geographical areas may materially and adversely affect the Company's business, financial condition and results of operations.

In addition, there can be no assurance that the Company's CentralHub industrial centers will be able to operate on a profitable basis if the current business environment becomes less favorable to the Company or its tenants. The surrounding environment the Company's existing and future CentralHub sites may also change in terms of consumer demographics, or in terms of concessionaires, as different businesses move in or out of the surrounding areas. If the Company fails to predict and respond to changes in the business environment where its CentralHubs are located, the Company's business, financial condition and results of operation will be materially and

adversely affected.

Competition for the acquisition of land for new projects and risks relating to the management of its land bank, including fluctuations in demand and prices, may adversely affect the Company's business.

The Company's future growth and development are dependent, in part, on its ability to acquire additional tracts of land suitable for the Company's future real estate projects. There is a high level of scarcity covering prime commercial property in the Philippines and the Company will require additional prime properties across the Philippines to continue expanding its retail leasing, office leasing, industrial leasing and hospitality businesses. The Company will also need to identify land internationally to develop its international hospitality projects. Notwithstanding these challenges, the Company believes that the execution of its previous projects has given it direct access to land bank opportunities, and familiarity with first class municipalities and second and third class cities resulting in the ability to transact more effectively, and an adaptable approach to site acquisition by entering into joint ventures or strategic alliances with landowners, which contribute land to the joint venture while the Company provides its development expertise.

When the Company attempts to locate sites for development, it may experience difficulty locating parcels of land of suitable size in locations and at prices acceptable to the Company, particularly parcels of land located in urban areas (including first class municipalities and second and third class cities) throughout the Philippines. Furthermore, land acquired by the Company may have pre-existing tenants or obligations that prevent immediate commencement of new developments. In the event the Company is unable to acquire suitable land at prices and in locations that are attractive to the Company, or at all, its growth prospects could be limited, and its business and results of operations could be adversely affected.

In addition, the risks inherent in purchasing and developing land increase as demand for commercial real estate decreases. The market value of land can fluctuate significantly because of changing market conditions. There can be no assurance that the measures the Company employs to manage land inventory risks will be successful. In the event of significant changes in economic, political, security or market conditions, the Company may be forced to sell land or lease its properties at significantly lower margins or at a loss. Changes in economic or market conditions may also require the Company to defer the commencement of its projects. Any of the foregoing events would have a material adverse effect on the Company's business, financial condition and results of operations.

The Company is exposed to risks relating to the leasing business.

As part of the Company's retail, office and industrial leasing businesses, the Company has leased and will lease space to various third parties and affiliates, including business process outsourcing ("**BPOs**"), Philippine offshore gaming operators ("**POGOs**"), boutiques, operators of food kiosks and food stalls. There are certain factors concerning the Company's current and future tenants could affect the Company's financial condition, including:

- untimely expiration of leases and vacancies of tenants;
- delays in the payment of rent due to a tenant's declining sales or slow turnover;
- tenants seeking the protection of bankruptcy laws that could result in delays in the Company's receipt of rental payments;
- the Company's inability to collect rental payments or the early termination of a tenant's lease;
- tenants that do not comply with the general terms of the lease;
- changes in laws and government regulations relating to real estate, including those governing usage, zoning, taxes and government charges that could lead to an increase in management expenses or unforeseen capital expenditure to ensure compliance; and

- changes in the relationship between China and the Philippines, regulatory environment or adverse tax rulings or policies which could reduce the attractiveness of the Philippines as an investment destination for certain sectors such as BPOs and POGOs.

On 22 July 2024, during the State of the Nation Address ("**SONA**"), President Ferdinand Marcos, Jr. announced the ban on all POGOs effective immediately, due to their involvement in illicit activities. President Marcos thereafter ordered the Philippine Amusement and Gaming Corp. ("**PAGCOR**") to wind down and cease the operation of all POGOs by the end of 2024. On 24 July 2024, the Bureau of Immigration ("**BI**") set a 60-day deadline within which foreign nationals working in POGOs, internet gamine licenses, and related services, must leave the country. In August 2024, the Department of Justice, ("**DOJ**"), however, suspended the 60-deadline set by the BI, citing the need to harmonize the government's strategy. While the Company's exposure to POGOs in its leasing businesses is minimal, the newly mandated ban may nevertheless have significant implications for the Company's revenues and vacancy rates related to tenants affiliated to POGOs.

Further, the occurrence of events with widespread macroeconomic impact such as COVID-19 may significantly impact or accelerate changes in the demand for office space, such as reducing demand for co-working spaces and increasing work-from-home arrangements which would in turn dampen demand for large office spaces.

Any unfavorable developments with respect to the Company's tenants could have an adverse effect on the Company's business, financial condition and results of operations. The Company's leasing policies, however, include screening applicants carefully and securing appropriate mix of tenants with respect to its retail spaces, both in terms of the nature of their business and their size.

The Philippine property market is cyclical.

The Company expects to derive a substantial portion of its revenue from its current and future portfolio of retail, office, hospitality and industrial development projects. Accordingly, the Company is dependent on the state of the Philippine property market. The Philippine property market has in the past been cyclical and property values have been affected by the supply of and demand for comparable properties, the rate of economic growth in the Philippines and political and social developments.

Historically low interest rates, expansion in overall liquidity, extensive construction of housing units and other factors could lead to the risk of formation of asset bubbles in real estate.

Prior to mid-2022, the central banks around the world, including the BSP, have kept overall interest rates at historically low levels for several years. This has occurred in conjunction with recent high levels of liquidity in the Philippines owing to strong and growing remittances from Overseas Filipino Workers ("**OFWs**"), the expansion of consumer credit provided by banks, the expiry of the BSP's requirement for banks to maintain special deposit accounts and strong inflows of foreign investments, among other factors. In addition, the pace of real estate construction, particularly for housing in and surrounding Metro Manila and other urban areas, has likewise been strong by historical standards. All these have increased the risk that rising prices may not be sustainable, particularly in the real estate sector. If rising prices are not sustained, the result could have a material adverse effect on the Company's business, financial condition and results of operations.

The real estate market is highly competitive, and any inability to effectively compete could limit the Company's ability to maintain or increase its market share and profitability.

The Company is subject to significant competition in each of its principal businesses but it believes that it has the ability and resources to create a market-leading business model.

Commercial and Retail

With respect to its office rental properties, the Company competes for tenants primarily based on quality and location, reputation of the building's owner, quality of support services provided by the

property manager, and rental and other charges.

The Company's CityMalls, Dragon8 Mall and other retail centers may face increased competition from other newly built shopping malls. As the Philippine economy grows, the Company and its competitors are increasing the total amount of leasable retail space in both urban and provincial areas of the Philippines. Improved capabilities, diversified product offerings and quality of products from competitors may make newer shopping malls more attractive to tenants and customers.

If tenants of the Company's shopping malls or office rental properties relocate to these newer or other less expensive spaces and do not renew their leases with the Company, the Company may struggle to find replacement tenants and be compelled to reduce rental rates or leave spaces vacant. Should any of these happen, the Company may face a decline in its recurring income from these investment properties.

Furthermore, attracting and retaining tenants often involves additional expenditures on the Company's part, including expenditures related to renovations and marketing. These expenditures may not result in new or retained tenants, which may have a negative effect on the Company's results of operations.

Hotels

Ongoing completion of new hotels and renovations of older competing hotels are increasing the number of hotel rooms available in the Philippines. In addition, competition from non-traditional hospitality providers, such as Airbnb, presents a new form of competition for hotel operators in the country. This increased competition could lead to a decrease in room rates and overall revenue, thus affecting the Company's results of operations. Moreover, with the reduced numbers in international tourists as a result of the COVID-19 outbreak, several hotels and other hospitality operators have been offering discounted rates and packages to increase occupancy rates.

Industrial

The industrial property market may be affected by oversupply, limited industrial expansion and declining foreign investment. There is no assurance that the Company's industrial leasing operations will earn attractive rental yields or be profitable.

The Company's cash ratio is less than 1.0, which exposes the Company to liquidity risk.

The Company recorded current liabilities of ₱25, 248.17 million as of 30 June 2024. The current liabilities were primarily attributable to short-term notes payable and current maturities of long-term notes payable, net of debt issue costs which amounted to ₱15,223.3 as of 30 June 2024. The Company recorded cash and cash equivalents of ₱7,267.29 million as of 30 June 2024. As of 30 June 2024, the Company's cash ratio (i.e., cash and cash equivalents divided by current liabilities) was 0.29 and the ratio of the Company's cash and cash equivalents to short-term notes payable and current maturities of long-term notes payable, net of debt issue costs, amounted to 0.48. The Company's cash ratio and cash-to-short-term-borrowings ratio exposes it to liquidity risk. Payment of accounts payable and other liabilities, repayment of short-term borrowings as when they become due, and the Company's capital expenditure plans will primarily depend on the Company's ability to maintain adequate cash generated from operating activities and adequate external financing. In addition, if the Company encounters any liquidity issues in the future, it may curtail or defer its business expansion plans based on the availability of sufficient funds or the Company may opt to dispose a portion of its portfolio of investment properties (which amounted to ₱150,360.85 million as of 30 June 2024), in order to meet its short-term notes payable and current maturities of long-term notes payable, net of debt issue costs which amounted to ₱15,223.3 million as of 30 June 2024. As of 30 June 2024, the Company's short-term notes payable and current maturities of long-term notes payable, net of debt issue costs were 10.1% of the fair market value of the Company's investment properties. A cash ratio of less than one may limit the Company's working capital for operations or limit the Company's business expansion plans, and the Company's business, financial position and results of operations could be materially and adversely affected. In addition, the rising interest rate environment globally and in the Philippines and global economic uncertainty may make it more challenging for all companies globally, including the Company, to refinance existing debt obligations in the future, or obtain additional financing, whether at acceptable interest rates or at

all, to address any potential and future funding requirements.

The Company faces risks relating to project cost and completion, including its ability to generate sufficient cash flow to support its operations and service its debt. Further, the real estate industry in the Philippines is capital intensive, and the Company may be unable to readily raise necessary amounts of funding to acquire new land or complete existing projects.

Construction of property projects may take as long as a year or longer before generating positive net cash flow through sale, leasing or management fees. As a result, the Company's cash flows and results of operations may be significantly affected by its project development schedules and any changes to those schedules. Any delay in the Company's project development schedules, or any inability of any the Company's projects to generate its expected level of cash flows, may adversely affect the Company's business, financial condition and results of operations and its ability to repay or refinance its outstanding indebtedness.

Further, some of the Company's projects are currently under construction and the Company has relied on external sources to finance its expansion for the past three fiscal years. For the year ended 31 December 2023 and the six months ended 30 June 2024, the Company used net cash of ₱2,982.62 million and ₱1,673.11 million, respectively, in operating activities while the net cash used in investment activities amounted to of ₱3,837.91 million and ₱1,940.40 million, respectively. In the event of any delay in the Company's project development schedules, or in the event any of the Company's projects do not generate the expected level of cash flows, the Company's business, financial condition and results of operations, and its ability to repay or refinance its outstanding indebtedness, may be adversely affected. The Company however looks to long-term funding, and its weighted average debt maturity as of 31 December 2023 and 30 June 2024 is 2.11 years, and 1.84 years, respectively.

Other factors that could adversely affect the time and the costs involved in completing the development and construction of the Company's projects include:

- natural catastrophes and adverse weather conditions;
- changes in market conditions, economic downturns, unemployment rate, and decreases in business and consumer sentiment in general;
- delays in obtaining government approvals and permits;
- delays in completion of its prior projects, which would create shortages of contractors and skilled labor due to the Company's regular use of a limited number of contractors (see "*Risk Factors – Independent contractors may not always be available, and once hired by the Company, may not be able to meet the Company's quality standards or to complete projects on time and within budget.*");
- changes in laws or in Government priorities;
- timing of commencement of the projects;
- relocation of existing residents and/or demolition of existing constructions;
- shortages of materials and equipment;
- labor disputes with contractors and subcontractors;
- construction accidents;
- errors in judgement on the selection and acquisition criteria for potential sites; and
- other unforeseen problems or circumstances.

Any of these factors could result in project delays and cost overruns, which may harm the Company's reputation as a property developer or lead to cost overruns or loss of or delay in

recognising revenues and lower margins. This may also result in sales and resulting profits from a particular development not being recognised in the year in which it was originally expected to be recognised, which could adversely affect the Company's results of operations for that year. Furthermore, the failure by the Company to complete construction of a project to its planned specifications or schedule may result in contractual liabilities to purchasers and lower returns. The Company cannot provide any assurance that it will not experience any significant delays in completion or delivery of its projects in the future or that it will not be subject to any liabilities for any such delays. The Company, however, believes it has well-defined execution capability with a proven track record of delivering growth.

Further, the real estate industry in the Philippines is also capital intensive, and market players are required to incur significant expenditures to acquire land for development, complete existing projects and commence construction on new developments. For the year ended 31 December 2022 and 2023, and the six months ended 30 June 2024 the Company spent ₱3,184.1 million, ₱3,205.8 million, and ₱1,271.7 million respectively, for capital expenditures for its investment properties.

Historically, the Company has funded a significant portion of its capital expenditure requirements as well as steady growth from external sources of financing. There can be no assurance that, in order to complete its planned projects or satisfy its other liquidity and capital resources requirements, the Company will be able to obtain sufficient funds at acceptable rates to fund its capital expenditure requirements, or that it will be able to obtain sufficient funds at all. Failure to obtain the requisite funds could delay or prevent the acquisition of land, completion of existing projects or commencement of new projects and materially and adversely affect the Company's business, financial condition and results of operations.

The Company has multiple related-party transactions with affiliated companies, and transactions with certain affiliates constitute a substantial percentage of the Company's revenues.

The companies controlled by the DD Majority Shareholders have multiple commercial transactions with the Company, which primarily consist of advances and reimbursements of expenses. The transactions referred to above are described in the section titled "*Related Party Transactions*" and the notes to the Company's consolidated financial statements appearing elsewhere in this Prospectus. The Company expects that it will continue to enter into transactions with companies directly or indirectly controlled by or associated with the DD Majority Shareholders. These transactions may involve potential conflicts of interest which could be detrimental to the Company and/or its stakeholders. Conflicts of interest may also arise between the Company and the DD Majority Shareholders in a number of other areas relating to its businesses, including:

- Major business combinations involving the Company and/or its subsidiaries;
- Plans to develop the respective businesses of the Company and/or its subsidiaries; and
- Business opportunities that may be attractive to the DD Majority Shareholders and the Company.

The Company cannot provide assurance that its related-party transactions will not have a material adverse effect on its business or results of operations. The Company however believes that its strong shareholders and partnerships with Philippines' leading business groups validate its vision and business model.

Also, CityMall Commercial Centers Inc., a Subsidiary of the Company, is 34%-owned by SM Investments Corporation ("**SMIC**") and 66%-owned by the Company. SMIC holds direct and indirect ownership in the following brands and businesses, which are also tenants in various projects of the Company: SaveMore Market, Ace Hardware, China Bank Savings, Simply Shoes, BDO Unibank, Watsons, and SM Appliance Center.

Further, the Tan and Ang families, through Honeystar Holdings Corporation, owns 35% of the Company. The Tan and Ang families also has significant direct and indirect ownership in Jollibee Foods Corporation ("**JFC**") which owns and operates several fast food concepts which are also tenants in various investment projects in which the Company derives rental income. These fast food concepts include Jollibee, Mang Inasal, Greenwich, Chowking, Highlands Coffee, and Red Ribbon. JFC is

also expected to be the anchor tenant of Jollibee Tower and to lease a majority of the leasable space allotted to the Company. CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were infused into CHICI by JFC pursuant to the definitive agreements executed between the Company and JFC on 19 August 2021 implementing the ₱4.0 billion investment of JFC in CHICI. JFC acquired common shares of CentralHub and infused its 16.4 hectares of industrial properties in Santolan, Pasig and Carmelray, Laguna, which are currently utilised as commissaries (including the largest operating commissary of JFC). As of 31 July 2024, the equity and asset swap between CentralHub and JFC has been completed and the transfer of title for the two CentralHub- Laguna and CentralHub-Pasig were completed The Company and JFC intend to prepare CHICI for the Philippines' first industrial REIT IPO in 2025.

The abovementioned retail brands, businesses and fast-food concepts are a significant source of rental revenues of the Company and occupy a majority of the leasable area in the Company's operational CityMalls. Given the current concentration of such tenants in the Company's operational CityMalls and the Company's dependence on rental revenue from such tenants, any change in the relationship between the Company and SMIC or JFC may adversely affect the Company's cash flows, and its financial condition and results of operation. There is also no assurance that SMIC's or JFC's commercial interests (through such tenancy relationships or otherwise) will be aligned with the Company's minority shareholders.

Further, the interests of the Company's related parties which own such brands, businesses and concepts may differ from the interests of the Company, and there may also be a perceived risk that such related parties may receive favorable terms from the Company or its subsidiaries. Although the Company endeavours to enter into arm's length transactions with lessees that are owned either directly or indirectly by parties related to the Company or its subsidiaries and although the Company's Chairman, Mr. Edgar "Injap" Sia II, does not hold any interest in either SMIC or JFC, there is no assurance that such related-party transactions will not have a material adverse effect on its business, financial condition and results of operations.

Titles over land owned by the Company may be contested by third parties.

The Philippines has adopted a system of land registration that issues certificates of title evidencing land ownership that are binding on all persons (including the Government). Under this system, any transfer or encumbrance of land must be registered in the system in order to bind third persons. Nevertheless, it is not uncommon for third parties to claim ownership of land that has already been registered and over which a title has been issued. There have also been cases where third parties have produced false or forged title certificates over land. The Company may have to defend itself against third parties who claim to be the rightful owners of land that has been either titled in the name of the persons selling the land to the Company or that has already been titled in the name of the Company. The Company generally conducts diligence and assesses risks prior to purchasing land. In the event a greater number of third-party claims are brought against the Company, or any such claims involves land that is material to the Company's projects, the Company's management may be required to devote significant time and incur significant costs in defending the Company against such claims. In addition, if any such claims are successful, the Company may have to either incur additional costs to settle such third-party claims or surrender title to land that may be material in the context of the Company's projects. Any of the foregoing circumstances could have a material adverse effect on the Company's business, financial condition and results of operations, as well as on its business reputation.

Further, the Company has projects located on Government-reclaimed land. Government-reclaimed land forms part of the land of the public domain and is subject to the following restrictions: (1) reclaimed lands of the public domain cannot be disposed by the state to any private person until such reclaimed lands are (a) reclassified as disposable or alienable, and (b) declared to be no longer needed for public service, by law or presidential proclamation; (2) alienable public lands cannot be disposed of by the state to private persons by sale or lease without public bidding; and (3) alienable lands of the public domain cannot be disposed to private corporations, except by lease, in accordance with the constitutional ban on private corporations acquiring lands of the public domain. Section 3 of Article XII of the Philippine Constitution provides that private corporations or associations may not hold alienable lands of the public domain except by lease, for a period not exceeding 25 years, renewable for not more than 25 years, and not to exceed 1,000 hectares in area. Citizens, on the other hand, may lease not more than 500 hectares, or acquire not more than 12 hectares

by purchase, homestead or grant. Although the Company believes that the Government-reclaimed land where certain of its projects are located was acquired from valid individual title holders, there is no assurance that no third party will contest any of the Company's titles over the said land, which may require the Company to defend itself and incur additional costs to defend against, settle such claims or surrender all or a portion of its holdings of such land.

Certain of the Company's projects may be located in areas covered by the Indigenous Peoples' Rights Act which may adversely affect its rights over such projects

The islands of Palawan and Boracay in the Philippines have portions of land that have been designated as areas covered by the Indigenous Peoples' Rights Act (Republic Act No. 8371 or the "**IPRA**") Hotel101's projects on these islands, H101 Palawan and Jinjiang Inn-Station 1 Boracay, may be located on such designated areas. The IPRA grants rights to indigenous cultural communities and indigenous peoples in the Philippines on such areas. The applicability of IPRA rights on these sites has not been conclusively confirmed with relevant government authority. These rights, if applicable, may limit the ability of Hotel101 to continue to own or operate such projects without consent or compensation to the relevant indigenous communities of that area.

Some of the Hotel101's projects are located on parcels of land that are leased on a short-term basis, which exposes it to certain risks such as its ability to obtain the best lease terms

Jinjiang Inn – Station 1 Boracay is situated on a parcel of land owned by a third party, Milflores De Boracay Corporation ("**Milflores**"). The lease agreement between Hotel101 Management Corporation ("**H101 Management**"), a wholly owned subsidiary of HOA, and Milflores is usually renewed annually, with the latest extension extending the lease term to September 28, 2024. As per the terms of the agreement, renewal of the lease contract requires mutual agreement in writing between the parties. Additionally, either party may terminate the lease agreement by providing a notice period of at least 90 days prior to the effective date of termination. Upon the cancellation of the leases, the lessee must immediately vacate the leased premises and deliver to the owner full and vacant possession of the same.

Jinjiang Inn Makati is situated on a parcel of land owned Contemporain Development Corporation ("Contemporain"), an affiliate of Hotel101 Global Holdings Corp. ("Hotel101 Holdings"). The lease agreement between H101 Management and Contemporain is usually renewed annually with the latest extension extending the lease term to October 1, 2024. The lease contract may only be renewed upon mutual agreement of the parties in writing. Upon the cancellation of the leases, the lessee must immediately vacate the leased premises and deliver to the owner full and vacant possession of the same.

Injap Tower is situated on a parcel of land owned by Injap Investments, Inc.

Since the foregoing projects are located on properties that are typically leased on an annual basis, the Company may be unable to negotiate renewals on the most favorable terms. This could include possible increases in rent or changes to other lease provisions, potentially increasing operating costs and reducing profitability. If lease renewals are not attainable, the Company may be required to relocate its projects, which could disrupt operations and incur significant costs, including construction, downtime, and potential customer loss. The availability of suitable land for projects in desirable locations may also be limited.

Disruptions in the financial markets could adversely affect the Company's ability to refinance existing obligations or raise additional financing, including equity financing.

Disruptions in the global financial markets in 2008 and 2009 resulted in a tightening of credit markets worldwide, including in the Asia Pacific region. Liquidity in the global and regional credit markets severely contracted due to these market disruptions, making it difficult and costly to refinance existing obligations or raise additional financing, including equity financing. While liquidity has increased and credit markets have improved since then, there can be no assurance that such conditions will not reoccur. If such conditions were to reoccur, it may be difficult for the Company to obtain additional financing on acceptable terms or at all, which may prevent the Company from completing its existing projects and future development projects and have an adverse effect on the Company's results of operations and business plans. For example, the recent Evergrande Group debt crisis which has resulted in the Evergrande Group failing to pay interest payments to international investors has

dampened sentiment on debt issuances of real estate players across Southeast Asia. If, due to general economic conditions, the Company is unable to obtain sufficient funding to complete its projects in a feasible manner, or if management decides to abandon certain projects, all or a portion of the Company's investments to date on its existing projects could be lost, which could have a material adverse effect on the Company's business, financial condition and results of operations.

A substantial percentage of the Company's projects are also currently under construction, and the Company has relied on external sources to finance its operations for the past three fiscal years. Any inability of the Company to procure short-term or long-term indebtedness to fund its operations or the development of its projects, or any delay in the Company's project schedules or any failure of its projects to generate expected cash flows may adversely affect the Company's financial condition and results of operation, including its ability to repay or refinance its existing indebtedness. See "– *The Company faces risks relating to project cost and completion, including its ability to generate sufficient cash flow to support its operations and service its debt.*"

Historically, besides the domestic bond market, the Company has also tapped into diversified sources of funding which include Preferred Shares and bank funding, highlighting its diversified capital base, comprising of retail and institutional investors. The Company also plans to manage its debt maturity profile, reduce cost of funding, and diversify its sources of funding.

The incurrence of additional debt to finance the Company's planned development projects could also impair the Company's business, financial condition and results of operations. The Company may need to incur additional debt to finance its expansion projects and future development projects. This indebtedness could have important consequences for the Company. For example, it could:

- make it more difficult for the Company to satisfy its debt obligations as they become due;
- increase the Company's vulnerability to general adverse economic and industry conditions;
- impair the Company's ability to obtain additional financing in the future for working capital needs, capital expenditures, development projects, acquisitions or general corporate purposes;
- require the Company to dedicate a significant portion of its cash flow from operations to the payment of principal and interest on its debt, which would reduce the funds available for the Company's working capital needs, capital expenditures or dividend payments;
- limit the Company's flexibility in planning for, or reacting to, changes in the business and the industry in which the Company operates;
- require the Company to comply with financial and other covenants that could impose significant restrictions on the Company's existing and future businesses and operations;
- place the Company at a competitive disadvantage compared to competitors that have less debt; and
- subject the Company to higher interest expense in the event of increases in interest rates as a significant portion of the Company's debt is and may continue to be at variable rates of interest.

Any of the above could have a material adverse effect on the Company's business, financial condition and results of operations.

There is no assurance that the Company will be able to refinance its existing indebtedness when these come due on maturity.

As of 30 June 2024, the Company has total outstanding indebtedness of ₱72,512.00 million, and total long-term outstanding indebtedness of ₱57,288.70 million. As of 30 June 2024, the Company's interest coverage ratio was 1.96, compared to 1.25 as of 30 June 2023. The Company's gross Debt-to-Equity ("**D/E**") ratio was at 0.76, which is below the 2.33x maximum gross D/E ratio the

Company is required to maintain under its debt covenants. Further, the Company's current ratio improved to 1.39 as of 30 June 2024, and the Company's acid test ratio 0.93 as of 30 June 2024. Nonetheless, the additional debt from the Bonds will affect these ratios, and there is no assurance that the Company will be able to refinance its existing indebtedness (including the Bonds) when these come due on maturity.

Environmental laws applicable to the Company's projects and enforcement by Philippine regulators of environmental regulations and policies could have a material adverse effect on its business, financial condition and results of operations.

The Company is subject to various environmental laws and regulations relating to the protection of the environment, health and human safety. These include laws and regulations governing air emissions, water and wastewater discharges, odour emissions, and the management and disposal of, and exposure to, hazardous materials. Generally, developers of real estate projects are required to submit project descriptions to regional offices of the Philippine Department of Environment and Natural Resources ("**DENR**"). For environmentally-sensitive projects or in other cases at the discretion of the regional office of the DENR, a detailed environmental impact assessment may be required and the developer will be required to obtain an Environmental Compliance Certificate ("**ECC**") to certify that the project will not have an unacceptable environmental impact. There can be no assurance that current or future environmental laws and regulations applicable to the Company will not increase the costs of conducting its business above currently projected levels or require future capital expenditures. In addition, if a violation of an ECC occurs or if environmental hazards on land where the Company's projects are located cause damage or injury to buyers or any third party, the Company may be required to pay a fine, to incur costs in order to cure the violation and/or to compensate its buyers and any affected third parties.

The Company cannot predict what environmental legislation or regulations will be amended or enacted in the future, how existing or future laws or regulations will be enforced, administered or interpreted, or the amount of future expenditures that may be required to comply with these environmental laws or regulations or to respond to environmental claims. For example, in February 2018, the DENR ordered the closure of more than 50 establishments in Boracay for alleged continuous violations of environmental laws. President Duterte ordered the closure of Boracay for six months until November 2018 to address the alleged violations. Although Boracay has reopened, there can also be no assurance that there will be no new orders for closures of the island or other tourist destinations in the Philippines, including sites where the Company's projects are or will be located. Any such closure or rehabilitation will materially and adversely affect the Company's operations in such locations.

The introduction or inconsistent application of, or changes in, laws and regulations applicable to the Company's business could have a material adverse effect on its business, financial condition and results of operations. However, the Company intends to adhere to all environmental regulations and is committed to sustainability efforts of the communities where its businesses operate.

The Company's reputation will be adversely affected if projects are not completed on time or if projects do not meet customers' requirements and may be adversely affected by other factors over which the Company does not have control.

If any of the Company's projects experience construction or infrastructure failures, design flaws, significant project delays, or quality control issues, this could have a negative effect on the Company's reputation and make it more difficult to attract new customers to its new and existing projects. The Company intends to engage contractors and partners that are reputable and have proven track records. The Company believes that it has also developed a well-defined execution capability with proven track record of delivering projects. Any negative effect on the Company's reputation or its brands could also affect the Company's ability to sell or lease its projects. This would impair the Company's ability to reduce its inventory and working capital requirements. For example, delays in the roll out plan of CityMalls may affect the Company's cash flows and expected profitability, and adversely affect the Company's ability to raise external financing. The Company cannot provide any assurance that such events will not occur in a manner that would adversely affect its business, financial condition and results of operations.

Further, the Company's hotels may be subject to random acts of terrorism, violence or other

mishaps involving its guests or third parties which may adversely affect the Company's reputation and brand name. Further, any deterioration to the "Jinjiang" brand outside the Philippines may impact the Company's Jinjiang Inns in the Philippines and adversely affect its business and operations.

Also, the Company's CityMalls are located in provincial areas in the Philippines, including some areas where there historically have been communist rebels, separatists or acts of terrorism. Any violence or terrorist attack in these areas, including on the Company's property, may adversely affect the operations of the Company's CityMall in such areas, and may also adversely affect the Company's reputation and "CityMall" brand.

Independent contractors may not always be available, and once hired by the Company, may not be able to meet the Company's quality standards or to complete projects on time and within budget.

The Company relies on independent contractors to provide various services, including land clearing, infrastructure development and various construction projects including building and property fitting-out. There can be no assurance that the Company will be able to find or engage an independent contractor for any particular project or find a contractor that is willing to undertake a particular project within the Company's budget and schedule (including as a result of a lack of manpower due to a shortage of available and qualified workers), which could result in cost increases or project delays.

Furthermore, there can be no assurance that the services rendered by any of its independent contractors will always be satisfactory or match the Company's requirements for quality and timing. The Company's personnel, however, actively supervise the work of such independent contractors. Contractors may also experience financial or other difficulties up to insolvency, and shortages or increases in the price of construction materials or labour may occur, any of which could delay the completion or increase the cost of certain housing and land development projects, and the Company may incur additional costs as a result thereof. Any of these factors could have a material adverse effect on the Company's business, financial condition and results of operations.

Construction defects and other building-related claims may be asserted against the Company, and the Company may be subject to liability for such claims.

Philippine law provides that property developers, such as the Company, warrant the structural integrity of houses or units that were designed or built by them for a period of 15 years from the date of completion of the house or unit. The Company may also be held responsible for hidden (i.e., latent or non-observable) defects in a house or unit sold by it when such hidden defects render the house or unit unfit for the use for which it was intended or when its fitness for such use is diminished to the extent that the buyer would not have acquired it or would have paid a lower price had the buyer been aware of the hidden defect. This warranty may be enforced within six months from the delivery of the house to the buyer. In addition, Republic Act No. 6541, as amended, otherwise known as the National Building Code of the Philippines (the "**Building Code**"), governs, among others, the design and construction of buildings and sets certain requirements and standards that must be complied with by the Company. The Company or its officials may be held liable for administrative fines or criminal penalties in case of any violation of the Building Code.

There can be no assurance that the Company will not be held liable for damages, the cost of repairs, and/or the expense of litigation surrounding possible claims or that claims will not arise out of uninsurable events, such as landslides or earthquakes, or circumstances not covered by the Company's insurance and not subject to effective indemnification agreements with the Company's contractors. The Company intends to engage contractors and partners that are reputable and with proven track records. Further, as a result of repeated transactions with the local contractors, the Company is able to establish direct interaction with workers who have better on-the-ground experience in sourcing labour and local materials. Neither can there be any assurance that the contractors hired by the Company will be able to either correct any such defects or indemnify the Company for costs incurred by the Company to correct such defects. In the event a substantial number of claims arising from structural or construction defects arise, this could have a material adverse effect on the Company's reputation and on its business, financial condition and results of operations.

Damage to, or other potential losses involving, the Company's assets may not be covered by insurance.

Design, construction or other latent property or equipment defects or deficiencies in the Company's properties may require additional capital expenditure, special repair or maintenance expenses or the payment of damages or other obligations to third parties that may not be covered by insurance. In addition, certain types of losses such as terrorist acts, the outbreak of infectious disease or any resulting losses, may be uninsurable or the required insurance premiums may be too expensive to justify obtaining insurance. In addition, in the event of a substantial loss, the insurance coverage the Company carries may not be sufficient to pay the full market value or replacement cost of the Company's lost investment or that of the Company's tenants or in some cases could result in certain losses being uninsured. Accordingly, the Company could lose some or all of the capital it has invested in a property, as well as the anticipated future revenue from that property, and the Company could remain obligated for guarantees, debt, or other financial obligations related to such property. The Company maintains comprehensive property and liability insurance policies with coverage features and insured limits that the Company believes are consistent with market practice in the commercial and retail leasing industries in the Philippines.

Moreover, the scope of insurance coverage that the Company can obtain or the Company's ability to obtain such coverage at reasonable rates may be limited and the Company's insurance policies and terms of coverage will be subject to renewals and negotiations on a periodic basis and there is no assurance that adequate insurance coverage will be available on commercially reasonable terms in the future. Any material increase in insurance rates, decrease in available coverage or any failure to maintain adequate insurance in the future could adversely affect the Company's business, financial condition and results of operations.

The Company may not be successful in protecting its brand image or its interests in certain trademarks and domain names.

Maintaining the reputation of the Company's brand names and trademarks is critical to its success. The Company relies on the strength of these brand names and trademarks to, among other things, attract tenants to its properties, increase retail footfall, and attract third parties to partner with. Substantial erosion in the value of these brand names and trademarks due to construction delays or defects, customer complaints, adverse publicity, legal action or other factors may have an adverse effect on the Company's business, financial condition and results of operations. The Company's trademarks have been registered in the Philippines, however, the Company cannot be certain that any steps that have been taken to secure these trademarks or other intellectual property will be sufficient or that third parties will not infringe or challenge such rights. If the Company is unable to protect its intellectual property rights from infringement, the Company's business, financial conditions and result of operations may be adversely affected.

The Company is controlled by the DD Majority Shareholders, whose interests may not be the same as those of other shareholders.

The Company is bound by reportorial and corporate governance requirements that are more stringent than those applicable to private companies. Further, the Company has also adopted governance policies and mechanisms to serve as its foundation and guiding principle for good governance. The Company also continues to adopt policies and mechanisms in accordance with established rules and best practices. As of 16 April 2024, the DD Majority Shareholders beneficially own a total of 1,649,993,998 common shares in the Company, representing 70.36% of the Company's total issued and outstanding common shares. With such effective interest, the DD Majority Shareholders will continue to be able to elect members of the Board and pass shareholder resolutions (including special resolutions), both of which under the By-laws generally require a majority vote by its shareholders (or a two-thirds majority in the case of special resolutions). Accordingly, the DD Majority Shareholders exercises control over major policy decisions of the Company, including its overall strategic and investment decisions, dividend plans, issuance of securities, adjustments to its capital structure, mergers, liquidation or other reorganization and amendments to its Articles of Incorporation and By-laws. If the interests of the DD Majority Shareholders conflict with the interests of other shareholders of the Company, there can be no assurance that the DD Majority Shareholders will not cause the Company to take action in a manner which might differ from the interests

of other shareholders.

The Company's business and operations are dependent upon key executives.

The Company's key executives and members of management have greatly contributed to the Company's success with their experience, knowledge, business relationships and expertise, although it believes its success is driven by its entire work force as a whole. Further, the Company's senior management team has a proven track record in developing, investing in, managing, and enhancing commercial real estate, possessing, in the aggregate, decades of experience in the Philippine real estate and commercial sectors. The team covers the entire value chain of the business, including asset development and enhancement, asset management, and commercial operations. If the Company is unable to fill any vacant key executive or management positions with qualified candidates, the Company's business, operating efficiency and financial performance may be adversely affected.

Any deterioration in the Company's employee relations could materially and adversely affect the Company's operations.

The Company's success depends partially on the ability of the Company, its contractors and its third-party marketing agents to maintain a productive workforce. Any strikes, work stoppages, work slowdowns, grievances, complaints or claims of unfair practices or other deterioration in the Company's or its contractors' or tenants' employee relations could have a material and adverse effect on the Company's financial condition and results of operations. However, the Company has not experienced any disruptive labour disputes, strikes or threats of strikes, and management believes that the Company's relationship with its employees, in general, is satisfactory. Further, in addition to complying with the minimum compensation standards mandated by law, the Company has historically made available to qualified personnel supplemental benefits such as health insurance, car plans and bonuses.

In addition, the Company is subject to a variety of national and local laws and regulations, including those relating to labour. Any actions that may be taken by labour unions or federations having the Company's employees as members could adversely affect the Company's operations, costs, or both. Any changes in labour laws and regulations could result in the Company having to incur substantial additional costs to comply with increased minimum wage and other labour laws. The occurrence of any of these events could be disruptive to the Company's operations and materially and adversely affect the Company's business, financial condition and results of operations.

The Company may, from time to time, be involved in legal and other proceedings arising out of its operations.

The Company believes that it has had and intends to continue to maintain its good working relationships with counterparties such as its contractors and suppliers. The Company may, from time to time, be involved in disputes with various parties involved in the construction and operation of its properties, including contractual disputes with contractors, suppliers, construction workers or property damage or personal liability claims. Regardless of the outcome, these disputes may lead to legal or other proceedings and may result in substantial costs, delays in the Company's development schedule, and the diversion of resources and management's attention. The Company may also have disagreements with regulatory bodies in the course of its operations, which may subject it to administrative proceedings and unfavorable decisions that result in penalties or delay the development of its projects. In such cases, the Company's business, financial condition and results of operations could be materially and adversely affected.

There can be no assurance that the Company will not suffer from substantial sales cancellations.

From time to time, the Company has had buyers who have indicated their intent to cancel their previous purchases of the Company's interim residential projects.

The Company is subject to Republic Act No. 6552 (the "**Maceda Law**"), which applies to all transactions or contracts involving the sale or financing of real estate through instalment payments, including residential condominium units and horizontal residential units. Under the Maceda Law,

buyers who have paid at least two years of instalments are granted a grace period of one month for every year of paid instalments to cure any payment default. If the contract is cancelled by the Company, the buyer is entitled to receive a refund of at least 50% of the total payments made by the buyer, with an additional 5% per annum in cases where at least five years of instalments have been paid (but with the total not to exceed 90% of the total payments). Buyers who have paid less than two years of instalments and who default on instalment payments are given a 60-day grace period to pay all unpaid instalments before the sale can be cancelled, but without right of refund.

While the Company historically has not experienced a material number of cancellations to which the Maceda Law has applied, there can be no assurance that it will not experience a material number of cancellations in the future, particularly during slowdowns or downturns in the Philippine economy. In the event the Company does experience a material number of cancellations, it may not have enough funds on hand to pay the necessary cash refunds to buyers or it may have to incur indebtedness in order to pay such cash refunds. The Company may also experience losses relating to these cancellations. In addition, particularly during an economic slowdown or downturn, there can be no assurance that the Company would be able to re-sell the same property or re-sell it at an acceptable price. Any of the foregoing events would have a material adverse effect on the Company's business, financial condition and results of operations.

Furthermore, in the event the Company experiences a material number of sales cancellations, the Company's historical revenues would have been overstated because such historical revenue would not have accurately reflected subsequent customer defaults or sales cancellations. There is no assurance that the Company will not incur losses and there is no assurance that the Company's historical income statements will be accurate indicators of the Company's future revenue or profits.

The Company, historically however, has booked a net gain/income from sale cancellations as the forfeited payments. Further, from a traditional model with real estate sales the Company is transitioning to a leasing business that will be supported by a diversified recurring income platform from four property pillars across retail, office, hospitality and industrial segments.

Electronic commerce platforms may challenge the viability of the retail tenants of the Company.

The Company expects to derive a substantial portion of its revenue from its current and future portfolio of retail, office, and industrial leasing space. The Company's retail tenants may be negatively affected by the growth and popularity of online purchasing, and demand for leasing space in the Company's properties may be negatively affected by shifts in marketing strategies by existing and new retailers in response to changing market conditions or challenges from and opportunities provided by electronic commerce platforms. For example, the COVID-19 outbreak resulted in a rise in online shopping and on-demand delivery services due to the work-from-home and stay-at-home protocols implemented by the Government and corporates.

There is no assurance that the growth of e-commerce would not have a material adverse effect on the Company's business, financial condition and results of operations. The Company however expects that its retail properties will complement electronic commerce platforms by enabling retailers to provide a physical outlet for online purchasers to receive their items, and that its industrial properties will enable logistics providers to consolidate and optimise their operations to cope with the growth of electronic commerce platforms.

There is no assurance that new electronic commerce platforms will be developed to cater to basic necessities or that internet and mobile technology will not penetrate the mass market or that consumer preferences will change in the future.

Adoption of the deferred provisions on revenue recognition on real estate and IFRIC agenda decision on over time transfer of constructed goods may result in a restatement of the Company's financial statements for prior fiscal years which could be materially different from the audited consolidated financial statements of the Company included in this Prospectus.

The consolidated financial statements of the Company as of 31 December 2021, 2022, and 2023 have been prepared in compliance with PFRS. PFRS includes Philippine Financial Reporting Standards, Philippine Accounting Standards and Interpretations issued by the Philippine Interpretations

Committee ("**PIC**").

The audited consolidated financial statements and the unaudited interim condensed consolidated financial statements attached to this Prospectus include the following availment of reliefs granted by the Philippine SEC until 31 December 2023.

(1) Under Philippine SEC Memorandum Circular Nos. 14-2018 and 3-2019 for the following interpretations of PFRS 15, Revenue from Contracts with Customers, affecting the real estate industry.

   (a) Accounting for significant financing component discussed in PIC Q&A No. 2018-12-D; and

   (b) Adoption of PIC Q&A No. 2018-14: PFRS 15 – Accounting for Cancellation of Real Estate Sales.

   The implementation of the above interpretations is expected to impact the revenue recognition, accounting for significant financing components of customer contracts and recording of repossessed inventories in the consolidated financial statements.

(2) IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (IAS 23, Borrowing Cost) for the Real Estate Industry.

(3) Under Philippine SEC Memorandum Circular Nos. 34-2020, SEC further extended the deferral of application of the provisions of PIC Q&A No. 2018-12 for the accounting for the significant financing component and the exclusion of land in the calculation of the percentage of completion and IFRIC Agenda Decision on Overtime Transfers of Constructed Goods under PAS 23 – Borrowing Cost, for another three years or until 2023.

Effective 1 January 2024, the Company will be required to adopt the above implementation guidance and interpretations.

The Company availed of the deferral option provided by Philippine SEC. The IFRIC agenda decision would change the Company's current practice of capitalising borrowing costs on real estate projects with pre-selling activities. This would have resulted in a decrease in inventories and retained earnings as of 1 January 2019.

The Company may be affected by the Comprehensive Tax Reform Program and other tax regulations

The Real Property Valuation and Assessment Reform Act ("**RPVARA**"), the third package of the Comprehensive Tax Reform Program ("**CTRP**") of the Duterte administration, has been submitted to President Marcos for signature. On 13 June 2024, President Marcos signed the RPVARA or Republic Act No. 12001 into law which was published on 20 June 2024. The RPVARA will take effect on 5 July 2024.

RPVARA seeks the establishment of standards based Philippine Valuation Standards ("**PVS**") to govern the valuation of real property in the Philippines, the adoption of a Schedule of Market Values ("**SMVs**"), the separation of the function of valuation of real properties from the functions of tax policy formulation and administration of the taxes due thereon, and the provision of comprehensive and up-to-date electronic database of all real property transactions, among others. The SMV shall be the single real property valuation base for the assessment of real property-related taxes in the country and for valuation of real property for various transactions by all government agencies.

The Bureau of the Local Government Finance ("**BLGF**") of the Department of Finance ("**DOF**") shall develop and implement the PVS to be used by the local government units, and other persons and entities that conduct valuation of lands, buildings, machineries and other real properties for taxation and other purposes. Local assessors shall prepare the SMV for different classes of real properties within their respective jurisdictions based on the PVS and other rules issued by the DOF.

The BLGF shall likewise develop and maintain an up-to-date electronic database of:

(1) the sale, exchange, lease, mortgage, donation, transfer and all other real property transactions and

declarations in the country;

(2) cost of construction or renovation of buildings and other structure; and

(3) prices of plant, machinery and equipment.

The RPVARA further mandates the following:

(1) The Register of Deeds shall submit to the local assessor copies of all contracts selling, transferring, or otherwise, converting, leasing or mortgaging registered real properties every end of the month.

(2) The Register of Deeds, Bureau of Internal Revenue, notaries public, officials issuing building permits, and the geodetic engineers conducting surveys within a locality shall electronically transmit to the BLGF relevant real property transactions data every quarter.

Additionally, certain tax measures proposed under, and are currently referred to as, the Passive Income and Financial Intermediary Taxation Act ("**PIFITA**") are pending in the Philippine legislature. The PIFITA measures are currently part of the measure approved by the Philippine House of Representatives known as House Bill No. 4339. House Bill No. 4339 was passed by the Philippine House of Representative under and is currently being heard by the Ways and Means Committee of the Philippine Senate. As consultations between the Ways and Means Committee's technical working group and key industry players continue, the bill is currently targeted to be sponsored in May 2024.

In its current form, PIFITA proposes to lower the rate of transaction taxes on land, including DST, transfer tax and registration fees. While PIFITA aims to lower the rate of transaction taxes on land, the centralize and rationalize valuation of properties, increase valuation of properties closer to market prices, review and adjustment property valuations contemplated by RPVARA may lead to an increase in valuation of real property, which could in turn lead to an increase in the taxes to be paid by DoubleDragon.

No assurance can be given that the PIFITA will be adopted by the Senate without amendment, or that the PIFITA approved by the President without veto, and become law in its current form, or if other tax measures may affect DoubleDragon or its payments of the First Tranche Bonds, or when such changes would come into effect.

RISKS RELATING TO THE PHILIPPINES

A significant portion of the Company's business activities are conducted in the Philippines and a significant portion of its assets are located in the Philippines, which exposes the Company to risks associated with the Philippines, including the performance of the Philippine economy.

Historically, the Company has derived most of its revenues and operating profits from the Philippines and its business is dependent on the state of the Philippine economy. Demand for the Company's goods and services are directly related to the strength of the Philippine economy (including overall growth and income levels) and the overall levels of business activity in the Philippines. In the past, the Philippines has experienced periods of slow or negative growth, high inflation, significant devaluation of its currency and the imposition of exchange controls. Other factors that may adversely affect the Philippine economy include:

- reduced business, industrial, manufacturing or financial activity in the Philippines or elsewhere in Southeast Asia;
- scarcity of credit or other financing available to the Government, corporations or individuals in the Philippines;
- fluctuations in currency exchange rates and interest rates or prolonged periods of inflation or deflation;
- levels of employment, consumer confidence and income; Government budget deficits;
- public health epidemics or outbreaks of diseases, such as outbreak of COVID-19, , a re-emergence of polio, SARS, bird flu, or H1N1, or the emergence of other similar diseases in the

Philippines or in other countries in Southeast Asia;

- significant changes to the Government's economic, social or tax policies; natural disasters, including tsunamis, typhoons, earthquakes, fires, floods and similar events;
- political instability, terrorism or military conflict in the Philippines, other countries in the region or globally;
- geopolitical tensions between the Philippines and other claimant countries concerning disputed territories in the West Philippine Sea;
- delays in obtaining government approvals and permits;
- a downgrade in the long-term foreign and local currency sovereign credit ratings of the Philippines or the related outlook for such ratings; and
- other regulatory, political or economic developments in or affecting the Philippines.

Any deterioration in economic conditions in the Philippines as a result of these or other factors could materially and adversely affect the Company or its consumers, customers and contractual counterparties. This, in turn, could materially and adversely affect the Company's business, financial condition and results of operations and its ability to implement its business strategy.

Volatility in the value of the Peso against the U.S. dollar and other currencies as well as in the global financial and capital markets could adversely affect the Company's businesses.

The Philippine economy has experienced volatility in the value of the Peso and also limitations to the availability of foreign exchange.

The value of the Peso has depreciated in recent periods. Philippine Peso may be adversely affected by certain global events and circumstances such as the strengthening of the U.S. economy, the rise of the interest rates in the U.S., the prolonged conflict in Ukraine and continuing sanctions on Russia, and other events affecting the global markets or the Philippines, causing investors to move their investment portfolios from the riskier emerging markets such as the Philippines. Consequently, an outflow of funds and capital from the Philippines may occur and may result in increasing volatility in the value of the Philippine Peso against the U.S. Dollar and other currencies. As of December 31, 2022, according to the BSP reference exchange rate bulletin, the Philippine Peso was at ₱56.12 per U.S.$1.00 from ₱50.77 per U.S.$1.00 as of December 31, 2021. As of June 4, 2024, the Philippine Peso was at ₱ 58.53 against the U.S. dollar.

The credit ratings of the Philippines may restrict the access to capital of Philippine companies, including the Company.

Historically, the Philippines' sovereign debt has been rated non-investment grade by international credit rating agencies. In 2019, the Philippines' long-term foreign currency-denominated debt was upgraded by S&P Global ("**S&P**") to BBB+ with stable outlook, while Fitch Ratings ("**Fitch**") and Moody's Investors Service ("**Moody's**") affirmed the Philippines' long-term foreign currency-denominated debt to the investment-grade rating of BBB and Baa2, respectively, with a stable outlook. In February 2020, Fitch revised its rating of Philippines long-term foreign currency-denominated debt to BBB, with a positive outlook, following its expectation that sound macroeconomic management will continue to support high growth rates with stable inflation while ongoing tax reforms were expected to improve fiscal finances. In May 2020, Fitch affirmed its rating of Philippines long-term foreign currency-denominated debt to BBB, but revised the outlook to stable, to reflect the deterioration in the Philippines' near-term macroeconomic and fiscal outlook as a result of the impact of the COVID-19 pandemic and domestic lockdown to contain the spread of the virus. In May 2020, S&P and Moody's affirmed their ratings of BBB+ and Baa2, with stable outlook, respectively, for the Philippines' long-term foreign currency-denominated debt. In November 2023, Fitch and S&S affirmed their ratings of BBB and BBB+, with stable outlook, respectively, for the Philippines' long-term foreign currency-denominated debt. In March 2024, Moody's affirmed its rating of Baa2, with stable outlook, for the Philippines' long-term foreign currency-denominated debt.

The Government's credit ratings directly affect companies domiciled in the Philippines as international

credit rating agencies issue credit ratings by reference to that of the sovereign. No assurance can be given that Fitch, Moody's, S&P, or any other international credit rating agency will not downgrade the credit ratings of the Government in the future and, therefore, Philippine companies. Any such downgrade could have a material adverse impact on the liquidity in the Philippine financial markets, the ability of the Government and Philippine companies, including us, to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available.

A significant portion of the Company's operations and assets are based in the Philippines and, therefore, a slowdown in economic growth in the Philippines could materially and adversely affect the Company's business, financial position and results of operations.

A significant portion of the Company's business operations and assets are based in the Philippines. As a result, the Company's income, results of operations and the quality and growth of its assets depend, to a large extent, on the performance of the Philippine economy. In the past, the Philippines has experienced periods of slow or negative growth, high inflation, significant devaluation of the Philippine currency and the imposition of exchange controls.

Factors that may adversely affect the Philippine economy include:

- decreases in business, industrial, manufacturing or financial activities in the Philippines, the Southeast Asian region or globally;
- scarcity of credit or other financing, resulting in lower demand for products and services provided by companies in the Philippines, the Southeast Asian region or globally;
- exchange rate fluctuations and foreign exchange controls;
- rising inflation or increases in interest rates;
- levels of employment, consumer confidence and income;
- changes in the Government's fiscal and regulatory policies and regulations, including tax laws and regulations that impact or may impact inflation and consumer demand such as the Train Law or any subsequent legislation;
- the Government's budget deficits;
- adverse trends in the current accounts and balance of payments of the Philippine economy;
- public health epidemics or outbreaks of diseases, such as re-emergence of Middle East Respiratory Syndrome-Corona virus (MERS-CoV), SARS, avian influenza (commonly known as bird flu), or H1N1, COVID-19 or the emergence of another similar disease (such as Zika or Monkeypox) in the Philippines or in other countries in Southeast Asia;
- natural disasters, including but not limited to tsunamis, typhoons, earthquakes, fires, floods and similar events;
- supply chain disruptions in the Philippines, the region or globally;
- political instability, terrorism or military conflict in the Philippines, other countries in the region or globally; and
- other regulatory, social, political or economic developments in or affecting the Philippines.

Any future deterioration in economic conditions in the Philippines could materially and adversely affect the Company's financial position and results of operations, including the Company's ability to grow its real estate portfolio, to grow the businesses of its subsidiaries, and to implement its business strategy. Changes in the conditions of the Philippine economy could materially and adversely affect the Company's business, financial condition or results of operations.

Political instability may have a negative effect on the business, financial position or results

of operations of the Company.

The Philippines has, from time to time, experienced political and military instability, including acts of political violence. In the last decade, there has been political instability in the Philippines, including extra-judicial killings, alleged electoral fraud, impeachment proceedings against two former presidents and a chief justice of the Supreme Court of the Philippines, the nullification of the appointment of another chief justice of the Supreme Court of the Philippines, and public and military protests arising from alleged misconduct by the previous and current administrations. In addition, a number of officials of the Philippine Government are currently under investigation or have been indicted on corruption charges stemming from allegations of misuse of public funds, extortion, bribery or usurpation of authority.

In June 2020, journalist Maria Ressa was convicted by the Regional Trial Court for violations of anti-dummy law and cyber libel. Her conviction elicited concern from the international community and has been criticised by various groups as an attempt by the government to silence critical press coverage against President Rodrigo Duterte and his administration. In December 2018, Senator Antonio Trillanes III was ordered arrested in connection with a libel case filed by presidential son Paolo Duterte. In February 2017, Senator Leila de Lima was arrested after charges were filed in court accusing her of orchestrating a drug-trafficking ring during her term as Secretary of the Department of Justice ("**DOJ**") from 2010 to 2015. Senator Trillanes and Senator de Lima are outspoken critics of the Duterte administration. In May 2018, the Supreme Court of the Philippines ousted Chief Justice Maria Lourdes Sereno by ruling in a quo warranto proceeding that her appointment was invalid. The removal of Chief Justice Sereno became controversial because it was not coursed through the constitutionally mandated process of impeachment. On June 2018, former President Benigno Aquino III was indicted for usurpation of legislative powers concerning the Disbursement Acceleration Program during his term. Moreover, several individuals who were high-ranking officers under the administration of President Aquino have also been indicted for graft and corruption charges and drug trafficking, among other offences. During the Duterte administration, more than 1,000 alleged drug dealers and users have been killed in police operations, and more than 1,300 drug dealers and drug users have been killed by supposed vigilantes. In addition, the Philippine legislature recently passed the Anti-Terrorism Act of 2020, which has drawn criticism from, and sparked protests by, various sectors because of its controversial provisions on warrantless arrests and its broad definition of terrorist acts, which they believe may be used to target government critics. The said law was approved by President Rodrigo Duterte in June 2020.

The Philippine general elections for national and local officials took place on 9 May 2022 with Ferdinand Marcos, Jr. being proclaimed president and Sara Duterte being proclaimed vice-president. The mid-term national and local election, in which 12 senators, representatives of the House of Representatives and local officials will be elected, is set on 12 May 2025. There can be no assurance that the current administration will continue the policies or platforms of the former administration or adopt economic policies conducive to sustainable economic growth, or that the future political environment in the Philippines will be stable. An unstable political or social environment in the Philippines could negatively affect the general economic conditions and business environment in the Philippines which, in turn, could have a materially and adverse impact on the Company's business, financial position and financial performance.

Acts of terrorism and violent crimes could destabilise the country and could have a material adverse effect on the Company's business, financial position and results of operations.

The Philippines has also been subject to a number of terrorist attacks and the Armed Forces of the Philippines has been in conflict with groups which have been identified as being responsible for kidnapping and terrorist activities in the Philippines. In addition, bombings have taken place in the Philippines, mainly in cities in the southern part of the country. For example, in January 2019, bombs were detonated in the Jolo Cathedral in the Municipality of Jolo, Sulu and a Mosque in Zamboanga City, Zamboanga del Sur. In May 2017, the city of Marawi in Lanao del Sur, Mindanao, was assaulted by the Maute Group, terrorists who were inspired by pledged allegiance to the Islamic State of Iraq and Syria ("**ISIS**"). Due to the clash between the Government forces and the terrorists and the risk of the armed conflict spilling over to other parts of Mindanao, martial law was declared in the entire island of Mindanao, Philippines. In October 2017, the city was declared liberated from the terrorists. Despite this, the Philippine Congress extended the imposition of martial law in Mindanao until the end of 2019, citing persistent threats of terrorism and rebellion and to ensure the total

eradication of ISIS-inspired terrorists in the country. Martial law in Mindanao was lifted on 1 January 2020, however certain areas in Mindanao remain under a state of emergency and law enforcement groups are in heightened security as a measure against potential terror threats.

On 3 July 2020, Republic Act No. 11479, otherwise known as the Anti-Terrorism Act of 2020, was signed into law to replace Republic Act No. 9372, otherwise known as the Human Security Act of 2007. The constitutionality of the law was challenged in the Supreme Court by multiple groups. On 9 December 2021, the Supreme Court upheld the validity of the law except for the following provisions: (a) the qualifier portion of Section 4 which states "which are not intended to cause death or serious physical harm to a person, to endanger a person's life, or to create a serious risk to public safety" and (b) a portion of paragraph 2 of Section 25 which allows "request for designations by other jurisdictions or supranational jurisdictions may be adopted by the ATC after determination that the proposed designee meets the criteria for designation of UNSCR No. 1373."

An increase in the frequency, severity or geographic reach of these terrorist acts, violent crimes, bombings and similar events could have a material adverse effect on investment and confidence in, and the performance of, the Philippine economy. Any such destabilisation could cause interruption to the Company's business and materially and adversely affect the Company's financial conditions, results of operations and prospects. Continued conflicts between the Government and separatist groups could lead to further injuries or deaths by civilians and members of the Armed Forces of the Philippines, which could destabilise parts of the Philippines and adversely affect the Philippine economy. There can be no assurance that the Philippines will not be subject to further acts of terrorism or violent crimes in the future, which could have a material adverse effect on the Company's business, financial condition, and results of operations.

Natural or other catastrophes, including severe weather conditions, may adversely affect the Company's business, materially disrupt the Company's operations and result in losses not covered by its insurance.

The Philippines, which is located along the Pacific Ring of Fire and a typhoon belt, has experienced a number of major natural catastrophes over the past years, including typhoons, volcanic eruptions, earthquakes, tsunamis, mudslides, fires, droughts and floods related to El Niño and La Niña weather events.

In January 2020, the Taal Volcano entered into a period of intense unrest beginning with phreatic or steam-driven activity in several points inside the Main Crater that progressed into magmatic eruption. The Philippine Institute of Volcanology and Seismology ("**PHIVOLCS**") raised the alert level to Alert Level 4 on 12 January 2020. This means that hazardous explosive eruption is possible with hours to days. Pursuant to such events, PHIVOLCS ordered the total evacuation of the Volcano Island and high-risk areas within a 14-kilometre radius from the Taal Main Crater. Although PHIVOLCS has since lowered the Alert Level covering Taal to Level 1, there can be no assurance that the Taal Volcano will not increase seismic activity or erupt in the future.

In November 2020, two typhoons, Super Typhoon Rolly/Goni and Typhoon Ulysses/Vamco, and in December 2021 and September 2022, Super Typhoon Odette/Rai and Super Typhoon Karding/Noru, respectively, brought strong winds and rain to the Philippines. On 27 July 2022, a magnitude 7.0 earthquake struck Abra province in Northern Luzon, causing multiple casualties, cutting off power and fresh water in some areas and causing damage estimated at about ₱316 million. In October 2022, Tropical Storm Paeng brought strong winds and heavy rains in Mindanao which caused flooding and landslides. In 2023, super typhoons Egay and Goring caused deaths and damages worth billions of Pesos.

Natural catastrophes, such as any renewed eruption of the Taal Volcano, may cause damage to the terminals and materially disrupt and adversely affect the business, operations, and financial condition of the Company. There is no assurance that the insurance coverage the Company maintains for these risks will adequately compensate it for all damages and economic losses resulting from natural catastrophes. Any material uninsured loss could materially and adversely affect the Company's business, financial condition and results of operations.

Territorial disputes with China and a number of Southeast Asian countries may disrupt the Philippine economy and business environment.

The Philippines, China and several Southeast Asian nations have been engaged in a series of long-standing territorial disputes arising from competing and overlapping claims over certain islands and features in the West Philippine Sea. China claims historic rights to nearly all of the West Philippine Sea based on its so-called "nine-dash line" and in recent years dramatically expanded its military presence in the sea which has raised tension in the region among the claimant countries. In 2013, the Philippines became the first claimant country to file a case before the Permanent Court of Arbitration, the internal arbitration tribunal based at the Hague, Netherlands to legally challenge claims of China in the West Philippine Sea and to resolve the dispute under the principles of international law as provided for under the United Nations Convention on the Law of the Sea. In July 2016, the Permanent Court of Arbitration rendered a unanimous decision stating, among others, that the Philippines has exclusive sovereign rights over the West Philippine Sea (in the South China Sea) and that the "nine-dash line" claim of China is invalid. However, China did not participate in these proceedings and does not recognize the ruling. With no formal enforcement mechanism in place, the territorial dispute in the West Philippine Sea remains contentious and unresolved.

The Philippine Government, under the Duterte administration, has taken action to de-escalate tensions concerning the territorial dispute with China. On 9 June 2019, a fishing boat manned by Filipino fishermen was rammed by a Chinese vessel at Recto Bank, an underwater feature being claimed by both the Philippines and China in the portion of the South China Sea portion that Manila calls the West Philippine Sea. The Filipino fishermen were abandoned in open sea and were eventually rescued by a Vietnamese vessel. This incident increased tensions between China and the Philippines. The owners of the Chinese vessel have since apologised to the Filipino fishermen and remuneration is being arranged for the fishermen.

In March 2021, more than 180 Chinese military vessels were spotted on Julian Felipe Reef in the West Philippine Sea. The presence of the vessels defied a diplomatic protest and demand for the vessels to leave the area, issued by Philippine Defense Secretary Delfin Lorenzana.

In February 2023, a Chinese Coast Guard ship purportedly harassed a Philippine Coast Guard vessel in the Ayungin Shoal in the West Philippine Sea. In September 2023, the Philippine Coast Guard reported that the Chinese Coast Guard has installed a floating barrier near the Bajo de Masinloc (Scarborough Shoal) in the West Philippine Sea in an attempt to prevent Filipino fishermen from entering the Scarborough Shoal. In a special operation conducted thereafter, the floating barrier was eventually removed by the Philippine Coast Guard.

In March 2023, more than 40 Chinese vessels, including vessels of the People's Liberation Army (PLA) of China and suspected Chinese maritime militia were spotted anchored off Thitu Island (locally known as Pag-asa) in the Kalayaan Island Group. President Ferdinand Marcos, Jr. summoned China's envoy to Manila to protest the continued occupation in the area.

U.S. President Joe Biden has manifested that the United States would not be easing up its military operations in the West Philippine Sea. In February 2023, the Philippine and United States governments announced the designation of four new sites in connection with the implementation of the Enhanced Defense Cooperation Agreement (EDCA). This expansion is viewed to make the alliance between the Philippines and the United States stronger and more resilient. South Asian nations and claimants involved in the West Philippine Sea dispute also continue to enforce their sovereign rights against China as well as other South Asian nations.

In recent months, there have been numerous run-ins in areas of the West Philippine Sea. In August 2023, China Coast Guard vessels used a water cannon against a Philippine resupply mission, preventing one of the boats from delivering its cargo. On September 24, 2023, the Philippine Coast Guard reported that the Chinese Coast Guard had installed a floating barrier near the Bajo de Masinloc (Scarborough Shoal) in the West Philippine Sea in an attempt to prevent Filipino fishermen from entering the Scarborough Shoal. In a special operation conducted the following day, the Philippine Coast Guard confirmed that it removed and cut the floating barrier. In October 2023, the Philippines has lodged a diplomatic protest with China in response to maneuvers by Chinese vessels that led to collisions with Philippine ships on a resupply mission to the BRP Sierra Madre on Ayungin Shoal (international name: Second Thomas Shoal).

In March 2024, at least two Chinese Coast Guard ships used water cannons against a smaller military-contracted vessel during a resupply mission to Ayungin Shoal in the West Philippine Sea. Four Filipinos on board the vessel sustained minor injuries during this incident. On April 30, 2024, while Philippine government vessels were distributing fuel and food to the fisherfolk in the Scarborough Shoal, China coast guard vessels attacked them using high-pressure water cannons, causing damage to the vessels. This caused the Philippine government to file another diplomatic protest against China. The Philippines has filed total of 153 diplomatic protests against China during President Marcos' tenure, with 20 of these protests occurring exclusively in 2024.

In May 2024, the Department of Justice announced that the Philippines may be filing an environmental damage case against China for its island-building activities that damaged coral reefs in the West Philippine Sea.

There is no guarantee that the territorial dispute between the Philippine and other countries, including China, will end or that any existing tension will not escalate further, as China has taken steps to exercise control over the disputed territory. Should these territorial disputes continue or escalate further, the Philippines and its economy may be disrupted and the Company's operations could be adversely affected as a result. In particular, further disputes between the Philippines and China may lead both countries to impose trade restrictions on the other's imports. Any such impact from these disputes could adversely affect the Philippine economy, and materially and adversely affect the Company's business, financial position and financial performance.

Developments outside of the Philippines, including U.S. policies related to global trade and tariffs could adversely affect our business, financial condition and results of operations

The current international political environment, including existing and potential changes to U.S. policies related to global trade and tariffs, have resulted in uncertainty surrounding the future state of the global economy.

Since 2018, the U.S. began to increase or impose tariffs on many products, particularly from China, including, but not limited to, solar panels, steel and aluminum products, consumer electronics, medical goods, clean tech goods, and industrial chemicals. In response, the European Union, China and other affected jurisdictions have introduced tariffs on U.S. goods. An escalating trade war may have material adverse effects on the power industry and our business may be impacted by these tariffs. Any further expansion in the types or levels of tariffs implemented has the potential to negatively impact our business, financial condition and results of operations. Additionally, there is a risk that the U.S. tariffs on imports are met with tariffs on U.S. produced exports and that a broader trade conflict could ensue, which has the potential to significantly impact global trade and economic conditions. Potential costs and any attendant impact on pricing arising from these tariffs and any further expansion in the types or levels of tariffs implemented could adversely affect our business, financial condition and results of operations. While there are ongoing discussions between the U.S. and China to reduce tariffs in phases, there is no certainty as to the timing and scale of the reduction in tariffs, and overall impact on global markets.

On 21 February 2022, Russian president Vladimir Putin announced that Russia recognizes the independence of two (2) pro-Russian breakaway regions in eastern Ukraine. On 22 February 2022, the Russian Federation Council unanimously authorized the use of military force, and the entry of Russian soldiers into both territories. On 24 February 2022, places across Ukraine, including Kyiv, the national capital, were struck with missiles. The Ukrainian Border Guard reported attacks on posts bordering Russia and Belarus. Shortly afterwards, Russian Ground Forces entered Ukraine prompting Ukrainian President Volodymyr Zelenskyy to enact martial law and general mobilization (the "**Russo-Ukrainian War**"). While the Company does not expect any material impact from the ongoing Russo-Ukrainian War on its current and future businesses, the war may affect oil and commodity prices in the near to medium term.

On 7 October 2023, Hamas launched a surprise attack on Israel in connection with the historical conflict over the Gaza Strip (the "**Israel-Hamas Conflict**"). In response to the Hamas attack, Israel Defense Forces ("**IDF**") launched aerial campaigns and ground operations within the Gaza Strip. In May 2024, the IDF renewed strikes on the southern city of Rafah, where over one million Palestinians were sheltering. As of May 2024, the death toll in the ongoing Israel-Hamas Conflict has reached 37,000 casualties. As of 31 May 2024, Israel and Hamas have not agreed upon a ceasefire.

While the Company does not have any direct dealings with Russia, Ukraine, Israel and Palestine, and does not expect any material impact from the ongoing Russo-Ukranian War and Israel-Hamas Conflict

on its current and future businesses, the conflicts may affect oil and commodity prices in the near to medium term.

Economic disruption in other countries, even in countries in which we do not currently conduct business or have operations, could also adversely affect our businesses and results. Adverse market and economic conditions continue to create a challenging operating environment for financial services companies. In particular, the impact of interest and currency exchange rates, the risk of geopolitical events, fluctuations in commodity prices and concerns about European stagnation as well as diverging monetary policies among the major economies have affected financial markets and the economy.

In addition to the macroeconomic factors discussed above, other events beyond our control, including terrorist attacks, cyber-attacks, military conflicts, economic or political sanctions, disease pandemics, political unrest or natural disasters could have a material adverse effect on economic and market conditions, market volatility and financial activity, with a potential related effect on our businesses and results.

There can be no assurance that the uncertainties affecting global markets will not negatively impact credit markets in Asia, including in the Philippines. These developments may adversely affect trade volumes with potentially negative effects on the Philippines.

RISKS RELATING TO THE BONDS

The First Tranche Bonds are unsecured obligations.

The First Tranche Bonds are unsecured obligations of the Company. The repayment of the First Tranche Bonds may be adversely affected if:

- the Company enters into bankruptcy, liquidation, reorganization or other winding-up proceedings;
- there is a default in payment under the Company's future secured indebtedness or other unsecured indebtedness; or
- there is an acceleration of any of the Company's indebtedness.

If any of these events were to occur, the Company's assets may not be sufficient to pay amounts due on the First Tranche Bonds.

The Company is a holding company with limited assets and will depend on payments from its subsidiaries to provide it with funds to meet its obligations under the First Tranche Bonds.

The Company is a holding company and has limited business operations. Accordingly, the Company will be primarily dependent upon payments from its subsidiaries and affiliates to make payments due on the First Tranche Bonds.

Substantial leverage and debt service obligations could adversely affect the Company's businesses and prevent the Company from fulfilling its obligations under the First Tranche Bonds.

Subject to limitations under the Trust Agreement, the Company will be permitted to incur additional indebtedness in the future. For a summary of the Company's existing indebtedness as of the date of this offering, see "*Description of Material Indebtedness*". The degree to which the Company will be leveraged in the future, on a consolidated basis, could have important consequences for the Bondholders, including, but not limited to:

- making it more difficult for the Company to satisfy its obligations with respect to the First Tranche Bonds;
- increasing vulnerability to, and reducing the Company's flexibility to respond to, general adverse economic and industry conditions;
- requiring the dedication of a substantial portion of cash flow from operations to the payment

of principal of, and interest on, the Company's consolidated indebtedness, thereby reducing the availability of such cash flow to fund working capital, capital expenditures, acquisitions, joint ventures or other general corporate purposes;

- limiting flexibility in planning for, or reacting to, changes in the Company's businesses, the competitive environment and the industry in which the Company operates;

- placing Bondholders at a competitive disadvantage compared to the Company's competitors that are not as highly leveraged; and

- limiting the Company's ability to borrow additional funds and increasing the cost of any such borrowing.

Any of these or other consequences or events could materially and adversely affect the Company's ability to satisfy debt obligations, including the First Tranche Bonds.

The ability of the Company to make scheduled principal or interest payments on the First Tranche Bonds (see "*Description of Material Indebtedness*"), and to fund its ongoing operations, will depend on the Company's future performance and ability to generate cash, which to a certain extent is subject to general economic, financial, competitive, legislative, legal, regulatory and other factors, as well as other factors discussed in this "*Risk Factors*" section, many of which are beyond the Company's control. If the Company's future cash flows from operations and other capital resources are insufficient to pay the Company's debt obligations, the Company's contractual obligations, or to fund the Company's other liquidity needs, the Company may be forced to sell assets or attempt to restructure or refinance the Company's existing indebtedness. No assurance can be given that the Company would be able to accomplish any of these measures on a timely basis or on satisfactory terms or at all.

Payments under the First Tranche Bonds will be structurally subordinated to liabilities and obligations of certain of the Company's subsidiaries, associates and joint ventures, and the First Tranche Bonds are not secured.

The Company is primarily a holding company and its ability to make payments in respect of the First Tranche Bonds depends largely upon the receipt of dividends, distributions, interest payments, management fees or advances from its subsidiaries, associated companies and joint ventures. The ability of such companies to pay dividends and other amounts to the Company may be subject to their profitability and to applicable laws and restrictions on the payment of dividends and other amounts contained in relevant financing and other arrangements. Further, as the Company only has a shareholder's claim on the assets of its subsidiaries, associated companies and joint ventures, payments under the First Tranche Bonds are effectively subordinated to all existing and future liabilities and obligations of each of such entities. Claims of creditors of such companies will have priority as to the assets of such companies over the Company and their respective creditors, including holders of the First Tranche Bonds.

The Bondholders will only be creditors of the Company and not of the Company's other subsidiaries. In addition, the Bondholders will not have the benefit of any security interest over the shares of any of the Company's other subsidiaries or any security interest over the assets of any of the Company's other subsidiaries. As a result, liabilities of any of the Company's other subsidiaries will be effectively senior to the First Tranche Bonds. Any of these other subsidiaries may in the future have other liabilities, including contingent liabilities, which may be significant.

The Company is subject to certain covenants pursuant to the Trust Agreement that may limit the Company's ability to finance the Company's future operations and capital needs and to pursue business opportunities and activities.

The Trust Agreement will, among other things, restrict the ability of the Issuer, the Company and, in some cases, certain of the Company's subsidiaries to:

- sell or dispose of assets;

- create or incur certain liens;

- engage in a business that is not currently authorized to engage in under its articles of

incorporation; and

- consolidate or merge with other entities.

In addition, certain of the Company's other financing agreements provide for restrictions and limitations on the Company's ability to pay dividends or make other distributions on the occurrence of certain events. All of these limitations are subject to significant exceptions and qualifications. See "*Terms and Conditions of the First Tranche Bonds*". These covenants and other restrictions and limitations may limit the Company's ability to finance its future operations and capital needs and its ability to pursue business opportunities and activities that may be in the Company's interest.

Bonds have no preference under Article 2244(14) of the Civil Code.

Under Philippine law, in the event of liquidation of a company, unsecured obligations which are evidenced by a public instrument as provided in Article 2244(14) of the Civil Code of the Philippines will rank ahead of unsecured debt obligations which are not so evidenced, such as the First Tranche Bonds. Under Philippine law, a debt becomes evidenced by a public instrument when it has been acknowledged before a notary or any person authorised to administer oaths in the Philippines. Although the position is not clear under Philippine law, it is possible that a jurat (which is a statement of the circumstances in which an affidavit is made) may be sufficient to constitute a debt evidenced by a public instrument.

The Issuer may raise other capital which affects the price of the First Tranche Bonds.

The Issuer may from time to time and without prior consultation of the holders of the First Tranche Bonds create and issue further First Tranche Bonds. Furthermore, the Issuer may raise additional capital through the issue of other bonds or other means. Under the terms of the First Tranche Bonds, there is no restriction, contractual or otherwise, on the amount of Fixed Rate Bonds which the Issuer may further issue or notes or other liabilities which the Issuer may issue or incur and which rank senior to, or *pari passu* with, the First Tranche Bonds. The issue of any further First Tranche Bonds or such bonds or the incurrence of any such other liabilities may reduce the amount (if any) recoverable by holders of the Fixed Rate Bonds on a final and effective order or resolution for the bankruptcy, winding up, liquidation, receivership, insolvency or similar proceedings in respect of the Issuer, as the case may be (a "**Winding-Up**"), and may also have an adverse impact on the trading price of the First Tranche Bonds and/or the ability of holders to sell them.

The liquidity and price of the First Tranche Bonds following this offering may be volatile.

The price and trading volume of the First Tranche Bonds may be highly volatile. Factors such as variations in the revenues, earnings and cash flows of the Company and proposals of new investments, strategic alliances and/or acquisitions, interest rates and fluctuations in prices for comparable companies, any adverse change in results of operations could cause the price of the First Tranche Bonds to change. Any such developments may result in large and sudden changes in the volume and price at which the First Tranche Bonds will trade. There can be no assurance that these developments will not occur in the future.

Credit Rating and Label Retention Risk

There is no assurance that the First Tranche Bonds will maintain the credit rating throughout the life of the First Tranche Bonds. The credit rating is not a recommendation to buy, sell, or hold securities and may be subject to revision, suspension, or withdrawal at any time by the assigning rating organization.

The First Tranche Bonds may be redeemed at the Issuer's option upon the occurrence of certain events.

The First Tranche Bonds are redeemable at the option of the Issuer, in whole or in part, on or after 27 November 2027 at the redemption prices set out in "*Terms and Conditions of the Bonds – Optional Redemption*," together with all accrued and unpaid interest, on the First Tranche Bonds redeemed, to, but excluding, the applicable date of redemption. Further, the Issuer has the right to redeem the First Tranche Bonds at any time at 100% of the principal amount of the First Tranche Bonds plus any accrued but unpaid interest upon the occurrence of certain changes in Philippine tax law increasing the tax rate or changes in law that will materially and adversely affect the ability of the Issuer

to comply with its obligations under the First Tranche Bonds or the Trust Agreement or the financial position or operations of the Issuer. See "*Terms and Conditions of the Bonds – Redemption for Tax Reasons"* and *"Terms and Conditions of the Bonds –Redemption due to Change in Law."*

The date on which the Issuer elects to redeem the First Tranche Bonds may not accord with the preference of individual Bondholders. This may be disadvantageous to the Bondholders in light of market conditions or the individual circumstances of the holder of the First Tranche Bonds. In addition, an investor may not be able to reinvest the redemption proceeds in comparable Bonds at an effective interest rate at the same level as that of the First Tranche Bonds.

Modifications and waivers may be made in respect of the Conditions and the Trust Agreement by the Trustee or less than all of the holders of the First Tranche Bonds.

The Conditions provide that the Trustee may (but is not obliged to), without the consent of Bondholders, agree to any modification of the First Tranche Bonds and the Trust Agreement (with certain exceptions) which in the opinion of the Trustee will not be materially prejudicial to the interests of Bondholders and to any modification of the First Tranche Bonds and the Trust Agreement (with certain exceptions) which in the opinion of the Trustee is of a formal, minor or technical nature or is to correct a manifest error.

In addition, the Trustee may (but is not obliged to), without the consent of the Bondholders, authorise or waive any proposed breach or breach of the First Tranche Bonds and the Trust Agreement (with certain exceptions) if, in the opinion of the Trustee, the interests of the Bondholders will not be materially prejudiced thereby.

RISKS RELATING TO STATEMENTS IN THIS PROSPECTUS

This Prospectus contains certain statistical and industry information which have not been independently verified by the Company.

Certain statistical or industry information in this Prospectus relating to the Philippines and other jurisdictions, the industries and markets in which the Company operates, and other data used in this Prospectus were obtained or derived from internal surveys, market research, governmental data, publicly available information and/or industry publications. Industry publications generally state that the information they contain has been obtained from sources believed to be reliable. However, there is no assurance that such information is accurate nor complete. Similarly, internal surveys, industry forecasts and market research have not been independently verified by the Company and may not be accurate, complete, up-to-date, balanced or consistent with other information compiled within or outside the Philippines.

There may be possible deviations in the Use of Proceeds.

The intended use of proceeds from the Offer is set out under "*Use of Proceeds*" on page 82 of this Prospectus. It is the Company's current intention to apply the net proceeds from the Offer in the manner as described in that section. However, as new business opportunities arise, or as unforeseen events occur, the Company may opt to reallocate a portion or all of the net proceeds to other business plans or new projects or to other uses or hold such funds in bank accounts or short-term securities, if such action is considered to be in the best interests of the Company. As a consequence, the actual application of the proceeds from the Offer may deviate from the intended use as described in this document. Any such material deviation, however, will be disclosed in accordance with the relevant rules of the SEC and/or PDEx. In addition, the business plans of the Company as described herein are based on assumptions of future events, which by their nature, are subject to uncertainty. As such, while the Company exerts reasonable efforts in planning, there is no assurance that the plans of the Company will materialize as intended.

Certain information contained herein is derived from unofficial publications.

Certain information in this Prospectus relating to the Philippines and jurisdictions, the industries in which the Company's businesses compete and the markets in which the Company develops its projects, including statistics relating to market size, are derived from various government and private publications.

TERMS AND CONDITIONS OF THE FIRST TRANCHE BONDS

The following are the terms and conditions of the First Tranche Bonds. This description of the terms and conditions of the First Tranche Bonds set forth herein does not purport to be complete and is qualified in its entirety by reference to the agreements relating to the First Tranche Bonds, copies of which are available for inspection at the offices of the Trustee. The terms and conditions set out in this section will, subject to amendment, be set out in the Trust Agreement between the Issuer and the Trustee. The detailed terms and conditions of each succeeding Tranche shall be set out in the relevant offer supplement.

A registration statement was filed by the Issuer covering the securities on 17 October 2024 and an application for the listing of the First Tranche Bonds will be filed with the PDEx on or about November 7, 2024. Pursuant to the confirmation and certificate of permit to offer securities for sale to be issued by the SEC, the Company will issue 8.0000% per annum fixed-rate bonds with a tenor of 5.5 years in aggregate principal amount of up to Ten Billion Pesos (₱10,000,000,000.00) fixed-rate bonds due 2030 (the "**Bonds**") under a shelf-registered debt program in the aggregate principal amount of up to Thirty Billion Pesos (₱30,000,000,000.00), to be issued in one or more tranches at such times and on such terms as may be determined by management, for public offer and sale in the Philippines under the Prospectus dated 7 November 2024 (the "**Prospectus**"). For the first tranche of the Bonds to be issued out of the Shelf Registration, the Issuer is offering a principal amount of up to Five Billion Pesos (₱5,000,000,000.00) (the "**Base Offer**"), with an oversubscription option of up to Five Billion Pesos (₱5,000,000,000.00) (the "**Oversubscription Option**", together with the Base Offer, the "**Offer**", and the Bonds subject of the Offer, the "**First Tranche Bonds**") to be issued on 27 November 2024 or the immediately succeeding Business Day if such date is not a Business Day or such other date as may be agreed upon by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners ("**Issue Date**").

The First Tranche Bonds are constituted by a Trust Agreement executed on 7 November 2024 (the "**Trust Agreement**") between the Issuer and RCBC Trust Corporation (the "**Trustee**", which term shall, wherever the context permits, include all other persons or companies for the time being acting as trustee or trustees under the Trust Agreement). The description of the terms and conditions of the First Tranche Bonds set out below ("**Terms and Conditions**") includes summaries of, and is subject to, the detailed provisions of the Trust Agreement and the Registry and Paying Agency Agreement executed on 7 November 2024 (the "**Registry and Paying Agency Agreement**") between the Issuer, and the Registrar and Paying Agent.

The First Tranche Bonds shall be offered and sold through a general public offering in the Philippines, and issued and transferable in minimum principal amounts of ₱50,000.00 and in multiples of ₱10,000.00 thereafter, and traded in denominations of ₱10,000.00 in the secondary market.

The First Tranche Bonds shall mature 5.5 years from the Issue Date, unless earlier redeemed by the Issuer pursuant to the terms thereof and subject to the provisions on redemption and payment below.

PDTC has no interest in or relation to DoubleDragon which may conflict with its roles as Registrar and as Paying Agent for the Offer. The Trustee has no interest in or relation to DoubleDragon which may conflict with its role as Trustee for the Offer. RCBC Capital is a wholly owned subsidiary of Rizal Commercial Banking Corporation, and an affiliate of RCBC Trust Corporation.

Copies of the Trust Agreement and the Registry and Paying Agency Agreement are available for inspection during normal business hours at the specified office of the Trustee. The holders of the Bonds (the "**Bondholders**") are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Agreement and are deemed to have notice of those provisions of the Registry and Paying Agency Agreement applicable to them

Form and Denomination

The First Tranche Bonds are in scripless form, and shall be issued in denominations of ₱50,000.00 each as a minimum and in multiples of ₱10,000.00 thereafter and traded in denominations of ₱10,000.00 in the secondary market.

Title

Legal title to the First Tranche Bonds shall be shown in the Registry Book maintained by the Registrar. A notice confirming the principal amount of the First Tranche Bonds purchased by each applicant in the

Offering shall be issued by the Registrar to all Bondholders following the Issue Date. Upon any assignment, title to the First Tranche Bonds shall pass by recording of the transfer from the transferor to the transferee in the electronic Registry Book maintained by the Registrar. Settlement in respect of such transfer or change of title to the First Tranche Bonds, including the settlement of any cost arising from such transfers, including, but not limited to, documentary stamps taxes, if any, arising from subsequent transfers, shall be for the account of the relevant Bondholder.

Bond Rating

Philippine Rating Services Corporation ("**PhilRatings**") assigned an Issue Credit Rating of PRS Aaa with Stable Outlook to the First Tranche Bonds.

Obligations rated PRS Aaa are of high quality and are subject to very low credit risk. The obligor's capacity to meet its financial commitment on the obligation is extremely strong. PRS Aaa is the highest rating category on PhilRatings' existing credit rating scale. A Stable Outlook means that the rating is likely to be maintained or to remain unchanged in the next twelve months. In issuing the rating and corresponding outlook, PhilRatings considered DoubleDragon's: (i) clearly-defined and well-executed growth strategy; (ii) its experienced management, and its ability to form solid alliances with industry-recognized partners; (iii) its conservative financial position considering the capital-intensive nature of the Company's business; and (iv) expectations of improved operating cash flow, backed by increasing rental income.

PhilRatings' ratings are based on available information and projections at the time that the rating process was on-going. PhilRatings shall continuously monitor developments relating to DoubleDragon and may change the rating at any time, should circumstances warrant a change.

Transfer of Bonds

Registry Book

The Issuer shall cause the Registry to be kept by the Registrar, in electronic form. The names and addresses of the Bondholders and the particulars of the First Tranche Bonds held by them and of all transfers of First Tranche Bonds shall be entered into the Registry Book.

As required by Circular No. 428-04 issued by the Bangko Sentral ng Pilipinas, the Registrar shall send each Bondholder, in the mode elected by such Bondholder in the Application to Purchase or the Registration Form, a written statement of registry holdings at least quarterly (at the cost of the Issuer) and a written advice confirming every receipt or transfer of the First Tranche Bonds that is effected in the Registrar's system. Such statement of registry holdings shall serve as the confirmation of ownership of the relevant Bondholder as of the date thereof. Any requests of Bondholders for certifications, reports or other documents from the Registrar, except as provided herein, shall be for the account of the requesting Bondholder. No transfers of the First Tranche Bonds may be made during the period commencing on a Record Date as defined in the section on "*Interest Payment Date*" or page 61 of this Prospectus.

Transfers; Tax Status

The Registrar shall ultimately and conclusively determine all matters regarding the evidence necessary to effect any such transfers. Settlement in respect of such transfers or change of title to the Bonds, including the settlement of any documentary stamp taxes, if any, arising from subsequent transfers, shall be settled directly between the transferee and/or the transferor Bondholders.

Transfers across tax categories shall not be allowed except on Interest Payment Dates that fall on a Business Day. Restricted transfers include, but are not limited to, transfers on a non-Interest Payment Date (1) between taxable and non-taxable entities, (2) between taxable entities of different tax categories (where tax-withheld entities with different final withholding tax rates (e.g. 20%, 25%) are considered as belonging to different tax categories), or (3) between parties who claim the benefit of a tax treaty; provided, however, that transfers from a tax-exempt category to a taxable tax category on a non-Interest Payment Date shall be allowed using the applicable tax-withheld series name to ensure that the computation is based on the final withholding tax rate of the taxable party to the trade. For such transactions, the tax-exempt entity shall be treated as belonging to the same tax category as its taxable counterpart for the interest period within which such transfer occurred.

A Bondholder claiming tax-exempt status is required to submit a written notification of the sale or purchase

to the Trustee and the Registrar, including the tax status of the transferor or transferee, as appropriate, together with the supporting documents specified under "Payment of Additional Amounts; Taxation" herein set forth, upon submission of the Account Opening Documents to the Registry.

Transfers taking place in the Register of Bondholders after the Bonds are listed on PDEx shall be allowed between tax-exempt and non-tax exempt entities without restriction and observing the tax exemption of tax-exempt entities, if and/or when so allowed and in accordance with the relevant rules, conventions, and guidelines of PDEx and PDTC.

Secondary Trading of the Bonds

The Issuer intends to list the First Tranche Bonds at PDEx for secondary market trading.The Bonds will be traded in a minimum board lot size of ₱10,000 as a minimum, and in multiples of ₱10,000 in excess thereof for so long as any of the Bonds are listed on PDEx. Secondary market trading in PDEx shall follow the applicable PDEx rules, conventions, and guidelines, including, among others, the rules and conventions on trading and settlement between bondholders of different tax status and shall be subject to the relevant fees of PDEx and PDTC. Upon listing of the First Tranche Bonds with PDEx, investors shall course their secondary market trades through PDEx Brokering Participants for execution in the PDEx Trading Platform in accordance with PDEx Trading Rules, Conventions, and Guidelines, and shall settle such trades on a Delivery versus Payment (DvP) basis in accordance with PDEx.

Settlement Rules and Guidelines. The PDEx rules and conventions are available in the PDS website (www.pds.com.ph). An Investor Frequently Asked Questions (FAQ) discussion on the secondary market trading, settlement, documentation and estimated fees are also available in the PDS website.

Ranking

The First Tranche Bonds constitute direct, unconditional, unsecured, and unsubordinated Peso denominated obligations of the Issuer and shall rank *pari passu* and ratably without any preference or priority amongst themselves and at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer, other than (i) obligations preferred by the law and (ii) any obligation incurred by the Issuer as allowed by the Trust Agreement, and (iii) other Indebtedness or obligations disclosed by the Issuer to the Trustee prior to the execution of the Trust Agreement. The First Tranche Bonds shall effectively be subordinated in right of payment to, among others, all of Issuer's secured debts, and all of its debt that is evidenced by a public instrument under Article 2244(14) of the Civil Code.

Interest

Interest Payment Dates

The First Tranche Bonds bear interest on its principal amount from and including Issue Date at the rate of 8.0000% p.a., payable quarterly in arrear on 27 February, 27 May, 27 August, and 27 November of each year commencing on 27 February 2025, until and including the Maturity Date (each, an "**Interest Payment Date**") or the next Business Day if such dates fall on a non-Business Day, without any adjustment in the amount of interest as originally computed. If the Issue Date is set at a date other than 27 November 2024, then the Interest Payment Dates will be automatically adjusted to the numerically corresponding dates at every three (3) months following the actual Issue Date (or if there is no day so numerically corresponding, such date shall pertain to the last day of such calendar month). The last Interest Payment Date shall fall on the Maturity Date.

The cut-off date in determining the existing Bondholders entitled to receive interest or principal amount due shall be the day two (2) Business Days prior to the relevant Interest Payment Date (the "**Record Date**"), which shall be the reckoning day in determining the Bondholders entitled to receive interest, principal or any other amount due under the First Tranche Bonds. No transfers of the First Tranche Bonds may be made during this period intervening between and commencing on the Record Date and the relevant Interest Payment Date.

The following was used as basis for determining the Interest Rate: Using the PDST-R2 closing rate as a benchmark rate is a standard and customary method of pricing bond instruments. Applying the 3-day simple average is a means to address market volatility, which can abnormally affect the pricing of the final interest rate. The margins are included to account for the credit risk profile of the Issuer and the general

market environment at the time of bookbuilding. The final interest rate is determined based on a combination of the following factors: (1) General movements of the financial markets; (2) Results of the bookbuilding exercise; and (3) Issuer's commercial considerations.

Interest Accrual

Each Bond shall cease to bear interest from and including the Maturity Date, as defined in the discussion on "*Final Redemption*" on page 62 of this Prospectus, unless, upon due presentation, payment of the principal in respect of the Bond then outstanding is not made, is improperly withheld or refused, in which case the Penalty Interest (see "*Penalty Interest*" on page 68 of this Prospectus) shall apply.

Determination of Interest Amount

The interest shall be calculated on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed on the basis of a month of 30 days.

Redemption and Purchase

Final Redemption

Unless previously purchased and cancelled, the First Tranche Bonds shall be redeemed at par or 100% of face value on the relevant Maturity Date. However, if the Maturity Date is not a Business Day, payment of all amounts due on such date may be made by the Issuer through the Paying Agent, without adjustment in computation as to the amount of interest payable and principal amount, on the succeeding Business Day.

Optional Redemption

The Issuer shall have the option, but not the obligation, to redeem in whole (and not in part), the outstanding First Tranche Bonds on the dates specified below. The amount payable to the Bondholders upon the exercise of the Early Redemption Option by the Issuer shall be calculated, based on the principal amount of First Tranche Bonds being redeemed, as the sum of: (i) accrued interest computed from the last Interest Payment Date up to the relevant early redemption option date as indicated below (each an "**Early Redemption Option Date**"); and (ii) the product of the principal amount of the First Tranche Bonds being redeemed and the Early Redemption Price in accordance with the schedule below:

Early Redemption Option Date	Early Redemption Price
On the 12th Interest Payment Date	102.00%
On the 16th Interest Payment Date	101.50%
On the 20th Interest Payment Date	101.00%

The Issuer shall give not less than thirty (30) nor more than sixty (60) days prior written notice to the Bondholders through the Trustee of its intention to redeem the First Tranche Bonds, which notice shall be irrevocable and binding upon the Issuer to effect such early redemption of the First Tranche Bonds on the Early Redemption Option Date stated in such notice. For the avoidance of doubt, notice to the Trustee shall be considered notice to the Bondholders.

Redemption for Tax Reasons

If payments under the First Tranche Bonds become subject to additional or increased taxes other than the taxes and rates of such taxes prevailing on the Issue Date as a result of certain changes in law, rule or regulation, or in the interpretation thereof, and such additional or increased rate of such tax cannot be avoided by use of reasonable measures available to the Issuer, the Issuer may redeem the First Tranche Bonds in whole, but not in part, on any Interest Payment Date (having given not more than 60 nor less than 30 days' notice) at par plus accrued interest, subject to the requirements of Applicable Law. For avoidance of doubt, the Issuer shall not be liable for the payment of the additional or increased taxes, which shall be for the account of the Bondholders.

Redemption due to Change in Law

The Company may also redeem the First Tranche Bonds, in whole (not in part), at any time having given not less than 30 nor more than 60 days' written notice prior to the intended date of redemption, such notice

to be deemed irrevocable upon issuance thereof, if any Change in Law (as defined below) will materially and adversely affect the ability of the Issuer to comply with its obligations under the First Tranche Bonds or the Trust Agreement or the financial position or operations of the Issuer.

A change in law or circumstances ("**Change in Law**") as it refers to the obligation of the Issuer and to the rights and interests of the Bondholders and the First Tranche Bonds shall occur if:

(a) Any government and/or non-government consent, license, authorization, registration or approval now or hereafter necessary to enable the Issuer to comply with its obligations under the Trust Agreement or the First Tranche Bonds shall be modified, withdrawn or withheld in a manner which shall materially and adversely affect the ability of the Issuer to comply with such obligations.

(b) Any provision of the Trust Agreement or any of the related documents is or shall become, for any reason, invalid, illegal or unenforceable to the extent that it shall become for any reason unlawful for the Issuer to give effect to its rights or obligations thereunder, or to enforce any provisions of the Trust Agreement or any of the related documents in whole or in part; or any law shall be introduced to prevent or restrain the performance by the parties of their obligations under the Trust Agreement or any other related documents.

Purchase and Cancellation

The Issuer may purchase the First Tranche Bonds at any time in the open market or by tender or by contract at the best available price under prevailing market conditions, in accordance with PDEX Rules and/or the SRC, as may be amended from time to time, without any obligation to make pro rata purchases from all Bondholders. First Tranche Bonds so purchased shall be redeemed and cancelled and may not be re-issued.

Upon listing of the First Tranche Bonds in the PDEx, the Issuer shall disclose any such transaction in accordance with the applicable disclosure rules of the PDEx.

Payments

The principal of, interest on, and all other amounts payable on the First Tranche Bonds shall be paid to the Bondholders by crediting of the settlement accounts designated by each of the Bondholders. The principal of, and interest on, the First Tranche Bonds shall be payable in Philippine Pesos, net of final taxes and fees (if any). DD shall ensure that so long as any of the First Tranche Bonds remains outstanding, there shall at all times be a Paying Agent for the purposes of the First Tranche Bonds. DD may terminate the appointment of the Paying Agent, as provided in the Registry and Paying Agency Agreement. In the event the appointed office of any institution shall be unable or unwilling to continue to act as the Paying Agent, DD shall appoint the Makati City office of such other leading institution in the Philippines authorized to act in its place.

Payment of Additional Amounts - Taxation

Interest income on the First Tranche Bonds is subject to a final withholding tax at rates of between twenty percent (20.0%) and twenty-five percent (25.0%) depending on the tax status of the relevant Bondholder under relevant law, regulation or tax treaty. Except for such final withholding tax and as otherwise provided, all payments of principal and interest are to be made free and clear of any deductions or withholding for or on account of any present or future taxes or duties imposed by or on behalf of Republic of the Philippines, including, but not limited to, issue, registration or any similar tax or other taxes and duties, including interest and penalties, if any. If such taxes or duties are imposed, the same shall be for the account of the Issuer; provided however that, the Issuer shall not be liable for the following:

(a) The applicable final withholding tax applicable on interest earned on the First Tranche Bonds prescribed under the Tax Code, as amended and its implementing rules and regulations as maybe in effect from time to time. An investor who is exempt from the aforesaid withholding tax, or is subject to a preferential withholding tax rate shall be required to submit the following requirements to the Registrar, subject to acceptance by the Issuer as being sufficient in form and substance: (i) certified true copy of the current, valid, and subsisting tax exemption certificate, ruling or opinion issued by the BIR confirming the exemption or preferential rate; (ii) a duly notarized undertaking, in the prescribed form, declaring and warranting its tax exempt status or preferential rate entitlement, undertaking to immediately notify the Issuer of any suspension or revocation of the tax exemption certificates or preferential rate entitlement, and agreeing to indemnify and hold the Issuer and the

Registrar free and harmless against any tax assessments, claims, actions, suits, and liabilities resulting from the non-withholding of the required tax; (iii) for those who are claiming benefits under tax treaties, duly submitted BIR Form 0901-I (Interest Income) or application form for treaty purposes and apostilled/consularized tax residency certificate ("TRC") duly issued by the foreign tax authority as required under BIR Revenue Memorandum Order ("RMO") No. 14-2021; and (iv) such other documentary requirements as may be required by the Issuer and the Registrar and Paying Agent under the applicable regulations of the relevant taxing or other authorities which for purposes of claiming tax treaty withholding rate benefits, shall include evidence of the applicability of a tax treaty, such as proof of filing of a tax treaty relief application with the BIR International Tax Affairs Division ("ITAD") prior to the first taxable event, and consularized proof of the Bondholder's legal domicile in the relevant treaty state, and confirmation acceptable to the Issuer that the Bondholder is not doing business in the Philippines; provided that the Issuer shall have the exclusive discretion to decide whether the documents submitted are sufficient for purposes of applying the exemption or the reduced rate being claimed by the Bondholder on the interest payments to such Bondholder; provided further that, all sums payable by the Issuer to tax exempt entities shall be paid in full without deductions for taxes, duties assessments or government charges subject to the submission by the Bondholder claiming the benefit of any exemption of the required documents and of additional reasonable evidence of such exemption to the Registrar and Paying Agent;

(b) Gross Receipts Tax under Section 121 of the Tax Code;

(c) Taxes on the overall income of any securities dealer or Bondholder, whether or not subject to withholding; and

(d) Value Added Tax ("VAT") under Sections 106 to 108 of the Tax Code, and as amended by RA No. 9337. Documentary stamp tax for the primary issue of the First Tranche Bonds and the execution of the Bond Agreements, if any, shall be for the Issuer's account.

Financial Ratios

The Issuer shall maintain at all times a maximum Debt-to-Equity Ratio of not more than 70:30 and Debt Service Coverage Ratio of not less than 1:1.25. Compliance with these financial ratios shall be tested on annual basis, pursuant to the procedure set forth in the Trust Agreement. Other than these financial ratios, the Issuer is not required to maintain any financial ratio.

The term "Debt Service Coverage Ratio" means the (a) Company's EBITDA utilizing the audited consolidated financial statements as Financial Statements as of the last day of the immediately preceding fiscal year, divided by (b) the aggregate amount of all Debt, interest, and other financial charges in respect of borrowed money payable by the Company for the year when the determination is made; provided, that for purposes of computing the Debt Service Coverage Ratio, the Company's aggregate amount of Debt means, without duplication, all short-term and long-term interest-bearing obligations of the Company, direct or contingent, for borrowed money, including, for avoidance of doubt, the Company's obligations arising from the issuance of any class or series of capital stock that by its terms or otherwise is (a) required to be redeemed, or (b) redeemable at the option of the holder of such class or series of capital stock; provided further that, calculation of Debt Service Coverage Ratio on the last year of determination shall exclude the final debt principal repayment of the loan and the loan under other loan facilities if the Issuer is able to present satisfaction on the date of such determination and at least three months prior to maturity of the said loans, (i) signed underwritten commitment from any reputable bank or financial institutions for the refinancing of the loans by their stated maturity date, or (ii) proof of availability of sufficient cash (whether consisting of unrestricted retained earnings specifically reserved for servicing of the loans, money on hand, bank deposits and account balances, customer checks and marketable securities and undrawn portion of a credit line) to settle the loan; and provided further, that "EBITDA" shall mean, in relation to any relevant period, earnings before interest, taxes, depreciation and amortization. It is the net income of the Company for that relevant period after adding back (a) depreciation and amortization, (b) interest and other financial expenses, (c) income tax, and (d) taxes other than income tax and value-added tax, each item determined in accordance with PFRS.

The term "Debt-to-Equity Ratio" means, as of the date of determination, (a) the Company's total Debt, divided by (b) total Equity, each as reflected in the Financial Statements as of the last day of the immediately preceding fiscal year; provided, that for purposes of computing the Debt-to-Equity Ratio, the Company's total Debt means, without duplication all short-term and long-term interest-bearing obligations of the Company, direct or contingent, for borrowed money including, for avoidance of doubt, the Company's obligations arising from the issuance of any class or series of capital stock that by its terms or

otherwise is (a) required to be redeemed, or (b) redeemable at the option of the holder of such class or series of capital stock. The outstanding preferred shares of the Issuer are classified as Equity, in accordance with its classification set by the Issuer's independent auditors.

Negative Pledge

The Issuer hereby covenants and agrees that the Issuer shall not, from the date hereof and for as long as the Bonds or any portion thereof remain outstanding, except with the prior written consent of the Majority Bondholders, and except to the extent necessary to give effect to (i) the merger between Hotel101 Global Pte. Ltd. and JVSPAC Acquisition Corporation, and (ii) when made as aany contribution to a REIT for value under the REIT Law:

(a) directly or indirectly, incur or suffer to exist, or permit any Subsidiary to directly or indirectly incur or suffer to exist, any Lien (other than Permitted Liens) upon any assets and revenues, present and future, of the Issuer or any of its Subsidiaries, as the case may be, or

(b) enter into, or permit any Subsidiary to enter into, any loan facility agreement secured by or to be secured by a Lien upon any assets and revenues, present and future, whether registered or unregistered, of the Issuer or any Subsidiary, as the case may be, unless the Issuer or a Subsidiary has made or will make effective provisions, satisfactory to the Bondholders in its absolute discretion, whereby the Lien thereby created will secure, on an equal first ranking and ratable basis, any and all the obligations of the Issuer hereunder and such other Debt which such Lien purports to secure; provided, that the foregoing restriction shall not apply to the following (the **"Permitted Liens"**):

   (i) Liens created pursuant to any Indebtedness disclosed to the Trustee in writing prior to the date of the Trust Agreement;

   (ii) Liens for taxes, assessments or governmental charges or levies not yet delinquent or which are being contested in good faith and in appropriate proceedings;

   (iii) other Liens incidental to the ordinary conduct of the business of the Issuer or the Subsidiary, as the case may be, the ownership of the properties and assets of the Issuer or the Subsidiary, as the case may be; provided, that: (1) such Liens are not incurred or granted in connection with incurring or maintaining Debt of any Person; (2) such Liens do not, individually or in the aggregate, materially detract from the value of such properties or assets or materially impair the use thereof in the operation of the business of the Issuer or the Subsidiary, as the case may be, or materially interfere with the sale or other disposition of such properties or assets; and (3) such Liens shall in no event secure obligations or liabilities incurred by the Issuer or the Subsidiary, as the case may be, in the ordinary course of any real property development business;

   (iv) Liens arising by operation of Law (other than any preference or priority under Article 2244, paragraph 14(a) of the Civil Code of the Philippines) on any property or asset of the Issuer, including, without limitation, amounts owing to a landlord, carrier, warehouseman, mechanic or material man; and

   (v) Liens created with the prior written consent of the Majority Bondholders.

(c) engage in any business, or amend its articles of incorporation to authorize it to engage in any business, which is not presently authorized under its articles of incorporation;

(d) except if the Issuer is the surviving entity and provided that such event will have no Material and Adverse Effect on the financial position of the Issuer, effect any merger or consolidation or material change in its management;

(e) sell, transfer, convey, lend or otherwise dispose of all or substantially all of its assets or cause its subsidiaries to sell, transfer, convey, lend or otherwise dispose of all or substantially all of its assets;

(f) assign, transfer or otherwise convey any right to receive any of its income or revenues unless in its ordinary course of business, or when made as a contribution to a REIT for value under the REIT Law, it being understood that for the purposes of this subsection, a sale, transfer, conveyance, or disposition by the Issuer shall be deemed to cover substantially all of its assets if it would be rendered incapable of continuing its business or accomplishing the purpose for which it was incorporated;

provided that for the purposes of this Subsection, the Bondholders shall be deemed to have given their consent (and therefore shall require no further prior written consent or execution of any act or deed to evidence such consent) to a transfer, conveyance or disposition by the Issuer of all or substantially all of its assets to a REIT under the REIT Law for as long as such transfer, conveyance or disposition is made for value based on an appraisal made by a third party appraiser and the Issuer receives, in exchange for such transfer, conveyance, or disposition, a corresponding interest in the REIT, or unless otherwise required by applicable law;

(g) except to the extent required under applicable law, declare or pay any dividends (other than stock dividends): (i) during the subsistence of an Event of Default, or (ii) if such declaration or payment would result in an Event of Default;

(h) acquire treasury shares or decrease or reduce its authorized capital stock: (i) during the subsistence of an Event of Default, or (ii) or if such acquisition, decrease or reduction would result in an Event of Default;

(i) voluntarily suspend all or substantially all of its business operations or cause the suspension of all or substantially all of the business operations of its subsidiaries; and

(j) enter into any management contracts, profit-sharing or any similar contracts or arrangements whereby its business or operations are managed by, or its income or profits are, or might be shared with, another person, firm or company, which management contracts, profit-sharing or any similar contracts or arrangements can have a Material Adverse Effect on the Issuer's ability to perform its material obligations under the Bonds.

Events of Default

Each of the following events constitutes an Event of Default.

(a) ***Payment Default***. The Company fails to pay any of the principal, interest and fees or any other sum payable by the Company under the First Tranche Bonds, as and when due and payable at the place and in the currency in which it is expressed to be payable, except that the late payment of principal, interest and fees, or any other sum payable by the Company under the First Tranche Bonds arising solely due to a technical reason not attributable to the fault or negligence of the Company affecting the transfer of funds despite timely instruction having given by the Company shall not result in an Event of Default, provided that such non-payment or late payment due to technical reason shall be remedied within three (3) Business Days;

(b) ***Representation Default***. Any representation or warranty made or repeated by the Company in the Trust Agreement is incorrect or misleading in any material respect when made or deemed to have been made or repeated, and the same is not cured within a period of thirty (30) days (or such longer period as the Majority Bondholders shall approve) after written notice of such failure given by the Trustee is received by Issuer.

(c) ***Financial Covenant Default.*** The Company fails to maintain Debt-to-Equity Ratio and the Debt Service Coverage Ratio; provided that with respect to the Debt Service Coverage Ratio, such breach is not remedied by the Company, through the infusion of additional equity or extension of shareholder advances, in amounts sufficient to maintain the Debt Service Coverage Ratio at 1:1.25, within two (2) months from the date of the breach. For avoidance of doubt, any breach of the Debt-to-Equity Ratio is not remediable.

(d) ***Other Provisions Default***. The Company fails to perform or comply with any term, obligation or covenant contained in the Trust Agreement, or in any other document issued pursuant thereto or otherwise in connection therewith, and such failure is not remediable or, if remediable (in the reasonable opinion of the Trustee), shall continue unremedied during the applicable grace period or, in the absence of such grace period, within a period of thirty (30) days after written notice of such failure given by the Trustee is received by the Company, provided, however, that no additional grace period shall apply to the Events of Default specified in (a), (f), and (g).

(e) ***Cross-Default.*** The Company violates any material term or condition of any contract executed by the Company with any bank, financial institution, or other person, corporation or entity for the payment of borrowed money which constitutes an event of default under said contract, or in general, violation of any, law or regulation which violation, if remediable, is not remedied by the Company within thirty

(30) Business Days from receipt of notice by the Trustee provided that, no event of default shall occur under this paragraph unless the aggregate amount of Indebtedness in respect of which one or more of the events above mentioned has/have occurred equals or exceeds ₱500,000,000.

(f) ***Insolvency Default***. The Company becomes insolvent or is unable to pay its Indebtedness when due or commits or suffers any act of bankruptcy, which term shall include: (i) the filing of a petition, by or against the Company, in any bankruptcy, insolvency, administration, suspension of payment, rehabilitation, reorganization (other than a labor or management reorganization), winding-up, dissolution, moratorium or liquidation proceeding of the Company, or any other proceeding analogous in purpose and effect, unless for petition filed against the Company, it is contested in good faith by the Company in appropriate proceedings or otherwise dismissed by the relevant court within 60 days from the filing of such petition (or such longer period as the Majority Bondholders shall approve); (ii) the making of a general assignment by the Company for the benefit of the creditors; (iii) the admission in writing by the Company, through its President, Chief Executive Officer, Chief Operating Officer, Chief Finance Officer, of its general inability to pay its Indebtedness; (iv) the entry of any order of judgment of any competent court, tribunal or administrative agency or body confirming liquidation of the Company, unless withdrawn or revoked by the appropriate court, tribunal or lawful appointment of a receiver or trustee to take possession of a substantial portion of the properties of the Company, unless contested in good faith by the Company to authorize any of the foregoing, unless withdrawn or rescinded within sixty (60) calendar days from the taking of such action.

(g) ***Closure Default.*** The Company voluntarily suspends or ceases operations of a substantial portion of its business for a continuous period of thirty (30) calendar days except when due to fortuitous events or force majeure.

(h) ***Expropriation Default***. Any act or deed or judicial or administrative proceedings in the nature of an expropriation, confiscation, nationalization, acquisition, seizure, sequestration or condemnation of or with respect to all or at least seventy percent (70%) of the value of the Company's total consolidated assets as shown in the latest Financial Statements shall be undertaken or instituted by any Governmental Authority, and such act, deed or proceeding shall continue undismissed or unstayed for a period of more than sixty (60) calendar days.

(i) ***Judgment Default***. A final and executory judgment, decree or order for the payment of money, damages, fine or penalty or its equivalent shall be rendered against the Issuer which, together with all other judgments against the Company then outstanding and unsatisfied, exceeds ₱500,000,000.00, and which may in the reasonable opinion of the Trustee Material Adverse Effect on the ability of the Borrower to comply with its obligations under the Bond Agreements, and the Issuer has failed to demonstrate to the reasonable satisfaction of the Trustee within thirty (30) days of the judgment, decree or order being entered that the judgment, decree or order will be satisfied, discharged or stayed within thirty (30) days of the judgment, decree or order being entered, or (ii) is not paid, discharged, stayed or fully bonded within thirty (30) days after the date when payment of such judgment, decree or order is due.

(j) ***Writ and Similar Process Default***. An attachment or garnishment of or levy upon any of the properties of the Company which might have a Material Adverse Effect is made and is not discharged or stayed within thirty (30) days of having been so imposed.

(k) ***Closure Default.*** Any Governmental Approval now or hereafter necessary to enable the Issuer to comply with its obligations under the Trust Agreement or required for the conduct of its business and operations shall be modified, withdrawn, withheld, revoked, cancelled or otherwise terminated in a manner which, in the reasonable opinion of the Trustee, would have a Material Adverse Effect on the Company and the same remains for a continuous period of thirty (30) calendar days except when due to fortuitous events or force majeure.

Consequences of Default

Declaration

(a) If any one or more of the Events of Default shall occur and be continuing and not otherwise remedied as herein provided, either the Trustee, upon the written direction of the Majority Bondholders, by notice in writing delivered to the Issuer, or the Majority Bondholders, by notice in writing delivered to the Issuer and the Trustee, may declare the principal of the First Tranche Bonds then outstanding, including all interest accrued and unpaid thereon and all amounts due thereunder, to be due and

payable immediately, anything contained in the Trust Agreement or in the First Tranche Bonds to the contrary notwithstanding ("Declaration of Default").

(b) The provision in (a) above, however, is subject to the condition that the Majority Bondholders, by written notice to the Issuer and to the Trustee, may rescind and annul such Declaration of Default made by the Trustee pursuant to a consequence of default and its consequences, upon such terms, conditions and agreements, if any, as they may determine including, in connection with a Cross Default, the fact that the non-payment of the obligation is contested in good faith by the Issuer; provided, that, no such rescission and annulment shall extend to or shall affect any subsequent default or shall impair any right consequent thereto. Any such waiver shall be conclusive and binding upon all the Bondholders and upon all future holders and owners of such First Tranche Bonds, or of any Bond issued in lieu thereof or in exchange therefor, irrespective of whether or not notation of such waiver is made upon the First Tranche Bonds.

(c) At any time after an Event of Default shall have occurred, the Trustee may:

(i) by notice in writing to the Issuer, the Paying Agent and the Registrar, require the Paying Agent and Registrar to deliver all evidence of the First Tranche Bonds and all sums, documents and records held by them in respect of the First Tranche Bonds to the Trustee or as the Trustee shall direct in such notice; provided, that, such notice shall be deemed not to apply to any document or record which the Paying Agent or Registrar is not obliged to release by any law or regulation; and

(ii) by notice in writing to the Issuer, require the Issuer to make all subsequent payments in respect of the First Tranche Bonds to the order of the Trustee and with effect from the issue of any such notice until such notice is withdrawn.

Notice of Default

The Trustee shall, within five (5) days after the receipt of notice of or actual knowledge of the occurrence of an Event of Default give to the Bondholders written notice of any such Event of Default known to it unless the same shall have been cured before the giving of such notice; provided, that, in the case of a Payment Default under paragraph (a) of Events of Default, the Trustee shall immediately notify the Bondholders upon the occurrence of such Payment Default. The existence of a written notice required to be given to the Bondholders under this Section shall be published in two (2) newspapers of general circulation in Metro Manila, Philippines for two (2) consecutive days, indicating in the published notice that the Bondholders or their duly authorized representatives may obtain an important notice regarding the First Tranche Bonds at the principal office of the Trustee as indicated in the Trust Agreement upon presentation of sufficient and acceptable identification to the Trustee.

Penalty Interest

In case any amount payable by the Issuer under the First Tranche Bonds, whether for principal, interest, fees due to the Trustee, Registrar or Paying Agent or otherwise, is not paid on due date, the Issuer shall, without prejudice to its obligations to pay the said principal, interest and other amounts, pay penalty fee on the defaulted amount(s) at the rate of two percent (2.0%) per annum (the "Penalty Interest") from the time the amount fell due until it is fully paid.

Payments in the Event of Default

The Issuer covenants that upon the declaration of any Event of Default, the Issuer will pay to the Bondholders, through the Paying Agent, the whole amount which shall then have become due and payable on all such outstanding First Tranche Bonds with interest at the rate borne by the First Tranche Bonds on the overdue principal and with Penalty Interest, where applicable, and in addition thereto the Issuer will pay to the Trustee such further amounts as shall be determined by the Trustee to be sufficient to cover the cost and expenses of collection, including reasonable compensation to the Trustee, its agents, attorneys and counsel, and any reasonable expenses or liabilities incurred without negligence or bad faith by the Trustee hereunder.

Upon the declaration of an Event of Default and in accordance with the requirements of the Trust Agreement, the Bondholders shall have the right, but not the obligation, to require the Issuer to redeem the First Tranche Bonds in full, by payment of the amounts stated above, plus the principal amount, by delivery of the relevant evidence of the First Tranche Bonds to the Trustee.

Application of Payments

Any money collected by the Trustee in case of any declaration of an Event of Default and any other funds held by it, subject to any other provision of the Trust Agreement relating to the disposition of such money and funds, shall be applied by the Trustee in the order of preference as follows:

First: To the payment of the costs, expenses, fees and other charges of collection, including reasonable compensation to the Trustee, Paying Agent, Registrar, and each such person's agents, attorneys and counsel, and all reasonable expenses and liabilities incurred or disbursement made by the Trustee, Paying Agent and Registrar without gross negligence or bad faith.

Second: To the payment of Penalty Interest.

Third: To the payment of the interest, in the order of the maturity of such interest.

Fourth: To the payment of the principal amount of the outstanding First Tranche Bonds due and payable.

Fifth: The remainder, if any, shall be paid to the Issuer, its successors or assigns, or to whosoever may be lawfully entitled to receive the same, or as a court of competent jurisdiction may direct. Except for any interest and principal payments, all disbursements of the Paying Agent in relation to the First Tranche Bonds shall require the conformity of the Trustee.

Unclaimed Payments

Any money remitted to the Paying Agent for the payment of principal and interest and other sums payable under t the Trust Agreement on the Bonds, including Penalty Interest, if any, but not actually applied to such payment because the same have not been claimed by the Bondholders shall be held in trust by the Paying Agent for the Bondholders and shall be dealt with in accordance with the terms of the Registry and Paying Agency Agreement.

Claims in respect of principal and interest or other sums payable under the Trust Agreement on the Bonds will prescribe unless made within ten (10) years (in the case of principal or other sums) or five (5) years (in the case of interest) from the date on which the payment becomes due.

Remedies

All remedies conferred by the Trust Agreement to the Trustee and the Bondholders shall be cumulative and not exclusive and shall not be so construed as to deprive the Trustee or the Bondholders of any legal remedy by judicial or extrajudicial proceedings appropriate to enforce the conditions and covenants of in the Trust Agreement.

No delay or omission by the Trustee or by any Bondholder to exercise any right or power arising from or on account of any default hereunder shall impair any such right or power, or shall be construed to be a waiver of any such default or an acquiescence thereto, and every power and remedy given in the Trust Agreement to the Trustee or to the Bondholder may be exercised from time to time and as often as may be necessary or expedient.

Ability to File Suit

No Bondholder shall have any right by virtue or by availing of any provision of the Trust Agreement to institute any suit, action or proceeding for the collection of any sum due from the Issuer hereunder on account of principal or interest, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless (1) such holder previously shall have given to the Trustee written notice of default and of the continuance thereof and the related request for the Trustee to convene a meeting of the Bondholders to take up matters related to their rights and interests under the First Tranche Bonds, and (2) the Majority Bondholders shall have decided and made a written request upon the Trustee to institute such suit, action or proceeding in its own name, and (3) the Trustee for sixty (60) days after receipt of such notice and request shall have neglected or refused to institute any such suit, action or proceeding, and (4) no directions inconsistent with such written request or waiver of default by the Bondholders pursuant to the succeeding section shall have been made, it being understood and intended, and being expressly covenanted by every Bondholder with every other Bondholder and the Trustee, that no one or more Bondholder shall have any right in any manner whatsoever by virtue of or by availing of any provision of the Trust Agreement

to affect, disturb or prejudice the rights of the holders of any other such First Tranche Bonds or to obtain or seek to obtain priority over or preference to any other such holder or to enforce any right under the Trust Agreement, except in the manner herein provided and for the equal, ratable and common benefit of all Bondholders. For the protection and enforcement of the provisions of this Section, each and every Bondholder and the Trustee shall be entitled to such relief as can be given under the law.

Waiver of Default by Bondholders

The Majority Bondholders may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred upon the Trustee, or the Majority Bondholders may decide for and in behalf of the Bondholders to waive any past default except the Payment Default, Representation Default, Insolvency Default, Closure Default, Judgment Default, and Writ and Similar Process Default, and its consequences. In case of any such waiver, the Issuer, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder, but no such waiver shall extend to any subsequent or other default or impair any right consequent thereto. Any such waiver by the Majority Bondholders shall be conclusive and binding upon all Bondholders and upon all future holders and owners thereof, irrespective of whether or not any notation of such waiver is made upon the certificate representing the First Tranche Bonds.

Meetings of Bondholders

Meetings

A meeting of Bondholders may be called at any time and from time to time pursuant to the provisions of this Section for the purpose of taking any action authorized to be taken by or on behalf of the holders of any specified aggregate principal amount of First Tranche Bonds under any other provisions of the Trust Agreement or under applicable law and such other matters related to the rights and interests of the Bondholders under the First Tranche Bonds.

Notice of Meetings

The Trustee may at any time call a meeting of the Bondholders, or the holders of at least twenty-five percent (25%) of the aggregate outstanding principal amount of First Tranche Bonds may direct the Trustee to call a meeting of the Bondholders, to take any action specified in herein, to be held at such time and at such place as the Trustee shall determine. Notice of every meeting of Bondholders, setting forth the time and the place of such meeting and the purpose of such meeting in reasonable detail, shall be sent by the Trustee to the Issuer and to each of the registered Bondholders and published in two (2) newspapers of general circulation in Metro Manila, Philippines not earlier than forty-five (45) days nor later than fifteen (15) days prior to the date fixed for the meeting. All reasonable costs and expenses incurred by the Trustee for the proper dissemination of the notices for the requested meeting shall be reimbursed by the Issuer within ten (10) days from receipt of the duly supported statement of account.

Failure of Trustee to Call a Meeting

In case at any time the Issuer, pursuant to a resolution of its board of directors, or the holders of at least twenty-five percent (25%) of the aggregate outstanding principal amount of the First Tranche Bonds shall have requested the Trustee to call a meeting of the Bondholders by written request setting forth in reasonable detail the purpose of the meeting, and the Trustee shall not have mailed and published, the notice of such meeting within twenty (20) days after receipt of such request, then the Issuer or the holders of Bonds in the amount above specified may determine the time and place for such meeting and may call such meeting by mailing and publishing notice thereof, and the costs thereof shall be chargeable to the Trustee.

Quorum

The presence of the Majority Bondholders personally or by proxy shall be necessary to constitute a quorum to do business at any meeting of the Bondholders.

Procedure for Meetings

The Trustee shall preside at all the meetings of the Bondholders unless the meeting shall have been called by the Issuer or by the Bondholders, in which case the Issuer or the Bondholders calling the meeting, as

the case may be, shall move for the election of the chairman and secretary of the meeting from among the Bondholders then present or represented during the meeting.

Any meeting of the Bondholders duly called pursuant to the provisions of this Section may be adjourned from time to time for a period or periods not to exceed in the aggregate one (1) year from the date for which the meeting shall originally have been called, and the meeting so adjourned may be held on another date without further notice. Any such adjournment may be ordered by persons representing a majority of the aggregate principal amount of the First Tranche Bonds represented at the meeting and entitled to vote, whether or not a quorum shall be present at the meeting.

Voting Rights

To be entitled to vote at any meeting of the Bondholders, a person shall be a registered holder of the First Tranche Bonds or a person appointed by an instrument in writing as proxy by any such holder as of the date of such meeting. The only persons who shall be entitled to be present or to speak at any meeting of the Bondholders shall be the persons entitled to vote at such meeting and any representative of the Issuer and its legal counsel.

Voting Requirement

All matters presented for resolution by the Bondholders in a meeting duly called for the purpose shall be decided or approved by the affirmative vote of the majority of the Bondholders present or represented in a meeting at which there is a quorum, except as otherwise provided in the Trust Agreement.

Any resolution of the Bondholders which has been duly approved with the required number of votes of the Bondholders as herein provided shall be binding upon all the Bondholders and the Trustee as if the votes were unanimous.

Role of the Trustee in Meetings of Bondholders

Notwithstanding any other provisions of the Trust Agreement, the Trustee may make such reasonable regulations as it may deem advisable for any meeting of the Bondholders, in regard to proof of ownership of First Tranche Bonds, the appointment of proxies by registered holders of First Tranche Bonds, the election of the chairman and the secretary, the appointment and duties of inspectors of votes, the submission and examination of proxies, certificates and other evidences of the right to vote, and such other matters concerning the conduct of the meeting as it shall deem fit.

Evidence Supporting Bondholders' Action

Wherever in the Trust Agreement it is provided that the holders of a specified percentage of the aggregate outstanding principal amount of First Tranche Bonds may take any action (including the making of any demand or request, the giving of any notice or consent, or the taking of any other action), the fact that at the time of taking any such action the holders of such specified percentage have joined therein may be evidenced by: (i) any instrument executed by the Bondholders in person or by the agent or proxy appointed in writing; (ii) the duly authenticated record of voting in favor thereof at the meeting of the Bondholders duly called and held in accordance herewith; or (iii) a combination of such instruments and any such record of meeting of the Bondholders.

Duties and Responsibilities of the Trustee

The Trustee shall act as trustee for and in behalf of the Bondholders and as such shall, in accordance with the terms and conditions of the Trust Agreement, monitor the compliance or non-compliance by the Issuer with all its representations and warranties, and the Issuer’s observance of all its covenants and performance of all its obligations, under and pursuant to the Trust Agreement. The Trustee shall observe due diligence in the performance of its duties and obligations under the Trust Agreement. For the avoidance of doubt, notwithstanding any actions that the Trustee may take, the Trustee shall remain to be the party responsible to the Bondholders, and to whom the Bondholders shall communicate with in respect to any matters to be taken up with the Issuer.

The Trustee shall have custody of and hold in its name, for and in behalf of the Bondholders, the Master Bond Certificates for the total issuance of the First Tranche Bonds.

The Trustee shall promptly and faithfully carry out the instructions or decisions of the Majority Bondholders issued or reached in accordance with the Trust Agreement.

The Trustee shall, from time to time, request the Issuer to submit such certification of its officers, reports of its external auditors, and other documents relating to the Issuer's ability to comply with its obligations under the First Tranche Bonds and the Trust Agreement, as well as to examine such records of the Issuer as may be related to the Issuer's obligations under the First Tranche Bonds and the Trust Agreement.

The request shall be reasonable, made not less than seventy-hours (72) hours prior to the intended date of examination and shall be in writing to the Issuer which shall include, in reasonable detail, the purpose for such request and the intended use of the requested documents or information. The Issuer may require the Trustee, its directors, officers, employees, representatives, agents, partners, consultants and advisors to hold in confidence such documents and information furnished to the Trustee pursuant to said request or to limit the use thereof for the purpose intended as stated in the request, provided such limitation shall not apply if in conflict with the duties and responsibilities of the Trustee under any provision of the Trust Agreement.

The Trustee shall, prior to the occurrence of an Event of Default or after the curing of all such defaults which may have occurred, perform only such duties as are specifically set forth in the Trust Agreement. In case of default, the Trustee shall exercise such rights and powers vested in it by the Trust Agreement, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs under similar circumstances.

The Trustee shall inform the Bondholders of any event which has a Material Adverse Effect on the ability of the Issuer to comply with its obligations to the Bondholders, breach of representations and warranties, and Events of Default within a reasonable period from the time that the Trustee learns of such events.

The Trustee shall perform such other powers and functions as provided for elsewhere under the Trust Agreement.

Formal Amendments

The Issuer and the Trustee may amend or waive any provisions of the Trust Agreement if such amendment or waiver is of a formal, minor, or technical nature or to correct a manifest error or inconsistency, without prior notice to or the consent of the Bondholders or other parties, provided in all cases that such amendment or waiver does not adversely affect the interests of the Bondholders and provided further that all Bondholders are notified of such amendment or waiver.

Supplemental Agreements

With the consent of the Majority Bondholders, the Issuer, when authorized by a resolution of its board of directors, and the Trustee may, from time to time and at any time, enter into an agreement or agreements supplemental hereto for the purpose of adding any provision to or changing in any manner or eliminating any of the provisions of the Trust Agreement; provided, however, that no such supplemental agreement shall -

(a) Without the consent of each Bondholder affected thereby:

(i) extend the fixed maturity of the First Tranche Bonds, or

(ii) reduce the principal amount of the First Tranche Bonds, or

(iii)reduce the rate or extend the time of payment of interest and principal thereon;

(b) Affect the rights of some of the Bondholders without similarly affecting the rights of all the Bondholders; or

(c) Reduce the percentage required to be obtained of the Bondholders to consent to or approve any supplemental agreement or any waiver provided for in the Trust Agreement without the consent of all the Bondholders.

It shall not be necessary to obtain the consent of the Bondholders under this Section for the purpose of

approving the particular form of any proposed supplemental agreement but such consent shall be necessary for the purpose of approving the substance thereof.

Any consent given pursuant to this Section shall be conclusive and binding upon all Bondholders and upon all future holders and owners thereof or of any First Tranche Bonds issued in lieu thereof or in exchange therefor, irrespective of whether or not any notation of such consent is made upon the First Tranche Bonds.

Promptly after the execution by the Issuer and the Trustee of any supplemental agreement pursuant to the provisions of this Section, the Issuer shall send a notice to the Bondholders setting forth in general terms the substance of such supplemental agreement. Any failure of the Issuer to send such notice or any defect therein shall not, however, in any way impair or affect the validity of any supplemental agreement.

Miscellaneous

Notice

Any notice or demand authorized by the Trust Agreement to be given to the Issuer and the Trustee shall be sufficiently given for all purposes hereof, if delivered or mailed at their respective addresses mentioned herein or at such address designated by them subsequently in writing.

Notices to the Bondholders shall be sent to their mailing address as set forth in the Registry Book. Except where a specific mode of notification is provided for herein, notices to Bondholders shall be sufficient when made in writing and transmitted in any of the following modes: (i) registered mail; (ii) surface mail; (iii) electronic mail to the email address designated by the Bondholder in the Application to Purchase (iv) by one-time publication in a newspaper of general circulation in the Philippines; or (iv) personal delivery to the address of record in the Registry Book. The Trustee shall rely on the Registry Book provided by the Registrar, in determining the Bondholders entitled to notice.

All notices shall be deemed to have been received (i) ten (10) days from posting if transmitted by registered mail; (ii) fifteen (15) days from mailing, if transmitted by surface mail; (iii) on the date of publication, or (iv) on the date of delivery, for personal delivery or electronic mail, as the case may be.

Binding and Conclusive Nature

All notifications, opinion, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained by the Trustee for the purposes of the provisions of the Trust Agreement, shall (in the absence of willful default, bad faith or manifest error) be binding on the Issuer, and all Bondholders and (in the absence of willful default, bad faith or manifest error) no liability to the Issuer, the Registrar, the Paying Agent or the Bondholders shall attach to the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions under the Trust Agreement.

Dispute Settlement

In case any dispute shall arise between the Issuer, the Trustee or any of the Bondholders in respect of the Trust Agreement, or other related agreements or arrangements, the Issuer, the Trustee or any of the Bondholders shall attempt to resolve the same amicably by agreement which shall be in writing. However, if no such agreement is concluded within thirty (30) Business Days from the time the dispute arose, or such period as may be reasonable under the circumstances, the parties may have recourse to the usual judicial action obtaining under the circumstances.

No Right to Set-Off

The Trustee shall have no right to apply funds or money of the Issuer on deposit with or in the custody of the Trustee or any of its branches, subsidiaries, or affiliates on reduction of amounts past due under the Trust Agreement.

Governing Law

The First Tranche Bonds issued hereunder shall be governed by, and construed and interpreted in accordance with, the laws of the Republic of the Philippines.

PLAN OF DISTRIBUTION

The First Tranche Bonds is offered by the Company as the first tranche of the Bonds under the Company's ₱30,000,000,000.00 Debt Securities Program. The Company shall issue the First Tranche Bonds to institutional and retail investors in the Philippines through a public offering to be conducted through the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners. The First Tranche Bonds do not include an international offering. The First Tranche Bonds will be issued with an aggregate principal amount of up to Five Billion Pesos (₱5,000,000,000.00) with an oversubscription option of up to Five Billion Pesos (₱5,000,000,000.00). In case the Oversubscription Option is partly exercised or not exercised at all during the Offer Period, the First Tranche Bonds under Oversubscription Option that will not be taken up or exercised during the Offer Period will remain under Debt Securities Program and may be issued in tranches within the Shelf Period.

Shelf Registration of Securities Not Covered by the Offer

After the close of the Offer and within the Shelf Period, the Company may, at its sole discretion, offer any or all of the remaining balance of the aggregate principal amount of the Bonds in subsequent tranches, including any amount remaining if the Oversubscription Option is partly exercised or not exercised at all. Any such subsequent offering requires the submission by the Company of the relevant updates and amendments to the Registration Statement and the issuance of the corresponding permit to sell by the SEC. As a listed company, the Company regularly disseminates such updates and information in its disclosures to the SEC, PDEx, and PSE.

However, there can be no assurance in respect of: (i) whether the Company would issue such Bonds at all; (ii) the size or timing of any individual issuance or the total issuance of such Bonds; or (iii) the specific terms and conditions of such issuance. Any decision by the Company to offer such debt securities will depend on a number of factors at the relevant time, many of which are not within the Company's control, including but not limited to: prevailing interest rates, the financing requirements of the Company's business and prospects, market liquidity and the state of the domestic capital market, and the Philippine, regional and global economies in general.

Joint Issue Managers, Joint Lead Underwiters, and Bookrunners of the Offer

Landbank, RCBC Capital, and Unicapital as the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners for the Offer, have agreed to manage the Offer and to distribute and sell the First Tranche Bonds, pursuant to the Underwriting Agreement. Subject to the fulfillment of the conditions provided in the Underwriting Agreement, each Joint Issue Manager, Joint Lead Underwriter, and Bookrunner has committed to underwrite the following amounts on a firm basis:

Joint Issue Managers, Joint Lead Underwriters and Bookrunners	Underwriting Commitment
Landbank	2,000,000,000.00
RCBC Capital	2,000,000,000.00
Unicapital	1,000,000,000.00
Total	**₱5,000,000,000.00**

There is no allocation of the Oversubscription Option among the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners. The Issuer and Joint Issue Managers, Joint Lead Underwriters, and Bookrunners have the right but not the obligation to exercise the Oversubscription Option. In case the Oversubscription Option is exercised, the Bonds pursuant to the said Oversubscription Option will be allocated on a daily basis to the Joint Issue Managers, Joint Lead Underwriters and Bookrunners based on actual demand. In the event the Oversubscription Option is not exercised, it is deemed cancelled and the filing fee for that over-subscription is forfeited.

The Underwriting Agreement may be terminated in certain circumstances prior to payment being made to DoubleDragon of the net proceeds of the First Tranche Bonds.

The underwriting fees to be paid by the Company in relation to the Offer shall be equivalent to 1% exclusive of gross receipts tax ("**GRT**") of the final aggregate nominal principal amount of the First Tranche Bonds issued. This shall be inclusive of any commissions to be paid to the Selling Agent.

For the purpose of complying with their respective commitments under the Underwriting Agreement, each of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners may, under such terms and conditions not inconsistent with the provisions of the Underwriting Agreement, particularly the underwriting commitment of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, appoint selling agents for the sale and distribution to the public of the First Tranche Bonds; provided, that the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners shall remain solely responsible to the Company in respect of their obligations under the Underwriting Agreement entered into by them with the Company, and except as otherwise provided in the Underwriting Agreement, the Company shall not be bound by any of the terms and conditions of any agreements entered into by the Underwriters with the selling agent. East West Banking Corporation has been appointed as a Selling Agent.

The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners are licensed by the SEC to engage in the underwriting or distribution of the First Tranche Bonds. The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners may, from time to time, engage in transactions with and perform services in the ordinary course of its business, for DoubleDragon or any of its subsidiaries.

Landbank is a government financial institution organized and existing pursuant to Republic Act No. 3844, otherwise known as the Agricultural Land Reform Code, as amended. Landbank was established in 1963 and it operates as a universal bank, providing a wide range of financial services to support the growth of the agriculture sector, rural communities, and other priority sectors of the economy such as infrastructure and utilities, power, micro, small and medium enterprises, healthcare and education, and environment and natural resources management, among others. As of December 31, 2023, total assets of Landbank amounted to ₱3.30 trillion, while its capital amounted to ₱281.90 billion.

RCBC Capital is a licensed investment house providing a complete range of capital raising and financial advisory services. Established in 1974, RCBC Capital has over 50 years of experience in the underwriting of equity, quasiequity and debt securities, as well as in managing and arranging the syndication of loans, and in financial advisory. RCBC Capital is a wholly-owned subsidiary of the Rizal Commercial Banking Corporation and a part of the Yuchengco Group of Companies, one of the country's largest fully integrated financial services conglomerates. As of 30 June 2024, it has total assets of ₱3.57 Billion and a capital base of ₱3.45 Billion.

Unicapital is a full-service independent investment house incorporated in the Philippines on June 29, 1994. It was duly licensed by the Philippine SEC in 1994 to operate as an investment house and, as such, to engage in underwriting or distribution of securities to the public. Unicapital, Inc. provides a wide array of finance and investment-banking related products and services, from debt and equity underwriting, to strategic and financial advisory on corporate restructuring, project finance, and mergers, acquisitions, and divestitures. As of 31 December 2023, it has total assets of ₱2.20 Billion and a capital base of ₱761.65 Million.

None of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners have any direct or indirect relations with DoubleDragon in terms of material ownership by their respective major stockholder(s).

The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners have undertaken the requisite due diligence over the Issuer as Joint Issue Managers, Joint Lead Underwriters, and Bookrunners of the Offer.

Landbank and RCBC Capital's parent company are banking institutions regulated by the BSP that have relationships with the Company and/or its Subsidiaries. These relationships are independent of the engagement of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners and are entered into on an arm's length basis in the ordinary course of its banking business. These banking institutions are engaged in transactions with, and have performed various commercial banking and other services for the Company and/or its affiliates in the past and are expected to do so for the Company and/or its affiliates from time to time in the future including, insofar as such bank have affiliates that offer such services, investment banking and underwriting services. However, all services provided by each of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, including in connection with the Offer, have been provided as an independent contractor and not as a fiduciary to the Company.

The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners do not have a contract or other arrangement with the Company under which any of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners may return to the Company any unsold securities of the Offer. The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners do not have any direct or indirect interests in the Company or in any securities thereof including options, warrants or rights thereto. None of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners have any right to designate or nominate any member of the Company's

Board.

Sale and Distribution

The distribution and sale of the First Tranche Bonds shall be undertaken by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners who shall sell and distribute the First Tranche Bonds to third party buyers/investors. Nothing herein shall limit the right of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners to purchase the First Tranche Bonds for their own respective accounts.

The First Tranche Bonds shall be offered to the public in the Philippines.

The obligations of each of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners will be jointly, and not solidary, and nothing in the Underwriting Agreement shall be deemed to create a partnership or joint venture between and among any of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners. Unless otherwise expressly provided in the Underwriting Agreement, the failure or success by a Joint Issue Managers, Joint Lead Underwriters, and Bookrunners to carry out its obligations thereunder shall neither relieve the other Joint Issue Managers, Joint Lead Underwriters, and Bookrunners of their obligations under the same Underwriting Agreement, nor shall any of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners be responsible for the obligation of another Joint Issue Manager, Joint Lead Underwriter, and Bookrunner.

There are no persons to whom the First Trance Bonds are allocated or designated, and the First Tranche Bonds shall be offered to the public at large and without preference.

There are no finder's fees, discounts or commissions shall be paid to any broker dealers in the distribution of the First Tranche Bonds.

Offer Period

The Offer Period shall commence on 11 November 2024 and end at 5:00 p.m. on 20 November 2024 or such earlier or later date as may be mutually agreed between the Company and the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners.

(b) two (2) duly accomplished signature cards containing the specimen signature of the Applicant;

(c) validly issued tax identification number issued by the BIR; and

(d) such other documents as may be reasonably required by the Underwriters, Selling Agents or the Registrar and Paying Agent in the implementation of their respective internal policies regarding "know your customer" and compliance with anti-money laundering laws.

An Applicant who is claiming exemption from any applicable tax, or entitlement to preferential tax rates shall, in addition to the requirements set forth above, be required to submit the following requirements to the relevant Underwriter or Selling Agent (together with their respective Applications to Purchase), subject to acceptance by the Issuer as being sufficient in form and substance:

(i) a current and valid BIR-certified true copy of the tax exemption certificate, ruling or opinion issued by the BIR and addressed to the relevant applicant or Bondholder, confirming its exemption or preferential rate, as required under BIR Revenue Memorandum Circular No. 8-2014 including any clarification, supplement or amendment thereto, and certified by the corporate secretary of the Bondholder that: (a) the exemption certificate is a true copy of the original; (b) the original is in the possession of the corporate secretary as the duly authorized custodian of the same; and (c) the corporate secretary has personal knowledge based on his official functions of any amendment, revocation, expiration, change, or any circumstance affecting said certification's validity, or a copy of the law of the country of domicile allowing a deemed paid tax credit in an amount to the 15% spared or waived by the Philippines duly authenticated by the Philippine embassy or, for countries that are members to the Apostille Convention, an apostilled copy of the law of the country of domicile which apostilled or authenticated copy shall be valid for one year from the date of issuance. Should the submitted tax exemption certificate, ruling or opinion expire during the Offer Period, the Bondholder must submit an updated/revalidated tax exemption certificate;

(ii) with respect to tax treaty relief:

  (a) prior to the payment of the initial interest due, (i) three (3) originals of the duly executed and apostilled/consularized BIR Form 0901-I (Interest Income) or Application Form for Treaty Purposes filed by the Applicant or, if the Applicant is a fiscally transparent entity, each of the Applicant's owners or beneficiaries with the proof of receipt by the concerned office of the BIR, as required under BIR RMO No. 14-2021, (ii) one (1) original of the apostilled/consularized TRC issued by the respective foreign tax authority of the country of residence of the Applicant, or, if the Applicant is a fiscally transparent entity, the country of residence of each of the Applicant's

owners or beneficiaries, in the form acceptable for recognition under Philippine laws, (iii) the relevant provision of the applicable tax treaty providing for the claimed tax exemption or preferential tax rate, in a form acceptable to the Issuer, and (iv) three (3) originals of the duly notarized, consularized or apostilled (as the case may be), if executed outside of the Philippines, special power of attorney executed by the Applicant or the Applicant's owners or beneficiaries, as may be applicable, in favor of the authorized representative (if the Application Form for Treaty Purposes and other documents are accomplished by an authorized representative) and confirmation acceptable to the Issuer that the Applicant or the Applicant's owners or beneficiaries is/are not doing business in the Philippines to support the applicability of a tax treaty relief, and (v) such other additional documents as may be required by the Issuer or pursuant to applicable tax regulations, including but not limited to the documentary requirements enumerated in BIR RMO No. 14-2021 in relation to BIR RMC Nos. 77-2021 and 20-2022, which shall be submitted by the Bondholder/Registrar to the Issuer no later than the first (1st) day of the month when such initial interest payment shall fall due and, if applicable, including any clarification, supplement, or amendment thereto;

For the avoidance of doubt, the Issuer shall retain sole discretion in determining whether the non-resident Bondholder is entitled to the preferential tax treaty rate based on the documents submitted by the non-resident Bondholder, provided that all the conditions for the availment thereof, other than residency, have been satisfied;

(b) prior to the payment of subsequent interests due, (i) three (3) originals of the duly executed and apostilled/consularized new or updated BIR Form 0901-I (Interest Income) or Application Form for Treaty Purposes, as the Issuer deems applicable, and (ii) one (1) original of apostilled/consularized TRC duly issued by the respective foreign tax authority of the country of residence of the Bondholder or, if the Bondholder is a fiscally transparent entity, the country of residence of each of the Bondholder's owners or beneficiaries, in the form acceptable for recognition under Philippine laws, if the validity period of the previously TRC has already lapsed; and (iii) such other additional documents as may be required by the Issuer or pursuant to applicable tax regulations, including but not limited to the documentary requirements enumerated in BIR RMO No. 14-2021 in relation to BIR RMC Nos. 77-2021 and 20-2022, which shall be submitted by the Bondholder/Registrar to the Issuer no later than the first (1st) day of the month when such subsequent interest payments shall fall due and, if applicable, including any clarification, supplement, or amendment thereto;

(c) in the event that the Issuer determines that the non-resident Bondholder is not entitled to the preferential tax treaty rate based on the documents submitted in item (i) above and determines that all conditions for the availment thereof have not been satisfied, the Issuer shall apply the regular tax rates;

(d) the non-resident Bondholder may apply for tax treaty relief with the BIR in accordance with BIR RMO No. 14-2021;

(e) the Issuer shall not apply for any confirmatory application of preferential tax rates with the BIR;

(f) should the BIR grant the application for tax treaty relief, it is the obligation of the non-resident Bondholder to apply for refund with the BIR. The Issuer shall not refund the non-resident Bondholder any amount as a result of the application of the higher tax rate;

(g) the non-resident Bondholder must update its certificate of entitlement ("COE") annually, if applicable, as described in BIR RMO No. 14-2021, as further clarified by BIR RMC Nos. 77-2021 and 20-2022. Expired COEs will not be accepted by the Issuer; and

(h) aside from the updated COE (if applicable), the non-resident Bondholder shall submit its TRC annually to the Issuer as continuing proof of its entitlement to the preferential tax treaty rate. Absent such updated TRC and COE (if applicable), the Issuer shall apply the regular tax rate;

(iii) a duly notarized undertaking executed by (i) the corporate secretary or any authorized representative of such Applicant or Bondholder who has personal knowledge of the exemption or preferential rate treatment based on his official functions, if the Applicant purchases, or the Bondholder holds, the First Tranche Bonds for its account, or (ii) the trust officer, if the applicant is a universal bank authorized under Philippine law to perform trust and fiduciary functions and purchase the First Tranche Bonds pursuant to its management of tax-exempt entities (i.e. Employee Retirement Fund, etc.), declaring

and warranting such entities' tax-exempt status or preferential rate entitlement, undertaking to immediately notify the Issuer, the Registrar and the Paying Agent (1) of any suspension, revocation, amendment or invalidation (in whole or in part) of the tax exemption certificate, ruling or opinion issued by the BIR, executed using the prescribed form under the Registry and Paying Agency Agreement; (2) if there are any material changes in the factual circumstances of the Bondholder including but not limited to its character, nature, and method of operation, which are inconsistent with the basis for its income tax exemption; or (3) if there are any change of circumstance, relevant treaty, law or regulation or any supervening event that may or would result in the interest income of the First Tranche Bonds being ineligible for exemption or preferential rate, with a declaration and warranty of its tax exempt status or entitlement to a preferential tax rate, and agreeing to indemnify and hold the Issuer, the Registrar and the Paying Agent free and harmless against any claims, actions, suits, and liabilities resulting from the non-withholding or incorrect withholding of the required tax, provided, that in case of corporate, partnership or trust account investors, such Bondholder shall also submit an original certification from the corporate secretary or an equivalent officer of the investor, setting forth the resolutions of its board of directors or equivalent body authorizing the execution of the undertaking and designating the signatories, with their specimen signatures, for the said purpose; and

(iv) such other documentary requirements as may be required by the Issuer and the Registrar or the Paying Agent under the applicable regulations of the relevant taxing or other authorities, e.g., BIR RMO No. 14-2021 and BIR RMO Circulation No. 20-2022, which for purposes of claiming tax treaty withholding rate benefits, shall include evidence of the applicability of a tax treaty and consularized or apostilled (as the case may be) proof of the Bondholder's legal domicile in the relevant treaty state, and confirmation acceptable to the Issuer that the Bondholder is not doing business in the Philippines; provided, that the Issuer shall have the exclusive discretion to decide whether the documents submitted are sufficient for purposes of applying the exemption or the reduced rate being claimed by the Bondholder on the interest payments to such Bondholder; provided, further, that all sums payable by the Issuer to tax exempt entities shall be paid in full without deductions for taxes, duties, assessments or government charges, subject to the submission by the Bondholder claiming the benefit of any exemption of the required documents and of additional reasonable evidence of such tax-exempt status to the Registrar.

Unless otherwise indicated above, the foregoing requirements shall be submitted, (i) in respect of issuance of the First Tranche Bonds, upon submission of the Application to Purchase to the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners or Selling Agents who shall then forward the same to the Registrar; or (ii) in respect of a transfer from a Bondholder to a purchaser, to the Registrar upon submission of the account opening documents.

Failure on the part of the Bondholder to submit the aforementioned document/s within the time prescribed shall result in the application of the regular tax rates.

The Purchase Price for each Bond is payable in full upon submission of the duly executed Application to Purchase. Payments of the Purchase Price shall be made either in checks or appropriate debit instructions or payment instructions made out to the order of the relevant Joint Issue Manager, Joint Lead Underwriter, and Joint Bookrunner or Selling Agent. All payments must be made or delivered to the relevant Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, or the Selling Agent to whom the Application to Purchase is submitted.

Completed Applications to Purchase and corresponding payments must reach the relevant Joint Issue Manager, Joint Lead Underwriter, and Joint Bookrunner, or the Selling Agent prior to the end of the Offer Period, or such earlier date as may be specified by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners. Acceptance by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, or the Selling Agent of the completed Application to Purchase shall be subject to the availability of the First Tranche Bonds and the acceptance by Maynilad. In the event that any check payment is returned by the drawee bank for any reason whatsoever or the nominated bank account to be debited is invalid, the Application to Purchase shall be automatically canceled and any prior acceptance of the Application to Purchase shall be deemed revoked.

Minimum Purchase

A minimum purchase of ₱50,000.00 shall be considered for acceptance. Purchases in excess of the minimum shall be in multiples of ₱10,000.00.

Allotment of the First Tranche Bonds

If the First Tranche Bonds are insufficient to satisfy all Applications to Purchase, the available First Tranche Bonds shall be allotted at the discretion of the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners, in consultation with the Issuer and subject to the Issuer's right of rejection.

Acceptance of Applications

The Company and the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners reserve the right to accept or reject Applications to Purchase the First Tranche Bonds and in case of oversubscription allocate the First Tranche Bonds available to the Applicants in a manner they deem appropriate.

Rejection of Applications

The Joint Issue Managers, Joint Lead Underwriters, and Bookrunners shall accept, reduce or reject Applications to Purchase on behalf of the Issuer in accordance with the following provisions and the allocation plan. Reasons for rejection or reduction may include the following:

(a) Applications may be rejected if: (i) the Purchase Price is unpaid; (ii) payments are insufficient or where checks, as applicable, are dishonored upon first presentment; (iii) the Application to Purchase is not received by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners or the Selling Agent on or before the end of the Offer Period; (iv) the number of the First Tranche Bonds subscribed is less than the minimum amount of subscription; (v) the Applications to Purchase do not comply with the terms of the Offer; or (vi) the Applications to Purchase do not have sufficient information or are not supported by the required documents.

(b) Applications may be reduced if the Offer is oversubscribed, in which case the number of the First Tranche Bonds covered by such Applications to Purchase shall be reduced pro rata or in accordance with such other methodology adopted by the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners.

In the event an Application to Purchase is rejected or the amount of the First Tranche Bonds applied for is scaled down for a particular Applicant, the relevant Joint Issue Manager, Joint Lead Underwriter, and Bookrunner or the Selling Agent shall notify the Applicant concerned that his/her application has been rejected or that the amount of the First Tranche Bonds applied for has been scaled down.

Refunds

If any application is rejected or accepted in part only, payments made by the Applicant or the appropriate portion thereof shall be returned without interest to such Applicant through the relevant Joint Issue Manager, Joint Lead Underwriter, and Bookrunner or the Selling Agent with whom such Application to Purchase was coursed through.

The manner of refunds shall be made, at the option of each Joint Issue Manager, Joint Lead Underwriter, and Bookrunner and or the Selling Agent, either (i) through the issuance of check(s) payable to the order of the relevant Applicant and crossed "Payees' Account Only" and mailed or delivered, at the risk of the Applicant, to the address specified in the Application to Purchase, or (ii) through the issuance of instructions for automatic credit payments to the accounts of the relevant Applicants, as indicated in their respective Applications to Purchase.

Payments

The Paying Agent shall open and maintain a bank account for the First Tranche Bonds, which shall be operated solely and exclusively by the said Paying Agent in accordance with the Registry and Paying Agency Agreement (the "Payment Account"), provided that beneficial ownership of the Payment Account shall always remain with the Bondholders. The Payment Account shall be used exclusively for the payment of the principal, interest and other payments due on the First Tranche Bonds on the relevant Payment Date.

The Paying Agent shall maintain the Payment Account while the First Tranche Bonds are outstanding, and until six (6) months past the relevant Maturity Date. Upon closure of the Payment Account, any balance remaining in the Payment Account shall be returned to the Issuer and shall be held by the Issuer in trust and for the irrevocable benefit of the Bondholders with unclaimed interest and principal payments and such other payments that are due on the First Tranche Bonds.

Unclaimed Payments

Any payment of interest on, or the principal of the First Tranche Bonds which remain unclaimed after the same shall have become due and payable, shall be held in trust by the Paying Agent for the Bondholders and shall be dealt with in accordance with the relevant provisions of the Registry and Paying Agency Agreement.

Claims in respect of principal and interest or other sums payable under the Trust Agreement on the Bonds will prescribe unless made within ten (10) years (in the case of principal or other sums) or five (5) years (in the case of interest) from the date on which the payment becomes due.

Purchase and Cancellation

The Issuer may purchase the First Tranche Bonds at any time in the open market or by tender or by contract, in accordance with PDEx Rules, as may be amended from time to time, without any obligation to make pro rata purchases from all Bondholders. Any First Tranche Bonds so purchased shall be deemed fully redeemed and cancelled and may not be re-issued.

Upon listing of the First Tranche Bonds on PDEx, the Issuer shall disclose any such transactions in accordance with the applicable PDEx disclosure rules.

Secondary Market

The Company intends to list the First Tranche Bonds in the PDEx. The Company may purchase the First Tranche Bonds at any time in the PDEx trading system without any obligation to make pro-rata purchases of First Tranche Bonds from all Bondholders. The First Tranche Bonds shall be traded in denominations of ₱10,000.00 in the secondary market.

For a more detailed discussion, please refer to the section "*Terms and Conditions of the Bonds*".

Register of Bondholders

The First Tranche Bonds shall be issued in scripless form and shall be registered in the Register of Bondholders to be maintained by the Registrar. A Master Bond Certificate representing the First Tranche Bonds sold in the Offer shall be issued in the name of the Trustee for the benefit of the Bondholders.

Legal title to the First Tranche Bonds shall be shown in the Register of Bondholders to be maintained by the Registrar. Initial placement of the First Tranche Bonds and subsequent transfers of interests in the First Tranche Bonds shall be subject to applicable prevailing Philippine selling restrictions. The names and addresses of the Bondholders and the particulars of the First Tranche Bonds held by them and all transfers of the First Tranche Bonds shall be entered into the Register of Bondholders. Transfers of ownership of the First Tranche Bonds shall be effected through book-entry transfers in the Register of Bondholders.

For a more detailed discussion, please refer to the section *"Terms and Conditions of the Bonds."*

USE OF PROCEEDS

The Issue Price shall be at par, which is equal to the face value of the First Tranche Bonds. The Issuer expects that the net proceeds of the First Tranche Bonds shall amount to approximately ₱4.90 Billion for a ₱5 Billion issue size or ₱9.81 Billion for an issue size of ₱10 Billion, and after deducting fees, commissions, and expenses.

Total Other Expenses	7,400,000.00

In addition to these one-time costs, the Company expects to also incur annual expenses related to the First Tranche Bonds as follows:

- The Issuer shall pay an annual maintenance fee of 1/200 of 1% of the face value or maximum of 150,000.00 charged by PDEx for the continued listing in the Exchange.
- The Issuer shall pay an annual retainer fee to the Trustee amounting to ₱40,000.00 per quarter.
- The issuer shall incur Paying Agency fees amounting to 5 basis points of the amount to be paid with a minimum of ₱10,000.00 and a maximum of ₱100,000.00 payable each Interest Payment Date. The Registrar will charge based on the face value of the First Tranche Bonds and the number of Bondholders.
- The Issuer shall incur annual monitoring fees of ₱450,000.00 for its credit rating with PhilRatings. It should be noted, however, that this fee is paid in relation to all of the bonds that the Company has or will issue.

The net proceeds of the First Tranche Bonds will be used to fund the Issuer's general corporate requirements, specifically to increase working capital fund as set out below:

(in ₱ Millions)

Purpose	**Net Proceeds from Base Offer** *(in ₱ Millions)*	**Net Proceeds from the Offer assuming the Oversubscription Option is Fully Exercised** *(in ₱ Millions)*	**Estimated Timing of Utilization / Disbursement**
To fund the Issuer's general corporate requirements, specifically to increase working capital fund	4,900.86	9,812.36	2024 – 2025
Total	4,900.86	9,812.36	2024 – 2025

The Company shall use internally generated funds and/or available bank lines to the extent the proceeds of the Offer are insufficient to fund its working capital. The Company believes that it has sufficient available cash and credit facilities to cover the requirements.

In the event that the Oversubscription Option is partly exercised or not exercised at all during the Offer Period, in case the Company is not able to raise the full amount of the Offer, the Company shall use internally generated funds and/or available bank lines to the extent the proceeds of the Offer are insufficient to fund its requirements.

While awaiting disbursements, the Company may deposit the funds in time deposits or special deposit accounts and/or invest the same in Philippine government Peso-denominated securities. The Company will not use any portion of the proceeds to reimburse any of its officers, directors, employees or shareholders for services rendered, asset previously transferred, or money loaned or advanced. Other than the fees relating to the underwriting and issue management of the Company, the Company will not use the proceeds to pay any financial obligations with the Underwriters and its affiliates.

No amount of proceeds shall be used to reimburse any officer, director, employee, or stockholder for services rendered, assets previously transferred, money loaned or advanced, or otherwise. Except for the underwriting fees and expenses related to the Bonds, no amount of the proceeds will be utilized to pay any outstanding financial obligation to the Joint Issue Managers, Joint Lead Underwriters and Bookrunners.

The foregoing discussion represents a best estimate of the use of proceeds of the Offer based on the Company's current plans and anticipated expenditures. In the event that there is any change in the Company's development plan, including force majeure, market conditions and other circumstances, the Company will carefully evaluate the situation and may reallocate the proceeds for future investments or other uses, and/or hold such funds in investments, whichever is better for the Company's and its shareholders' interest taken as a whole. The Company's cost estimates may also change as these plans are developed further, and actual costs may be different from budgeted costs. For these reasons, timing and actual use of the net proceeds may vary from the foregoing discussion and the Company's management may find it necessary or advisable to alter its plans. In the event of substantial deviation, adjustment or reallocation in the planned use of proceeds, the Company shall inform the SEC, the stockholders, and PDEx in writing at least thirty (30) days before such deviation, adjustment or reallocation is implemented. Any material or substantial adjustment to the use of proceeds, as indicated above, shall be approved by the Board and shall be publicly disclosed through the SEC, PSE, and PDEx.

As of 30 June 2024, the Company has a total bonded indebtedness of ₱19.57 billion. With the issuance of the Bonds, ₱5 billion-worth of new bonded indebtedness will be created assuming a Base Offer-only scenario, while ₱10 billion-worth of new bonded indebtedness will be created assuming the Oversubscription Option is fully exercised.

DETERMINATION OF OFFER PRICE

The First Tranche Bonds shall be issued on a fully-paid basis and at an issue price that is at par. The Interest Rate is a fixed rate of 8.0000% per annum.

The Interest Rate was fixed at a rate to approximate the Issuer's Otso-Otso Retail Bonds issued on 16 July 2024 and 20 September 2024.

BUSINESS

OVERVIEW

DoubleDragon Corporation is an investment holding company in the Philippines, principally engaged in the ownership and operation of a portfolio of leasable properties in its four principal business segments: retail leasing, office leasing, hospitality and industrial leasing. Tony Tan Caktiong and Edgar Injap Sia II, the two entrepreneurs of DoubleDragon, believe that by providing the flexibility for DoubleDragon Corporation to transform into an investment holding company, DoubleDragon will be in a in a position to capitalise on its strong balance sheet to add worthwhile investments outside of the property sector that would further drive its growth.

The Company's two principal shareholders are Injap Investments Inc., controlled by the Sia family, and Honeystar Holdings Corp. controlled by the Tan and Ang families, who also control Jollibee Foods Corporation ("**JFC**"), the largest fast food company in the Philippines. Edgar Injap Sia II of the Sia family and Tony Tan Caktiong of the Tan and Ang family have similar entrepreneurial background and have started and grown multiple ventures into household brands in the Philippines.

In 2021, the Company further strengthened its balance sheet with the public offering of shares and listing of DDMP REIT, Inc. (formerly DD Meridian Park Development Corp. ("**DDMPDC**")) ("**DDMPR**") and the equity infusion by JFC and its subsidiary into CentralHub Industrial Centers, Inc. ("**CHICI**"), DoubleDragon's industrial leasing subsidiary. As of 31 December 2023, the Company's total equity was ₱94.57 billion and its gross Debt-to-Equity was 0.67x, which is below the Company's cap of 2.33x.

Having met its target of 1.2 million sq.m. of completed gross floor area ("**GFA**") for its leaseable portfolio, the Company intends to pursue a strategy of revenue optimisation for its retail leasing, office leasing, hospitality and industrial leasing operations, with the goal of maximising recurring revenue. As of 31 March 2024, the Company's completed portfolio encompassed 1.298 million sq.m. of GFA, with 53% in retail, 28% in office, 8% in hospitality, and 11% in industrial leasing. Further, by 2030 the Company targets to increase its portfolio to 2.4 million sq.m. of GFA spread across its four core business segments: 30% in retail, 15% in office, 20% in hospitality, and 35% in industrial leasing.

As of 31 March 2024, through its subsidiary, CityMall Commercial Centers Inc. ("**CMCCI**"), the Company owns and operates 43 CityMalls, primarily located in key strategic locations in Luzon, Visayas and Mindanao. The Company also has seven CityMalls under construction, with an additional land bank for 14 CityMalls. CMCCI is 66% owned by the Company and 34% owned by SM Investments Corp. ("**SMIC**"), the holding company for one of the largest conglomerates in the Philippines. In addition to the 43 CityMalls that were operational as of 31 March 2024, the Company has three other operational malls, namely: Dragon8 Mall in Divisoria Manila City, DoubleDragon Plaza Retail in DD Meridian Park, Pasay City and Umbria Commercial Center in Biñan, Laguna.

The Company's office leasing segment primarily consists of two key projects, DD Meridian Park and Jollibee Tower. DD Meridian Park, a 4.8 hectare project located in the Manila Bay area of Pasay City, and which is 46.67%-owned by the Company, consists of approximately 244,240 sq.m. of leasable space that is primarily used for BPO, outsourcing and support service offices, and corporate offices. The development is expected to feature seven office towers and luxury services residences, with construction in four phases. The first phase of DD Meridian Park comprises Towers 1 to 4 of DoubleDragon Plaza and was completed in 2018. The second phase comprises DoubleDragon Center East and DoubleDragon Center West and was completed in 2019. The fourth phase comprises DoubleDragon Tower and was substantially completed in 2021, while the third phase comprises luxury serviced residences, namely Ascott-DD Meridian Park, and is currently under construction with completion expected in 2024. Jollibee Tower is a Grade A 41-storey commercial and office tower with approximately 60,394.67 sq.m. of leasable space and is situated in the heart of the Ortigas central business district in Metro Manila. The project, which was completed in 2019, is a joint venture between the Company and JFC, who also serves as the building's anchor tenant. In addition to DD Meridian Park and Jollibee Tower, the Company also owns The SkySuites Tower, comprising two towers, including an office tower that is currently being leased to tenants.

The Company's hospitality segment is operated through its subsidiary, Hotel of Asia, Inc. ("**HOA**"), which is 70%-owned by the Company. As of 31 March 2024, the Company's hospitality operations comprise 6

operational hotels with 1,482 hotel rooms, including the Company's own hotel brand, "Hotel101", which currently has two operating hotels, Hotel101- Manila and Hotel101-Fort. In addition to the 1,482 hotel rooms, the Company has seven hotels under construction and expected to add another 3,463 rooms, and an additional ten hotels under planning and development stages... CSI Hotels, Inc., a 50%-owned subsidiary of HOA, is the Philippines' master franchisee of the "Jinjiang Inn" brand, with three hotels in operation in Ortigas and Makati, Metro Manila and Boracay as of 31 March 2024. Hotel101 Management Corporation, a wholly owned subsidiary of HOA, operates all of HOA's operational hotels including Hotel101-Manila, Jinjiang Inn-Ortigas, Jinjiang Inn-Makati, Jinjiang Inn-Station 1 Boracay and Injap Tower, a 21-storey condotel located in Iloilo City. As of 31 March 2024, the Company had seven hotels under construction and ten more hotels in the planning and development stage.

On 30 September 2022, the Company, through its subsidiaries, fully paid for the acquisition of a prime 9,000 sq.m. parcel of land in Hokkaido Prefecture, Japan. The Company expects to develop its first international Hotel101 development, named Hotel101-Niseko, on such acquired land.

On 31 October 2023, through its subsidiary, the company received all the pertinent executed land purchase documents and has made the full complete payment for the purchase of the 6,593 sq.m of prime commercial land in Madrid Spain. The development, named Hotel101-Madrid eyes the high real estate investment demand in Madrid driven by the Spanish Golden Visa.

The Company operates its industrial leasing segment through its 60.90%-owned subsidiary, CHICI. As of 31 March 2024, the Company, through CHICI, owns 10 CentralHub sites across the Philippines, with a total of 60.57 hectares of prime industrial land. Five of the Company's CentralHub sites, namely CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig, are currently operational. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, and CentralHub-Cebu are under construction while CentralHub-Surigao and CentralHub-Negros are currently in the development stages.

The Company, through CHICI, acquired a 6.2-hectare parcel of land in Luisita Industrial Park, Tarlac for its first industrial hub. CentralHub-Tarlac was built over four phases, the first of which was completed in 2018 and leased out to Zenith Foods Corporation (Red Ribbon) as a commissary. The second phase was completed in 2021 and leased out to MerryMart Consumer Corp. as its distribution hub. The third and fourth phases of CentralHub-Tarlac were completed in 2021 and January 2022, respectively. As of 31 December 2023, the third and fourth phases of CentralHub-Tarlac is ongoing tenant turnovers. The Company also acquired a 3.9-hectare parcel of land in Iloilo for its second CentralHub complex, CentralHub-Sta Barbara Iloilo, which is strategically located along a national highway approximately five kilometres from Iloilo International Airport and ten kilometres from the center of Iloilo City. The Company also acquired a 5.2-hectare parcel of land in Danao, Cebu, which will be its third CentralHub complex. The Company acquired the site of its fourth CentralHub complex in 2019, covering an 8.2-hectare parcel of land along the Daan Maharlika Highway in Davao City. In 2022, the Company acquired two other sites, a 10.06-hectare property in Silay Negros for CentralHub- Negros and a 6.40-hectare property in Surigao for CentralHub-Surigao. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, and CentralHub-Cebu are under construction while CentralHub- Negros and CentralHub-Surigao are currently in the development stages.

In August 2021, JFC and its wholly owned subsidiary Zenith Foods Corporation ("**ZFC**") entered into definitive agreements to subscribe to an aggregate of 38.71% of CHICI's total outstanding shares (post-subscription) in consideration for a cash payment of ₱1.9 billion. JFC acquired common shares of CentralHub and infused its 16.4 hectares of industrial properties in Santolan, Pasig and Carmelray, Laguna, which are currently utilised as commissaries (including the largest operating commissary of JFC). As of 31 March 2024, the equity and asset swap between CentralHub and JFC was completed and the transfer of title for the two CentralHub- Laguna and CentralHub-Pasig were completed. The Company and JFC intend to prepare CHICI for the Philippines' first industrial REIT IPO.

The Company intends to acquire additional sites that are strategically located across Luzon, Visayas and Mindanao. The industrial centers will contain standardised, multi-use, and industrial quality warehouses suited for commissaries, cold storage and logistics centers to be leased to locators operating nationwide in the Philippines.

The Company reports Net Income figures for the year-ended 2023 has reached ₱15.9 billion, an increase of 23.3% compared to Net Income of ₱12.9 billion in 2022. Total Assets of the Company rose 15.6% year-on-year to ₱181.2 billion in 2023 compared to only ₱156.8 billion in 2023. Total Equity likewise increased

by ₱13.0 billion or 15.9% in 2023 as compared to only ₱81.6 billion in the prior year equating to a Gross Debt-to- Equity ratio of 0.67x.

Because of the significant growth of the Company's equity, total equity has now exceeded total debt displaying solid financial strength.

DoubleDragon continues to find ways to further optimize its revenues such as tapping new rental revenue streams from leasing of roof space for solar, advertising spaces in its string of strategic properties around the country, and from roof deck space leasing for common telco towers. The Company has already started leasing out its roof spaces to Solar companies. Both CityMall community malls and CentralHub warehouses are expected to lease out a total of 100 MW of solar space which is expected to translate to ₱100 million annual rental income from solar roof lease alone, excluding the rental income from advertising and common telco towers. In 2019, solar panels were installed at the rooftop of DoubleDragon Plaza, DD Meridian Park, these solar panels are expected to displace 418 tons of CO2, equaling to over 13,565 trees planted.

DoubleDragon has acquired its basket of prime properties from 2014 to 2016, and the land values started to move up significantly starting in 2017, enabling the company to benefit both from the appreciation as well as gain strong foothold position with its portfolio of prime hard assets.

DoubleDragon's four pillars of growth continue to strengthen in provincial retail leasing, office leasing, industrial leasing and hotels which will provide the Company with a diversified source of recurring revenues backed by a string of appreciating hard assets.

IMPACT OF COVID-19 ON THE COMPANY'S OPERATIONS

The Company surpassed its goal of completing a portfolio comprising 1.2 million sq.m. of GFA, even in the face of construction constraints arising from the COVID-19 outbreak and the community quarantine measures implemented in the Philippines since mid-March of 2020. Apart from adjusting its project completion targets, the Company does not believe that the COVID-19 pandemic has had a material impact on its operations, and has affirmed the relevance of its portfolio:

Provincial retail leasing – The Company's CityMalls, are all located outside of the National Capital Region and continued to provide services to various communities during the imposition of community quarantine measures across the country. Majority of the leasable space within each CityMall are anchor tenants like supermarkets, pharmacies, money remittance shops, medical clinics, food and banks which provide essential goods and services that cater to the general good of the public especially during these periods. The Company believes that its focus on essential retail goods and services have resulted in resilient performance of its CityMalls compared to more destination-focussed malls. The occupancy of the Company's CityMalls as of 31 July 2024 was at 88.4%, the Company believes that the occupancy rate will continue to recover as the Philippine economy continues to open up.

The Company has successfully entered into lease renewals with several major tenants on the same terms and conditions, including escalation rates. The Company has observed that the demand for dining out has remained strong and continues to increase.

Office leasing – The Company's office towers spread out across Metro Manila continued to be operational and are covered by fixed rate lease agreements, post-dated cheques, security deposits and advance rentals for the duration of their lease terms. The Company has observed strong leasing momentum from tenants who look to expand their current occupied space to improve safe distancing measures. The Company believes that its tenant mix of corporate offices, government offices, accredited BPOs and POGOs and healthcare and insurance offices. In 2024, the Company signed leases covering 79% of leasable space in its latest office building DoubleDragon Tower. The Company's main office asset, DD Meridian Park, had a 77.6% blended overall occupancy as of 31 July 2024.

Industrial warehouse leasing – The Company's CentralHub sites nationwide are leased to companies involved in fast-moving consumer goods distribution and food production which are priority industries the Government mandated to be fully operational during the imposition of the community quarantine measures for the benefit of the nation and its people. The Company believes that its industrial warehouse leasing business has remained pivotal due to mobility issues and the need for additional and efficient logistics operations across the country throughout the COVID-19 pandemic.

Hospitality – Despite the COVID-19 pandemic significantly affecting the tourism industry since the first half of 2020, the average hotel occupancy of all the Company's hotel properties have remained stable for as of 30 June 2024 with average occupancy of 82.6% for Hotel101 Manila and Jinjiang Inn properties. The Company believes this is mainly due to the Company's hotel portfolio not being heavily reliant on foreign tourists with price points of ₱2,500- ₱3,500 per room per night being a value 3-star hotel chain, and because of the continued demand from business travellers and designation of certain properties as quarantine hotels.

The Company believes that its four core segments have remained strong despite the COVID 19 pandemic and that the remaining tenants of the Company are companies that have also stood the impact of the pandemic and have demonstrated ability to continue its businesses.

The Company's operations have remained uninterrupted with stringent monitoring in place covering the production of employees with flexible working arrangements. The Company continues to remain vigilant in upholding the health and safety of its employees. The Company closely monitors updates from the Philippine Department of Health and other reliable sources publishing information regarding COVID-19 and shall continue comply with all Government-mandated measures relating to COVID-19.

HISTORY

The Company, formerly named Injap Land Corporation, was incorporated and registered with the SEC on 9 December 2009, and began commercial operations in November 2010 with the primary purpose of engaging in real estate development and real estate related ventures. The Company was originally a wholly owned subsidiary of Injap Investments Inc., the holding company of the Sia family. On 29 June 2012, the Company became a 50-50 joint venture between Injap Investments and Honeystar Holdings Corporation ("**Honeystar**") when Honeystar, headed by Tony Tan Caktiong, Founder and Chairman of JFC, invested in the Company. The Company eventually changed its corporate name to DoubleDragon Properties Corp. on 30 July 2012.

The Company, prior to the entry of Honeystar, was originally the Sia family's initial foray into real estate development. The Company's first venture, People's Condominium project, was the first condominium project in Iloilo City. People's Condominium was completed in November 2011 and was fully sold within a few months from commencing pre-selling activities. Other projects developed by the Company in Iloilo City include Injap Tower, a 21-storey commercial and condotel tower, The Uptown Place, a five-storey premium commercial and residential condominium, as well as horizontal developments FirstHomes and HappyHomes, both located in Mandurriao – Iloilo.

It was after the entry of Honeystar and the renaming of the Company into DoubleDragon Properties Corp. that the Company's Chairman and Co-Chairman, Edgar "Injap" Sia II and Tony Tan Caktiong, both born in the year of the dragon, established a clear vision for the Company's future. They identified a unique opportunity to capitalise on the modernisation of retail in the provinces by building a chain of community malls to become the venue for this transition. The Company targeted second and third class provincial cities for the rollout of their CityMall branded concept. CMCCI was incorporated on 27 December 2013 to serve as the vehicle for this rollout. Seeing the potential of the CityMall concept, SMIC, one of the largest conglomerates in the Philippines with a portfolio of leading retail stores, took a 34% stake in CMCCI in 2014.

To further diversify and attain the goal of operating mostly recurring revenue properties, the Company began to develop commercial office projects in Metro Manila through its flagship commercial office project, DD Meridian Park. The Company's further entry into the office space segment occurred in August 2015 when it entered into joint venture with JFC to build a 41-storey commercial and office tower in the Ortigas central business district that will serve as the corporate center for JFC, one of the country's leading fast food companies.

The Company's shares debuted on the PSE's Small, Medium, and Emerging Board ("**SME Board**") on 7 April 2014 under the stock symbol "**DD**" through an initial public offering of 26% of its outstanding common shares. On 6 July 2015, the Company's shares transferred from the SME Board to the PSE Main Board. On 30 November 2015, the Company's shares were included in the Morgan Stanley Capital International Small Cap Philippine Index. On 14 March 2016 the Company was included in the property sector index of the PSE. On 14 April 2016, the Company issued

P10,000,000,000 worth of Preferred Shares, which were subsequently listed in the PSE Main Board on 26 July 2016. On 12 September 2016, the Company was included as one of five listed companies in the PSE reserve list.

On 27 July 2020, the Company, through its subsidiary DDPC Worldwide Pte. Ltd. ("**DDWPL**"), issued a US$75.0 million 5-year and Reg S US dollar denominated guaranteed senior Notes with a coupon rate of 7.25%, and payable semi-annually.

On 14 April 2021, the Company's Board of Directors approved the amendment in the articles of incorporation changing its name from "DoubleDragon Properties Corp." to "DoubleDragon Corporation", and amending its primary and secondary purposes to transform it into an investment and holding company, and extending the corporate life of the Company to perpetual existence.

On November 19, 2021, the Company received the Certificate of Amended Articles of Incorporation issued by the Securities and Exchange Commission (SEC) that amended its corporate name and primary purpose into an investment holding company. Effectively, DoubleDragon Properties Corp is now officially DoubleDragon Corporation.

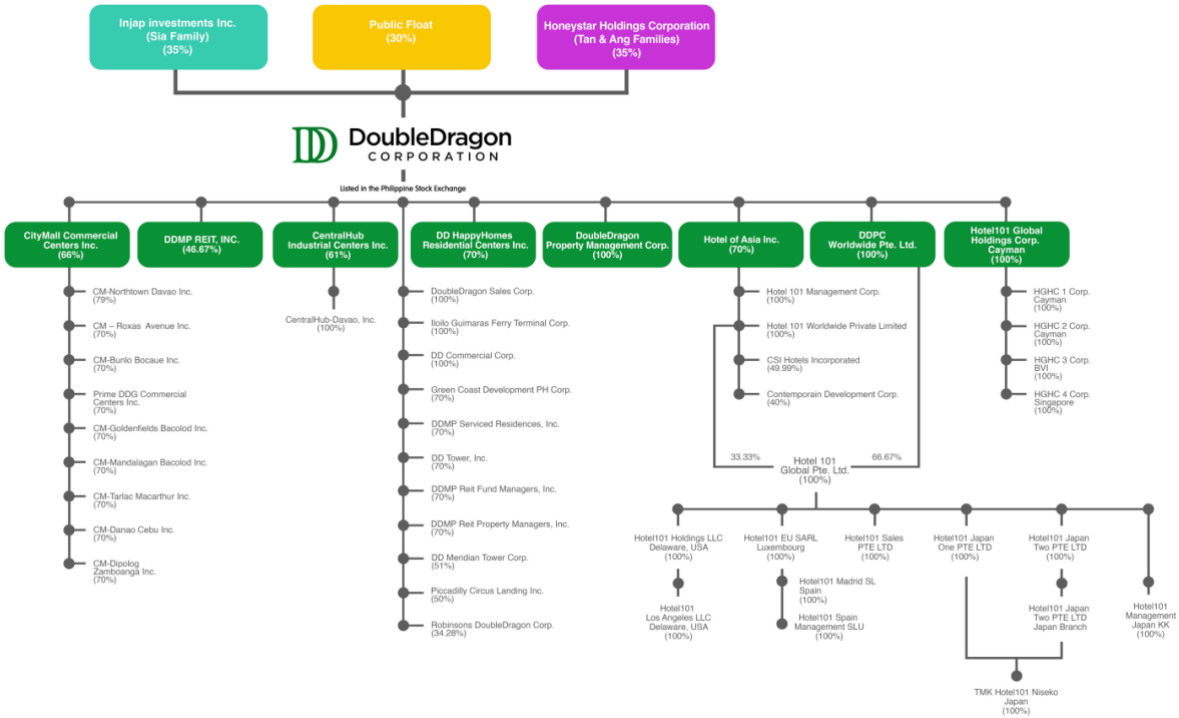
MATERIAL RECLASSIFICATION, MERGER, CONSOLIDATION

CORPORATE STRUCTURE

The Company's corporate structure as of the date of this Prospectus is presented in the diagram below:



See "– *Subsidiaries*" for more information on each of the Company's subsidiaries as of 31 March 2024.

COMPETITIVE STRENGTHS

Diversified Philippine property group with four recurring income growth pillars

The Company is predominantly a developer and owner of a portfolio of investment properties with an aggregate value of ₱150.36 billion as of 30 June 2024. The Company continues to ramp up its pace of growth and widen its presence and deepen penetration across the Philippines, with plans to increase its portfolio across the retail, office, hospitality and industrial segments and to maximise recurring revenue. As of 31 July 2024, the Company's completed portfolio encompassed 1.298 million sq.m. of GFA, with 53% in retail, 28% in office, 8% in hospitality and 11% in industrial leasing. The Company is moving towards a business model which is expected to derive a significant majority of its revenues from recurring income streams. For the year ended 30 December 2022 and 2023, 55.9% and 45.3%, respectively, of its total revenue (excluding unrealised gains from change in fair values of investment property) came from rent income and hotel operations.

Retail

As of 31 July 2024, the Company had 46 operational malls with approximately 689,389 sq.m. of GFA and an aggregate occupancy rate of 87.0%, and seeks to have 50 operational CityMalls by the end of 2024. As of 31 July 2024, seven CityMalls were under construction, and the Company had additional land bank for 14 new CityMalls. The Company intends to establish a nationwide presence of CityMalls in prime locations within the natural daily movement of the general population that the Company serves. CityMall sites are secured in areas located along main roads to increase visibility and maximise exposure and accessibility to its target market.

The Company believes that there remains significant organic growth within its CityMalls business model. Tenants on fixed rental agreement are charged fixed annual escalation ranging from 5% to 10%. Moreover, there is potential for further upside with the transition to a turnover rent structure from the base rent structure, as its business scales up and its tenants' retail sales continue to increase.

Office

DD Meridian Park is the Company's flagship project in Metro Manila and is located along the corners of the main roads of Macapagal Avenue, EDSA Extension and Roxas Boulevard in the Bay Area of Metro Manila. DoubleDragon Plaza, comprising four office towers, commenced full operations in 2018. As of 31 July 2024, 72.9% of the leasable space of DoubleDragon Plaza was leased out. DoubleDragon Center East and Double Dragon Center West, comprising phase 2 of DD Meridian Park, were completed in 2019. DoubleDragon Center East, the fifth office tower of DD Meridian Park, was 100% leased out as of 31 July 2024, and DoubleDragon Center West was 95.1% leased out as of 31 July 2024. DoubleDragon Tower has been substantially completed with punch listing works and leasing activities ongoing as of 31 July 2024. As of 31 July 2024, 77.6% of the aggregate operational office and retail leasable space of DD Meridian Park were leased out.

Complementing DD Meridian Park is Jollibee Tower, a premium-grade office building which will be the future headquarters of JFC.

Hospitality

Through the Company's three-star hotel chains – Hotel101, Jinjiang Inn and Injap Tower – under the Company's Subsidiary, HOA, the Company expects to benefit from the strong growth of the Philippine economy and the expected long-term healthy performance of the Philippines' tourism sector. As of 31 July 2024, the Company's hospitality operations comprise 1,482 hotel rooms, including the Company's own hotel brand, "Hotel101", which currently has two operating hotels, Hotel101 Manila and Hotel101 Fort. Hotel101 has received several accolades, including Trip Advisor's Travellers' Choice Award in 2021, Expedia's Top 3-Star Hotel in the Metro Manila category in 2019 and Ctrip 2019 Golden Dolphin Award for Service Excellence. Hotel101-Manila has 518 rooms and had an average annual occupancy rate of 86.2% in 2023 while Hotel101 Fort started operating in 2023.

CSI Hotels, Inc., a 50% subsidiary of HOA, is the exclusive master franchisee of the Chinese hotel chain

Jinjiang Inn in the country – awarded the Best Local Hotel Brand in 2016/2017 by City Traveler. As of 31 July 2024, the Company, through CSI Hotels, Inc. had three Jinjiang Inn hotels: Jinjiang Inn-Ortigas, Jinjiang Inn-Makati, and Jinjiang Inn-Station 1 Boracay.

Hotel101 Management Corporation, a wholly owned subsidiary of HOA, operates all of HOA's hotel properties including Injap Tower, a 21-storey 194-room condotel located in Iloilo City.

All of the hotels under both brands are strategically located in areas which are in close proximity to one or all of the following: business hubs, shopping malls, and dining options.

Industrial Leasing

In addition, the Company formed its owned subsidiary CentralHub Industrial Centers Inc. ("**CHICI**") as its industrial leasing arm. The Company envisions CHICI to be a branded modern institutional quality logistics platform suited for commissaries, cold storage and logistic centers. As of 31 July 2024, the Company owns 10 CentralHub sites across the Philippines, with a total of 60.57 hectares of prime industrial land. Five of the Company's CentralHub sites, namely CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig, are currently operational. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, CentralHub-Cebu are under construction while CentralHub-Surigao and CentralHub-Negros are currently in the development stages. As of 31 July 2024, Phases 1 and 2 of CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were all fully leased out. CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were infused into CHICI by JFC pursuant to the definitive agreements executed between the Company and JFC on 19 August 2021 implementing the ₱4.0 billion investment of JFC in CHICI. JFC acquired common shares of CentralHub and infused its 16.4 hectares of industrial properties in Santolan, Pasig and Carmelray, Laguna which are currently utilised as commissaries (including the largest operating commissary of JFC). As of 31 July 2024, the equity and asset swap between CentralHub and JFC was completed and the transfer of title for the two CentralHub- Laguna and CentralHub-Pasig were completed . The Company and JFC intend to prepare CHICI for the Philippines' first industrial REIT IPO in 2025.

The Company also acquired a 3.9- hectare parcel of land in Iloilo for its second CentralHub complex, to be named CentralHub-Sta Barbara Iloilo, which is strategically located along a national highway approximately five kilometres from Iloilo International. Moreover, the Company acquired a 5.2- hectare parcel of land in Danao, Cebu which will have a capacity of 27,212 sq.m. of industrial warehouse space and an 8.2- hectare parcel of land along the Daan Maharlika Highway in Davao City with an estimated capacity of 40,392 sq.m. of leasable industrial warehouse space. In 2022, the Company acquired two other sites, a 10.06- hectare property in Silay Negros for CentralHub-Negros, and a 6.40- hectare property in Surigao for CentralHub-Surigao. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, and CentralHub-Cebu are under construction while CentralHub-Negros and CentralHub-Surigao are currently in the development stages.

The Company currently has plans for development for CentralHub industrial centers strategically located across Luzon, Visayas and Mindanao. Finally, the Company believes that its recurring income stream is underpinned by a portfolio of quality assets that will likely appreciate in value given their location. The Company believes that these assets, collectively, will generate strong cash flows and a well-capitalised balance sheet.

Well-defined execution capability with proven track record

Leveraging the Company's end-to-end capabilities as a real estate developer and owner, encompassing site identification, master planning, development, marketing, leasing, business events, client relationship management, data analytics, the Company believes that it has the ability and resources to create a market leading business model.

Standard project blueprint enables a highly cost-efficient rapid roll-out strategy across its business segments

The Company remains focused on growing its business segments to achieve economies of scale and drive cost efficiencies. For example, with its aim to be the largest community mall player in first class municipalities and second and third class cities, the rollout of its expansion plans allows the

Company to achieve operational efficiencies as it has the optionality to offer multiple CityMall construction projects to the contractors within the same province. As a result of repeated transactions with the local contractors, not only does the Company have direct interaction with workers who have better on-the-ground experience in sourcing labour and local materials, the Company believes that it gains familiarity with the execution process to ensure that its development timelines are met. Similar to CityMalls, the Company plans to scale up significantly to dominate and be the largest player in the Philippines hospitality and industrial segments to benefit from economies of scale. To ensure rapid roll-out to achieve economies of scale, the Company has developed and adopted a standardised approach to the development and marketing of its business segments. For example, the timeline for the start of development to stabilised operations for each of its CityMalls is approximately 18 months (construction permit to opening of 12 months and a further six months to stabilise), which has enabled the Company to deliver new malls to the market in an expedited manner. As of 31 March 2024, 43 CityMalls were operational, with seven CityMalls under construction. Similarly, the Company is adopting a standardised approach in developing its hotels and industrial leasing businesses to shorten the development-to-cash generating cycle.

Proven execution ability in delivery

The Company believes that it has an established execution track record. Since its listing in 2014, the Company has managed to build up an investment property portfolio with a total value of ₱150.4 billion, as of 30 June 2024.

As of 31 July 2024, the Company has 304.99 hectares of land bank and has secured as of 31 July 2024. The Company's believes that its standardised and scalable operational model enables it to establish a track record of timely delivery of its projects.

Strategic acquisitions to enter into new business segments

The Company has made swift and strategic acquisitions to enter into the hospitality and industrial leasing businesses. In October 2016, the Company acquired 70% of HOA, an existing hotel business. The Company plans to expand HOA to eventually contribute revenues through the operation of 6,835 rooms, which including rooms to be contributed by its pipeline of projects to be developed. For its industrial leasing business, as of 31 March 2024, the Company has acquired ten CentralHub sites, with a total of 60.57 hectares of prime industrial land. See "*Business – Hospitality – Future Hotel Developments*" and "*Business – Industrial Leasing*" for more information.

Proven ability to raise funding

The Company has demonstrated a strong ability to secure funding, raising approximately ₱110.0 billion in long-term capital since the Company's listing to fund the Company's vision. The Company has also been able to diversify sources of funds which include bank borrowings, and issuance of preferred shares and fixed-rate corporate bonds, which enhance the Company's financial flexibility in raising capital. On 15 December 2016, the Company debuted in the local debt market with the listing of its ₱5.3 billion fixed rate bonds due 2026, as an initial tranche of its up to ₱15 billion bonds shelf registration. On 13 July 2018, the Company listed an additional 143,370,600 shares via a follow-on equity offering at P30.00 per share, or total gross proceeds of ₱4.3 billion. On 27 July 2020, the Company, through its subsidiary DDWPL, issued US$75.0 million 7.25% guaranteed senior notes due 2025. On 24 March 2021, the Company completed the listing of DDMPR raising ₱9.0 billion. The follow-on offering and listing of DDMPR resulted in the increase of the Company's total equity, further strengthening its financial position. On 10 March 2022, DDWPL issued an additional US$55.0 million 7.25% guaranteed senior notes due 2025. On 4 November 2022, the Company's credit rating was upgraded to PRS Triple A by Philippine Rating Services Corp., a Philippine debt watcher. On 25 November 2022, DDWPL issued an additional US$30.0 million 7.25% guaranteed senior notes due 2025. As of 30 June 2024, the Company had a gross Debt-to-Equity ("**D/E**") ratio of 0.76x which is below the 2.33x maximum gross D/E ratio the Company is required to maintain under its debt covenants. The Company believes that this financial headroom enables the Company to react faster to growth and any potential inorganic opportunities that are value accretive for its business.

First mover advantage as the leading community mall operator outside of Tier 1 cities

The Company believes that it is currently the dominant player in the modern format branded community mall segment across Philippines. As of 31 March 2024, the Company has secured 64 CityMall sites.

The Company believes that it is one of the first movers at the forefront of retail modernisation in first class municipalities and second and third class cities, and has created a business model that is positioned to significantly benefit from the transition from traditional retail to modern retail, attributed to high barriers of entry for foreign players and varying strategic focus of local players.

Foreign players face issues including the following: (i) constitutional restrictions, which limit foreign ownership to not more than 40% for companies that own land and retail businesses, among others, and (ii) a lack of local relationships, existing local network and knowledge, preventing them from gaining access to land bank and expanding on a similar scale. In the community malls segment, notable domestic players such as Waltermart Supermarket, Inc., Gaisano Grand Group, Gaisano Capital, Robinsons, and Vista Land contribute to the diverse landscape. While these companies have made significant strides in their expansion efforts, CityMall stands out for its distinctive approach and extensive reach. Unlike many competitors whose primary focus lies within supermarkets, CityMall's vision centers around providing a holistic shopping experience that integrates cinemas, varied retail options, dining venues, and grocery shopping. Its expansion strategy spans beyond major cities, reaching first-class municipalities and second and third-class cities, ensuring inclusivity and accessibility for a diverse consumer base nationwide.

Well-positioned to benefit from positive macroeconomic fundamentals in the Philippines

The Company believes that the Philippines' macroeconomic fundamentals support the Company's growth trajectory. In 2023, the Philippines' GDP rebounded by growing 5.6% year-on-year. For 2022, according to the Asian Development Bank, the Philippines' GDP is expected to grow by at least 6% as socioeconomic activities normalise.

The Philippine retail market is currently evolving from unorganised retail formats to multi-tenanted malls, with the latter providing a compelling alternative to traditional retail pathways such as wet markets and provision shops and introducing the modern shopping experience to the local communities. The Company believes that the modern retail format is attractive to customers as this provides them a one-stop platform for both discretionary and non-discretionary consumption. In particular, the presence of a clean, air-conditioned indoor one-stop mall in first class municipalities and second and third class cities is expected to be highly attractive to the cities' population. Based on industry research, the Company believes that this is also attractive to tenants given significantly higher footfall and sales per sq.m. achieved compared to unorganised retail, and this format provides quality control with guaranteed infrastructure and logistics that helps to build brand equity. The Company believes this trend is only starting to occur in first class municipalities and second-class and third-class cities, and its entry into these markets is well-timed to take advantage of this shift.

The Company believes that the sustained dynamism of the BPO-led services sector and growth in other key economic sub-sectors such as construction, telecommunications, banking and finance, warehousing and logistics, and manufacturing would sustain the demand for larger and high-quality office space.

The Philippines' favorable macroeconomic dynamics is expected to translate into strong and sustainable demand for logistics facilities underpinned by limited stock of logistics facilities, in particular modern logistics facilities in the Philippines. Strong real GDP growth, private consumption, as well as a large and rapidly growing middle-income population is expected to boost the Philippine consumer market. Notably, most of the Company's current CityMall tenants are heavy users of logistics space. However, the majority of the current stock of logistics warehouses is old generation properties and fragmented, which provide less efficient warehousing conditions. In contrast, modern logistics warehouses carry features such as large floor areas, high ceilings of 14 metres high, high load tolerances, wide column spacing within the warehousing area, modern loading docks and enhanced safety systems which provide greater accessibility and efficiency. The Company believes that demand for logistics facilities and warehousing facilities is expected to grow with the expansion of the modern retailing format in the Philippines and the growth of the manufacturing sector, together

with the improved infrastructure in the Philippines as a result of Government-initiated infrastructure projects nationwide.

Supported by strategic partnerships with credible local and international business groups

The ability to attract and establish strategic relationships with the JFC and SM Groups validates its vision, positioning and execution capabilities as the leading owner, operator, and developer of branded community malls across first class municipalities and second and third class cities in the Philippines. The SM Group's "SaveMore" supermarket brand is one of the anchor tenants in CityMalls. JFC food brands anchor the "FoodWorld" section of every CityMall and the Company consider this to be an irreplaceable advantage of the partnership and highly attractive for its consumers. Together, these strategic partnerships are expected to solidify the dominance of CityMalls all over the Philippines.

Its partnerships with other business groups have also provided it with the ability to rapidly and significantly expand into the hospitality and office sectors and gain access to valuable land sites. The Company acquired a 70% stake in HOA, which currently serves as its hospitality arm through 3-star hotels Hotel101 and Jinjiang Inn located in prime locations across key cities in the Philippines. The Company's strategic partnership with JFC also includes the development of Jollibee Tower, a 41-storey commercial and office tower on a prime commercial lot in Ortigas. DD Meridian Park, a joint venture between DD and the initial landowner, is strategically located at the corner of EDSA Extension, Roxas Boulevard and Macapagal Avenue, main thoroughfares in Metro Manila close to the Entertainment City and the SM Mall of Asia complex.

Experienced board and management team with strong corporate governance

The Company's board of directors is highly experienced, with an average of 32 years of experience in the Philippine real estate and commercial sectors. The board is led at the helm by its Chairman and Chief Executive Officer, Edgar "Injap" Sia, whose experience stems from growing the Mang Inasal chain from one branch in his hometown of Iloilo City in 2003 to over 338 branches nationwide by 2010. Its Co-Chairman Tony Tan Caktiong opened his first ice cream parlour at the age of 22, and since then, Jollibee has grown to become the largest fast food chain in the Philippines. Injap's and Tony's foresight in entering the quick service restaurants business ahead of competitors and the knowledge they have obtained from expanding their businesses in first class municipalities and second and third class cities will be instrumental in growing the Company and enabling it to achieve its targets.

Similarly, the Company's senior management team has a proven track record in developing, investing in, managing, and enhancing commercial real estate, possessing an average of 13 years of experience in the Philippine real estate and commercial sectors. The team covers the entire value chain of the business, including asset development and enhancement, asset management, and commercial operations.

The Company has also adopted governance policies and mechanisms to serve as its foundation and guiding principle for good governance. The Company also continues to adopt policies and mechanisms in accordance with established rules and best practices.

BUSINESS STRATEGIES

A nationwide expansion plan to grow recurring income stream across four property pillars: retail, office, industrial and hospitality

The Company is working towards building a strong base of recurring revenue through the accumulation of completed portfolio nationwide, across the retail, office, industrial and industrial property segments. The Company has established a successful track record of expansion by accumulating an investment property portfolio with a total value of ₱150.4 Billion as of 30 June 2024. The significant pace of execution was achieved through two key success factors:

- Direct access to land bank opportunities, and a high level of familiarity with first class municipalities and second- and third-class cities resulting in the ability to transact quickly; and

- Adaptable approach to site acquisition by entering into joint ventures or strategic alliances with landowners, which contribute land to the joint venture while the Group provides its development expertise.

The Company intends to establish a nationwide footprint through strategically selected projects that are located in prime locations both in Metro Manila and the different provinces in the Philippines. The Company believes that the combination of macroeconomic factors and sector trends across the country is expected to support a robust outlook in the near and medium term period. This would allow the Company to diversify its recurring income source through a balance of stable growth and high growth industries. Specifically, while the Metro Manila office leasing space provides a stable base of income stream, the Company believes that the remaining portfolio is well positioned for upside given exposure to the following trends:

- Transition of traditional retail to modern retail. According to Savills, modern retail is still in its early stages in first class municipalities and second- and third-class cities, which, coupled with the significant GDP and population growth the Philippines, indicates that the Philippine retail market is geared towards significant growth.

- Strong and sustainable demand for logistics facilities underpinned by limited supply, in particular modern logistics facilities in the Philippines. According to Savills, the current supply of quality logistics facilities in the Philippines is fragmented, as there is no one major owner of logistics facilities across the country.

Identifying shifts and capitalizing on real estate segments where it can be a leading player

Prior to entering a segment, the Company put in significant effort to conduct in-depth marke research and analysis to help it identify markets where the Company has the resources and ability to dominate either now, or over a period of time.

One of the transitions that the Company had observed earlier was the evolution of traditional retail into modern retail in first class municipalities and second- and third-class cities – particularly notable in the supermarket segment, which is relevant to the its business model since the supermarket typically occupies one-third of the leasable space of CityMalls. To leverage on this trend, the Company conceptualized CityMalls such that it was able to utilize the growing shift of retailers from traditional to modern formats, offering select retail stores in addition to its anchor hardware, appliance and supermarket stores, among others. The Company continues to reinforce that CityMall is a replacement to traditional retail, tapping its existing demand. Given its success in this segment, one of the focus points is to entrench its market-leading position as the largest and fastest-growing retail developer, owner and operator of community malls in provincial areas of the Philippines.

- The Company's target is to achieve a strong portfolio of CityMalls across first class municipalities and second- and third-class cities. Its key strategy is to continue to develop, own and operate a nationwide retail mall network, funding further expansion by using recurring income from its operating malls as well as profits from the sale of its development properties, supported by additional debt funding if required.

- The Company will continue to innovate, to implement optimal tenant mixes best suited to the Philippine consumer, to introduce new retail experiences adapted to market dynamics, and to adapt best practices and concepts from retail leaders elsewhere in Southeast Asia; and

- The Company will continue to create barriers into the community mall segment, by targeting underserved lower tier areas. The Company chooses such sites based on the following criteria: (i) sites that give the Company a first-mover advantage in areas where there is less operational baggage from costs, but also (ii) sites where the Company are familiar with and (iii) sites with scarce presence of competitors and suitably sized lots within and in surrounding prime city center areas.

The Company continues to believe that the tourist segment will be an important economic sector for the country. As of 31 March 2024, the Company had a total of 1,482 hotel rooms, with seven hotels under construction and expected to add another 3,463 rooms, and an additional ten hotels under planning and development stages. under its Jinjiang and Hotel101 brands – essentially giving it a market dominating

position over other major real estate players.

The Company has also paid attention to the increasing number of outbound tourists from the Philippines, including to popular places such as Japan. As such, the Company has recently acquired a 9,000 sq.m. parcel of land in Hokkaido Prefecture, Japan, where it expects to build its first Hotel101 venture outside the Philippines, named Hotel101-Niseko. In 2023, the Company, through its subsidiary also fully acquired a 6,593 sq.m of prime commercial land in Madrid Spain. The development, named Hotel101-Madrid eyes the high real estate investment demand in Madrid driven by the Spanish Golden Visa.

The Company's management team has also continued to assess and adapt to shifts in the demands in the real estate industry. For example, the Company added industrial leasing as its fourth pillar as the Company believes that warehousing in the Philippines is currently fragmented, and there remains favorable local macroeconomic dynamics to translate into strong and sustainable demand for logistics facilities and underpinned by limited stock of existing logistics facilities. Given the significant overlap of tenants in its retail mall business and their corresponding needs for industrial space, the Company believes that it is in a position to not only tap into this existing demand but to also help its tenants achieve operating efficiencies. The current industrial landscape is such that majority of the current stock of logistics warehouse is old generation and fragmented properties that often provide less efficient warehousing conditions – existing warehouses are not suitable for distribution needs as one of the key specifications requires the floor-to-ceiling height to be 14 meters high, while most of the current facilities are only six meters high.

The Company's industrial business model is focused on providing modern logistics warehouses with features to drive greater accessibility and efficiency, and its ability to execute this strategy is underpinned by its shareholders who have experience in food and beverage, commissaries, cold storage logistics – a large part of each industrial center's leasable space is catered to these specific segments. The Company sees its CentralHub industrial centers as the first branded modern industrial centre chain in the Philippines, and like CityMall and Hotel101, all industrial centers will look the same and will be located in strategic locations around the country. The Company believes that through this segment, it will be able to provide an additional layer of service to its retail tenants, and increase their level of stickiness to its overall ecosystem.

The Company believes that its overall business model is highly sustainable. The Company believes it is positioned to capitalize on emerging industry trends, and more importantly, its businesses are setup to serve the low to middle income population of the Philippines. The Company intends to leverage its leading market position, economies of scale and its local market knowledge to consolidate and continue to grow its market share over time.

Focus on building recurring revenue based on a foundation of appreciating assets and operate a capital efficient business model

The Company is focused on developing properties that will create a steady stream of cash flows backed by a string of appreciating assets. The Company believes that cash flows sourced from recurring revenue streams are of greater quality than cash flows generated from sale of properties which are non-recurring in nature and are dependent on continued reinvestment.

The Company has met its 2022 leasable portfolio target of 1.2 million sq.m. of completed GFA, and its envisioned 2.4 million sq.m. of completed GFA by 2030 is expected to generate cash flows and project yields that will organically grow without continuous capital outlay, primarily driven by the embedded escalation rates in its lease contracts with its tenants.

The Company books its assets held for lease as investment property. As the Company has adopted the fair value method, its investment property is generally revalued on an annual basis by a third-party appraiser based on comparable market transactions relative to the location of its properties held for lease. Generally, the Company's investment property has seen substantial gains from revaluation on top of cash flows contributed from leasing operations.

The Company's business model is also geared to be highly capital efficient in deployment of capital once it achieves scale in its CityMalls expansion, coupled with the completion of other developments that are earmarked to provide recurring income. This is mostly driven by CityMall's relatively quick churn rate, with an estimated time to completion of 12 months and a further six months to stabilise, thus ensuring that raised capital is quickly converted into cash-generating hard assets.

For its Hotel101 business, the Company has adopted a "sale-and-managed" model, where individual condotel units are sold to third-party investors but the Company continues to manage the condotel units post-sale. Sale proceeds are consequentially used to fund the development cost, which reduces its equity requirements for any project. In addition, the Company plans to subfranchise its Jinjiang Inn brand, and under this model, the capital expenditure for any repairs of these subfranchised hotels is to be borne by the subfranchisee. Overall, these streams of income will reduce the equity contribution required from the Company to fund any future capital expenditure plans. The Company also aims to expand its Hotel101 business globally, and has filed a global patent application for its Hotel101 condotel concept. The Company aims to become the first Filipino hotel chain to be exported worldwide, and expand its Hotel101 business via Hotel101 Global Pte. Ltd. through partnerships and joint ventures, first targeting Asia and subsequently, Europe and the United States. The Company also developed a Hotel101 application and is already available on iOS and Android. As of 2023, the Company through its Global Subsidiary secured its overseas Hotel101 projects in Niseko Hokkaido Japan and Madrid Spain.

Further, similar to its first REIT, DDMP REIT, Inc., focusing on office leasing properties, the Company intends to continue to develop and build its industrial warehouse leasing portfolio to prepare for potentially the Philippines' first industrial property REIT. In 2022, the Company completed its equity partnership with JFC to further grow both the recurring rental revenue portfolio and warehouse *assets of CentralHub.*

Maintain a strong balance sheet, prudent risk and capital management and good governance

By maintaining a strong balance sheet, the Company believes that it is in a position to withstand economic and financial cycles, while allowing it to fund its planned expansion. This will also give it the flexibility to make acquisitions or fund capital expenditures when opportunities arise. In addition, the Company believes that its strong balance sheet is reinforced by its cost-efficient business model – rollout of expansion plans for CityMall, Hotel101 and industrial centers via the same format allows for economies of scale and reduces any cost inefficiencies that could result from unnecessities.

The Company intends to take a disciplined approach to the allocation of capital across its projects, with the strict application of hurdle rates and benchmarks for each investment. Its planned capital expenditure is principally earmarked for the expansion of its mall network. The Company plans to fund its capital expenditure plan through its recurring income, pre-sales, external financing, and its access to diverse sources of funds will increase its financial flexibility. The Company has been a repeat issuer in the domestic bond market, including bonds arranged by BPI Capital Corporation, BDO Capital & Investment Corporation, Maybank ATR Kim Eng Capital Partners Inc., and RCBC Capital Corporation, demonstrating its established relationships across both domestic and international banks. Besides the domestic bond market, the Company has also tapped into diversified sources of funding which include Preferred Shares and bank funding, highlighting its diversified capital base, comprising of retail and institutional investors.

The Company also plans to manage its debt maturity profile, reduce cost of funding and diversify its sources of funding, including potentially accessing the capital markets again. To achieve these objectives, its key areas of focus are as follows:

- Company's focus on developments with a "for-sale" component, pre-sale proceeds from the sales can be used to partially fund the development costs of the project components;
- Reduce cost of funding by growing a steady stream of recurring rental income while utilizing pre-sales to reduce overall funding needs;
- Continue to diversify funding sources and lower its cost of capital by monitoring the markets for favorable opportunities to build up its capital resources through various financing options such as equity issuances, loans and public debt issuances, among others; and

BUSINESS SEGMENTS

The Group focuses on 4 business segments.

RETAIL LEASING

The Company operates its retail leasing segment primarily through its subsidiary, CMCCI. As of 31 March 2024, the Company owns and operates 46 malls, primarily located in the provincial areas of the Philippines. As of 31 March 2024, the Company also had 43 operational CityMalls, and seven CityMalls under construction with an additional land bank for 14 CityMalls. CMCCI is 66% owned by the Company and 34% owned by SMIC, the holding company for one of the largest conglomerates in the Philippines. The Company believes CityMall is the first branded independent community mall chain to focus on the provincial areas in the Philippines.

All CityMalls have a standard color, design, look, feel and approximate size. The Company believes that the standardization of the CityMalls makes the mall design a brand unto itself. The photos below depict the typical look of a CityMall:

CityMall provides prime and strategic locations in the heart of the community that it serves, locating the malls close to national highways in order to amplify visibility and ensure the mall is in the city center for maximum exposure. CityMall caters to top Philippine fast food brands such as Jollibee, Mang Inasal, Chowking, Greenwich, Red Ribbon and Highlands Coffee, as well as other leading retailers. The Company believes that CityMall provides the platform in which modern retail brands can expand into the provinces because it is the first modern retail format in most of the cities that it is penetrating. The Company's tenants include well-known brands such as Bank of the Philippine Islands, BDO Unibank, Watsons, Burger King, Panda Express, LBC and 7-Eleven.

In December 2016, CMCCI started to roll out cinemas in various CityMall locations. As of 31 March 2024, 12 cinemas are operational. Each cinema is expected to have a seating capacity of 100 to 120 seats. As part of its commitment to sustainable development, the Company intends to "greenergize" itsCityMalls, deploying rainwater collection systems and/or solar panels when possible.

The Company's tenancies are generally granted for a term of one to five years, with the exception of some of the larger anchor tenants, whose tenancies can last for up to 15 years, and kiosks which are on annual lease terms, with each renewable on an annual basis thereafter. Generally, six months' notice is required for termination of leases for a term of three to five years, and three months' notice is required for annual leases. Further, tenants are generally required to pay a six-month deposit at the commencement of the lease. A majority of the Company's leases are on fixed annual rates, subject to annual escalation clauses. Certain tenants of the Company, such as fast food tenants, pay rent based on a percentage of their revenues. The Company likewise has lease arrangement with tenants covering lease rates that is derived from a percentage of their revenues subject to a Minimum Guaranteed Rent (MGR) amount.

Leasable spaces are delivered bare by the Company to its tenants. The Company's tenants are responsible for the fit-out of their respective leased spaces, and are required to return such spaces to the Company in bare shell at the end of the lease term.

Other Malls

Dragon8 Mall

Dragon8 Mall was a partially constructed project acquired by the Company on 2 May 2014. The project is located on a 5,972 sq. m. prime corner lot at C.M. Recto corner Dagupan Streets, Divisoria in Manila. In line with the area being known as a micro retail destination, Dragon8 Mall offers micro retailers a modern version of the mall stall units currently being offered within the vicinity at similar prices.

The Company sells 16-year leasehold rights on the mall stall units, which gives locators the exclusive right to lease the said units for the duration of the leasehold contract. A portion of the development is also being leased out directly to tenants and form part of the leasable portfolio of the Company. Dragon8 Mall has approximately 9,800 sq. m. of leasable space and houses approximately 300 parking spaces for the convenience of its shoppers.

Umbria Mall

The Company partnered with the Aryana Group, through Piccadilly Circus Landing, Inc., to develop the Umbria Commercial Center in Binan, Laguna. Umbria Commercial Center is a multi-story structure housing specialty shops, casual dining, cafes and deli shops, convenience and drug store, wellness and beauty centers, and a supermarket. A key design feature of the mall is its architecture which is inspired by the umbrella-like structure in L'Umbracle Gardens in Valencia, Spain. Umbria Commercial Center opened on December 2, 2016.

On March 24, 2021, DoubleDragon Plaza, DoubleDragon Center East and DoubleDragon Center West were part of the real estate properties listed under DDMPR under a real estate investment trust.

Phase 3 is expected to have over 300 luxury serviced apartment units. The serviced apartment is expected to carry the Ascott Limited brand. Ascott Limited is a leading international serviced residence owner-operator, with more than 300 properties in over 100 cities across America, Asia-Pacific, Europe and the Middle East. The Company believes the project is an ideal site for a luxury serviced apartment complex, given its close proximity to the Manila airport, Department of Foreign Affairs, Mall of Asia and Entertainment City. Construction of Ascott-branded serviced residences has commenced in 2018. In 2017, the Company, through its subsidiary DDMPR, entered into a Technical Advisory Agreement and Serviced Residence Management Agreement with Scotts Philippines Inc., in relation to the development and management of a five-star luxury serviced apartment as phase 3 of DD-Meridian Park. In 2022, Phase 3 is in full swing.

Phase 4 consists of DoubleDragon Tower, an 11-storey building with views of the Bay Area and Pasay City. The building's eight office floors will be ideal for both startups and established companies. Two floors will be dedicated to commercial establishments suitable for retails shops, restaurants and other entertainment options.

Actual Photos of DoubleDragon Tower

In line with the Company's commitment to sustainable development, the Company has been pre-certified for a silver Leadership in Energy & Environmental Design ("LEED") certification for DoubleDragon Plaza. To receive LEED certification, DoubleDragon Plaza must satisfy prerequisites and earn points to achieve different levels of certification. LEED is a green building certification program that recognizes best-in-class building strategies and practices. LEED certified buildings save money and resources and have a positive impact on the health of occupants, while promoting renewable, clean energy. As of July 31, 2024, the Company signed leases covering 80.8% of leasable space in its latest office building DoubleDragon Tower. The Company's main office asset, DD Meridian Park, had a 77.6% blended overall occupancy as of 31 July 2024.

Jollibee Tower

Jollibee Tower is a premium grade 41-storey commercial and office tower with Jollibee Foods Corp. as the building's anchor tenant. Poised to become a prominent landmark in the Ortigas Central Business District, it is situated on a 3,002 square meter prime commercial lot located at the corner of F. Ortigas Jr. Road (formerly Emerald Avenue) and Garnet Road and will complement the thriving business community in the Ortigas Area. Jollibee Tower has a total leasable area of 59,365 square meters and will feature ground floor retail concepts of the Jollibee Group as well as an events center and the second floor. The rest of the floors will be leased as office space and will include 4 basement parking floors and 8 podium parking floors to service its tenant requirements. The tower will also feature green garden decks and a helipad.

The project is a joint venture between the Company and JFC, which serves as the building's anchor tenant. Under the terms of the Company's joint venture agreement with JFC to develop Jollibee Tower, JFC contributed the land for the project in exchange for 15% of the project's leasable floor area, while the Company as sole developer of the project received the remaining 85% of the project's leasable floor area. In addition to the floor area received under the joint venture agreement, as anchor tenant, JFC leases

additional office space directly from the Company to accommodate their corporate office requirements.

The Jollibee Tower is pre-certified for a LEED Gold certification in line with the Company's desire to promote sustainable developments through "green" technology.

The Company's investments in the growing industrial leasing segment are held through its wholly owned subsidiary, CentralHub Industrial Centers Inc. The Company currently has plans for development sites strategically located across Luzon, Visayas and Mindanao. The Company believes that its industrial centers are the first branded modern industrial centers in the Philippines and will contain standardised, multi-use, and industrial quality warehouses suited for commissaries, cold storage and logistics centers to be leased to locators nationwide. The Company believes that industrial leasing presents a significant growth opportunity in the Philippines due to the lack of such industrial support infrastructure in provincial areas. The Company believes that it can leverage the fast food experience of its CEO and significant shareholders, as the fast food industry leases from other parties its warehouses for commissary operations, cold storages and logistics distribution centers. The Company also believes that such industrial centers will be able to support the tenants of its CityMalls located in nearby cities.

As of 31 July 2024, the Company owns 10 CentralHub sites across the Philippines, with a total of 60.57 hectares of prime industrial land. Five of the Company's CentralHub sites, namely CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig, are currently operational. CentralHub-Sta Barbara Iloilo, CentralHub-Davao, and CentralHub-Cebu are under construction while and CentralHub-Negros and CentralHub-Surigao are currently in the development stages. As of 31 July 2024, Phases 1 and 2 of CentralHub-Tarlac, CentralHub-Capiz, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were all fully leased out.

As of 31 July 2024, the weighted average lease expiry of the Company's operational CentralHub warehouses was 43.21 years with most of its lease contracts in a 50-year lease term. The Company has entered a lease contract on 14 November 2022 for the 44,101 sq.m. for CentralHub-Cebu, with the lease term set to start after the turnover of the leased premises.

In 2017, the Company, through CHICI, acquired a 6.2-hectare lot in the Luisita Industrial Park in Tarlac for its first industrial hub covers 32,000 sq.m. of industrial space built over four phases. Phase 1 of the project has been completed and is 100% leased out as of 31 July 2024. Phases 2 and 3 of the project each consists of one structure subdivided into four warehouses and are already completed, with phase 2 being fully leased out as of 31 July 2024. Phase 4 of the project is subdivided into three warehouses and was completed in January 2022. As of 31 July 2024, CentralHub has a blended occupancy of 91%.

Actual CentralHub Sites Across the Philippines

On 14 February 2018, the Company, through CHICI, acquired a 3.9-hectare property in Iloilo, located along Iloilo R3 Road approximately five kilometers from the Iloilo International Airport and ten kilometers from the Iloilo City proper. The site is expected to be the Company's second CentralHub complex in the Philippines, following its Tarlac project which is currently under construction Once developed, CentralHub-Iloilo is expected to have a capacity of 22,134 sq.m. of leasable space. CentralHub-Iloilo commenced construction in 2022.

On 26 October 2018, CHICI acquired its third site, a 5.2-hectare parcel of land in Danao, Cebu for industrial leasing. CentralHub-Cebu will have a capacity of 27,212 sqm. of industrial warehouse space. This will be the second major hub of CentralHub in the Visayas region following the recent acquisition of CentralHub-

Iloilo.

On 8 August 2018, CHICI completes its first ever CentralHub prototype which marks the beginning of a string of industrial complexes soon to rise across strategic provinces in the Philippines. On 11 March 2019, the Company has secured its fourth CentralHub industrial complex in Davao City. CentralHub-Davao has an area of 8.2 hectares with a capacity of 40,392 square meters of leasable industrial warehouse space. This will be the first CentralHub in Mindanao and DoubleDragon's fourth CentralHub nationwide.

On 11 March 2019, the Company, through CHICI, secured its fourth CentralHub industrial complex in Davao City. CentralHub-Davao has an area of 8.2 hectares with an expected capacity of 40,392 sq.m. of leasable industrial warehouse. This will be the first CentralHub in Mindanao. CentralHub-Davao is a joint venture by CHICI and Alsons Development & Investments Corp

In 2019, the Company has also developed its fifth CentralHub industrial warehouse complex located in Capiz province. The 4.2-hectare industrial warehouse complex is now completed and 100% leased to tenants such as the area distributors of Prifood and Nestlé.

In August 2021, JFC and its wholly owned subsidiary Zenith Foods Corporation ("**ZFC**") entered into definitive agreements to subscribe to an aggregate of 38.71% of CHICI's total outstanding shares (post-subscription) in consideration for a cash payment of ₱1.9 billion. On 19 August 2021, CentralHub-Laguna 1, CentralHub-Laguna 2 and CentralHub-Pasig were infused into CHICI by JFC pursuant to the definitive agreements executed between the Company and JFC, implementing the ₱4.0 billion investment of JFC in CHICI. JFC acquired common shares of CentralHub and infused its 16.4 hectares of industrial properties in Santolan, Pasig and Carmelray, Laguna which are currently utilised as commissaries (including the largest operating commissary of JFC). As of 31 March 2024, the equity and asset swap between CentralHub and JFC was completed and the transfer of title for the two CentralHub- Laguna and CentralHub-Pasig were completed. The Company and JFC are preparing for the Philippines' first industrial REIT IPO.

CentralHub-Pasig is located in F Pasco Ave, Santolan, Pasig City with area size of 14,327 sq.m., CentralHub-Laguna 1 is located in Unity Avenue and Productivity Drive, Carmelray Industrial Park 1, Canlubang, Calamba, Laguna with area size of 50,000 sq.m. and CentralHub-Laguna 2 is located in Unity and Prosperity Ave, Carmelray Industrial Park 1, Canlubang, Calamba, Laguna with area size of 100,000 sq.m. CentralHub-Pasig, CentralHub-Laguna 1 and CentralHub-Laguna 2 are fully leased out as of 31 March 2024.

In 2022, the Company acquired two other sites, a 10.06-hectare property in Silay Negros for CentralHub-Negros, and a 6.40-hectare property in Surigao for CentralHub-Surigao. Industrial warehouse leasing is one of DoubleDragon's four pillars of growth in line with its vision to be a primarily recurring revenue-focused property company. The Company currently has plans for development for CentralHub industrial centers strategically located across Luzon, Visayas and Mindanao.

LEASING POLICIES

The Company's leasing policies in relation to each of its CityMalls is to screen applicants carefully and to secure an appropriate mix of tenants, both in terms of the nature of their business and their size, which cater to the needs and demands of the community which each such CityMall serves.

The Company's office space tenancies are generally granted for a term of three to ten years. Leases may not be pre-terminated prior to the fifth year of the lease term, and any pre-termination requires 6 months' prior notice. The Company also requires the payment of 6 months of security deposit and advance rent at the commencement of the lease. The Company's leases are on fixed annual rates, subject to annual escalation clauses. Upon expiry of the lease, the rental rates are adjusted to reflect the prevailing market rent.

HOTELS

The Company's hospitality segment is operated through its subsidiary, HOA, which is 70% owned by the Company. HOA's hospitality operations are comprised of 6 operational hotels with 1,482 hotel rooms, including the Company's own hotel brand, "Hotel101", located in the Manila Bay Area near the Mall of Asia, the Hotel101-Manila and the Hotel101-Fort in Bonifacio Global City, Taguig. CSI Hotels, Inc., a 50%-owned subsidiary of HOA, is the Philippines' master franchisee of the "Jinjiang Inn" brand, one of the largest hotel brands in Asia, with two hotels in operation in Ortigas and Makati, Metro Manila, that primarily target Chinese tourists. HOA also operates Injap Tower, a 21-storey condotel located in Iloilo City. HOA also operates Injap Tower, a 21-storey condotel located in Iloilo City. As of 31 March 2024, the Company has seven hotels under construction which is expected to add another 3,463 rooms, and an additional ten hotels under planning and development stages.

On 30 September 2022, the Company, through DDPC Worldwide Pte. Ltd. and Hotel101 Worldwide Pte. Ltd. fully paid for the acquisition of a prime 9,000 sq.m. parcel of land in Hokkaido Prefecture, Japan. The Company expects to develop its first international Hotel101 development, named Hotel101-Niseko on such acquired land.

On 31 October 2023, through its subsidiary, the company received all the pertinent executed land purchase documents and has made the full complete payment for the purchase of the 6,593 sq.m of prime commercial land in Madrid Spain. The development, named Hotel101-Madrid eyes the high real estate investment demand in Madrid driven by the Spanish Golden Visa.

As of 31 December 2023, the Company has a portfolio of 7,981 rooms which include both operational and rooms in the pipeline.

The units in Hotel101 are sold to buyers prior to construction completion and opening. The buyers receive individual condominium titles, and likewise are able to receive income share from the hotel's revenues. The Company continues to manage the hotel, and shares a portion of the gross revenue with the individual unit owners in accordance with respective management agreements. The hotel is managed by Hotel101 Management Corp, a wholly owned subsidiary of HOA, under a 25-year management contract (with an option to extend for another 25 years).

The Hotel101 concept allows the Company to generate revenue and income twice from one project, first from the pre-selling of the condotel units and second from the long term-recurring revenue from hotel operations after the project's completion.

The Company's Board of Directors approved the creation of international wholly-owned selling arm subsidiaries in Singapore, Hong Kong, Japan, London, Italy and the USA to focus on the international pre-selling of Hotel101 projects in the Philippines. The Company plans to organise several more sales teams in preparation for the pre-selling activities of the next Hotel101 projects in Cebu, Boracay, Bohol, Palawan, Libis and Niseko. On 2 April 2019, the Company incorporated its international wholly owned selling arm, Hotel101 Worldwide Private Limited, in Singapore.

On 21 June 2019, the Company inaugurated its Hotel101 sales lounge at the ground floor of DoubleDragon Plaza at DD Meridian Park, Bay Area, Pasay City. The Hotel101 sales lounge houses a training center, various meeting and conference rooms, the "Happy Room" model unit, scale models of the upcoming Hotel101 projects and other discussion areas catering to Hotel101 buyers and unit owners. HOA leases the sales lounge from DD Meridian Park Development Corp.

The Company's Hotel101 Global Application, on both Apple iOS and Android platforms, is designed to provide efficient services across countries and is already available on iOS and Android. The Hotel101 Global App provides hotel reservation services and promotional programs, including vouchers, points and loyalty perks programs. The application will be the core of the Company's global operations as it will hold the thousands of uniform Hotel101 units owned mainly by third party unit-owners enrolled exclusively in the Hotel101 Global App.

The Company believes that its foray into the hospitality sector will allow it to benefit from the significant tourism prospects globally, as well as fully optimize the use and value of its string of prime properties in strategic locations throughout the country as well as in its international locations.

Hotel101-Manila

HOA created the "Hotel101" brand primarily to be an alternative accommodation, with services and facilities that address the needs of a fast-paced leisure and business environment. The first Hotel101 branded hotel opened in June 8, 2016 and is located in the Manila Bay Area, only a few blocks from the Mall of Asia, the largest mall in the Philippines and one of the largest malls in Asia. The hotel offers 518 uniformly sized rooms, a spacious lobby, where guests can relax, conduct business, or meet with friends as well as a swimming pool, kiddie pool and outdoor Jacuzzi, which opens to the famous Manila Bay sunset. Located on the ground floor is its restaurant Horizon Cafe, which serves breakfast buffet, and offers a la carte lunch and dinner, serving international cuisines.

Hotel101-Fort

Actual Photo of Hotel101-Fort

The second Hotel101 branded hotel, located in Fort Bonifacio Global City, opened its door to public in August 2023. The Hotel101-Fort added 606 rooms to HOA's portfolio and feature a three-level podium with commercial areas on the ground and second floor levels reserved for specialty retail shops and residents. The third level of the podium will house amenities such as a gym, spa, infinity pool, conference rooms, all-day dining and lounges.

The units in Hotel101 are sold to buyers prior to construction completion and opening. The buyers receive individual condominium titles, and likewise are able to receive income share from the hotel's revenues. The Company continues to manage the hotel, and shares a portion of the gross revenue with the individual unit owners in accordance with respective management agreements. The hotel is managed by Hotel101 Management Corp, a wholly owned subsidiary of HOA, under a 25-year management contract (with an option to extend for another 25 years).

Jinjiang Inn

CSI Hotels, Inc., a 50%-owned subsidiary of HOA, is the master franchisee of the "Jinjiang Inn" brand in the Philippines. Jinjiang is a Chinese-based hotel operator with one of the largest hotel portfolios in Asia. Through the master franchise agreement, CSI Hotels, Inc. receives the right to operate the Jinjiang Inn brand in the Philippines. The first Jinjiang Inn was opened on September 2015 and is located along San Miguel Ave. in Ortigas. The hotel offers 95 rooms including five business suites, with a dimension of 23 sq. m. to 56 sq. m., with known necessities to travelers. All rooms are complete with 46" LCD TV, mini bar, in-

room safe, laundry services, and an en-suite bathroom, complete with toiletries and bath robes. Its facilities include three meeting rooms, good for six to 14 persons, and a business kiosk. Its restaurant, Five Spice Asian Bistro, serves Asian Fusion cuisines and services buffet breakfast, a la carte lunch and dinner, and can also accept banquet functions for up to 50 persons.

The second Jinjiang Inn was opened in September 2016 and is located along Pasay Road in Makati. The hotel offers 59 rooms, as well as a spacious and elegant lobby. In addition to other modern conveniences, the hotel also has a business kiosk to help guests with their online needs. All rooms are well-appointed with fixtures and amenities comparable to deluxe class hotels. Located on the ground floor is the hotel's Choi Garden Seafood Restaurant, which serves authentic Chinese cuisines and uses quality ingredients in its dishes.

The Company intends to expand its Jinjiang Inn hotels from both developments of Company-owned properties and through subfranchising thereof.

Injap Tower

Injap Tower is a 21-storey commercial and condotel tower located along West Diversion Road in Iloilo City. Situated across from SM Iloilo, the tower is Iloilo's first high-rise building as well as the tallest building in the Western Visayas. Injap Tower features two commercial units on the ground floor, multi- level parking, and 196 fully furnished condotel units. Amenities and facilities of the tower include a swimming pool, 24-hour security, four elevators, several retail shops and the Horizon Café on the top floor.

Injap Tower Hotel is likewise a condotel concept similar to Hotel101, where rooms are sold to third party investors. The hotel is managed by Hotel101 Management Corp, a wholly owned subsidiary of HOA, under a 25-year management contract (with an option to extend for another 25 years).

Injap Tower Hotel opened in June 2014. It has 21 floors with 194 rooms available.

Hotel101- Niseko

On 30 September 2022, the Company, through DDPC Worldwide Pte. Ltd. and Hotel101 Worldwide Pte. Ltd., fully paid for the acquisition of a prime 9,000 sq.m. parcel of land in Hokkaido Prefecture, Japan. The Company expects to develop its first international Hotel101 development, named Hotel101-Niseko, on such acquired land. In February 2023, the Company has signed construction agreement with its contractors in Japan and is in the process of obtaining new building permit for the new development layout to maximise space usage. Hotel101-Niseko is expected to have approximately 482 rooms, and is expected to generate pre-selling sales revenue as a hybrid condotel project. The project is located in Hokkaido Prefecture, Japan, and targets domestic travelers in Japan, foreign tourists from other countries, including, in particular, Filipino travelers who visit Hokkaido. The Company believes it will generate hybrid condotel pre-

sale revenue as well as long term recurring revenue from the hotel operation.

Other Hotel Developments

On 1 February 2018, the Company announced that HOA entered into a joint venture with Newcoast South Beach, Inc., for the development of Hotel101 Resort-Boracay which will have 1,001 rooms and is expected to become the biggest hotel in the Philippines in terms of room count. The project will support environment-friendly operations, consistent with the sustainability efforts and green initiatives of Boracay Newcoast which include of electric jeepneys, solar-powered streetlamps, flood-free drainage systems, implementation of its own waste segregation program, having its own material recovery facility ("MRF") for waste recycling and having its own sewage treatment plant that converts used water to water for irrigation purposes and fire reserves.

The sites for Hotel101 Bohol and Hotel101 Resort-Boracay are subject of two Memorandum of Agreement executed by HOA in 2017. Ownership over the Hotel101 Bohol site will be transferred upon delivery by HOA of the agreed consideration to the landowner. The land where Hotel101 Resort-Boracay will be built will be transferred to Newcoast South Beach Inc. ("**NSI**") pursuant to its Contract to Sell with Global-Estate Resorts, Inc. and Oceanfront Properties Inc., and which will eventually be the joint development vehicle that will develop a condominium building in Boracay Newcoast, Boracay Island, Malay, Aklan. Under the agreement with HOA, the shareholders of NSI will contribute the land for the Hotel101 Resort-Boracay project while HOA shall infuse capital that will allow it to acquire 61.9% interest in the NSI, with current NSI shareholders retaining 38.1%. NSI is in the process of completing the payment for the site which must be completed within six months from the execution of the agreement, or not later than April 10, 2018. In the event that NSI fails to complete the payment with the said period, HOA shall have the option to pay the balance needed for the full payment of the lots and the amount thus paid shall be considered in the computation of its proportionate equity share in the company.

The sites for Jinjiang Inn-Boracay Station 1 and Hotel101-Cagayan de Oro are covered by Contracts of Lease. HOA leases a 548.75 square meter space located at Balabag, Boracay Island, Malay, Aklan for Jinjiang Boracay. For Hotel101 Cagayan De Oro, HOA leases a space from CMCCI located at Brgy. Bulua, Cagayan De Oro City. The contract is for a period of 25 years commencing on January 1, 2021 or opening date, whichever is earlier, and shall terminate on January 1, 2046.

INTERIM PROJECTS

The Company's long term strategy is to earn a significant majority of its revenues through recurring income from its leasing portfolio and hospitality operations. However, the Company has strategically acquired existing projects that have been pre-sold and partially completed by other developers in order to enhance

the Company's profitability in the near-term and provide capital to develop its leasing portfolio of properties. While the Company may continue to strategically acquire such additional interim projects in the future on a case by case basis, the Company will continue to shift its primary focus to acquiring, developing and operating leasable properties in the future. The discussion below includes certain details on interim projects undertaken by the Company.

The SkySuites Tower

The Company acquired The SkySuites Tower on September 1, 2014 from Rizal Commercial Banking Corporation, the financial institution that foreclosed on the property from its original developer four years prior to the Company's acquisition. The SkySuites Tower was planned as a 38-storey commercial, office and residential tower sitting on a 2,812 sq. m. prime corner lot at the corner of EDSA and Quezon Avenue, a few meters away from the Mass Rail Transit station.

The SkySuites Tower is divided into two structures with lobbies: the lower structure is dedicated to corporate offices while the residential tower consists of lofts catering to the mid to high-end market. The Company has continued both the construction and sale of the remaining inventory of the residential units and parking, but intends to retain the unsold commercial and office spaces as part of the Company's leasable portfolio.

W.H. Taft Residences

The Company's first project in Metro Manila was the 31-storey W.H. Taft Residences, a condominium development situated beside De La Salle University on Taft Ave. in Manila. W.H. Taft Residences offers 533 low-density studios and one bedroom residential units in a prime location to serve as a base for students from De La Salle University, College of St. Benilde and St. Scholastica's College, all of which are within walking distance from the project. Residents of the project also enjoy a full range of student-inspired features and amenities such as wireless internet connection, a multi-purpose hall convertible into seminar, study, or focus group discussion areas, a swimming pool, multi-level flood free podium parking, and commercial establishments on the ground and second floors to cater to the day-to-day needs of its residents.

The Uptown Place

The Uptown Place is a five-storey premium commercial and residential condominium located along General Luna Street in Iloilo City. The building is across the street from the University of the Philippines Iloilo and consists of 236 residential units, ranging from 21 sq. m. studios to 73 sq. m. three bedroom units. The ground floor consists of commercial units held for lease. The project construction was completed in March 2014.

FirstHomes

FirstHomes subdivision is the Company's first horizontal housing project. Located in Navais, Mandurriao, Iloilo City. FirstHomes is a gated townhouse project consisting of 112 units within a 1.3-hectare property. FirstHomes offers semi-furnished two, three and four bedroom units equipped with modern utilities and features modern minimalist design and a wide range of amenities including swimming pools, community parks, clubhouse and CCTV security systems. The project was completed in October 2012.

HappyHomes

HappyHomes-Mandurriao is a project of DD HappyHomes Residential Centers, Inc., a subsidiary of the Company. HappyHomes is an affordable community space offering 613 lots for development in the fast growing Mandurriao district of Iloilo City. HappyHomes offers four variations of units with varying house and lot packages ranging from ₱1.2 million to ₱3.1 million. Each unit is built upon receipt of a 10% down payment and can be turned over four to six months from start of construction. In 2018, the land development is 100% complete. Construction is on a per-block basis and commences when at least 50% of the block has been sold. The construction period is approximately seven to eight months.

Happy Homes-Tanauan is a new project of DDHH, Inc. that was acquired in 2015. Located in Tanauan, Leyte, the project consists of 1,494 lots available for development. Four variations of units with varying house and lot packages are available, ranging from ₱0.450 million to ₱1.2 million. Land development works for phase 1 began on April 21, 2016. Similar to Happy Homes-Mandurriao, construction is on a per-block basis and commences when at least 50% of the block has been sold and the construction period is approximately seven to eight months.

Buyers of units in Happy Homes-Mandurriao and Happy Homes-Tanauan may avail of financing schemes offered by the Home Development Mutual Fund as well as accredited banks.

OTHER INITIATIVES

The Company also continues to access new rental revenue streams from leasing of roof space for solar, advertising spaces in its string of strategic properties around the country, and from roof deck space leasing for common telecommunications towers. The Company has commenced leasing out its roof spaces to solar companies. Both CityMalls and CentralHub warehouses are expected to lease out a total of 100 MW of solar panel space which is expected to translate to P100 million in annual rent income, excluding the rent income from advertising and common telco towers. In 2019, solar panels were installed at the rooftop of DoubleDragon Plaza, DD Meridian Park. These solar panels are expected to displace 418 tons of CO2, equalling to over 13,565 trees planted.

Revenues from foreign operations in 2023 pertain to interest income earned by the Group mainly from placements made in Hong Kong and Singapore ₱42.885 Million) and foreign exchange gains (₱8.382 Million). There were minimal rental revenues (₱0.079 Million) from rental income of a portion Hotel101 Niseko property in Hokkaido Japan as a temporary parking lot. Net loss from foreign operations are mainly from the operating offices of the Company in Singapore and Japan.

Revenues from foreign operations in for the six months ending 30 June 2024 pertain to interest income earned by the Group mainly from deposits and placements made in Hong Kong and Singapore (₱0.204 Million). There were minimal rental revenues (₱0.037 Million) from rental income of a portion Hotel101 Niseko property in Hokkaido Japan as a temporary parking lot. Net loss from foreign operations are mainly from the offices of the Company in Singapore, Japan and Madrid.

In 2022, the Company started the expansion of its Hotel101 projects internationally with the acquisition of prime lots in Niseko, Japan and Madrid Spain in 2023. As of March 31, 2024, Hotel101 Niseko and Hotel101 Madrid are already under construction, no revenues has been recognized yet.

The Company plans to expand its Hotel101 projects internationally thru its subsidiary, Hotel101 Global Pte Ltd. The asset light Hotel101 concept allows the Company to generate revenue and income twice from one project, first from the pre-selling of the condotel units and second from the long term-recurring revenue from hotel management operations after the project's completion. The Company aims to create one standard hotel product, which is consistent and dependable, in all of its Hotel101 hotels globally. Hotel101's signature standardized 21 sq.m. hotel unit, named the "happy room," is functionally designed and purpose-built to deliver all essential functions of a hotel room.

International Expansion

Hotel101 Global's international Hotel101 hotels will be managed by wholly-owned subsidiaries of Hotel101 Global. For example, Hotel101-Niseko will be managed by Hotel101 Japan Management KK, a Japanese corporation, while Hotel101-Madrid will be managed by Hotel101 Spain Management, S.L.U., a Spanish limited liability company. Both companies are wholly-owned subsidiaries of Hotel101 Global.

Hotel101 App – Available on iOS and Android, the Hotel101 App currently facilitates hotel reservations and guest services and offers promotions such as vouchers and loyalty programs, allowing Hotel101 to streamline hotel operations and enhance guest experience across its portfolio. Going forward, the Company intends to develop the Hotel101 App to serve as its operational backbone, linking Unit Owners, hotel guests and operations teams at each hotel in a seamless ecosystem that supports both daily management and strategic initiatives.

COMPETITION

DoubleDragon's top competitors are investment holding companies with a strong real estate portfolio such as SM Investments Cop. (SM), Ayala Corporation (AC) and JG Summit Holdings Corp. (JGS).

SM is the holding company of the SM Group with interests in property, retail and banking with total assets as at 31 December 2023, and 30 June 2024 were ₱1.586 trillion and ₱1.603 trillion, respectively. AC principal business interests include real estate and hotels; financial services and insurance; telecommunications; water; industrial technologies; power; and automotive, outsourcing, and others with total assets as at 31 December 2023, and 30 June 2024 were ₱1.609 trillion and ₱1.679 trillion, respectively. JGS has substantial business interests in real estate and hotels; foods; agro-industrial and commodities; air transportation; banking; and petrochemicals with total assets as at 31 December 2023, and 30 June 2024 were ₱1.112 trillion and ₱1.003 trillion, respectively.

Since CityMall was conceptualized to be the modern alternative to traditional retailers in the provinces, the Company believes that traditional retailers would primarily be considered as the current competitors of CityMall. However, traditional retailers are often less organized and do not have the branding strength or critical mass that the Company can achieve through the nationwide roll out of its CityMalls. The existing traditional retailers are also more often than not locally owned and specific only to that city or region. Currently, only a fraction of the pricing advantage previously enjoyed by local retailers exists. The Company believes this pricing advantage will continue to be reduced or eliminated in the near term as branded retailers continue to penetrate the provinces. Other community mall developers could potentially be considered competitors to CityMall, although the Company believes that it has the advantage of familiarity, focus and actual business experience in these provincial areas of the Philippines.

For the office segment, the Company will compete with a majority of property players that are also invested in the office segment. The office segment is dependent on the continuous growth of the BPO industry in the Philippines, which make up majority of the end users in this market. Economic downturns could potentially affect this sector, thus, in order to minimize risk, the Company has only developed office projects within the top five prime locations for these types of developments.

For the industrial leasing, the Company competes with other small to large property players with warehouses and logistic hubs around the country. Due to the COVID 19 pandemic, there is a positive demand for logistics space in the country given that companies involved in fast-moving consumer goods distribution and food

production are priority industries the Government mandated to be fully operational during the imposition of the community quarantine measures. The Company believes that it can compete in the market given the locations of its industrial properties and the synergies with its related parties.

The Company's hotels cater to the mid-end market and compete with other three-star hotels and alternative sources of accommodation, such as short-term lets of private property, within the areas where HBNB has current and planned operations, such as the Manila Bay Area, Makati City, Bonifacio Global City, Taguig and Ortigas Center in the Philippines and Hokkaido Prefecture, Japan, Madrid, Spain, Westlake North District of Los Angeles, California, United States, and other international Hotel101 sites.

The Hotel101 concept is also positioned as an alternative real estate investment to titled apartment condo real estate units that people buy with the intention to lease out or enroll the asset in short term rental application platforms for passive income while preserving the long-term asset value of the titled apartment unit that could eventually be passed on as inheritance. The Hotel101 concept, while similar to existing short-term apartment rental websites and application platforms in the sense that its inventory is owned by third-party Unit Owners, is distinct in the sense that Hotel101 offers predictability of offering and consistency of quality.

The Company competes with the top 5 real estate companies in the Philippines, with properties and products focused on retail leasing, office leasing, industrial leasing and hotels.

MARKETING

The Company employs an in-house leasing, marketing and project department to find tenants for the Company's leasing spaces. The Company also relies on professional, multinational commercial real estate leasing agents such as Leechiu & Associates, Colliers, KMC Savills and Santos Knight Frank to find tenants for its office spaces.

SUPPLIERS

The Company has a broad base of suppliers for materials and services and is not dependent on any one supplier for its construction and development activities. The Company believes there is no scarcity for the Company's raw materials and they may be easily sourced in the market, and therefore the Company is not, nor is it expected to be, dependent upon one or a limited number of suppliers for its essential raw materials or any other items. The Company's principal raw materials are steel and cement, which are readily available in the market from a number of sources. Contracts between the Company and its contractors or suppliers contain warranties for quality and requirements for timely completion. In the event of delay or poor quality of work, the contractor or supplier may be liable to pay the Company a penalty. The Company has not had any material disputes with any of its contractors or suppliers. The Company uses a standard form fixed- price turnkey contract for both its general and specialty construction contractors. The contracts typically include the following key terms: a down payment of 10%-15% is required from the contractor and is usually obtained in the form of a performance bond; progressive billing occurs on a monthly basis; and a 10% retention and warranty provision for workmanship is included and is typically covered by a guarantee bond.

The Company also outsources certain services for its CityMalls, office buildings and hotels, such as housekeeping, janitorial, maintenance, and security services, to reputable third-party service provides on an annual contractual basis. These contracts can usually be terminated at any time, such as if the contractor fails to perform at an acceptable level.

CUSTOMERS

The Company does not have a customer that will account for twenty percent (20%) or more of its revenues.

RESEARCH AND DEVELOPMENT

While the Company engages in research and development activities, the expenses incurred in connection

with these activities are not material.

EMPLOYEES

As of 31 July 2024, the Company and its Subsidiaries have a total of 616 organic employees, with 350 organic employees in operations. The Parent Company had 222 organic employees as of the same period. The Company and its Subsidiaries expect to increase to 675 organic employees in the next 12 months.

Type of Employee	Number
Managerial	50
Rank and File	625
TOTAL	**675**

The Company has no collective bargaining agreements with its employees due to the absence of organized labor organizations in the Company. Aside from complying with the minimum compensation standards mandated by law, the Company makes available to qualified personnel supplemental benefits such as health insurance, car plans and bonuses. The Company has not experienced any disruptive labor disputes, strikes or threats of strikes, and management believes that the Company's relationship with its employee in general is satisfactory.

HEALTH, SAFETY AND ENVIRONMENT

The Company regards occupational health and safety as one of its most important corporate and social responsibilities and it is the Company's corporate policy to comply with existing environmental laws and regulations. The Company maintains various environmental protection systems and conducts regular

trainings on environment, health and safety. As discussed above, the Company spends significant time and resources on being a leader in sustainable development.

On 14 January 2019, CMCCI formally committed to support the World Wide Fund for Nature ("WWF") Philippines' renewable energy efforts in the country as the two parties entered into a memorandum of agreement memorializing a partnership that will help boost projects that promote and demonstrate renewable energy use, low carbon development in cities, and sustainable consumption and production under the "Climate Change and Energy Program" of WWF-Philippines. Anchored primarily on public awareness and consumer education campaigns on the importance of caring for the environment and the benefits of solar power and renewable energy by way of exposure in all CityMalls nationwide, promotion of WWF- Philippines' existing campaigns such as "Seize Your Power" and "Earth Hour", and other climate mitigation and adaptation initiatives, will also be pursued under the terms of the memorandum of agreement.

On 21 June 2019, DoubleDragon Plaza at DD Meridian Park received its LEED Gold Certification. LEED, which stands for Leadership in Energy and Environmental Design, is a green building certification program developed by the U.S. Green Building Council which evaluates environmental performance to provide a definitive standard for green buildings. LEED recognizes best-in-class building strategies and practices. By designing and building to LEED standards, the Company benefits from a number of value-added incentives such as reduced construction waste, increased recycled content, lower long-term operating costs, efficient water usage, and improved indoor air quality.

In 2019, solar panels were installed at the rooftop of DoubleDragon Plaza, which are expected to displace 418 tons of CO2, equivalent to over 13,000 trees planted.

The Jollibee Tower is also pre-certified for a gold LEED certification in line with the Company's desire to promote sustainable developments through "green" technology. To receive LEED certification, Jollibee Tower must satisfy prerequisites and earn points to achieve different levels of certification. The exterior of the building is expected to be made of double-glazed glass curtain wall for increased energy efficiency. The Company believes the structure is poised to become one of the prominent landmarks in the Ortigas skyline.

INSURANCE

The Company obtains and maintains appropriate insurance coverage on its properties, assets and operations in such amounts and covering such risks as the Company believes are usually carried by companies engaged in similar businesses and using similar properties in the same geographical areas as those in which the Company operates. The Company maintains insurance policies, including policies with Malayan Insurance Company, Incorporated and PGA Sompo Insurance Corp. through the Company's insurance broker, Marsh Philippines, Inc., covering the following risks: Business interruption, comprehensive general liability, personal accident insurance for directors and officers, fire and lightning, bush fire and spontaneous combustion; windstorm, storm, typhoon, flood, tidal wave and tsunami; water damage caused by overflowing or bursting of water tanks, pipes or other apparatus, sprinkler and related firefighting apparatus leakage; explosion, falling aircraft and article therefrom, impact by road vehicles and smoke; earthquake shock and earthquake fire; volcanic eruption; subsidence, collapse and landslide; riot and strike, civil commotion and malicious acts; electrical injury; sparkler and related firefighting apparatus leakage; robbery and burglary; mechanical or electrical derangement failure or breakdown or boiler explosion; extra expense / standard charges; and third-party bodily injury and property damage.

CORPORATE SOCIAL RESPONSIBILITY

Partnership with Local Government Units for the Country's Vaccination Drive

To support the Government's vaccination drive during the COVID-19 pandemic in 2021, the Company through its malls all over the country provided a convenient, safe, and accessible venues for the community to be vaccinated and enabled the local government units to maximise the number of people that can be vaccinated per day.

Photos of Vaccination Service

The Company has also partnered with the Government for the Comelec Voter's Satellite Registration and PSA National ID Public Registration.

CSR Programmes

The Company continues to integrate and engage in corporate social responsibility by supporting the Jollibee Group Foundation's initiatives specifically in the areas of education, youth and entrepreneurship. The Jollibee Group Foundation was established by JFC in 2004 as part of its commitment to community development. The programmes which the Company supported include:

Farmer Entrepreneurship Program

The Farmer Entrepreneurship Program ("**FEP**") Leadership for Agroenterprise Development ("**LeAD**")

Training Programme was launched to help FEP farmer leaders. It aims to develop both their skills and mindset to explore, persevere and grow as reliable suppliers, and leaders to other farmers. The programme has helped participants increase their income by honing their entrepreneurial skills, and by linking farmers to institutional buyers such as JFC.

Jollibee Group FoodAID

The Jollibee Group Foundation ("**JGF**") engaged in calls for disaster response through Jollibee Group FoodAID, a programme that recognises the importance of preparedness, quick response, and sustained efforts towards recovery in times of crisis. On top of JGF's internal distribution system and vast store network, JGF has partnered with institutional kitchens and a broad range of NGOs that help safely prepare and distribute meals directly to the front-liners and families in need.

Project ACE Scholarships

JGF has also provided tertiary education scholarships to underprivileged but deserving youth. Under Access, Curriculum and Employability ("**ACE**"), JGF has partnered with technical-vocational skills training institutions to train indigent out-of-school students in technical-mechanical courses, agro-

entrepreneurship, and quick service restaurant operations. Scholars are also given on-the-job training opportunities in JGF's industry partners and Jollibee Group's strategic business units.

In addition to the above programmes, the Company supported the construction of two classroom buildings in Marawi City and Roxas City. The two-classroom building in Roxas City can accommodate a hundred "Alternative Learning System" students of Congressman Ramon A. Arnaldo High School. On 28 June 2019, the Company and Jollibee Group Foundation turned over two classrooms to Harat Medina Central Elementary School, Marawi City.

On 25 May 2019, in partnership with the Jollibee Group Foundation, more than 200 of the Company's employee volunteers gathered to support the Philippine Department of Education's Brigada Eskwela in Juan Sumulong Elementary School in Antipolo, Rizal. The initiative prepared the school's facilities to welcome the pupils for the upcoming school year. The volunteers' activities include repainting of the school's concrete walls and gates, organising student's library and books, cleaning the classrooms, comfort rooms and other common areas used by the students.

LEGAL PROCEEDINGS

The Company is not involved in any bankruptcy, receivership or similar proceedings. Neither is it aware of any bankruptcy, receivership or similar proceedings involving any of its subsidiaries.

Neither the Company nor any of its subsidiaries, directors, executive officer, promoter or control person are involved in, or the subject of, any legal proceedings which, if determined adversely to the Company or the relevant Subsidiary's interests, would have a material effect on the business or financial position of the Company or any of its subsidiaries. However, in the ordinary course of business, the Corporation is involved in the following legal proceedings as of 4 June 2024 which while the Corporation believes are nuisance cases and without any merit, are being disclosed. These do not pose any serious question on the integrity or capability of the Corporation or any of its directors, executive officer, promoter or control person.

1. ***Cesar Tirol, Vicente G. Tirol, and Conception Tirol-Viray vs. CityMall Commercial Centers, Inc. (Regional Trial Court of Buruanga, Aklan – Branch 6 (Civil Case No. 10558))***

The unfounded case was filed despite the valid Lease Agreement entered into by CityMall Commercial Centers Inc. ("**CM**") with the other heirs of the decedent who own the subject lot. Plaintiffs' failure to allege and show proof of prior physical possession of the subject property in its complaint, an essential element to prove forcible entry, led the Municipal Circuit Trial Court to dismiss the case on 28 December 2016. Such ruling was affirmed by the Regional Trial Court on 19 September 2022.

On 30 April 2015, Cesar Tirol, Vicente G. Tirol, and Conception Tirol-Viray (collectively referred to as the "**Plaintiffs**") filed a complaint for Forcible Entry with Damages against CM in relation to a parcel of land in Boracay, which is currently being leased by CM. Plaintiffs, as second generation heirs of the late spouses Ciriaco Tirol and Trinidad Hontiveros, claimed to be co-owners of the subject land who did not give their consent to the lease, hence Plaintiffs filed the instant case praying among others for reasonable compensation for the use and occupation of the subject land at the rate of not less than ₱300,000.00 per month from October 2014 until delivery, ₱5,000,000.00 moral damages and ₱100,000.00 litigation expenses. On 24 July 2015, CM filed its Answer praying for the dismissal based on the following: (i) there is no allegation that Plaintiffs have prior possession of the land; (ii) CM did not employ strategy or stealth in entering the land; and (iii) even assuming that Plaintiffs are co-owners of the subject property, the complaint must be dismissed for failure to implead the co- owners. On February 4, 2016, Leonard Tirol and Antonio Cyrian Gonzales (the "**Oppositors**") filed their Motion for Leave for the admission of their Opposition where they confirmed that Plaintiffs were never in possession of the property and that they (Oppositors) have the right to enter into a Lease Agreement with CM. On December 8, 2016, the case was dismissed for lack of jurisdiction and lack of cause of action. Plaintiffs appealed the dismissal of the case in February 2017. On 19 September 2022, the Regional Trial Court affirmed the decision of the Municipal Circuit Trail Court. Thereafter, Plaintiffs-Appellants elevated the case to the Court of Appeals, via a Petition for Review on Certiorari, where it is currently pending.

2. ***Kelly L. Luym, Ludo & Luym Foundation, Inc., Crane Holdings Corporation, Victor L. Luym and Paterno L. Luym, Jr., vs. Johnson Eric S. Luym, Spouses David Lu and Marilyn Lu, Spouses Douglas Luym and Annabelle Luym, John L. Luym, Timothy Ryan S. Luym, Eusebio Tanco, Dunes and Eagle Land Development Corp., Grand Options Holding Corp., Melati Investments Corp., Ayalaland Hotels & Resorts Corp. and Citymall Commercial Centers, Inc. (Regional Trial Court of Cebu City, Branch 11 (Civil Case No. R-CEB20-03708-CV))***

CityMall Commercial Centers, Inc. is merely impleaded as lessee in good faith of one (1) of the thirty-two (32) properties previously owned by a corporation with disputing stockholders.

CityMall Commercial Centers, Inc. ("**CM**"), which is not a stockholder of Ludo and Luym Development Corporation (LudoDev), was merely impleaded in this case as a lessee of one (1) of the thirty-two (32) properties previously owned by LudoDev, a prime lot located in Cebu City covered by TCT No. 107-2012002645 (the "**Leased Premises**") now registered under the name of Dunes and Eagle Land Development Corp. (DELDC), the lessor.

CM maintains that at the time that it entered into the lease agreement with DELDC for the Leased Premises, CM relied, in good faith, on the clean TCT of the property presented by DELDC, bearing NO

annotations. CM is in full possession of the lot and never had any legal impediment in constructing the building.

On March 20, 2024, the Regional Trial Court dismissed the complaint against CM and four other defendant corporations for being premature.

INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS OF DIRECTORS AND EXECUTIVE OFFICERS

To the best of the Company's knowledge and belief and after due inquiry, none of the Company's directors, nominees for election as director, or executive officers have in the five-year period prior to the date of this Prospectus: (1) had any petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within a two-year period of that time; (2) have been convicted by final judgement in a criminal proceeding, domestic or foreign, or have been subjected to a pending judicial proceeding of a criminal nature, domestic or foreign, excluding traffic violations and other minor offences; (3) have been the subject of any order, judgement, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting their involvement in any type of business, securities, commodities or banking activities; or (4) have been found by a domestic or foreign court of competent jurisdiction (in a civil action), the Philippine SEC or comparable foreign body, or a domestic or foreign exchange or other organised trading market or self-regulatory organisation, to have violated a securities or commodities law or regulation, such judgement having not been reversed, suspended, or vacated.

CORPORATE GOVERNANCE

The Company submitted its Integrated Annual Corporate Governance Report (the "I-ACGR") to the Philippine SEC on 1 September 2020 in compliance with Philippine SEC Memorandum Circular No. 6, series of 2009. The Company and its respective directors, officers and employees have complied with and endeavor to continually comply with the best practices and principles on good corporate governance as embodied in its Corporate Governance Manual. An evaluation system has been established by the Company to measure or determine the level of compliance of the Board of Directors and top-level management with its Manual of Corporate Governance. The Company is not aware of any material deviations from its Corporate Governance Manual.

INDEPENDENT DIRECTORS

The Manual requires the Company to have at least two independent directors in the Board of Directors, at least one of whom serves on each of the Corporate Governance, Nomination Committee, and the Audit Committee. An independent director is defined as a person who has not been an officer or employee of the Company, its subsidiaries or affiliates or related interests during the past three years counted from date of his election, or any other individual having a relationship with the institution, its parent, subsidiaries or related interest, or to any of the Company's director, officer or stockholder holding shares of stock sufficient to elect one seat in the board of directors or any of its related companies within the fourth degree of consanguinity or affinity, legitimate or common-law, which would interfere with the exercise of independent judgement in carrying out the responsibilities of a director.

COMMITTEES OF THE BOARD

The Board created and appointed Board members to each of the committees set forth below. Each member of the respective committees named below holds office as of the date of this Prospectus and will serve until his successor is elected and qualified.

Audit Committee

The Audit Committee is composed of at least three members of the Board who have accounting and finance backgrounds, at least one of whom is an independent director and another with audit experience. The chair of the Audit Committee should be an independent director.

The Audit Committee has the following functions:

a) Assist the Board in the performance of its oversight responsibility for the financial reporting process, system of internal control, audit process and monitoring of compliance with applicable laws, rules and regulations;
b) Provide oversight over the management's activities in managing credit, market, liquidity, operational, legal and other risks of the Company. This function shall include receiving from management of information on risk exposures and risk management activities;
c) Perform oversight functions over the Company's internal and external auditors. It should ensure that the internal and external auditors act independently from each other, and that both auditors are given unrestricted access to all records, properties and personnel to enable them to perform their respective audit functions;
d) Review the annual internal audit plan to ensure its conformity with the objectives of the Company. The plan shall include the audit scope, resources and budget, necessary to implement it;
e) Prior to the commencement of the audit, discuss with the external auditor the nature, scope and expenses of the audit, and ensure proper coordination if more than one audit firm is involved in the activity to secure proper coverage and minimized duplication of efforts;
f) Organize an internal audit department, and consider the appointment of an independent internal auditor and the terms and conditions of it engagement and removal;
g) Monitor and evaluate the adequacy and effectiveness of the Company's internal control system, including financial reporting control and information technology security;
h) Review the reports submitted by the internal and external auditors;
i) Review the quarterly, half-year and annual financial statements before their submission to the Board, with particular focus on the following matters:
    i. Any changes in accounting policies and practices;
    ii. Major judgmental areas;
    iii. Significant adjustments resulting from the audit;
    iv. Going concern assumptions;
    v. Compliance with accounting standards; and
    vi. Compliance with tax, legal and regulatory requirements.
j) Coordinate, monitor and facilitate compliance with laws, rules and regulations;
k) Evaluate and determine the non-audit work, if any, of the external auditor, and review periodically the non-audit fees paid to the external auditor in relation to their significance to the total annual income of the external auditor and to the Company's overall consultancy expenses. The Audit Committee shall disallow any non-audit work that will conflict with his duties as an external auditor or may pose a threat to his independence. The non-audit work, if allowed, should be disclosed in

the Company's annual report;

l) Establish and identify the reporting line of the internal auditor to enable him to properly fulfill his
m) duties and responsibilities. He shall functionally report directly to the Audit Committee. The Audit Committee shall ensure that, in the performance of the work of the internal auditor, he shall be free from interference by outside parties.

As of 31 March 2024, the Audit and Risk Management Committee is chaired by Mr. Gary P. Cheng, while Mr. Ferdinand J. Sia and Ms. Rizza Marie Joy J. Sia-Javelona serve as its members.

Nomination Committee

The Nomination Committee is composed of at least three members of the Board, one of whom is an independent director. The Nomination Committee reviews and evaluates the qualifications of all persons nominated to the Board and other appointments that require Board approval.

As of 31 March 2024, the Nomination Committee is chaired by Chief Justice Artemio V. Panganiban, while Ms. Rizza Marie Joy J. Sia-Javelona and Mr. William Tan Untiong serve as its members.

Compensation Committee

The Compensation is composed of at least three members of the Board, one of whom is an independent director. The Compensation may establish a formal and transparent procedure for developing a policy on remuneration of directors and officers to ensure that their compensation is consistent with the Company's culture, strategy and the business strategy in which it operates.

As of 31 March 2024, the Compensation is chaired by Mr. Vicente S. Perez Jr., while Mr. Ferdinand J. Sia and Ms. Rizza Marie Joy J. Sia-Javelona serve as members.

Corporate Governance Committee

The Corporate Governance Committee was created by the Board of Directors on 17 August 2018. The Committee is composed of at least three members.

The Corporate Governance Committee is tasked to assist the Board in the performance of its corporate governance responsibilities.

Currently, the Committee is headed by Chief Justice Artemio V. Panganiban while William Tan Untiong and Ms. Rizza Marie Joy J. Sia-Javelona serve as members.

EVALUATION SYSTEM AND COMPLIANCE

As part of its system for monitoring and assessing compliance with the Manual and the Philippine SEC Code of Corporate Governance, each committee is required to report regularly to the Board of Directors and the Manual is subject to quarterly review. The Compliance Officer is responsible for determining and measuring compliance with the Manual and the Philippine SEC Code of Corporate Governance. Any violation of the Company's Corporate Governance Manual shall subject the responsible officer or employee to the following penalties:

- For a first violation, the offender shall be reprimanded.

- For a second violation, suspension from office shall be imposed on the offender. The duration of suspension shall depend on the gravity of the violation. This penalty shall not apply to the members of the Board of Directors.

- For a third violation, the maximum penalty of removal from office shall be imposed on the offender. The commission of a third violation by any member of the board or the Company or its subsidiaries and affiliates shall be sufficient cause for removal from directorship. In case the offender is a member of the Board of Directors, the provisions of Section 28 of the Philippine Corporation Code shall be observed.

On 11 November 2015, the Board of Directors approved the creation of the senior management stock option plan ("**Stock Option Plan**"). The plan covers the senior management of the Company as identified by the Chairman and Chief Executive Officer. The plan allows all covered senior management to acquire at market price at grant date such number of shares of stock not exceeding 2% of the issued and outstanding capital stock of the Company, after a vesting period of three years. Vesting is conditional on the employment of the participant in the Company. The option will vest at the rate of 20% of the shares granted on the first year, 30% of the shares granted on the second year, and 50% of the shares granted on the third year. The option is exercisable within seven years from grant date.

The approval of the Stock Option Plan was ratified by the Company's shareholders on 5 January 2016 and submitted to the Philippine SEC for approval on 4 November 2016. The proposed issuance of 9,850,000 Common Shares pursuant to the Stock Option Plan was approved by the Philippine SEC on 25 September 2017. On 9 January 2019, the PSE approved the Company's application to list additional 9,850,000 common shares to cover the Company's Stock Option Plan at an option price based on the closing price of the Company's shares on the strike date. As of 31 March 2024, none of the eligible employees have exercised their respective options under the Stock Option Plan.

On 8 December 2016, the Company's Board of Directors resolved to expand the coverage of the plan to include rank and file regular employees of DoubleDragon Corporation.

On 24 June 2021, the Company's Board of Directors approved amendments to the Stock Option Plan and approved a Long-Term Incentive Plan. The approval was ratified by the Company's shareholders on 30 July 2021.

a. Executive Management Services Agreement

The Company entered into an agreement with a shareholder for executive corporate, strategic, administrative and financial oversight services relative to the real estate business of the Company. The term of this agreement is one year effective 1 January 2012. This is renewable under the same terms and conditions upon mutual agreement of the parties. In December 2018, the Company's Board authorised the extension of the aforesaid agreement from 1 January to 31 December 2019 under the same terms and conditions set out in 2018, payable on a quarterly basis. The agreement was further renewed in 2023, 2022, and 2021 with the same terms and conditions. The fee, which includes staffing costs for services rendered by the shareholders, amounted to ₱3.98 million, ₱2.68 million, and ₱2.68 million for the years ended 31 December 2023, 2022 and 2021, respectively.

b. Acquisition of Hotel of Asia, Inc.

The Company entered into a Share Purchase Agreement with Injap Investments, Inc. ("**III**") with the consideration amounting to the fair value of its shares to be issued to III, as consideration transferred in exchange for III's 40% share in Hotel of Asia, Inc. ("**HOA**") amounting to ₱429.94 million. This was paid in 2021.

c. Land Acquisitions

The Company has outstanding liabilities to minority shareholders of Prime DDG Commercial Centers Inc. amounting to ₱383.28 million for the acquisition of certain parcels of land which will be used in the on-going construction of CityMall. These are unsecured, non-interest bearing liabilities and will be settled by the Group in 2024.

In 2016, HOA entered into a Memorandum of Agreement and Deed of Absolute Conveyance with a minority shareholder wherein HOA, in consideration of the land owned by the minority shareholder, offered to pay the latter in kind by way of condominium hotel (condotel) units in the Hotel101 – The Fort project totaling 60 condotel units plus a portion of the deck referred to as the "Deck Unit".

In 2018, HOA entered into a Memorandum of Agreement with a minority shareholder wherein HOA, in consideration of the land owned by the minority shareholder, settled to pay the latter in kind by way of 80 condominium hotel (condotel) units and 50% of the ground floor commercial units in the Hotel101-Davao project.

In 2019, the Company entered into a Memorandum of Agreement and Deed of Absolute Conveyance for "Hotel101-Cebu Mactan Airport" project with a minority shareholder in relation to the transfer of land owned by the minority shareholder in exchange of a certain number of condotel units and commercial units.

d. Cash Advances

The amount pertains to unsecured, non-interest bearing advances granted to and received from related parties for working capital requirements. These advances are generally settled within one year from the date of grant.

e. Lease of Mall Spaces

The Group entered into various lease agreements with related parties covering its investment property portfolio. The amount pertains to the rent income earned by the Group from leasing out some of its commercial spaces in Dragon8 Mall, Jollibee Tower, Double Dragon Plaza and CityMalls to MerryMart Group, JFC and the SM Group. These leases generally provide for either a fixed monthly rent and percentage of gross sales with a minimum guaranteed rent. The terms of the leases are for periods ranging from five to 15 years. The fixed monthly rent shall escalate by an average of 5% to 10% each year. The corresponding receivables from related party tenants are recorded in the "Rent receivables" account.

f. Security Deposits

On 16 October 2019, the Group received a Letter of Intent from ITM Investment Corp., other related party, for the lease of certain units in the Skysuites Tower. Advance deposit received from the intent to lease amounted P713.77 million and was recorded as "Security deposits" under "Accounts payable and other current liabilities" account in the consolidated statements of financial position as at 31 December 2021 and 2020. The advance deposit is to be applied to the future rent payment. This was refunded in 2021.

g. Key Management Personnel Compensation

Short-term benefits of key management personnel amounted to ₱43.66 million, ₱39.91 million and ₱35.40 million in 2023, 2022 and 2021, respectively. Long-term benefits of key management personnel amounted to ₱0.96 million in 2023, 2022 and 2021. Directors' fee paid amounted to ₱2.58 million in 2023, 2022 and 2021.

Except when indicated above, all outstanding due to/from related parties are to be settled on a net basis, in cash. Transactions entered with related parties are made at terms equivalent to those that prevail in arm's length transactions on terms comparable to those available from or to unrelated third parties, as the case may be. Outstanding balances owed to related parties at a certain reporting date are non-interest bearing, unsecured and payable/collectible in cash on demand.

All material related party transactions are subject to approval by the Board of Directors. Material related party transactions pertain to those transactions, either individually, or in aggregate over a 12-month period, that exceed 10% of the Company's total assets, based on the latest audited

financial statements. All other related party transactions that are considered not material are approved by management.

The Company is aware of the recommendations as provided in the integrated annual corporate governance report and leading practices on good corporate governance. The Company agrees and considers these important while it has yet to fully implement formally all its reccomendations, the management takes its principles into consideration in the management and operations applicable for the company. It is also worth noting that natural to the ownership shareholding of the company with 2 separate families of Sia Family of the Injap Group and Tan Family of the Jollibee Group holding 35% each, we believe is another feature that is beneficial to the rest of the shareholders of the company. This is highlighted as most major companies in the Philippines we have observed are controlled only by a single family.

For more information, see Note 23 to the Company's consolidated financial statements elsewhere in this Prospectus.

For the period six months ending 30 June 2024, there are no material changes on the transactions with related parties. The Company paid P950 of advances to a related party.

As of 31 June 2024, December 2023, 2022 and 2021, the Company has not made any provision for impairment losses relating to amounts owed by related parties.

REGULATION AND ENVIRONMENTAL MATTERS

REAL ESTATE REGULATIONS

The Company's business operations are subject to various laws, rules and regulations that have been promulgated for subdivisions, socialised housing, condominiums, hotels, and malls.

The Philippine Constitution

The Philippine Constitution and related statutes set forth restrictions on foreign ownership of owning land in the Philippines. Article XII, Section 7 of the Philippine Constitution, in relation to Article XII, Section 2 of the Philippine Constitution and Chapter 5 of Commonwealth Act No, 141, states that no private land shall be transferred or conveyed except to citizens of the Philippines or to corporations or associations organised under the laws of the Philippines at least 60% of whose capital is owned by such citizens. A corporation with more than 40% foreign equity may be allowed to lease private land for a period of 25 years, renewable for another 25 years.

Since the Company owns land, it is subject to the above restrictions under the Philippine Constitution.

Foreign Investments Act of 1991, as amended

For the purpose of complying with nationality laws, the term "Philippine National" is defined under the Foreign Investments Act of 1991, as amended by Republic Act No. 11647 ("**FIA**") as any of the following:

- a citizen of the Philippines;
- a domestic partnership or association wholly owned by citizens of the Philippines;
- a corporation organised under the laws of the Philippines of which at least 60% of the capital stock outstanding and entitled to vote is owned and held by citizens of the Philippines;
- a corporation organised abroad and registered to do business in the Philippines under the Revised Corporation Code of the Philippines, of which 100% of the capital stock outstanding and entitled to vote is wholly owned by Filipinos; or
- a trustee of funds for pension or other employee retirement or separation benefits, where the trustee is a Philippine National and at least 60% of the fund will accrue to the benefit of Philippine Nationals.

For as long as the percentage of Filipino ownership of the capital stock of the corporation is at least 60% of the total shares outstanding and voting, the corporation shall be considered a Philippine national.

Further, the FIA and the Twelfth Regular Foreign Investment Negative List (the "**Negative List**") categorise the ownership of private lands as a partly-nationalized activity, such that the operation, ownership, or both thereof is partially reserved for Filipinos. Thus, landholding companies may have a maximum of 40% foreign equity.

The above definitions are relevant to the Company, as it must comply with nationality requirements applicable to owners of land.

Property Registration

The Philippines has adopted a system of land registration, which evidences land ownership that is binding on all persons. Title to registered lands cannot be lost through possession or prescription. Presidential Decree No. 1529, as amended, otherwise known as the Property Registration Decree, codified the laws relating to land registration to strengthen the Torrens system and streamline and simplify registration proceedings and the issuance of certificates of title.

After proper surveying, application, publication, service of notice and hearing, unregistered land may be brought under the system by virtue of judicial or administrative proceedings. In a judicial proceeding, the Regional Trial Court within whose jurisdiction the land is situated confirms title to the land. Persons opposing the registration may appeal the judgement within 15 days to the Court of Appeals or the Supreme Court. After the lapse of the period of appeal, the Register of Deeds may issue an Original Certificate of Title. The decree of registration may be annulled on the ground of actual fraud within one year from the date of entry of the decree of registration.

Similarly, in an administrative proceeding, the land is granted to an applicant by DENR through issuance of a patent and the patent becomes the basis for issuance of the Original Certificate of Title by the Register of Deeds. All land patents (i.e. homestead, sales and free patent) must be registered with the appropriate registry of deeds since the conveyance of the title to the land covered thereby takes effect only upon such registration.

Any subsequent transfer or encumbrance of the land must be registered in the system in order to bind third persons. Subsequent registration and a new transfer certificate of title in the name of the transferee will be granted upon presentation of certain documents and payment of fees and taxes.

The Subdivision and Condominium Buyer's Protective Decree

Presidential Decree No. 957, otherwise known as The Subdivision and Condominium Buyer's Protective Decree ("**P.D. 957**") is the principal statute which regulates the development and sale of real property as part of a condominium project or subdivision. It was enacted pursuant to the policy of the state to ensure that real estate subdivision owners, developers, operators, and/or sellers provide and properly maintain roads, drainage, sewerage, water systems, lightning systems and other similar basic requirements in order to guarantee the health and safety of home and lot buyers.

P.D. 957 covers subdivision projects and all areas included therein for residential, commercial, industrial and recreational purposes, and condominium projects for residential or commercial purposes.

Real Estate Service Act of the Philippines

Owners of or dealers in real estate projects are required to obtain licences to sell before making sales or other dispositions of lots or real estate projects. Republic Act No. 9646 or the Real Estate Service Act of the Philippines provides that real estate consultants, appraisers, assessors and brokers must pass the requisite exams and be duly registered and licenced by the Professional Regulation Commission ("**PRC**"), while real estate salespersons, or those who may act on behalf of a real estate broker to facilitate a real estate transaction, only need to be accredited by the PRC.

Urban Development and Housing Act of 1992

Republic Act No. 7279, as amended recently by Republic Act No. 10884, or the Urban Development and Housing Act of 1992, requires developers of proposed subdivision projects to develop an area for socialised housing equivalent to at least fifteen percent (15%) of the total subdivision area or total subdivision project cost, and at least five percent (5%) of condominium area or project cost, at the option of the developer, within the same city or municipality whenever feasible, and in accordance with the standards set by the Housing and Land Use Regulatory Board ("**HLURB**") and other existing laws. Alternatively, the developer may opt to buy socialised housing bonds issued by various accredited government agencies or enter into joint venture arrangements with other developers engaged in socialised housing development.

On 3 May 2017, HLURB issued Resolution No. 946, Series of 2017, which provides for the rules and regulations implementing Republic Act No. 10884 ("**IRR of R.A. No. 10884**"). The IRR of R.A. No. 10884 provides for the other manners in which developers may comply with the required projects for socialised housing which includes the: (i) development of socialised housing in a new settlement; (ii) entering into joint venture arrangements with LGUs, housing agencies, private developer and non-government organisation engaged in the provision of socialised housing; and (iii) participation in a new project under the community mortgage programme. Under the IRR of R.A. No. 10884, the licence to sell of the main project may be suspended, cancelled or revoked,

if the required compliance project has not been developed or has not been completely developed in accordance with the approved work programme and within the period approved by the HLURB.

Notably, under R.A. No. 10884, income derived by domestic corporations from the development and sale of socialised housing is exempt from project related income taxes, capital gains tax on raw lands used for the project, value-added tax for the project contractor concerned, transfer tax for both raw completed projects, and donor's tax for lands certified by the LGUs to have been donated for socialised housing purposes. Under the current Investment Priorities Plan issued by the Board of Investments, mass housing projects are eligible for government incentives subject to certain policies and guidelines.

On 14 February 2019, Republic Act No. 11201, also known as the "Department of Human Settlements and Urban Development," which consolidated the Housing and Urban Development Coordinating Council ("**HUDCC**") and HLURB, was signed. The Department of Human Settlements and Urban Development ("**DHSUD**") is the primary national government entity responsible for the management of housing, human settlement and urban development. The DHSUD is the sole and main planning, policy-making, regulatory, program, coordination, and performance monitoring entity for all housing, human settlement and urban development concerns, primarily focusing on the access to an affordability of basic human needs.

The functions of the HUDCC and following functions of the HLURB were transferred to the DHSUD:

- The land use planning and monitoring function, including the imposition of penalties for non-compliance to ensure that LGUs follow the planning guidelines and implement their Comprehensive Land Use Plan and zoning ordinances;

- The regulatory function, including the formulation, promulgation, and enforcement of rules, standards and guidelines over subdivisions, condominiums and similar real estate developments; and

- The registration, regulation and supervision of home owners' associations.

The HLURB's adjudicatory mandate was transferred to the Human Settlements Adjudication Commission.

The DHSUD, being the primary national government entity responsible for the management of housing, human settlement and urban development is the administrative agency of the Government which enforces this decree and has jurisdiction to regulate the real estate trade and business.

In this regard, all subdivision plans and condominium project plans are required to be filed with and approved by the DHSUD and the relevant LGU of the area where the project is situated. Approval of such plans is conditional on, among other things, the Company's financial, technical and administrative capabilities. Alterations of approved plans which affect significant areas of the project, such as infrastructure and public facilities, also require the prior approval of the relevant local government unit.

Subdivision or condominium units may be sold or offered for sale only after an LTS has been issued by the DHSUD. The Company, as owner of and dealer in real estate projects, is required to obtain licences to sell ("**LTS**") before making sales or other dispositions of lots or real estate projects. As a requisite for the issuance of an LTS by the DHSUD, developers are required to file with the DHSUD security (in the form of a surety bond, mortgage, or any other form of security) to guarantee the completion of the development and compliance with the applicable laws, rules and regulations.

Project permits and licences to sell may be suspended, cancelled or revoked by the DHSUD by itself or upon complaint from an interested party. A licence or permit to sell may only be suspended, cancelled or revoked after a notice to the developer has been served and all parties have been given an opportunity to be heard in compliance with the DHSUD's rules of procedure and other applicable laws.

Under the law, should the owner/dealer sell or offer to sell subdivision lots or condominium units without

obtaining a certificate of registration and LTS, or violate any other provision under Presidential Decree No. 957, the owner/dealer may be subject to an administrative fine imposed by the DHSUD, or to criminal penalty of a fine of not more than P20,000.00 and/or imprisonment of not more than ten years. In case of corporations, the president, manager or administrator or the person who has charge of the administration of the business shall be criminally responsible.

The Supreme Court has affirmed that while the law penalises the selling of subdivision lots or condominium units without a certificate of registration and LTS, it does not provide that the absence thereof will automatically render a contract void.

The Condominium Act

Republic Act No. 4726, otherwise known as The Condominium Act ("**R.A. No. 4726**"), as amended, likewise regulates the development and sale of condominium projects.

R.A No. 4726 requires the annotation of the master deed or the declaration of restrictions on the title of the land on which the condominium project shall be located. The master deed contains, among other things, the description of the land, building/s, common areas and facilities of the condominium project. The declaration of restrictions shall constitute a lien upon each condominium unit in the project, and shall bind all condominium owners in the project. Such liens, unless otherwise provided, may be enforced by any condominium owner in the project or by the management body of such project.

A condominium project may be managed by a condominium corporation, an association, a board of governors or a management agent, depending on what is provided in the declaration of restrictions of the condominium project. However, whenever the common areas are held by a condominium corporation, such corporation shall constitute the management body of the project. The declaration of restrictions shall also provide for voting majorities, quorums, notices, meeting date, and other rules governing such body or bodies.

Any transfer or conveyance of any unit or an apartment, office or store or other space, shall include the transfer or conveyance of the undivided interests in the common areas, or, in a proper case, the membership or shareholdings in the condominium corporation. A condominium corporation shall not, during its existence, sell, exchange, lease, or otherwise dispose of the common areas owned or held by it in the condominium project unless authorised by the affirmative vote of a simple majority of the registered owners with prior notification to all registered owners. Further, the condominium corporation may expand or integrate the project with another upon the affirmative vote of a simple majority of the registered owners, subject only to the final approval of DHSUD.

Real Estate Sales on Installments

The provisions of Republic Act No. 6552, or the Maceda Law, apply to all transactions or contracts involving the sale or financing of real estate on instalment payments (including residential condominium units but excluding industrial and commercial lots). Under the provisions of the Maceda Law, where a buyer of real estate has paid at least two years of instalments, the buyer is entitled to the following rights in case he/she defaults in the payment of succeeding instalments:

- To pay, without additional interest, the unpaid instalments due within the total grace period earned by him, which is fixed at the rate of one month for every one year of instalment payments made. However, the buyer may exercise this right only once every five years during the term of the contract and its extensions, if any.

- If the contract is cancelled, the seller shall refund to the buyer the cash surrender value of the payments on the property equivalent to 50% of the total payments made, and in cases where five years of instalments have been paid, an additional 5% every year (but with a total not to exceed 90% of the total payments); provided that the actual cancellation of the contract shall take place after 30 days from receipt by the buyer of the notice of cancellation or the demand for rescission of the contract by a notarial act and upon full payment of the cash surrender value to the buyer.

Down payments, deposits, or options on the contract shall be included in the computation of the

total number of instalment payments made.

In the event that the buyer has paid less than two years of instalments, the seller shall give the buyer a grace period of not less than 60 days from the date the instalment became due. If the buyer fails to pay the instalments due at the expiration of the grace period, the seller may cancel the contract after 30 days from receipt by the buyer of the notice of cancellation or the demand for rescission of the contract by a notarial act.

Local Government Code

Republic Act No. 7160, as amended, otherwise known as the Local Government Code establishes the system and powers of provincial, city, municipal, and *barangay* governments in the country. The Local Government Code general welfare clause states that every LGU shall exercise the powers expressly granted, those necessarily implied, as well as powers necessary, appropriate, or incidental for its efficient and effective governance, and those which are essential to the promotion of the general welfare.

LGUs exercise police power through their respective legislative bodies. Specifically, the LGU, though its legislative body, has the authority to enact such ordinances as it may deem necessary and proper for sanitation and safety, the furtherance of the prosperity, and the promotion of the morality, peace, good order, comfort, convenience, and general welfare of the locality and its inhabitants. Ordinances can reclassify land, order the closure of business establishments, and require permits and licences from businesses operating within the territorial jurisdiction of the LGU.

An ordinance may be repealed by a subsequent ordinance expressly repealing or declaring it as invalid. An ordinance may also be repealed by implication by a subsequent ordinance that is inconsistent or contrary, in whole or in part, to the previous ordinance. Under the Local Government Code, the *Sangguniang Panlalawigan* (provincial council) has the power to review ordinances passed by a component city council and can declare ordinances invalid, in whole or in part, if it finds that the lower council exceeded its authority in enacting the ordinance.

Notably, shopping mall centers are primarily regulated by the LGU of the city or municipality where the mall is located. In line with this, mall operators must secure the required mayor's permit or municipal licence before operating. In addition, no mall shall be made operational without complying first with the provisions of the fire code and other applicable local ordinances. Furthermore, shopping malls with food establishments must obtain a sanitary permit from the Department of Health. It is also compulsory for shopping malls discharging commercial waste water to apply for a waste water discharge permit from the DENR and to pay the fee incidental to the permit.

Real Property Taxation

Real property taxes are payable annually based on the property's assessed value. Under the Local Government Code, the assessed value of property and improvements vary depending on the location, use and the nature of the property. An additional special education fund tax of 1% of the assessed value of the property may also be levied annually by the LGU. The basic real property tax and any other tax levied on real property constitute a lien on the property subject to tax, superior to all liens, charges or encumbrances in favor of any person, irrespective of the owner or possessor thereof, enforceable by administrative or judicial action, and may only be extinguished upon payment of the tax and the related interests and expenses. Should the reasonableness or correctness of the amount assessed be questioned, a protest in writing may be filed with the treasurer of the local government unit, but the taxpayer must first pay the tax, and the tax receipts shall be annotated with the words "paid under protest."

Real Property Valuation and Assessment Reform Act

On 13 June 2024, President Marcos signed Republic Act No. 12001, otherwise known as the RPVARA, into law which was published on 20 June 2024. The RPVARA will take effect on 5 July 2024.

RPVARA seeks the establishment of standards based PVS to govern the valuation of real property in the Philippines, the adoption of SMVs, the separation of the function of valuation of real properties from the functions of tax policy formulation and administration of the taxes due thereon, and the provision of

comprehensive and up-to-date electronic database of all real property transactions, among others. The SMV shall be the single real property valuation base for the assessment of real property-related taxes in the country and for valuation of real property for various transactions by all government agencies.

The BLGF of the DOF shall develop and implement the PVS to be used by the local government units, and other persons and entities that conduct valuation of lands, buildings, machineries and other real properties for taxation and other purposes. Local assessors shall prepare the SMV for different classes of real properties within their respective jurisdictions based on the PVS and other rules issued by the DOF.

The BLGF shall likewise develop and maintain an up-to-date electronic database of:

(1) the sale, exchange, lease, mortgage, donation, transfer and all other real property transactions and declarations in the country;

(2) cost of construction or renovation of buildings and other structure; and

(3) prices of plant, machinery and equipment.

The RPVARA further mandates the following:

(1) The Register of Deeds shall submit to the local assessor copies of all contracts selling, transferring, or otherwise, converting, leasing or mortgaging registered real properties every end of the month.

(2) The Register of Deeds, Bureau of Internal Revenue, notaries public, officials issuing building permits, and the geodetic engineers conducting surveys within a locality shall electronically transmit to the BLGF relevant real property transactions data every quarter.

Rules and Regulations Governing the Accreditation of Hotels

Executive Order No. 120, Series of 1987, gave to the Department of Tourism the power to provide accreditation standards for hotels, resorts, and other tourism-oriented facilities. Pursuant to this law, the Philippine Department of Tourism promulgated the Rules and Regulations to Govern the Accreditation of Hotels, Tourist Inns, Motels, Apartels, Resorts, Pension Houses, and Other Accommodation Establishments, intended to govern the business and operation of all hotels, inns, and similar establishments in the Philippines. For purposes of registration and accreditation, hotels were previously classified into four (4) groups: De Luxe Class, First Class, Standard Class and Economy Class. The Rules promulgated by the Department of Tourism provide minimum standards for the establishment, operation and maintenance of hotels depending on the hotel's classification.

Memorandum Circular No. 2012-02 promulgated by the DOT in May 2012 imposes new national accreditation standards for hotels, resorts and apartment hotels, pursuant to the Tourism Act of 2009. The Memorandum Circular adopts the star grading system, with five levels of accommodation standards which are equivalent to one to five stars. For instance, a one-star rating will be granted to hotels which achieve 251 to 400 points (25% to 40% of the standards) and a five-star rating will be granted to hotels which achieve 851 to 1,000 points (85% to 100% of the standards). The accreditation process under the Memorandum Circular No. 2012-02 is currently being implemented by the DOT.

Once an application for accreditation is filed, the DOT sends an inspection team to conduct an audit of the establishment and determine compliance its classification. The Certificate of Accreditation issued by the DOT is valid for two (2) years, unless sooner revoked. The rights over the accreditation are non-transferrable.

Zoning and Land Use

Land use may be also limited by zoning ordinances enacted by LGUs. Once enacted, land use may be restricted in accordance with a comprehensive land use plan approved by the relevant LGU. Lands may be classified under zoning ordinances as commercial, industrial, residential or agricultural. While a procedure for change of allowed land use is available, this process may be lengthy and cumbersome.

Under the agrarian reform law currently in effect in the Philippines and the regulations issued thereunder by the DAR, land classified for agricultural purposes as of or after 15 June 1988, cannot be converted to non-agricultural use without the prior approval of DAR.

Fire Code

Republic Act No. 9514, or the Fire Code of the Philippines (the "**Fire Code**"), aims to ensure public safety and prevent and suppress all kinds of destructive fires. It provides that building owners or administrators must comply with the following:

- inspection requirements;
- safety measures for hazardous materials;
- safety measures for hazardous operation/processes;
- provision on fire safety construction, protective and warning system; and
- abatement of fire hazards.

In addition, the Fire Code provides for penalties for violation of its provisions.

Building Code

Republic Act No. 6451, or the National Building Code of the Philippines, applies to the design, location, siting, construction, alteration, repair, conversion, use, occupancy, maintenance, moving, and demolition of, and addition to, public and private buildings and structures. Buildings and structures must conform to the minimum requirements and standards under the law, including the introduction of facilities.

The law requires buildings or structures to conform in all respects to the principles of safe construction, to be suited to the purpose for which the building is designed, and in no case to contribute to making the community in which it is located at eyesore, a slum, or a blighted area.

Any person or corporation intending to construct, alter, repair, move, convert or demolish any building or structure, or cause the same to be done, shall obtain a building permit from the Building Official for whichever of such work is proposed to be undertaken for the building or structure, before any such work is started.

ENVIRONMENTAL MATTERS

The operations of the businesses of the Company are subject to various laws, rules and regulations that have been promulgated for the protection of the environment.

Philippine Environmental Impact Statement System

The Philippine Environmental Impact Statement System (the "**EISS Law**") established under Presidential Decree No. 1586, which is implemented by the Department of Environment and Natural Resources ("**DENR**"), is the general regulatory framework for any project or undertaking that is either (i) classified as environmentally critical or (ii) is situated in an environmentally critical area.

Real estate development projects that are classified by law as environmentally critical or projects within statutorily defined environmentally critical areas are required to obtain an Environmental Compliance Certificate ("**ECC**") prior to commencement. The DENR, through its regional offices or through the Environmental Management Bureau ("**EMB**"), determines whether a project is environmentally critical or located in an environmentally critical area and possesses all applications for an ECC.

The law requires an entity that will undertake any such declared environmentally critical project or operate in any such declared environmentally critical area to submit an Environmental Impact Statement ("**EIS**") which is a comprehensive study of the significant impacts of a project on the environment. The EIS serves as an application for the issuance of an ECC, if the proposed project is environmentally critical or situated in an environmentally critical area; or for the issuance of a

Certificate of Non-Coverage, if otherwise.

On the other hand, a non-environmentally critical project in an environmentally critical area is generally required to submit an Initial Environmental Examination (the "**IEE**") to the proper EMB regional office. In the case of an environmentally critical project within an environmentally critical area, an EIS is required in addition to the IEE.

The IEE refers to the document and the study describing the environmental impact, including mitigation and enhancement measures, for projects in environmentally critical areas. While the terms and conditions of an EIS or an IEE may vary from project to project, as a minimum it contains all relevant information regarding the project's environmental effects. The entire process of organisation, administration and assessment of the effects of any project on the quality of the physical, biological and socioeconomic environment as well as the design of appropriate preventive, mitigating and enhancement measures is known as the EIS System. The EIS System successfully culminates in the issuance of an ECC.

An ECC is a Government certification that, among others, (i) the proposed project or undertaking will not cause significant negative environmental impact; (ii) the proponent has complied with all the requirements of the EISS Law in connection with the project; and (iii) the proponent is committed to implement its approved Environmental Management Plan ("**EMP**") in the EIS. The EMP details the prevention, mitigation, compensation, contingency and monitoring measures to enhance positive impacts and minimise negative impacts and risks of a proposed project or undertaking.

Project proponents that prepare an EIS are required to establish an Environmental Guarantee Fund when the ECC is issued for projects determined by the DENR to pose a significant public risk to life, health, property and the environment or where the project requires rehabilitation or restoration. The Environmental Guarantee Fund is intended to meet any damage caused by such a project as well as any rehabilitation and restoration measures. Project proponents also required to establish an Environmental Monitoring Fund ("**EMF**") when an ECC is eventually issued. The EMF is to support the activities of the team monitoring the project proponent's compliance with ECC conditions, EMP and applicable laws, rules and regulations.

Power plant operations are considered environmentally critical projects for which an EIS and an ECC are mandatory.

In addition to the requirement for the issuance of an ECC, all public and private proponents of subdivision development projects, housing projects and other land development and infrastructure projects are required to undertake an Engineering Geological and Geohazard Assessment ("**EGGA**"). The EGGA is undertaken in order that project proponents can adequately and comprehensively address and mitigate the possible effects/impacts of geologic hazards. To comply with this requirement, the proponent causes the preparation of an Engineering Geological and Geohazard Assessment Report ("**EGGAR**") which includes the results of all engineering geological, structural geological and geohazard assessment and geotechnical tests, with any other specialised studies and tests undertaken, as prescribed by the DENR-Mines and Geosciences Bureau ("**MGB**"). The EGGAR shall be subject to review/verification by DENR-MGB and for appropriate transmittal or endorsement to the DENR-EMB and other concerned government Agencies. The EGGAR is used as an institutional planning tool to safeguard development projects from the hazards caused by geological phenomena. The Company undertakes the EGGA and secures ECCs prior to commencement of its real estate projects and exerts best efforts to comply with the conditions specified therein. Real estate projects are also required to secure relevant local permits and abide by requirements specific to local zoning ordinances, and, if applicable, protected area guidelines. The Company secures the necessary permits and keeps track of national and local regulatory developments.

The Clean Water Act

The Clean Water Act (Republic Act No. 9275) and its implementing rules and regulations provide for water quality standards and regulations for the prevention, control, and abatement of pollution of the water resources of the country.

The Clean Water Act requires owners or operators of facilities that discharge regulated effluents (such

as wastewater from manufacturing plants or other commercial facilities) to secure a discharge permit from the DENR which authorises the owners and operators to discharge waste and/or pollutants of specified concentration and volumes from their facilities into a body of water or land resource for a specified period of time. As part of the permitting procedure, DENR shall encourage the adoption of waste minimization and waste treatment technologies when such technologies are deemed cost effective. The water quality standards and regulations and the civil liability and penal provisions under the Clean Water Act shall be enforced irrespective of sources of pollution. The DENR, together with other Government agencies and the different local Government units, is tasked to implement the Clean Water Act and to identify existing sources of water pollutants, as well as strictly monitor pollution sources which are not in compliance with the effluent standards provided in the law.

The Clean Air Act

Pursuant to the Clean Air Act of 1999 (Republic Act No. 8749) and its implementing rules and regulations, enterprises that operate or utilise air pollution sources are required to obtain an Authority to Construct or a Permit to Operate from the DENR with respect to the construction or the use of air pollutants. The issuance of the said permit seeks to ensure that regulations of the DENR with respect to air quality standards and the prevention of air pollution are achieved and complied with by such enterprises.

Other Environmental Laws

Other regulatory environmental laws and regulations applicable to the businesses of the Company include the following:

- The Toxic Substances and Hazardous and Nuclear Wastes Control Act of 1990 (Republic Act No. 6969), which regulates, restricts or prohibits the (i) importation, manufacture, processing, handling, storage, transportation, sale, distribution, use and disposal of chemical substance and mixtures that present unreasonable risk or injury to health or the environment, and (ii) entry into the Philippines, or the keeping in storage of hazardous wastes which include by-products, process residue, contaminated plant or equipment or other substances from manufacturing operations. The said law is implemented by the DENR.

- The Ecological Solid Waste Management Act of 2000 (Republic Act No. 9003), which provides for the proper management of solid waste which includes discarded commercial waste and nonhazardous institutional and industrial waste. The said law prohibits, among others, the transporting and dumping of collected solid wastes in areas other than prescribed centers and facilities. The National Solid Waste Management Commission, together with other Government agencies and the different local Government units, are responsible for the implementation and enforcement of the said law.

- The Code on Sanitation of the Philippines (the "**Sanitation Code**") (Presidential Decree No. 856), which provides for sanitary and structural requirements in connection with the operation of certain establishments such as industrial establishments. Under the Sanitation Code, which is implemented by the Philippine Department of Health, no person, firm, corporation, or entity shall operate any industrial establishment without first obtaining a sanitary permit.

DATA PRIVACY

Republic Act No. 10173, or the Data Privacy Act of 2012 (the "**Data Privacy Act**"), protects all forms of information, be it private, personal, or sensitive. It applies to any natural or juridical persons involved in processing of information (which refers to any operation or any set of operations performed upon personal data including, but not limited to, the collection, recording, organisation, storage, updating or modification, retrieval, consultation, use, consolidation, blocking, erasure or destruction of data), whether in the government or private sector, and whether in or outside the Philippines.

The Data Privacy Act mandated the creation of a National Privacy Commission ("**NPC**"), which shall administer and implement the provisions of the law and ensure compliance of the Philippines with international standards for data protection. The Government recognises the need to protect the fundamental human right of privacy and of communication, while ensuring free flow of information to promote innovation and growth. It also identifies the vital role of information and communications

technology in nation building and its inherent obligation to ensure that personal information in Information and Communications System, or ICT, in the Government and in the private sector are secured and protected.

The law defines personal information as any information whether recorded in a material form or not, from which the identity of an individual is apparent or can be reasonably and directly ascertained by the entity holding the information, or when put together with other information would directly and certainly identify an individual. On the other hand, sensitive personal information refers to personal information: (a) about an individual's race, ethnic origin, marital status, age, colour, and religious, philosophical or political affiliations; (b) about an individual's health, education, genetic or sexual life or a person, or to any proceeding for any offence committed or alleged to have been committed by such person, the disposal of such proceedings, or the sentence of any court in such proceedings; (c) issued by government agencies peculiar to an individual which includes, but not limited to, social security numbers, previous or current health records, licences or its denials, suspension or revocation, and tax returns; and (d) specifically established by an executive order or an act of the Philippine Congress to be kept classified.

In general, the processing of sensitive personal information and privileged information is prohibited except where: (1) the data subject has given his or her consent, specific to the purpose prior to the processing, or in the case of privileged information, all parties to the exchange have given their consent prior to processing; (2) the processing is provided for by existing laws and regulations; (3) the processing is necessary to protect the life and health of the data subject or another person, and the data subject is not able to give consent; (4) the processing is carried out for limited non-commercial purposes by public organisations and their associations; (5) the processing is necessary for purposes of medical treatment, is carried out by a medical practitioner or a medical treatment institution, and an adequate level of protection of personal information is ensured; or (6) the processing is necessary for court proceedings or legal claims, or is provided to the government or a public authority.

Under the Data Privacy Act, the appointment of a Data Protection Officer ("**DPO**") is a legal requirement for all personal information controllers ("**PICs**") and personal information processors ("**PIPs**"). The DPO is accountable for ensuring the company's compliance with all data privacy and security laws and regulations. A PIC may be a natural or juridical person who exercises control over the processing of personal data and furnishes instructions to another person or entity to process personal data on its behalf. A PIP on the other hand, refers to a person or body instructed or outsourced by a PIC to engage in the processing of the personal data of a data subject. The PIC or PIP that employs fewer than 250 persons shall not be required to register unless the processing it carries out is likely to pose a risk to the rights and freedoms of data subjects, the processing is not occasional, or the processing includes sensitive personal information of at least 1,000 individuals.

The Data Privacy Act provides criminal penalties and monetary sanctions for violations thereof. If the offender is a corporation, the penalty shall be imposed upon the responsible officers who participated in or, by their gross negligence, allowed the commission of the crime.

ANTITRUST

Republic Act. No. 10667, or the Philippine Competition Act ("**PCA**"), is the primary competition statute of the Philippines The PCA was enacted to provide free and fair competition in trade, industry and all commercial economic activities. To implement its objectives, the PCA provides for the creation of the Philippine Competition Commission ("**PCC**"), an independent quasi-judicial agency with powers to conduct investigations, issue subpoenas, conduct administrative proceedings, and impose administrative fines and penalties.

The PCA prohibits and imposes sanctions on: (a) anti-competitive agreements between or among competitors, which restrict competition as to price, or other terms of trade and those fixing price at an auction or in any form of bidding including cover bidding, bid suppression, bid rotation and market allocation and other analogous practices of bid manipulation; and those which have the object or effect of substantially preventing, restricting or lessening competition; (b) practices which are regarded as abuse of dominant position, by engaging in conduct that would substantially prevent, restrict or lessen competition; and (c) merger or acquisitions which substantially prevent, restrict or lessen competition in the relevant market or in the market for goods or services, or breach the

thresholds provided in the implementing rules and regulations of the PCA (the "**PCA IRR**") without notice to the PCC. The PCA, the PCA IRR, as amended, and the Rules on Merger Procedure (collectively, the "**Merger Rules**") provide for mandatory notification to the PCC of any merger or acquisition within 30 days of signing any definitive agreement relating to the transaction, where the transaction value exceeds ₱3.2 billion; and where the size of the ultimate parent entity of either party exceeds ₱7.8 billion, effective 1 March 2024.

Parties may not consummate a notifiable transaction prior to receiving PCC approval or the lapse of the period stated in the Merger Rules.

Under the PCA and the PCA IRR, a transaction that meets the thresholds and does not comply with the notification requirements and waiting periods shall be considered void and will subject the parties to an administrative fine of one per cent. to five per cent. of the value of the transaction. Criminal penalties for entities that enter into these defined anti-competitive agreements include: (i) a fine of not less than ₱50 million but not more than ₱250 million; and (ii) imprisonment for two to seven years for directors and management personnel who knowingly and wilfully participate in such criminal offences. Administrative fines of ₱100 million to ₱250 million may be imposed on entities found violating prohibitions against anti-competitive agreements and abuse of dominant position. Treble damages may be imposed by the PCC or the courts, as the case may be, where the violation involves the trade or movement of basic necessities and prime commodities.

REVISED CORPORATION CODE

Republic Act No. 11232, otherwise known as the Revised Corporation Code ("**Corporation Code**"), was signed into law on 20 February 2019 and became effective on 8 March 2019. Among the salient features of the Corporation Code are:

- Corporations are granted perpetual existence, unless the articles of incorporation provide otherwise. Perpetual existence shall also benefit corporations whose certificates of incorporation were issued before the effectivity of the Corporation Code, unless a corporation, upon a vote of majority of the stockholders of the outstanding capital stock notifies the Philippine SEC that it elects to retain its specific corporate term under its current Articles of Incorporation.

- The Corporation Code allows the creation of a "One Person Corporation" ("**OPC**"), which is a corporation composed of a single stockholder, provided that, only natural person, trust or an estate may form such. No minimum authorised capital stock is also required for an OPC, unless provided for under special laws.

- Material contracts between the Corporation and its own directors, trustees, officers, or their spouses and relatives within the fourth civil degree of consanguinity or affinity must be approved by at least 2/3 of the entire membership of the Board, with at least a majority of the independent directors voting to approve the same.

- The right of stockholders to vote in the election of directors or trustees, or in shareholders meetings, may now be done through remote communication or *in absentia* if authorised by the corporate by-laws. However, as to corporations vested with public interest, these votes are deemed available, even if not expressly stated in the corporate by-laws. The shareholders who participate through remote communication or *in absentia* are deemed present for purposes of quorum. When attendance, participation and voting are allowed by remote communication or *in absentia,* the notice of meetings to the stockholders must state the requirements and procedures to be followed when a stockholder or member elects either option.

- In case of transfer of shares of listed companies, the Philippine SEC may require that these corporations whose securities are traded in trading markets and which can reasonably demonstrate their capability to do so, to issue their securities or shares of stock in uncertificated or scripless form in accordance with the Rules of the Philippine SEC.

The Corporation Code refers to the PCA in case of covered transactions under said law involving the sale, lease, exchange, mortgage, pledge, or disposition of properties or assets; increase or decrease

in the capital stock, incurring creating or increasing bonded indebtedness; or mergers or consolidations covered by the PCA thresholds.

ANTI-MONEY LAUNDERING ACT

Republic Act No. 11521, amending Republic Act No. 9160 or the Anti-Money Laundering Act, which took effect on 30 January 2021, revised the Anti-Money Laundering Act to among others, expand the list of covered persons to include real estate developers, real estate brokers, offshore gaming operators ("**OGO**"), OGO-service providers ("**Covered Person**"). Thus, these persons and entities are required to report covered and suspicious transactions to the Anti-Money Laundering Council ("**AMLC**") within the period prescribed and for the threshold amount fixed by law. Section 4 Rule 22 of the 2018 Implementing Rules and Regulations ("**IRR**") provides that all covered persons shall register with the AMLC's electronic reporting system which is free and online. Non-registration is an administrative offence and failure to electronically file covered and suspicious transaction reports with the AMLC, which is a money laundering offence. REDs, REBs, OGOs and OGO-service providers had until 16 March 2021 to register.

A covered transaction is a transaction in cash or other equivalent monetary instrument involving a total amount in excess of P500,000.00, or for real estate developers and brokers, cash transactions in excess of P7,500,000.00, or its equivalent in any other currency within one banking day ("**Covered Transaction**"). A Covered Person, is required to report to the AMLC all Covered Transactions within five working days from occurrence thereof, regardless of the mode of payment used in the settlement thereof, including transactions in cheques, fund transfers, and/or debiting or crediting of accounts, except those transactions covered under the no/low risk transactions. On the other hand, a suspicious transaction is one where any of the following exists:

1. There is no underlying legal/trade obligation, purpose or economic justification;

2. The client is not properly identified;

3. The amount involved is not commensurate with the business or financial capacity of the client;

4. Taking into account all known circumstances, it may be perceived that the client's transaction is structured in order to avoid being the subject of reporting requirements under the AMLA;

5. Any circumstance relating to the transaction which is observed to deviate from the profile of the client and/or the client's past transactions with the covered person;

6. The transaction is in any way related to an unlawful activity or any money laundering activity or offence under the AMLA, that is about to be, is being or has been committed; or

7. Any transaction that is similar, analogous or identical to any of the foregoing.

Under the AMLA, Covered Persons shall submit covered transaction and suspicious transaction reports to the AMLC, and shall identify and record the true identity of their customers, whether permanent or occasional, and whether natural or juridical persons, or legal arrangements based on official documents.

To comply with this, Covered Persons are obligated to implement appropriate systems of collecting and recording identification information and identification documents, and shall implement and maintain a system of verifying the true identity of their clients, including validating the truthfulness of the information and confirming the authenticity of the identification documents presented, submitted, and provided by the customer, using reliable and independent sources, documents, data, or information. All records of transactions and records of closed accounts are required to be maintained and stored for five years from the date of a transaction or after their closure, respectively.

Covered Persons should have systems in place that would alert its responsible officers of any

circumstance or situation that would give rise to a suspicion of a money laundering activity or transaction. Covered Persons shall formulate a reporting chain under which a suspicious transaction or circumstance will be processed, analysed and investigated. The reporting chain should include the designation of a Board Level or approval Committee or the Chief Compliance Officer as the ultimate decision maker on whether or not the Covered Person should file a report to the AMLC.

LABOR LAW

Labor Code of the Philippines

The Department of Labour and Employment or DOLE is the Philippine government agency mandated to formulate policies, implement programmes and services, and serves as the policy-coordinating arm of the Executive Branch in the field of labour and employment. The DOLE has exclusive authority in the administration and enforcement of labour and employment laws such as Presidential Decree No. 442, also known as the Labour Code of the Philippines ("**Labour Code**"), and the Occupational Safety and Health Standards, as amended, and such other laws as specifically assigned to it or to the Secretary of the DOLE.

Department Order No. 174, Series of 2017 ("**D.O. 174**") was issued by the DOLE providing for the guidelines on contracting and subcontracting, as provided for under the Labour Code. It has reiterated the policy that Labour-only Contracting is absolutely prohibited where: (a) (i) the contractor or subcontractor does not have substantial capital, or does not have investments in the form of tools, equipment, machineries, supervision, work premises, among others; and (ii) the contractor's or subcontractor's employees recruited and placed are performing activities which are directly related to the main business operation of the principal; or (b) the contractor or subcontractor does not exercise the right to control over the performance of the work of the employee. Subsequently, DOLE issued Department Circular No. 1, Series of 2017, clarifying that the prohibition under D.O. 174 does not apply to business process outsourcing, knowledge process outsourcing, legal process outsourcing, IT Infrastructure outsourcing, application development, hardware and/or software support, medical transcription, animation services, and back office operations or support.

D.O. 174 provides that, in the event of a finding that the contractor or subcontractor is engaged in labour-only contracting and other illicit forms of employment arrangements, the principal shall be deemed the direct employer of the contractor's or subcontractor's employees. Further, in the event of violation of any provision of the Labour Code, including the failure to pay wages, there exists liability on the part of the principal and the contractor for purposes of enforcing the provisions of the Labour Code and other social legislation, to the extent the work was performed under the employment contract.

Occupational Safety and Health Standards Law

Republic Act No. 11058 or the Occupational Safety and Health Standards Law mandates employers, contractors or subcontractors and any person who manages, controls or supervises the work, to furnish the workers a place of employment free from hazardous conditions that are causing or are likely to cause death, illness or physical harm to the workers. It also requires to give complete job safety instructions or orientation and to inform the workers of all hazards associated with their work, health risks involved or to which they are exposed, preventive measures to eliminate or minimise the risks and steps to be taken in cases of emergency.

An employer, contractor or subcontractor who wilfully fails or refuses to comply with the Occupational Safety and Health Standards shall be administratively liable for a fine. Further, the liability of the employer, project owner, general contractor, contractor or subcontractor, if any, and any person who manages, controls or supervises the work, shall be solidary.

Social Security System, PhilHealth and the Pag-IBIG Fund

An employer or any person who uses the services of another person in business, trade, industry or any undertaking is required under Republic Act No. 8282 to ensure coverage of employees following procedures set out by the law and the Social Security System ("**SSS**"). Under the said law, social security coverage is compulsory for all employees under 60 years of age. An employer must deduct and

withhold from its compulsorily covered employees their monthly contributions based on a given schedule, pay its share of contribution and remit these to the SSS within a period set by law and/or SSS regulations.

Employers are likewise required to ensure enrolment of its employees in a National Health Programme administered by the Philippine Health Insurance Corporation, a government corporation attached to the DOH tasked with ensuring sustainable, affordable and progressive social health insurance pursuant to the provisions of the National Health Insurance Act of 1995, as amended by the Republic Act No. 11223, otherwise known as the Universal Health Care Act. The registration, accurate and timely deductions and remittance of contributions to the Philippine Health Insurance Corporation is mandatory as long as there is employer-employee relationship.

Under Republic Act No. 9679, otherwise known as the Home Development Mutual Fund Law of 2009, all employees who are covered by the Social Security Act of 1997 must also be registered with and covered by the Home Development Mutual Fund, more commonly referred to as the Pag-IBIG Fund. It is a national savings programme as well as a fund to provide affordable shelter financing to Filipino employees. The employer is likewise mandated to deduct and withhold, pay and remit to the Pag-IBIG Fund the respective contributions of the employees under the prescribed schedule.

Labor Code Provision on Retirement Pay

The Philippine Labour Code provides that, in the absence of a retirement plan provided by their employers, private sector employees who have reached 60 years of age or more, but not beyond 65 years of age, the compulsory retirement age for private-sector employees without a retirement plan, and who have rendered at least five years of service in an establishment, may retire and receive a minimum retirement pay equivalent to one-half month's salary for every year of service, with a fraction of at least six months being considered as one whole year.

For the purpose of computing the retirement pay, "one-half month's salary" shall include all of the following: 15 days salary based on the latest salary rate; in addition, 1/12 of the thirteenth month pay and the cash equivalent of five days of service incentive leave pay. Other benefits may be included in the computation of the retirement pay upon agreement of the employer and the employee or if provided in a collective bargaining agreement.

DOLE Mandated Work-Related Programmes

Under Republic Act No. 9165, otherwise known as the Comprehensive Dangerous Drugs Act, a national drug abuse prevention programme implemented by the DOLE must be adopted by private companies with
10 or more employees. For this purpose, employers must adopt and establish company policies and programmes against drug use in the workplace in close consultation and coordination with the DOLE, labour and employer organisations, human resource development managers and other such private sector organisations. DOLE Department Order No. 053-03 sets out the guidelines for the implementation of Drug-Free Workplace policies and programmes for the private sector.

The employer or the head of the work-related, educational or training environment or institution, also has the duty to prevent or deter the commission of acts of sexual harassment and to provide the procedures for the resolution, settlement or prosecution of such cases. Under the Anti-Sexual Harassment Act, the employer will be solidarily liable for damages arising from the acts of sexual harassment committed in the workplace if the employer is informed of such acts by the offended party and no immediate action is taken. Notwithstanding this, the victim of sexual harassment is not precluded from instituting a separate and independent action for damages and other affirmative relief. Any person who violates the provisions of this law shall, upon conviction, be penalised by imprisonment of not less than one month nor more than six months, or a fine of not less than ₱10,000 nor more than ₱20,000, or both such fine and imprisonment, at the discretion of the court. Any action arising from the violation of the provisions of this law shall prescribe in three years.

Moreover, Republic Act No. 8504, otherwise known as the Philippines AIDS Prevention and Control Act, requires all private workplaces to have a policy on HIV and AIDS and to implement a workplace programme in accordance with the Philippines AIDS Prevention and Control Act. The workplace policies aim to manage sensitive issues, such as confidentiality of medical information and

continuation of employment for HIV-positive staff, and to avoid the discrimination of any employee due to HIV/AIDS. Any HIV/AIDS-related information of workers should be kept strictly confidential and kept only on medical files, whereby access to it is strictly limited to medical personnel.

All private workplaces are also required to establish policies and programmes on solo parenting, Hepatitis B, and tuberculosis prevention and control.

Owing to the spread of COVID-19, the Department of Trade and Industry and DOLE have issued guidelines on workplace prevention and control of COVID-19. The guidelines provide for the wearing of face masks by all employees, temperature cheques, disinfection of equipment or vehicles entering a premises, and social distancing measures, among others.

Philippine Offshore Gaming Operations

On 22 July 2024, during the State of the Nation Address ("**SONA**"), President Ferdinand Marcos, Jr. announced the ban on all Philippine offshore gaming operators ("**POGOs**") effective immediately, due to their involvement in illicit activities. President Marcos thereafter ordered the Philippine Amusement and Gaming Corp. ("**PAGCOR**") to wind down and cease the operation of all POGOs by the end of 2024. On 24 July 2024, the Bureau of Immigration ("**BI**") set a 60-day deadline within which foreign nationals working in POGOs, internet gamine licenses, and related services, must leave the country. In August 2024, the Department of Justice, ("**DOJ**"), however, suspended the 60-deadline set by the BI, citing the need to harmonize the government's strategy.

Securing & Expanding Capital in Real Estate Investments Transaction

SEC Memorandum Circular No. 12, series of 2024 on "Securing & Expanding Capital in Real Estate Investment Transactions" ("**SEC RENT**") provides for the guidelines for registration of securities for real estate developers and managers issuing investment contracts, certificate of participation or participation in a profit sharing agreements in relation to rental pool agreements. Rental pool agreements are defined as "investment contracts whereby the applicant sells or offers units in real estate projects such as condominiums, hotels, resorts or dormitories to prospective buyers on the condition that the buyers shall contribute the units, whether mandatory or optional, to a rental pool managed and operated by the applicant or a third-party operator. The buyers in rental pool agreement are entitled to receive a share in profits based on agreed conditions, typically through a share in the income earned by renting out the units to third parties." Under SEC RENT, rental pool agreements must be registered as securities following the requirements outlined under the memorandum circular.

PHILIPPINE TAXATION

The statements herein regarding taxation are based on the laws in force as of the date of this Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the First Tranche Bonds and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Neither these statements nor any other statements in this Prospectus are to be regarded as advice on the tax position of any holder of the First Tranche Bonds or any person acquiring, selling or otherwise dealing in the First Tranche Bonds or on any tax implications arising from the acquisition, sale or other dealings in respect of the First Tranche Bonds. Prospective purchasers of the First Tranche Bonds are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of First Tranche Bonds.

The tax treatment of a holder of First Tranche Bonds may vary depending upon such holder's particular situation, and certain holders may be subject to special rules not discussed below. This summary does not purport to address all tax aspects that may be important to a Bondholder

The following is a general description of certain Philippine tax aspects of the First Tranche Bonds. It is based on the present provisions of the National Internal Revenue Code of 1997, as amended by Republic Act No. 10963, otherwise known as the Tax Reform for Acceleration and Inclusion Law ("**TRAIN Law**"), which took effect on 1 January 2018, and Republic Act No. 11534, otherwise known as the Corporate Recovery and Tax Incentives for Enterprise Act (the "**CREATE Act**"), which took effect on 11 April 2021 (TRAIN Law and CREATE Act, collectively, the "**Philippine Tax Code**"), the regulations promulgated thereunder and judicial and ruling authorities in force as of the date of this Prospectus, all of which are subject to changes occurring after such date, which changes could be made on a retroactive basis.

As used in this section, the term "resident alien" refers to an individual whose residence is within the Philippines and who is not a citizen of the Philippines while the term "non-resident alien" means an individual whose residence is not within the Philippines and who is not a citizen of the Philippines. A non-resident alien who stays in the Philippines for an aggregate period of more than 180 days during any calendar year is considered a "non-resident alien doing business in the Philippines"; otherwise, such non-resident alien is considered a "non-resident alien not engaged in trade or business within the Philippines". A "domestic corporation" is one that is created or organised under the laws of the Philippines. "A "resident foreign corporation" is a foreign corporation engaged in trade or business in the Philippines and a "non-resident foreign corporation" is a foreign corporation that is not engaged in trade or business within the Philippines. The term "non-Philippine holders" refers to beneficial owners of the First Tranche Bonds who are (1) non-resident aliens not engaged in trade or business within the Philippines or (2) non-resident foreign corporations.

Documentary Stamp Tax

Under the Philippine Tax Code, a documentary stamp tax is imposed upon every original issue of debt instruments, such as bonds and notes, at the rate of ₱1.50 on each ₱200, or fractional part thereof, of the issue price of such debt instruments; provided, that for debt instruments with terms of less than one year, the documentary stamp tax to be collected shall be proportionate to the ratio of the debt instrument's term in number of days to 365 days. The documentary stamp tax is collectible wherever the document is made, signed, issued, accepted or transferred when the obligation or right arises from Philippine sources, the property is situated in the Philippines, or where the object of the contract is located or used in the Philippines.

No documentary stamp tax is imposed on the subsequent sale or disposition of the First Tranche Bonds, trading of the First Tranche Bonds in a secondary market or through an exchange as long as there is no change in the maturity date or the material terms and conditions of the First Tranche Bonds.

Income Tax on Interest on the First Tranche Bonds

The Tax Code provides that interest-bearing obligations of Philippine residents are Philippine-sourced income subject to Philippine income tax. Alien individuals and foreign corporations are subject to Philippine income tax on Philippine-sourced income only.

Any payment made by the Issuer to a Bondholder of interest on the First Tranche Bonds is Philippine-sourced income and accordingly subject to final withholding taxes in the Philippines at the following rates:

Philippine citizens and resident alien individuals 20%
Non-Resident aliens doing business in the Philippines 20%
Non-resident aliens not doing business in the Philippines 25%
Domestic corporations. 20%
Resident foreign corporations 20%
Non-resident foreign corporation 25%

If the payment made by the Issuer to a non-resident foreign corporation is in foreign currency and qualifies as interest on foreign loans, the applicable final withholding tax rate is 20%.

The tax imposed on the interest is a final withholding tax which constitutes a final settlement of Philippine income tax liability with respect to such interest.

The aforementioned final withholding tax rates may be reduced by applicable provisions of tax treaties in force between the Philippines and the tax residence country of the non-Philippine holder. Most tax treaties to which the Philippines is a party provide for a preferential reduced tax rate of 15% where Philippine-source interest income is paid to a resident of the other contracting state. However, tax treaties would also normally qualify that the preferential reduced tax rates will not apply if the recipient of the interest income, even if considered a resident of the other contracting state, carries on business in the Philippines through a permanent establishment and the holding of the relevant interest-bearing instrument is effectively connected to such permanent establishment.

The BIR has prescribed certain procedures for the availment of tax treaty relief. Assuming the payments to be made by the Issuer are subject to withholding tax, a non-Philippine holder may avail of the lower withholding tax rates allowed under an applicable tax treaty with the Philippines by submitting to the Issuer the following: (a) duly accomplished BIR Form No. 0901 indicating the basis for the preferential tax treaty rate; (b) Tax Residency Certificate for the relevant period duly issued by the tax authority of the residence of the non-Philippine holder; (c) original consularised or apostilled Special Power of Attorney (SPA) of the signing officer; or SPA issued by the non-Philippine holder to his/her authorised representative, which shall expressly state the authority to sign the BIR Form No. 0901; and (d) the relevant tax treaty provision relied upon by the non-Philippine holder in availing of the lower withholding tax rates; and (e) such other documents as may be required by the BIR including the supporting documents required under RMO No. 14-2021.

Tax Exempt Status

Bondholders who are exempt from, are not subject to final withholding tax, or are subject to a lower rate of final withholding tax on interest income paid by the Issuer may avail of such exemption or preferential withholding tax rate by submitting the necessary documents.

The BIR has prescribed certain procedures for availment of such exemption or preferential withholding tax rate. Assuming the payments to be made by the Issuer are subject to withholding tax, subject to the filing of the Issuer's application and its approval by the BIR, the Issuer will not withhold or will withhold at a reduced rate provided that such Bondholder furnishes the Issuer with the following documents, in form and substance prescribed by the Issuer:

1. Proof of Tax Exemption or Entitlement to Preferential Tax Rates

i. For (a) tax-exempt corporations and associations under Section 30 of the Tax Code (except non-stock, non-profit educational institutions under Section 30(H) of the Tax Code); (b) cooperatives duly registered with the Cooperative Development Authority; and (c) BIR-approved pension fund and retirement plan– certified true copy of valid, current and subsisting tax exemption certificate, ruling or opinion issued by the BIR. For this purpose, a tax exemption certificate or ruling shall be deemed "valid, current and subsisting" if it has not been more than 3 years since the date of issuance thereof, and has not been revoked, amended or modified;

ii. For Tax-Exempt Personal Equity Retirement Account established pursuant to PERA Act of 2008 – certified true copy of the Bondholder's current, valid and subsisting Certificate of Accreditation as PERA Administrator (BIR Form No. 2336);

iii. For all other tax-exempt entities (including, but not limited to, (a) non-stock, non-profit educational institutions; (b) GOCC; and (c) foreign governments, financing institutions owned, controlled or enjoying refinancing from foreign governments, and international or regional financial institutions established by foreign governments) – certified true copy of tax exemption certificate, ruling or opinion issued by the BIR expressly stating that their income is exempt from income tax and, consequently, withholding tax; and

iv. For entities claiming tax treaty relief – original or certified true copies of the following documents:

General requirements:

A. Duly accomplished BIR Form No. 0901-I indicating the basis for the application of the preferential tax treaty rate on the income of the Applicant;

B. Original of the apostilled/consularized TRC duly issued by the tax authority of the foreign country in which the Applicant is a resident; and

C. Original and duly notarised Special Power of Attorney ("**SPA**") issued by the Applicant to the Issuer, expressly stating the Issuer's authority to sign the Application Form for Tax Treaty Relief Form prescribed under Revenue Purposes (BIR Form No. 0901-I) and to file a request for confirmation with the BIR on behalf of the Applicant.

Additional requirements for legal persons and arrangements, and individuals:

A. Authenticated copy of the Bondholder's Articles/Memorandum of Incorporation/ Association, Trust Agreement, or equivalent document confirming its establishment or incorporation, with an English translation thereof if in foreign language;

B. For legal persons and arrangements – original Certificate of Non-Registration or certified true copy of Licence to Do Business in the Philippines duly issued by the Securities and Exchange Commission ("**SEC**") to the Bondholder;

C. For individuals – original Certificate of Business Registration/Presence duly issued by the Department of Trade and Industry ("**DTI**") to the Bondholder;

Additional requirements for entities:

A. Certified true copy of the law of the foreign country showing that tax is imposed on the Bondholder or the owners or beneficiaries of the Applicant;

B. List of owners/beneficiaries of the Applicant;

C. Proof of ownership of the Applicant; and

D. TRC duly issued by the concerned foreign tax authority to the owners or beneficiaries of the Applicant.

All documents executed in a foreign country must either be authenticated by the Philippine Embassy stationed therein or apostilled if the said foreign country is a signatory to the Convention Abolishing the Requirement of Legalisation for Foreign Public Documents (HCCH 1961 Apostille Convention) in order to be acceptable to the Issuer.

In addition, for subsequent interests due and subject to the requirements of new or amendatory regulations, the Bondholder shall submit to the Issuer an updated Application Form, a new TRC (if the validity period of the previously submitted TRC has already lapsed), and other relevant documents no later than the last day of the first month of the year when such subsequent interest payment/s shall fall due.

2. A duly notarised declaration (in the prescribed form) warranting that the Applicant's tax-exemption certificate or ruling has not been revoked or cancelled and that there are no material changes in character, purpose, or method of operation of the Bondholder which are inconsistent with the basis of its income tax exemption, or warranting the Bondholder's entitlement to preferential treaty rates, and undertaking to immediately notify the Issuer, the Registrar, and the Paying Agent of any suspension or revocation of its tax exemption or treaty privileges and agreeing to indemnify and hold the Issuer, the Registrar, and the Paying Agent free and harmless against any claims, actions, suits, and liabilities arising from the non-withholding or reduced withholding of the required tax; and

3. Such other documentary requirements as may be reasonably required by the Issuer or the Registrar and Paying Agent, or as may be required under applicable regulations of the relevant taxing or other authorities.

Failure to submit any of the documents provided under 1., 2. and 3. above, as may be applicable, will result in the application of the normal income tax rate provided under the Tax Code.

All sums payable by the Issuer to tax-exempt entities shall be paid in full without deductions for Taxes, duties, assessments, or government charges, subject to the submission by the Bondholder claiming the benefit of any exemption of reasonable evidence of such exemption to the Issuer.

If the tax treaty rate was applied by the Issuer based on the representations and supporting documents provided by the Bondholder, the Bondholder (either directly or through its duly authorized representatives) will shall file, on behalf of the Issuer, with the ITAD a Request for Confirmation ("**RFC**") of the use of the tax treaty rate no later than the last day of the fourth month following the close of the relevant taxable year after the payment of the withholding tax with supporting documents specified in RMO No. 14-2021 and in relation to RMC Nos. 77-2021 and 20-2022 and its allied BIR issuances, as may be amended from time to time. In relation thereto, the Issuer requires that copies of the BIR-stamped "Received" RFC (with the complete accompanying documents) be provided by the Bondholder to the Issuer within sixty (60) days from the payment of the interest income to the Bondholder (either directly or through its duly authorized representatives), and without need of prior request or demand from the Issuer. The Bondholder shall submit to the Issuer the original of the Certificate of Entitlement to Treaty Benefit issued by the BIR within ten (10) days from the Bondholder's receipt of the Certificate of Entitlement to Treaty Benefit. The Bondholder shall ensure compliance with the requisites under the Certificate of Entitlement to Treaty Benefit for entitlement to the tax treaty benefits.

If the BIR determines that the withholding tax rate used is lower than the applicable tax rate that should have been applied, or that the non-resident taxpayer is not entitled to treaty benefits, the RFC will be denied and the BIR will require the Issuer to pay the deficiency taxes with penalties. In such case, the Bondholder, as the ultimate income earner, shall either advance to the Issuer or reimburse the Issuer, at the option of the Issuer, the total amount of deficiency taxes and penalties imposed by the BIR, as well as all other reasonable and necessary fees that may be incurred by the Issuer as a result of the denial of the BIR application.

In case the Issuer used the regular tax rate under the Tax Code, the non-resident foreign Bondholder who intends to obtain a confirmation of entitlement to treaty benefits may file a Tax Treaty Relief Application ("**TTRA**") with ITAD after it has received the interest income with supporting documents specified in RMO No. 14-2021 in relation to RMC No. 77-2021. If the BIR determines that the withholding tax rate applied is higher than the rate that should have been applied, the BIR will issue a certificate

confirming the non-resident income recipient's entitlement to treaty benefits, and the Bondholder may apply for a refund of excess withholding tax with the BIR within the two-year period provided in Section 229 of the Tax Code. The claim for refund of the Bondholder may be filed simultaneously with the tax treaty relief application.

For claims of tax exemption, RMC No. 8-2014 mandates withholding agents/income payors to require from individuals and entities claiming tax exemption a copy of a valid, current, and subsisting tax exemption certificate or ruling before payment of the related income. The tax exemption certificate or ruling must explicitly recognize the tax exemption, as well as the corresponding exemption from imposition of withholding tax. Failure on the part of the taxpayer to present the said tax exemption certificate or ruling shall subject him to the payment of the appropriate withholding taxes due on the transaction.

Transfers taking place in the Register of Bondholders after the First Tranche Bonds are listed in PDEx may be allowed between taxable and tax-exempt entities without restriction provided the same are in accordance with the relevant rules, conventions and guidelines of PDEx and PDTC. A selling or purchasing Bondholder claiming tax-exempt status is required to submit the following documents to the Issuer, upon submission of account opening documents to the Registry: (i) a written notification of the sale or purchase, including the tax status of the selling or buying party, and (ii) an indemnity agreement wherein the new Bondholder undertakes to indemnify the Issuer for any tax that may later on be assessed on the Issuer on account of such transfer.

If the regular rate mentioned above is withheld by the Issuer, instead of the reduced rate, the Bondholder may file a claim for a refund from the BIR. However, because the refund process in the Philippines could be cumbersome, requiring the filing of an administrative claim and the possible filing of a judicial appeal, it may be impractical to pursue such refund.

Value-Added Tax

Gross receipts derived by dealers in securities from the sale of the First Tranche Bonds in the Philippines, equivalent to the gross selling price less the acquisition cost of the First Tranche Bonds sold, shall be subject to value-added tax of 12%.

"Dealer in securities" means a merchant of stock or securities, whether an individual partnership or corporation, with an established place of business, regularly engaged in the purchase of securities and their resale to customers, that is, one who as a merchant buys securities and sells them to customers with a view to the gains and profits that may be derived therefrom.

Gross Receipts Tax

Bank and non-bank financial intermediaries performing quasi-banking functions are subject to gross receipts tax on gross receipts derived from sources within the Philippines in accordance with the following schedule:

On interest, commissions and discounts from lending activities as well as income from financial leasing, on the basis of remaining maturities of instruments from which such receipts are derived:

Maturity period is five years or less	5%
Maturity period is more than five years	1%

Non-bank financial intermediaries not performing quasi-banking functions doing business in the Philippines are likewise subject to gross receipts tax. Gross receipts of such entities derived from sources within the Philippines from interests, commissions and discounts from lending activities are taxed in accordance with the following schedule based on the remaining maturities of the instruments from which such receipts are derived:

Maturity period is five years or less	5%
Maturity period is more than five years	1%

In case the maturity period is shortened through pre-termination, the maturity period is to be reckoned to end as of the date of pre-termination for purposes of classifying the transaction, and the correct rate of tax shall be applied accordingly.

If the net trading gains realised within the taxable year on the sale or disposition of the First Tranche Bonds by banks and nonbank financial intermediaries performing quasi-banking functions are considered as gross receipts derived from sources within the Philippines, such gains shall be subject to gross receipts tax at the rate of 7%.

Income Tax on Sale or Other Disposition of the First Tranche Bonds

Under Section 32(B)(7)(g) of the Tax Code, gains realised from the sale, exchange or retirement of bonds, debentures and other certificates of indebtedness with a maturity date of more than five years (as measured from the date of issuance of such bonds, debentures or other certificates of indebtedness) (*i.e.*, Long Term Bonds) are exempt from income tax.

If the First Tranche Bonds are considered ordinary assets, gains from the sale or disposition of such First Tranche Bonds will be included in the computation of taxable income, which, after being reduced by the applicable deductions, is subject to the following graduated tax rates for Philippine citizens (whether residents or non-residents), or resident foreign individuals or non-resident aliens engaged in trade or business in the Philippines (selling or disposing of such First Tranche Bonds) effective 2 January 2023 and onwards:

Not over ₱250,000	0%
Over ₱250,000 but not over ₱400,000	15% of the excess over ₱250,000
Over ₱400,000 but not over ₱800,000	₱22,500 + 20% of the excess over ₱400,000
Over ₱800,000 but not over ₱2,000,000	₱102,500 + 25% of the excess over ₱800,000
Over ₱2,000,000 but not over ₱8,000,000	₱402,500 + 30% of the excess over ₱2,000,000
Over ₱8,000,000	₱2,202,500 + 35% of the excess over ₱8,000,000

For non-resident aliens not engaged in trade or business, the gain from the sale of First Tranche Bonds within the Philippines shall be subject to the 25% final withholding tax.

If the First Tranche Bonds are considered as capital assets of individual Bondholders, gains from the sale or disposition of such First Tranche Bonds shall be subject to the same income tax rates as if the First Tranche Bonds were held as ordinary assets, except that if the gain is realized by an individual who held the First Tranche Bonds for a period of more than 12 months prior to the sale, only 50% of the gain will be recognized and included in the computation of taxable income, subject to the applicable deductions. On the other hand, if the First Tranche Bonds were held by an individual for a period of 12 months or less, 100% of the gain will be included in the computation of the taxable income.

Gains derived on the sale or other disposition of the First Tranche Bonds by domestic corporation, or by resident foreign corporations if such sale or disposition is made within the Philippines, are included in the computation of taxable income which is subject to a 25% regular corporate income tax, provided that domestic corporations with net taxable income not exceeding ₱5,000,000 and with total assets not exceeding ₱100,000,000 (excluding land on which the particular business entity's office, plant, and equipment are situated during the taxable year for which the tax is imposed) ("**Micro, Small, and Medium Enterprises**"), shall be taxed at twenty percent (20%), or minimum corporate income tax ("**MCIT**") at a rate of (i) 1% of gross income effective July 1, 2020 until June 30, 2023 and (ii) 2% thereafter. Gains derived by non-resident foreign corporations on the sale or other disposition of the First Tranche Bonds shall form part of their gross income which is subject to a 25% final withholding tax unless such foreign corporation is entitled to preferential tax treatment pursuant to a tax treaty, subject to such other documentary requirements as may be reasonably required under the applicable regulations of the relevant taxing or other authorities for purposes of claiming tax treaty relief.

Estate and Donor's Tax on Disposition of the First Tranche Bonds

Bonds transferred by a deceased Philippine resident holder to his heirs or, where the Bonds have a Philippine situs, by a deceased non-resident alien holder to his heirs shall form part of the gross estate of the deceased, which, after being reduced by the applicable deductions, is subject to estate tax at a fixed rate of 6% of the net taxable estate of the deceased.

Bonds gratuitously transferred by a Philippine resident or, where the Bonds have a Philippine situs, by a deceased non-resident alien holder shall form part of the gross gifts of the Bondholder for the calendar year, which is subject to donor's tax at a fixed rate of 6% of the of the total gifts in excess of ₱250,000.00 during the calendar year.

The estate or donor's taxes payable in the Philippines may be credited with the amount of any estate or donor's taxes imposed by the authority of a foreign country, subject to limitations on the amount to be credited, and the tax status of the donor. The estate tax and the donor's tax, in respect of the Bonds, shall not be collected in respect of intangible property, such as the Bonds, (1) if the deceased, at the time of death, or the donor, at the time of the donation, was a citizen and resident of a foreign country which, at the time of his death or donation, did not impose a transfer tax of any character in respect of intangible personal property of citizens of the Philippines not residing in that foreign country; or (2) if the laws of the foreign country of which the deceased or donor was a citizen and resident, at the time of his death or donation, allows a similar exemption from transfer or death taxes of every character or description in respect of intangible personal property owned by citizens of the Philippines not residing in the foreign country.

In case the First Tranche Bonds are transferred for less than adequate and full consideration in money or money's worth, except if transferred in the ordinary course of business (*i.e.*, a *bona fide* transaction, at arm's length, and free from any donative intent), the amount by which the fair market value of the First Tranche Bonds exceeded the value of the consideration may be deemed a gift and donor's taxes may be imposed on the transferor of the First Tranche Bonds.

LEGAL MATTERS

Certain legal matters as to Philippine law will be passed upon by Romulo Mabanta Buenaventura Sayoc & de los Angeles ("**Romulo**") for the Issuer, and Angara Abello Concepcion Regala & Cruz ("**ACCRA**") for the Joint Issue Managers, Joint Lead Underwriters, and Bookrunners. Certain matters relating to the legality of the Offer and tax matters were passed upon by Cayetano Sebastian Ata Dado & Cruz for the limited purpose of issuing an opinion required by the SEC.

None of the above-mentioned legal counsel own shares in the Company or have any rights, whether legally enforceable or not, to nominate persons or to subscribe for the Company's securities. None of the above-mentioned legal counsel have any or will receive any direct or indirect interest in the Company or any securities thereof (including options, warrants, or rights thereto) pursuant to or arising from the Offer.

INDEPENDENT AUDITORS

R.G. Manabat & Co. ("**RGM**"), a member firm of KPMG International, independent auditors, audited the Company's consolidated financial statements as of 31 December 2023 and 2022 and for the years ended 31 December 2023, 2022 and 2021. A review is substantially less in scope than an audit conducted in accordance with Philippine Standards on Auditing. Consequently, it does not enable them to obtain assurance that they would become aware of all significant matters that might be identified in an audit. Accordingly, they do not express an audit opinion on the unaudited interim condensed consolidated financial statements. The financial information included in this Prospectus has been prepared under PFRS.

The audit committee prior to the annual shareholders meeting meets and discussed the performance of the external auditor in its audit of the financial statements of the company for the immediately preceding year. Based on its performance, and the extent of the audit, the technical expertise of the audit personnel necessary for the audit of the following year financial statements, the audit committee may among propose to the Board the appointment, reappointment, removal and fees of the external auditor.

Should the Board deem the recommendation of the audit committee, the approval of the selection of the external auditor to audit the financial statements of the company for the following year be submitted to the shareholders for their approval, in a shareholders meeting.

REPORT OF INDEPENDENT AUDITORS ON REVIEW OF UNAUDITED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

The Board of Directors and Stockholders
DoubleDragon Corporation
DD Meridian Park Bay Area
Corner Macapagal Avenue and EDSA Extension Boulevard
Brgy 76 Zone 10, San Rafael. Pasay City, Metro Manila

Introduction

We have reviewed the accompanying unaudited condensed consolidated interim financial statements of DoubleDragon Corporation and Subsidiaries (the "Group"), which comprise the unaudited condensed consolidated interim statement of financial position as at June 30, 2024, and the unaudited condensed consolidated interim statements of comprehensive income, unaudited condensed consolidated interim statements of changes in equity and unaudited condensed consolidated interim statements of cash flows for the six months ended June 30, 2024 and 2023, and selected explanatory notes. Management is responsible for the preparation and fair presentation of these condensed consolidated interim financial statements in accordance with Philippine Accounting Standards (PAS) 34 *Interim Financial Reporting*. Our responsibility is to express a conclusion on these unaudited condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the Philippine Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Philippine Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Firm Regulatory Registration & Accreditation:
PRC-BOA Registration No. 0003, valid until September 20, 2026
IC Accreditation No. 0003-IC, Group A, valid for five (5) years covering the audit of 2020 to 2024 financial statements (2019 financial statements are covered by IC Circular Letter (CL) No. 2019-39, Transition clause)
BSP Accreditation No. 0003-BSP, Group A, valid for five (5) years covering the audit of 2020 to 2024 financial statements (2019 financial statements are covered by BSP Monetary Board Resolution No. 2161, Transition clause)

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unaudited condensed consolidated interim financial statements is not prepared, in all material respects, in accordance with PAS 34, *Interim Financial Reporting*.

Other Matter

We have audited the consolidated financial statements of the Group as at and for the year ended December 31, 2023 and expressed an unqualified opinion thereon dated April 15, 2024.

DOUBLEDRAGON CORPORATION AND SUBSIDIARIES
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

1. Reporting Entity

DoubleDragon Corporation, formerly DoubleDragon Properties Corp., ("DD" or the "Parent Company"), was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on December 9, 2009 primarily to engage in the business of real estate development including but not limited to residential and condominium projects, to acquire by purchase or lease land and interest in land, to own, hold, impose, promote, develop, subdivide and manage any land owned, held or occupied by the Parent Company, to construct, manage or administer buildings such as condominiums, apartments, hotels, restaurants, stores or other structures and to mortgage, sell, lease or otherwise dispose of land, interests in land and buildings or other structures at any time.

The Parent Company's shares are listed in the Philippine Stock Exchange ("PSE") on April 7, 2014 under the stock symbol "DD".

The Parent Company's registered office address is at 10th Floor, DoubleDragon Plaza, DD Meridian Park Bay Area, Corner Macapagal Avenue and EDSA Extension Boulevard, Brgy. 76 Zone 10, San Rafael, Pasay City, Metro Manila.

2. Basis of Preparation

The condensed consolidated interim financial statements have been prepared in accordance with Philippine Accounting Standards (PAS) 34, Interim Financial Reporting. Selected explanatory notes are included to explain events and transactions that are significant to the understanding of the changes in financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended December 31, 2023. The condensed consolidated interim financial statements do not include all the information required for a complete set of financial statements in accordance with Philippine Financial Reporting Standards (PFRS) and should be read in conjunction with the audited consolidated financial statements of DoubleDragon Corporation and Subsidiaries (collectively referred to as the "Group") as at and for the year ended December 31, 2023. The audited consolidated financial statements are available upon request from the Group's registered office at DD Meridian Park Bay Area, Corner Macapagal Avenue and EDSA Extension Boulevard, Brgy. 76 Zone 10, San Rafael, Pasay City, Metro Manila.

The condensed consolidated interim financial statements are presented in Philippine peso and all values are rounded off to the nearest peso, except when otherwise indicated.

3. Material Accounting Policies

Except as described below, the accounting policies applied by the Group in these condensed consolidated interim financial statements are the same as those applied by the Group in its consolidated financial statements as of and for the year ended December 31, 2023. The following changes in accounting policies are also expected to be reflected in the Group's condensed consolidated interim financial statements as of and for the year ended June 30, 2024.

Effective January 1, 2024

There are amendments to existing standards effective for annual periods beginning in 2024, which are adopted by the FSRSC. Management will adopt the following relevant pronouncements in accordance with their transitional provisions; and none of these are expected to have significant impact on the Group's condensed consolidated financial statements:

i. PAS 1 (Amendments), Presentation of Financial Statements – Classification of Liabilities as Current or Non-current (effective from January 1, 2024)
ii. PAS 1 (Amendments), Presentation of Financial Statements – Non-current Liabilities with Covenants (effective from January 1, 2024)
iii. PAS 7 (Amendments), Cash Flow Statements and PFRS 7 (Amendments), Financial Instruments: Disclosures – Supplier Finance Arrangements (effective from January 1, 2024) PFRS 16 (Amendments), Leases – Lease Liability in a Sale and Leaseback (effective from January 1, 2024)

Under prevailing circumstances, the adoption of the foregoing new and amended PFRSs are not expected to have any material effect on the financial statements of the Company.

4. Use of Judgments and Estimates

In preparing the condensed consolidated interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those the applied to the consolidated financial statements as at and for the year ended December 31, 2023.

5. Segment Information

Operating Segments

The reporting format of the Group's operating segments is determined based on the Group's risks and rates of return which are affected predominantly by differences in the products and services produced. The operating businesses are organized and managed separately according to the nature of the products produced and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Group's reportable segments are real estate development, leasing, and hospitality. The real estate development segment is engaged in the development of real estate assets to be held as trading inventory and for sale. This segment was developed as part of the Group's tactical approach to early-stage growth, as part of that plan we will be transitioning out of this segment once the current inventory has been fully sold. The leasing and hospitality segments which are focused on recurring revenue will be the core pillars of the Group's growth plans moving forward. The leasing segment is engaged in the acquisition and/or development of real estate assets in the retail, office and industrial sector that are held for rentals. The hospitality segment is engaged in the acquisition and/or development of hotels which will be managed and operated the Group. The hospitality segment includes the development of a homegrown hotel brand with a unique sale-and-manage business model.

Others pertain to the segments engaged in marketing, property management activities and hotel operations.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with the operating profit or loss in the consolidated financial statements.

The Group has three significant reportable segments for 2024 and 2023, namely the real estate development, leasing, and hospitality. Leasing segment is presented into three sub-segments, which composed of retail, office and industrial.

Segment Assets and Liabilities

Segment assets include all operating assets used by a segment and consist primarily of operating cash, receivables, real estate inventories, prepaid expenses and other current assets, property and equipment and computer software licenses, net of accumulated depreciation and amortization, investment property and other noncurrent assets. Segment liabilities include all operating liabilities and consist primarily of accounts payable and other current liabilities, customers' deposits and other noncurrent liabilities. Segment assets and liabilities do not include deferred taxes.

Inter-segment Transactions

Segment revenues, expenses and performance include sales and purchases between operating segments. Inter-segment transactions are set on an arm's length basis similar to transactions with nonrelated parties.

Major Customer

The Group does not have a single external customer from which sales revenue generated amounted to 10% or more of the total revenues of the Group.

16. Financial Risk and Capital Management Objectives and Policies

Objectives and Policies

The Group has significant exposure to the following financial risks primarily from its use of financial instruments:

- Credit Risk
- Liquidity Risk
- Interest Rate Risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks, and the Group's management of capital.

The main purpose of the Group's dealings in financial instruments is to fund its respective operations and capital expenditures.

The BOD has overall responsibility for the establishment and oversight of the Group's risk management framework. The BOD has established the Executive Committee, which is responsible for developing and monitoring the Group's risk management policies. The committee identifies all issues affecting the operations of the Group and reports regularly to the BOD on its activities.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. All risks faced by the Group are incorporated in the annual operating budget. Mitigating strategies and procedures are also devised to address the risks that inevitably occur so as not to affect the Group's operations and forecasted results. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's principal financial assets include cash and cash equivalents, receivables, due from related parties and refundable deposits. These financial assets are used to fund the Group's operations and capital expenditures.

Credit Risk

Credit risk represents the risk of loss the Group would incur if credit customers and counterparties fail to perform their contractual obligations. The risk arises principally from the Group's cash and cash equivalents, receivables, due from related parties and refundable deposits. The objective is to reduce the risk of loss through default by counterparties.

In respect of installments contracts receivable, credit risk is managed primarily through credit reviews and an analysis of receivables on a continuous basis. Customer payments are facilitated by post-dated checks. Exposure to bad debts is not significant as titles to real estate properties are not transferred to the buyers until full payment has been made. There are no large concentrations of credit risk given the Group's diverse customer base.

Credit risk arising from rent receivable is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants. For existing tenants, the Group has put in place a monitoring and follow-up system. Receivables are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting period follows:

The Group assessed the credit quality of unrestricted cash as high grade since this is deposited with reputable banks with low probability of insolvency.

Receivable balances are being monitored on a regular basis to ensure timely execution of necessary intervention efforts. The Group performs credit investigation and evaluation of each buyer to establish paying capacity and creditworthiness. The Group will assess the collectability of its receivables and provide a corresponding allowance provision once the account is considered impaired.

The credit risk for due from related parties and refundable deposits is considered negligible as these are mainly from related parties and Companies that are generally financially stable.

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group manages liquidity risks by forecasting projected cash flows and maintaining balance between continuity of funding and flexibility in operations. Treasury controls and procedures are in place to ensure that sufficient cash is maintained to cover daily operational working capital requirements. Management closely monitors the Group's future and contingent obligations and sets up required cash reserves as necessary in accordance with internal requirements.

Interest Rate Risk

The Group interest risk management policy is to minimize interest rate cash flow risk exposures to changes in interest rates. The Group has short-term and long-term bank borrowings with fixed interest rates. Therefore, the Group is not subject to the effect of changes in interest rates.

Fair Values

The following methods and assumptions are used to estimate the fair value of each class of financial instruments:

Cash and Cash Equivalents/Due from Related Parties/Accounts Payable and Other Current Liabilities/Due to Related Parties

The carrying amounts of cash and cash equivalents, due from related parties, refundable deposits, accounts payable and other current liabilities, short-term notes payable and due to related parties approximate their fair values due to the relatively short-term nature of these financial instruments.

Receivables
The fair values of installment contract receivable and receivables from leasehold rights' buyers from are based on the discounted value of future cash flows using the applicable rates for similar types of instruments. The fair value of other receivables is approximately equal to their carrying amounts due to the short-term nature of the financial assets.

Refundable Deposits/Lease Liabilities/Security Deposits
Refundable deposits, lease liabilities and security deposits are reported at their present values, which approximate the cash amounts that would fully satisfy the obligations as at reporting date.

Short-term Notes Payable/Long-term Notes Payable/Bonds Payable
The fair value of the interest-bearing fixed-rate short-term and long-term debts is based on the discounted value of expected future cash flows using the applicable market rates for similar types of loans as of reporting date.

Capital Management
The Group's objectives when managing capital are to increase the value of shareholders' investment and maintain high growth by applying free cash flows to selective investments. The Group sets strategies with the objective of establishing a versatile and resourceful financial management and capital structure.

The BOD monitors the return on capital, which the Group defines as net operating income divided by total shareholders' equity. The BOD also monitors the level of dividends to shareholders.

The BOD seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Group defines capital as equity, which includes capital stock, additional paid-in capital and retained earnings. There were no changes in the Group's approach to capital management as at June 30, 2024 and December 31, 2023. The Group is not subject to externally-imposed capital requirements.

DoubleDragon
CORPORATION

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of **DoubleDragon Corporation and Subsidiaries** (formerly DoubleDragon Properties Corp. and Subsidiaries) (the "Group"), is responsible for the preparation and fair presentation of the interim consolidated financial statements including the schedules attached therein, statements of financial position for the period ended June 30, 2024 and for the year ended December 31, 2023, and statements of comprehensive income for the six months ended June 30, 2024 and 2023, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors (BOD) is responsible for overseeing the Group's financial reporting process.

The BOD reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders.

R.G. Manabat & Co., the independent auditor appointed by the stockholders, has audited the consolidated financial statements of the Group in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

DoubleDragon CORPORATION

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of **DoubleDragon Corporation and Subsidiaries** (formerly DoubleDragon Properties Corp. and Subsidiaries) (the "Group"), is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein, for the years ended December 31, 2023, 2022 and 2021, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors (BOD) is responsible for overseeing the Group's financial reporting process.

The BOD reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders.

R.G. Manabat & Co., the independent auditor appointed by the stockholders, has audited the consolidated financial statements of the Group in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

REPORT OF INDEPENDENT AUDITORS

The Board of Directors and Stockholders
DoubleDragon Corporation

Brgy 76 Zone 10, San Rafael, Pasay City, Metro Manila

Opinion

We have audited the consolidated financial statements of DoubleDragon Corporation, formerly DoubleDragon Properties Corp., and its Subsidiaries ("the Group"), which comprise the consolidated statements of financial position as at December 31, 2023 and 2022, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2023, and notes, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group as at December 31, 2023 and 2022, and for each of the three years in the period ended December 31, 2023, are prepared in all material respects, in accordance with Philippine Financial Reporting Standards (PFRS), as modified by the application of the financial reporting reliefs issued and approved by the Philippine Securities and Exchange Commission (SEC), as described in Note 2 to the consolidated financial statements.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Firm Regulatory Registration & Accreditation:
PRC-BOA Registration No. 0003, valid until September 20, 2026
IC Accreditation No. 0003-IC, Group A, valid for five (5) years covering the audit of 2020 to 2024
financial statements (2019 financial statements are covered by IC Circular Letter (CL) No. 2019-39, Transition clause)
BSP Accreditation No. 0003-BSP, Group A, valid for five (5) years covering the audit of 2020 to 2024
financial statements (2019 financial statements are covered by BSP Monetary Board Resolution No. 2161, Transition clause)

Emphasis of Matter

We draw attention to Note 2 to the consolidated financial statements, which indicates that the consolidated financial statements have been prepared in accordance with PFRS, as modified by the application of the financial reporting reliefs issued and approved by the SEC in response to the COVID-19 pandemic. The impact of the application of the financial reporting reliefs on the consolidated financial statements are discussed in detail in Note 3. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Investment Property (P147.94 billion)
Refer to Note 13 to the consolidated financial statements.

The risk
The valuation of investment property requires significant judgments and estimates by management and the independent valuation expert engaged by the Group. Any input inaccuracies or unreasonable bases used in these judgments and estimates could result in a material misstatement of the net income and investment property.

Our response
We performed the following audit procedures around the valuation of investment property:

- We evaluated the Group's controls over the data and assumptions used in the valuation of the investment property portfolio and management's review of the valuations;
- We evaluated the competence, capabilities and objectivity of the independent valuation expert;
- We discussed with the valuation expert to obtain understanding of the methodology and assumptions used in the valuation;
- We conducted comparison of assumptions and/or detailed analytical procedures by reference to external market data to evaluate the appropriateness of the valuation and investigated further the valuation of those properties which were not in line with our expectations; and
- We evaluated the adequacy of the financial statements disclosures.

Determination of Percentage of Completion used for Recognition of Real Estate Sales (P1.35 billion)
Refer to Note 6 to the consolidated financial statements.

The risk
Real estate sales were recognized based on a percentage of completion which is determined by the project managers. The percentage of completion involves high estimation uncertainty in which an error in assumptions and judgments used would result to an error in the accuracy of real estate sales and related cost of sales.

Our response
We performed the following audit procedures around the determination of percentage of completion:

- We discussed with project managers for major properties under development and assessed project costs, progress of development and verified the forecasted costs to complete as well as identified contingencies, exposures and remaining risks. We corroborated the information provided by the project managers through review and cost analysis;

- We evaluated the competence, capabilities and objectivity of the project managers; and

- We evaluated the adequacy of the financial statements disclosures.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2023, but does not include the consolidated financial statements and our auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2023 are expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS, as modified by the application of the financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in accordance with PFRS, as modified by the application of the financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the consolidated financial statements.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Opinion

We have audited the consolidated financial statements of DoubleDragon Corporation, formerly DoubleDragon Properties Corp., and its Subsidiaries ("the Group"), which comprise the consolidated statements of financial position as at December 31, 2023 and 2022, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2023, and notes, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group as at December 31, 2023 and 2022, and for each of the three years in the period ended December 31, 2023, are prepared in all material respects, in accordance with Philippine Financial Reporting Standards (PFRS), as modified by the application of the financial reporting reliefs issued and approved by the Philippine Securities and Exchange Commission (SEC), as described in Note 2 to the consolidated financial statements.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 2 to the consolidated financial statements, which indicates that the consolidated financial statements have been prepared in accordance with PFRS, as modified by the application of the financial reporting reliefs issued and approved by the SEC in response to the COVID-19 pandemic. The impact of the application of the financial reporting reliefs on the consolidated financial statements are discussed in detail in Note 3. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Investment Property (P147.94 billion)
Refer to Note 13 to the consolidated financial statements.

The risk
The valuation of investment property requires significant judgments and estimates by management and the independent valuation expert engaged by the Group. Any input inaccuracies or unreasonable bases used in these judgments and estimates could result in a material misstatement of the net income and investment property.

Our response
We performed the following audit procedures around the valuation of investment property:

Determination of Percentage of Completion used for Recognition of Real Estate Sales (P1.35 billion)
Refer to Note 6 to the consolidated financial statements.

The risk
Real estate sales were recognized based on a percentage of completion which is determined by the project managers. The percentage of completion involves high estimation uncertainty in which an error in assumptions and judgments used would result to an error in the accuracy of real estate sales and related cost of sales.

Our response
We performed the following audit procedures around the determination of percentage of completion:

- We discussed with project managers for major properties under development and assessed project costs, progress of development and verified the forecasted costs to complete as well as identified contingencies, exposures and remaining risks. We corroborated the information provided by the project managers through review and cost analysis;

- We evaluated the competence, capabilities and objectivity of the project managers; and

- We evaluated the adequacy of the financial statements disclosures.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2023, but does not include the consolidated financial statements and our auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2023 are expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS, as modified by the application of the financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in accordance with PFRS, as modified by the application of the financial reporting reliefs issued and approved by the SEC, as described in Note 2 to the consolidated financial statements.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Karlo Eleazar V. Baral.

DOUBLEDRAGON CORPORATION AND SUBSIDIARIES
(Formerly DoubleDragon Properties Corp.)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. Reporting Entity

DoubleDragon Corporation, ("DD" or the "Parent Company"), was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on December 9, 2009 primarily to engage in the business of real estate development including but not limited to residential and condominium projects, to acquire by purchase or lease land and interest in land, to own, hold, impose, promote, develop, subdivide and manage any land owned, held or occupied by the Parent Company, to construct, manage or administer buildings such as condominiums, apartments, hotels, restaurants, stores or other structures and to mortgage, sell, lease or otherwise dispose of land, interests in land and buildings or other structures at any time.

The Parent Company's shares are listed in the Philippine Stock Exchange ("PSE") on April 7, 2014 under the stock symbol "DD".

On April 14, 2021, the Board of Directors (BOD) of DD approved the amendment in the articles of incorporation (AOI) which will change the name of the Parent Company to DoubleDragon Corporation, change its primary and secondary purposes to transform it into an investment and holding company, and change the corporate life of the Parent Company to perpetual. On July 30, 2021, the stockholders ratified the amendment in the AOI. On November 18, 2021, the SEC approved the change in the AOI.

The Parent Company's registered office address is at 10th Floor, DoubleDragon Plaza, DD Meridian Park Bay Area, Corner Macapagal Avenue and EDSA Extension Boulevard, Brgy. 76 Zone 10, San Rafael, Pasay City, Metro Manila.

2. Basis of Preparation

Statement of Compliance

The accompanying consolidated financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRS), as modified by the application of the financial reporting reliefs issued and approved by the Securities and Exchange Commission in response to the COVID - 19 pandemic.

On December 15, 2020, the Philippine SEC issued SEC Memorandum Circular (MC) No. 34-2020 which further extended the deferral of the following provisions until December 31, 2023:

- Accounting for significant financing component discussed in Philippine Interpretations Committee Question and Answers (PIC Q&A) 2018-12-D
- Implementation of International Financial Reporting Standards (IFRS) Interpretations Committee (IFRIC) Agenda Decision (March 2019 IFRIC Update) on Agenda Decision on Over Time Transfer of Constructed Goods (Philippine Accounting Standards (PAS) 23, Borrowing Cost) for Real Estate industry

The details and the impact of the adoption of the above financial reporting reliefs are discussed in Note 3 to the consolidated financial statements.

PFRS are based on IFRS issued by the International Accounting Standards Board (IASB). PFRS consist of PFRS, PAS and Philippine Interpretations issued by the Financial and Sustainability Reporting Standards Council (FSRSC).

The consolidated financial statements were approved and authorized for issuance by the Board of Directors (BOD) on April 15, 2024.

Basis of Measurement

The consolidated financial statements of the Group have been prepared using the historical cost basis of accounting, except for investment property which is measured at fair value and retirement benefit liability which is measured at present value of defined benefit obligation.

Functional and Presentation Currency

The consolidated financial statements are presented in Philippine peso, which is the Parent Company's functional currency. All financial information presented in Philippine peso has been rounded off to the nearest peso, unless otherwise stated.

DDMPDC started its commercial operations in October 2017.

On November 11, 2020, the BOD and shareholders of DDMPR approved to amend DDMPR's AOI. Relevant amendments include:

- Change in the corporate's name to DDMP REIT, INC.;
- Amendment of the primary purpose of DDMPR. The amended primary purpose is now:

    - To engage in the business of a REIT, as provided under Republic Act No. 9856 (the Real Estate Investment Trust Act of 2009), including its implementing rules and regulations (the "REIT Act"), and other applicable laws

- Change of corporate term to perpetual existence;
- Increase in the number of BOD to nine (9) and inclusion of independent directors;
- Compliance with the lock-up requirements under the Listing Rules of the Philippine Stock Exchange, Inc.;
- Removal of the contractual restrictions on the disposition of shares; and
- Inclusion of additional restriction on transfer of shares as provided under REIT Act.

On November 26, 2020, the SEC approved the amendment of DDMPR's AOI. On March 24, 2021, DDMPR completed its IPO and was listed in the PSE under the stock symbol "DDMPR", as a REIT entity. As a result of the IPO, DD's ownership interest in DDMPR was diluted to 46.67%. Despite the reduction of ownership interest to less than 50%, the Parent Company will retain the control over DDMPR in accordance with PFRS 10, *Consolidated Financial Statements.* DDMPR's IPO resulted in an increase in NCI amounting to P8,268.95 million and retained earnings amounting to P713.66 million.

As REIT entity, DDMPR is entitled to the following:

a. Exemption from the 2% minimum corporate income tax;
b. Exemption from VAT and documentary stamp tax on the transfer of property in exchange of its shares;

c. Deduction of dividend distribution from its taxable income, and
d. Fifty percent (50%) of the standard DST rate on the transfer of real property into the Company, including the sale or transfer of any security interest thereto.

DDMPR is also required to distribute 90% of its distributable income. Details of the distributable income of DDMPR in 2023, 2022 and 2021 are shown below:

	2023	2022	2021

Out of the 2023 distributable income, P1,364.65 million was already declared of which P457.84 million is still unpaid as at December 31, 2023. On April 15, 2024, the BOD of the DDMPR approved the declaration of dividends to common shareholders on record as at May 7, 2024 amounting to P0.0231370 per share, equivalent to P412.47 million. The dividend is payable on May 31, 2024.

Out of the 2022 distributable income, P1,873.66 million was declared and paid by DDMPR.

Out of the 2021 distributable income, P1,849.21 million was declared and paid by DDMPR.

On February 10, 2021, DDMPR sold its investments in DRFMI and DRPMI to the Parent Company and BVY.

3. Summary of Material Accounting Policies

The accounting policies set out below have been applied consistently to all years presented in the consolidated financial statements, except for the changes in accounting policies as explained below.

The FSRSC approved the adoption of a number of new and amendments to standards as part of PFRS.

Amendments to Standards and Interpretations
The Group has adopted the following amendments to PFRS effective January 1, 2023 and accordingly, changed its accounting policies in the following areas:

- Definition of Accounting Estimates (Amendments to PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors*). The amendments clarify that accounting estimates are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an accounting estimate is developed to achieve the objective set out by an accounting policy. Developing an accounting estimate includes both selecting a measurement technique (estimate or valuation technique) and choosing the inputs to be used when applying the chosen measurement technique. The effects of changes in the inputs or measurement techniques are changes in accounting estimates. The definition of accounting policies remains unchanged. The amendments also provide examples on the application of the new definition.

- Disclosure of Accounting Policies (Amendments to PAS 1, *Presentation of Financial Statements*, and PFRS Practice Statement 2, *Making Materiality Judgments*). The key amendments to PAS 1 include requiring entities to disclose material accounting policies rather than significant accounting policies; clarifying that accounting policies related to immaterial transactions, other events or conditions are immaterial and as such need not be disclosed; and clarifying that not all accounting policies that relate to material transactions, other events or conditions are material to the financial statements. The amendments to PFRS Practice Statement 2 include guidance and additional examples on the application of materiality to accounting policy disclosures.

  The Group reviewed the accounting policies and although the amendments did not result in any changes to the accounting policies themselves, updates were made to the accounting policy information in certain instances in line with the amendments.

Standards Issued But Not yet Adopted

A number of new and amendments to standards are effective for annual reporting periods beginning after January 1, 2023 and have not been applied in preparing the consolidated financial statements.

The Group will adopt the following new and amendments to standards on the respective effective dates:

- *Classification of Liabilities as Current or Non-current* - 2020 amendments and Non-Current Liabilities with Covenants - 2022 amendments (Amendments to PAS 1, Presentation of Financial Statements). To promote consistency in application and clarify the requirements on determining whether a liability is current or noncurrent, the amendments:

  - removed the requirement for a right to defer settlement of a liability for at least 12 months after the reporting period to be unconditional and instead requires that the right must have substance and exist at the end of the reporting period;

  - clarified that only covenants with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current and covenants with which the entity must comply after the reporting date do not affect a liability's classification at that date;

  - provided additional disclosure requirements for non-current liabilities subject to conditions within twelve months after the reporting period to enable the assessment of the risk that the liability could become repayable within twelve months; and

  - clarified that settlement of a liability includes transferring an entity's own equity instruments to the counterparty, but conversion options that are classified as equity do not affect classification of the liability as current or noncurrent.

  The amendments will apply retrospectively for annual reporting periods beginning on or after January 1, 2024, with earlier application permitted.

Deferral of the following provisions of PIC Q&A 2018-12, PFRS 15 Implementation Issues Affecting the Real Estate Industry and IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23)

- *PIC Q&A 2018-12-D.* The mismatch between the percentage of completion of the Group's real estate projects and right to an amount of consideration based on the schedule of payments, as stated in the contract to sell, would constitute a significant financing component. Interest income is recognized if the percentage of completion of real estate projects is higher than the right to an amount of consideration while interest expense is recognized if the latter is higher.

  On October 25, 2018 and February 8, 2019, the SEC en banc, through the issuance of SEC Memorandum Circular No. 14, Series of 2018 and SEC Memorandum Circular No. 3, Series of 2019, respectively, decided to provide a relief to the real estate industry by deferring the application of the above PIC Q&A for a period of three (3) years.

  On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of this PIC Q&A until December 31, 2023.

- The IFRIC Agenda Decision (March 2019 IFRIC Update) clarified whether borrowing costs may be capitalized in relation to the construction of a residential multi-unit real estate development which are sold to customers prior to start of construction or completion of the development. Under the March 2019 IFRIC Update, the Committee clarified that the related assets that might be recognized in the Group's financial statements (i.e., installment contract receivable, contract asset, or inventory) will not qualify as a qualifying asset and the corresponding borrowing cost may no longer be capitalized.

  On February 21, 2020, the SEC, thru its memorandum circular No. 4, series of 2020, defers the implementation of March 2019 IFRIC Update until December 31, 2020.

  On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of the PIC Q&A and IFRIC Agenda Decision until December 31, 2023.

  After the deferral period, the Group will adopt PIC Q&A No. 2018-12 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

  The Group availed of the SEC relief on the accounting for significant financing component of PIC Q&A 2018-12-D and IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23). Had this provision been adopted, the Group assessed that the impact would have been as follows:

  - Adoption of PIC Q&A 2018-12-D would have impacted interest income, interest expense, revenue from real estate sales, installment contract receivables and deferred taxes for all years presented and the opening balance of retained earnings. These would have impacted the cash flows from operations and cash flows from financing activities for all years presented.

  - Adoption of IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23) would have impacted real estate inventory, interest expense and cost of real estate sales for all years presented and the opening balance of retained earnings. These would have impacted the cash flows from operations.

The Group is still in the process of assessing the impact of these deferred provisions as at December 31, 2023.

Financial Instruments

Date of Recognition

The Group recognizes a financial asset or financial liability in the consolidated statements of financial position when it becomes a party to the contractual provisions of the instrument. In the case of a regular way purchase or sale of financial assets, recognition is done using settlement date accounting.

Initial Recognition of Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized initially at fair value, except for a trade receivable without a significant financing component. The initial measurement, except for those designated as FVPL, includes transaction costs. A trade receivable without a significant financing component is initially measured at the transaction price.

Financial Assets

The Group classifies its financial assets, at initial recognition, and subsequently measured at amortized cost, FVOCI and FVPL. The classification depends on the contractual cash flow characteristics of the financial assets and the business model of the Group for managing the financial assets.

Subsequent to initial recognition, financial assets are not reclassified unless the Group changes the business model for managing financial assets. All affected financial assets are reclassified on the first day of the reporting period following the change in the business model.

The business model refers to how the Group manages the financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. The Group considers the following information in assessing the objective of the business model in which a financial asset is held at a portfolio level, which reflects the way the Group manages financial information being provided to management:

- the stated policies and objectives for the portfolio and the operations of those policies in practice;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how employees of the business are compensated; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

For the purposes of assessing the cash flow characteristics of financial assets, "Principal" is defined as the fair value of the financial asset on initial recognition. "Interest" is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

The Group considers the contractual terms of the instrument in assessing whether the contractual cash flows are solely payments of principal and interest. The assessment includes whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. The Group considers the following in making the assessment:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets.

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for financial assets acquired at a discount or premium to its contractual amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

The Group's cash and cash equivalents, receivables, due from related parties and refundable deposits under "Prepaid expenses and other current assets - net" and "Other noncurrent assets" accounts are included in this category (Notes 7, 8, 10, 15 and 23).

Other Financial Liabilities
This category pertains to financial liabilities that are not designated or classified as at FVPL. After initial measurement, other financial liabilities are carried at amortized cost using the effective interest rate method. Amortized cost is calculated by taking into account any premium or discount and any directly attributable transaction costs that are considered an integral part of the effective interest rate of the liability. The effective interest rate amortization is included in "Interest expense" account in the consolidated statements of comprehensive income. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the amortization process.

The Group's accounts payable and other current liabilities, due to related parties, notes payable, bonds payable and other noncurrent liabilities (excluding payables to government agencies and unearned rent income) accounts are included in this category (Notes 16, 17, 19 and 23).

Derecognition of Financial Assets and Financial Liabilities
Financial Assets
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- the rights to receive cash flows from the asset have expired; or

- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; and either: (a) has transferred substantially all the risks and rewards of the asset; or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial Liabilities
A financial liability is derecognized when the obligation under the liability is discharged or cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in profit or loss.

Impairment of Financial Assets
The Group recognizes allowance for expected credit losses (ECL) on financial assets at amortized cost.

ECLs are probability-weighted estimates of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e., the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive), discounted at the effective interest rate of the financial asset, and reflects reasonable and supportable information that is available without undue cost or effort about past events, current conditions and forecasts of future economic conditions.

The Group recognizes an allowance for impairment based on either 12-month or lifetime ECLs, depending on whether there has been a significant increase in credit risk since initial recognition.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group recognizes lifetime ECLs for receivables that do not contain significant financing component. The Group uses provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the borrowers and the economic environment.

At each reporting date, the Group assesses whether financial assets at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

(a) significant financial difficulty of the issuer or the borrower;

(b) a breach of contract, such as a default or past due event;

(c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;

(d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganization;

(e) the disappearance of an active market for that financial asset because of financial difficulties; or
(f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

The Group considers a financial asset to be in default when a counterparty fails to pay its contractual obligations, or there is a breach of other contractual terms, such as covenants.

The Group directly reduces the gross carrying amount of a financial asset when there is no reasonable expectation of recovering the contractual cash flows on a financial asset, either partially or in full. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

The ECLs on financial assets at amortized cost are recognized as allowance for impairment losses against the gross carrying amount of the financial asset, with the resulting impairment losses (or reversals) recognized in profit or loss.

Classification of Financial Instruments between Debt and Equity
From the perspective of the issuer, a financial instrument is classified as debt instrument if it provides for a contractual obligation to:

- deliver cash or another financial asset to another entity;
- exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Group; or
- satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Group does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

Debt Issue Costs
Debt issue costs are considered as an adjustment to the effective yield of the related debt and are deferred and amortized using the effective interest rate method. When a loan is paid, the related unamortized debt issue costs at the date of repayment are recognized in profit or loss.

Fair Value Measurements
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or most advantageous market must be accessible to the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data.

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing the categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

Inventories

Real Estate Inventories

Real estate inventories are properties that are acquired and developed or constructed for sale in the ordinary course of business, rather than to be held for rental or capital appreciation. These consist of acquisition cost of land and other related development costs, capitalized borrowings and other capitalized costs.

These are carried at the lower of cost or net realizable value (NRV). NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs to make the sale.

The cost of real estate inventories recognized in profit or loss is determined with reference to the specific costs incurred on the property and allocated to saleable area based on relative size.

Hotel Inventories

Hotel inventories are valued at the lower of cost and NRV. The cost of hotel inventories is determined using the weighted average method and includes all expenditures incurred in acquiring the inventories and in bringing them to their existing location and condition.

NRV is the estimated selling price in the ordinary course of business less the estimated costs of marketing and distribution necessary to make the sale.

The Group maintains an allowance to reduce hotel inventories to NRV at a level considered adequate to provide for potential obsolete inventories. The level of this allowance is evaluated by management based on the movements and current condition of hotel inventory items. Such allowance has been considered in the determination of the NRV of the hotel inventories.

The amount of any write-down of hotel inventories to NRV and all losses of hotel inventories are recognized as expense in the period the write-down or loss occurred. The amount of any reversal of any write-down of hotel inventories arising from an increase in NRV is recognized as a reduction in the amount of hotel inventories recognized as expense in the period in which the reversal occurred.

Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is its fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

Hotel101 Brand

The Hotel101 brand is an asset with indefinite useful life and is tested for impairment annually. The method used to estimate the fair value of Hotel101 brand is the Relief-from-Royalty Method (RfR) based on cost savings from owning the brand name. The cost savings are calculated based on royalty rates of comparable brands and the forecast revenues of HOA.

Investment Property

Investment property consists of properties held to earn rentals and/or for capital appreciation. Initially, investment property is measured at cost including certain transaction costs. Subsequent to initial recognition, investment property, is stated at fair value, which reflects market conditions at the reporting date. The fair value of investment property is determined by independent real estate valuation experts based on recent real estate transactions with similar characteristics and location to those of the Group's investment property. Gains or losses arising from changes in the fair values of investment property are included in profit or loss in the period in which they arise.

Investment property of the Group is mainly composed of land, building and construction-in-progress.

Investment property is derecognized either when it is disposed of or when it is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement and disposal of investment property is recognized in profit or loss in the period of retirement or disposal.

Transfers are made to investment property when there is a change in use, evidenced by ending of owner-occupation or commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment property when, and only when, there is a change in use, evidenced by commencement of the owner-occupation or commencement of development with a view to sell.

For a transfer from investment property to owner-occupied property or real estate inventories, the deemed cost of property for subsequent accounting is its fair value at the date of change in use. If owner-occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property and equipment up to the date of change in use. If real estate inventories become an investment property, the Group recognizes the investment property based on its fair value at the time of transfer. Gain or loss from the transfer is recognized in profit or loss.

Business Combination

Business combinations are accounted for using the acquisition method as at the acquisition date. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value, and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and included as part of "General and administrative expenses" account in the consolidated statements of comprehensive income.

When the Group acquires a business, it assesses the financial assets and financial liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured at the acquisition date fair value and any resulting gain or loss is recognized in profit or loss.

The Group measures goodwill at the acquisition date as: a) the fair value of the consideration transferred; plus b) the recognized amount of any non-controlling interests in the acquiree; plus c) if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less d) the net recognized amount (generally fair value) of the identifiable assets acquired and liabilities assumed. When the excess is negative, a bargain purchase gain is recognized immediately in profit or loss. Subsequently, goodwill is measured at cost less any accumulated impairment in value. Goodwill is reviewed for impairment, annually or more frequently, if events or changes in circumstances indicate that the carrying amount may be impaired.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognized in profit or loss. Costs related to the acquisition, other than those associated with the issue of debt or equity securities that the Group incurs in connection with a business combination, are expensed as incurred. Any contingent consideration payable is measured at fair value at the acquisition date. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognized in profit or loss.

Goodwill in a Business Combination
Goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units, or groups of cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities are assigned to those units or groups of units. Each unit or group of units to which the goodwill is allocated:

- represents the lowest level within the Group at which the goodwill is monitored for internal management purposes; and

- is not larger than an operating segment determined in accordance with PFRS 8, *Operating Segments.*

Impairment is determined by assessing the recoverable amount of the cash-generating unit or group of cash-generating units, to which the goodwill relates. Where the recoverable amount of the cash-generating unit or group of cash-generating units is less than the carrying amount, an impairment loss is recognized. Where goodwill forms part of a cash-generating unit or group of cash-generating units and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained. An impairment loss with respect to goodwill is not reversed.

Impairment of Non-financial Assets

The carrying amounts of non-financial assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable. If any such indication exists, and if the carrying amount exceeds the estimated recoverable amount, the assets or cash-generating units are written down to their recoverable amounts. The recoverable amount of the asset is the greater of fair value less costs of disposal and value in use. The fair value less costs of disposal is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. Impairment losses are recognized in profit or loss in those expense categories consistent with the function of the impaired asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss. After such a reversal, the depreciation and amortization charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

Capital Stock

Capital stock is measured at par value for all shares issued. When the Group issues more than one class of stock, a separate account is maintained for each class of stock and the number of shares issued.

Common Shares. Common shares are classified as equity. Incremental costs directly attributable to the issue of common shares are recognized as deduction from equity, net of any tax effects.

Preferred Shares. Preferred shares are classified as equity if it is non-redeemable, or redeemable only at the Group's option, and any dividends are discretionary. Dividends thereon are recognized as distributions within equity upon approval by the Group's BOD.

Additional Paid-in Capital

Additional paid-in capital represents the amount received in excess of the par value of the capital stock issued.

Stock issuance costs are transaction costs that are directly attributable to the issuance of new shares accounted for as a deduction from equity, net of any related income tax benefit. Such costs are deducted from additional paid-in capital arising from the share issuance. If the additional paid-in capital is insufficient to absorb such expenses, the excess shall be charged to stock issuance costs to be reported as a contra equity account as a deduction from the following in the order of priority: (1) additional paid-in capital from previous stock issuance; and (2) retained earnings.

Treasury Stocks

Treasury stocks are equity instruments which are reacquired are carried at cost and are deducted from equity. No gain or loss is recognized on the purchase, sale, reissuance or cancellation of the Group's own equity instruments. When the shares are retired, the capital stock account is reduced by its par value and the excess of cost over par value upon retirement is debited to additional paid-in-capital to the extent of the specific or average additional paid-in-capital when the shares were issued and to retained earnings for the remaining balance.

Revenue and Cost Recognition

Revenue Recognition

- *Revenue from Contracts with Customers*

  The Group recognizes revenue from contracts with customers when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Revenues exclude value-added tax (VAT) and other fees collected on behalf of other parties.

  The transfer of control can occur over time or at a point in time. Revenue is recognized at a point in time unless one of the following criteria is met, in which case it is recognized over time: (a) the customer simultaneously receives and consumes the benefits as the Group performs its obligations; (b) the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or (c) the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

  The Group assesses its revenue arrangements to determine if it is acting as principal or agent. The Group has generally concluded that it is the principal in its revenue arrangements, except for the provisioning of water and electricity in its mall, retail and spaces, wherein it is acting as agent.

  The following specific recognition criteria must also be met before revenue is recognized:

  - *Real Estate Sales*

    Revenue from the sale of these real estate projects under pre-completion stage are recognized over time during the construction period (or percentage of completion) since based on the terms and conditions of its contract with the buyers, the Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

    In measuring the progress of its performance obligation over time, the Group uses the output method. The Group recognizes revenue on the basis of direct measurements of the value to customers of the goods or services transferred to date, relative to the remaining goods or services promised under the contract. Progress is measured using survey of performance completed to date. This is based on the monthly project accomplishment report prepared by the third party surveyor, as approved by the construction manager which integrates the surveys of performance to date of the construction activities for both sub-contracted and those that are fulfilled by the developer itself.

  - *Hotel Revenues*

    The Group recognizes revenue from hotel operations when the related service are preformed and goods are served.

Cost Recognition

- *Cost Recognition of Real Estate Sales*
  The Group recognizes costs relating to satisfied performance obligations as these are incurred taking into consideration the contract fulfillment assets such as connection fees. These include costs of land, land development costs, building costs, professional fees, depreciation, permits and licenses and capitalized borrowing costs. These costs are allocated to the saleable area, with the portion allocable to the sold area being recognized as costs of sales while the portion allocable to the unsold area being recognized as part of real estate inventories.

- *Cost of Hotel Operations*
  Cost of hotel operations pertains to expenses incurred in relation to sale of goods and rendering of services. These are recognized when a decrease in future economic benefits related to a decrease in an asset or an increase of a liability has arisen than can be measured reliably. These are recognized when incurred and measured at the amount paid or payable.

Expense Recognition

Expenses are recognized when they are incurred and are reported in the consolidated financial statements in the periods to which they relate.

Expenses are also recognized when a decrease in future economic benefit related to a decrease in an asset or an increase in a liability that can be measured reliably has arisen. Expenses are recognized on the basis of a direct association between costs incurred and the earning of specific items of income; on the basis of systematic and rational allocation procedures when economic benefits are expected to arise over several accounting periods and the association can only be broadly or indirectly determined; or immediately when an expenditure produces no future economic benefits or when, and to the extent that future economic benefits do not qualify, or cease to qualify, for recognition as an asset.

Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset for a period of time, the Group assesses whether, throughout the period of use:

- the Group has the right to obtain substantially all the economic benefits from use of the identified asset; and

- the Group has the right to direct the use of the identified asset.

Group as Lessor

The Group determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, the lease is classified as a finance lease; if not, it is classified as an operating lease. As part of the assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Group is an intermediate lessor, it accounts for the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use asset arising from the head lease. If a head lease is a short-term lease to which the Group applies the recognition exemption, it classifies the sublease as an operating lease.

If an arrangement contains lease and non-lease components, the Group applies PFRS 15, *Revenue from Contracts with Customers,* to allocate the consideration in the contract.

The Group recognizes lease payments received under operating leases as rent income on a straight-line basis over the lease term.

Group as Lessor - Operating Lease
Leases where the Group does not transfer substantially all the risks and benefits of the ownership of the assets are classified as operating leases. Rent income arising from operating lease is accounted for on a straight-line basis over the lease terms and is included in revenue due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Borrowing Costs
Borrowing costs are capitalized if they are directly attributable to the acquisition or construction of a qualifying asset otherwise it's expensed out. Capitalization of borrowing costs commences when the activities to prepare the asset are in progress and expenditures and borrowing costs are being incurred. Borrowing costs are capitalized until the assets are substantially ready for their intended use.

The amount of specific borrowing costs capitalized is net of the investment income on any temporary investment of the funds pending expenditure on the asset. On the other hand, general borrowing costs capitalized is exclusive of any investment income earned.

Foreign Currency
Foreign Currency Translations
Transactions in foreign currencies are initially recorded in the respective functional currency of the Group entities at exchange rates at the dates of the transactions.

Monetary assets and monetary liabilities denominated in foreign currencies are translated to the functional currency at exchange rate at the reporting date.

Non-monetary assets and non-monetary liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate when the fair value was determined. Non-monetary items denominated in foreign currencies that are measured based on historical cost are translated using the exchange rate at the date of the transaction.

Foreign currency differences arising on translation are recognized in the consolidated statements of comprehensive income, except for differences arising on the translation of monetary items that in substance form part of a net investment in a foreign operation and hedging instruments in a qualifying cash flow hedge or hedge of a net investment in a foreign operation, which are recognized in other comprehensive income.

Foreign Operations
The assets and liabilities of foreign operations are translated to Philippine peso at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Philippine peso at average exchange rates for the period.

Foreign currency differences are recognized in other comprehensive income and presented in the "Translation reserve" account in the consolidated statements of changes in equity. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to the profit or loss as part of the gain or loss on disposal.

When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to NCI. When the Group disposes of only part of its investment in shares of stock of an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation and are recognized in other comprehensive income and presented in the "Translation reserve" account in the consolidated statements of changes in equity.

Employee Benefits
Short-term Employee Benefits
Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Taxes
Current Tax
Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred Tax
Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences and the carryforward tax benefits of the net operating loss carry-over (NOLCO) to the extent that it is probable that sufficient future taxable profit will be available against which the deductible temporary differences and the carryforward tax benefits of NOLCO can be utilized. Deferred tax, however, is not recognized when it arises from the initial recognition of an asset or a liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognize deferred tax asset in full, the future taxable profits, adjusted for reversals of existing temporary differences, are considered based on the business plan of the Group.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that sufficient future taxable profit will allow the deferred tax asset to be recovered.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting date.

Current tax and deferred tax are recognized in profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

VAT
Revenues, expenses and assets are recognized net of the amount of VAT. The net amount of tax recoverable from, or payable to, the taxation authority is included as part of “Prepaid expenses and other current assets - net” or “Accounts payable and other current liabilities” account in the consolidated statements of financial position.

Basic and Diluted Earnings Per Common Share (EPS)
Basic EPS is computed by dividing the net income for the period attributable to equity holders of the Parent Company by the weighted average number of issued and outstanding common shares during the period, with retroactive adjustment for any stock dividends declared. Diluted EPS is computed by dividing net income for the year attributable to common equity holders of the Parent Company by the weighted average number of common shares issued and outstanding during the year plus the weighted average number of common shares that would be issued on conversion of all the dilutive potential common shares into common shares.

Operating Segments
The Group’s operating segments are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Financial information on operating segments is presented in Note 5 to the consolidated financial statements. The Chief Executive Officer (the chief operating decision maker) reviews management reports on a regular basis.

The measurement policies used by the Group for segment reporting under PFRS 8 are the same as those used in the consolidated financial statements. There have been no changes in the measurement methods used to determine reported segment profit or loss from prior periods.
Segment revenues, expenses and performance include sales and purchases between business segments. Such sales and purchases are eliminated in consolidation.

Events After the Reporting Date
Post year-end events that provide evidence of conditions that existed at the end of the reporting date (adjusting events) are recognized in the consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

4. Significant Accounting Judgments, Estimates and Assumptions

The preparation of the consolidated financial statements in accordance with PFRS requires management to exercise judgments, make estimates and use assumptions that affect the application of accounting policies and the amounts of assets, liabilities, income and expenses reported in the consolidated financial statements at the reporting date. However, uncertainty about these judgments, estimates and assumptions could result in an outcome that could require a material adjustment to the carrying amount of the affected asset or liability in the future.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions are recognized in the period in which the judgments and estimates are revised and in any future period affected.

Judgments
In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the consolidated financial statements:

Existence of a Contract
The Group's primary document for a contract with a customer is a signed contract to sell.

In addition, part of the assessment process of the Group before revenue recognition is to assess the probability that the Group will collect the consideration to which it will be entitled in exchange for the real estate property that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity considers the significance of the customer's initial payments in relation to the total contract price. Collectability is also assessed by considering factors such as history of customer, age and pricing of the property. Management regularly evaluates the historical cancellations and back-outs if it would still support its current threshold of customers' equity before commencing revenue recognition.

In addition, the Group requires a certain percentage of buyer's payments of total selling price (buyer's equity), to be collected as one of the criteria in order to initiate revenue recognition. Reaching this level of collection is an indication of buyer's continuing commitment and the probability that economic benefits will flow to the Group.

Revenue Recognition Method and Measure of Progress
The Group concluded that revenue for real estate sales is to be recognized over time because: (a) the Group's performance does not create an asset with an alternative use and; (b) the Group has an enforceable right for performance completed to date. The promised property is specifically identified in the contract and the contractual restriction on the Group's ability to direct the promised property for another use is substantive. This is because the property promised to the customer is not interchangeable with other properties without breaching the contract and without incurring significant costs that otherwise would not have been incurred in relation to that contract. In addition, under the current legal framework, the customer is contractually obliged to make payments to the developer up to the performance completed to date.

The Group has determined that output method used in measuring the progress of the performance obligation faithfully depicts the Group's performance in transferring control of real estate development to the customers.

Determination of whether the Group is acting as a Principal or an Agent
The Group is a principal if it controls the specified good or service before it is transferred to a customer. The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party and the Group does not control the good or service before it is transferred to the customer.

The Group assesses its hotel revenue arrangements against the following indicators to help determine whether it is acting as a principal or an agent:

- whether the Group has primary responsibility for providing the services;
- whether the Group has inventory risk; and
- whether the Group has discretion in establishing prices.

The Group concluded that it is acting as the principal in its hotel revenue arrangements since they have the primary responsibility in providing the services and have the discretion in establishing hotel rates.

In addition, the contract for the mall retail spaces and office spaces leased out by the Group to its tenants includes the right to charge for the electricity usage, water usage and CUSA expenses.

For the electricity and water usage, the Group determined that it is acting as an agent because the promise of the Group to the tenants is to arrange for the electricity and water supply to be provided by a utility company. The utility company, and not the real estate developer, is primary responsible for the provisioning of the utilities while the Group, administers the leased spaces and coordinates with the utility companies to ensure that tenants have access to these utilities. The Group does not have the discretion on the pricing of the services provided since the price is based on the actual rate charged by the utility providers.

For CUSA expenses such as electricity consumption, security, maintenance and all other common area expenses, the Group acts as a principal. This is because it is the Group who retains the right to direct the service provider of CUSA as it chooses and the party responsible to provide the services to the leased premises. The right to the services mentioned never transfers to the tenant and the Group has the discretion on how to price the CUSA.

Distinction between Real Estate Inventories and Investment Property
The Group determines whether a property will be classified as real estate inventories or investment property. In making this judgment, the Group considers whether the property is held for sale in the ordinary course of business [real estate inventories] or which is held primarily to earn rental and capital appreciation and is not substantially for use by, or in the operations of the Group [investment property].

Distinction between Investment Property and Property and Equipment
The Group determines whether a property qualifies as an investment property. In making its judgment, the Group considers whether the property generates cash flows largely independent of the other assets held by an entity. Property and equipment or owner-occupied properties generate cash flows that are attributable not only to the property but also to the other assets used in the production or supply process.

Property Acquisitions and Business Combinations
The Group acquires subsidiaries that own real estate properties. At the time of acquisition, the Group considers whether the acquisition represents the acquisition of a business. The Group accounts for an acquisition as a business combination where an integrated set of activities is acquired in addition to the property. More specifically, consideration is made with regard to the extent to which significant processes are acquired. The significance of any process is judged with reference to the guidance in PAS 40, *Investment Property* on ancillary services. When the acquisition of subsidiaries does not represent a business, it is accounted for as an acquisition of a group of assets and liabilities. The cost of the acquisition is allocated to the assets and liabilities acquired based upon their relative fair values, and no goodwill or deferred tax is recognized.

Determination of Control
The Parent Company determines control when it is exposed, or has rights, to variable returns from its involvement with an entity and has the ability to affect those returns through its power over the entity. The Parent Company controls an entity if and only if the Parent Company has all of the following:

a. power over the entity;

b. exposure, or rights, to variable returns from its involvement with the entity; and

c. the ability to use its power over the entity to affect the amount of the Parent Company's returns.

As at December 31, 2023 and 2022, management assessed that the Parent Company retains the control over DDMPR after its IPO based on the following:

a. the Parent Company has the power to direct the relevant activities of DDMPR thru overlapping management and DRPMI and DRFMI;

b. the Parent Company is expose to dividends and collection of property management fee and fund management fee thru DRPMI and DRFMI, respectively; and

c. the Parent Company has the ability to use its power to affect the dividends and fees to be received since the Parent Company and DDMPR has overlapping BOD and management.

Adequacy of Tax Liabilities
The Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretation of tax laws and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgments about future events. New information may become available that causes the Group to change its judgment regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

Assessment of DDMP being effectively a 'tax-free' entity
In order to become an "income tax-free" company, A REIT entity is required to distribute at least 90% of its annual income as a dividend to its investors. The dividend can be claimed as deduction for tax purposes making it effectively a "income tax-free" entity. For REIT entities, while not formally designated as 'tax-free' under the tax rules, are nevertheless "income tax-free" provided that they meet certain conditions (e.g. listing status, dividend payments, etc.).

In 2023 and 2022, DDMP, based on the current tax regime for REIT entities and its updated expectation that it will be able to continue to meet the requirements on dividend distribution and other provisions of the REIT law indefinitely in the long term, has determined that it is effectively a 'tax-free' entity. As a result, relevant deferred taxes are calculated based on the effective income tax rate of 0% (Note 26).

Estimates and Assumptions
The key estimates and assumptions used in the consolidated financial statements are based upon management's evaluation of relevant facts and circumstances as at the date of the consolidated financial statements. Actual results could differ from such estimates.

Revenue and Cost Recognition
The Group's revenue and cost recognition policies require management to make use of estimates and assumptions that may affect the reported amounts of revenues and costs. The Group's revenue from real estate sales is recognized based on the percentage of completion using output method. It is measured principally on the basis of the estimated completion of a physical proportion of the contract work. There were no changes in the assumptions or basis for estimation during the year.

Revenue and cost recognized related to real estate contracts amounted to P1,353.92 million and P644.77 million, respectively, in 2023, P1,536.29 million and P860.60 million, respectively, in 2022, and P778.1 million and P434.0 million, respectively, in 2021 (Notes 6 and 20).

Assessment for ECL on Trade Receivables and Installment Contracts Receivables.
The Group, applying the simplified approach in the computation of ECL, initially uses a provision matrix based on historical default rates over a two-year period for trade receivables, which composed of rent receivable and receivable from hotel operations. The Group also uses appropriate groupings if its historical credit loss experience shows significantly different loss patterns for different customer segments. The Group then adjusts the historical credit loss experience with forward-looking information on the basis of current observable data affecting each customer segment to reflect the effects of current and forecasted economic conditions.

The Group has assessed that the forward-looking default rate component of its ECL on rent receivable is not material because substantial amount of trade and other receivables are normally collected within one year. Moreover, based on management's assessment, current conditions and forward-looking information does not indicate a significant increase in credit risk exposure of the Group from its trade and other receivables.

For installment contracts receivables, the Group has applied the standard's simplified approach and has calculated ECLs based on lifetime expected credit losses. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience for two years, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group used the vintage analysis accounts for expected credit losses by calculating the cumulative loss rates of a given installment contracts receivables pool. It derives the probability of default from the historical data of a homogenous portfolio that share the same origination period. The information on the number of defaults during fixed time intervals of the accounts is utilized to create the PD model. It allows the evaluation of the loan activity from its origination period until the end of the contract period.

The probability of default is applied to the estimate of the loss arising on default which is based on the difference between the contractual cash flows due and those that the Group would expect to receive, including from the repossession of the subject real estate property, net of cash outflows. For purposes of calculating loss given default, accounts are segmented based on facility/collateral type and completion. In calculating the recovery rates, the Group considered collections of cash and/or cash from resale of real estate properties after foreclosure, net of direct costs of obtaining and selling the real estate properties after the default event such as commission, refurbishment, payment required under Maceda law and cost to complete (for incomplete units).

The assessment of the correlation between historical observed default rates, forecast economic conditions (inflation and interest rates) and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

Trade receivables directly written off in 2023, 2022 and 2021 amounted to P211.09 million, P228.86 million and P330.53 million, respectively. Provision for ECL on rent receivables amounted to P584.99 million in 2023, P144.85 million in 2022 and P56.81 million in 2021. The allowance for impairment loss on trade receivables and installment contract receivables amounted to P792.09 million and P207.10 million as at December 31, 2023 and 2022, respectively. The combined carrying amounts of trade receivables and installment contract receivables amounted to P14,203.60 million and P11,146.44 million as at December 31, 2023 and 2022, respectively (Note 8).

Assessment for ECL on Other Financial Assets at Amortized Cost. The Group determines the allowance for ECL using general approach based on the probability-weighted estimate of the present value of all cash shortfalls over the expected life of financial assets at amortized cost. ECL is provided for credit losses that result from possible default events within the next 12 months unless there has been a significant increase in credit risk since initial recognition in which case ECL is provided based on lifetime ECL.

When determining if there has been a significant increase in credit risk, the Group considers reasonable and supportable information that is available without undue cost or effort and that is relevant for the particular financial instrument being assessed such as, but not limited to, the following factors:

- actual or expected external and internal credit rating downgrade;
- existing or forecasted adverse changes in business, financial or economic conditions; and
- actual or expected significant adverse changes in the operating results of the borrower.

The Group also considers financial assets at day one to be the latest point at which lifetime ECL should be recognized unless it can demonstrate that this does not represent a significant risk in credit risk such as when non-payment was an administrative oversight rather than resulting from financial difficulty of the borrower.

The Group has assessed that the ECL on other financial assets at amortized cost is not material because majority of the transactions with respect to these financial assets were entered into by the Group only with reputable banks and counterparties with good credit standing and relatively low risk of defaults. Accordingly, no provision for ECL on other financial assets at amortized cost was recognized in 2023, 2022 and 2021.

The carrying amounts of other financial assets at amortized cost are as follows:

Write-down of Inventories
The Group writes-down the costs of inventories to net realizable value whenever net realizable value becomes lower than cost due to damage, physical deterioration, obsolescence, changes in price levels or other causes.

Estimates of net realizable value are based on the most reliable evidence available at the time the estimates are made of the amount the real estate inventories and leasehold rights are expected to be realized. These estimates take into consideration fluctuations of price or cost directly relating to events occurring after the reporting date to the extent that such events confirm conditions existing at the reporting date.

No inventories were written down to their net realizable values in 2023, 2022 and 2021.

The carrying amounts of the Group's inventories amounted to P4,522.22 million and P2,857.59 million as at December 31, 2023 and 2022, respectively (Note 9).

Impairment Test of Goodwill and Hotel101 Brand
The Group determines whether goodwill and Hotel101 brand are impaired at least annually. This requires the estimation of value in use of the cash-generating units to which the goodwill and Hotel101 brand are allocated. Estimating value in use requires management to make an estimate of the expected future cash flows from the cash-generating unit and to choose a suitable discount rate to calculate the present value of those cash flows.

The recoverable amount of goodwill arising from the acquisition of HOA has been determined based on the value in use using discounted cash flows. Assumptions used in the discounted cash flows include discount rate of 6.13%, 6.93%, and 6.81% in 2023, 2022 and 2021, respectively (Note 12).

Management believes that any reasonably possible change in the key assumptions on which the recoverable amount is based would not cause its carrying amount to exceed its recoverable amount.

The total carrying amount of goodwill and Hotel101 brand amounted to P1,014.68 million as at December 31, 2023 and 2022 (Note 12).

Fair Value Measurement of Investment Property
The Group carries its investment property at fair value, with changes in fair value being recognized in profit or loss. The Group engages independent valuation specialists to determine the fair value. For the investment property, the appraisers used a valuation technique based on comparable market data available for such property. For investment property related to right-of-use assets, the Group determines the fair value based on the discounted cash flows using observable inputs as at the valuation date.

Investment property amounted to P147,937.02 million and P126,150.99 million as at December 31, 2023 and 2022, respectively. Unrealized gains from changes in fair values of investment property recognized in profit or loss amounted to P16,482.58 million, P7,484.83 million and P9,667.67 million in 2023, 2022 and 2021, respectively (Note 13).

Realizability of Deferred Tax Assets
The Group reviews its deferred tax assets at each reporting date and reduces the carrying amount to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax assets to be utilized. The Group's assessment on the recognition of deferred tax asset on deductible temporary difference and carryforward benefits of NOLCO is based on the projected taxable income in the following periods.

Deferred tax assets amounted to P2,593.55 million and P2,438.83 million as at December 31, 2023 and 2022, respectively (Note 26).

5. Segment Information

Operating Segments

The reporting format of the Group's operating segments is determined based on the Group's risks and rates of return which are affected predominantly by differences in the products and services produced. The operating businesses are organized and managed separately according to the nature of the products produced and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Group's reportable segments are real estate development, leasing, and hospitality. The real estate development segment is engaged in the development of real estate assets to be held as trading inventory and for sale. This segment was developed as part of the Group's tactical approach to early stage growth, as part of that plan the Group will be transitioning out of this segment once the current inventory has been fully sold. The leasing and hospitality segments which are focused in recurring revenue will be the core pillars of the Group's growth plans moving forward. The leasing segment is engaged in the acquisition and/or development of real estate assets in the retail, office and industrial sector that are held for rentals. The hospitality segment is engaged in the acquisition and/or development of hotels which will be managed and operated by the Group. The hospitality segment includes the development of a homegrown hotel brand with a unique sale-and-manage business model.

Others pertain to the segments engaged in marketing, selling and property management activities.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with the operating profit or loss in the consolidated financial statements.

The Group has three significant reportable segments for 2023, 2022 and 2021, namely the real estate development, leasing, and hospitality. Leasing segment is presented into three sub-segment, which composed of retail, office and industrial.

Segment Assets and Liabilities

Segment assets include all operating assets used by a segment and consist primarily of operating cash, receivables, real estate inventories, prepaid expenses and other current assets, property and equipment, right-of-use assets and computer software licenses, net of accumulated depreciation and amortization, investment property and other noncurrent assets. Segment liabilities include all operating liabilities and consist primarily of accounts payable and other current liabilities, customers' deposits and other noncurrent liabilities. Segment assets and liabilities do not include deferred taxes.

Inter-segment Transactions

Segment revenues, expenses and performance include sales and purchases between operating segments. Inter-segment transactions are set on an arm's length basis similar to transactions with nonrelated parties.

Major Customer

The Group does not have a single external customer from which sales revenue generated amounted to 10% or more of the total revenues of the Group.

The Group has only one reportable geographical segment, which is the Philippines.

6. Revenue from Contracts with Customers

The Group derives revenue from the transfer of services and goods over time and at a point in time, respectively, in different product types.

The Group's disaggregation of each sources of revenue from contracts with customers are presented below:

Real Estate Sales

	2023	2022	2021
Vertical	**P1,275,363,056**	P1,223,345,649	748,664,270
Horizontal	**78,560,604**	312,940,580	29,419,751
	P1,353,923,660	P1,536,286,229	P778,084,021

All of the Group's real estate sales from residential development are revenue from contracts with customers recognized over time.

The Group entered into contracts to sell with one identified performance obligation which is the sale of the real estate unit together with the services to transfer the title to the buyer upon full payment of contract price. The amount of consideration indicated in the contract to sell is fixed and has no variable consideration.

Total real estate revenue in 2023, 2022, and 2021 amounted to P1,353.92 million, P1,536.29 million, and P778.08 million, respectively. Real estate revenue is recognized using percentage of completion method, based on the estimated completion of a physical proportion of the contract work. Gross profit in 2023, 2022, and 2021 amounted to P709.15 million, P675.69 million, and P344.06 million respectively.

Hotel Revenues

	2023	2022	2021
Rooms	**P613,538,757**	P422,173,990	P501,613,431
Food and beverage	**58,133,313**	56,691,505	76,311,676
	P671,672,070	P478,865,495	P577,925,107

Hotel revenues from sale of food and beverage are recognized at point in time.

There are no inter-segment eliminations among revenue from contracts with customers, as these are all sold to external customers as disclosed in the segment information in 2023, 2022 and 2021.

Contract Balances

	Note	2023	2022
Installment contracts receivable:	*8*		
Trade		**P2,178,604,694**	P2,103,330,268
Contract assets		**1,651,581,910**	1,401,212,998
Cost to obtain contract		**23,030,806**	30,808,094
Contract liabilities		**(360,799,740)**	(159,209,913)

The movement in contract assets is mainly due to new real estate sales contract recognized during the period, increase in percentage of completion, less reclassification to trade installment contracts receivable.

Contract assets represent the right to consideration that was already delivered by the Group in excess of the amount recognized as trade installment contracts receivable. This is reclassified as trade installment contracts receivable when the rights become unconditional, in the Group's case, upon turnover of units.

Cost to Obtain Contract
Additions in 2023, 2022 and 2021 amounted to P19.34 million, P3.07 million and P17.00 million, respectively. Amount charged to profit or loss, based on percentage of completion, amounted to P21.74 million, P30.81 million, and P25.41 million in 2023, 2022 and 2021, respectively.

Contract Liabilities
Contract liabilities pertain to amounts received from customers in excess of the amount of revenue recognized on the percentage of completion method and is recorded under "Customers' deposits" account in the consolidated statements of financial position.

Projects of the Group include The Skysuites Tower, W.H. Taft Residences, The Uptown Place, FirstHomes Subdivision, DD HappyHomes-Mandurriao, DD HappyHomes-Tanauan, DD HappyHomes-Zarraga and Hotel101 projects, namely "Hotel101-Niseko", "Hotel101-Madrid", "Hotel101-Mactan Cebu Airport", "Hotel101-Davao", "Hotel101-San Vicente Palawan", "Hotel101-Baguio", "Hotel101-Libis", and "Hotel101-Boracay".

The SkySuites Tower
On September 1, 2014, the Group acquired from Rizal Commercial Banking Corporation (the "RCBC") the unfinished commercial, office and residential project, "The SkySuites Tower", in Quezon City for a total consideration of P700 million payable over four years. The Group was required to deliver to RCBC an irrevocable standby letter of credit to guarantee the payment of the remaining balance payable to RCBC. At the closing date of the transaction, RCBC delivered to the Group the physical possession and control over "The SkySuites Tower". Portion of the total acquisition cost of "The SkySuites Tower" and costs incurred in its development and completion was recognized as part of "Real estate inventories" and "Investment property" accounts in the consolidated statements of financial position for the parts pertaining to residential units for sale and commercial and office units held for leasing, respectively. The project was completed in 2022.

W.H. Taft Residences
On November 5, 2012, the Group acquired and took over the development of W.H. Taft Residences (the "W.H. Taft"), a condominium project along Taft Avenue in the City of Manila, from Philtown Properties, Inc. (the "Philtown"). The Group also acquired the land where the W.H. Taft is located from the Landowner. The development of the W.H. Taft was formerly initiated under an unincorporated joint venture agreement between Philtown and the Landowner. The project was completed in September 2015.

The Uptown Place and Injap Tower
On December 27, 2013, the Group entered into an unincorporated joint venture agreement with Injap Investments, Inc. ("III") for the joint development of "The Uptown Place" at General Luna St., Iloilo City and "Injap Tower" at Mandurriao District, Iloilo City (the "Projects"). The agreement stipulates that III shall contribute land and the Group shall finance and develop the Projects and be exclusively responsible for the management and supervision of the construction of the Projects. In consideration for III's land contribution, the Group delivered some saleable units of the Projects to III. The costs incurred in the development of the Projects are recorded as part of "Real estate inventories" and "Investment property" accounts in the consolidated statements of financial position. The projects were completed in 2014.

FirstHomes Subdivision
In October 2012, the Group completed its first horizontal development project located at Navais, Mandurriao, Iloilo City. FirstHomes is a 1.30 hectare townhouse project consisting of 112 units.

DD HappyHomes-Mandurriao
On May 31, 2014, the Group acquired DDHH horizontal, residential real estate project in Mandurriao, Iloilo. As at December 31, 2023, sale and construction of units of DD HappyHomes-Mandurriao is still ongoing.

DD HappyHomes-Tanauan and DD HappyHomes-Zarraga
In 2016, the Group acquired additional landsites for horizontal, residential real estate projects in Tanauan, Leyte and Zarraga, Iloilo. As at December 31, 2023, sale and construction of units is still ongoing for DD HappyHomes-Tanauan.

Hotel101-Niseko
On September 30, 2022, the Group, through HGPL, fully paid for the acquisition of a prime 9,000 sqm. parcel of land in Hokkaido Prefecture, Japan. The Group expects to develop its first international Hotel101 development, named Hotel101-Niseko, on such acquired land.

Hotel101-Madrid
In October 2023, Hotel101-Madrid completed the prime commercial land purchase of 6,593 square meters in Madrid, Spain. It will be the Group's first development in Europe and the very first homegrown Filipino hotel chain to open in Spain. As at December 31, 2023, the project is currently under design and on pre-development preparations.

Hotel101-Cebu Mactan Airport
On March 25, 2019 and November 13, 2019, HOA entered into a Memorandum of Agreement and Deed of Absolute Conveyance, respectively, wherein HOA will acquire the land in Cebu, with an area of 4,709 square meters. The land will be used for the development of Hotel101-Cebu Mactan Airport. As at December 31, 2023, construction of the project is ongoing.

Hotel101-Davao
On August 22, 2017, HOA acquired a parcel of land in Barrio of Matina, Davao City with an area of 5,384 square meters for the development of Hotel101-Davao. As at December 31, 2023, the project is in close proximity to be finished.

Hotel101-San Vicente Palawan
On January 8, 2018, HOA purchased a portion of land in Palawan with an area of 10,223 square meters for the development of Hotel101-Palawan. As at December 31, 2023, the project is currently under design and on pre-development preparations.

Hotel101-Baguio
In 2022, HOA purchased a land in Baguio with an area of 1,223 square meters for the development of Hotel101-Baguio. As at December 31, 2023, the project is under design and pre-development preparations.

Hotel101-Libis
On December 9, 2019, DD and Robinsons Land Corp entered into an agreement to develop a 10,032 square meters of prime lot into a commercial square complex. As at December 31, 2023, construction of the project is ongoing.

Hotel101-Boracay
In 2018, HOA has paid its contractors architectural and surveying costs for the development of Hotel101-Boracay, which will be situated in Boracay Newcoast, Aklan. As at December 31, 2023, the project is currently under design and on pre-development preparations.

Real estate inventories recognized as "Cost of real estate sales" amounted to P644.77 million, P860.60 million, P434.02 million in 2023, 2022, and 2021, respectively (Note 20).

No inventory write-down was recognized on real estate inventories in 2023, 2022, and 2021.

Hotel inventories mainly consist of consumable items used in the operations of "Injap Tower Hotel", "Jinjiang Inn Ortigas", "Jinjiang Inn Makati", "JinJiang Inn Boracay", "Hotel101-Manila" and "Hotel101-Fort". The cost of hotel inventories recognized under "Cost of hotel operations" in the consolidated statements of comprehensive income amounted to P24.64 million P15.36 million, and P12.14 million in 2023, 2022, and 2021, respectively (Note 20).

Others pertain to retail inventories from Go Lokal.

Hotel101 Brand
The Hotel101 brand, recognized from the acquisition of HOA, is an asset with indefinite useful life and is tested for impairment annually.

Goodwill
Goodwill comprises the excess of the acquisition costs over the fair value of the identifiable assets and liabilities arising from the acquisition of DDHH and HOA.

Impairment Testing of Goodwill and Hotel101 Brand from Acquisition of HOA
Goodwill and Hotel101 brand from the acquisition of HOA are allocated to the cash generating unit of HOA. The recoverable amount of goodwill and Hotel101 brand has been determined based on a valuation using cash flow projections covering a five-year period based on long-range plans approved by management. Cash flows beyond the forecasted period are extrapolated using the applicable rate determined per cash-generating unit.

A discount rate of 6.13%, 6.93% and 6.81% in 2023, 2022 and 2021, respectively, was applied based on the weighted-average cost of capital, which reflects management's estimate of the risk. This is the benchmark used by management to assess operating performance and to evaluate future investment proposals.

The values assigned to the key assumptions represent the management's assessment of future trends in the industry and are based on internal sources (historical data).

Management believes that any reasonably possible change in the key assumptions on which the recoverable amount is based would not cause its carrying amount to exceed its recoverable amount. The calculation of value in use is most sensitive to the discount rate. For purposes of discount rate sensitivity, discount rate scenarios of 5.13% and 7.13% in 2023, 5.93% and 7.93% in 2022 and 5.81% and 7.81% in 2021 are applied on the discounted cash flows analysis.

The recoverable amount of the cash-generating unit was determined to be higher than its carrying amount as at December 31, 2023 and 2022. Hence, management assessed that there is no impairment loss in the value of goodwill and Hotel101 brand in 2023 and 2022.

	P147,937,015,015	P126,150,988,095

The Group's investment property is stated at fair value, which has been determined based on valuations performed by an accredited independent appraiser, except for the fair value of right-of-use assets - land, which was determined based on discounted cash flows.

Valuation Techniques and Significant Unobservable Inputs
The fair values of the investment property were arrived at using the Market Data Approach for land and corporate office units, Cost Approach for commercial buildings, excluding office condominium units and Income Approach for right-of-use assets.

Market data approach is an approach that considers available market evidences. The aforesaid approach is based on sales and listings of comparable property registered within the vicinity. The technique of this approach requires the establishment of comparable property by reducing reasonable comparative sales and listings to a common denominator. This is done by adjusting the differences between the subject property and those actual sales and listings regarded as comparable. The properties used as basis of comparison are situated within the immediate vicinity of the subject property. The inputs to determine the market value of the property are the following: location characteristics, size and shape of the lot and time element.

Cost approach is a comparative approach to the value of the building and improvements or another asset that considers as a substitute for the purchase of a given property, the possibility of constructing another property that is a replica of, or equivalent to, the original or one that could furnish equal utility with no undue cost resulting from delay. It is based on the reproduction cost (new) of the subject property or asset, less total (accrued) depreciation based on the physical wear and tear, and obsolescence to which an estimate of entrepreneurial incentive or developer's profit/loss is commonly added.

Income approach is an approach that provides an indication of value by converting future cash flow to a single current value. Under the income approach, the value of the right-of-use assets is determined by reference to the market data for current rental rate expected to be paid for the use of the asset.

The carrying amount of the construction in-progress approximates its fair value as at December 31, 2023 and 2022. The Group expects the fair value of the construction in-progress to be reliably measurable upon completion of the construction.

The fair values of land and building that are measured using market data approach are sensitive to the changes in the sales price and listings of comparable property. A significant increase/decrease in the price per square meter of comparable land and buildings will result to a significant increase/decrease in profit or loss. A 10% increase/decrease in the sales price/listing price will result to increase/decrease in profit or loss amounting to P15,380.39 million, P7,088.28 million and P6,678.52 million for the years ended December 31, 2023, 2022 and 2021, respectively.

Capitalized borrowing costs amounted to P2,158.56 million and P2,002.16 million as at December 31, 2023 and 2022, respectively, using 4.77% and 4.55% as capitalization rates, respectively (Note 17). The Group also capitalized interest and rent expenses which were incurred for the rental of land properties where ongoing construction of CityMall branches are situated (Note 24).

The Group recognized unrealized gains from changes in fair values of investment property amounting to P16,482.58 million, P7,484.83 million and P9,667.66 million in 2023, 2022 and 2021, respectively.

Rent income in 2023, 2022 and 2021 and the operating lease commitments of the Group as a lessor are fully disclosed in Note 24.

Construction in progress pertain to the cost incurred in the construction of CityMalls, Meridian Tower, Ascott project and Centralhub warehouses. These are expected to be completed in the next 5 years.

The total direct operating expenses recognized in profit or loss arising from the Group's investment property that generated rental income amounted to P361.15 million, P330.72 million and P258.96 million in 2023, 2022 and 2021, respectively. On the other hand, the Group recognized total direct operating expenses of P10.32 million, P6.89 million and P23.24 million in 2023, 2022 and 2021, respectively, for investment property that are not yet leased out.

Concentration Risk

In 2023, 2022 and 2021, rent income from Philippine Offshore Gaming Operator (POGO) and Philippine Amusement and Gaming Corp (PAGCOR)-accredited Business Process Outsourcing (BPO) businesses represents about 13%, 41%, and 31% of the total rent income, respectively. As at December 31, 2023 and 2022, receivables from these businesses represent about 14% and 21% of the total rent receivables, respectively.

Recent strict imposition of tax rules on POGOs and PAGCOR-accredited BPOs resulted in some closure of their operations in the country. The reduction and continuous closure of these businesses may result to a significant decline in the Group's rent income. The Group has continuously reduced its exposure to POGOs and PAGCOR-accredited BPOs.

Security deposits account pertains to deposits collected from tenants for the lease of the Group's investment property. These deposits are non-interest bearing and refundable at the end of the lease term. Security deposits are discounted using the effective interest rates ranging from 4.99% to 7.48% that are specific to the tenor of the deposits. The difference between the discounted value and face values of security deposits is recognized as part of "Unearned rent income" account which is amortized on a straight-line basis over the lease term and is recognized in profit or loss as additional rent income in the "Rent income" account in the consolidated statements of comprehensive income. Interest is accreted on these security deposits using the effective interest rate method and is recognized as part of "Interest expense" account in the consolidated statements of comprehensive income.

a. Executive Management Services Agreement

The Group entered into an agreement with a shareholder for executive corporate, strategic, administrative and financial oversight services relative to the real estate business of the Group. The term of this agreement is one-year effective January 1, 2012. This is renewable under the same terms and conditions upon mutual agreement of the parties. On December 6, 2017, the Group's BOD authorized the extension of the aforesaid agreement from January 1 to December 31, 2018 under the same terms and conditions set out in 2017, payable on a quarterly basis. This was renewed in 2023, 2022 and 2021 with the same terms and conditions. The fee, which includes staffing costs for services rendered by the shareholders, amounted to P3.98 million, P2.68 million, and P2.68 million for the years ended December 31, 2023, 2022 and 2021, respectively.

b. Acquisition of HOA

The Parent Company entered into a Share Purchase Agreement (SPA) with III with the consideration amounting to the fair value of DD shares to be issued to III, as a consideration transferred in exchange for the latter's 40% share in HOA amounting to P429.94 million. This was paid in 2021.

c. *Land Acquisitions*
The Group has outstanding liabilities to minority shareholders of PDDG amounting to P383.28 million for the acquisition of certain parcels of land which will be used in the on-going construction of CityMall. These are unsecured, non-interest-bearing liabilities and will be settled by the Group in 2024.

In 2016, HOA entered into a Memorandum of Agreement and Deed of Absolute Conveyance with a minority shareholder wherein HOA, in consideration of the land owned by the minority shareholder, settled to pay the latter in kind by way of condominium hotel (condotel) units in the Hotel101-Fort project totaling 60 condotel units plus a portion of the deck referred to as the "Deck Unit" (Note 9).

In 2018, HOA entered into a Memorandum of Agreement with a minority shareholder wherein HOA, in consideration of the land owned by the minority shareholder, settled to pay the latter in kind by way of eight (80) condominium hotel (condotel) units and fifty percent (50%) of the ground floor commercial units in the Hotel101-Davao project (Note 9).

In 2019, the Company entered into a Memorandum of Agreement and Deed of Absolute Conveyance for "Hotel 101-Cebu Mactan Airport" project with a minority shareholder in relation to the transfer of land owned by the minority shareholder in exchange of a certain number of condotel units and commercial units.

d. *Cash Advances*
The amount pertains to unsecured, non-interest-bearing advances granted to and received from related parties for working capital requirements. These advances are generally settled within one year from the date of grant.

e. *Lease of Land, Office, and Mall Spaces*
The Group entered into various lease agreements with related parties covering its investment property portfolio. The amount pertains to the rent income earned by the Group from leasing out some of its commercial spaces in Dragon8, Jollibee Tower, DoubleDragon Plaza and CityMalls to MerryMart Group, JFC and the SM Group. These leases generally provide for either fixed monthly rent subject to escalation rates or a certain percentage of gross sales or a combination of fixed monthly rent and percentage of gross sales with a minimum guaranteed rent. The terms of the leases are for periods ranging from 5 to 15 years. The fixed monthly rent shall escalate by an average of 5% to 10% each year. The corresponding receivables from related party tenants are recorded in the "Rent receivables" account (Note 8).

f. *Security Deposits*
On October 16, 2019, the Group received a Letter of Intent from ITM Investment Corp., other related party, for the lease of certain units in the Skysuites Tower. Advance deposit received from the intent to lease amounted P713.77 million and was recorded as "Security deposits" under "Accounts payable and other current liabilities" account in the consolidated statements of financial position as at December 31, 2021 and 2020. The advance deposit is to be applied to the future rent payment. This was refunded in 2021.

g. *Key Management Personnel Compensation*
Short-term benefits of key management personnel amounted to P43.66 million, P39.91 million and P35.40 million in 2023, 2022 and 2021, respectively. Long-term benefits of key management personnel amounted to P0.96 million in 2023, 2022 and 2021. Directors' fee paid amounted to P2.58 million in 2023, 2022 and 2021.

Except when indicated above, all outstanding due to/from related parties are to be settled in cash.

All material related party transactions are subject to approval by the BOD. Material related party transactions pertain to those transactions, either individually, or in aggregate over a 12-month period, that exceed 10% of the Group's total assets, based on the latest audited financial statements. All other related party transactions that are considered not material are approved by management.

Related Party Transactions and Balances Eliminated During Consolidation
The terms, conditions, balances and the volume of related party transactions which were eliminated during consolidation are as follows:

f. Other intercompany charges within the Group amounted to P281.10 million, P495.16 million and P120.48 million in 2023, 2022 and 2021, respectively.

24. Leases

Group as Lessee
The Group has the following lease agreements as at December 31, 2023 and 2022:

- The Group entered into various noncancellable lease agreements covering certain parcels of land wherein some of the CityMalls are situated or are being constructed. The terms of the leases are for periods ranging from 24 to 40 years. The rent shall escalate by an average of 5% to 10% each year.

- The Group leases office and parking spaces and showrooms. The terms of the leases are for periods ranging from 1 to 5 years, renewable for the same period under the same terms and conditions. The rent shall escalate by an average of 5% to 10% each year.

The Group's lease commitments with respect to its lease of land and office space agreements qualify under PFRS 16 for the recognition of right-of-use assets and lease liabilities. Lease for several sales offices and parking spaces with lease term of less than one year were expensed during the year. Lease for show rooms with annual lease payments considered as low-value or lease term of less than one year were expensed during the year. Related right-of-use assets were disclosed in Notes 13 and 14.

The Group is required to pay advance rental payments and refundable deposits on its leases. Upon adoption of PFRS 16, *Leases*, advance rental payments related to lease agreements that qualify for PFRS 16 are recognized under right-of-use assets.

Maturity analysis of lease payments under PFRS 16 are disclosed in Note 29.

The amounts recognized in the consolidated statements of comprehensive income are as follows:

	2023	2022	2021

Total lease payments in 2023, 2022 and 2021 amounted to P227.89 million, P276.53 million and P230.41 million, respectively.

The Group also has an arrangement with each of the hotel unit owners to whom hotel units were sold, where the Group operates the hotel and obtains an agreed share in the revenues, resulting to a sale and operating leaseback. The sales reflect fair values and are included in "Real estate sales" account in the consolidated statements of comprehensive income. Total rent expense, which is based on variable consideration, amounted to P144.80 million, P97.98 million and P123.35 million in 2023, 2022 and 2021, respectively, and is recorded under "Cost of hotel operations" account in the consolidated statements of comprehensive income.

Group as Lessor

The Group entered into various lease agreements with third parties and related parties covering its investment property portfolio. These leases generally provide for fixed monthly rent subject to escalation rates except for a few tenants, which pay either a fixed monthly rent or a percentage of gross revenues, or a combination of fixed monthly rent and percentage of gross sales with a minimum guaranteed rent. The terms of the leases are for periods ranging from two (2) to fifteen (15) years. The fixed monthly rent shall escalate by an average of 5% to 10%.

Upon inception of the lease agreements, tenants are required to pay advance rentals and security deposits shown under "Accounts payable and other current liabilities" and "Other noncurrent liabilities" accounts in the consolidated statements of financial position (Notes 16 and 19).

Rent income amounted to P3,069.90 million, P3,237.81 million and P3,420.41 million in 2023, 2022 and 2021, respectively. Total contingent rent income amounted to P569.42 million, P31.58 million and P22.31 million in 2023, 2022 and 2021, respectively.

25. Retirement Benefits

The Group does not have an established retirement plan and only conforms to the minimum regulatory benefit under Republic Act. No. 7641, *The Retirement Pay Law,* which is of the defined benefit type and provides a retirement benefit equal to 22.5 days' pay for every year of credited service for employees who attain the normal retirement age of sixty (60) with at least five (5) years of service.

The present value of the defined benefit obligation (DBO) is shown below:

	2023	2022
Beginning of year	**P30,036,574**	P30,547,752
Current service cost	**3,309,537**	5,529,619
Interest cost	**2,668,573**	1,588,484
Actuarial loss (gain) from:		
Changes in financial assumptions	**7,200,758**	(10,259,115)
Experience adjustments	**2,580,216**	2,629,833
End of year	**P45,795,658**	P30,036,573

Retirement costs recognized in profit or loss amounted to P5.98 million, P7.12 million and P8.15 million in 2023, 2022 and 2021, respectively, which were charged as follows:

	Note	**2023**	2022	2021
Selling expenses	*21*	**P182,998**	P162,504	P257,155
General and administrative expenses	*22*	**5,795,112**	6,955,599	7,896,811
		P5,978,110	P7,118,103	P8,153,966

Defined benefit income, net of tax, recognized under "Other comprehensive income" amounted to P7.34 million, P5.72 million, and P5.07 million in 2023, 2022 and 2021, respectively.

The following were the principal actuarial assumptions at the reporting date:

	2023	2022
Discount rate	**6.13%**	7.40%
Future salary increases	**5.00%**	5.00%

Assumptions regarding future mortality are based on the 2001 CSO Table - Generational. The average expected remaining working life of employees retiring at the age of 60 is 13 years for both males and females in 2023 and 2022, respectively.

The weighted-average duration of DBO is 5.2 year and 5.4 year in 2023 and 2022, respectively.

The DBO is exposed to actuarial, longevity and interest rate risks.

The Group has no plans to make contributions in 2024.

Sensitivity Analysis
The calculation of the DBO is sensitive to the assumptions set out above. The following table summarizes how the impact on the DBO at the end of the reporting period would have increased (decreased) as a result of a change in the respective assumptions by 1%:

2023

	DBO	
	Increase	**Decrease**
Discount rate (1% movement)	**(P40,387,006)**	**P52,326,613**
Future salary growth (1% movement)	**52,052,717**	**(40,510,302)**

2022

	DBO	
	Increase	Decrease
Discount rate (1% movement)	(P26,467,393)	P34,344,230
Future salary growth (1% movement)	34,219,725	(26,509,946)

While the Group believes that the assumptions are reasonable and appropriate, significant differences between actual experience and assumptions may materially affect the recognized income and expenses and related assets or obligations.

Maturity Profile of the DBO

	2023				
	Carrying Amount	**Contractual Cash Flows**	**Within 1 Year**	**Within 1 - 5 Years**	**More than 5 Years**

Asset-liability Matching Strategies to Manage Risks
The Group does not have a formal retirement plan and therefore has no plan assets to match against the liabilities under the retirement obligation.

Funding Arrangements
The Group does not have a formal retirement plan. Benefit claims under the retirement obligations are paid directly by the Group when they become due.

26. Income Taxes

Income tax expense consists of:

27. Earnings Per Share

EPS is computed as follows:

	2023	2022	2021
Net income attributable to equity holders of the Parent Company	**P9,251,261,972**	P5,551,522,068	P7,404,361,935
Dividends on preferred shares	**(888,320,000)**	(647,780,000)	(647,780,000)
Net income attributable to common shareholders of the Parent Company	**8,362,941,972**	4,903,742,068	6,756,581,935
Weighted average number of common shares for basic and diluted EPS	**2,345,028,600**	2,367,528,600	2,367,528,600
Basic/Diluted EPS	**P3.57**	P2.07	P2.85

Basic EPS is computed by dividing net income for the year attributable to common equity holders of the Parent Company by the weighted average number of common shares issued and outstanding during the year adjusted for any subsequent preferred stock dividends declared.

s

Diluted EPS is computed by dividing net income for the year attributable to common equity holders of the Company by the weighted average number of common shares issued and outstanding during the year plus the weighted average number of common shares that would be issued on conversion of all the dilutive potential common shares into common shares. The calculation of diluted earnings per share does not assume conversion, exercise, or other issue of potential common shares that would have an antidilutive effect on earnings per share.

In 2023, 2022 and 2021, the Parent Company has no potential dilutive debt or equity instruments.

In 2023, 2022 and 2021, the convertible preferred shares has no impact in the calculation of diluted EPS since it would have an antidilutive effect on earnings per share. The EPS conversion of preferred shares will start on the second anniversary from the issuance.

29. Financial Risk and Capital Management Objectives and Policies

Objectives and Policies

The Group has significant exposure to the following financial risks primarily from its use of financial instruments:

- Credit Risk
- Liquidity Risk
- Market Risk (Interest Rate Risk and Foreign Currency Risk)

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks, and the Group's management of capital.

The main purpose of the Group's dealings in financial instruments is to fund its respective operations and capital expenditures.

The BOD has overall responsibility for the establishment and oversight of the Group's risk management framework. The BOD has established the Executive Committee, which is responsible for developing and monitoring the Group's risk management policies. The committee identifies all issues affecting the operations of the Group and reports regularly to the BOD on its activities.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. All risks faced by the Group are incorporated in the annual operating budget. Mitigating strategies and procedures are also devised to address the risks that inevitably occur so as not to affect the Group's operations and forecasted results. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's principal financial assets include cash and cash equivalents, receivables, due from related parties, derivative instrument and refundable deposits. These financial assets are used to fund the Group's operations and capital expenditures.

Credit Risk

Credit risk represents the risk of loss the Group would incur if credit customers and counterparties fail to perform their contractual obligations. The risk arises principally from the Group's cash and cash equivalents, receivables, due from related parties and refundable deposits. The objective is to reduce the risk of loss through default by counterparties.

In respect of installment contracts receivable, credit risk is managed primarily through credit reviews and an analysis of receivables on a continuous basis. Customer payments are facilitated by post-dated checks. Exposure to bad debts is not significant as titles to real estate properties are not transferred to the buyers until full payment has been made. There are no large concentrations of credit risk given the Group's diverse customer base.

Credit risk arising from rent receivable is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants. For existing tenants, the Group has put in place a monitoring and follow-up system. Receivables are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables.

As at December 31, 2023 and 2022, receivables from POGO and PAGCOR-accredited BPOs businesses represent about 28% and 52% of the total rent receivables, respectively. In 2023, management has discontinued two of the POGO and PAGCOR-accredited BPOs lease and impairments were made as at December 31, 2023.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting period follows:

The Group assessed the credit quality of unrestricted cash as high grade since this is deposited with reputable banks with low probability of insolvency.

Receivables assessed as high grade pertains to receivable from buyer that had no default in payment; medium grade pertains to receivable from buyer who has history of being 181 to 360 days past due; and low grade pertains to receivable from buyer who has history of being over 360 days past due. Receivable balances are being monitored on a regular basis to ensure timely execution of necessary intervention efforts. The Group performs credit investigation and evaluation of each buyer to establish paying capacity and creditworthiness. The Group will assess the collectibility of its receivables and provide a corresponding allowance provision once the account is considered impaired.

The credit risk for due from related parties and refundable deposits is considered negligible as these are mainly from related parties and Companies that are generally financially stable.

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group manages liquidity risks by forecasting projected cash flows and maintaining balance between continuity of funding and flexibility in operations. Treasury controls and procedures are in place to ensure that sufficient cash is maintained to cover daily operational working capital requirements. Management closely monitors the Group's future and contingent obligations and sets up required cash reserves as necessary in accordance with internal requirements.

Market Risks

Interest Rate Risk

The Group's interest risk management policy is to minimize interest rate cash flow risk exposures to changes in interest rates. Except for term loan with outstanding balance of P181.97 million and P667.54 million as at December 31, 2023 and 2022, which bears interest which bears variable interest and subject to quarterly repricing, the Group' short-term and long-term bank borrowings are with fixed interest rates. Therefore, the effect of changes in interest rates has no significant impact to the Group.

Foreign Currency Risk
The functional currency is the Philippine peso, which is the denomination of the bulk of the Group's revenues. The exposure to foreign currency risk results from significant movements in foreign exchange rates that adversely affect the foreign currency-denominated transactions of the Group. The risk management objective with respect to foreign currency risk is to reduce or eliminate earnings volatility and any adverse impact on equity. The Group enters into foreign currency hedge using derivative instruments, such as foreign currency calls spread swap, to manage its foreign currency risk exposure, specifically the foreign currency risk on its foreign currency- denominated notes.

The Group's foreign currency-denominated monetary liabilities pertain mainly to long-term notes. Outstanding US Dollar (USD) balance amounted to USD180.00 million, equivalent to P9.87 billion and USD 160.00 million, equivalent to P8.92 billion, as atDecember 31, 2023 and 2022, respectively.

Foreign exchange loss (gain) amounted to P28.72 million, P494.72 million and P143.77 million in 2023, 2022 and 2021, respectively. This is mainly due to the movements of the Philippine peso against the USD. USD to Philippine peso conversion in 2023, 2022 and 2021 is P55.37, P55.76 and P51.00, respectively.

The management of foreign currency risk is also supplemented by monitoring the sensitivity of the Group's financial instruments to various foreign currency exchange rate scenarios. A P1 decrease in the US Dollar exchange rate would result in an increase in equity by P180.00 million and P160.00 million in 2023 and 2022, respectively. A P1 increase would have an opposite effect.

Fair Values
The following methods and assumptions are used to estimate the fair value of each class of financial instruments:

Cash and Cash Equivalents/Due from Related Parties/Accounts Payable and Other Current Liabilities/Due to Related Parties
The carrying amounts of cash and cash equivalents, due from related parties, accounts payable and other current liabilities, and due to related parties approximate their fair values due to the relatively short-term nature of these financial instruments.

Receivables
The fair values of installment contracts receivable and receivables from leasehold rights' buyers are based on the discounted value of future cash flows using the applicable rates for similar types of instruments. The fair values of other receivables are approximately equal to their carrying amounts due to the short-term nature of the financial assets.

Derivative Asset. The fair value of forward exchange contracts is calculated by reference to current forward exchange rates. Fair value for stand-alone derivative instrument that is not quoted from an active market and for embedded derivatives is based on valuation models used for similar instruments using both observable and non-observable inputs. The fair value of the derivative asset has been categorized as Level 3 in the fair value hierarchy.

The table show the valuation techniques used in measuring Level 3 fair value, as well as the significant unobservable inputs used.

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Foreign exchange currency call spread swap	Black-Scholes pricing model and Stochastic model	Call spread	The estimated fair value would increase/(decrease) if the call spread is lower/(higher).
		Reference forward exchange rate of PHP against USD	The estimated fair value would increase/(decrease) if the reference forward exchange rate of PHP would depreciate/(appreciate) against USD

Refundable Deposits/Lease Liabilities/Security Deposits
Refundable deposits, lease liabilities and security deposits are reported at their present values, which approximate the cash amounts that would fully satisfy the obligations as at reporting date.

Short-term Notes Payable/Long-term Notes Payable/Bonds Payable
The fair value of the interest-bearing fixed-rate short-term and long-term debts is based on the discounted value of expected future cash flows using the applicable market rates for similar types of loans as at reporting date. Fair value of bonds payable as at December 31, 2023 and 2022 amounted to P18.92 billion and P14.59 billion, respectively. Fair value of long-term notes payable as at December 31, 2023 and 2022 amounted to P24.14 billion and P18.31 billion, respectively.

Derivative Instruments Accounted for as Cash Flow Hedges
Call Spread Swap
As at December 31, 2023 and 2022, the Group has outstanding call spread swaps designated as cash flow hedges with an aggregate notional amount of USD 75.00 million, and with an average strike rate range of P50 to P55. The call spread swap is designated to hedge foreign currency exposure on USD notes maturing on July 25, 2025. As at December 31, 2023 and 2022, the positive fair value of the call spread swaps, included under “Other noncurrent assets” account amounted to P164.68 million and P80.72 million, respectively (Note 15).

The hedge was assessed to be effective as the critical terms of the hedged item match the hedging instrument. No ineffectiveness was recognized in the consolidated statements of comprehensive income for the years ended December 31, 2023, 2022 and 2021.

Capital Management
The Group’s objectives when managing capital are to increase the value of shareholders’ investment and maintain high growth by applying free cash flows to selective investments. The Group sets strategies with the objective of establishing a versatile and resourceful financial management and capital structure.

The BOD monitors the return on capital, which the Group defines as net operating income divided by total shareholders’ equity. The BOD also monitors the level of dividends to shareholders.

The BOD seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Group defines capital as equity, which includes capital stock, additional paid-in capital and retained earnings. There were no changes in the Group's approach to capital management as at December 31, 2022 and 2021. The Group is not subject to externally-imposed capital requirements.

30. Note to Consolidated Statements of Cash Flows

The Group's noncash activities are as follows:

a. Capitalized borrowing cost on "Investment property" account amounting to P2,158.56 million in 2023.

b. Capitalized borrowing cost on "Investment property" account amounting to P2,002.16 million in 2022.

c. Capitalized borrowing cost on "Investment property" account amounting to P2,031.68 million in 2021.
